

**General Education**  
**March 30, 2005**  
**Approved Minutes**

Present: Jim Rife, Dick Liebendorfer, Ron Nickerson, Chair, and Johnson Afolayan, Warren Sandmann

- 1) Dick Liebendorfer moved acceptance of the March 9, 2005 committee minutes. Johnson Afolayan seconded. The motion passed.
- 2) We discussed the follow-up information received from the Department of Military Sciences regarding their proposal to add MIL 252 to Category 5 (History and Social and Behavioral Sciences) that had been tabled at the March 9, 2005 meeting. Johnson Afolayan moved that we recommend the proposal. Jim Rife seconded the motion. Motion passed.
- 3) We discussed the supplemental information we received regarding the Anthro 280 proposal. The department has changed its request from being included in categories 7, 9 and 11 to inclusion in categories 7 and 9. The supplemental documentation presented to the committee doesn't clearly link the course content to the learning outcomes for the respective categories. Jim Rife and Ron Nickerson volunteered to meet with the department faculty to explain how to better make the linkages. The proposal remains tabled.
- 4) Dick Liebendorfer agreed to recontact the Music department regarding their course proposal to include Mus 121 (Women in Music) in categories 1c,6 and 7 which had been tabled for clarification regarding how the course content links to the learning outcomes for the respective General Education categories.

Respectfully submitted,

Ron Nickerson
