

General Education Committee
Unapproved Minutes
October 12, 2005

Present: Jim Rife, Dick Liebendorfer, Ron Nickerson (Chair), Gretta Handke, Kellian Clink (Notetaker)

1. Minutes from October 5 were approved as amended.
2. It was suggested that we should have a thorough discussion regarding assessment driving curriculum at both the committee and University levels.
3. Liebendorfer solicited the group for important issues to be communicated regarding excellence in undergraduate education at an upcoming meeting.
4. We discussed the appeals submitted and approved them.
5. We started to study the General Education Assessment Reports, looking for common themes regarding the process, common themes that are observations about curricular needs, and recommendations made by the GECCIG teams.

Respectfully submitted,

Kellian Clink
