

**General Education Committee**  
**Approved Minutes**  
**November 1, 2006**

Present: Ron Nickerson, Kellian Clink, Jim Rife, Brandon Cooke

1. We approved Michael Green's appeal (only for 2 credits) for a RPLS class that is now but was not then (because we didn't have the current Gen Eds) a gen ed class. We know that the class in question does meet the learning outcomes of the Category.
2. We did some final wordsmithing on the document going out to remind folks about the General Education curriculum's learning outcomes & in particular, the request for all syllabi from Spring 2007 Categories 7 & 8 courses.
3. We discussed the plan for some of our members along with others on campus, to meet with the MNSCU representative about our compliance with the Minnesota Transfer Curriculum
4. We agreed to look at the schedule for the continuation of round 2 of General Education Assessment, as well as tweaking some rubrics, in accordance with the assessment report's recommendations. In addition, Gretta and Dick will be asked to draft a statement of the intent of General Education.

Respectfully submitted,

Kellian Clink
