

# Pre-1998 General Education Equivalency Tables (February, 2007)

## General Instructions:

- The following tables were developed by the university's General Education Committee and are designed to replace all previous versions of General Education Equivalency Tables for General Education courses prior to 1998 and should be used when determining course equivalencies for Pre-1998 General Education courses.
- Columns 1 and 2 indicate the Pre-1998 General Education course numbers and names for courses that have been determined to be equivalent to courses in the current General Education Curriculum. Column 3 indicates the Current General Education Category(ies) for the respective courses.
- Pre-1998 General Education courses not listed on the tables below are not included in the current General Education curriculum and, therefore, do not meet current General Education requirements.
- All quarter hours should be adjusted for semester hours when converting pre-1998 courses to the current General Education requirements.
