For Programs Requiring MnSCU Approval

If any of the following changes are proposed, please fill out and attach MnSCU Program Approval Forms, which are available on the Academic Affairs Web site:

<http://www.mnsu.edu/acadaf/Curriculum/currformsprocess.html>

1. **Creation** of an entirely new program.
2. **Redesign** of existing programs, which takes any of the following forms:
 - γ Addition or deletion of a program option. Options are part of program design in which 30-50% of the courses are required as part of a common core for all students, and which offers curriculum alternatives greater than 30% of the total number of credits in the major. Options are appropriate to baccalaureate or masters programs.
 - γ Addition or deletion of a program emphasis. Emphases are part of program design in which more than 50% of the courses are required as part of a common core for all students, and which offers curriculum alternatives with a minimum of nine credits. Emphases are appropriate to associate and baccalaureate programs.
 - γ Change in program name.
 - γ Change in program CIP #.
 - γ Change in TOTAL program credits.
 - γ Change in degree award. For example, changing a B.A. to B.S.
 - γ Creation of a new degree award in a related academic area. Examples include creation of a certificate program from an existing degree program, or a new degree program from an existing degree program (e.g., Art History BA from Art BA.)
3. **Relocation** of an existing program. This is a proposal to move an existing program from one site to be exclusively offered at another site, and requires closing the program offered at the original site. For example, a program offered both on-campus and through extended campus is to be offered only at the extended campus site.
4. **Replication** of an existing program. This is a proposal to offer an existing program at a new site, which may be an existing MnSCU-approved site, or another campus of the same institution. Replicated programs are offered at both the original site and the new location.
5. **Suspension or reinstatement** of a program. This proposal suspends admission of students into an existing program, and is good for three years. Reinstatement proposals request the reopening of student admissions into a given program.
6. **Closure** of a program. This proposal requests closure of an existing program and its from an institution's official inventory of academic programs. Unless a department seeks to re-open a suspended program, it should be closed within three years of suspension.

Ron moved that the changes be accepted with the addition of the word "Program" in the EEC 629 course. Marsha seconded. Motion was adopted.

Sabbatical Report:

Terry reported on his sabbatical last year. He described the broad reading in neuroscience he did while in Toronto. He was trying to find a research protocol for educators in the field in the area. He found that the differences between medical research and classroom practice are just too great for him to tackle. He described helping undergraduate students in psychology while attending a weekly seminar.

Maureen and Marsha passed out a position description for the Literacy position.

Lilly moved that the position description for Literacy be accepted with changes Linda seconded. Motion was approved.

There was a discussion of the Social Studies Position. The faculty members directed the Search Committee to revise the job description in order to broaden the description and requirements, and thereby increase the pool of applicants.
