Come and experience first hand how Minnesota State Mankato is transforming the typical college experience into one that's more connected to the real world.

During your visit, you'll hear from current students who were in your shoes just a couple of years ago, learn how Minnesota State Mankato can help take your big ideas to the next level, and see real-world thinking in action all across our beautiful, modern campus.

We'll help sort out all the things on your mind: choosing majors, paying for college, locating housing, achieving success after high school and planning your future. You'll get to see what campus life is really like, meet others who are making the same decisions you are, and get the inside scoop on preparing for college.

An ideal location for your college experience

Our beautiful, modern campus overlooks the Minnesota River Valley and the busy streets of Mankato, a fast-growing community of 50,000 just 85 miles south of Minneapolis and St. Paul. The community, like the campus, is big enough to offer all the opportunities and advantages you'd expect from a larger city, but in a setting that's easy to get to know.

Big ideas. Real-world thinking.
