Space is at a premium at Minnesota State University, Mankato—especially on the university’s ropes course, which has been in operation for 20 years.

The center is part of the Center for the American Experiment, which is a nonpartisan group of academics, opinion leaders and politicians that aims to foster a conversation about conservatism.

"We're concerned about the lack of intellectual diversity on campus," said Haugland.

"I think the terribly important thing is not how successful they are in doing that, but that they are trying to be fair," he said.

UMD political science professor Thomas Foreman, a self-described conservative who has written for the conservative Weekly Standard, said he would prefer the center to focus more on policy and less on personality.

"As someone who is openly conservative, I have gotten nothing but support from UMD," he said.

A new Web site, however, promises to be a welcome addition to the center's efforts.

"It's hard to be a conservative on this campus," said Wilson.
