This information was gathered directly from Department of Labor (DOL) records, which is the government agency responsible for all H1B submissions. Once a year, DOL makes available a listing of all companies who have submitted H1B visa applications for the prior 12 months, from October to September.

Going Global's H1B database contains the most recent records available.

Jobs/Internships

Search more than **600,000** job and internship postings from leading employers worldwide! All Going Global job and internship listings are updated daily.

In addition to searching for positions right through Going Global, there are job search resources that can be found in both the **Country and City Career Guides**. The job search resources include [online job sites](#), [government employment resources](#), [internship programs](#), [job fairs and career events](#), [staffing agencies](#), [executive recruiters and search firms](#), as well as [newspapers that publish job advertisements](#) all for the indicated region.

Where Do Going Global Job And Internship Listings Come From?

Going Global utilizes a spider technology that "captures" and "catalogs" thousands of job and internship postings directly from hundreds of multinational corporations headquartered in various locations around the world. Non-profit and NGO listings are provided by Idealist.org.

By capturing all of these opportunities from different companies in one system, you can search worldwide by position, industry, location, or by company ... with the press of a button. Going Global's system also allows you to directly apply for the job or internship with the prospective employer.

Using advanced keyword, searched all internship opportunities in South America posted in the last 14 days
