Maverick Software Consulting staff augmentation services provide skilled personnel to work with your employees to help you develop, maintain and test your applications while building your IT staff. We accomplish this by working with local Universities to hire the top computer science students to work on your software development and testing projects. Students work for Maverick Software Consulting while attending college. Maverick Software Consulting trains the students on your systems, technologies and projects. You have the opportunity to recruit the student on as full-time employees when the student graduates. This solution provides companies an easy, low risk opportunity to augment current staff while providing students with on campus employment opportunities.

We are looking for entrepreneurial, ethical, competitive, coachable and hard working individuals who want to help people and build a business for themselves, but not do it all by themselves.

Minneapolis VA Health Care System

Over 3500 employees work at the medical center, 1,000 of whom are nursing staff. The facility is located in a friendly neighborhood between Minneapolis and St. Paul, just north of the airport. There are 350 beds and over 100 clinics on campus.

Two student nurse internship programs provide learning opportunities; the VALOR honors program and the Student Nurse Technician Program. View these programs at our website. The VA hires new graduates and if hired into a position, offers a year-long residency program that includes a preceptorship, mentor and evidence based project.

Morries Automotive Group

A 1957 graduate of Dunwoody Institute, Morrie started his automotive career as a mechanic working on imports. He acquired his first dealership from his boss in 1960. His future was paved.

From the very beginning, Morrie understood the simple truth about selling cars. Customer's can get a vehicle anywhere. Especially now that there are multiple dealerships for every brand in the Twin Cities. Really, it's the car buying or servicing experience that makes the difference. Ultimately, that's what a dealership is selling, and what has set Morrie's Automotive Group apart.

Come see us!

Uline Shipping Supplies

In 1980, after recognizing a local need for a shipping supply distributor, Liz and Dick Uihlein started Uline from their basement. Their first product was an H-101 carton sizer (still offered in the catalog today.) It sold far beyond their expectations and encouraged the Uihleins to add more products to the catalog the following year.

Uline has steadily grown since and continues to be a family owned and run business. The product line has expanded to include industrial and packaging materials, including over 1,000 box sizes. The 279-page Uline catalog reaches businesses nationwide, offering thousands of products with quick delivery.
