

INSTITUTO DE LOS MEXICANOS EN EL EXTERIOR

SCHOLARSHIP FOR HIGHER EDUCATION 2011-2012

Araceli Cardenas

My name is Araceli Cardenas; I am currently a junior in the Dental Hygiene program at Minnesota State University, Mankato. When I graduate, I plan to work for a clinic that provides services for the Latino community and other different cultures where I can apply my bilingual skills in order to provide quality services to underrepresented communities. I want to thank you for the generous scholarship that I received when I needed it the most. When I heard the good news, it gave me the strength and motivation to continue my studies at the university. This was a huge relief. I will be able to cover part of housing and related school expenses such as textbooks and uniforms required by the Dental Hygiene program. I would like to thank the Office of Latino Affairs staff and the Institute of Mexicans Abroad who have been working very hard to help make my academic goals possible through the scholarship. Thank you very much for the support that is given to Latino Students at MSU!
