RFP 74967 Morris Hall Ventilation Study

Question 1

In section IV of the RFP, there is reference for fees pertaining to steps 1 and 2. We cannot find a description of the work scope for each of these. Where is the scope for each of these steps identified?

*Answer: The fees for this proposal shall be one lump sum. There are no phases to the project and the reference to steps 1 and 2 were an error on MSU's part.*

Question 2

Have you used the Xcel Retro-commissioning program prior to this project?

*Answer: No MSU has not used this particular Xcel program before but has used the cooling system program and other rebate programs in the past.*
