Selection of Deferred Compensation Option
For State of Minnesota Employees in Eligible Compensation Plans and Bargaining Units

Employee Instructions:

1. If you have questions about your options, ask your agency human resources or payroll representative.
2. If you do not currently contribute to the state deferred compensation plan, complete the Minnesota State Deferred Compensation Plan enrollment form to establish a Section 457 deduction and select your investment options. Or use the Savings Plan page in Self Service to establish a Section 457 deduction and complete the enrollment form as soon as possible. Note: A Section 457 deduction is not required in order to convert vacation leave or compensatory time to deferred compensation.
3. If you currently contribute to the state deferred compensation plan, the deferred compensation option selected will automatically be invested in the same investment options as your regular deferred compensation deduction. If you have questions about the deferred compensation plan, please contact the Minnesota State Deferred Compensation Plan at 1-877-457-6466.
4. Complete this form and submit it to your agency human resources or payroll office.
5. Vacation and compensatory hours can be converted to deferred compensation once during each fiscal year.
6. Any FICA, Medicare or retirement owed on a conversion or match is deducted from pay and reduces net pay for the pay period in which the conversion or match occurs.
