

Tuition Waiver Quick Reference Guide (Employee)

Terms and Conditions

You must read, agree, and check all the terms and conditions prior to submitting your cancellation request to HR.

The actual number of credits waived by the college or university accounts receivable office may not be impacted by the revised tuition waiver request. The actual course registration, combined with Board Policy 5.12 Tuition and Fee Due Dates, Refunds, Withdrawals and Waivers, will determine the final number of credits waived per semester, up to the upper limit approved by the HR designee.

Waiver Processing

You will no longer provide the Accounts Receivable office at the campus where classes are taken with a paper tuition waiver form. They will be able to extract approved tuition waiver data from the system and process them in a more automated fashion. It's a good idea, in the short-term, to follow through with them to make sure they have processed your approved waiver.

Questions

If you have any questions about using the new tuition waiver module please contact JoAnn Scholtz in your HR office at (507)389-2464.
