

PLEASE NOTE: The following report includes only base salary information and is not an accurate reflection of the total salary dollars individuals are paid.

Examples include:

The base salary for faculty members is based on 168 duty days (only Fall and Spring semester). Any summer teaching or other assignments are not reflected in this report. In addition the base salary does not reflect whether an individual is half-time, three-quarter time or any other variation thereof. This is very distorted, for example, for seasonal employees. This report does not show accurately when people have changed assignments, such as moving from one position to another. It may show them listed twice, however, they only held one position at a given time.

Adjunct faculty are all generically listed at a base salary of \$28,800, however, this is not what they earn. Each adjunct is paid differently based on the assignments for which they were hired. The \$28,800 amount is used as a placeholder for budgeting purposes only. Adjuncts are generally paid a minimum of \$1,200 per credit hour of teaching. In addition, they can only teach 10 credits before being placed on the base salary grid and assigned to a faculty rank.
