Instructions

Please be sure to notify your supervisor about your injury either before or after you have been seen by the workers' compensation physician. The workers' compensation coordinator will electronically submit your Workers' Compensation claim to Minnesota Administration after your supervisor has completed the forms located on our web page. To review information regarding workers' compensation and our procedures, please go to this link on our webpage at <http://www.mnsu.edu/humanres/iminjured.html>

You will receive an email after the workers' compensation coordinator has been notified about your injury which will provide you more information. If you would like to contact her, please call her at 507-389-2016. Her name is Diane Roggow and she is located at 336 Wigley Administration Center in the Human Resource office.
