### Secure Your Tax Records from Identity Theft

- **Identity theft occurs when someone uses your personal information such as your name, taxpayer identification number (TIN), or other identifying information, without your permission, to commit fraud or other crimes.** An identity thief may use your SSN to get a job or may file a tax return using your TIN to receive a refund. To reduce your risk:
  - Protect your TIN.
  - Ensure the requestor is protecting your TIN, and
  - Be careful with choosing a tax preparer.

Call the IRS at 1-800-829-0460 if you think your identity has been used inappropriately for tax purposes.

- **Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance.** You can reach TAS by calling the TAS toll-free at 1-877-777-4778 or TTY/TDD 1-800-829-0460. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into submitting private information that will be used for identity theft.

- **The IRS does not initiate contacts with taxpayers via emails.** Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts. If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS personal property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: scam@ct.gov or contact them at www.ftc.gov/idtheft or 1-877-438-4338.
