

Student Technology Roundtable

Priorities

- **Academic Computer Center (ongoing commitment)**
 - Continue funding of the ACC and Satellite Labs and look at additional features that would enhance the student experience within the general lab environment.
 - Continue the comprehensive machine cycle to keep technology movement between labs and other student areas up to date.
 - Look into extending Satellite Labs with additional tier computers.

- **Network Infrastructure (ongoing commitment)**
 - Increase security and performance of networking infrastructure including wireless technology.
 - Install additional access devices and maintain existing devices to improve accessibility and speed.
 - Research a more comprehensive infrastructure replacement cycle.

- **Classroom Technology (ongoing commitment)**
 - Continue emphasis on equipping classrooms and labs with devices that enhance both student learning and skills.
 - Continue emphasis on integrating available instructional technology into the curriculum.
 - Implement a replacement cycle for instructional technology equipment to ensure adequate resources.
 - Maintain and enhance instructional management software
 - Continue training opportunities for students and faculty on instructional technologies.

- **Technology Orientation/Communication (ongoing commitment)**
 - Provide information about MSU Technology and IT Initiatives for all students.
 - In forums such as FYE Orientation, open houses, Information tables in CSU, etc.

- Identify a one-stop-location to receive additional MSU Technology information.
- Start off all new students on standard collaboration application.

- **Student Study Areas**
 - Redesign and equip heavily used student study areas to make the space more technologically useable.
 - Continue installing power and mobile communications support.
 - Continue designing space to improve both collaboration for group study and comfort for individual study.
 - Possible Areas for improvement:
 - Outside Academic Computing Center
 - Outside Weiking Auditorium
 - Morris Hall Crossroads (1st and 2nd levels)

- **MSU Portal**
 - Integrate a collaboration application that supports mail, calendaring, collaboration and file sharing.
 - Emphasize communication and information delivery of IT Initiatives.
 - Provide one site for login access to Instructional Management (UCompass) and other campus systems.
 - Incorporate E-Commerce facilities to improve information availability and accessibility.
 - Provide a direct link to registration and the DARS system.
 - Provide customizable features to allow student selection of news, weather, sports, etc. information.
 - Implement a campus wide events calendar
 - Research campus wide events calendar for all student activities.
 - Discuss with Deans & VPs prior to implementations to ensure commitment of content providers.
