

Why Tiffany?: Tiffany has been in her current role at the Mankato YWCA for almost three years. She enthusiastically answers the phone and responds to emails in a timely and personable way. She informatively and patiently answers any questions people might have about the YWCA...even if it's not the first time they've asked the question. I am always amazed by Tiffany's passion and quality service. She continues to brainstorm new ideas to promote the YWCA and spread the word about their programming for women and girls in the community. Most recently, she planned an event where people gathered to learn about the experience of a Peace Corps volunteer stationed in the poverty stricken Nicaragua. Tiffany continues to go Above and Beyond to provide exceptional service to all who contact the YWCA.
