

Venture North Aviation is an FBO and a flight-training center located in Cloquet, MN. We are about a 25-minute drive from Duluth, MN. Our specialty is in accelerated Private, Instrument, and Commercial ratings, along with any self-paced learners. Currently we're looking to hire a full-time flight instructor with a minimum of an Airplane-CFI rating.

*If you're a recent graduate or brand new CFI with little dual given, this opportunity is perfect for you!* Great career starter, better pay than most of the initial CFI jobs out there and on top of that *lots* of flight time!

A successful candidate is someone who is:

- Willing to relocate (if needed)
- Self motivated
- Outgoing and professional
- Accident- and incident-free record

*Availability date:* March 2014 or sooner if available

### **Duties and Responsibilities**

- Provide flight and ground instruction
- Establish and maintain a high personal standard of instructional technique and operating standards
- Promote all aspects of safety associated with flight operations and maintain a high personal standard
- Conduct ground and flight briefings
- Strong analytical and problem solving skills
- Attentiveness to detail
- Knowledge and adherence to the FARs and company policies

### **Requirements**

- Certified Flight Instructor – Airplane (CFI)
- CFII preferred; will train the right candidate
- Second Class Medical
- Glass Cockpit experience is a big plus

### **Compensation**

Roughly \$25,000/ year

### **Additional Hours**

There are additional opportunities to get more flight hours besides flight instruction when you're employed with Venture North. Most of the previous flight instructors have moved on to airline careers in the past within a year and a half, having accumulated approximately 1,200 hours.

If interested, send your resume to this email. [sergey@venturenorthaviation.com](mailto:sergey@venturenorthaviation.com) We will contact you within 1-2 days if you meet our expectations.
