

2006-2007 GOLD PERMIT DRAWINGS

- Drawing participants indicate a 1st, 2nd, or 3rd choice on either their electronic or "hard copy" application. Those with high drawing numbers where all their choices are not available will have an automatic 4th choice default to either Lot 7 (south side of campus) or Lot 16 (north side of campus), a location decision which can be negotiated or downgraded to a Purple Permit after the drawing results are published. *Must choose 3 parking options in order of priority.
- **Among your choices pick a large Gold permit area – don't assume that you'll get into one of the smaller highly contested Gold permit areas.**
- **Pay the \$230 upfront and be eligible for one of these prizes: \$20 MavCash (10 winners), \$50 cash (2 winners) from Mike LaVigne's, M&M Vending (Pepsi products), or \$50 Barnes & Noble Gift Card (2 winners).**
- **As in the past, the Faculty/Staff Gold Drawing will be held first with remaining unused Gold permits set aside for the Student Gold Permit Drawing.**
- **Gold permit payments may be split (\$130 now and \$100 by August 1st). However, late second payments will result in losing your Gold Drawing Permit number and ending up with Lot 7 Gold or Lot 16 Gold, plus an extra \$20 handling cost.**
- **A "word to the wise" for those few who have had a \$230 twelve month Lot 16 Daytime Green permit in the past. You are strongly urged to get in on the Gold Permit Drawing as we don't always know what Green permit stall vacancies will be produced at the beginning of Fall Semester. There is no drawing for Lot 16 Daytime Green permits because we never know how many vacancies will develop until the residence hall students living in McElroy and Crawford find off-campus jobs.**

Gold Drawing NOW OPEN!
Go on-line or visit the Cashiers Office

Applications being accepted until Friday, 4/14/06.
4/18/06 Gold Drawings for 2006-07 Gold Permits
4/20/06 Results published in Reporter.
