| For a student's name to be listed in the Commencement Program, the [GPA](#) requirements must be met the semester BEFORE graduation. While the number of credit hours earned during the graduation term does not affect the determination of graduation honors for recognition at Commencement, quality points earned during the graduation term are considered in calculating the final GPA which determines the graduation honors for the transcript and diploma. To be recognized in the Commencement Program as achieving graduation honors, students must be graduating the term in which commencement is held.
