Program Description	The creative writing program at Minnesota State Mankato is staffed entirely by published poets, fiction writers, and creative nonfiction writers. We believe students at all levels of instruction should be guided by individuals steeped in their own creative projects and familiar with the common challenges surrounding bringing imaginative works to completion. The creative writing curriculum assumes that writing and reading are complementary activities, and so students in our programs read some of the best literary works of the past and present while exploring issues of craft and genre that will allow them to take their own writing to a new level.
Admission Requirement	Admission is granted by the Department. ENG 101: Composition must be completed before being admitted to the major.
Advising	You are expected to meet with your advisor on a regular basis to ensure courses are taken in an order that will lead to successful completion of the degree.
Program Notes	Students need to earn a C or better in ENG courses in order for those courses to count toward the major.
