Program Description:

The Aviation Management Program prepares students to become professionals responsible for the safe and efficient design, management, and operation of the aviation system of tomorrow. The program combines all elements of a substantive university education with aviation, management components to graduate well prepared aviation professionals. Acquisition of professionalism, responsibility, self-reliance and marketable skills for early career progression, ensure a level of understanding and competency essential to becoming an effective leader in an aviation profession.

Admission Requirements:

Students must meet the following requirements: - a minimum of 32 earned semester credit hours. - a minimum cumulative GPA of 2.50.

Advising:

You are expected to meet with your advisor on a regular basis to ensure courses are taken in an order that will lead to successful completion of the degree.

All students are required to meet with an aviation advisor each term prior to registration.

A complete listing of program faculty, policies, and course descriptions is available in the undergraduate bulletin.
