PROGRAM NOTES

Chemical Use Problems: Consistent with standards of practice in the field, students participating in the internship process must be free of chemical use problems for at least two years immediately preceding the internship. Examples of chemical use problems include, but are not limited to: receiving treatment for chemical use within this time period; chemical use that has a negative impact on a student's academic performance; chemical use that affects the student's professional credibility of treatment services with clients, referral sources, or other members of the community; and symptoms of intoxication or withdrawal during academic roles. Any chemical problems including the misuse or abuse of mood altering chemicals may be grounds for dismissal from the ADS program.

Continuance and Completion of the Program: Students in the ADS program must maintain the academic standards of the program as well as all academic and university policies. Students must demonstrate behaviors consistent with the ethical codes and standards of the profession. Students not adhering to the standards or policies may be removed from the ADS program. Students being removed from the program will be notified in writing by the Coordinator of ADS.

Academic Integrity: The Department of Health Science values and supports an environment conducive to learning as well as academic integrity. Therefore, students are expected to comply with Minnesota State University, Mankato student responsibilities and policies for academic integrity. Academic integrity includes meeting ones responsibilities in an honest and forthright manner and avoiding acts of dishonesty, plagiarism, cheating, collusion, and other forms of academic misconduct. An act of dishonesty, cheating, collusion, and/or any other form of academic misconduct will result in a 0 on the assessment and a full letter grade deduction from the final course grade (e.g., A- to B-). An act of plagiarism will result in a 0 on the assessment or assessments and the student will be required to meet with the chair of the Department of Health Science and receive remediation related to plagiarism. Two acts dishonesty, cheating, collusion, and/or any other form of academic misconduct and/or an act of plagiarism after remediation will result in a final course grade of F. Evidence related to any act of academic misconduct will be submitted to the Chairperson of the Department of Health Science. Two acts of academic misconduct or a repeated act of plagiarism after remediation in any Health Science course or courses will result in discontinuance from, or eligibility to enroll in, the academic programs offered by the Department of Health Science. Additionally, evidence related to academic misconduct will be submitted to
