PROGRAM NOTES

The Department of Health Science values and supports an environment conducive to learning as well as academic integrity. Therefore, students are expected to comply with Minnesota State University, Mankato student responsibilities and policies for academic integrity. Academic integrity includes meeting ones responsibilities in an honest and forthright manner and avoiding acts of dishonesty, plagiarism, cheating, collusion, and other forms of academic misconduct. An act of dishonesty, cheating, collusion, and/or any other form of academic misconduct will result in a 0 on the assessment and a full letter grade deduction from the final course grade (e.g., A- to B-). An act of plagiarism will result in a 0 on the assessment or assessments and the student will be required to meet with the chair of the Department of Health Science and receive remediation related to plagiarism. Two acts dishonesty, cheating, collusion, and/or any other form of academic misconduct and/or an act of plagiarism after remediation will result in a final course grade of F. Evidence related to any act of academic misconduct will be submitted to the Chairperson of the Department of Health Science. Two acts of academic misconduct or a repeated act of plagiarism after remediation in any Health Science course or courses will result in discontinuance from, or eligibility to enroll in, the academic programs offered by the Department of Health Science. Additionally, evidence related to academic misconduct will be submitted, as appropriate, to the Office of Academic Affairs and and/or the College of Education. Please note: Policy reflects minimum departmental standards. Individual instructors may impose more severe sanctions for an act of academic dishonesty within their courses.

The Department of Health Science requires students in Community Health Education to earn a C or better in all required general education, required, and elective courses in a major.

The Department of Health Science requires students in Community Health Education to maintain a G.P.A. of 2.5 or better in the major (required general education, required, and elective courses).

All required general education, required, and elective courses must be taken for a grade except HLTH 495 and HLTH 497.

Community Health Education Internship: The internship requires the completion of 450 clock hours at an approved internship site. Students planning to participate in an internship are required to meet with the Director of the Community Health Education Internship Program one semester in advance of their anticipated internship in order to assure that they have completed all necessary academic requirements and to coordinate planning for participation in the internship. Permission to register for the internship (HLTH 496) will not be granted unless the site has been officially approved by the Internship Director and the student has submitted the required application materials by the designated due date. Eligibility for selection at internship sites may be subject to terms and policies of the internship site (i.e. background checks, criminal history, etc.) and the Community Health Education Internship Program. Community Health Education students may take no more than 12 credits during the semester in which they are enrolled in the internship (HLTH 496).

Background Check: Students involved in any field experience need to undergo a criminal background check prior to registering for HLTH 496 Internship Health Education. Students are responsible for the fees associated with the background checks. This information is provided to health agencies and organizations for their determination of suitability for placement. The Department of Health Science coordinates the background check process.
