Program Description:

The Communication Disorders Program provides a curriculum for a major in communication disorders, pre-professional preparation in speech-language pathology or audiology, and supportive coursework for majors from other departments with interests in human communication or its disorders. The beginning courses concern the normal aspects of speech, language, and hearing—its nature and development, as well as introducing the student to the disorders of speech, language, and hearing. Advanced courses are devoted to specific disorders in terms of their nature and treatment. The undergraduate training culminates with supervised practicum experiences in which the student works with people who have communication disorders. The Communication Disorders program is accredited by the Council on Academic Accreditation of the American Speech Language-Hearing Association.

Admission Requirements:

Admission to Major is granted by the department.

Minimum University admission requirements are:

a minimum of 32 earned semester credit hours

a minimum cumulative GPA of 2.00 (C)

Students may seek admission to the program during their sophomore year. Full admission to the major requires a 3.0 average in the following courses: CDIS 312, 322, 392, 394. Majors cannot enroll in other CDIS coursework until these four courses have been passed with a 3.0 average. Application forms and complete information can be obtained from the department or during enrollment in CDIS 290, 322, 312.

Advising:

You are expected to meet with your advisor on a regular basis to ensure courses are taken in an order that will lead to successful completion of the degree.

A complete listing of program faculty, policies, and course descriptions is available in the undergraduate bulletin.
