

Campus safety is an important consideration for all members of the University community. Minnesota State Mankato is committed to providing a safe and comfortable learning environment by systematically reviewing its services, facilities and policies relating to safety. Through this review, the University attempts to provide to students, employees and visitors those services that support their educational, occupational or personal needs.

I encourage us to work together, to be “partners in safety” to ensure that all will find Minnesota State Mankato a welcoming and safe campus.
