RECREATION, PARKS AND LEISURE SERVICES graduate students may develop a recreation core within the Multidisciplinary Studies Master of Science degree program. For more information on this program, please refer to Multidisciplinary Studies, Individualized Option. Leisure is projected as one of the leading growth areas in the American economy in the future. The shortened work week, high-technology-driven professions, the wellness movement and the desire for an increased quality of life are among the forces making the prediction a reality.

Career opportunities in a variety of settings are currently available, including entry- and management-level positions demanding leadership skills and organizational, implementation and administrative competencies. Jobs occur with public, non-profit and private sectors and include positions in therapeutic, municipal, commercial and military recreation, travel and tourism, and special event administration, among many.

The department includes a flexible, up-to-date program of course offerings, along with many opportunities to gain practical experience through internships, workshops, seminars, in-service experience and field studies. Combining Recreation, Parks and Leisure Services courses with coursework in other areas, students may complete a **Master of Science in Multidisciplinary Studies** degree. See the section on the Individualized Option for Multidisciplinary Studies in this bulletin for degree requirements.
