Speech Communication is the study of how people generate shared meaning
through the use of verbal and nonverbal symbols. Speech Communication
majors work to develop confidence and effectiveness in their public speaking,
interpersonal, and small group communication skills. The focus is not on
preparing students for a specific job, but rather helping students to develop
interpersonal, organizational, intercultural, and public presentational skills
which will enhance the quality of their lives across a variety of contexts (e.g.,
within the workplace, family, civic and social situations).

Admission to Major is granted by the department. Minimum University
admission requirements are:
- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.20 (C).

Contact the department for application procedures. In addition to the general
requirements, a cumulative GPA of 2.2 must be maintained in the courses of the
major.

INTERDISCIPLINARY MINOR IN COMMUNICATIONS
This interdisciplinary minor is for students who wish to enhance their com-
munication skills for use in business and other professional settings. Students
completing this minor will develop an understanding of contexts and rhetorical
strategies for oral and written communication among professionals. Students
will also develop their own ability to communicate through written texts, oral
communication, and electronic formats. These skills are highly desirable by
employers in a wide range of business, government, and nonprofit organiza-
tions. Students may major in any of the programs affiliated with this minor,
but the courses taken for the minor will not count toward the major.
