OTHER ADMISSION INFORMATION
Extended Learning Registrants.
Background/Rationale:
Minnesota State University, Mankato is committed to engaging in responsive and growth-oriented practices. MSU is also committed to providing regional and national education opportunities through extended learning activities. MSU is also committed to enhancing the educational opportunities of traditionally under-represented students.

Historically, Minnesota State University, Mankato has served significant numbers of students through a variety of extended learning activities. Past admission practices have allowed eligible students to register for a limited number of extended learning credits prior to/simultaneously with applying for regular admission to the University. This policy is designed to formalize this practice in order to:
   • Maintain academic standards at the University
   • Serve students who wish to take course work in an extended learning environment, with the coursework leading to a degree or certificate or just for personal benefit
   • Allow students to register for specific extended learning courses in an expedited manner.

The traditional model of higher education is undergoing significant changes. Extended campus, distance education, for-profit education and other alternatives to traditional residential college educational experiences are increasing. Minnesota State University, Mankato is committed to serving increasing numbers of students for whom a traditional residential college experience is not the most appropriate or relevant educational experience.

Policy Statement:
In order to meet the educational needs of students whom may be nontraditional and place bound, and many of whom will also be seeking educational opportunities from a variety of educational institutions, MSU has created this alternative process for applicants interested in being a part of Minnesota State University, Mankato’s increasing offerings in Extended Learning. This process applies only to admission to the University. Degree programs have their own admission requirements which are distinct from this policy.

Applications for limited admission as addressed in this policy must have completed their high school diploma or GED at least three years prior to enrolling in Extended Learning Courses. Applicants are required to apply for and be granted regular admission status to exceed the 12 credit limit.

Enrollment Criteria:
   • Students may register for up to 12 credits in Extended Learning (Extended Campus—Section 60; Online—Media Code 3; and/or Friday/Saturday College—Section 81) courses prior to or simultaneously with submitting material for the regular admission process. Students may not enroll in non-extended learning courses unless they have met the regular admission requirements.
   • At any time while a student is completing these 12 or fewer credits, the student may be admitted to regular admission status if the student meets all the requirements for regular admission. Information about the Regular Admission requirements can be found at http://www.mnsu.edu/admissions/

Procedure:
Students will be limited to 12 credits of enrollment without obtaining for-
mal admission status. Enrollment status will be tracked by the Office of the Registrar with the assistance of Academic Affairs and Admissions. If a student seeks and is granted regular admission status, that student will be eligible to enroll as a fully-admitted student. If a student does not meet admission requirements, that student will be ineligible to enroll in any courses beyond the initial 12 credits.

Students enrolling in the initial 12 credits must have permission to enroll in Extended Learning courses. Students will be limited to Extended Learning courses unless and until they have been formally admitted to the University. Students enrolling in the initial 12 credits prior to formal admission will have holds placed on their ability to register. These holds will apply to all courses, including upper-division and graduate. Holds will only be lifted upon authorization of the student’s advisor or designee, and the Dean of Extended Learning or designee. The Office of Academic Affairs will be responsible for lifting the holds.
