Chair: Kimberly Greer

Sociology is the scientific study of contemporary society, social structures, human social behavior, and the organization and functioning of groups.

The Department of Sociology operates under a mission statement that calls for shared faculty and student responsibility for the pursuit, transmission and application of sociological knowledge. Copies of the mission statement and specific academic goals are available through the Department office. As part of this shared responsibility, students majoring in Sociology are expected to integrate the various facets of their education through a series of reflexive essays and other contributions to a student portfolio.

The Sociology major is designed to provide a comprehensive undergraduate education in Sociology. It is appropriate for students who wish to apply sociological knowledge and skills in a variety of settings, for liberal arts students with an interest in Sociology and for students who wish to prepare for graduate education in Sociology. Departmental requirements for BA and BS are identical.

Admission to Major is granted by the Department. Minimum University admission requirements are:
- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.00 (C).
