Chair: Jill Conlon

David Bissonnette, Joye Bond, Susan Fredstrom, Heather Von Bank

The mission of the Department of Family Consumer Science is to promote the well-being of people, the enrichment of quality environments, and to prepare men and women to assume essential professional roles in a culturally diverse global society. The comprehensive program provides training for professional roles within dietetics, family consumer science education, family life and child development, and food and nutrition.

### Declaring an FCS Major

Students may declare an FCS major at any point in their academic program. Upon declaring an FCS major, an advisor is assigned. Full admission to the department and major requires:
- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.5 ("C").

Contact the department for application procedures.

### GPA Policy

All FCS courses required for an option must be at "C" level or higher.

### P/N Grading Policy

All FCS courses required for an option must be taken for a grade, except where P/N grading is mandatory.

**Required for Major (Option).** Select one of the following options to correspond with personal and professional objectives:

##### DIETETICS OPTION

The Dietetics Option* promotes growth among students wanting to become competent dietetics professionals by providing the ‘highest practicable quality’ advisory, academic, real-life and interactive opportunities while at Minnesota State Mankato, and by developing confidence and competence to advance after graduation to Dietetics Internship, graduate programs and/or related employment.

A student who chooses to become a Registered Dietitian (RD) upon graduation from Minnesota State Mankato will also need to:
- a. Meet published requirements to receive a Verification Form from the Dietetics Director.
- b. Apply, be accepted and complete a supervised practice program (Dietetic Internship).
- c. Pass a national registration examination.

Minnesota State Mankato faculty are committed to positioning majors for successful transition from Minnesota State Mankato to Dietetic Internship and beyond. Regular and continuous advising is recommended to be successful.

Graduates are employed as RDs or non-RD nutritionists in health care; community, public health, and corporate fitness settings or as members of food management teams.

* The Dietetics Option, a Didactic Program in Dietetics (DPD) of the American Dietetic Association (ADA), is accredited by the Commission for Accreditation for Dietetics Education of the ADA, 120 South Riverside Plaza, Suite 2000 (800-877-1600).

Support Courses (6-9 credits)
Students may select 6 to 9 credits of support courses from the Department of Family Consumer Science or other departments. Students may choose courses from the following list without advisor approval: PSYC 201 Statistics for Psychology and CSP 471 Interpersonal Helping Skills are highly recommended. The following courses are frequent choices and may be selected without advisor approval: PSYC 201 (4) Statistics for Psychology, CSP 471 (3) Interpersonal Helping Skills, BIOL 102 (3) Biology of Women, CORR 255 (3) Juvenile Delinquency, ENG 325 (3) Children's Literature, ENG 463 (4) Adolescent Literature, PSYC 340 (4) Social Psychology, PSYC 436 (4) Adolescent Psychology, PSYC 420 (4) Drugs and Behavior, SOC 409 (3) Family Violence, REHB 110W (3) Sensitivity to Disability.

Students may also take select courses from the FLCD Options category without advisor approval. Other courses may be selected with advisor approval and a substitution/waiver form will need to be filed with the Office of the Registrar.

Becoming a Certified Family Life Educator (CFLE)
The Family Life and Child Development program has been approved by the National Council on Family Relations. Minnesota State Mankato graduates with an FLCD major or minor who have taken the approved courses are eligible to become Certified Family Life Educators. Being a CFLE recognizes a broad understanding of family life issues. Certification is available to professionals from all disciplines who have met the requirements.

Required Minor: None.

FOOD AND NUTRITION OPTION
This option prepares graduates for various careers in foods, food service, and/or nutrition, (such as restaurant or school lunch management); research and development or quality assurance in the food industry; and/or in corporate food distribution, production, sales and service. A supervised internship during the major allows students to gain experience in a particular area of interest. While a minor is not required, it is strongly recommended in order to improve employment opportunities.

FAMILY CONSUMER SCIENCE MINOR
The Department of Family Consumer Science offers a flexible minor consisting of 20 semester hours of approved FCS courses. Students may work with an FCS advisor to select the courses that will be most helpful. However, most students will benefit from a minor with one of three focus areas below.
FOOD AND NUTRITION
Students majoring in Nursing, Human Performance, Dental Hygiene, Food Science Technology, Community Health, or other similar majors can benefit from a Food and Nutrition minor.

Required courses (16 credits):
FCS 140 Introduction to Nutrition (3)
FCS 240 Nutrition I (3)
FCS 340 Food Science (4)
FCS 440 Nutrition II (3)
FCS 446 Lifespan Nutrition (3)

May select 4 credits below
FCS 100 Personal and Family Living (3)
FCS 101 Introduction to Family Consumer Science (3)
FCS 252 Food Service Systems I (3)
FCS 275 Consumers in the Economy (3)
FCS 301 Lifespan Development (3)
