
ADVISING, GENERAL EDUCATION & DIVERSE CULTURES

GENERAL EDUCATION CURRICULUM GUIDELINES

Undergraduate students are required to complete 44 credits of General Education courses in 11 Goal Areas for graduation.

Procedures and Applications

Courses identified as General Education courses must meet the learning outcomes for at least one of the Goal Areas. Departments submit course proposals through the Curriculum Design System (CDS) to request that courses be included in the General Education Curriculum. All proposals requesting General Education designation will be reviewed in a manner consistent with all other curricular proposals considered by the university.

Course proposals must clearly articulate how the course content achieves a majority of the learning outcomes for each of the General Education Goal Areas being requested. With the exception of Writing Intensive Courses, no consideration will be given to proposals that limit participation to specific sections of a course. Only courses, not specific sections of courses, are eligible for designation as General Education Courses.

Courses without specific content (e.g., independent study, individual study, directed readings, topics, internships, practicums, and field experience courses) will generally not be considered General Education courses. Exceptions may be made for specific cases if potential for achievement of the General Education outcomes for a particular goal area(s) can be clearly demonstrated prior to registration for the course in question.

All General Education courses will undergo systematic assessment as established by the university's curricular committees. All departments and programs with General Education courses are expected to fully participate in the General Education assessment process.

ACADEMIC ADVISING AND PROGRAM PLANNING

Academic planning should begin early in your first year at Minnesota State Mankato, and your academic advisor will be the individual to help you assess your individual needs and plan an academic program based on your interests and career goals. As you progress through your program, your academic advisor, in conjunction with other advising staff, can assist you in a variety of ways: selecting courses each semester; changing or choosing a major; satisfying general education requirements; exploring career interests and opportunities; identifying campus resources to assist you; referring you to opportunities for scholarships, internships, and undergraduate research; and assisting you with any academic difficulties you may encounter.

As a new student at Minnesota State Mankato you are assigned an academic advisor based on your major choice during orientation. If you are undecided about your major when you first enroll, you would be assigned to one of the academic advisors who work especially with students who have not decided on a major. We encourage you to work closely with an academic advisor throughout your Minnesota State Mankato career.

ADVISING RESOURCES

Major Advising. Once you have selected a major or general area of study you wish to pursue, your advising services will be provided by your major College. Each Minnesota State Mankato College has a Student Relations Coordinator (SRC) who serves as a primary resource and advising contact for those interested in any of the College majors or departments. The Student Relations Coordinators provide general academic and program assistance to prospective, current, and returning Minnesota State Mankato students. Some Colleges also offer "Advising Centers," which provide additional advising services and staff.

COLLEGE ADVISING RESOURCES

ALLIED HEALTH

Shirley Murray, SRC, 124 Myers Fieldhouse, 389-5194
Mark Schuck, SRC, 1848 Highland Center, 389-5486

ARTS & HUMANITIES

Connie Miller, SRC, 226B Armstrong Hall, 389-1712

BUSINESS

Linda Meidl, SRC, College Advising Center, 151 Morris Hall, 389-2963

EDUCATION

SRC, College Adv. Cntr., 117 Armstrong Hall, 389-1215

NURSING

Kelly Krumwiede, SRC, 319 Wissink Hall, 389-6022

SCIENCE, ENGINEERING AND TECHNOLOGY

Angie Bomier, SRC, College Advising Center, Trafton C-125, 389-1521

Tracey Hammell, Academic Advisor, Trafton North 131, 389-1521

SOCIAL AND BEHAVIORAL SCIENCE

Clark Johnson, SRC, Advising "U", 114 Armstrong Hall, 389-6306

Undecided Student Advising

If you have not yet selected a major, or are considering a variety of options, you may choose to be an "undecided" major. If this is your situation, your initial academic advisor will be assigned through the First Year Experience Office.

COORDINATOR FOR UNDECIDED MAJOR ADVISING

First Year Experience Office, 10 Gage Complex, 389-5498

OTHER ADVISING RESOURCES

CAP Program Advisors, Institutional Diversity, 389-6125
Career Development Center, 209 Wigley Admin. Center, 389-6061
Center for Academic Success, 132 Memorial Library, 389-1791
Counseling Center, 245 Centennial Student Union, 389-1455
Disability Services, 132 Memorial Library, 389-2825
Multicultural Affairs, 22 Centennial Student Union, 389-6300
Student Support Services, 355 Wiecking Center, 389-2797

DECLARING VS. ADMISSION TO MAJOR

Students can declare a major at any point and ask to be assigned to an advisor in their major. Declaration is the simple process of having the student records system updated to indicate what major a student is interested in pursuing and assigning an advisor based upon that interest. Students interested in majors in:

- The colleges of Science Engineering, Technology; Business; and the School of Nursing should go to the Student Relations Coordinator or advising center for that college/program
- The colleges of Allied Health, Arts and Humanities & Social Behavioral Sciences should be referred to individual departments

If undecided, students should go to the First Year Experience Office in Gage 10, 389-5498.

"Admission to major" involves gaining permission to take 300-400 level course work and pursue graduation from a major. Students will be admitted to a major based on requirements established by the major and monitored by a department. University minimum requirements for admission to major are having earned 32 credits/hours and a 2.0 cumulative grade point average. Many departments have additional requirements which can be found in the Undergraduate Bulletin in the department/major listing. Additional requirements may include, but are not limited to: completion of prerequisite courses; higher grade-point averages for admission to major and/or graduation from the program; testing; and other forms of evaluation or portfolios.

Required Advising. "Undecided" majors and several other Minnesota State Mankato majors REQUIRE that a student meet with their assigned academic advisor before registering each semester. If your major requires advising, your advisor would need to provide you with a registration "access code" before

Course Designator and Numbering System

Each course is identified by a 2-4 alpha character code called a course designator that indicates the program or department housing the course. The listing of course designators used at Minnesota State Mankato are below.

A course designator is followed by a 3-digit numeric code indicating course level. Undergraduate courses are numbered 001-499. 001-299 indicate lower division courses and 300-499 indicate upper division courses. To be eligible to graduate with a bachelor's degree from Minnesota State Mankato a student must have completed at least 40 semester hours of upper division courses. Students must be admitted to their major first to be able to take 300-400 level classes.

Course Designators

ACCT	Accounting	GERO	Gerontology
AIS	American Indian Studies	HLTH	Health Science
ANTH	Anthropology	HIST	History
AOS	Applied Organizational Studies	HP	Human Performance
ART	Art	HUM	Humanities

GEOL	Geology	URBS	Urban & Regional Studies
GER	German		

General Education courses that also satisfy the Diverse Cultures Graduation Requirement as either a Purple or Gold course are identified in the Goal Areas by a ^P for Purple and a ^G for Gold. (Example = ENG211W^P)

you would be able to register for courses.

DARS

DARS is an acronym for Degree Audit Reporting System. It is a computer program that produces advising information illustrating a student's progress in fulfilling the graduation requirements of their chosen degree program for undergraduate students.

DARS accomplishes its task by using a student's degree program information (degree, major, minor, catalog year), on file in the student records system, to create a generic "template" of that degree program. DARS then feeds all of a student's courses through this template to fill in the blanks. When the process is complete a document (called an audit) is produced showing where the student's courses fit in, which requirements are completed, and which are left to be done. The audit can then be used to monitor a student's progress and give a detailed assessment of what University requirements are yet to be satisfied.

DARS is not a replacement for the advising process whereby students are in communication with their department and assigned advisor. DARS should also not be considered a replacement for the University catalog, although the DARS program is based very heavily upon that document. The DARS program is a tool to assist students and advisors. There are some items that DARS cannot check for or take into account. DARS does not reflect departmental substitutions or waivers for individual students, for example. Many of these items are handled via the advising process and are done manually within the graduation process.

Questions concerning DARS should be directed to DARS-Questions@mnsu.edu

Ordering an Audit

There are three ways that students can obtain audits:

- order their own via the web (same way you log on to register)
- request an audit at the Campus Hub
- request an audit at their department or advising center

COURSE OFFERINGS

This bulletin lists course offerings for the academic year beginning with fall semester 2009. This listing is as accurate as possible when the bulletin is compiled. Students are advised, however, that all information regarding course offerings is subject to change, and it is recommended that students check the course schedules prior to each term. The University reserves the right to withdraw or modify any course or to change instructors.

Contact Hour. One 50-minute period (minimum) containing class group activity under supervision.

Course Numbering System. Courses are identified by a 2 to 4 alpha character code indicating program or department, followed by a 3-digit numeric code indicating course level.

Writing Intensive "W" Designator. In a certain cases, the 3-digit number may be followed by the letter "W", which indicates that the course satisfies the General Education writing intensive goal area, whereas the other course with the same designator (and no "W") does not. Credit will not be given for two courses with the same designator, regardless of GE writing intensive satisfaction.

Course Level. Undergraduate courses are numbered 001-499. 001-299 indicate lower division courses and 300-499 indicate upper division courses. Graduate courses are numbered 500-999 and are listed in the Graduate Bulletin. To be eligible to graduate with a bachelor's degree from Minnesota State Mankato a student must have completed at least 40 semester hours of upper division courses. Students must be admitted to their major first to be able to take 300-400 level classes.

Sections. Individual course sections differentiated in the course schedules, but are not indicated in this bulletin.

Number of Credits. The number of credits is listed in parentheses after the course number. If the course is offered for variable credits, e.g., (1-4), the student will need to work with an advisor to determine the appropriate number of credits

for which a certain course should be taken, and should register for the course accordingly. Permission is required for variable credit courses.

Prerequisites. Some courses require prerequisites and/or corequisite courses. These are listed at the end of the course descriptions in this bulletin. In some cases, prerequisites are "enforced." If so, you would be unable to register without first verifying that you have completed the required prerequisite course. It is the student's responsibility to review prerequisite requirements, and register for the appropriate level course. Questions about prerequisite course requirements should be directed to your academic advisor, the College Advising Center, or the department offering the course.

General Education and Diverse Cultures Satisfaction. Courses approved as satisfying General Education requirements are symbolized after the course description. For example, a course satisfying Goal Area 1C will be denoted as GE-1C. Similarly, courses approved as satisfying the Diverse Cultures Graduation Requirement will be denoted as Diverse Cultures-Purple and Diverse Cultures-Gold after the description. If a course satisfies both a General Education and a Purple course requirement, for example, in Goal Area 5, it will be denoted as Diverse Cultures-Purple and under this, GE-5. If a course satisfies both a General Education and a Gold course requirement in Goal Area 5, it will be denoted as Diverse Cultures-Gold, followed by GE-5.

GENERAL EDUCATION

MINNESOTA TRANSFER CURRICULUM. Completion of the Minnesota Transfer Curriculum fulfills the general education requirement for any Minnesota public institution. Students transferring with a completed Minnesota Transfer Curriculum will satisfy Minnesota State Mankato's general education requirement. Completion of goal areas within the Minnesota Transfer Curriculum will be accepted as completion of that same goal area at Minnesota State Mankato. Individual competencies will be evaluated and transferred on a course-by-course basis.

Students transferring from Minnesota State Mankato to another Minnesota public institution of higher education will have fulfilled the Minnesota Transfer Curriculum if they have completed required courses in the following ten goal areas: Communication, Critical Thinking, Natural Science, Mathematical/Logical Reasoning, History and the Social and Behavioral Sciences, Humanities and the Arts, Human Diversity, Global Perspective, Ethical and Civic Responsibility, and People and the Environment. Goal areas 11-13 are part of the general education curriculum at Minnesota State Mankato but not goal areas in the Minnesota Transfer Curriculum.

Why General Education?

The general education program integrates a broad foundation of knowledge and skills with the study of contemporary concerns. The goals and competencies within the curriculum are reflective of those capabilities essential for all college-educated adults facing the twenty-first century, including emphasis on:

1. Skills needed for effective understanding and communication of ideas through reading, listening, critical and integrative thinking, writing, speaking, and technological literacy;
2. Exploration of various ways of knowing through study of the content, methods of inquiry and creative modes of a broad spectrum of disciplines;
3. Our common membership in the human community, coupled with awareness that we live in a diverse world;
4. The interrelatedness of human society and the natural environment and the ethical dimensions of political, social, and personal life; and
5. Development of responsibility for lifelong learning.

GENERAL EDUCATION GUIDELINES

1. A total of 44 credits must be completed to satisfy the General Education Program at Minnesota State Mankato.
2. Students transferring with the Minnesota Transfer Curriculum completed will be considered to have completed the Minnesota State Mankato General Education requirements.
3. While included in general education at Minnesota State Mankato, goal areas 1C, 11, 12, and 13 are not part of the Minnesota Transfer Curriculum.
4. A single course may be placed in one or two goal areas and also may be designated as a Writing Intensive course. Each credit in any of these courses, however, may be counted only once in meeting the 44 credit requirement.

5. The Critical Thinking Goal Area 2 may be satisfied either by taking a course or by the satisfactory completion of the other General Education goal areas.
6. In each goal area where two courses are required (i.e., #1C, 3, 5, and 6), students are required to take courses from different disciplines.
7. To count as general education credit students may take no more than two courses or eight (8) credits, whichever is greater, from the same discipline. The only exception to this policy is for English Composition (ENG 101).
8. For Bachelor of Science Degrees in Electrical, Civil, Computer or Mechanical Engineering general education requirements differ. See the program requirements for a detailed explanation of general education coursework for these four degree programs.
9. The general education requirements of the Associate of Arts degree are the same as for the Bachelor of Science degree.
10. General Education courses that also satisfy the Diverse Cultures Graduation Requirement as either a Purple or Gold course are identified by a ^P for Purple and a ^G for Gold.
11. Some general education courses may ALSO be required courses for your major. Please consult your advisor for information about the general education courses you may need to take specifically for your major degree.

GOAL AREA 1: COMMUNICATION

Goal: To develop writers and speakers who use the English language effectively and who read, write, speak, and listen critically. At a base, all students should complete introductory communication requirements early in their college studies. Writing competency is an ongoing process to be reinforced through writing-intensive courses and writing across the curriculum. Speaking and listening skills need reinforcement. There are multiple opportunities for interpersonal communication, public speaking and discussion.

Part A: English Composition

(Requires one course, 3 credits or more, with a grade of at least "P" or "C")

Goal: To develop writers who use the English language effectively and who read and write critically. This course will require faculty-critiqued writing. Writing competency is an ongoing process which needs to be reinforced throughout the curriculum. English Composition courses from international institutions will not be accepted in the goal area. Appeals must go to the Office of Academic Affairs.

Students will be able to:

- (a) demonstrate and practice strategies for idea generation, audience analysis, organization of texts, drafting, evaluation of drafts, revision, and editing;
- (b) write papers of varying lengths that demonstrate effective explanation, analysis, and argumentation;
- (c) become experienced in computer-assisted writing and research;
- (d) locate and evaluate material, including library, internet and other sources;
- (e) analyze and synthesize source material, making appropriate use of paraphrase, summary, quotation, and citation conventions;
- (f) employ syntax and usage appropriate to academic writing and the professional world.

Course which satisfies this goal area is: ENG 101

Part B: Speech and Oral Reasoning

(Requires one course, 3 credits or more)

Goal: To develop skills necessary for reasoned communication. Courses in this goal area will require individual public speaking which is critiqued by the instructor. Speaking and reasoning competency is an ongoing process which needs to be reinforced throughout the curriculum.

Students will be able to:

- (a) understand/demonstrate communication processes through invention, organization, drafting, revision, editing and presentation;
- (b) participate effectively in groups with emphasis on listening, critical and reflective thinking, and responding;
- (c) analyze, evaluate, and synthesize in a responsible manner material from

diverse sources and points of view.

- (d) select appropriate communication choices for specific audiences;
- (e) construct logical and coherent arguments;
- (f) use authority, point of view, and individual voice and style in communications;
- (g) employ syntax, usage and analytical techniques appropriate to academic disciplines and the professional world.

Course(s) which satisfy this goal area include:

CDIS 201 CMST 100 CMST 102 CMST 212 POL 234

Part C: Writing Intensive

(Requires two courses from different disciplines, 6 or more credits)

NOTE: Completion of goal area of 1C is a general education requirement Minnesota State Mankato, but not a goal area in the Minnesota Transfer Curriculum.

Goal: Students will continue to develop skills taught in composition, applying them in the context of a particular discipline.

Students will be able to:

- (a) use writing to explore and gain a basic familiarity with the questions, values and analytical or critical thinking methods used in the discipline;
- (b) locate, analyze, evaluate, and use source material or data in their writing in a manner appropriate to intended audiences (popular or within the discipline).

Writing Intensive "W" Designator.

In a certain cases, the 3-digit course number may be followed by the letter "W", which indicates that the course satisfies the General Education writing intensive goal area, whereas the other course with the same designator (and no "W") does not. Credit will not be given for two courses with the same designator, regardless of GE writing intensive satisfaction.

Course(s) which satisfy this goal area include:

SPAN 210W	THEA 285W ^P	URBS 230W	

GOAL AREA 2: CRITICAL THINKING

(Requires completion of the rest of the Gen. Ed. Program or one course)

Goal: To develop critical thinking, communication, and problem solving skills. Courses in this goal area must focus on skill development and throughout the course will provide opportunities to exercise skills. Although the exercise of skills requires a subject matter, the emphasis in this goal area will be on skill development. The skills will not be ones that are specific to the practice of a particular discipline or area of inquiry but rather will be skills that are common to different disciplines and different areas of inquiry.

Students will be able to:

- (a) gather and analyze information of various kinds, employing formal or informal tools to represent information in ways useful for solving problems;
- (b) weigh evidence for and against hypotheses;
- (c) recognize, construct, and evaluate arguments;
- (d) apply appropriate critical and evaluative principles to texts, documents, or works--one's own or others'--in oral, visual, or written mediums.

Course(s) which satisfy this goal area include:

AST 115 CHEM 111 CHEM 133 CHEM 191 CHEM 201

KSP 200 PHIL 110 PHIL 112 PHIL 311 PHYS 211
PHYS 221 POL 103W PSYC 103W

GOAL AREA 3: NATURAL SCIENCE

(Requires two courses from different disciplines, 6 credits or more. At least one course must have a laboratory)

Goal: To improve students' understanding of natural science principles and of the methods of scientific inquiry, i.e., the ways in which scientists investigate natural science phenomena. Students should be encouraged to study both the biological and physical sciences.

Students will be able to:

- develop understanding of scientific theories;
- formulate and test hypotheses in either laboratory, simulation, or field experiences;
- communicate his/her experimental findings and interpretations both orally and in writing;
- apply the natural science perspective to society issues.

Course(s) which satisfy this goal area include:

("L" indicates a laboratory course)

GOAL AREA 4: MATHEMATICAL/LOGICAL REASONING

(Requires one course, 3 credits or more, with a grade of at least "P" or "C")

Goal: To increase students' knowledge about mathematical and logical modes of thinking. This will enable students to appreciate the breadth of applications of mathematics, evaluate arguments, and detect fallacious reasoning. Students will learn to apply mathematics, logic, and/or statistics to help them make decisions in their lives and careers.

Students will be able to:

- illustrate historical and contemporary applications of mathematical/logical systems;
- clearly express mathematical/logical ideas in writing;
- explain what constitutes a valid mathematical/logical argument (proof);
- apply higher-order problem-solving and/or modeling strategies.

Course(s) which satisfy this goal area include:

MATH 130 MATH 180 MATH 181 MATH 201 PHIL 110
PHIL 112 PHIL 311 SOC 202 STAT 154

GOAL AREA 5: HISTORY AND THE SOCIAL AND BEHAVIORAL SCIENCES

(Requires two courses from different disciplines, 6 credits or more)

Goal: To increase students' knowledge of how historians and social and behavioral scientists discover, describe, and explain the behaviors and interactions among individuals, groups, institutions, events and ideas. To challenge students to examine the implications of this knowledge and its interconnection with action and living an informed life.

Students will be able to:

- employ the methods and data that historians and social and behavioral scientists use to investigate the human condition;
- examine social institutions and processes across a range of historical periods and cultures;
- use and critique alternative explanatory systems or theories;
- develop and communicate alternative explanations or solutions for contemporary social issues.

GOAL AREA 6: HUMANITIES AND THE ARTS

(Requires two courses from different disciplines, 6 credits or more)

Goal: To expand students' knowledge of the human condition and human cultures, especially in relation to behavior, ideas, and values expressed in works of human imagination and thought. Through study in disciplines such as literature, philosophy, and the fine arts, students will engage in critical analysis, form aesthetic judgments, and develop an appreciation of the arts and humanities as fundamental to the health and survival of any society. Students should have experiences in both the arts and humanities.

Students will be able to:

- demonstrate awareness of the scope and variety of works in the arts and humanities;
- understand those works as expressions of individual and human values within an historical and social context;
- respond critically to works in the arts and humanities;
- engage in the creative process or interpretive performance;
- articulate an informed personal reaction to works in the arts and humanities.

Course(s) which satisfy this goal area include:

GOAL AREA 7: HUMAN DIVERSITY

(Requires one course, 3 credits or more)

Goal: To increase students' understanding of individual and group differences, emphasizing the dynamics of race, gender, sexual orientation, age, class, and/or disabilities in the history and culture of diverse groups in the United States; the contributions of pluralism to United States society and culture; and issues--economic, political, social, cultural, artistic, humanistic, and education traditions--that surround such diversity. Students should be able to evaluate the United

States' historical and contemporary responses to group differences.

Students will be able to:

- understand the development of and the changing meanings of group identities in the United States' history and cultures;
- demonstrate an awareness of the individual and institutional dynamics of unequal power relations between groups in contemporary society;
- analyze and evaluate their own attitudes, behaviors, concepts, and beliefs regarding diversity, racism, and bigotry;
- describe and discuss the experience and contributions (political, social, economic, artistic, humanistic, etc.) of the many groups that shape American society and culture, in particular those groups which have suffered discrimination and exclusion;
- demonstrate communication skills necessary for living and working effectively in a society with great population diversity.

GOAL AREA 8: GLOBAL PERSPECTIVE

(Requires one course, 3 credits or more)

Goal: To increase students' understanding of the growing interdependence of nations, traditions and peoples and develop their ability to apply a comparative perspective to cross-cultural social, economic, and political experiences.

Students will be able to:

- describe, analyze, and evaluate political, economic, humanistic, artistic, social and cultural elements which influence relations of nations and peoples in their historical and contemporary dimensions;
- demonstrate knowledge of cultural, social, religious and linguistic differences;
- analyze specific international problems illustrating cultural, economic, artistic, humanistic, social, and political differences which affect their solution;
- understand the role of a world citizen and the responsibility world citizens share for their common global future.

Course(s) which satisfy this goal area include:

GOAL AREA 9: ETHICAL AND CIVIC RESPONSIBILITY

(Requires one course, 3 credits or more)

Goal: To develop students' capacity to identify, discuss and reflect upon the ethical dimensions of political, social, and personal life and to understand the ways in which they can exercise responsible and productive citizenship. While there are diverse views of social justice or the common good in a pluralistic society,

students should learn that responsible citizenship requires them to develop skills to understand their own and others positions, be part of the free exchange of ideas, and function as public minded citizens.

Students will be able to:

- examine, articulate, and apply their own ethical views;
- understand and apply core concepts (e.g. politics, rights and obligations, justice, liberty) to specific issues;
- analyze and reflect on the ethical dimensions of legal, social, and scientific issues;
- recognize the diversity of political motivations and interests of others;
- identify ways to exercise the rights and responsibilities of citizenship.

GOAL AREA 10: PEOPLE AND THE ENVIRONMENT

(Requires one course, 3 credits or more)

Goal: To increase students' understanding of today's complex environmental challenges. Students will examine the interrelatedness of human society and the natural environment. Knowledge of both bio-physical principles and psychosocial cultural systems is the foundation for integrative and critical thinking about environmental issues.

Students will be able to:

- explain the basic structure and function of various natural ecosystems and of human adaptive strategies within those systems;
- discern and analyze patterns and interrelationships of the bio-physical and psycho-social cultural systems;
- critically discern and analyze individual, social, and ecological dimensions of health;
- describe the basic institutional arrangements (social, legal, political, economic, health, ethical, religious) that are evolving to deal with environmental and natural resource challenges;
- evaluate critically environmental and natural resource issues in light of understandings about interrelationships, ecosystems, and institutions;
- propose and assess alternative solutions to environmental problems;
- articulate and defend the actions they would take on various environmental issues.

NOTE: Goal areas 11-13 are part of the general education curriculum at Minnesota State Mankato but not goal areas in the Minnesota Transfer Curriculum.

GOAL AREA 11: PERFORMANCE AND PARTICIPATION

(Requires 2-3 credits)

Goal: To prepare students for responsible and effective participation in groups and communities.

Students will be able to:

- participate effectively in a variety of artistic, education, political, recreational, health and public service, or social service settings;
- interact with others of another culture in its indigenous setting through a structured experience;
- participate cooperatively in group athletic activity or artistic performance.

GOAL AREA 12: FIRST YEAR EXPERIENCE

(Requires 0-1 credits)

Goal: To promote further development of student success skills, such as reading, writing and speaking; help students gain intellectual confidence; build in the expectation of academic success; and to provide assistance in making the transition to the University.

Students will be able to:

- (a) experience higher personal expectations of his/her ability to meaningfully participate in academic life;
- (b) define and give examples of critical thinking;
- (c) interact with other students regarding academic matters;
- (d) affirm that careful thinking is an important aspect of the educational process;
- (e) make a comfortable transition to college life.

Course which satisfies this goal area is: FYEX 100

GOAL AREA 13: INFORMATION TECHNOLOGY

(Requires 0-2 credits)

Goals: To familiarize students with the tools, concepts and societal impact of information technology and to develop the skills necessary to use this technology critically and effectively.

Students will be able to:

- (a) use electronic information technology ethically and responsibly;
- (b) access and retrieve information through electronic media, evaluating the accuracy and authenticity of that information;
- (c) create, manage, organize and communicate information through electronic media;
- (d) demonstrate a working knowledge of information technology terms and concepts;
- (e) understand how computers function and the limits of computation and information technology;
- (f) recognize changing technologies and make informed choices in their use.

**DIVERSE CULTURES
GRADUATION REQUIREMENT
CURRICULUM GUIDELINES (DCGR)**

NOTE

For 2011-2012, students will satisfy DCGR by taking 1 Purple and 1 Gold course or 2 Purple courses. Once enough Gold courses are established to serve the MSU Mankato student population, future catalogs will require 1 Purple and 1 Gold course

Procedures and Application

The Diverse Cultures Graduation Requirement was made effective beginning in with the 2009-2010 academic year. Courses that met the university's previous Cultural Diversity requirement will **not** automatically be included in the list of Purple or Gold courses that meet the new requirement. Departments will need to submit course proposals through the Curriculum Design System (CDS) to include these courses in the new requirement. Students who are graduating under bulletins prior to the effective date of the new requirement must meet the Cultural Diversity requirement in the bulletin under which they are graduating.

All course submissions for consideration as either Purple or Gold courses will be reviewed in a manner consistent with all other curricular proposals. All Purple and Gold course proposals must be submitted by completing an appropriate curricular proposal form within CDS. An individual course may be either a Purple course or a Gold course, but not both.

Any 100 - 400 level undergraduate course that meets the relevant goals and outcomes may be included among the Purple or Gold courses.

No consideration will be given to proposals that limit participation to specific sections of a course. Only courses, not specific sections of courses, are eligible for the designation as Purple or Gold courses.

Courses without specific content (e.g., independent study, individual studies, directed readings, topics, internships, practicums, and field experience courses) will generally not be considered Purple or Gold courses. Exceptions may be made for specific cases if potential for achievement of the Purple or Gold course outcomes can be clearly demonstrated prior to registration for the course in question.

All Purple and Gold courses will undergo systematic assessment as established by the university's curricular committees. All departments and programs with Purple or Gold courses are expected to fully participate in the DCGR assessment process.

Goals and Outcomes. Minnesota State Mankato has adopted the following policy on the role of diversity in education:

Diversity at Minnesota State Mankato is a commitment to create an understanding and appreciation of diverse peoples and diverse perspectives; a commitment to create an academic, cultural, and workplace environment and community that develops mutual respect for all and celebrates our differences.

In keeping with the spirit of this commitment, all Minnesota State Mankato undergraduate students must satisfy the DCGR for graduation. For purposes of further clarifying the DCGR, diversity is defined in comprehensive terms as the many faceted ways in which human beings differ from one another. Often overlapping, these differences can include: age, gender, national origin, sexual orientation, mental/physical ability, race/ethnicity.

**DIVERSE CULTURES GRADUATION REQUIREMENT GUIDELINES:
PURPLE AND GOLD COURSES**

1. Students pursuing a baccalaureate degree must take either:
 - a. at least one (1) course for a minimum of 3 credits from the list of courses designated as Purple (Content) and at least one (1) course for a minimum of 3 credits from the list of courses designated as Gold (Experiential and Reflective). OR
 - b. at least two (2) courses for a minimum of 6 credits from the list of courses designated as Purple (Content).
2. One Purple course for a minimum of 3 credits satisfies the Diverse Cultures requirement for the AA or AS degree issued by Minnesota State University, Mankato.
3. Transfer students who have taken between 30 and 59 credits will be granted up to 3 credits toward the Purple course requirement.
4. Transfer students who have taken 60 or more credits or have already received an AA degree will be granted 3 Purple course credits and 3 Gold course credits, thus satisfying their entire Diverse Cultures Graduation Requirement.
5. Students must take courses from at least two different disciplines to satisfy the Diverse Cultures Graduation Requirement.
6. Students are encouraged to complete the Purple course requirement prior to completion of the Gold course requirement.
7. To count towards general education, students may take no more than eight (8) credits or the credits generated by two courses, whichever is greater, from the same discipline. Courses from Category 1 are exempt from this requirement.

GOAL 1

DIVERSE CULTURES - PURPLE (Content-Based)

To prepare students with course content and the analytical and reflective skills to better understand diversity in the United States and in other societies across the world.

Learning Outcomes

Students will be able to:

1. Master an understanding of diversity as defined by Minnesota State Mankato.
2. Acquire a substantive knowledge base to identify the impact of oppression for individuals from diverse populations.
3. Obtain the analytical skills necessary to make links between historical practices and contemporary U.S. societal issues of diversity.
4. Apply the same method for interpreting diversity issues in the United States to understanding issues of diversity in other societies across the world.
5. Develop an understanding of historical and contemporary social relations in specific societies across the world.

Satisfying Purple Courses for Goal 1

1. Purple courses meet the outcomes associated with Goal 1 and are primarily aimed at helping students learn content.
2. Purple courses allow students to explore basic concepts such as oppression, prejudice, discrimination, racism and ethnocentrism and responses to each; civil liberties in the context of economic, political, social, religious and educational issues of race, gender, sexual orientation, age, class and disabilities in a pluralistic society.
3. Although Purple courses may focus primarily on one diverse group of people, the course content should relate the basic concepts and issues discussed to a variety of groups.
4. Purple courses must meet at least 3 of the learning outcomes identified for Goal 1, including Learning Outcome 1.
5. Purple courses may have experiential and reflective components, but the primary focus is on content.

GOAL 2

DIVERSE CULTURES - GOLD (Experiential & Reflective)

To give students learning opportunities to experience diversity with reflection supervised by a faculty member; to assist them in recognizing and responding to conditions of marginalized populations. Marginalized populations refer to specific groups of peoples or individuals that are relegated to the outer edges of society or social standing, both in this country and abroad. Such people are often denied access to resources and privileges available to mainstream society.

Learning Outcomes

Students will be able to:

1. Interact with individuals from diverse populations outside the classroom and to have the opportunity to reflect on such interactions.
2. Demonstrate an acquisition of the basic knowledge and understanding of diversity related concepts so that the student's experience will have meaning and context.
3. Integrate classroom knowledge with experiential learning in analyzing and responding to conditions of marginalized populations.

Students will explore basic concepts such as oppression, prejudice, discrimination, racism and ethnocentrism and responses to each; civil liberties in the context of economic, political, social, religious and educational issues of race, gender, sexual orientation, age, class and disabilities in a pluralistic society.

Satisfying Gold Courses for Goal 2

1. Achievement of the Goal 2 outcomes requires students to have experiential encounters with diverse cultures and reflect on those experiences as part of the course requirements.
2. Gold courses must also contain sufficient content regarding interactions with diverse populations to establish a context and conceptual base for the student to effectively reflect on the experiences.
3. Gold courses should present content that allows students to explore basic concepts such as oppression, prejudice, discrimination, racism and ethnocentrism and responses to each; civil liberties in the context of economic, political, social, religious and educational issues of race, gender, sexual orientation, age, class and disabilities in a pluralistic society.
4. Gold courses must meet all 3 of the learning outcomes identified for Goal 2.

GENERAL EDUCATION			
The goal areas on this page form Minnesota State Mankato's General Education requirement (GE) . Satisfaction of GE requires a minimum of 44 credits and completion of goal areas 1-11. A BS degree requires GE, while a BA degree requires GE and an additional year of a single foreign language, for a total of 52 credits. Detailed information about GE and degree requirements can be found in the Undergraduate Bulletin.			
Transfer AS/AAS degrees must have: 40 credits in goal areas 1-10; a min of 1 course in each goal area 3-10; and one course in each part of goal area 1. Goal areas 2 and 11 are exempt.
