Save This Book

If your general education or major requirements change during that time, you may still choose to graduate under the curricular requirements in this catalog. In the case of licensure programs, changes in licensure requirements may lead to changes in curricular requirements.

The requirements cited in this catalog are valid for six years.

The Minnesota State Mankato Undergraduate Catalog is a general catalog of information regarding curricula, fees, and related policies and procedures. Every effort has been made to make the catalog accurate as of the date of publication; however, all policies, procedures, and fees are subject to change at any time by appropriate action of the faculty, the university administration, the Minnesota State Colleges and Universities Board, or the Minnesota Legislature. The provisions of this Catalog DO NOT constitute a contract between the student and university.

The university calendar is subject to modification or interruption due to occurrences such as fire, flood, labor disputes, interruption of utility services, acts of nature, civil disorder and war. In the event of any such occurrences, Minnesota State Mankato will attempt to accommodate its students. It does not, however, guarantee that courses of instruction, extracurricular activities or other university programs or events will be completed or rescheduled. Refunds will be made to eligible students in accordance with Minnesota State Colleges and Universities Board policy.

This document is available in alternative format to individuals with disabilities by calling the Office of Academic Affairs, phone 507-389-1333 (V), 800-627-3529 or 711 (MRS/TTY).

Minnesota State University, Mankato is a member of Minnesota State Colleges and Universities System and an Affirmative Action/Equal Opportunity employer and educator.

List of academic programs is available online at www.mnsu.edu/programs/

University Vision, Values & Mission

Mission
Minnesota State University, Mankato promotes learning through effective undergraduate and graduate teaching, scholarship, and research in service to the state, the region and the global community.

Vision
Minnesota State Mankato will be known as a university where people expect to go further than they thought possible by combining knowledge and the passion to achieve great things.

Our foundation for this vision is our heritage of both dedicated teaching and the direct application of knowledge to improve a diverse community and world. We will achieve it by actively nurturing the passion within students, faculty and staff to push beyond possibility on the way to realizing dreams.

Core Values
Minnesota State University, Mankato is an innovative, student-centered learning community that values:

• Integrity and respect in the way we conduct ourselves;
• Diversity in who we are and what we do;
• Access to our programs and services that create opportunities for all to pursue their dreams;
• Responsibility to those we serve by providing an education that inspires solutions to society’s challenges; and
• Excellence in our academic and non-academic pursuits.
# TABLE OF CONTENTS

**Academic Programs**

- Accounting BS and Minor (27)
- Aging Studies Certificate and Minor (29)
- Alcohol and Drug Studies BS and Minor (30)
- Allied Health and Nursing Intro. Course (31)
- American Indigenous Studies BA, BS, Certificate and Minor (32)
- American Indian Studies Certificate (33)
- Anthropology BA, BS, Certificate and Minor (34)
- Archeology Certificate (35)
- Museum Studies Certificate (35)
- Applied Organizational Studies BS (38)
- Art BA, BFA and Minor (39)
- Art History BA and Minor (41)
- Art Teaching BS (43)
- Astronomy Minor (44)
- Athletic Coaching Minor (46)
- Automotive Engineering Technology BS and Minor (48)
- Aviation BS, Certificate and Minor (59)
- Professional Pilot Certificate (CERT) (59)
- Biochemistry BA and BS (63)
- Biology BS and Minor (64)
- Biotechnology BS (65)
- Business Administration Minor (66)
- Business Education BS (66)
- Business Law Minor (68)
- Chemistry BA, BS and Minor (69)
- Chinese (Mandarin) Courses (71)
- Civil Engineering BSCE (73)
- Cognitive Science BS (79)
- Communication Arts and Literature Education BS (83)
- Communication Disorders BA, BS and Minor (84)
- Communication Studies BA, BS and Minor (85)
- Community Health Education BS (87)
- Computer Application Development BAS (91)
- Computer Engineering BSCE (92)
- Computer Engineering Technology BS (96)
- Computer Information Technology BS, Certificates and Minors (100)
- Database Technologies Certificate (100)
- Information Security Certificate (101)
- Networking Technologies Certificate (101)
- Software Development Certificate (101)
- Computer Science Minor (104)
- Construction Management BS (107)
- Corrections BS and Minor (109)
- Counseling and Student Personnel Courses (111)
- Critical Thinking Minor (111)
- Dakota Courses (112)
- Dance BFA, BA, BS and Minor (112)
- Dance K-12 Education BS (115)
- Dental Hygiene BS (116)
- Developmental Adapted Physical Education, Teaching Minor (DAPE) (120)
- Earth Science BA, BS, Certificate and Minor (120)
- Geomorphology and Earth Surface Processes Certificate (121)
- Economics BA, BS and Minor (122)
- Educational Leadership Courses (125)
- Electrical Engineering BSEE (127)
- Electronic Engineering Technology BS, Certificate and Minor (130)
- Renewable Energy Certificate Program (131)
- Elementary Education BS, Certificate and Minors (133)
- Elementary Education STEM Certificate (135)
- English BFA, BA, BS, Certificate and Minors (138)
- Technical Communication Certificate (140)
- English for Multilingual Learners: Intensive English Program and English for Academic Purposes (146)
- Entrepreneurship and Innovation Minor (147)

FEDERAL POLICIES

The activities of the University are administered in accordance with a variety of federal and state laws, Minnesota State Colleges and Universities (MnSCU) Board policies, assorted rules and regulations, and staff and student rights and responsibilities. For more information concerning applicable University and system policy, contact the Office of Academic Affairs or go to http://www.mnsu.edu/acada/policies/.

The Family Education Rights and Federal Act (FERPA) affords students certain rights with respect to their education records. The University of Minnesota Mankato adheres to all applicable laws and regulations concerning the privacy of students' education records and the rights of students concerning their education records. The University will provide to eligible students access to their education records and a right to some limiting disclosure. The University will inform eligible students of their rights concerning their education records.”

1. The right to inspect and review the student’s education records within 45 days of the day the University receives a request for access. Students should submit to the Office of the Registrar, dean, head of the Department of Academic Affairs, or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the student believes are inaccurate or misleading. Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administration, supervisory, academic or research, or support staff position (including health or medical staff) and also clerical staff who transmit the education record; a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person who is employed by Minnesota State Mankato Security Department acting in a health or safety emergency; or a student serving on an official committee, such as disciplinary or grievance committee, or assisting school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Equal Opportunity and Nondiscrimination in Employment and Education. Minnesota State Mankato is committed to a policy of nondiscrimination in employment and education opportunity. No person shall be discriminated against in the terms and conditions of employment, personnel practices, or access to and participation in programs, services and activities with regard to race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, sexual orientation, gender identity, or gender expression. In addition, discrimination in employment based on familial status or membership or activity in a local commission as defined by law is prohibited.

Discrimination means conduct that is directed at an individual because of his or her protected class and that subjects the individual to different treatment by agents or employees so as to interfere with or limit the ability of the individual to participate in, or benefit from, the services, activities, or privileges provided by the university or otherwise adversely affects the individual’s employment or education.

Harassment on the basis of race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, sexual orientation, gender identity, gender expression, or familial status is prohibited. Harassment is defined as verbal or physical conduct, directed at an individual because of his or her protected class that is sufficiently severe, pervasive or persistent as to have the purpose or effect of creating a hostile work or educational environment. Harassment may occur in a variety of relationships, including faculty and student, supervisor and employee, student and student, student and faculty, supervisor and student, and relationships with other persons having business at or visiting the educational environment.

Sexual harassment includes unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct and other verbal or physical conduct of a sexual nature. Sexual harassment may occur when it is directed at members of the opposite sex or when it is directed at members of the same sex. Inquiries regarding compliance or to file a report for a neutral investigation, contact the Office of Equal Opportunity and Title IX, 112 Armstrong Hall, or at 507-389-2986 (V) or 1-800-627-3529 or 711 (MRS/TTY).

Sexual Violence. Acts of sexual violence are criminal behaviors and create an environment contrary to the goals and missions of Minnesota State Mankato. Acts include sexual assault, non-consensual sex acts, dating and relationship violence, stalking, as well as aiding acts of sexual violence. These acts will be investigated and may subject an individual to disciplinary sanctions as well as possible referral to appropriate law enforcement agencies.

Inquiries regarding compliance or to file a report for a neutral investigation, contact the Office of Equal Opportunity and Title IX, 112 Armstrong Hall, or at 507-389-2986 (V) or 1-800-627-3529 or 711 (MRS/TTY).

Student Education Records University Policy. Federal law and state statute allow current and former students access to their education records. While the primary record is located in the Office of the Registrar, other records may be located in Admissions, Financial Aid, Business Affairs, Career Development Center, Student Health Service, Student Affairs, Graduate Studies, Office of International Students and academic departments.

Minnesota State Mankato has designated the following items as Directory Information. As such, this information may be released to the public without the consent of the student: name, date and place of birth, local and permanent address, major field of study, local and permanent telephone number, dates of attendance, previous college/university attended, degrees received, email address, awards and honors, height and weight information for athletic participation, performance records and participation in officially recognized activities and sports, and organizations. Students may request that directory information be kept private by contacting the Office of the Registrar, 132 Wigley Administration Center.

Equity In Athletics Disclosure Federal Act 1994. U.S. Department of Education guidelines now require post-secondary institutions participating in federal student aid programs to publish annual reports on gender equity in intercollegiate sports. In compliance with the EADA, Minnesota State Mankato prepared its first Equity Act report by October 1, 1996. Updated reports are released by October 15 of each subsequent year. Included is data on the amount of money spent on men’s and women’s teams and recruiting efforts, participation rates, personnel and operating expenses, revenues generated, and sports related financial aid allocations. The report is readily accessible to students, prospective students and the public. Contact Finance and Administration, 238 Wigley Administration Center, 507-389-6621.

Student Right-to-Know and Campus Security Act 1995. The Student Right-to-Know and Campus Security Act increased the level of information universities must collect and report to current and prospective students and employees and to the Department of Education. The first part of the act, entitled the Student Right-to-Know Act, requires colleges and universities to compile and release institution-wide graduation rates for all students, with more detailed statistical information submitted on the graduation rates of athletes. The graduation rate for Minnesota State Mankato new entering first year students, fall term 2009 cohort, is 49 percent. This percentage reflects the number of first time, full-time four-year degree seeking students either who received a baccalaureate degree within six years or an associate degree within three years. The 2009 cohort is the most recent one for which a six year graduation rate is available.

Part II of the act, entitled the Campus Crime Awareness and Campus Security Act of 1990, requires colleges and universities to annually make available to all current employees and students as well as to applicants for enrollment or employment the following information: i) a description of policies concerning the security of and access to all campus facilities; policies and procedures for reporting campus crime; and policies concerning law enforcement along with crime prevention educational programs relating to campus security, and 2) statistics concerning the occurrence of certain categories of campus crimes. Institutions are also required to issue timely warnings to the campus community about criminal activities representing a continued safety threat to aid in crime prevention. In addition, the University complies with the 1998 Higher Education Amendments Act that amended the Campus Security Act by expanding the geographic scope and categories of offenses that must be included in the annual statistics. This information is available in Minnesota State’s “Partners in Safety” brochure, which is made available to each enrolled student and employee annually. Copies are available from the Security Department, 222 Wicking Center, 507-389-2111, the Women’s Center, 246 Centennial Student Union, 507-389-6146, New Student & Family Programs Office 103 Peska Residential Community, and Human Resources, 325 Wigley Administration Center, 507-389-2015. The brochure is also available at www.mnsu.edu/safety.
UNIVERSITY POLICIES

www.mnsu.edu/atoz/policies/

University policies are statements of institutional positions on issues. They both reflect and support the University's mission and values. While developed primarily to guide institutional decisions or actions, they also may articulate the institution's compliance with external mandates, encourage efficient use of resources or promote consistency by those acting for the institution. University policies impact the entire institution and their applicability is not limited to a single institutional unit. The implementation of University policies requires the approval of the President.

UNDERGRADUATE AWARDS

Minnesota State Mankato offers programs leading to undergraduate certificates, associate of arts degree, baccalaureate degrees, master's degrees, graduate certificates, education specialist degrees and doctoral degrees. (The Graduate Studies Catalog contains complete information regarding graduate degree programs.)

Majors. A standard major has a minimum of 32 semester credits and requires a minor. A broad major has a minimum of 48 semester credit hours and requires no minor. Students may earn more than one major.

Minor. Students completing a standard major of 32 to 47 credits must complete a minor (which is a minimum of 16 credit hours). At the department's recommendation a required minor may be waived for a student completing a double major within the same degree. Required minors may also be waived at the department's recommendation for a student adding a major to a previous baccalaureate degree. In either case, students must complete a total of 120 semester hours of credit (or up to 128 for certain programs).

Minor for Teaching Majors. A minor will not be required for Teaching majors. If they have more than 48 credits in addition to the 30 professional education credits, teaching majors are not considered broad majors. This does not prohibit a teaching major from requiring a minor. All teaching majors must have a minimum of 32 required credits outside of the required 30 credits in professional education.

Major and Minor in Same Discipline. Please note that for any degree program, completion of a major and a minor in the same discipline is not permitted. Usually a minor is not required if two or more majors are completed on the same degree. Some majors do require specific minors to be completed.

BACCALAUREATE DEGREES

The baccalaureate degrees available are Bachelor of Applied Science (BAS), Bachelor of Arts (BA), Bachelor of Fine Arts (BFA), Bachelor of Science (BS), Bachelor of Science in Civil Engineering (BSCE), Bachelor of Science in Computer Engineering (BSEC), Bachelor of Science in Electrical Engineering (BSEE), Bachelor of Science in Engineering (BSE), Bachelor of Science in Mechanical Engineering (BSME), and Bachelor of Science in Social Work (BSSWV). Students seeking a teaching license or a major in teaching must complete at least 120 credits (or up to 128 for certain programs).

Bachelor of Arts (BA). The Bachelor of Arts degree emphasizes both breadth and depth in its curriculum.

BA candidates usually complete a major not exceeding 40 semester credits and a minor not exceeding 20 semester credits, plus general education and elective credits. Certain broad majors which exceed 47 semester credits do not require the completion of a minor.

BA degrees require completion of one full sequence (minimum 8 credits) of a single modern language (including American Sign Language) at the elementary or intermediate level. Please consult the Department of World Languages & Cultures for acceptable sequences.
UNIVERSITY AWARDS

BA candidates who wish to qualify as secondary school teachers may do so by completing the requirements for the Bachelor of Science (teaching) plus the professional education and other secondary teaching requirements described in the Bachelor of Science program for licensure. Students will then earn a Bachelor of Science (teaching) in addition to, or instead of the Bachelor of Arts. They may alternatively choose to complete the Master of Arts in Teaching degree described in the Minnesota State Mankato Graduate Catalog.

Bachelor of Fine Arts (BFA). The Bachelor of Fine Arts degree program is designed for students who desire a professional career in the Fine Arts, Creative Writing and Theatre.

Bachelor of Science (BS). The Bachelor of Science degree program emphasizes professional or technical preparation. BS candidates usually complete a major not exceeding 40 semester credits and a minor not exceeding 20 semester credits, plus general education and elective credits. Certain broad majors which exceed 47 semester credits do not require the completion of a minor.

Bachelor of Science in Electrical Engineering (BSEE). This degree is a professional degree designed for students planning a career in Electrical Engineering.

Bachelor of Science in Civil Engineering (BSCE). This degree is a professional degree designed for students planning a career in Civil Engineering.

Bachelor of Science in Computer Engineering (BSEC). This degree is a professional degree designed for students planning a career in Computer Engineering.

Bachelor of Applied Science (BAS) This degree is designed for students with an appropriate 2-year degree and who participate in an extended internship program. Currently offered is a BAS in Computer Application Development.

Bachelor of Science in Engineering (BSE). This degree is a professional degree designed for students planning a career in Engineering. Students can choose a technical focus area within the project-based programs.

Bachelor of Science in Mechanical Engineering (BSME). This degree is a professional degree designed for students planning a career in Mechanical Engineering.

Bachelor of Science in Social Work (BSSW). This degree is designed for students preparing for a professional career in the social work field.

ASSOCIATE DEGREES

Associate of Arts (AA). The Associate of Arts (AA) degree can only be earned through the Liberal Studies program. Students must complete the general education requirements plus 16 credits of lower division electives for a total of 60 semester credits. This Associate of Arts (AA) degree is intended for those students who wish to pursue a two-year balanced program of liberal education.

CERTIFICATE

These programs provide evidence of specialized study and expertise in given fields. A certificate is awarded to students who satisfactorily complete a prescribed course of study and/or a qualifying examination. Program descriptions, with specific requirements, are given under departmental headings.

INFORMATION FOR STUDENTS

ADMISSION TO THE UNIVERSITY

Applicants who have previously not attended any post-secondary institution (exclusive of courses taken through a Post-Secondary Enrollment Options (PSEO) program) are considered for admission to Minnesota State University, Mankato based on the University’s admission requirements for new entering first year students, new entering nontraditional students, and new entering international students. Applicants who have previously attended any post-secondary institution after graduating from high school (exclusive of courses taken through a PSEO program) are considered for admission to Minnesota State Mankato based on the University’s admission requirements for transfer students.

To view the complete Undergraduate Admissions policy, see http://www.mnsu.edu/atoc/policies/

COURSE DESIGNATOR AND NUMBERING SYSTEM

Each course is identified by a 2-4 alpha character code called a course designator that indicates the program or department housing the course. The listing of course designators used at Minnesota State Mankato are below.

A course designator is followed by a 3-digit numeric code indicating course level. Undergraduate courses are numbered 001-499. 001-299 indicate lower division courses and 300-499 indicate upper division courses. To be eligible to graduate with a bachelor’s degree from Minnesota State Mankato a student must have completed at least 40 semester hours of upper division courses. Students must be admitted to their major first to be able to take 300-400 level classes.
OFFICIAL WITHDRAWAL FROM THE UNIVERSITY

https://www.mnsu.edu/campushub/payments/withdrawalinfo/

Official Withdrawal is defined as terminating enrollment in all registered courses for an academic semester at Minnesota State University, Mankato. Refunds/credits of tuition and fees for withdrawal are based on the Minnesota State Colleges and University’s refund policy, http://www.mnscu.edu/board/policy/512.html

SATISFACTORY ACADEMIC PROGRESS

Satisfactory Academic Progress for undergraduate students is defined as:
• Achieving a Minnesota State University, Mankato ("local") cumulative grade point average (GPA) of 2.0 or higher. Transfer credits are not included in calculating satisfactory GPA.
• Maintaining a cumulative satisfactory credit completion rate of at least 67%. (Transfer credits are included in calculating satisfactory credit completion rate).

To view the complete Satisfactory Academic Progress Standards (SAPS) for Undergraduate Students policy, see http://www.mnsu.edu/atoz/policies/

STUDENT COMPLAINTS

Minnesota State University, Mankato has a commitment to a respectful learning environment. Students have the right to seek remediation when they believe a campus office/department or Minnesota State employee treated them in an improper, unfair or arbitrary manner. Students are encouraged to resolve the matter informally before initiating this process. Students seeking advice may contact the Minnesota State Student Association or an academic advisor.

To view the complete Student Complaints and Grievances policy, see http://www.mnsu.edu/atoz/policies/

TUITION AND FEES

Minnesota Statute 136F.06, Powers and Duties, and Minnesota Statutes § 136F.70, Tuition; Fees; Activities Funds provide that the board shall set tuition and fees and adopt suitable policies for the colleges and universities it governs. All colleges and universities shall charge tuition and fees consistent with Minnesota Statutes, board policies, and system procedures. The Board shall approve the tuition and fee structure for all colleges and universities. The chancellor or designee is authorized to make any necessary technical adjustments to the tuition rates and fees. Technical adjustments are defined as changes in tuition and fee rates which are deemed a correction or the addition of a program rate for a new program established in the interim.

To view the complete Minnesota State Colleges & Universities Tuition and Fees policy, see http://www.mnscu.edu/board/policy/511.html

To view Minnesota State Mankato’s tuition and fees schedule for the current term, see http://www.mnscu.edu/campushub/tuition_fees/

TUITION REFUND APPEAL

https://www.mnsu.edu/campushub/payments/tuitionrefundappeal/

Appeals are granted only in cases of rare and extreme circumstances and are not granted for failure to cancel or non-attendance.

UNDERGRADUATE TRANSFER

Minnesota State University, Mankato complies with the MnSCU system policy and procedures including Undergraduate Course Credit Transfer Policy and Procedure, the Minnesota Transfer Curriculum, and Transfer Rights and Responsibilities.

To view the complete Acceptance and Evaluation of Transfer Credits policy, see http://www.mnsu.edu/atoz/policies/
ADVISORY

ADVISORY ACADEMIC PROGRAM PLANNING

Academic planning should begin early in your first year at Minnesota State Mankato, and your academic advisor will be the individual to help you assess your individual needs and plan an academic program based on your interests and career goals. As you progress through your program, your academic advisor, in conjunction with other advising staff, can assist you in a variety of ways: selecting courses each semester, changing or choosing a major, satisfying general education requirements, exploring career interests and opportunities, identifying campus resources to assist you, referring you to opportunities for scholarships, internships, and undergraduate research; and assisting you with any academic difficulties you may encounter.

As a new student at Minnesota State Mankato you are assigned an academic advisor based on your major choice during orientation. If you are unsure about your major when you first enroll, you would be assigned to one of the academic advisors in New Student & Family Programs who work especially with students who have not decided on a major. We encourage you to work closely with an academic advisor throughout your Minnesota State Mankato career.

ADVISORY RESOURCES

Major Advising. Once you have selected a major or general area of study you wish to pursue, your advising services will be provided by your major college. Each Minnesota State Mankato College has a Student Relations Coordinator (SRC) who serves as a primary resource and advising contact for those interested in any of the College majors or departments. The Student Relations Coordinators provide general academic and program assistance to prospective, current, and returning Minnesota State Mankato students. Some Colleges also offer “Advising Centers,” which provide additional advising services and staff.

COLLEGE ADVISING RESOURCES

ALLIED HEALTH

Shirley Murray, Student Relations Coordinator, 124 Myers Field House, 507-389-6315

ARTS & HUMANITIES

Gina Maaths-Zorbey, Student Relations Coordinator, 226B Armstrong Hall, 507-389-1712

BUSINESS

Linda Merdi, Student Relations Coordinator, College Advising Center, 151 Morris Hall, 507-389-2963

EDUCATION

Myique Bader, Student Relations Coordinator, College Advising Center, 117 Armstrong Hall, 507-389-1215

NURSING

Kasi Johnson, Nursing Advisor, 360 Wissink Hall, 507-389-6022

SCIENCE, ENGINEERING AND TECHNOLOGY

Ken Adams, Student Relations Coordinator, 131 Trafton Science Center South, 507-389-1521

SOCIAL AND BEHAVIORAL SCIENCE

Melissa Iverson, Student Relations Coordinator, College of Social and Behavioral Sciences Advising “U” Center, 114 Armstrong Hall, 507-389-2416

COORDINATOR FOR NEW STUDENT AND FAMILY PROGRAMS

Sara Granberg-Rademacker, Student Relations Coordinator, New Student & Family Programs, 103 Preska Residence Community, 507-389-5498

If you have not yet selected a major, or are considering a variety of options, you may choose to be an Interdisciplinary Studies major. If this is your situation, your initial academic advisor will be assigned through the New Student & Family Programs Office.

Multicultural Affairs, 22 Centennial Student Union, 507-389-6300
Student Support Services, 355 Wiering Center, 507-389-2797

DECLARING VS. ADMISSION TO MAJOR

Students can declare a major at any point and ask to be assigned to an advisor in their major. Declaration is the simple process of having the student records system updated to indicate what major a student is interested in pursuing and assigning an advisor based upon that interest. Students interested in majors in:

• The colleges of Allied Health, Science, Engineering, Technology, Business; and
• The School of Nursing should go to the Student Relations Coordinator or advising center for that college/program

• The colleges of Arts and Humanities & Social Behavioral Sciences should be referred to individual departments.

Admission to Major. Involves gaining permission to take 300-400 level course work and pursue graduation from a major. Students will be admitted to a major based on requirements established by the major and monitored by a department. University minimum requirements for admission to a major are having earned 32 credits/hours and a “2.0” cumulative grade point average. Many departments have additional requirements which can be found in the Undergraduate Catalog in the department/major listing. Additional requirements may include, but are not limited to: completion of prerequisite courses; higher grade-point averages for admission to major and/or graduation from the program; testing; and other forms of evaluation or portfolios.

Required Advising. Many Minnesota State Mankato majors REQUIRE that a student meet with their assigned academic advisor before registering each semester. If your major requires advising, your advisor would need to provide you with a registration “access code” before you would be able to register for courses.

DARS

DARS is an acronym for Degree Audit Reporting System. It is a computer program that produces advising information illustrating a student’s progress in fulfilling the graduation requirements of their chosen degree program for undergraduate students. DARS accomplishes its task by using a student’s degree program information (degree, major, minor, catalog year), on file in the student records system, to create a generic template that includes the specialties within a particular major. DARS then feeds all of a student’s courses through this template to fill in the blanks. When the process is complete a document (called an audit) is produced showing where the student’s courses fit in, according to each specialty, and which are left to be done. The audit can then be used to monitor a student’s progress and give a detailed assessment of what University requirements are yet to be satisfied.

DARS is not a replacement for the advising process whereby students are in communication with their department and assigned advisor. DARS should also not be considered a replacement for the University catalog, although the DARS program is based very heavily upon that document. The DARS program is a tool to assist students and advisors. Though DARS produces an accurate report of a student’s graduation progress, infrequently some items cannot be checked for or taken into account. For example, audits do display the results of nearly all departmental substitutions and waivers, but there are some situations that cannot be dealt with via DARS. Many of these items are handled via the advising process and are done manually within the graduation process.

Questions concerning DARS should be directed to DARS-Questions@mnsu.edu

Ordering an Audit

There are three ways that students can obtain audits:

• order their own via eServices
• request an audit at the Campus Hub
• request an audit at their department or advising center

COURSE OFFERINGS INFORMATION

This catalog lists course offerings for the academic year beginning with fall semester 2016. This listing is as accurate as possible when the catalog is compiled. Students are advised, however, that all information regarding course offerings is subject to change, and it is recommended that students check the course schedules prior to each term. The University reserves the right to withdraw or modify any course or to change instructors.

Contact Hour. One 50-minute period (minimum) of class group activity under supervision.

Writing Intensive “W” Designator. In certain cases, the 3-digit number may be followed by the letter “W”, which indicates that the course satisfies the writing intensive graduation requirement, whereas the other course with the same designator (and no “W”) does not. Credit will not be given for two courses with the same designator, regardless of GE writing intensive satisfaction.

Sections. Individual course sections differentiated in the course schedules, but are not indicated in this catalog.
Number of Credits. The number of credits is listed in parentheses after the course number. If the course is offered for variable credits, e.g., (1-4), the student will need to work with an advisor to determine the appropriate number of credits for which a certain course should be taken, and should register for the course accordingly. Permission is required for variable credit courses.

Prerequisites. Students can be dropped from a course for which they are not found to have met the prerequisites. Some courses require prerequisites and/or co-requisite courses. These are listed at the end of the course descriptions in this catalog. In some cases, prerequisites are “enforced.” If so, you would be unable to register without first verifying that you have completed the required prerequisite course. It is the student’s responsibility to review prerequisite requirements, and register for the appropriate level course. Questions about prerequisite course requirements should be directed to your academic advisor, the College Advising Center, or the department offering the course.

General Education and Diverse Cultures Satisfaction. Courses approved as satisfying General Education requirements are symbolized after the course description. For example, a course satisfying Goal Area 4 will be denoted as GE-4. Similarly, courses approved as satisfying the Diverse Cultures Graduation Requirement will be denoted as Diverse Cultures-Purple and Diverse Cultures-Gold after the description. If a course satisfies both a General Education and a Purple course requirement, for example, in Goal Area 5, it will be denoted as Diverse Cultures-Purple and under this, GE-5. If a course satisfies both a General Education and a Gold course requirement in Goal Area 5, it will be denoted as Diverse Cultures-Gold, followed by GE-5.

UNDERGRADUATE GRADUATE REQUIREMENT: GENERAL EDUCATION

General Education courses that also satisfy the Diverse Cultures Graduation Requirement as either a Purple or Gold course are identified in the Goal Areas by a P for Purple and a G for Gold. (Example = ENG211 WP)

GENERAL EDUCATION MINNESOTA TRANSFER CURRICULUM.
Completion of the Minnesota Transfer Curriculum fulfills the General Education requirement for any Minnesota public institution. Students transferring with a completed Minnesota Transfer Curriculum will satisfy Minnesota State Mankato’s General Education requirement. Completion of goal areas within the Minnesota Transfer Curriculum will be accepted as completion of that same goal area at Minnesota State Mankato. Individual competencies will be evaluated and transferred on a course-by-course basis. Students transferring from Minnesota State Mankato to another Minnesota public institution of higher education will have fulfilled the Minnesota Transfer Curriculum if they have completed 40 credits of required courses in the following ten goal areas: Communication, Critical Thinking, Natural Science, Mathematical/Logical Reasoning, History and the Social and Behavioral Sciences, Humanities and the Arts, Human Diversity, Global Perspective, Ethical and Civic Responsibility, and People and the Environment. Goal areas 11-13 are part of the General Education curriculum at Minnesota State Mankato but not goal areas in the Minnesota Transfer Curriculum.

Why General Education?
The General Education program integrates a broad foundation of knowledge and skills with the study of contemporary concerns. The goals and competencies within the curriculum are reflective of those capabilities essential for all college-educated adults facing the twenty-first century, including:

1. Skills needed for effective understanding and communication if ideas through reading, listening, critical and integrative thinking, writing, speaking, and technological literacy.
2. Exploration of various ways of knowing through study of the content, methods of inquiry and creative modes of a broad spectrum of disciplines.
3. Our common membership in the human community, coupled with awareness that we live in a diverse world.
4. The interrelatedness of human society and the natural environment and the ethical dimensions of political, social, and personal life; and

GENERAL EDUCATION GUIDELINES

1. A total of 44 credits must be completed to satisfy the General Education program at Minnesota State Mankato.
2. Students transferring with the Minnesota Transfer Curriculum completed will be considered to have completed the Minnesota State Mankato General Education requirements.
3. While included in General Education at Minnesota State Mankato, goal areas 11, 12, and 13 are not part of the Minnesota Transfer Curriculum.
4. A single course may be placed in more than one goal area. Each credit in any of these courses, however, may be counted only once in meeting the 44 credits requirement.
5. The Critical Thinking Goal Area 2 may be satisfied either by taking a course or by the satisfactory completion of the other General Education goal areas.
6. In each goal area where two courses are required (i.e., 3, 5, and 6), students are required to take courses from different disciplines.
7. To count as General Education credit, students may take no more than two courses or eight (8) credits, whichever is greater, from the same discipline. The only exception to this policy is for English Composition (ENG 101, CMST 100, CMST 102).
8. For Bachelor of Science degrees in Electrical, Civil, Computer, Integrated or Mechanical Engineering, and the Nursing degree, general education requirements differ. See the program requirements for a detailed explanation of general education coursework for these degree programs.
9. The General Education requirements of the Associate of Arts degree are the same as for the Bachelor’s degree.
10. General Education courses that also satisfy the Diverse Cultures graduation requirement as either a Purple or Gold course are identified by a “P” for Purple and a “G” for Gold.
11. General Education courses that also satisfy the Writing Intensive graduation requirement are identified by a “W” for Writing Intensive.
12. Some general education courses may also be required courses for your major. Please consult your advisor for information about the general education courses you may need to take specifically for your major degree.

GOAL AREA 1: COMMUNICATION

Goal: To develop writers and speakers who use the English language effectively and who read, write, speak, and listen critically. At a base, all students should complete introductory communication requirements early in their college studies. Writing competency is an ongoing process to be reinforced through writing intensive courses and writing across the curriculum. Speaking and listening skills need reinforcement. There are multiple opportunities for interpersonal communication, public speaking and discussion.

Part A: English Composition
Requires one course, 3 credits or more, with a grade of at least “P” or “C” (2.0). A grade of “C” does not satisfy this goal area.

Goal: The goal is to provide students with

1. a rich understanding of how writing works
2. guided opportunities to apply this understanding in specific writing situations
3. experience analyzing, researching, and writing for academic writing situations
4. opportunities to reflect on the development of their writing knowledge and skills

Students will be able to:
(a) draw upon strategies for idea generation, drafting, revision, design, and editing
(b) analyze and produce texts guided by basic rhetorical concepts
(c) practice critical reading skills, including the ability to identify genre conventions and evaluate the claims, evidence, and reasoning in a text
(d) demonstrate effective research processes, including the ability to gather academic and nonacademic sources and assess their quality and suitability for the writing situation
(e) integrate sources in their writing to achieve specific aims, making appropriate use of summary, paraphrase, quotation, and citation conventions
(f) explain their writing choices, using concrete examples to support their claims
(g) employ syntax and usage appropriate to academic disciplines and the professional world

Courses which satisfy this goal area are:
Course Credits Title/Goal Area(s)
ENG 101 (4) Composition 1A
ENG 104 (4) Stretch Composition II 1A

Part B: Speech and Oral Reasoning
(Requires one course, 3 credits or more)

Goal: To develop skills necessary for reasoned communication. Courses in this goal area will require individual public speaking which is critiqued by the instructor. Speaking and reasoning competency is an ongoing process which needs to be reinforced throughout the curriculum.

Students will be able to:
(a) understand/demonstrate communication processes through invention, organization, drafting, revision, editing and presentation
(b) participate effectively in groups with emphasis on listening, critical and reflective thinking, and responding
(c) analyze, evaluate, and synthesize in a responsible manner material from diverse sources and points of view
(d) select appropriate communication choices for specific audiences
(e) construct logical and coherent arguments
(f) use authority, point of view, and individual voice and style in communications
(g) employ syntax, usage and analytical techniques appropriate to academic disciplines and the professional world

Course(s) which satisfy this goal area include:
Course Credits Title/Goal Area(s)
CDIS 201 (3) Observation of Human Communication 1B
CMST 100 (3) Fund of Communication 1B
CMST 102 (3) Public Speaking 1B
CMST 312 (4) Prof Communication & Interviewing 1B
POL 234 (3) Model United Nations 1B, 8

GOAL AREA 2: CRITICAL THINKING

(Requires completion of the rest of the General Education Program or one course)

Goal: To develop critical thinking, communication, and problem solving skills.

Courses in this goal area must focus on skill development and throughout the course will provide opportunities to exercise skills although the exercise of skills requires a subject matter, the emphasis in this goal area will be on skill development. The skills will not be ones that are specific to the practice of a particular discipline or area of inquiry but rather will be those that are common to different disciplines and different areas of inquiry.

Students will be able to:
(a) gather and analyze information of various kinds, employing formal or informal tools to represent information in ways useful for solving problems;
### Course(s) which satisfy this goal area include:

#### Course Credits Title/Goal Area(s)

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
<th>Title/Goal Area(s)</th>
</tr>
</thead>
</table>

### GOAL AREA 3: NATURAL SCIENCE

(Requires two courses from different disciplines, 6 credits or more. At least one course must have a laboratory)

**Goal:** To improve students' understanding of natural science principles and of the methods of scientific inquiry, i.e., the ways in which scientists investigate natural science phenomena. Students should be encouraged to study both the biological and physical sciences.

Students will be able to:

(a) develop understanding of scientific theories;

(b) formulate and test hypotheses in either laboratory, simulation, or field experiences;

(c) communicate his/her experimental findings and interpretations both orally and in writing;

(d) apply the natural science perspective to society issues.

**Course(s) which satisfy this goal area include:**

- ANTH 120 (3) Forensic Science: An Anthropological Approach 3, 10
- ANTH 201L (3) Introduction to Archaeology 3, 10
- ANTH 220L (4) Human Origins 3
- AST 101 (3) Introduction to Astronomy 3
- AST 102 (3) Introduction to the Planets 3
- AST 104L (4) Introduction to Experimental Astronomy 3
- AST 115 (2) Life in the Universe 2, 3
- BIOL 100L (4) Our Natural World 3
- BIOL 102 (3) Biology of Women 3
- BIOL 103WL (3) Introduction to Biotechnology 3
- BIOL 105L (3) General Biology 3
- BIOL 105VL (4) General Biology 4
- BIOL 207L (4) Microbiology 3
- CHEM 100L (4) Chemistry in Society 3
- CHEM 104 (3) Introduction to Chemistry 3
- CHEM 106 (3) Chemistry of Life Processes 3
- CHEM 111L (3) Chemistry of Life Processes 2, 3
- CHEM 131 (3) Forensic Science 3, 9
- CHEM 134 (3) Mind Altering Substances 3
- CHEM 135 (3) Science of Sport 3
- CHEM 191 (3) Chemistry Applications 2, 3
- CHEM 201L (3) General Chemistry 1, 2
- EET 112 (3) Elementary Electricity and Electronics 3
- EET 118 (3) Electricity - Generation, Usage & Green Alternatives 3, 8
- FCS 140 (3) Introduction to Nutrition 3

### GOAL AREA 4: MATHEMATICAL/LOGICAL REASONING

(Requires one course, 3 credits or more, with a grade of at least "P" or "C", i.e. 2.0. A grade of “C-” does not satisfy this goal area)

**Goal:** To increase students' knowledge about mathematical and logical modes of thinking. This will enable students to appreciate the breadth of applications of mathematics, evaluate arguments, and detect fallacious reasoning. Students will learn to apply mathematics, logic, and/or statistics to help them make decisions in their lives and careers. Students will be able to:

(a) illustrate historical and contemporary applications of mathematical/logical systems;

(b) clearly express mathematical/logical ideas in writing;

(c) explain what constitutes a valid mathematical/logical argument (proof);

(d) apply higher-order problem-solving and/or modeling strategies.

**Course(s) which satisfy this goal area include:**

- ANTH 260P (3) Vampires, Werewolves & Zombies: Folklore of Fear 5, 8
- ANT H 250WP (4) Portraits of Culture 5
- ANT H 102 (4) Ancient Peoples 5, 10
- AIS 230WP (3) American Indians of Minnesota 5, 7
- AIS 210P (3) Oral Traditions 5, 7
- AIS 103P (4) Our Dreaming 5, 7
- AIS 102P (4) The Story of American Indian Country to 1900 5, 7
- AIS 101P (3) Introduction to American Indigenous Studies 5, 7

### GOAL AREA 5: HISTORY AND THE SOCIAL AND BEHAVIORAL SCIENCES

(Requires two courses from different disciplines, 6 credits or more)

**Goal:** To increase students' knowledge of how historians and social and behavioral scientists discover, describe, and explain the behaviors and interactions among individuals, groups, institutions, events and ideas and to challenge students to examine the implications of this knowledge and its interconnection with action and living an informed life. Students will be able to:

(a) employ the methods and data that historians and social and behavioral scientists use to investigate the human condition;

(b) examine social institutions and processes across a range of historical periods and cultures;

(c) use and critique alternative explanatory systems or theories;

(d) develop and communicate alternative explanations or solutions for contemporary social issues.

**Course(s) which satisfy this goal area include:**

- ANTH 101P (4) Introduction to American Indigenous Studies 5, 7
- AIS 102P (4) The Story of American Indian Country to 1900 5, 7
- AIS 103P (4) The Story of American Indian Country 1900-Present 5, 7
- AIS 210P (3) Oral Traditions 5, 7
- AIS 210VP (3) Oral Traditions 5, 7
- AIS 220VP (3) Introduction to Tribal Sovereignty 5, 7
- AIS 230VP (3) American Indians of Minnesota 5, 7
- AIS 240P (3) American Indian Women 5, 7
- AIS 240VP (3) American Indian Women 5, 7
- ANT H 101P (4) Introduction to Anthropology 5, 8
- ANT H 102P (4) Ancient Peoples 5, 10
- ANT H 240G (4) Language and Culture 5, 8
- ANT H 250VP (4) Portraits of Culture 5
- ANT H 260P (3) Vampires, Werewolves & Zombies: Folklore of Fear 5, 8
### GOAL AREA 6: HUMANITIES AND THE ARTS

(Requires two courses from different disciplines, 6 credits or more)

**Goal:** To expand students’ knowledge of the human condition and human cultures, especially in relation to behavior, ideas, and values expressed in works of human imagination and thought. Through study in disciplines such as literature, philosophy, and the fine arts, students will engage in critical analysis, form aesthetic judgments, and develop an appreciation of the arts and humanities as fundamental to the health and survival of any society. Students should have experiences in both the arts and humanities.

Students will be able to:

(a) demonstrate awareness of the scope and variety of works in the arts and humanities;

(b) understand those works as expressions of individual and human values within an historical and social context;

(c) respond critically to works in the arts and humanities;

(d) engage in the creative process or interpretive performance;

(e) articulate an informed personal reaction to works in the arts and humanities.

### GOAL AREA 7: HUMAN DIVERSITY

**Goal:** To increase students’ understanding of individual and group differences, emphasizing the dynamics of race, gender, sexual orientation, age, class, and/or disabilities in the history and culture of diverse groups in the United States; the contributions of pluralism to United States society and culture; and issues—economic, political, social, cultural, artistic, humanistic, and education traditions—that surround such diversity. Students should be able to evaluate the United States’ historical and contemporary responses to group differences.

Students will be able to:

(a) understand the development of and the changing meanings of group identities in the United States’ history and cultures;

(b) demonstrate an awareness of the individual and institutional dynamics of unequal power relations between groups in contemporary society;

(c) analyze and evaluate their own attitudes, behaviors, concepts, and beliefs regarding diversity, racism, and bigotry;

(d) describe and discuss the experience and contributions (political, social, economic, artistic, humanistic, etc.) of the many groups that shape American society and culture, in particular those groups which have suffered discrimination and exclusion;

(e) demonstrate communication skills necessary for living and working effectively in a society with great population diversity.

### GOAL AREA 8: GLOBAL PERSPECTIVES

**Goal:** To increase students’ understanding of the growing interdependence of nations, traditions and peoples and develop their ability to apply a comparative perspective to cross-cultural social, economic, and political experiences. Students will be able to:

(a) describe, analyze, and evaluate political, economic, humanistic, artistic, social, and cultural elements which influence relations of nations and peoples in their historical and contemporary dimensions;

(b) demonstrate knowledge of cultural, social, religious and linguistic differences;

(c) analyze specific international problems illustrating cultural, economic, humanistic, social, and political differences which affect their solution;

(d) understand the role of a world citizen and the responsibility world citizens share for their common global future.

## GOAL AREA 9: ETHICAL AND CIVIC RESPONSIBILITY

**Goal:** To develop students’ capacity to identify, discuss, and reflect upon the ethical dimensions of political, social, and personal life and to understand the ways in which they can exercise responsible and productive citizenship. While there are diverse views of social justice or the common good in a pluralistic society, students should learn that responsible citizenship requires them to develop skills to understand their own and others positions, be part of the free exchange of ideas, and function as public-minded citizens.

Students will be able to:

(a) examine, articulate, and apply their own ethical views;
(b) understand and apply core concepts (e.g. politics, rights and obligations, justice, liberty) to specific issues;
(c) analyze and reflect on the ethical dimensions of social, legal, and scientific issues;
(d) recognize the diversity of political motivations and interests of others;
(e) identify ways to exercise the rights and responsibilities of citizenship.

## GOAL AREA 10: PEOPLE AND THE ENVIRONMENT

**Goal:** To increase students’ understanding of today’s complex environmental challenges. Students will examine the interrelatedness of human society and the natural environment. Knowledge of both biophysical principles and psychosocial cultural systems is the foundation for integrative and critical thinking about environmental issues.

Students will be able to:

(a) explain the basic structure and function of various natural ecosystems and of human adaptive strategies within those systems;
(b) discern and analyze patterns and interrelationships of the biophysical and psychosocial cultural systems;
(c) critically discern and analyze individual, social, and ecological dimensions of health;
(d) describe the basic institutional arrangements (social, legal, political, economic, health, ethical, religious) that are evolving to deal with environmental and natural resource challenges;
(e) evaluate critically environmental and natural resource issues in light of understandings about interrelationships, ecosystems, and institutions;
(f) propose and assess alternative solutions to environmental problems;
(g) articulate and defend the actions they would take on various environmental issues.

## NOTE

Goal areas 11-13 are part of the General Education curriculum at Minnesota State Mankato but not goal areas in the Minnesota Transfer Curriculum.
### GOAL AREA 12: FIRST YEAR EXPERIENCE

(Requires 0-1 credits)

**Goal:** To promote further development of student success skills, such as reading, writing and speaking; help students gain intellectual confidence; build in the expectation of academic success; and to provide assistance in making the transition to the University. Students will be able to:

- (a) experience higher personal expectations of his/her ability to meaningfully participate in academic life;
- (b) define and give examples of critical thinking;
- (c) interact with other students regarding academic matters;
- (d) affirm that careful thinking is an important aspect of the educational process;
- (e) make a comfortable transition to college life.

### GOAL AREA 13: INFORMATION TECHNOLOGY

(Requires 0-2 credits)

**Goals:** To familiarize students with the tools, concepts and societal impact of information technology and to develop the skills necessary to use this technology critically and effectively. Students will be able to:

- (a) use electronic information technology ethically and responsibly;
- (b) access and retrieve information through electronic media, evaluating the accuracy and authenticity of that information;
- (c) create, manage, organize and communicate information through electronic media;
- (d) demonstrate a working knowledge of information technology terms and concepts;
- (e) understand how computers function and the limits of computation and information technology;
- (f) recognize changing technologies and make informed choices in their use.

UNDERGRADUATE GRADUATION REQUIREMENT: DIVERSE CULTURES

Note. Students graduating under the 2016-2017 catalog will satisfy DCGR by taking 1 Purple and 1 Gold course or 2 Purple courses.

Goals and Outcomes. Minnesota State Mankato has adopted the following policy on the role of diversity in education:

Diversity at Minnesota State Mankato is a commitment to create an understanding and appreciation of diverse peoples and diverse perspectives; a commitment to create an academic, cultural, and workplace environment and community that develops mutual respect for all and celebrates our differences.

In keeping with the spirit of this commitment, all Minnesota State Mankato undergraduate students must satisfy the DCGR for graduation. For purposes of further clarifying the DCGR, diversity is defined in comprehensive terms as the many faceted ways in which human beings differ from one another. Often overlapping, these differences can include: age, gender, national origin, sexual orientation, mental/physical ability, race/ethnicity.

GRADUATION REQUIREMENTS:

Diverse Cultures Graduation Requirement – Purple and Gold Courses

1. Students pursuing a baccalaureate degree must take either:
   a. at least one (1) course for a minimum of 3 credits from the list of courses designated as Purple (Content) and at least one (1) course for a minimum of 3 credits from the list of courses designated as Gold (Experiential and Reflective), OR
   b. at least two (2) courses for a minimum of 6 credits from the list of courses designated as Purple (Content).

2. One Purple course for a minimum of 3 credits satisfies the Diverse Cultures requirement for the AA or AS degree issued by Minnesota State Mankato.

3. Transfer students who have taken between 30 and 59 credits will be granted 3 credits toward the Purple course requirement.

4. Transfer students who have taken 60 or more credits or have already received an AA degree will be granted 3 Purple course credits and 3 Gold course credits, thus satisfying their entire Diverse Cultures Graduation Requirement.

5. Students must take courses from at least two different disciplines to satisfy the Diverse Cultures Graduation Requirement.

6. Students are encouraged to complete the Purple course requirement prior to completion of the Gold course requirement.

DIVERSE CULTURES - PURPLE (Content-Based)

To prepare students with course content and the analytical and reflective skills to better understand diversity in the United States and in other societies across the world.

Learning Outcomes

Students will be able to:

1. Master an understanding of diversity as defined by Minnesota State Mankato.
2. Acquire a substantive knowledge base to identify the impact of oppression for individuals from diverse populations.
3. Obtain the analytical skills necessary to make links between historical practices and contemporary U.S. societal issues of diversity.
4. Apply the same method for interpreting diversity issues in the United States to understanding issues of diversity in other societies across the world.
5. Develop an understanding of historical and contemporary social relations in specific societies across the world.

Satisfying Purple Courses

1. Purple courses are primarily aimed at helping students learn content.
2. Purple courses allow students to explore basic concepts such as oppression, prejudice, discrimination, racism and ethnocentrism and responses to each; civil liberties in the context of economic, political, social, religious and educational issues of race, gender, sexual orientation, age, class and disabilities in a pluralistic society.
3. Although Purple courses may focus primarily on one diverse group of people, the course content should relate the basic concepts and issues discussed to a variety of groups.
4. Courses must meet Purple learning outcome 1 and at least two of the other Purple learning outcomes.
5. Purple courses may have experiential and reflective components, but the primary focus is on content.

DIVERSE CULTURES - GOLD (Experiential & Reflective)

To give students learning opportunities to experience diversity with reflection supervised by a faculty member, to assist them in recognizing and responding to conditions of marginalized populations. Marginalized populations refer to specific groups of peoples or individuals that are relegated to the outer edges of society or social standing, both in this country and abroad. Such people are often denied access to resources and privileges available to mainstream society.

Learning Outcomes

Students will be able to:

1. Interact with individuals from diverse populations outside the classroom and to have the opportunity to reflect on such interactions.
2. Demonstrate an acquisition of the basic knowledge and understanding of diversity related concepts so that the student's experience will have meaning and context.
3. Integrate classroom knowledge with experiential learning in analyzing and responding to conditions of marginalized populations.

Students will explore basic concepts such as oppression, prejudice, discrimination, racism and ethnocentrism and responses to each; civil liberties in the context of economic, political, social, religious and educational issues of race, gender, sexual orientation, age, class and disabilities in a pluralistic society.

Satisfying Gold Courses

1. Gold courses require students have experiential encounters with diverse cultures and reflect on those experiences as part of the course requirements.
2. Gold courses must contain sufficient content regarding interactions with diverse populations to establish a context and conceptual base for the student to effectively reflect on the experiences.
3. Gold courses should present content that allows students to explore basic concepts such as oppression, prejudice, discrimination, racism and ethnocentrism and responses to each; civil liberties in the context of economic, political, social, religious and educational issues of race, gender, sexual orientation, age, class and disabilities in a pluralistic society.
4. Courses must meet all three Gold learning outcomes.

Curricular Procedures. The Diverse Cultures Graduation Requirement was made effective beginning with the 2009-2010 academic year. Courses that met the university’s previous Cultural Diversity requirement will not automatically be included in the list of Purple and Gold courses that meet the new requirement.

Departments will need to submit course proposals through the Curriculum Design System (CDS) to include these courses in the new requirement all course submissions for consideration as either Purple or Gold courses will be reviewed in a manner consistent with all other curricular proposals.

An individual course may be either a Purple course or a Gold course, but not both. Any 100-400 level undergraduate course that meets the relevant goals and outcomes may be included among the Purple and Gold courses. No consideration will be given to proposals that limit participation to specific sections of a course.

Only courses in their entirety, not specific sections of courses, are eligible for designation as Purple or Gold courses.

Courses without specific content (e.g., independent study, individual studies, directed readings, topics, internships, practicums, and field experience courses) will generally not be considered Purple or Gold courses. Exceptions may be made for specific cases if potential for achievement of the Purple or Gold course outcomes can be clearly demonstrated prior to registration for the course in question.

All Purple and Gold courses will undergo systematic assessment as established by the university’s curricular committees all departments and programs with Purple or Gold courses are expected to fully participate in the DCGR assessment process.
UNDERGRADUATE GRADUATION REQUIREMENT: WRITING INTENSIVE

Minnesota State Mankato has adopted the following policy on the role of writing in education.

Goals and Outcomes. Writing at Minnesota State Mankato is a commitment to all undergraduate students that they are given ample opportunity to develop sound writing skills that enable them to succeed in their respective professions. Students will continue to develop skills taught in Composition, applying them in the context of a particular discipline.

Goals and Outcomes.
- In addition to demonstrating these competencies, students enrolled in upper-division writing-intensive courses will be able to:
  - Engage in effective writing processes, including the ability to generate ideas, draft, revise, format, and edit their work.
  - Use writing to grapple with course content and reflect on their learning.
  - Produce texts appropriate for an intended audience, purpose, and context.
  - Display strong technical skills in areas such as grammar, mechanics, and source documentation.

In keeping with the spirit of this commitment, all Minnesota State Mankato undergraduate students must satisfy the Writing Intensive graduation requirement for graduation. For purposes of further clarifying the Writing Intensive graduation requirement, ‘writing intensive’ is defined as 20 pages (250 words per page) of evaluated written work, spread across a course. The 20 pages of writing assigned in a Writing Intensive course might include a combination of informal, exploratory writing and formal, polished writing.

In addition to demonstrating these competencies, students enrolled in upper-division writing-intensive courses will be able to:
- Write in academic, professional, or public genres related to the discipline, displaying an understanding of the genres’ communicative functions and contexts.
- Locate, evaluate, analyze, and use source material or data in their writing.

In keeping with the spirit of this commitment, all Minnesota State Mankato undergraduate students must satisfy the Writing Intensive graduation requirement for graduation. For purposes of further clarifying the Writing Intensive graduation requirement, ‘writing intensive’ is defined as 20 pages (250 words per page) of evaluated written work, spread across a course. The 20 pages of writing assigned in a Writing Intensive course might include a combination of informal, exploratory writing and formal, polished writing.

At least 10 of the 20 pages must receive written feedback from instructors. Faculty are encouraged to solicit a draft or other preliminary work, provide written feedback on this writing—supplemented, whenever possible, with feedback from other students—and allow students time for revision and editing.

A portion of class time should be dedicated to writing instruction, and writing should play a significant role in the course grade.

Graduation Requirements:

Writing Intensive graduation requirements
1. Students pursuing a baccalaureate degree must take two (2) courses from different disciplines for a minimum of six (6) credits from the list of courses designated as writing intensive.

2. One (1) writing intensive course for a minimum of three (3) credits satisfies the Writing Intensive requirement for the AA degree issued by Minnesota State Mankato.

3. Transfer students who have taken thirty (30) or more credits or have already received an AA degree will be granted a minimum of three (3) Writing Intensive credits.

|-------------|-------------------------------|-----------|------------------------|--------|-------|
| (min. of 1 course/3 credits) | | | | |

| GOAL AREA 10 | PEOPLE & THE ENVIRONMENT | Satisfied │ MSU EQ transfer course | credit | grade |
|--------------|--------------------------|-----------|------------------------|--------|-------|
| (min. of 1 course/3 credits) | | | | |

| GOAL AREA 11 | PERFORMANCE & PARTICIPATION | Satisfied │ MSU EQ transfer course | credit | grade |
|--------------|-----------------------------|-----------|------------------------|--------|-------|
| (2-3 credits) | | | | |

| GOAL AREA 12 | FIRST YEAR EXPERIENCE | Satisfied │ MSU EQ transfer course(s) | credit | grade |
|--------------|-----------------------|-----------|--------------------------|--------|-------|
| (0-1 credits) | | | | |

| GOAL AREA 13 | INFORMATION TECHNOLOGY | Satisfied │ MSU EQ transfer course(s) | credit | grade |
|--------------|------------------------|-----------|--------------------------|--------|-------|
| (0-2 credits) | | | | |

| FOREIGN LANG | BA STUDENTS ONLY | Satisfied │ MSU EQ transfer course(s) | credit | grade |
|--------------|------------------|-----------|--------------------------|--------|-------|
| (1 year required/max. of 8 credits) | | | | |

GENERAL EDUCATION SATISFIED ________________ (________________________________) 

Transfer AS/AAS degrees must have: 40 credits in goal areas 1-10; a min of 1 course in each goal area 3-10; and one course in each part of goal area 1. Goal areas 2 and 11 are exempt.

The goal areas on this page form Minnesota State Mankato's General Education requirement (GE). Satisfaction of GE requires a minimum of 44 credits and completion of goal areas 1-11. BA degrees also require a year of a single foreign language; the language courses may double count for GE if they are approved for GE credit. Detailed information about GE and degree requirements can be found in the Undergraduate Catalog.

**Transfer GPA**

**Totals**

---

1. Consult the University Catalog for detailed information on graduation requirements.
2. Totals are not credited until all official transcripts have been received by University.
3. Consult with advisors/departments concerning use of courses in major(s) and minor(s).
4. To obtain a 4-year degree, students must have at least 30 credits from Minnesota State Mankato.
5. All credits on this form are semester credits – 1 semester credit equals 1.5 quarter credits.

---

**Symbols Used**

- < > the course is used in more than one goal area but the credits only count once towards the 44 credit requirement

PRE-PROFESSIONAL PROGRAMS

The purpose of preprofessional programs is to provide students with the intellectual and academic backgrounds they will need before continuing their education in degrees not offered at Minnesota State Mankato. Acceptance to professional educational institutions is contingent upon academic performance, so students enrolling in preprofessional programs should be highly motivated and realize they are expected to maintain standards of excellence. Advisors play an important role in guiding the students enrolled in such programs so students are urged to contact the advisor before enrolling.

**Required Electives** (16 credits)

A minimum of 90 hours are required to complete this program. The student should consult with the prechiropractic advisor in selecting the remaining 20 elective credits.

* There are no requirements for mathematics in this program; however, the student needs prerequisites in mathematics to take the courses in chemistry and physics.

This program meets the requirements for admission to most chiropractic schools. Students in the prechiropractic program should regularly consult with the prechiropractic advisor, since admissions requirements are subject to change.

**PRE-DENTAL**

College of Science, Engineering & Technology  
Advisory Team: M. Bentley, Ph. D., [for biology majors] M. Pomije, Ph. D. [for chemistry majors]

Specific course requirements for admission to dental school vary somewhat among the different dental schools in the United States. To be eligible for admission at a particular dental school, the student must fulfill the requirements of that school. Students are encouraged to keep themselves apprised of requirements for specific schools by consulting appropriate websites.

* The following list of courses is consistent with the courses required for admission to the University of Minnesota Dental School.

**English:** ENG 101, CMST 100 and an additional 4 credits of writing-intensive courses in English. (Students are encouraged to take ENG 271W and PHIL 222W as electives)

**Biology:** BIOL 105, BIOL 106 - students are encouraged to take additional electives from the following list to enhance their knowledge in basic biology: BIOL 211, BIOL 220, BIOL 270, BIOL 316, BIOL 320, BIOL 435, BIOL 475

**Physics:** PHYS 211, PHYS 212 or PHYS 212, PHYS 222

**Chemistry:** CHEM 201, CHEM 202, CHEM 322, CHEM 324, CHEM 325, CHEM 360. (Students are encouraged to take CHEM 305 as an elective)

**Mathematics:** MATH 112 and MATH 113 or MATH 115

**Psychology:** PSYC 101

Although a minimum of 87 semester credits are required for admission to the D.D.S. program at the University of Minnesota, most students enrolled have completed four or more years of college. To receive a baccalaureate degree from Minnesota State Mankato, the student must complete the requirements for general education, a major and possibly a minor. Dental schools look most favorably upon the academically well-rounded student who has a strong academic record and unique life experiences that engender a commitment to a career in dentistry. Students should pursue majors and minors in subjects of their own choosing, as dental schools accept applicants from all academic majors, provided admission pre-requisites are met. Majoring in one of the sciences—biology, biochemistry, chemistry, physics etc.—has the advantage of incorporating many or all of the courses listed above. Furthermore, the technical language of dental school is derived primarily from the disciplines of biology, chemistry, physics, mathematics and psychology. Sciences must include both lecture and laboratory instruction. Courses in biology, chemistry, and physics may be considered outdated by dental schools if taken more than five years before the time of application. Elective courses should be selected to achieve as broad and liberal an education as possible. Students who plan to enter dental school must take the Dental Admission Test (DAT). Typically, students begin the application process to dental school during the summer following their junior year. For their application to be complete, they must report their DAT scores. Consult the website of the American Dental Education Association for more information on the DAT and the application process.

**PRE-ENGINEERING**

College of Science, Engineering & Technology  
Advisor: CSET Advising Center

(choose one of the following options)

**Minnesota State Mankato OPTION**

These course guidelines are intended for those students who are uncertain of a specific engineering major, but plan to enter one of the Minnesota State Mankato engineering programs after their first academic year.

<table>

</table>

Student should explore their primary engineering interests at Minnesota State Mankato by enrolling in an introductory engineering course, such as EE 106 [3], ME 101 [2], or CIV 101 [2]. In addition, they should discuss their interests with their Pre-Engineering advisor and department chairpersons.

**TRANSFER OPTION**

These course guidelines are intended for students who plan to begin at Minnesota State Mankato and later transfer to another college or university engineering program. Engineering fields and institutions differ in their requirements, and students should contact programs they wish to enter for guidance. Courses recommended below are “fairly” standard, but are not guaranteed to provide required preparation for any specific program. Students should discuss their plans with the CSET Advising Center AND particularly with the university (or universities) to which they plan to apply.

**PRE-LAW**

Advisor: Susan Burum, Ph.D.

A student's grade point average and score on the Law School Admission Test are the primary factors on which law schools base their admission decisions. Law schools generally do not require a particular major field or any particular prescribed courses as pre-requisites for admission. Most law schools merely require a bachelor's degree.
Students should select a major field which interests them to increase the likelihood of a high GPA, and to allow them to specialize in a field of law that most interests them. Even though no particular pre-law major is best for all students, there must be substantial academic content in the pre-law education. Students should supplement their major field by taking intellectually demanding courses that will develop broad educational foundations and mental skills required of the successful law student or lawyer, the ability to analyze, reason, read carefully, think abstractly, and speak and write precisely. Elective courses might include U.S. government, U.S. history, philosophy, economics, communication, accounting, statistics, corporate finance, constitutional law, jurisprudence, logic, political theory, and at least one course in English composition beyond the first year level.

Students should contact the pre-law advisor for more detailed assistance on the manner in which their particular needs and interests may best be shaped into a suitable pre-law program.

The Pre-Law Association, a studentsponsored organization, is available for the purpose of encouraging communication and interaction among pre-law students on campus.

**PRE-MEDICINE**

College of Science, Engineering & Technology

Advisor: M. Bentley, Ph.D., G. Goellner, Ph.D., Marilyn Hart, Ph.D., R. Cohen, Ph.D., D. Sharlin, Ph.D.; Toma, Ph.D. (for biology majors)

M. Pomije, Ph.D. (for chemistry and biochemistry majors)

Specific course requirements for admission to medical school vary somewhat among the different medical schools in the United States. To be eligible for admission at a particular medical school, the student must fulfill the requirements of that school. Students are encouraged to keep themselves informed of requirements for specific schools by consulting appropriate websites. A typical set of requirements are:

**General Biology** (18 credits minimum)
- BIOL 105 and BIOL 106

Students are encouraged to take additional electives from the following list to enhance their knowledge in basic biology:
- BIOL 211, BIOL 220, BIOL 270, BIOL 316, BIOL 320, BIOL 330, BIOL 435, BIOL 474

**Chemistry with laboratory** (general, inorganic and organic chemistry, 14 credits minimum)

- General chemistry: CHEM 201, CHEM 202
- Organic chemistry: CHEM 322 and CHEM 323 OR CHEM 322 and CHEM 324
- Biochemistry: CHEM 360 OR CHEM 460

Students are encouraged to take CHEM 305 as an elective.

**Physics with laboratory** (8 credits minimum)
- PHYS 211 and PHYS 212 OR PHYS 221 and PHYS 222

**Mathematics** (introductory course in calculus and upper level statistics)
- MATH 121 and HLTH 475

**English or literature** (one year)
- ENG 101, and an additional 4 credits of writing intensive coursework in English. Students are encouraged to take ENG 271W as an elective.

**Social and Behavior Sciences and Humanities** (18 credits minimum)

- Students are encouraged to include PSYC 101, SOC 101 and PHIL 222W among these electives.

The completion of a baccalaureate degree is required for admittance to a medical school in most cases. Medical schools look most favorably upon the academically well-rounded student who has a strong scholastic record and unique life experiences that engender a commitment to a career in medicine. Students should pursue majors in subjects of their own choosing, as medical schools accept applicants from all academic majors, provided admission prerequisites are met. Majoring in one of the sciences—biology, biochemistry, chemistry, physics, etc.—has the advantage of incorporating many or all of the courses listed above. Furthermore, the technical language of medical science is derived primarily from the disciplines of biology, chemistry, physics, mathematics, and psychology. Students who plan to enter medical school must take the Medical College Admission Test (MCAT). Typically, students begin the application process to medical school during the summer following their junior year. For their application to be complete, they must report their MCAT scores. MCATs are offered on various dates throughout the year. Contact the website of the American Association of Medical Colleges for specifics. If you have questions, please contact your premedicine advisor.

**PRE-MORTUARY SCIENCE**

College of Science, Engineering & Technology

Advisor: Marie Slotemaker

**Required for Pre-requisites:**
- MATH 112 College Algebra (4)
- IT 101 Introduction to Information Systems (3)

**Required for Program**
- ACCT 200 Financial Accounting (3)
- BIOL 220 Human Anatomy (4)
- ENG 101 Composition (4)
- BIOL 100 Our Natural World (4) OR BIOL 105 General Biology I (4)
- CHEM 100 Chemistry in Society (4) OR CHEM 111 General Chemistry I (5)
- CHEM 201 Chemistry of Life Process Part II (Organic & Biochemistry) (5) OR CHEM 211 General Chemistry I (5)
- STAT 154 Elementary Statistics (3) OR PSYC 201 Statistics for Psychology (4)

**Recommended for Program**
- HLTH 101 Health & the Environment (3)
- HLTH 321 Medical Terminology (3)

Additional electives to meet the 60 credit transfer requirement.

This program has been designed to meet the transfer requirements of the University of Minnesota’s Mortuary Science Program. Completion of the MN Transfer Curriculum at the Associate of Arts Degree is recommended before students enroll in the Mortuary Science B.S. program. The transfer program requires a total of 60 semester credits completed while maintaining a minimum GPA of 2.5 on a 4.0 scale. The courses listed above are specified by the University of Minnesota. Additional courses should be selected with the help of an advisor. The American Board of Funeral Service Education (ABFSE) accredits Mortuary Science Programs throughout the United States. Accredited programs are found on their website: www.abfse.org. Students interested in Mortuary Science are strongly encouraged to consult the website to locate programs in their geographic area of interest and then to consult with an advisor at that institution in their first year.

**PRE-OCCUPATIONAL THERAPY**

Advisor: Mary Visser, PhD

Student Relations Coordinator: Shirley Murray

Phone: 507-389-2672

Phone: 507-389-5194

The Pre-Occupational Therapy curriculum is a natural and social science-oriented curriculum which meets the standard requirements for admission to most occupational therapy programs. The majority of schools require a Bachelor’s degree prior to application for admission, although some still accept students following two or three years of college preparation. It is important that students check requirements for their professional school of choice as some require classes in addition to those contained in this concentration. Most programs also require that the student take the Graduate Record Examination and score at a certain level.

**Pre-Occupational Therapy Concentration Courses at Minnesota State Mankato**

- BIOL 220 Human Anatomy (4)
- BIOL 330 Principles of Human Physiology (4)
- STAT 154 Elementary Statistics (3) OR CHEM 106 Chemistry of Life Process Part I (General) (3) OR CHEM 111 Chemistry of Life Process Part II (Organic & Biochemistry) (5)
- PSYC 101 Introduction to Psychological Science (4) OR PSYC 433 Child Psychology (4)
- PSYC 436 Adolescent Psychology (4) OR KSP 233 Human Development (3)
- PSYC 455 Abnormal Psychology (4) OR SOC 101 Introduction to Sociology (3)
- HLTH 321 Medical Terminology (3)
- HP 265 Orientation to Occupational and Physical Therapy (2)
- CMST 100 Fundamentals of Communication (3)

TOTAL: 32-39 credits
AOTA Website for Accredited OT Programs: http://www.aota.org/Educate/Schools/EntryLevelOT/38119.aspx

*Be sure to check the specific pre-requisite courses of programs you plan to apply to and tailor the above list to meet those requirements.

**Majors to Consider with Occupational Therapy Concentration:**
- Exercise Science
- Health Science: Community Health
- Psychology
- Child Development and Family Studies
- Biology

*Graduate programs generally do not specify what undergraduate major must be completed. They are concerned about your performance within the major (including GPA) and that you have successfully completed all pre-requisite coursework.

---

**PRE-OPTOMETRY**

| College of Science, Engineering & Technology |
| Advisor: Mike Lusch, Ph.D. |

The following courses satisfy requirements for admission to most colleges and schools of optometry. By the end of their first year at Minnesota State Mankato however, students should check the specific requirements of the college or school of optometry they plan to attend to ascertain exactly what is required for admission. Completion of a bachelor’s degree may be needed to be admitted to optometry schools and colleges.

**PRE-OSTEOPATHIC MEDICINE AND SURGERY**

| College of Science, Engineering & Technology |
| Advisor: Jim Rife, Ph.D. |

The majority of students admitted to a college of pharmacy have completed an undergraduate degree. Students interested in pharmacy often major in Biomedical Sciences (BS), Biochemistry (BA or BS), or Chemistry (BA or BS) because these majors include many of the same courses that are required prerequisites to pharmacy programs. The pre-pharmacy curriculum is designed to meet the prerequisites for admission to many pre-pharmacy schools, however the curriculum is not all inclusive as prerequisites vary between colleges of pharmacy. Therefore, requirements for particular pharmacy schools still need to be taken into consideration before substitutions for these courses are made. The Pharmacy College Admission Test (PCAT) is required for all applicants to colleges of pharmacy.

**Required for Pharmacy**

Sixty to 64 credits of coursework including the above are typically required by pharmacy programs. Substitutions for both science and non-science courses should be chosen after studying the requirements of particular pharmacy schools. Please contact a pre-pharmacy advisor.

---

**PRE-PHYSICAL THERAPY**

**Advising Team:** T. Solerio, Ph.D. (for biochemistry majors) M. Hadley, Ph.D., D. Quirk Dorf, Ph.D., D. Swart, Ph.D. T. Vurliche, Ph.D. (for chemistry majors)

The Pre-Physical Therapy curriculum is primarily a science-oriented curriculum which meets the standard requirements for admission to most physical therapy programs. The majority of schools require a Bachelor’s degree prior to application for admission, although some still accept students following two or three years of college preparation. It is important that students check requirements for their professional school of choice as some require classes in addition to those contained in this concentration. Most programs also require that the student take the Graduate Record Examination and score at a certain level.
Pre-Physical Therapy Concentration Courses at Minnesota State Mankato

**BIOL 105** General Biology I (4)
**BIOL 106** General Biology II (4)
**BIOL 220** Human Anatomy (4)
**BIOL 330** Principles of Human Physiology (4)

**PHYS 211** Principles of Physics I (4)
**PHYS 212** Principles of Physics II (4)

**MATH 112** College Algebra (4) AND
**MATH 113** Trigonometry (3) OR
**MATH 115** Precalculus Mathematics (4)

(Must meet PHYS 211 math requirement [4-8]

**STAT 154** Elementary Statistics (3)

**CHEM 201** General Chemistry I (5)
**CHEM 202** General Chemistry II (5)
**PSYC 101** Introduction to Psychological Science (4)
**PSYC 433** Child Psychology AND
**PSYC 436** Adolescent Psychology OR

**KSP 235** Human Development (3)
**PSYC 455** Abnormal Psychology (4)

**SOC 101** Introduction to Sociology (3)
(Recommendation only; see graduate program requirements)

**HLTH 321** Medical Terminology (3)
(Recommendation only; see graduate program requirements)

**HP 265** Orientation to Occupational and Physical Therapy (2)

TOTAL: 53-68 credits

AOTA Website for Accredited Physical Therapy Programs: http://www.apta.org/ProspectiveStudents/

*Be sure to check the specific prerequisite courses of programs you plan to apply to and tailor the above list to meet those requirements.

**MAJORS TO CONSIDER WITH PHYSICAL THERAPY CONCENTRATION:**

**Exercise Science**
**Health Science**
**Community Health**

*Graduate programs generally do not specify what undergraduate major must be completed. They are concerned about your performance within the major (including GPA) and that you have successfully completed all prerequisite coursework.

**PRE-PODIATRIC MEDICINE AND SURGERY**

College of Science, Engineering & Technology
Advisor: Jim Re, Ph.D.

The minimum requirements for admission to a college of podiatric medicine and surgery are the same as for osteopathic medicine and surgery. A minimum of 90 semester hours are required for admission; however, most students admitted to a college of podiatric medicine and surgery have completed undergraduate degrees. Students interested in podiatric medicine will find that majoring in Biomedical Sciences (BS), or Biochemistry (BA or BS) will provide them with appropriate undergraduate training. The Medical College Admissions Test is required for all applicants to colleges of podiatric medicine and surgery. Students in this program should regularly consult with the advisor.

**REQUIRED GENERAL EDUCATION** (78 credits)

**ENG 101** Composition (4)
**ENG 201W** Intermediate Writing (4)
**PSYC 101** Introduction to Psychological Science (4)

**SOC 101** Introduction to Sociology (3)

**RECOMMENDED SUPPORT COURSES** (4-7 credits)*

**MATH 112** College Algebra (4) AND
**MATH 113** Trigonometry (3) OR
**MATH 115** Precalculus Mathematics (4)

**REQUIRED FOR MAJOR** (35 credits)

**BIOL 105** General Biology I (4)

**BIOL 106** General Biology II (4)
**CHEM 201** General Chemistry I (5)
**CHEM 202** General Chemistry II (5)
**CHEM 322** Organic Chemistry I (4)
**CHEM 324** Organic Chemistry II (3)
**CHEM 325** Organic Chemistry II Lab (1)
**CHEM 360** Principles of Biochemistry (4) OR
**CHEM 460** Biochemistry I (3)
**PHYS 211** Principles of Physics I (4)
**PHYS 212** Principles of Physics II (4)

**REQUIRED ELECTIVES** (40-43 credits)

Electives to yield a total of 90 semester credits are required.

* There are no requirements for MATH in this program, however, the student needs prerequisites in math to take courses in chemistry and physics.

**PRE-VETERINARY MEDICINE**

College of Science, Engineering & Technology
Advisor: P. Knoblich D.V.M., Ph.D.

Specific course requirements for admission to veterinary schools vary somewhat. The following requirements are designed for application to the University of Minnesota Veterinary School. Students should use these requirements as a general guide and check specific requirements for other Veterinary Schools.

**REQUIRED FOR MAJOR** (Core, 49-53 credits)

**ENG 101** Composition (4)

Plus: one additional course, such as speech, literature, advanced writing, technical writing, etc.

**BIOL 105** General Biology I (4)
**BIOL 106** General Biology II (4)
**BIOL 211** Genetics (4)
**BIOL 270** Microbiology (4)
**CHEM 201** General Chemistry I (5)
**CHEM 202** General Chemistry II (5)
**CHEM 322** Organic Chemistry I (4)
**CHEM 323** Supplemental Organic Functional Group Chemistry (1)
**CHEM 360** Principles of Biochemistry (4)
**PHYS 211** Principles of Physics I (4)
**PHYS 212** Principles of Physics II (4)

(Choose one of the following options)

**MATH 112** College Algebra (4) AND
**MATH 113** Trigonometry (3) OR
**MATH 115** Precalculus Mathematics (4) OR
**MATH 121** Calculus I (4)

* Although the University of Minnesota specifically requires only MATH 112, Minnesota State Mankato PHYS 111 requires either both MATH 112 and MATH 113, or MATH 115 or higher as prerequisites.

**REQUIRED ELECTIVES** Liberal Education Courses (9-12 credits; 3 courses):
Choose 3 courses from

- Social Science
- Arts and Humanities
- History

**RECOMMENDED ELECTIVES**

**BIOL 220** Human Anatomy (4) AND
**BIOL 330** Principles of Human Physiology (4) OR
**BIOL 431** Comparative Animal Physiology (3)

Graduate Record Exam (GRE) must be taken.

Students are strongly encouraged to declare a major and work toward a Bachelor’s degree while completing the pre-veterinary coursework. Because of the extensive overlap of required courses with major’s courses, student commonly major in one of the biology or chemistry options.
# Accounting BS and Minor

**Accounting**

**College of Business**  
**Department of Accounting & Business Law**  
150 Morris Hall • 507-389-2965

Chair: Paul Brennan, Ph.D.

Faculty: E. Ahrens; J. Baird; P. Brennan; A. Habib; S. Johnson; O. Kim; B. Piker; K. Rosacker; J. Estall; F. Siagian

The accounting major is a professional program designed to prepare the student for work in one or more of three areas: public, industrial, or governmental/not for profit accounting.

**Academic Map/Degree Plan at [www.mnsu.edu/programs/#All](http://www.mnsu.edu/programs/#All)**

**Policies/Information**

Admission to a Major in the College of Business. Admission to a major in the College of Business typically occurs at the beginning of the student’s junior year. The student may choose to complete a degree in one or more of the following COB majors: Accounting, Finance, International Business, Management, or Marketing. Multiple criteria will be considered for admission to a major in the College of Business. Admission is competitive; meeting minimum requirements does not guarantee admission. Deadlines for application are: October 1 for Spring Semester and March 1 for Fall Semester.

Criteria Considered for Admission to the Accounting Major in the College of Business

1. Cumulative (including transfer) Grade Point Average: minimum 2.7
2. Credits and Courses: 33 completed credits of the 44 general education requirements
3. Completion of the following courses: IT 101, MATH 1130, ACCT 200, ACCT 210, BLAV 200, MGM 200, BUS 295, ECON 201, ECON 202, ECON 207.
4. Complete one of the following courses: PHIL 120W, PHIL 205W, PHIL 222W, PHIL 224W, PHIL 226W, PHIL 222W, PHIL 224W, PHIL 226W, PHIL 240W

**Academic Advising**

Students will initially receive their advising from the professional advisors in the College of Business Student Center. When a student applies to the College of Business (which is done during BUS 295), he/she will be assigned a faculty advisor in the major area of study. Questions regarding the assignment of advisors can be answered in the College of Business Advising Center, 151 Morris Hall, 389-2963.

**College of Business Policies**

Students who are business minors, non-business majors or those who are not seeking a four-year degree may take up to 24 credits in the College of Business.

**Residency**

Transfer students must complete a minimum of 30 resident credits at the upper division (300-400) level in the College of Business at Minnesota State Mankato.

**Transfer Students**

Transfer students must complete a minimum of 30 resident credits at the upper division (300-400) level in the College of Business at Minnesota State Mankato.

**GPA Policy**

Students must earn a minimum grade point average of 2.0 (“C”) on the total courses taken in the College of Business and a 2.25 overall GPA to meet graduation requirements.

To begin taking 300 level courses for the Accounting minor, students must have a cumulative GPA of 2.7 or higher.

**Accounting Majors or minors must earn a grade of “C” or better in required accounting and business law classes.**

**P/N Grading Policy**

No more than one-fourth of a student’s major shall consist of P/N grades.

**Assessment Policy**

The College of Business believes that the ongoing assessment of its programs makes a vital contribution to the quality of those programs and to student learning. Student participation is an important and expected part of the assessment process.

**Internships**

Students are strongly encouraged to participate in one or more internship programs related to their field of study before graduation. Qualifying internships may receive academic credit counting towards a student’s major, but are not required to be taken for credit. To receive academic credit, students must be registered during the semester the internship takes place. Registration instructions and other business internship resources can be found at: [http://cob.mnsu.edu/internship/irc.html](http://cob.mnsu.edu/internship/irc.html).

**Student Organizations**

Students are encouraged to participate in the Accounting Club. The club is designed to bring students together for both professional and social purposes. Professional activities provide members with a greater understanding of the accounting profession. These activities include speakers and tours, along with social activities.

The Council of Student Business Organizations (COSBO) which is comprised of the presidents of the organizations and the college representative of the Student Senate, works directly with the Dean’s office in the coordination of activities of the various organizations and sponsors activities of their own.

COURSES DESCRIPTIONS

BUS 100 (3) Introduction to Business and Business Careers
This course prepares students for success by exposing them to the requirements, expectations, resources and opportunities of the COB. Students will have business experiences and will develop professional skills.

BUS 295 (2) Professional Preparation for Business Careers
This course is required for admission to the College of Business for all business majors. The purpose of the course is to provide students with an overview of COB majors, allow students to create an academic plan for graduation, and develop professional skills needed for future job placement. Topics include cover letter and resume writing, interviewing skills, the process of networking, the internship program, etiquette skills, and requirements for graduation.

Fall, Spring

BUS 397 (3) IBE Practicum
BUS 397 is an applied course that entails developing, launching, managing, and closing a business with the cohort of students enrolled in the class. Students write and present a business plan as they seek financing for their startup company. The business startup experience creates a real-world context in which students can practice the concepts introduced in MGMT 330, MRKT 310, and FINA 362. BUS 397 is part of the United Prairie Bank Integrated Business Experience, and students must enroll concurrently in BUS 397 and sections of FINA 362, MGMT 330, and MRKT 310 that are designated for IBE students.
Prerequisite: Must be admitted to a major.
Corequisite: FINA 362, MGMT 330, MRKT 310
Fall, Spring

ACCT 200 (3) Financial Accounting
Prerequisite: IT 101 and MATH 112 or MATH 130
Fall, Spring

ACCT 210 (3) Managerial Accounting
Preparation and analysis of cost-based management reports: use of cost information to make short-term operating decisions and long-term capital decisions.
Prerequisite: ACCT 200
Fall, Spring

ACCT 220 (1) Accounting Cycle Applications
This course provides extensive hands-on practice applying all steps in the accounting cycle. Emphasis will be placed on completion of journal entries, adjusting entries, and preparation of financial statements.
Fall, Spring
Prerequisite: ACCT 200

ACCT 300 (3) Intermediate Financial Accounting I
An in-depth analysis of financial accounting concepts and procedures, and includes coverage of the income statement, balance sheet, time value of money, receivables and inventories.
Prerequisite: ACCT 200
Fall, Spring

ACCT 301 (3) Intermediate Financial Accounting II
Prerequisite: ACCT 300
Fall, Spring

ACCT 310 (3) Management Accounting I
Emphasizes product and service costing, including job order and process costing systems. Other related topics are budgeting, pricing, cost-volume-profit analysis, standards and variance analysis.
Prerequisite: ACCT 200 or ACCT 210
Fall, Spring

ACCT 311 (3) Management Accounting II
Contemporary managerial accounting and control systems including activity-based costing, strategic cost management, life cycle costing, Just-in-Time, inventory management, quality control, responsibility accounting. Other managerial issues include cost allocation, decentralization, performance and productivity evaluation, theory of constraints, transfer pricing, capital budgeting and international issues in cost management.
Prerequisite: ACCT 310
Variable

ACCT 320 (3) Accounting Information Systems
A discussion of various accounting information systems. Topics include documentation, internal control, system design, knowledge structures, database design, software evaluation, systems applications and current developments.
Prerequisite: ACCT 300
Fall, Spring

ACCT 330 (3) Individual Income Tax
The course examines the principles and procedures relating to the determination and computation of federal income taxes for an individual. Federal estate tax, gift tax, and income taxation of estates and trusts are also examined.
Prerequisite: ACCT 200, ACCT 210
Fall, Spring

ACCT 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information.
Prerequisite: At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply.
Fall, Spring, Summer

ACCT 400 (3) Advanced Financial Accounting
A study of accounting principles and concepts for mergers, acquisitions, consolidated statements, foreign currency translation, partnerships, and governmental/ not-for-profit.
Prerequisite: ACCT 301
Fall, Spring

ACCT 410 (3) Business Income Tax
The course examines the principles and procedures relating to the determination and computation of federal income taxes for various business entities including sole proprietorships, corporations, partnerships and tax-exempt entities. The course also covers tax research procedures.
Prerequisite: ACCT 300, ACCT 330
Fall, Spring

ACCT 421 (3) Assurance Services I
An overview of the external audit process, the issues facing the auditing profession today, and assurance services. Includes detailed coverage of the AICPA Code of Conduct, audit planning, substantive testing, auditors’ responsibilities for detecting fraud, and audit reports.
Prerequisite: ACCT 320
Fall, Spring

ACCT 422 (3) Assurance Services II
Designed for students interested in financial statement auditing. Topics include substantive audit testing, auditing governmental/not-for-profit entities, accounting and review services, and other advanced auditing topics.
Prerequisite: ACCT 421
Variable

ACCT 470 (3) Advanced Topics in Accounting
This course will utilize case analysis to examine current issues in accounting and business. Cases will involve an integration of management accounting, accounting information systems, financial accounting, tax and auditing issues.
Prerequisite: ACCT 301, ACCT 310, ACCT 421, ACCT 410 or ACCT 411
Fall, Spring

ACCT 492 (1-3) Study Tour
Study tours are led by Minnesota State University, Mankato faculty and provide students with opportunities to visit companies and attend lectures by renowned experts from key sectors of economy, government, and business.
Variable

ACCT 493 (1-4) Honors Reading in Accounting
Variable

ACCT 497 (1-6) Internship
Supervised experience in public, industrial or governmental accounting. Students must meet standards established by the employer and the Department of Accounting.
Variable

ACCT 499 (1-4) Individual Study of Accounting
Variable
AGING STUDIES CERTIFICATE AND MINOR

Aging Studies (Previously Gerontology)

College of Social & Behavioral Sciences
Aging Studies Program
113 Armstrong Hall • 507-389-1561
Website: sbs.mnsu.edu/agingstudies

Donald Ebel, Director

Faculty: Michael Bentley (Biological Sciences); Kofi Danso (Social Work), Donald Ebel (Sociology); Kathryn Elliott (Anthropology); Jeffrey Buchanan (Psychology); Norma Krumwiede (Nursing); Andrea Lasser (Psychology); Judith Luebke (Health Sciences); Mary Frances Visser (Human Performance); Mark Windschitl (Health Sciences); Jim Wise (Recreation, Parks and Leisure Services); Diane Wirt (Nursing), Catarina Fritz (Sociology); Keith Luebke (Nonprofit Leadership)

The study of aging has from its founding included the biological, psychological and social perspectives. The Minor in Aging Studies provides undergraduate students with the opportunity to explore these varied perspectives while gaining foundational knowledge of aging. Within the next two decades, elders over the age of 65 will make up 25% of the population in the United States. Understanding aging processes and issues will support work in any discipline which makes the Minor in Aging Studies an appropriate addition to any major. The University is a member of the Association for Gerontology in Higher Education.

Academic Map/Degree Plan at www.mnsu.edu/programs/All

POLICIES/INFORMATION

All Aging Studies students must register with the Aging Studies Program director at the beginning of their program.

GPA Policy: Aging Studies minors are urged to maintain a 3.0 or better GPA to maximize their options for professional employment and graduate study.

P/N Grading Policy: All coursework for the minor, with the exception of the internship and the practicum, must be taken for a letter grade.

AGING STUDIES MINOR

Core (choose 3 credits)
GERO 200 Family Dynamics of Aging (3)
GERO 200W Family Dynamics of Aging (3)

UNDERGRADUATE CERTIFICATE IN LONG-TERM ADMINISTRATION

The Undergraduate Certificate in Long-Term Care Administration provides multidisciplinary perspectives and coursework which culminates in a professional practicum experience. Students engaging with this certificate typically expect to enter careers in long-term care administration in skilled nursing facilities, nursing homes or rehabilitation facilities. Most students will also take both the Minnesota and federal nursing home administrator license exams once all coursework is completed.

Major Common Core
Acct 210 Managerial Accounting (3)
Ger 480 Nursing Home Administration (3)

Soc 404 Sociology of Aging (3)

AGING STUDIES MINOR FOR NURSING STUDENTS

The Minor in Aging Studies for Nursing Students provides undergraduate nursing students with the opportunity to explore the biological, psychological and social perspectives on aging while enhancing their specific knowledge of nursing in relation to older persons. Within the next two decades elders over the age of 65 will comprise 25% of the population in the United States leading to a shortage of over one million nurses to serve the aging population, making this minor particularly beneficial in supporting this career choice for nursing students. The University is a member of the Association for Gerontology in Higher Education.

POLICIES/INFORMATION

All Aging Studies students must register with the Aging Studies Program director at the beginning of their program.

GPA Policy: Aging Studies minors are urged to maintain a 3.0 or better GPA to maximize their options for professional employment and graduate study.

P/N Grading Policy: All coursework for the minor, with the exception of the internship and the practicum, must be taken for a letter grade.

Note: These policies are related to the Aging Studies Program only. Students choosing to minor in Aging Studies must still adhere to any and all policies set forward by the School of Nursing. Students are advised to meet with their Nursing advisor prior to registering for the minor with the Aging Studies Program director.

Minor Core
Nursing Core
Nurs 334 Physiologic Integrity I (4)
Nurs 335 Family and Societal Nursing Inquiry (3)
Nurs 336 Assessment and Nursing Procedures (5)
Nurs 366 Quality, Safety, and Informatics in Nursing Practice (3)
Nurs 434 Physiologic Integrity III (4)
Nurs 435 Nursing Care of Families in Transition II (3)

Required Core (choose 3 credits)
Ger 200 Aging: Interdisciplinary Perspectives (3)
Ger 200W Family Dynamics of Aging (3)

Social and Behavioral Science Core (choose 6 credits)
Anth 436 Anthropology of Aging (3)
Psych 466 Psychology of Aging (3)
Soc 404 Sociology of Aging (3)
Sowk 419 Social Work and Aging (3)
In order to complete all academic course work for licensure, students must complete one class from each subpart (of which there are eight) and a practicum. Program consists of 24-25 credits.

- Subpart 1 - Organizational Management: HLTH 659; Health Care Administration or MGMT 330, Principles of Management
- Subpart 2 - Managerial Accounting: ACCT 210; Managerial Accounting
- Subpart 3 - Gerontology: GERO 200, Aging: Interdisciplinary Perspectives or SOC 404 / SOC 504, Sociology of Aging
- Subpart 4 - Health Care and Medical Needs: HLTH 455 / HLTH 555, Health and Aging or NURS 340, Gerontological Nursing
- Subpart 5 - Nursing Facility Services, Programs and Issues, Subpart 7 - Regulatory Management: GERO 480 / GERO 580, Nursing Home Administration
- Subpart 8 - Information Uses: MGMT 200, Introduction to MIS
- Practicum: GERO 498 / GERO 698, Practicum: Nursing Home Administration

**Course Descriptions**

**GERO 200 [3] Family Dynamics of Aging**
This course will answer the question “Why should I care about getting old when I am young?” through an exploration of the life course perspective, service learning opportunities, and written reflection and exploration. Fall, Spring
GE-2, GE-7
Diverse Cultures - Gold

**GERO 200W [3] Family Dynamics of Aging**
This course will answer the question “Why should I care about getting old when I am young?” through an exploration of the life course perspective, service learning opportunities, and written reflection and exploration. Fall, Spring
WI, GE-2, GE-7
Diverse Cultures - Gold

**ALCOHOL AND DRUG STUDIES BS AND MINOR**

**Alcohol and Drug Studies**

*College of Allied Health & Nursing*

*Department of Health Science*

[Academic Map/Degree Plan at www.mnsu.edu/programs/#All](#)

**Policies/Information**

**Academic Integrity Policy**

The Department of Health Science values and supports an environment conducive to learning as well as academic integrity. Therefore, students are expected to comply with Minnesota State Mankato student responsibilities and policies for academic integrity. Academic integrity includes meeting one’s responsibilities in an honest and forthright manner and avoiding acts of dishonesty, plagiarism, cheating, collusion, and/or any other form of academic misconduct. An act of dishonesty, cheating, collusion, and/or any other form of academic misconduct will result in a 0 on the assessment and a full letter grade deduction from the final course grade (e.g., “A” to “B”). An act of plagiarism will result in a 0 on the assessment or assessments and the student will be required to meet with the chair of the Department of Health Science and receive remediation related to plagiarism. Two acts of dishonesty, cheating, collusion, and/or any other form of academic misconduct and/or an act of plagiarism after remediation will result in a final course grade of “F.” Evidence related to any act of academic misconduct will be submitted to the Chairperson of the Department of Health Science. Two acts of academic misconduct or a repeated act of plagiarism after remediation in any Health Science course or courses will result in discontinuance from, or eligibility to enroll in, the academic programs offered by the Department of Health Science. Additionally, evidence related to academic misconduct will be submitted, as appropriate, to the Office of Academic Affairs and/or the College of Education. Please note: Policy reflects minimum departmental standards. Individual instructors may impose more severe sanctions for an act of academic dishonesty within their courses.

**Admission Requirements**

**Alcohol and Drug Studies (BS) and Minor**

Program Information. Students must earn a “C” or better in all required general education, required, and elective courses in the Alcohol and Drug Studies major. Students must also maintain a G.P.A. of 2.5 or better in the major [required general education, required, and elective courses in a major]. A G.P.A. of 2.5 in the major is required for graduation in Alcohol and Drug Studies.

**Alcohol and Drug Studies (BS) and Minor**

Program Information. Students must earn a “C” or better in all required general education, required, and elective courses in the Alcohol and Drug Studies major. Students must also maintain a G.P.A. of 2.5 or better in the major. A G.P.A. of 2.5 in the major is required for graduation in Alcohol and Drug Studies.

**Admission Requirements**. ADS admission requirements include:

- completion of a minimum of 32 credit hours,
- a minimum cumulative G.P.A. of 2.5,
- a “C” or better in HLTH 225: Introduction to Alcohol and Drug Studies
- a “C” or better in two of the following four required General Education courses:
  - CMST 102: Public Speaking
  - CMST 203: Intercultural Communications
  - PSYC 101: Introduction to Psychological Science, and/or
  - SOC 101: Introduction to Sociology
- Meeting with the Alcohol and Drug Studies Coordinator to complete the
Internship Prerequisites. Prerequisites for the Alcohol and Drug Studies internship (HLTH 496: Internship: Alcohol and Drug Studies) include:
- a "C" or better in all Major Common Core courses;
- a minimum G.P.A. of 2.5;
- Deadlines for internship applications for both the Alcohol and Drug Studies majors: October 15 for Spring Semester, March 15 for Summer Semester, and May 15 for Fall Semester.
- successful completion of an internship interview with the Alcohol and Drug Studies Coordinator;
- successful completion of a Department of Human Services background check; and
- submission of the internship Site Approval Form signed by an official designee of the approved internship site.

The Alcohol and Drug Studies Internship. The internship requires the completion of 880 clock hours at an approved internship site per the Minnesota Board of Behavioral Health and Therapy licensure requirements.

Chemical Use Problems. Consistent with standards of practice in the field, students participating in the internship process must be free of chemical use problems for at least two years immediately preceding their internship. Examples of chemical use problems include, but are not limited to:
- receiving treatment for chemical use within this time period
- chemical use that has a negative impact on the student’s academic performance
- chemical use that affects the student’s professional credibility of treatment services with clients, referral sources, or other members of the community; and
- symptoms of intoxication or withdrawal during academic roles.

Background Check. Students involved in any field experience need to undergo a criminal background check prior to registering for HLTH 497 Internship: Alcohol and Drug Studies. Students are responsible for the fees associated with the background check. This information is provided to health agencies and organizations for their determination of suitability for placement. The Department of Health Science coordinates the background check process.

Licensure and Certification. The Alcohol and Drug Studies Major provides students with the academic coursework necessary to pursue a number of credentialing options. Students are responsible for verifying their eligibility for credentialing with their respective credentialing boards.

ALCOHOL AND DRUG STUDIES BS
Degree completion = 120 credits

The Alcohol and Drug Studies major is an interdisciplinary program administered by the Department of Health Science. The program prepares students to enter the addictions field or further their knowledge of addictions to strengthen their competency within other disciplines. The Alcohol and Drug Studies major provides students with the academic coursework necessary to pursue the Licensed Alcohol and Drug Counselor (LADC) credential through the Minnesota Board of Behavioral Health and Therapy and the Board Certified Counselor (BCC) credential through the Minnesota Certification Board. Students are responsible for verifying their eligibility for credentialing within their respective credentialing boards.

Required General Education
CMST 102 Public Speaking [3]
CMST 203 Intercultural Communication [4]
PSYC 101 Introduction to Psychological Science [4]
SOC 101 Introduction to Sociology [3]

Major Common Core
A total of 12 clock hours of HLTH 497 must be completed.
CSP 470 Group Procedures [3]
CSP 471 Interpersonal Helping Skills [3]
CSP 473 Counseling the Chemically Dependent Family [3]
HLTH 225 Introduction to Alcohol and Drug Studies [3]
HLTH 406 Ethics and Professionalism for Addictions Professionals [3]
HLTH 407 Pharmacology for Alcohol and Drug Professionals [3]
HLTH 408 Theories and Methods for Addictions Professionals [3]
HLTH 456 Assessment and Diagnosis of Substance Use Disorders [3]
HLTH 469 Co-Occurring Disorders [3]
SOC 497 Internship: Alcohol and Drug Studies [1-12]
SOC 465 Law and Chemical Dependency [3]

Major Restricted Electives
9 credits of Health Science Electives

Required Minor: Yes Any.

ALCOHOL AND DRUG STUDIES MINOR

Minor Core
CSP 470 Group Procedures [3]
CSP 471 Interpersonal Helping Skills [3]
CSP 473 Counseling the Chemically Dependent Family [3]

Allied Health and Nursing Intro. Course

The college does not offer a degree entitled Allied Health and Nursing, but it does include six academic departments and one school: Dental Hygiene; Family Consumer Science; Health Science; Human Performance; Recreation, Parks and Leisure Services; Speech, Hearing and Rehabilitation Services; and the School of Nursing which offer a number of undergraduate academic majors and minors. These include: athletic coaching; alcohol and drug studies; child development and family studies; communication disorders; community health; consumer studies; corporate and community fitness/wellness; dental hygiene; developmental/adapted physical education; dietetics; exercise science; family consumer science education; foods and nutrition; health and physical education; nursing, recreation, parks and leisure services; therapeutic recreation; leisure planning and management; resource management; sport management; sport medicine. Post-baccalaureate work, leading to a Master’s degree is available in many of the programs, along with a collaborative doctoral program in the School of Nursing. In addition, the college coordinates Pre-Physical Therapy and Pre-Occupational Therapy pre-professional programs.

COURSE DESCRIPTION

COURSE DESCRIPTION

CAHN 101W [3] The Health Care Professions
This interdisciplinary course is designed to introduce students to health careers and related professions. It is a writing intensive course preparing students to become effective communicators within the context of health care settings. Fall, Spring, Summer. W.
American Indigenous Studies (AIS) provides a broad and interdisciplinary understanding of Indigenous Americans, especially the Dakota peoples, and their respective ways of life in the past, present, and future. AIS welcomes all students, Native and non-Native, to pursue knowledge of Indigenous cultures, languages, ways of knowing, histories, politics, media, and other topics. The AIS program prepares students to pursue careers in ethnically diverse settings and tribal communities or graduate work. AIS facilitates a space where Indigenous American worldviews are an enduring and integral part of the diverse intellectual atmosphere at the University.

AMERICAN INDIGENOUS STUDIES CERTIFICATE

Students obtain an understanding of the Indigenous American experience in the United States. Students begin to comprehend the vast history of native cultures and the scope of contemporary issues facing Indigenous Americans today. The certificate is designed to enhance any major.

Major Restricted Electives

Foundation Courses (choose 6 credits)
- AIS 101 Introduction to American Indigenous Studies (3)
- AIS 210VW Oral Traditions (3)
- AIS 220VW Introduction to Tribal Sovereignty (3)
- AIS 230VW American Indians of Minnesota (3)
- AIS 240VW American Indian Women (3)
- AIS 275 Selected Topics (3)

Major Unrestricted Electives

Expanded courses (choose 9 credits)
- AIS 340 American Indians in Film (3)
- AIS 380 The Sacred Landscape (3)
- AIS 410 American Indian Folklore (3)
- AIS 455 Museum Science and Representation (3)
- AIS 460 Behaving Like Relatives (3)
- AIS 475 Selected Topics (3)
- ANTH 410 Archaeology of Minnesota (3)
- ANTH 411 Archaeology of Native North America (3)
- ANTH 440 Native American Cultures of North America (3)
- ENG 318 Multicultural Literature [2-4]
- ENG 436 Native American Literature [2-4]
- SOC 360 Indigenous Peoples and Environmental Struggles (3)

COURSE DESCRIPTIONS

AIS 101 (3) Introduction to American Indigenous Studies
Class introduces students to history of the discipline and surveys both historic and contemporary topics of importance to American Indian Studies including gender roles, education, sovereignty, treaties, and oral tradition.
GE-5, GE-7
Diverse Cultures - Purple

AIS 102 (3) The Story of American Indian Country to 1900
The story of American Indian Country has often been told from the perspective of others instead of from the community. This class re-examines the narrative and shifts the perspective of the story. Topics of cross-cultural interactions, policy formations, cultural evolution, survival and negotiation are examined.
Variable
GE-5, GE-7
Diverse Cultures - Purple

AIS 103 (3) The Story of American Indian Country 1900 to Present
The story of American Indian Country has often been told from the perspective of others instead of from the community. The class re-examines the narrative and shifts the perspective of the story. Topics of cross-cultural interactions, policy formations, cultural evolution, survival and negotiation are examined. Fall [On Demand], Spring [On Demand], Summer [On Demand]
GE-5, GE-7
Diverse Cultures - Purple

AIS 110 (4) Dakota Culture I
An introduction, within cultural context, to the basic skills of listening, speaking, reading and writing in the Dakota language
Prerequisite: AIS 101
Variable
Diverse Cultures - Purple

AIS 111 (4) Dakota Culture II
An introduction, within a cultural context, to the basic skills of listening, speaking, reading, and writing in the Dakota language
Prerequisite: AIS 101, AIS 110
Variable
Diverse Cultures - Purple

AIS 210 (3) Oral Traditions
Oral traditions are at the base of all American Indian cultures. This class will provide students with the necessary tools for a better understanding of traditional knowledge and its importance within diverse traditional cultures.
Variable
GE-5, GE-7
Diverse Cultures - Purple

AIS 210W (3) Oral Traditions
Oral traditions are at the base of all American Indian cultures. This class will provide students with the necessary tools for a better understanding of traditional knowledge and its importance within diverse traditional cultures.
Variable
WI, GE-5, GE-7
Diverse Cultures - Purple

AIS 220W (3) Introduction to Tribal Sovereignty
Course introduces students to the legal side of being American Indian. Politics and policies will be examined to show how a contemporary native experience is shaped through American courts, Presidential chambers, and Native activist movements.
Prerequisite: AIS 101
Variable
WI, GE-5, GE-7
Diverse Cultures - Purple

AIS 230W (3) American Indians of Minnesota
This course will provide an overview of Minnesota Indian nations and their relations to each other and the effects of European incursion. Subsequent relations will focus on the US-Dakota war and its aftermath.
Variable
WI, GE-5, GE-7
Diverse Cultures - Purple

AIS 240 (3) American Indian Women
Being American Indian and being a woman creates a unique situation for women who have been directly influenced by the differences of gender roles from intersecting cultures. This course will focus on how those differences have affected American Indian Women.
Variable
GE-5, GE-7
Diverse Cultures - Purple

AIS 240W (3) American Indian Women
Being American Indian and being woman creates a unique situation for women who have been directly influenced by the differences of gender roles from two intersecting cultures. This course will focus on how those differences have affected American Indian Women.
Variable
WI, GE-5, GE-7
Diverse Cultures - Purple

AIS 275 (3) Selected Topics: Varies
The course is offered according to student demand and instructor availability/expertise. A variety of topics related to ethnic and cultural areas will provide curriculum enrichment on an ongoing basis.
Variable

AIS 300W (3) American Indian Leaders
Examines leadership prior to European colonization, the overlap of Indian and colonial leadership, contemporary governmental leadership, and contemporary tribal leadership. Defines what is and is not leadership and examine characteristics of individuals deserving the title of leader among American Indians.
Variable
WI
Contact the department for application procedures.

- a minimum cumulative GPA of 2.00 ("C").
- a minimum of 32 earned semester credit hours.

Anthropology is the study of the origins and diversity of human biology and culture. Anthropology is the study of the origins and diversity of human biology and culture. Anthropologists study the evolution and adaptations of the human species through
the four major subdivisions of the discipline: archaeology, biological anthropology,
linguistics, and cultural anthropology. The major provides training in all areas of
anthropology for the liberal arts major with an interest in global awareness, cultural
diversity, human evolution and adaptation, prehistory, and an understanding of
human behavior. For those interested in pursuing Anthropology as a career, the
anthropology major is also designed to prepare students for graduate training.

P/N Grading Policy. Up to 1/4 of the credits for the major may be taken P/N, but
cautions in using this option in the major is urged.

GPA Policy. Anthropology majors are urged to maintain a 3.0 or better GPA to
maximize their options for graduate study and professional employment.

Students majoring in Anthropology have an advisor from their area of interest as
assigned to them. Questions and concerns pertaining to advising and the assignment
of advisors can be answered by Advising "U", 114 Armstrong Hall, telephone
507-389-6306, or by the department chair.

- ART 464 Art Museum and Exhibition Studies (3)
- MUSE 497 Internship (1-6)
- MUSE 499 Individual Study (1-6)
- NPL 473 Advanced Workshop in Nonprofit Leadership (3)
- PHIL 460 Philosophy of the Arts (3)
- RPLS 465 Event Management (3)
- URBS 453 Grants Administration (3)

**COURSE DESCRIPTIONS**

**ANTH 101 (4) Introduction to Anthropology**
This course surveys human biological and cultural diversity through time and space. You will learn about questions like: "How did humans evolve?" and "How do anthropologists collect and interpret information about human beings and their ancestors?"
- Fall, Spring
- GE-5, GE-8
- Diverse Cultures - Purple

**ANTH 102 (4) Ancient Peoples**
A general survey of the evolution of human society from the earliest times to the development of written languages. Topics include the evolution of tools, the agricultural revolution, and the origins of urban life.
- GE-5, GE-10

**ANTH 120 (3) Forensic Science: An Anthropological Approach**
This anthropology course explores the areas of anatomical forensic science. Students will learn the techniques and methodology involved in collection, preservation, and analysis of evidence pertaining to human remains. The course will include such subjects as analysis of skeletal trauma, victim identification, bite-mark analysis, and crime scene recovery methods. Ethics and standards in medicolegal investigations will also be stressed.
- GE-3

**ANTH 210 (4) Introduction to Archaeology**
A comprehensive examination of modern archaeological theory, methods, and activities focusing on American archaeology. Emphasis will be given to data collection, data analysis, and museology. Lab included.
- GE-3, GE-10, Variable

**ANTH 220 (4) Human Origins**
An introduction to the study of human biological evolution and variation. This course focuses on evolutionary theory, mechanisms of evolutionary change, and the fossil record of human evolution. Lab included.
- Fall
- GE-3

**ANTH 230 (4) Peoples and Cultures of the World**
This introduction to cultural anthropology covers cultural diversity and organization by examining several examples in detail. Both anthropological methodology and theory will be important parts of this course.
- Fall, Spring
- GE-8
- Diverse Cultures - Purple
Language provides not only communication but identification of oneself and one's group. Humans are extremely sensitive to language, dialect, jargon, and slang. An understanding of language and its relationship to culture is basic to any understanding of human beings.

Spring
GE-5, GE-8
Diverse Cultures - Gold

ANTH 245 (3) The Social Life of Swearing
What qualifies a word as "bad"? How does profanity, cursing, and swearing evolve across time and vary across cultures? Where does the power of these "bad" words come from? What relationship do these words have to issues of gender, race, and class? This course examines the historical evolution and modern usage of obscenities to answer these questions.
GE-7, GE-8
Fall | On Demand, Spring | On Demand, Summer | On Demand
Diverse Cultures - Purple

ANTH 250W (4) Portraits of Culture
Survey of human cultures through a variety of classic and contemporary anthropological writing and film. Students write weekly reflections. Written work is shared, discussed, and revised.
Spring, Summer
WI, GE-5
Diverse Cultures - Purple

ANTH 260 (3) Vampires, Werewolves, and Zombies: Folklore of Fear
Fear and how we depict it in popular culture. Course examines folklore traditions and how they translate in contemporary storytelling formats.
Variable
GE-5, GE-8
Diverse Cultures - Purple

ANTH 261 (3) Taboos, Tattoos, and T-shirts: Culture and Body Art
People all around the world use tattoos, piercing, makeup, and dress codes as symbolic tools to represent their ideas of self, or as a means of gender, ethnicity, and class control and domination. This course looks at how people express connection to and disconnection from culture through body art practices.
All Fall
GE-5, GE-8
Diverse Cultures - Purple

ANTH 269 (3) Anthropology of Sex
Sex and our relationship with it. This course examines the topics of sex, sexuality, and gender by exploring the diverse range of sexual cultures of the world in the past and the present. Attention is given to the role of language, biology, culture, and the archeological record of society's fascination with sex.
Fall | On Demand, Spring | On Demand, Summer | On Demand
GE-5, GE-7
Diverse Cultures - Purple

ANTH 280 (3) Engaged Anthropology
Engaged Anthropology is a multidimensional service-learning course designed to facilitate real-world learning experiences for students on broad social issues; practice a variety of anthropological concepts, theories, and methods; and provide service to the local community.
Prerequisite: ANTH 101, ANTH 230, or instructor Permission.
GE-7, GE-11
Diverse Cultures - Gold

ANTH 285 (1-3) Special Topics
Courses to be offered just one time or on an irregular basis according to topic demand for a general interest, sophomore level course.
Variable

ANTH 290 (1-3) Exploratory Studies
Individual study at an introductory level on the topic of student's choice. Designed for students who wish to pursue independent study at the first year-sophomore level rather than the more advanced level of the ANTH 499 individual study.
Prerequisite: Consent
Variable

ANTH 300 (3) Introduction to Anthropology Methods
This course examines the methodologies of all four fields of Anthropology. Students will gain practical experience in various methods that professionals utilize on a regular basis within the discipline. Discussions of the issues surrounding various anthropological methods will be part of this course.
Prerequisite: ANTH 101
Fall

ANTH 311 (3) Ancient Egypt
An in-depth study of ancient Egypt, focusing on the relationship between cultural development and the unique Egyptian environment of the time. Emphasis will be placed on the interpretation of archaeological discoveries in the area.
Variable

ANTH 323 (3) Primate Behavior
An examination of the ecology, behavior, and biology of living primates.
Prerequisite: ANTH 101 or ANTH 220 or consent
Variable

ANTH 331 (3) Environmental Anthropology
This course focuses on studying the diversity of human societies using environmental approaches such as evolutionary/ecological perspectives and systems modeling. Case studies will be drawn from Native American cultures.

ANTH 332 (3) Anthropology of Religion
The variability and universality of human religious expression are explored in specific cross-cultural contexts.
Fall
Diverse Cultures - Purple

ANTH 333 (3) Ethnographic Film
This course emphasizes the wealth of ethnographic information which may be captured by visual media. Students will learn how to interpret the final product and how to recognize the limitations of visual presentations.
Variable

ANTH 335 (3) People and Cultures of Sub-Saharan Africa
A survey of the people and cultures of Sub-Saharan Africa examining the rich sociocultural diversity of the continent over time.
Even Years: Fall, On Demand: Spring, Summer

ANTH 340 (4) Language and Power
Language is powerful. What we say, how we say it, where we say it, and to whom we say it matters. This course explores the connection between power, language, performance, and identity. The relationships between language, gender, sexuality, race, ethnicity, and socioeconomic class are explored by investigating historical and present day sources of language practices and events.
GE-5, GE-7
On Demand: Fall, Spring, Summer
Diverse Cultures - Purple

ANTH 398 (0) CPT: Co-Operative Experience
Co-Operative Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information.
Prerequisite: At least 60 credits earned, in good standing; instructor permission; co-op contract; other prerequisites may also apply.
Fall, Spring, Summer

ANTH 410 (3) Archaeology of Minnesota
A detailed study of Minnesota archaeology from ca.12,000 years ago to ca.1900, with a focus on diverse and changing Native American populations.

ANTH 411 (3) Archaeology of Native North America
A survey of current knowledge about the prehistoric Native American inhabitants of North America from ca.15,000 years ago until ca.1900. Topics will focus on the processes of cultural development, change, and disruption by Euro-American influences.

ANTH 412 (3) Archaeology of Latin America
A detailed study of Latin American archaeology from ca.12,000 years ago to ca.1900, with a focus on diverse and changing Native American populations.

ANTH 414 (3) Museology
A review of the history and philosophy of museums, the legal and ethical issues impacting museums, the nature and treatment of collections, creation, exhibition and exhibit design, the role of museums in education, museum personnel and financial management, and museums in the technological/electronic age.
Prerequisite: ANTH 101, ANTH 210, or consent
Variable
ANTH 415 (3) Cultural Resource Management
Review of how cultural resources are being preserved and managed under current laws and regulations. Emphasis on examination of conservation, preservation and rescue methods in modern archaeology, and problems and issues in historic preservation and resource management.
Prerequisite: ANTH 101, ANTH 210 or consent
Variable

ANTH 416 (3) Archeological Methods
An intensive exploration of how to identify, catalogue, and curate archeological materials in a laboratory setting. Topics will include lithics, pottery, faunal, floral, metal, and other materials as well as data structure and recordation.
Fall (On Demand)

ANTH 420 (3) Human Osteology
An advanced examination of the human skeletal system and the application of this information in the fields of bioarchaeology, paleoanthropology, and forensic anthropology. This course features hands-on identification and analysis of human skeletal material, with an emphasis on laboratory techniques.

ANTH 421W (3) Health, Culture, and Disease
Cross-cultural examination of the healing traditions, health beliefs and the impact of social, economic and political factors on the health of peoples in different cultures around the world and among diverse ethnic groups within culturally plural societies, including the United States.
Variable
WI Diverse Cultures - Purple

ANTH 422 (3) Forensic Anthropology
This course will acquaint students with the application of human osteological techniques in civil and criminal investigations, including assessment of the recovery scene, determination of identity, and analysis of evidence relating to cause and manner of death.
Prerequisite: ANTH 420

ANTH 423 (3) Evolution and Behavior
An examination of the biological basis of human behavior and organization from an evolutionary perspective.
Prerequisite: ANTH 101 or ANTH 220 or consent
Variable

ANTH 424 (3) Bioarchaeology
Bioarchaeology focuses on the diet, health, and occupations of past populations through the analysis of their skeletal remains. Readings and lab work will promote a practical understanding of the methods used in the discipline.
Variable

ANTH 425W (3) Anthropology of Death
The biological and cultural aspects of death, as seen anthropologically, are the focus of this course. Mortuary behavior, ritual, and treatment of the human body will be addressed both temporally and cross-culturally.
Variable

ANTH 430 (3) Peoples and Cultures of Latin America
The contemporary peoples and cultures of Mexico and Central and South America. Emphasis is on cultural patterns and contemporary issues of the region.
Prerequisite: ANTH 101, ANTH 230, or consent
Spring

ANTH 431 (3) Applied Cultural Research
This course introduces concepts and methods of applying socio-cultural understanding to contemporary problems to bring about the empowerment of affected people. Case/field studies and other research methods in social sciences will change with special attention to its affect on disadvantaged groups of people. Students will also design their own applied projects.
Prerequisite: ANTH 101, ANTH 230, or consent; ETHN 100, ETHN 101, or ETHN 150 or consent.
Variable

ANTH 432 (3) Kinship, Marriage and Family
Kinship is the most basic principle of organization for all human societies. This course analyzes the main theories and methods of studying social organization, and explores cross-cultural variations in kinship, marriage and family systems.

ANTH 433 (3) Anthropology of Gender
Major anthropological theories of gender relations are read, discussed, and applied to a variety of contemporary ethnographic case studies.
Prerequisite: ANTH 101, ANTH 230, or consent
Spring

ANTH 435 (3) The Rise of City-States and Nations
A pivotal moment in cultural development is when city-states and nations arrive to change the structure of a cultural group. This course has varying topics to present each cultural area in its unique context. May be repeated with different topic.
Variable

ANTH 436W (3) Anthropology of Aging
A cross-cultural examination of the aging process, status, and treatment of elders around the world.
Prerequisite: ANTH 101, ANTH 230, or ANTH 220, or consent
Variable

ANTH 437 (3) Applied Anthropology
Examines the practical applications of anthropological knowledge to problem-oriented research and the problems of directed sociocultural change among contemporary populations. Selected projects and case studies are used to illustrate the complexity of applied sociocultural change.
Prerequisite: ANTH 101, ANTH 230 or consent
Variable

ANTH 438W (4) Anthropological Theory
Examination of the intellectual history of anthropology from its nineteenth century roots to today’s current theoretical trends. Students will learn about the major schools of thought in anthropological theory and practice critical examination of their applications.
Fall
Variable

ANTH 439 (3) Qualitative Research Methods
The aim of this course is to make students methodologically literate. Students will learn how to develop research designs that rely on qualitative research methods such as participant observation. They will learn how to apply these methods by participating in small-scale studies of human behavior. Some quantitative methods will also be discussed. Students will learn critical examination of published data and conclusions.
Prerequisite: ANTH 101, ANTH 220 or consent
Variable

ANTH 440 (3) Native American Cultures of North America
American Indians adapted to environmental systems in North America with cultures ranging from small groups of foragers to cities supported by intensive agriculture. This course presents a variety of perspectives of this cultural diversity from the Ice Age to the 20th century.
Variable

ANTH 443W (3) People and Cultures of East Asia
Survey of East Asian cultural region. Cultural diversity, change, and continuity examined in China, Japan and Korea through institutions and cultural settings. Focus includes how modern East Asian societies face internal social changes and their changing international status.
Variable
WI Diverse Cultures - Purple

ANTH 470 (2) Senior Project
Nature and topic of the senior project is jointly determined by the student and faculty members. It may involve writing, laboratory work, fieldwork or various combinations. Planning for this project should begin early in the senior year. Students will present completed projects in a public forum. Must be taken twice/different semesters.
Prerequisite: ANTH 491 or ANTH 492 or ANTH 493 or ANTH 494
Fall, Spring

ANTH 475 (3) Senior Thesis
A faculty-supervised, student-designed capstone project for the major. Students will take ANTH 475 after completing ANTH 300. The nature of the student’s thesis will be determined jointly by the student and their advisor. The capstone project is a written thesis involving writing, laboratory work, fieldwork or various combinations. Students must present completed thesis in a public forum.
Prerequisite: ANTH 300
Fall Spring
ANTHROPOLOGY CONTINUED

ANTH 480 (3-6) Fieldwork: Archaeology/Ethnology
Field experience in which method and theory are learned through participation in an ongoing field project.
Prerequisite: Consent, or one of: ANTH 101, ANTH 102, or ANTH 220
Variable

ANTH 485 (1-3) Topics in Anthropology
This course allows faculty the flexibility to consider the challenges of new developments in anthropology. Content will vary from one course to the next. Students may take the course, with the permission of the instructor, more than one time.
Variable

ANTH 486 (1-3) Workshop
A brief intensive hands-on introduction to an anthropological topic usually as it applies to a particular issue or skill. Topics vary but might include: Understanding that race is not a scientific concept; combating racism and ethnocentrism; participant observation methods; culture shock; cultural diversity and communication; forensics; cultural resource conservation.
Prerequisite: Depends on topic and instructor
Variable

ANTH 491 (1-3) Archaeology Laboratory
An introduction to archaeological laboratory techniques and museological practice, through participation in the various processes involved.
Variable

ANTH 492 (1-3) Biological Anthropology Lab
Guided advanced laboratory work in biological/physical anthropology
Prerequisite: Consent
Variable

ANTH 493 (1-3) Ethnology Lab
Individual projects are done in close coordination with faculty member.
Prerequisite: Consent
Variable

ANTH 494 (1-3) Linguistic Lab
Individual projects are done in close coordination with faculty member.
Variable

ANTH 496 (1-3) Senior Seminar
A special capstone course on current anthropological theory and method to be offered on demand to interested groups of senior majors and minors. The course will emphasize the integration, synthesis, and summary of the core course material and students’ electives.
Prerequisite: ANTH core courses and/or consent
Variable

ANTH 497 (1-12) Internship
Positions may vary considerably, but all involve actual working conditions in various field positions such as museums, state parks, archaeological excavations and agencies.
Prerequisite: Consent
Fall, Spring

ANTH 498 (1-3) Internship: Teaching Anthropology
Students will work with faculty in the preparation and delivery of course materials in lower division undergraduate courses. Lecture/lab prep, delivery, use of multimedia, leading discussions and exercises. Open to senior majors and minors in good standing.
On Demand

ANTH 499 (1-6) Individual Study
A specialized topic of the students’ choices. Coordination with a faculty member is necessary.
Prerequisite: Consent
Fall, Spring

MUSE 200W (3) Introduction to Museum Studies
Introduces history of museums and philosophical nature of museums, covering types and definitions of museums, discusses contemporary practice in museums, and examines current issues in the profession as we face the future of museums in the twenty-first century.
Variable
WI, GE-5, GE-8

MUSE 497 (1-6) Internship
Arranged internship allows students to have a hands on experience applying theories and methodology from course work in the field to area of interest. Requires coordination with a faculty member.
On Demand

MUSE 499 (1-6) Individual Study
This course allows pursuit of individual avenues of study that may not be offered in the curriculum and for advanced level pursuit of special projects of research on an independent basis. Requires coordination with a faculty member.
On Demand

APPLIED ORGANIZATIONAL STUDIES BS

Applied Organizational Studies
College of Social & Behavioral Sciences
113 Armstrong Hall
Phone: 507-389-5215
Website: www.mnsu.edu/programs/aos.html

Director: Keith Luebke

The B.S. in Applied Organizational (AOS) Studies is a degree completion program designed primarily for working adults that will provide them the qualifications needed to advance in their careers or to change professions. It provides students with education in communication, in critical analysis, and in organizational leadership. These are skills that have been repeatedly identified as highly important in contemporary society and a shifting economy. This degree is designed for individuals who want to develop knowledge and skills that will allow them to serve and contribute to transforming the organizations of which they are a part, be it their community, church, work, nonprofit or voluntary organization, city, or state. The program’s design assumes that students have completed Minnesota’s general education Transfer Curriculum and at least 60 credits of coursework. It also assumes that students will meet Minnesota State Mankato’s undergraduate graduation requirements.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
Completion of Minnesota Transfer Curriculum and completion of AOS 301.

APPLIED ORGANIZATIONAL STUDIES BS
Degree completion = 120 credits

Major Common Core
AOS 301 Introduction to Applied Organizational Studies
AOS 488 Portfolio in Professional Leadership

Major Unrestricted Electives
Communications in Organizations (choose 12 credits)
Any discipline 300-499 Specific courses arranged with student’s advisory committee.
Critical Thinking and Decision-Making in Organizations (choose 12 credits)
Any discipline 300-499 Specific courses arranged with student’s advisory committee.
Leadership in Organizations (choose 12 credits)
Any discipline 300-499 Specific courses arranged with student’s advisory committee.

Major Emphasis
Area of Concentration (choose 7-8 credits)
Any discipline 300-499 Specific courses are in a single discipline arranged with the student’s advisory committee.

Required Minor: None.
Admission

In addition to minimum University admission requirements students requesting admission to the Applied Organizational Studies program:

- a minimum cumulative GPA of 2.00 (“C”).
- a minimum of 32 earned semester credit hours;
- the satisfactory completion of English Composition and Composition with Reading (ENG 100 or ENG 101)
- the satisfactory completion of the calculus sequence (MAT 166, MAT 167, MAT 266, MAT 267 or MAT 276, MAT 277)
- a minimum of 18 earned credits in courses having a C of 2.0 or better from a regionally accredited college or university.

Advisory

Student advising is available in the department office. Students should obtain one to aid in the planning of their program. Advisory services are available.

A specialization in the field of Art is available. Students interested in this specialization should see the advisement office for additional information.

The Bachelor of Science and Bachelor of Fine Arts degree programs.

A 2.0 GPA is required. For admission to and graduation from the BFA program students must have a minimum cumulative GPA of 2.5. Students on academic probation should refer to the College of Arts and Humanities policy regarding required advising.

The Department of Art program is devoted to the development of concepts, attitudes, and skills in the visual arts within a broad university curriculum of liberal arts orientation. There are four objectives: professional training of artists and scholars in chosen areas of specialization, preparation of art educators, elective study for students in all areas of the university, and service to the local communities as a source of cultural enrichment. The Department of Art is accredited by the National Association of Schools of Art and Design.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

Policies/Information

A student majoring in art may take a maximum of one-fourth of the art credits for P/N grades and must comply with the university P/N requirements.

Notations showing the costs of individual courses are included in the schedule of classes. In some cases, student fees are charged for materials used. Verifying such information with the individual instructor is suggested.

See the SECONDARY EDUCATION section for admission requirements to Professional Education and a list of required Professional Education courses. The Bachelor of Science in Education.

AOS 301 [3] Introduction to Applied Organizational Studies

Topics include world economics and their implications for the labor force, critical and creative thinking, leadership, and portfolio assessment. Required for admission to the Applied Organizational Studies program.

Variable

The focus in this course is on communication within organizations (including virtual environments), workplace engagement in virtual teamwork and the application of critical and creative thinking resulting in organizational innovation. The course also engages students in an exploration of the role of social organizing and the impact of networking on organizational growth and sustainability.

Fall, Spring

The focus in this course is on critical thinking, decision-making, and leadership in contemporary organizational environments. The course also explores the concept of followership and power distribution, and organizational adaptation due to technological and global economic changes. Students will also participate in an applied quantitative research project in an approved organization of choice.

Fall, Spring, Summer (On Demand)

AOS 396 (1) Independent Study

A specialized topic of the students’ choice. Coordination with a faculty member is necessary.

On Demand: Fall, Spring, Summer

AOS 402 (1-3) Advanced Workshop - Applied Organizational Studies

The course focuses on contemporary organizational issues and the concept of change within organizational design and development. Subject matter includes the use of causal thinking and econometric measurement, effectuation and entrepreneurial thinking, and the role of mission and vision. Students will complete a project-based exploration of the financial and resource aspects of return on investment comparing the effectual and causal perspectives on an organizational change.

Fall

AOS 488 [1-2] Professional Studies Portfolio

Capstone project in which the student creates a portfolio that demonstrates the student’s achievement in the core competencies of the program. Portfolio to be presented to a committee.

Prerequisite: AOS 301

Variable

AOS 492 (3) Selected Topics

Topics vary as announced in class schedule. May be retaken for credit if topic varies.

On Demand: Fall, Spring, Summer

AOS 499 (1-6) Individual Study

A specialized topic of the students’ choice. Coordination with a faculty member is necessary.

On Demand: Fall, Spring, Summer

Accreditation-Art The National Association of Schools of Art and Design (NASAD) The National Council for Accreditation of Teacher Education (NCATE)

The Department of Art program is devoted to the development of concepts, attitudes and skills in the visual arts within a broad university curriculum of liberal arts orientation. There are four objectives: professional training of artists and scholars in chosen areas of specialization, preparation of art educators, elective study for students in all areas of the university, and service to the local communities as a source of cultural enrichment. The Department of Art is accredited by the National Association of Schools of Art and Design.

POLICIES/INFORMATION

A program planning guide for each major is available in the Department of Art office. Students should obtain one to aid in the planning of their program. Advisory services are available.

Drawing and design courses in the art core should be taken during the first year.

Admission to Major is granted by the department. Minimum University admission requirements are:

- a minimum of 32 earned semester credit hours;
- a minimum cumulative GPA of 2.00 (“C”).

In addition to minimum University admission requirements students requesting admission to the art and art education majors must complete the following:

- ART 101 (3) (Preferred) or ART 100 (3)
- ART 260 or ART 261

Students for all majors may be admitted provisionally while these requirements are being satisfied.

Contact the department for application procedures.

P/N Grading Policy. A student majoring in art may take a maximum of one-fourth of the art credits for P/N grades and must comply with the university P/N requirements.

GPA Policy. A 2.0 GPA is required. For admission to and graduation from the BFA program students must have a minimum cumulative GPA of 2.5. Students on academic probation should refer to the College of Arts and Humanities policy regarding required advising.

The frequency of course offerings should be verified with your art advisor or the art department office, since some changes caused by unanticipated circumstances may occur.

Art majors and minors must meet with the Art Department chairperson two semesters prior to their anticipated graduation date so that their graduation credits can be evaluated.

All students should check with the central art office concerning the future availability of courses needed for graduation. ART 421 Art Methods Elementary School, should be taken no sooner than the junior year and is required by state licensure before student teaching. The prerequisite for ART 421 is ART 100 or ART 101.

The total number of transfer credits accepted for each major/minor is as follows:

- BFA (24), BS (18), BA (15), and Minor (6)

The Department of Art may request the retention of student work for its permanent instructional and exhibition collection. It reserves the right to photograph students and their work. In addition, the department cannot insure student work, material and equipment or take responsibility for its loss or damage.

Art students with junior or senior standing are encouraged to seek internship opportunities in career-related settings that may include museums, production studios, design firms, and other approved venues. Arrangements are made on an individualized basis. A maximum of 6 credits may be applied toward specializations within BA, BS, or BFA degree programs.

Notations showing the costs of individual courses are included in the schedule of classes. In some cases, student fees are charged for materials used. Verifying such information with the individual instructor is suggested.

See the SECONDARY EDUCATION section for admission requirements to Professional Education and a list of required Professional Education courses. The Bachelor of Science in Education.
The Bachelor of Arts degree in art is a broad-based liberal arts degree that provides a cultural perspective with a strong foundation in studio training.

Studio Electives

Students must complete five 200-level studio courses from five different areas. (choose five courses from those not taken)

Graphic Design
ART 202 Introduction to Digital Media (3)
ART 220 Graphic Design I (3)
Drawing
ART 210 Drawing (3)
ART 212 Life Drawing (3)
Mixed Media
ART 231 Mixed Media (3)
Painting
ART 240 Painting (3)
ART 245 Watercolor (3)
Ceramics
ART 250 Ceramics: Beginning Wheel (3)
ART 251 Ceramics: Beginning Handbuilding (3)
Printmaking
ART 270 Printmaking: Beginning Relief/Silkscreen (3)
ART 271 Printmaking: Beginning Intaglio/Lithography (3)
Photography
ART 275 Photography (3)
Sculpture
ART 280 Sculpture (3)

Second Concentration (choose six credits from one area)

Graphic Design
ART 302 Interactive Design Survey (3)
ART 304 Typography I (3)
ART 320 Graphic Design II (3)
Drawing (ART 310 may be taken twice)
ART 310 Drawing (3)
ART 410 Drawing Workshop (3-6)
ART 412 Life Drawing (3)
Painting (ART 340 may be taken twice)
ART 340 Painting (3)
ART 345 Watercolor (3)
Ceramics (ART 350 must be taken twice to produce 6 credits)
ART 350 Intermediate Ceramics (3)

Approved Elective (choose 0-3 credits)

One course from this list may be used to complete 21 credit requirement for Advanced
Sculpture. Courses used to satisfy credit requirements elsewhere may not be counted here.

**ART 202** Introduction to Digital Media (3)

**Required for Minor**
**ART 100** Elements and Principles of Art (3) OR **ART 101** Design Foundations (3) AND **ART 110** Drawing Foundations (3)
Select 12 credits of art studio electives in consultation with an art advisor:
**ART xxx ART xxx ART xxx ART xxx ART xxx**

---

**ART CONTINUED**

**ART 100 (3) Elements and Principles of Art**
2-D visual problem solving and art-making strategies using the elements and principles of design. For elementary education majors and general education.
**Fall, Spring** GE-6

**ART 101 (3) Design Foundations**
For art, art history and art education majors.
**Fall, Spring**

**ART 103 (3) Three-Dimensional Design**
An introduction to concepts and processes related to the visual and physical organization of three-dimensional form and space.
**Fall, Summer**

**ART 110 (3) Drawing Foundations**
Introduction to traditional drawing techniques and concepts.
**Fall, Spring**

**ART 160 (3) Introduction to Visual Culture**
Introduction to Western and non-Western visual arts and the variety of methods by which art is understood. These may include art appreciation, art criticism, the history of art, popular culture, and aesthetic awareness.
**Fall, Spring** GE-6, GE-8

**ART 202 (3) Introduction to Digital Media**
This graphic design course is an introduction to digital media technology as a creative tool for the development of visual expression. The course is taught using the Mac OS and explores vector and bitmap image making.
**Prerequisite:** ART 100 or ART 101, ART 110
**Fall, Spring**

**ART 210 (3) Drawing**
Continued exploration of drawing techniques and concepts.
**Prerequisite:** ART 110
**Fall, Spring**

**ART 212 (3) Life Drawing**
Experience in drawing from the human figure.
**Prerequisite:** ART 110
**Fall, Spring**

**ART 220 (3) Graphic Design I**
This course explores the basic principles of graphic design. Emphasis is placed on developing an awareness and effective use of type, image, and symbol. Students focus on the design process as a way to develop and refine design solutions.
**Prerequisite:** ART 103, ART 202
**Fall, Spring**

**ART 231 (3) Mixed Media**
Multimedia art exploration is a problem-solving art studio experience involving the use of a variety of traditional and non-traditional art materials.
**Fall, Spring** GE-6
ART 240 (3) Painting
Beginning experience with oil and/or acrylic paint. Emphasis upon technical and conceptual development.
Prerequisite: ART 100 or ART 101, ART 110 or consent
Fall, Spring

ART 245 (3) Watercolor
Introduction to basic techniques in watercolor.
Prerequisite: ART 100 or ART 101, ART 110 or consent
Fall, Spring

ART 250 (3) Ceramics: Beginning Wheel
An introduction to basic wheel throwing techniques exploring the potential of clay as a creative and expressive medium.
Prerequisite: ART 100 or ART 101, ART 103 or consent
Fall, Spring

ART 251 (3) Ceramics: Beginning Handbuilding
An introduction to basic sculptural hand building techniques exploring the nature of clay as a creative-expressive medium.
Prerequisite: ART 100 or ART 101, ART 103 or consent
Fall, Spring

ART 260 (3) Art History Survey I
Introduction to art history from prehistoric and ancient cultures through the Middle Ages. Includes representative examples and styles of art and architecture of Western (Europe and the Near East) and non-Western cultures (China, India, Japan, Southeast Asia, Africa, Mesoamerica, South America, North America, Australia).
Fall
GE-6, GE-8
Diverse Cultures - Purple

ART 261 (3) Art History Survey II
Lecture-based survey of the Art and Architecture of both Western and non-Western countries from the thirteenth through twentieth centuries.
Spring
GE-6, GE-8

ART 265W (3) Art As Politics
This course analyzes relationships between art and politics from ancient times through today, exploring uses of art from persuasion to overt propaganda in visual arts and architecture. It will deal with diverse cultures, covering material from a global perspective.
Summer
WI, GE-6, GE-8

ART 270 (3) Printmaking: Beginning Silkscreen and Lithography
Introduction to silkscreen and lithography printmaking processes including silkscreen, monotype, and plate lithography.
Prerequisite: ART 101, ART 110 or consent
Fall

ART 271 (3) Printmaking: Beginning Intaglio/Relief
Introduction to intaglio and relief printmaking processes including collagraph, etching, relief carving, and engraving.
Prerequisite: ART 101, ART 110 or consent
Spring

ART 275 (3) Photography
Introduction to the techniques and expressive potential of B/W photography.
Fall, Spring
GE-6

ART 280 (3) Sculpture
Exploration of the visual and physical organization of three-dimensional form and space through problems employing various media and processes.
Prerequisite: ART 103 or consent
Fall, Spring

ART 285 (3) Introduction to Installation
This studio course familiarizes students with the basic concerns of installation art, including relationship to site and audience. A variety of materials and approaches will be explored. Environmental impact, health, and safety will be addressed. In addition to studio work, historical and contemporary examples will be discussed to provide context and encourage awareness of the discipline’s past and present potential.
Fall, Spring
Prerequisite: ART 103 or consent

ART 302 (3) Interactive Design Survey
This course explores the foundations of screen-based design. The course emphasizes the application of design sensibilities to both motion and web design production.
Prerequisite: ART 103, ART 202

ART 304 (3) Typography I
This course investigates the use of letterforms in the message making process. Topics include historical overview of letter development, type terminology, type and image relationships, and technical and aesthetic applications of type.
Prerequisite: ART 103, ART 202

ART 310 (3) Drawing
This course encourages experimental approaches that build on drawing skills developed in ART 110 and ART 210. Formal and conceptual issues will be addressed as students pursue individualized subject matter. Course may be repeated.
Prerequisite: ART 210

ART 320 (3) Graphic Design II
This course expands upon the beginning and intermediate design experience. Emphasis is placed on concept development and the exploration of meaningful solutions applied across a variety of media. The technical skills of preparing work for production will be strengthened.
Prerequisite: ART 220, ART 302, ART 304

ART 324 (3) Concept and Image
This course strengthens students’ conceptual skills within the context of graphic design. The course emphasizes various techniques for generating imagery to more effectively communicate ideas.
Prerequisite: ART 220, ART 302, ART 304
Spring

ART 340 (3) Painting
Intermediate painting. Emphasizing individual creative development. Must be taken twice before advancing to ART 440.
Prerequisite: ART 240 or consent
Fall, Spring

ART 345 (3) Watercolor
Experience in advanced watercolor techniques and concepts. Must be taken twice before advancing to ART 445.
Prerequisite: ART 245 or consent
Fall, Spring

ART 350 (3) Intermediate Ceramics
An intermediate course emphasizing personal exploration and creative research relating to hand building, molding processes and/or the potters wheel. Must be taken twice before advancing to ART 450.
Prerequisite: ART 250 or ART 251
Fall, Spring

ART 370 (3) Printmaking: Intermediate Studio
Continued exploration of intaglio, lithographic, relief and silk-screen processes. Must be taken twice before advancing to ART 470.
Prerequisite: ART 270 or ART 271
Fall, Spring

ART 372 (3) Digital Printmaking
This is an intermediate course focusing exclusively on materials, technique, process, equipment, and safety in contemporary digital printmaking processes.
Prerequisite: ART 202, ART 271

ART 375 (3) Black and White Photography
Intermediate level material on camera work, processing, and calibration. In rotation with ART 377.
Prerequisite: ART 275
Variable

ART 376 (3) Color Photography
Processing, color theory, color correction, and other considerations in color photography.
Prerequisite: ART 275
Variable
ART CONTINUED

ART 377 (3) Digital Photography
Covers the making, manipulation and use of electronically produced photographic images. Topics include Kodak Photo CD, digital camera use, electronic photo retouching, computer image enhancement and combination, and incorporation of traditional techniques for creative solutions of fine and commercial art problems. In rotation with ART 375.
Prerequisite: ART 275
Variable

ART 380 (3) Sculpture
Investigation of three-dimensional form, space and media in search of a personal aesthetic statement. Must be taken twice before advancing to ART 480.
Prerequisite: ART 280
Fall, Spring

ART 385 (3) Intermediate Installation
This studio course explores a wide range of material and conceptual strategies to site-specific work. Personal approaches will be stressed as students develop and implement their own installations. Environmental impact, health, and safety will be addressed. In addition to studio work, the course will cover a variety of installation artists and related readings. Must be taken twice before advancing to ART 485.
Prerequisite: ART 285 or consent
Fall, Spring

ART 391 (0) Portfolio Review
Required of all B.F.A. majors before taking 4XX advanced studio specialization sequence to continue in program.
Fall, Spring

ART 400 (3-6) Graphic Design Special Topics
This advanced course investigates design related topics in greater depth.
Prerequisite: ART 302 and ART 320

ART 402 (3) Motion Graphics
This course is an advanced study of motion design. The study and exploration of digital narrative and non-linear storytelling are key components. Students build on existing motion design skills to create conceptually and technically advanced time-based solutions. This course is repeatable.
Prerequisite: ART 220, ART 302, ART 304

ART 404 (3) Typography II
This course is an advanced study of typography. Students build on existing type sensibilities while exploring traditional and non-traditional applications of type.
Prerequisite: ART 220, ART 302, ART 304

ART 406 (3) Web Design
This course is an advanced study of front-end web design that focuses on current web standards and aesthetic trends.
Prerequisite: ART 220, ART 302, ART 304

ART 410 (3-6) Drawing Workshop
Continued in-depth exploration of drawing techniques and concepts. May be repeated.
Prerequisite: ART 310
Fall, Spring

ART 412 (3) Life Drawing
Advanced experience in drawing from the human figure. May be repeated.
Prerequisite: ART 212 or ART 310
Fall, Spring

ART 413 (3) Scandinavian Art
Overview of representative examples of the history of Scandinavian art from pre-Viking to modern times, concentrating on elements typical of each country or period and on developments that were particularly influential in the broader history of Western art.
Prerequisite: ART 260, ART 261 or consent
Variable

ART 416 (3) Art of Africa, the Americas, and the South Pacific
Introduction to the art and architecture of indigenous peoples. Examination of representative works of art and major styles and cultures of preliterate societies in Africa, the Americas, Oceania, and of Pre-Columbian civilizations in the Americas.
Variable
Diverse Cultures - Purple

ART 417 (3) Medieval Art and Architecture
Introduction to art and architecture of Western Europe, the Byzantine Empire, and the Islamic world, from the second to the fifteenth centuries. Examination of representative works of art and major styles of Christian, Jewish, and Islamic cultures, including the Romanesque and Gothic periods.
Prerequisite: ART 260 or consent
Spring

ART 419 (3) Gender in Art
Historical survey of the representation of gender with comparison of the artistic efforts of males and females and examination of art used to present gender-based issues including homosexuality, feminism, censorship and pornography.
Prerequisite: ART 261 or consent
Variable

ART 420 (3-6) Graphic Design III
This course is split between engagement in advanced design problems and preparation for entry into the graphic design field. This course is repeatable.
Prerequisite: ART 320 ART 324, ART 404, ART 406

ART 421 (2) Art Methods Elementary School
Art expression related to child growth, development and teaching strategies. (Required for student teaching.)
Prerequisite: ART 100 or ART 101, Jr. status or consent
Fall, Spring

ART 424 (3) Art Education for the Exceptional Child
Current theory and practice of teaching art to students with physical, emotional, and developmental exceptionalities. Includes experiences in elementary classrooms.
Prerequisite: ART 421
Variable

ART 426 (3) Art Methods Secondary School
The characteristics of art expression and evaluation at the junior and senior high level: the status, curricula and strategies of teaching. (Required for student teaching.)
Prerequisite: ART 421
Fall

ART 428 (3) Teaching Art: Historical and Contemporary Topics
Application of instruction in art history as well as contemporary art to elementary and secondary schools. Includes experiences in elementary classrooms.
Prerequisite: ART 260, ART 261, ART 421 or consent
Variable

ART 429 (1) Art Education Seminar
Capstone experience for students preparing to teach art. Explores and emphasizes information and skills appropriate for teaching art.
Variable

ART 434 (3) Arts Administration
Theoretical and practical aspects of administering arts organizations. Examines the management, budgeting, marketing and administration of arts programs and organizations in the postmodern era.
Fall, Spring

ART 436 (3) Web Design II
This course continues students’ advanced study of front-end web design. Emphasis is placed on designing for multiple screen devices.
Prerequisite: ART 320, ART 324, ART 404, ART 406
Fall, Spring

ART 440 (3-6) Painting
Advanced painting. Continued development of a focused individual expression. May be repeated.
Prerequisite: ART 340
Fall, Spring

ART 444 (3) Typography III
This course continues students’ advanced study of typography. Emphasis is placed on designing complex typographic systems, multiple page publications, and expressive type-based solutions.
Prerequisite: ART 320, ART 324, ART 404, ART 406
Fall, Spring

ART 445 (3-6) Watercolor
Advanced experience in watercolor. May be repeated.
Prerequisite: ART 345
Fall, Spring
ART 450 (3-6) Advanced Ceramics
An advanced course which emphasizes individual research in technical, aesthetic and conceptual considerations. May be repeated.
Prerequisite: ART 350
Fall, Spring

ART 460 (3) Ancient Art
Introduction to the art and architecture of the ancient era in its historical and cultural frameworks. Examination of representative works of art and major styles of ancient Mesopotamian, Egyptian, Aegean, Greek, Etruscan, and Roman cultures.
Prerequisite: ART 260 or consent
Fall, Spring

ART 462 (3) Renaissance Art
Origins and development of Northern and Italian Renaissance art and architecture as an expression of historical, cultural and religious issues.
Prerequisite: ART 261 or consent
ALT-Spring

ART 463 (3) Mannerism to Romanticism
Historical survey of art, architecture and urban planning in Europe and America from the late sixteenth to mid-nineteenth century: Mannerism, Baroque, Rococo, Neoclassicism and Romanticism.
Prerequisite: ART 261 or consent
ALT-Spring

ART 464 (3) Art Museum and Exhibition Studies
The study of art museum history, theory and practice, including ethics, collecting, and display. Alongside these studies, students will conceive and realize an exhibition in order to further develop knowledge of and experience in the field.
Prerequisite: ART 260, ART 261
Fall, Spring

ART 466 (3) Realism to Postmodernism
Historical survey of art, architecture and urban planning in Europe and America from the mid-nineteenth century to the present: Realism, Impressionism, Expressionism, Surrealism, Abstract Expressionism, Minimalism, Op Art, Pop Art, and Post-modern issues and trends.
Prerequisite: ART 261 or consent
Fall

ART 467 (3) Art of the Islamic World
Historical survey of art and architectural developments from Islam’s origins through the twentieth century. Course focuses on contextualizing monuments, paintings, and other arts from various regions around the world.
Spring
Diverse Cultures - Purple

ART 468 (3) Design: History and Theory
Survey of Graphic Design, Industrial Design and Architecture from historical and theoretical perspectives. Design issues examined from formal and contextual points of view, using analysis strategies that consider style, composition, historical context, functional/propagandistic significance and communicative ability.
Variable

ART 469 (3-6) Printmaking: Advanced Studio
Continued investigation of advanced print making techniques and concepts. May be repeated.
Prerequisite: ART 370
Fall, Spring

ART 470 (3-6) Photography
Expanding technical knowledge and visual awareness while building a portfolio in selected areas. May be repeated.
Prerequisite: ART 375, ART 376 or consent
Fall, Spring

ART 480 (3-6) Sculpture
Continuing development of a strongly personal means of aesthetic expression in three dimensions. May be repeated.
Prerequisite: ART 380
Fall, Spring

ART 485 (3-6) Advanced Installation
This studio course focuses on the planning and implementation of site-specific work. Students’ personal interests will be paramount in the development of works that address site and audience. Professional practices necessary to carry out installations will be emphasized, including proposal development, project planning, and documentation. Environmental impact, health, and safety will be addressed. The course will cover a variety of installation artists and related readings. May be repeated.
Prerequisite: ART 385 or consent
Fall, Spring

ART 490 (1-6) Workshop
ART 491 (1-4) In-Service

ART 492 (1-6) Art History Seminar
Specific problems in art emphasizing both individual research and contributions to the seminar group on advanced, in-depth topics.
Prerequisite: Consent
Variable

ART 493 (3) Topics
Lecture/discussion/studio course on a selected area of discourse relating to the study of Art History, Art Criticism, Art Education or Art Studio. May focus on a specific artist, style period, cultural group or technical or methodological problem.
Variable

ART 494 (1-6) Art History Seminar
Capstone writing project. Advanced study and research required. Topic of the senior thesis determined jointly by the student and the faculty advisor. Required for art history specialization and art history major. A less expansive project is required for the art history minor.
Prerequisite: Consent of advisor
Fall, Spring

ART 495 (0-1) Senior Exhibit
A required course in all art major degree programs. Students plan and present art work in an exhibition. Can not be taken same semester as student teaching.
Prerequisite: Consent
Fall, Spring

ART 496 (1) Art History Senior Thesis
Capstone writing project. Advanced study and research required. Topic of the senior thesis determined jointly by the student and the faculty advisor. Required for art history specialization and art history major. A less expansive project is required for the art history minor.
Prerequisite: Consent of advisor
Fall, Spring

ART 497 (1-6) Internship
Field experience in professional settings relating to the specialization: graphic design, museum or arts administration, etc.
Prerequisite: Jr. standing with consent of advisor and department chair
Fall, Spring

ART 499 (1-6) Individual Study
Advanced level pursuit of special projects of research on an independent basis. Requires contractual agreement in art office for registration.
Prerequisite: Consent
Fall, Spring
Art History

College of Arts & Humanities
Department of Art
136 Nelson Hall • 507-389-6412
Website: mnsu.edu/artdept/

Chair: Brian Frink

Faculty: Bradley Coulter, Alisa Eimen, Curt Germundson, James B. Johnson, Mika Laidlaw, Liz Miller, David Moirano, David Rogers, Ellen Schofield, Todd Shanafelt, Gina Wenger, Matt Willemsen, Joshua Winkler

Accreditation: The National Association of Schools of Art and Design (NASAD) The National Council for Accreditation of Teacher Education (NCATE)

The Department of Art program is devoted to the development of concepts, attitudes, and skills in the visual arts within a broad university curriculum of liberal arts orientation. There are four objectives: professional training of artists and scholars in chosen areas of specialization, preparation of art educators, elective study for students in all areas of the university, and service to the local communities as a source of cultural enrichment. The Department of Art is accredited by the National Association of Schools of Art and Design.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

A program planning guide for each major is available in the Department of Art office. Students should obtain one to aid in the planning of their program. Advisory services are available.

Drawing and design courses in the art core should be taken during the first year.

Admission to Major is granted by the department. Minimum University admission requirements are:
- a minimum of 32 earned semester credit hours;
- a minimum cumulative GPA of 2.00 (“C”).

In addition to minimum University admission requirements students requesting admission to the art and art education majors must complete the following:
- ART 101 (3) (Preferred) or ART 100 (3)
- ART 260 or ART 261

Students for all majors may be admitted provisionally while these requirements are being satisfied.

Contact the department for application procedures.

P/N Grading Policy. A student majoring in art may take a maximum of one-fourth of the art credits for P/N grades and must comply with the university P/N requirements.

GPA Policy. A 2.0 GPA is required. For admission to and graduation from the BFA program students must have a minimum cumulative GPA of 2.5. Students on academic probation should refer to the College of Arts and Humanities policy regarding required advising.

Studio courses require two scheduled hours of class meeting time under the direct guidance of the instructor and a minimum of one additional hour of work at the discretion of the student for each credit hour earned.

The frequency of course offerings should be verified with your art advisor or the art department office, since some changes caused by unanticipated circumstances may occur.

Art majors and minors must meet with the Art Department chairperson two semesters prior to their anticipated graduation date so that their graduation credits can be evaluated.

All students should check with the central art office concerning the future availability of courses needed for graduation. ART 421 Art Methods Elementary School, should be taken no sooner than the junior year and is required by state licensure before student teaching. The prerequisite for ART 421 is ART 100 or ART 101.

The total number of transfer credits accepted for each major/minor is as follows:

BFA (24), BS (18), BA (15), and Minor (6).

The Department of Art may request the retention of student work for its permanent instructional and exhibition collection. It reserves the right to photograph students and their work. In addition, the department cannot insure student work, material and equipment or take responsibility for its loss or damage.

Art students with junior or senior standing are encouraged to seek internship opportunities in career-related settings that may include museums, production studios, design firms, and other approved venues. Arrangements are made on an individualized basis. A maximum of 6 credits may be applied toward specializations within BA, BS, or BFA degree programs.

Notations showing the costs of individual courses are included in the schedule of classes. In some cases, student fees are charged for materials used. Verifying such information with the individual instructor is suggested.

See the SECONDARY EDUCATION section for admission requirements to Professional Education and a list of required Professional Education courses. The Bachelor of Science in Art Education major must pass all content area coursework with a grade of “C” or higher.

ART HISTORY BA

Degree completion = 120 credits

The Bachelor of Arts degree in Art History is a thorough liberal arts degree that provides students with a general knowledge of major artists, styles, and monuments of both Western and non-Western art. Writing and reading assignments within the courses and the Art History Senior Thesis will further critical thinking, analysis, and knowledge of theory and methods. Knowledge of at least one foreign language will enable students to use primary source materials in their further career. The core requirements in studio will give students insights into the creative process.

Required General Education

ART 260 Art History Survey I (3)
ART 261 Art History Survey II (3)

Major Common Core

ART 391 Portfolio Review (0)
ART 417 Medieval Art and Architecture (3)

ART TEACHING BS  

Art Teaching  
College of Arts & Humanities  
Department of Art  
136 Nelson Hall • 507-389-6412  
Website: mnsu.edu/artdept/  
Chair: Brian Frink  
Faculty: Bradley Coulter, Alisa Eimen, Curt Germundson, James B. Johnson, Mika Laidlaw, Liz Miller, David Morano, David Rogers, Ellen Schofield, Todd Shanafelt, Gina Wenger, Matt Willemsen, Joshua Winkler  

Accreditation: Art - The National Association of Schools of Art and Design (NASAD)  
The National Council for Accreditation of Teacher Education (NCATE)  
The Department of Art program is devoted to the development of concepts, attitudes and skills in the visual arts within a broad university curriculum of liberal arts orientation. There are four objectives: professional training of artists and scholars in chosen areas of specialization, preparation of art educators, elective study for students in all areas of the university, and service to the local communities as a source of cultural enrichment. The Department of Art is accredited by the National Association of Schools of Art and Design.  

Academic Map/Degree Plan at www.mnsu.edu/programs/#All  

POLICIES/INFORMATION  
A program planning guide for each major is available in the Department of Art office. Students should obtain one to aid in the planning of their program. Advisory services are available.  

Drawing and design courses in the art core should be taken during the first year.  

Admission to Major is granted by the department. Minimum University admission requirements are:  
- a minimum of 32 earned semester credit hours;  
- a minimum cumulative GPA of 2.00 (“C”).  

In addition to minimum University admission requirements students requesting admission to the art and art education majors must complete the following:  
-ART 101 (3) (Preferred) or ART 100 (3)  
-ART 260 or ART 261  

Students for all majors may be admitted provisionally while these requirements are being satisfied.  

Contact the department for application procedures.  

P/N Grading Policy. A student majoring in art may take a maximum of one-fourth of the art credits for P/N grades and must comply with the university P/N requirements.  

GPA Policy. A 2.0 GPA is required. For admission to and graduation from the BFA program students must have a minimum cumulative GPA of 2.5. Students on academic probation should refer to the College of Arts and Humanities policy regarding required advising.  

Studio courses require two scheduled hours of class meeting time under the direct guidance of the instructor and a minimum of one additional hour of work at the discretion of the student for each credit hour earned.  

The frequency of course offerings should be verified with your art advisor or the art department office, since some changes caused by unanticipated circumstances may occur.  

Art majors and minors must meet with the Art Department chairperson two semesters prior to their anticipated graduation date so that their graduation credits can be evaluated.  

All students should check with the central art office concerning the future availability of courses needed for graduation. ART 421 Art Methods Elementary School, should be taken no sooner than the junior year and is required by state licensure before student teaching. The prerequisite for ART 421 is ART 100 or ART 101.  

The total number of transfer credits accepted for each major/minor is as follows:  
BFA (24), BS (18), BA (15), and Minor (6).  

The Department of Art may request the retention of student work for its permanent instructional and exhibition collection. It reserves the right to photograph students and their work. In addition, the department cannot insure student work, material and equipment or take responsibility for its loss or damage.  

Art students with junior or senior standing are encouraged to seek internship opportunities in career-related settings that may include museums, production studios, design firms, and other approved venues. Arrangements are made on an individualized basis. A maximum of 6 credits may be applied toward specializations within BA, BS, or BFA degree programs.  

Notations showing the costs of individual courses are included in the schedule of classes. In some cases, student fees are charged for materials used. Verifying such information with the individual instructor is suggested.
ART BS, TEACHING
Degree completion = 120 credits

The Bachelor of Science degree in Art Education prepares students for careers as art educators teaching at the elementary and secondary levels.

Required General Education
ART 260 Art History Survey I (3)
ART 261 Art History Survey II (3)
KSP 220W Human Relations in a Multicultural Society (3)

ASTRONOMY MINOR

Astronomy

College of Science, Engineering and Technology
Department of Physics and Astronomy
141 Trafton Science Center N • 507-389-5743
Website: cset.mnsu.edu/pa/
Chair: Thomas R. Brown
Faculty: Paul Eskridge, Steven Kipp

The astronomy program serves the needs of a wide range of students, from those with only a casual interest in the subject to those students planning careers in the field. The 100-level courses (which include general education offerings) are designed to introduce astronomy to the student with a minimal background in mathematics and the physical sciences. The courses taken by astronomy minors cover a variety of topics in modern astronomy and astrophysics and require significant preparations in mathematics and physics. Paired with a major in physics, the astronomy minor serves as the first step towards a career in teaching or research in astronomy.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
GPA Policy. Astronomy minors must maintain a minimum 2.5 GPA in all coursework for their astronomy program, and in addition must earn a "C" or better for a course to apply to their minor. These standards apply to the courses required for the degree and their prerequisites. A minimum cumulative GPA of 2.0 is required for graduation. There are no prerequisite GPA requirements for internships.

The astronomers operate two observatories on the southern edge of the campus. Standeford Observatory contains a 14-inch Schmidt-Cassegrain telescope, used for visual observations by general education students and other observatory visitors. Several other 10- to 13-inch telescopes are also available for instructional use by students in Astronomy 125. Andrews Observatory houses a 0.5-meter computer-controlled Cassegrain telescope. This instrument, which is equipped...
with photographic and electronic cameras and photometers, is used primarily for advanced instruction and faculty research. Standeford Observatory is open regularly for students and other visitors during the spring and the fall. Public viewing nights at Andreas Observatory are held occasionally during the year as weather permits.

### COURSE DESCRIPTIONS

**AST 101 (3) Introduction to Astronomy**
Broad survey of astronomy: the night sky, seasons, moon phases, eclipses, light, telescopes, stars, stellar evolution, galaxies, cosmology, the solar system. Fall, Spring

**AST 102 (3) Introduction to the Planets**
Survey of our solar system: the sun, planets, moons, asteroids, comets, and meteoroids; history of the discovery and exploration of the solar system. Fall, Spring

**AST 104 (2) Introduction to Experimental Astronomy**
Experiments in astronomy: astronomical observations, measurement, interpretation, and analysis of various types of astronomical data. Lab included. Pre or Co-req: AST 101 or AST 102 Variable

**AST 115 (2) Life in the Universe**
The probability of extraterrestrial intelligent life; the chemical basis of life; planetary environments; habitable zones; the Drake equation; UFOs; space travel; interstellar communication; limits on technical civilizations. Fall, Spring

**AST 125 (3) Observational Astronomy**
Techniques for observing with naked eye, binoculars and small telescopes; constellation and star identification; use of star atlases and handbooks; observations of stars, binaries, clusters, nebulae, etc. Evening observing sessions required. Prerequisite: AST 101 or consent Fall

**AST 201 (2) Spherical Astronomy**
The celestial sphere; coordinate systems; sidereal and solar time; diurnal motion; precession, proper motion, refraction, aberration, parallax. Requires a background in trigonometry. Spring

**AST 215 (4) Astronomy and Astrophysics I**
Celestial mechanics, gravitational and tidal forces; stellar motions and parallax; radiation and matter; magnitudes and stellar spectra; binary stars and stellar masses; stellar structure and evolution. Prerequisite: MATH 121 and PHYS 221 Fall

**AST 225 (4) Astronomy and Astrophysics II**
Stellar endpoints; close binary systems; variable stars; the Milky Way; normal galaxies; galactic evolution; active galaxies and quasars; cosmology. Prerequisite: AST 215, MATH 122, PHYS 222 Spring

**AST 294 (1-6) Workshop**
A short course devoted to a specific astronomical topic. May be repeated for credit on each new topic. Variable

**AST 351 (2) Telescope Operations**
Operating the 0.5 meter telescope, operating the BRC 250 astrograph; learning to install and operate ancillary equipment for both telescopes. Prerequisite: AST 201 and AST 215, Consent Variable

**AST 352 (2) Photometry I**
Photometric systems; observational techniques of point-source photometry: methods of data reduction; interpretation of data. Prerequisite: AST 215 ALT-Fall

**AST 354 (2) Photometry II**
Observations of extended sources; photometric calibration of extended sources; use of secondary standard stars. Prerequisite: AST 353 ALT-Spring

**AST 355 (2) Astrometry**
Reduction of digital images to determine positions, proper motions, and parallaxes of stars; analysis of errors. Prerequisite: AST 201 and AST 215 ALT-Spring

**AST 357 (2) Spectroscopy**
Line identification; radial velocity determinations; spectral classification. Prerequisite: AST 225 ALT-Fall

**AST 420 (3) Stellar Astrophysics**
Blackbody radiation; radiative transfer; atomic structure; spectroscopic notation; excitation; ionization; absorption and emission coefficients; line profiles; analysis of stellar spectra. Prerequisite: AST 225 and PHYS 223 ALT-Fall

**AST 421 (3) Stellar Structure**
The gaseous state; degenerate matter; equations of stellar structure; polytropes; models of stellar interiors and atmospheres; stellar evolution; nucleosynthesis; stellar endpoints. Prerequisite: AST 420 ALT-Spring

**AST 430 (3) Galactic Structure**
Structure, kinematics, and dynamics of our galaxy. Prerequisite: AST 225, PHYS 222, MATH 223 ALT-Fall

**AST 431 (3) Extragalactic Astronomy**
Normal galaxies; groups and clusters of galaxies; galaxy interactions and mergers; active galactic nuclei; large-scale structure; galaxy formation and evolution; cosmology. Prerequisite: AST 430 ALT-Spring

**AST 488 (1-4) Seminar**
May be repeated for credit on each new topic. Prerequisite: Consent Variable

**AST 491 (1-6) In-Service**
A course designed to upgrade the qualifications of persons on-the-job. Variable

**AST 493 (1-6) Undergraduate Research**
Students will conduct supervised research in astronomy. Prerequisite: Consent Variable

**AST 494 (1-6) Workshop**
A short course devoted to a specific astronomical topic. May be repeated for credit on each new topic. Variable
ATHLETIC COACHING MINOR

ATHLETIC COACHING MINOR

Required for Minor
- HP 340 Prevention and Care (2) [Prereq: BIOL 220 (4 cr.)]
- HP 372 Exercise Science for Coaches (3)
- HP 451 Principles of Coaching (3)
- HP 462 Sports Administration (3)
- HP 470 Psychology of Coaching (3)
- HP 482 Coaching Practicum (1)
- HLTH 210 First Aid and CPR (3)

Required Electives - Choose two of the following courses (2 credits)
- HP 301 Swimming Theory (1)
- HP 302 Wrestling Theory (1)
- HP 303 Volleyball Theory (1)
- HP 304 Track & Field Theory (1)
- HP 305 Baseball Theory (1)
- HP 306 Football Theory (1)
- HP 308 Hockey Coaching Theory (1)
- HP 309 Basketball Coaching theory (1)
- HP 310 Softball Theory (1)
- HP 311 Cross Country Theory (1)
- HP 316 Tennis Theory (1)
- HP 317 Golf Coaching Theory (1)
- HP 318 Soccer Theory (1)

AUTOMOTIVE ENGINEERING TECHNOLOGY BS AND MINOR

Automatic Engineering Technology

College of Science, Engineering & Technology
Department of Automotive & Manufacturing Engineering Technology
205 Trafton Science Center E
Phone: 507-389-6383
Fax: 507-389-5002
Website: www.cset.mnsu.edu/aet

Chair: Dr. Bruce E. Jones, Ph.D.
Faculty: Kuldeep Agarwal, Ph.D., Craig Evers, Ph.D., P.E., Shaheen Ahmed, Ph.D., Gary Mead, Ph.D., Harry Petersen, Ph.D., P.E., Winston Sealy, Ph.D.

Accreditation. The Automotive Engineering Technology program is accredited by the Engineering Technology Accreditation Commission of ABET, 415 N. Charles Street, Baltimore, MD 21201, 410.347.7700, www.ABET.org

The mission of the Automotive Engineering Technology (AET) degree program at Minnesota State Mankato, is to provide a broad-based education for graduates to enter globally competitive automotive careers to serve the citizens of Minnesota and the world by:

- providing the highest quality education to prepare application-oriented graduates for a broad range of career opportunities in product research, design, development, and technical sales environments;
- encouraging and supporting faculty and students to engage in scholarly research and activities through partnerships with government, industry, and other constituencies that support effective and ethical transfer of technology;
- providing access to state of the art equipment, facilities, and methodologies, along with faculty expertise to benefit (AET) students; and
- broadening access to the program for diverse populations and support of K-12 pipeline development.

Program Description. The Automotive Engineering Technology (AET) degree program awards a Bachelor of Science degree (BS) to successful students through a four-year curriculum.

Engineering technology has been defined as the part of the technological field which requires the application of scientific and engineering knowledge and methods combined with technical skills in support of engineering activities; it lies in the occupational spectrum between the craftsman and the engineer at the end of the spectrum closest to the engineer. Engineering technology is oriented less toward theory and more toward practical applications. - American Society of Engineering Education (ASEE).

The Automotive Engineering Technology degree program prepares graduates for careers in product research, design and development, manufacturing, and technical sales in the original equipment and aftermarket industries. Fields include passenger cars, trucks, motorcycles, recreational vehicles, vehicle emissions, safety, fuels and lubricants, construction, industrial, and agricultural equipment. Graduates from the program are currently working for original equipment manufacturers (OEMs), such as General Mo-
tors, Polaris, John Deere, AGCO, and Ford along with aftermarket companies such as Competition Cams, OTC, and S&S Cycle. A more complete reference to companies employing (AET) graduates may be obtained from the Department Chair.

The Society of Automotive Engineers (sae.org) and National Institute of Automotive Service Excellence (ase.com) are the lead professional societies in developing program criteria, guiding program relevance, and making continuous improvement.

The primary goal of the (AET) program is to provide all graduates with the solid technical foundation necessary to insure their success in a wide variety of employment opportunities. To accomplish this goal, program outcomes and objectives are defined and assessed for continuous improvement. They are as follows:

Program Outcomes. Students at the time of graduation are prepared to:
1. deliver products, services, and support to both internal and external organizations by applying technical knowledge, problem solving techniques and hands-on skills in traditional and emerging technologies.
2. actively participate in ongoing professional development, professional growth, and increasing professional responsibility.
3. effectively communicate ideas to technical and non-technical people.
4. perform in or manage cross-functional teams.
5. work within the accepted standards of professional integrity and conduct.
6. understand and practice professional, ethical, environmental, and global responsibilities.
7. recognize the need for, and then develop, the skills for life-long learning.
8. implement, and continuously improve cost, quality, time, and goals using world class management methodologies.

Program Objectives. AET graduates two to three years into their careers should have the foundation to:
1. design, analyze and build virtual and real models, and conduct testing in product development environments through applied computer technologies.
2. define and communicate a set of requirements for a system, component or process and develop solutions to satisfy given criteria in an optimal fashion using creativity in design.
3. function effectively as a manager, leader, or member of a team.
4. understand and practice professional, ethical, environmental, and global responsibilities.
5. communicate effectively across all design and management interface levels of an organization.
6. recognize the need for, and then develop, the skills for life-long learning.
7. understand and engage in behavior which respects diversity and global cultures.
8. practice timeliness and quality with regard to work requirements.

Academic Map/Degree Plan at www.mnsu.edu/programs/AET

POLICIES/INFORMATION
Admission to the AET. Major is granted by the Department of AMET. Admission to the major is required to register for 300-level courses. Minimum requirements for acceptance into the AET major include a cumulative GPA of 2.0 or higher and the completion of the courses listed in the Prerequisites to the Major. The GPA calculation is based on the following areas: Required Communications; Required Basic Science and Mathematics; Required Major and Required Elective Courses. Refer to the College of Science Engineering and Technology Student Advising Center regarding required advising for students on academic probation.

Department Grade Policy. All courses in the AET major, and the required Communications, Basic Science and Mathematics courses must be completed with a grade of “C” or better except for AET 387, AET 488, and AET 489.

P/N Grading Policy. No more than 1/4 of all undergraduate credits may be P/N, except those courses offered P/N only.

Residency. A minimum of 50 percent of the credits for a major or minor in Automotive Engineering Technology must be taken at Minnesota State Mankato.

Prerequisites and co-requisites must be observed unless written permission is obtained from the instructor and the Department of AMET. A flow chart of prerequisites is available at the Department Office.

The scheduling of all department courses is done biannually, based on enrollment and staffing. To obtain a current class schedule, contact the Department.

AET 102 Introduction to Automotive Engineering Technology (1)
AET 160 Automotive Technology & Systems (4)
AET 261 Automotive Driveability and Diagnosis (4)
AET 262 Automotive Computers and Electronics (4)

Electives (choose 3 additional credits of AET/NET courses)

COURSE DESCRIPTIONS
AET 102 (1) Introduction to Automotive Engineering Technology
An overview of careers, technology and requirements of the Automotive Engineering Technology program. Careers in engineering technology are examined along with professional organizations and ethics.

Fall
AET 160 (4) Automotive Technology & Systems
This course is centered on the theory, operation and service of the systems found in modern automobiles. Lectures and demonstrations cover the course topics and open lab sessions allow students to practice procedures on their own vehicles in the completion of course assignments.
Fall, Spring

AET 261 (4) Automotive Driveability and Diagnosis
This course focuses on the engine's mechanical, ignition, fuel, and emission system using a systems approach to diagnose problems. Test equipment used in the course includes: fuel and fuel system; emission system; ignition oscilloscopes; valve refurbishing and mechanical diagnostic equipment.
Fall, Spring

AET 262 (4) Automotive Computers and Electronics
This course is centered on the theory, components, and diagnostic procedures related to modern automobile electrical and electronic systems. The major emphasis of the course involves the computer, sensors, and actuators as used in vehicles to control the ignition, fuel, emission, ABS, and chassis systems.
Prerequisite: AET 160, AET 261, EET 113
Fall, Spring

AET 334 (3) Fluid Power
Course provides a fundamental understanding of the physical principles of fluid power, along with a practical working knowledge of the components used in designing, installing, operating, and maintaining hydraulic and pneumatic power systems.
Fall, Spring
Prerequisite: MATH 121, PHYS 211

AET 364 (4) Chassis Design and Performance Testing
This course is an exploration of the theory and design of chassis systems, in addition to evaluation of these designs. Research tools include software design simulators, chassis geometry gauges, and dynamometers.
Prerequisite: MATH 121, PHYS 211
Fall, Spring

AET 366 (3) Automotive Thermodynamics and Engine Design
This course focuses on the study of thermodynamics as it relates to internal combustion engines and their design. Static and dynamic engine measurements are thoroughly covered along with an introduction to fuel cell and hybrid applications. Thermochemistry topics are covered including fuel characteristics, mixture ratios and emission characteristics.
Prerequisite: CHEM 104, MATH 121, PHYS 211
Fall, Spring

AET 378 (3) Composite Materials
Fiber reinforced plastic composite materials used in the manufacturing and transportation industries are the focus of this course. Matrix and reinforcement materials are examined and their properties identified. Manufacturing methods, fabrication, assembly techniques, testing, repair, and design of composite products are covered.
Prerequisite: MET 177, MET 324, CHEM 104
Fall, Spring

AET 387 (3) Junior Design Project
An examination of automotive design and research along with a review of topics such as ethics, professionalism, measurement, statistics, and career development/ placement. This course prepares the student for AET 488, Senior Design Project 1, where the design proposal, design project and final report are completed.
Prerequisite: ENG 271W, MET 144, STAT 154
Spring

AET 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information.
Prerequisite: AET 102. At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply.
Fall, Spring, Summer

AET 435 (1-4) Automotive Design and Construction
Focuses on the design and construction of prototype vehicles. Topics include: vehicle design decisions, rules, budgets, chassis design, body and aerodynamics, drivetrain choices, construction techniques, and test procedures. An experimental vehicle will be built in the course. May be repeated.
Prerequisite: Permission Required
Fall, Spring

AET 436 (3) Hybrid and Electric Vehicles
This course covers advanced vehicle propulsion systems within the electric and hybrid electric category. Fundamentals of the operation of electric motors, controllers, inverters, and batteries utilized in electric and hybrid platforms will be covered. In addition a significant focus will be placed on the application, modeling, integration, testing, and optimization of the systems in electric and hybrid electric vehicles.
Prerequisite: AET 366, MATH 122, PHYS 212
Variable

AET 465 (2) Automotive Laboratory Experience
This course designed to provide experience in management, organization, supervision, and maintenance in a laboratory environment. Enrollment is limited. Sign up at least two semesters ahead.
Prerequisite: AET 364, Permission required
Fall, Spring

AET 468 (4) Automotive Research Methods
Automotive research techniques and equipment form the basis for this course. Environmental measurement, airflow testing, dynamometer testing, emission measurement and fuel efficiency testing is covered. Emphasis is placed on research procedures, data acquisition and interpretation.
Prerequisite: AET 366, PHYS 211, STAT 154
Fall, Spring

AET 488 (3) Senior Design Project I
The first of a two-course sequence where students carry out their capstone design project. Weekly meetings are scheduled where the design team carries out the tasks required for completion. Formal design presentations and research papers are presented at the end of the course.
Prerequisite: AET 364, AET 387, MET 324, MET 341
Co-requisite: AET 468
Fall

AET 488W (3) Senior Design Project I
The first of a two-course sequence where students carry out their capstone design project. Weekly meetings are scheduled where the design team carries out the tasks required for completion. Formal design presentations and research papers are presented at the end of the course.
Prerequisite: AET 364, AET 387, MET 324, MET 341
Co-requisite: AET 468
Fall

AET 489 (3) Senior Design Project II
The second of a two course sequence where students build upon the first semester’s work. The course culminates with the completion of the capstone project with a formal technical paper following SAE format that would be ready to be submitted for publication.
Prerequisite: AET 468, AET 488
Spring

AET 489W (3) Senior Design Project II
The second of a two course sequence where students build upon the first semester’s work. The course culminates with the completion of the capstone project with a formal technical paper following SAE format that would be ready to be submitted for publication.
Prerequisite: AET 468, AET 488
Spring

AET 492 (1-4) Automotive Seminar
Selected automotive topics.
Prerequisite: Permission required
On Demand

AET 497 (1-10) Internship: Automotive
Automotive work experience in an area pertinent to the student’s career objectives. Consent of internship coordinator required prior to the beginning of employment and registration. Typically done between the junior and senior year.
Prerequisite: 40 earned credits in AET/MET
Fall, Spring, Summer

AET 499 (1-4) Individual Study
Prerequisite: Permission required
AVIATION PROGRAM MISSION STATEMENT. The mission of Minnesota State University, Mankato’s aviation program is to educate students today who will become professionals responsible for the safe and efficient design, management, and operation of the aviation system tomorrow. The program combines all elements of a substantive university education with aviation, flight, and management components to graduate well prepared aviation professionals. Acquisition of airmanship knowledge, skills, and ability while in college develops professionalism, responsibility, self-reliance and marketable skills for early career progression, and provides important experiences which ensure a level of understanding and competency essential to becoming an effective leader in an aviation profession.

Advising. Aviation students will be assigned a faculty advisor following an initial or transfer orientation session. Faculty advising appointments may be scheduled directly with your faculty advisor. College of Education Student Relations Coordinator, is available for general education advisement. Students may make appointments with the College of Education Academic Advising Office in 117 Armstrong Hall, phone 507-389-1215.

Accreditation. Minnesota State Mankato is accredited by the Aviation Accreditation Board International (AABI). Accreditation status can be verified at www.aabi.aero. Additionally, the B.S. Aviation, Professional Flight emphasis area is certified by the Federal Aviation Administration (FAA) to receive the maximum time reduction toward the Airline Transport Pilot (ATP) certificate. Graduates of these programs are eligible for a Restricted ATP certificate at 1,000 flight hours. Additional information regarding the Institutional Authority program under which Minnesota State Mankato has been certified under is contained in Advisory Circular 61-136 issued by the Federal Aviation Administration (FAA). The program is approved by the Aviation Accreditation Board International (AABI). Accreditation status can be verified at www.aabi.aero. Additionally, the program is approved by the National Council on Accreditation of Aviation Programs (NCAAP). Accreditation status can be verified at www.ncaap.org.

Academic Map/Degree Plan at www.mnsu.edu/programs/#Aviation

POLICIES/INFORMATION
Admission to Major. Coordinator for Admission to Major, Myymique Baxter, 117 Armstrong Hall. All students must submit an unofficial transcript or DARS report (available at the Campus Hub).

Students must meet the following requirements:
- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.50.

Students may only enroll in 1xx and 2xx-level aviation coursework prior to admission to the major.

Flight Training. Flight costs are determined on an hourly basis for aircraft and flight instruction. To obtain FAA certificates, it requires FAA exams which may require an additional fee. Students seeking admission to flight training must be examined by an FAA-designated Aviation Medical Examiner and have an FAA medical certificate and student pilot certificate before the start of flight training. Applicants intending to seek a Commercial Pilot Certificate must have 20/20 vision in each eye, or be correctable to 20/20. Medical examinations should be done far enough in advance of flight training to allow any potential problems or questions to be resolved. We recommend obtaining the 1st class FAA medical certificate.

The FAA requires any pilot’s license applicant to speak, read, write and understand the English language. Flight students whose home language is not English must demonstrate English language proficiency. In addition, the U.S. Transportation Security Administration (TSA) requires U.S. citizen flight students to present a government-issued photo identification document such as a driver’s license and an original passport or original (raised seal) birth certificate for U.S. citizenship verification. International flight students must comply with TSA requirements for a security threat assessment as specified in the Alien Flight Student Program. Generally, this process requires approximately 30 days to complete. Refer to www.flightstudentscandidates.gov for details.

Transfer of college credit and credit for certificates and/or ratings. The Minnesota State Mankato, Department of Aviation bases its flight education philosophy on a four-year university degree. Consequently, students who have obtained flight certificates/ratings without earned college credit may not have satisfied the academic and flight requirements for the aviation major. Students must demonstrate that they have received the full breadth and depth of knowledge, skills, abilities, and attitudes consistent with an education received at Minnesota State Mankato. Once enrolled at Minnesota State Mankato, students are expected to complete all subsequent flight training within Minnesota State Mankato’s aviation program.

Transfer credits. To satisfy aviation curriculum requirements, students with pilot certificates and ratings earned with college credit through an Aviation Accreditation Board International (AABI) accredited university may transfer those credits without demonstration of proficiency. College credits obtained through a non-AABI accredited institution shall be reviewed by the Department of Aviation to ensure the issuing institution follows policies and practices consistent with AABI accreditation standards. In the event credits do not transfer, students may be required to follow Examination for Credit procedures.

Prior Experience. Students entering Minnesota State Mankato with completed FAA certificates must register for and complete the applicable ground course for their flight lab. Prior experience will be evaluated through an oral and flight examination. Successful completion of the evaluation will be annotated on a Credit by Examination form giving credit for that particular flight lab. The student is responsible for the aircraft rental required for the evaluation.

GPA Policy. Admission to College of Education, 2.5 cumulative GPA.

P/N Grading Policy. Only elective and general education courses may be taken P/N, unless offered P/N only.

AVIATION BS

Required General Education
CMST 102 Public Speaking (3)
ECON 201 Principles of Macroeconomics (3)
PHIL 224W Business Ethics (3)
PHYS 101 Introductory Physics (3)

Goal Area 2 (choose 4 credits)
ENG 271W Technical Communication (4)
ENG 272W Business Communication (4)

Goal Area 4 (choose 4 credits)
MATH 112 or higher is required
MATH 112 College Algebra (4)
MATH 115 Precalculus Mathematics (4)
MATH 121 Calculus I (4)
MATH 122 Calculus II (4)

Major Core Common
AVIA 101 World of Aviation (3)
AVIA 150 Private Pilot (3)
AVIA 201 Theory of Flight (3)
AVIA 334 Aviation Management (3)
AVIA 432 Aviation Law - General (3)
AVIA 437 Aviation Safety (3)
AVIA 445 Aviation Human Factors (3)

AVIA 436 Flight Operations & Procedures (3) [3]
AVIA 450 Professional Pilot Theory [3]
AVIA 451 Professional Pilot Course [3]
AVIA 455 Aircraft Performance (3) [3]

The Professional Flight emphasis is FAA Approved for the Restricted ATP. Contact the program coordinator for more details.

**Major Emphasis: Aviation Management Concentration**

ACCT 200 Financial Accounting (3)
BLAW 200 Legal, Political, and Regulatory Environment of Business (3)
ECON 202 Principles of Microeconomics (3)
FINA 362 Business Finance (3)
MGMT 200 Introduction to MIS (3)
MGMT 330 Principles of Management (3)
MGMT 340 Human Resource Management (3)
MGMT 380 Human Behavior in Organizations (3)
MGMT 472 Project Management (3)
MRKT 310 Principles of Marketing (3)

**Option Areas**

(choose 6 credits)

- Choose from either Airport Management or Aircraft Dispatcher options.
  - AVIA 343 Airport Management (3)
  - AVIA 344 Airport Operations (3)
  - AVIA 443 Aircraft Dispatcher 1 (3)
  - AVIA 444 Aircraft Dispatcher 2 (3)

**Major Emphasis: Aeronautics Concentration**

A plan of study must be completed and approved by the Department of Aviation for this emphasis. (choose 48 credits)

Total credits in major must equal or exceed 48 credits. Faculty advising is required.

AVIA 101 - 499

**Required Minor: None.**

**AERONAUTICS MINOR**

An Aeronautics minor in Aviation is obtained after completing 16 required aviation core courses and 10 aviation electives. The minor provides fundamentals of the Aeronautical and Aviation sciences that may result in the candidate obtaining pilot certificates provided the required flight training is completed and all practical tests passed.

**Minor Core**

AVIA 101 World of Aviation (3)
AVIA 150 Private Pilot (3)
AVIA 437 Aviation Safety (3)

**Electives**

A plan of study must be completed and approved by the Aviation Department.

**Restricted Electives**

(choose 9 credits)

AVIA 151 Private Pilot Flight Lab (2)
AVIA 153 Private Pilot Flight Lab II (1)
AVIA 240 Instrument Pilot (3)
AVIA 241 Instrument Pilot Flight Lab (2)
AVIA 243 Instrument Pilot Flight Lab II (1)
AVIA 250 Commercial Pilot (3)
AVIA 251 Commercial Pilot Flight Lab (2)

GEOG 217 Weather (4)
GEOG 218 Weather Laboratory (1)

**Certificate Restricted Electives**

- **Helicopter or Airplane**
  - Select one group, either the helicopter option (12 credits) or the airplane option (10 credits).

  **Helicopter**
  - AVIA 152 Private Pilot Helicopter Flight Lab (3)
  - AVIA 242 Instrumental Pilot Helicopter Flight Lab (3)
  - AVIA 252 Commercial Pilot Helicopter Flight Lab (3)
  - AVIA 270 Helicopter Pilot (3)

  **Airplane**
  - AVIA 151 Private Pilot Flight Lab (2)
  - AVIA 251 Commercial Pilot Flight Lab (2)
  - AVIA 261 Instrument Pilot Flight Lab (3)
  - AVIA 371 Multi-Engine Flight Lab (1)

**Domestic or International Students**

Pick one option. The first is intended for domestic students, the second offers courses in English for Aviation non-native English speakers. Advisor approval is necessary for your selection.

AVIA 101 World of Aviation (3)
ENG 207 Special Topics in ESL (1-4)
AVIA 101 (3) World of Aviation
Provides an expanded study of the changing and shrinking world brought on by the introduction of technology using the medium of aviation, especially the fixed-wing airplane, throughout the course of history. Students will analyze the significant impact and rapid changes aviation has had on cultures, commerce, wars, economics, and transportation. The effect the introduction and expansion aviation technology has had throughout the world created many of the same effects the expansion of the internet has had over the last 20 years.
Fall, Spring

AVIA 102 (3) Aviation Terminology
Aviation Terminology teaches international students the terms and meanings of airports, aircraft, and aviation in general. The course will also include instruction in proper pilot and air traffic control radio procedures and methods when in flight and on the ground. The course should reduce future difficulties in follow-on aviation management or professional flight courses.
Fall

AVIA 150 (3) Private Pilot
A study of basic aeronautical knowledge including principals of flight, aerodynamics, aviation regulations, weather, visual and instrument navigation, and emergencies. The course meets, but is not limited to, FAR part 61.105 (a, 1-6). Satisfactory completion of this course may result in an endorsement for the FAA Private Pilot written exam.
Fall, Spring

AVIA 151 (2) Private Pilot Flight Lab
Provides beginning flight student with the in-flight requirements needed to obtain the FAA Private Pilot’s Certificate.
Fall, Spring

AVIA 152 (3) Private Pilot Helicopter Flight Lab
Provides initial flight student with the in-flight training requirements needed to obtain the FAA private Pilot Helicopter Certificate.
On Demand

AVIA 153 (1) Private Pilot Flight Lab II
Continues the flight lab progression in the MSU aviation program to the second stage of the Private Pilot flight lab. The course reviews and expands the classroom knowledge received in the Private Pilot Ground Course as well as the skills developed in AVIA 151. The training flights continue the building block approach to training with student pilots gradually obtaining the skills to fly in all instrument conditions and to pass an FAA administered practical examination.
Fall, Spring, Summer

AVIA 171 (1) Multi-Engine Flight Lab
Prepares advanced flight student with the in-flight requirements needed to obtain the FAA Multi-Engine Pilot rating.
Prerequisite: AVIA 151, or equivalent
Fall, Spring

AVIA 201 (3) Theory of Flight
A study of physics and aerodynamic principles of flight and propulsion systems. The nature of aerodynamic forces are explained. Flight principals of lighter-than-air, airplane, glider, rotorcraft and powered lift are covered in detail.
Prerequisite: AVIA 101, AVIA 150
Fall, Spring

AVIA 202 (3) Principles of Air Navigation
A study of fundamental air navigation principles and how it is applied to flight, pilotage and dead reckoning, great circle navigation, charts and conformal projects, and celestial navigation systems and their operations and use.
Prerequisite: AVIA 150
Spring

AVIA 240 (3) Instrument Pilot
A study of the aeronautical knowledge including aviation regulations, weather, instrument navigation, and instrument emergencies. The course meets, but is not limited to, FAR part 61.65 (b, 1-4). Satisfactory completion of this course may result in an endorsement for the FAA Instrument Pilot written exam.
Prerequisite: AVIA 150, or equivalent
Fall, Spring

AVIA 241 (2) Instrument Pilot Flight Lab
Prepares advanced flight students with the in-flight requirements needed to obtain the FAA Instrument Pilot rating.
Fall, Spring

AVIA 242 (3) Instrument Pilot Helicopter Flight Lab
Prepares advanced flight students with the in-flight requirements needed to obtain the FAA Instrument Pilot Helicopter rating.
Prerequisite: AVIA 152
On Demand

AVIA 243 (1) Instrument Pilot Flight Lab II
Continues the flight lab progression in the MSU aviation program to the second stage of the Instrument Pilot flight lab. The FAA requires each pilot to obtain their Instrument Pilot Flight certificate to fly in instrument weather conditions. The course reviews and expands the classroom knowledge received in the Instrument Pilot Ground Course as well as the skills developed in AVIA 241. The training flights continue the building block approach to training with student pilots gradually obtaining the skills to fly in all instrument conditions and to pass an FAA administered practical examination.
Fall, Spring, Summer

AVIA 250 (3) Commercial Pilot
A study of advanced aeronautical knowledge, including aerodynamics, aviation regulations, weather, visual and instrument navigation, and emergencies. The course meets, but is not limited to, FAR part 61.125 (a, 1-4). Satisfactory completion of this course may result in an endorsement for the FAA Commercial Pilot written exam.
Prerequisite: AVIA 151, AVIA 240
Fall, Spring

AVIA 251 (2) Commercial Pilot Flight Lab
Prepares advanced flight students with the in-flight requirements needed to obtain the FAA Commercial Pilot’s Certificate.
Fall, Spring

AVIA 252 (3) Commercial Pilot Helicopter Flight Lab
Prepares advanced flight students with the in-flight requirements needed to obtain the FAA Commercial Pilot Helicopter Certificate.
Prerequisite: AVIA 152, AVIA 242
On Demand

AVIA 253 (2) Commercial Pilot Flight Lab II
Continues the flight lab progression in the MSU aviation program. The FAA requires each pilot to obtain their Commercial Pilot flight certificate to be compensated for work as a pilot. This stage two course of the Commercial Pilot flight lab reviews and expands required classroom knowledge received in the Commercial Pilot Ground Course. The training flights use a building block approach to training with student pilots gradually obtaining the skills to fly the more difficult maneuvers and to pass an FAA administered practical examination.
Fall, Spring, Summer

AVIA 270 (3) Helicopter Pilot
Study of Helicopter theory to meet FAA part 141 certification requirements for helicopter.
Prerequisite: AVIA 150, AVIA 250, AVIA 260
On Demand

AVIA 275 (3) Helicopter Flight Theory
This course covers all the knowledge areas required for the FAA helicopter private, instrument and commercial pilot certification at a deeper and more academic level.
Variable

AVIA 300 (1) Advanced Studies Orientation
Orientation to academic and administrative expectations of upper division students including basic academic requirements, conducting aviation research, resources available, professional and personal standards of performance, program progression, APA format, and critical thinking.
Prerequisite: ENG 271W or ENG 272W
Fall, Spring

AVIA 305 (1) Aviation Professional Communications
This course will teach students to communicate tactical and strategic messages through written and oral means. Students will develop public speaking skills specific to the aviation industry to include aviation interviewing techniques, crisis communication, and passenger communication. Students will develop their professional resume specific to their career choice.
Fall, Spring
AVIA 306 (1) Intercollegiate Flight Team
Students train for and participate in intercollegiate flight competition as a member of the Minnesota State Mankato Flight Team. An additional fee is required during semesters in which the team participates in competition. A maximum of 4 credits can be earned. Fall, Spring

AVIA 333 (3) Airline Operations
Designed to cover the complex area of operation techniques and problems confronting the airlines today. Entails a study of marketing research, passenger trends, feasibility route studies, etc. Fall, Spring

AVIA 334 (3) Aviation Management
Provides an understanding of management and financial techniques related to aviation businesses. Generally accepted and proven business techniques are applied to the aviation setting. Fall, Spring

AVIA 336 (3) Basic Aircraft Systems
Aircraft systems for light, general aviation aircraft. Includes the study of structure, control, electrical, fuel, environmental, landing gear, and engine systems. Examples of general aircraft category aircraft systems will be discussed from the pilot's perspective. Fall

AVIA 337 (3) Avionics
Principles of Avionics is an expanded course on the theory and Applications of Aviation Electronics for future pilots and students of aviation and aeronautics. The course highlights modern synthetic displays, navigation, automatic flight control, FMS, and other essential aircraft equipment. Variable

AVIA 338 (3) Advanced Aircraft Systems
Hydraulic, pneumatic, electrical, pressurization, environmental, and other systems for large-transport category aircraft are covered. Also turbine engines, primary and secondary flight controls, and miscellaneous important systems are examined. Examples of systems in large transport category jets will be discussed from the pilot operational perspective. Spring

AVIA 339 (3) Aerospace Propulsion
The course provides basic principles of operation and components description of the traditional and modern propulsion systems used in atmospheric and space transportation vehicles. Reciprocating engines with propellers, turbine jet engines, and chemical rockets are covered. Variable

AVIA 340 (3) Flight Operations
Introduces students to airline training, regulations, and flight management systems (FMS). Students will develop an understanding of airline operations as they experience an FAA Part 121 style basic indoctrination. Students will be trained on procedures, requirements, and limitations for airline operations through all phases of flight and ground in a simulated Advanced Qualifications Program (AQPI) style course. Students will also develop technical and procedural knowledge of FMS. Fall, Spring

AVIA 343 (3) Airport Management
Course provides students with an overview of airport management. Studies include the day-to-day operations of air carrier and general aviation airports as well as planning, design, construction, finance and public relations associated with airport management. Students are exposed to many career opportunities in this area. The course includes a case study of the Minneapolis/St. Paul metropolitan area airport system and several site visits. Spring

AVIA 344 (3) Airport Operations
This course prepares students for the Airport Operations Certification. It includes topics required for certification: Airport layout, Safety, Part 139, Airport Surfaces, Marking, Signs, Lighting, Self-Inspections, Ground Vehicles, NAVAIDs, ATC, Part 77, Hazardous Materials, FOD, Wildlife, ARFF, Winter Operations, and Security. On Demand

AVIA 360 (3) Flight Instructor
A study of the fundamentals of instruction including the learning process, effective teaching evaluation, course development, lesson planning, and instructing techniques. The course meets, but is not limited to, FAR part 61.187 (a, 1-6). Satisfactory completion of this course may result in an endorsement for the FOI and CFI-A written exam. Prerequisite: AVIA 150, AVIA 240, AVIA 241, AVIA 250

AVIA 361 (1) Initial CFI-Airplane-Multiengine Flight Lab
Prepares advanced flight students for the in-flight requirements needed to obtain the FAA Multi-Engine Flight Instructor's Certificate. Fall, Spring

AVIA 362 (1) Add-on CFI-A-Single Engine Flight Lab
Prepares advanced flight students with the in-flight requirements needed to obtain the FAA Certified Flight Instructor's Certificate. Fall, Spring

AVIA 363 (1) CFI-Instrument Airplane (CFI-I) Flight Lab
Prepares advanced flight students with the in-flight requirements needed to obtain the FAA Instrument Flight Instructor's Certificate. Fall, Spring

AVIA 383 (1) Flight Instructor Helicopter Flight Lab
Prepares advanced flight students with the in-flight requirements needed to obtain the FAA Certified Flight Instructor Helicopter Certificate. Prerequisite: AVIA 252 On Demand

AVIA 392 (1) Instrument Instructor Helicopter Flight Lab
Prepares advanced flight students with the in-flight requirements needed to obtain the FAA Instrument Helicopter Flight Instructor Certificate. Prerequisite: AVIA 242, AVIA 252 On Demand

AVIA 432 (3) Aviation Law - General
To instruct the student relative to legal implications of aircraft ownership, leases, rentals, and overall aircraft operation. Emphasis is placed on the understanding of liability and negligence from the operator and pilot standpoint. Fall

AVIA 435 (3) Aviation Law - Transactions
This course will take an in-depth look at several legal topics that touch the aviation industry. The course will use the case study method to look at several aviation-related cases, including commercial airline accidents, pilot certificate actions, airline security violation cases, international aviation law, and several other current legal matters that involve the airline industry. Prerequisite: AVIA 432 Spring

AVIA 436 (3) Flight Operations & Procedures
Introduces advanced professional flight students to FAR Part 121 style standardized flight training in a regional jet. Course will include aircraft systems, procedures training, and techniques used in high performance turbine aircraft. Emphasis on standard operating procedures (SOP), crew resource management (CRM), and line oriented flight training (LOFT). Prerequisite: AVIA 340

AVIA 437 (3) Aviation Safety
The understanding and implementation of safe operating procedures. Assists the student in arriving at proper decisions related to periods of stress when operating as pilot in command. Various FAA regulations and standard and safe operating procedures are also discussed. Fall, Spring

AVIA 442 (3) Fundamentals of Air Traffic Control
To provide the student with the basic knowledge of ATC as a career and the fundamentals necessary for FAA certification. Fall

AVIA 443 (3) Aircraft Dispatcher 1
Introduces the workings of the complex system of air control in the US and abroad. Covers such subjects as radio communications, airspace classification, radar control, and operation as well as aircraft separation. Looks at present and future air traffic control systems. Prerequisite: GEOG 217, AVIA 240, AVIA 250, AVIA 340 Spring
Biochemistry

College of Science, Engineering and Technology
Department of Chemistry & Geology
241 Ford Hall • 507-389-1963
Chair: Mary Hadley
Faculty: Brian Groh, Michael J. Lusch, Rebecca Moen, Marie K. Pomije, Jeffrey R. Pribyl, Danaé Quirk Dorr, James Rife, Theresa Salerno, Lyudmyla Stackpool, Daniel Swart, John D. Thoelemke, Trent Vorlicek

Biochemistry is a discipline which encompasses both biology and chemistry. This rapidly expanding science focuses on the study of the molecular aspects of living organisms. The tools and concepts of biochemistry are important as a foundation for careers in many areas of research and in medicine. Students considering a BA or BS degree in biochemistry should consult a biochemistry advisor for specific information regarding the program. This major is appropriate for students in pre-professional programs such as pre-dental, pre-medical, and pre-pharmacy programs.

Accademic Map/Degree Plan at www.mnsu.edu/programs/Biochemistry

Admission to Major. Admission to a program is necessary before a student can enroll in 300- and 400-level courses. To be eligible for admission to the biochemistry program a student must have declared biochemistry as a first major, completed 32 credits, including BIOL 105 and BIOL 106 as well as CHEM 201 and CHEM 202 and achieved a minimum grade point average of 2.0. Students should also have an assigned biochemistry advisor with whom they have discussed the program.

GPA Policy. Students obtaining a major in biochemistry must maintain an overall GPA of 2.2 in all courses required for their selected program with no more than 4 credits of “D” work in chemistry or biochemistry courses.

Students must meet a residency requirement. This means that all students who wish to receive either the Biochemistry BA or the Biochemistry BS from Minnesota State Mankato must complete the biochemistry sequence which consists of CHEM 460, CHEM 461, CHEM 465 and CHEM 466 at Minnesota State Mankato. It is important that this sequence be taken during the third (junior) year for all majors.

Students who complete the requirements for the Biochemistry BS must submit a comprehensive research report in conjunction with completion of CHEM 498. Students are encouraged to contact Professors Rife, Salerno and Moen for details regarding the research report prior to enrolling in CHEM 498.

P/N Grading Policy. Courses leading to a major or minor in chemistry or biochemistry may not be taken on a P/N basis, except where P/N grading is mandatory.

The department is recognized by the American Chemical Society and offers a BS (Chemistry) major that is approved by that organization. The BS Biochemistry program follows the ASBMB recommended curriculum for a biochemistry and molecular biology undergraduate major. Anyone considering a biochemistry major should choose a biochemist as an advisor and consult that advisor often throughout the course of study.

Admission to a program is necessary before a student can enroll in 300- and 400-level courses. To be eligible for admission to the biochemistry program a student must have declared biochemistry as a first major, completed 32 credits, including BIOL 105 and BIOL 106 as well as CHEM 201 and CHEM 202 and achieved a minimum grade point average of 2.0. Students should also have an assigned biochemistry advisor with whom they have discussed the program.

The BS Biochemistry program follows the ASBMB recommended curriculum for a biochemistry and molecular biology undergraduate major. Anyone considering a biochemistry major should choose a biochemist as an advisor and consult that advisor often throughout the course of study.

AVIA 444 (3) Aircraft Dispatcher
Preparation for the Federal Aviation Administration (FAA) Aircraft Dispatcher Certificate through an in-depth understanding of regulations, meteorology, navigation, aircraft systems, communications, air traffic control, emergency and abnormal procedures and practical dispatch applications. At the completion of the course, students will be prepared for the Federal Aviation Administration Aircraft Dispatcher oral examination.
Spring
Prerequisite: AVIA 240, AVIA 250, AVIA 340, AVIA 443

AVIA 445 (3) Aviation Human Factors
A study of various techniques designed to enhance management and leadership methods. Emphasizes decision-making and judgment skills as well as methods to improve effective communication and skills to develop a productive work environment for flight crew and other airline personnel.
Fall, Spring

AVIA 450 (3) Professional Pilot Theory
This course is designed to develop students technical understanding of information and knowledge required for Air Transport Students. Students will participate in a capstone research project and present their findings in a research paper and oral presentation. Course completion requirements will include preparation for the FAA ATP written exam.
Prerequisite: AVIA 251, AVIA 340, AVIA 436
Corequisite: AVIA 340, AVIA 436, AVIA 451
Fall, Spring

AVIA 451 (3) Professional Flight Course
Prepares students who desire careers as professional pilots. Emphasizes complete ground tutoring and flight instruction relating to instrument maneuvers, SOP’s, regulation interpretation, pilot discipline, and professional procedures. Crew resource management, IFRF, and turbine-transition flights in an advanced jet flight simulator are used. This course is taken in conjunction in the same semester as AVIA 450.
Prerequisite: AVIA 251
Corequisite: AVIA 450
Fall, Spring

AVIA 452 (3) Professional Aviator Course
This is a stand-alone course designed for the person who is not an MSU aviation major. The course offers a complete jet aircraft transition training program.
Summer

AVIA 455 (3) Aircraft Performance
The fundamental principles and calculation of the performance in various phases of flight: takeoff and land, climb and descent performance, maximum-range and maximum-endurance cruise, single-engine performance in multi-engine aircraft, standard atmosphere and basic subsonic and supersonic aerodynamics is covered.
Prerequisite: AVIA 201
Variable

AVIA 458 (3) Aeromedical Factors
Covers aeromedical factors that are essential for high-altitude flying aircraft. Hypoxia, hyperventilation, dysbarism, basic gas laws. Armstrong line, vision in flight, day and night. Pressurization systems, pressurized suits, danger of loss of cabin pressure, future HSCT and LEO commercial flights.
Variable

AVIA 490 (1-10) Aviation Workshop
Co-requisite: ANTH 491 or ANTH 492 or ANTH 493 or ANTH 494
Variable

AVIA 497 (1-12) Aviation Internship
Supervised experience in business, industry, state or federal institutions.
Fall, Spring

AVIA 499 (1-6) Individual Study in Aviation
Allows the student an individual course of study on an aviation topic to be arranged with the department.
Fall, Spring
BIOCHEMISTRY CONTINUED

BIOCHEMISTRY BA
Degree completion = 120 credits

Required General Education
BIOL 105 General Biology I (4)
CHEM 201 General Chemistry I (5)

Major Common Core
BIOL 106 General Biology II (4)
BIOL 211 Genetics (4)
BIOL 270 Microbiology (4)
BIOL 479 Molecular Biology (4)
CHEM 202 General Chemistry II (5)
CHEM 322 Organic Chemistry I (4)
CHEM 324 Organic Chemistry II (3)
CHEM 325 Organic Chemistry II Lab (1)
CHEM 340 Quantitative Skills for Chemistry and Biochemistry I (1)
CHEM 460 Biochemistry I (3)
CHEM 461 Biochemistry II (3)
CHEM 465 Biochemical Techniques I (1)
CHEM 466W Biochemical Techniques II (2)
CHEM 474 Chromatography (2)
Capstone
(choose 1 credit from either CHEM 494 or CHEM 495)
CHEM 494 Biochemistry Capstone Experience (1)
CHEM 495 Senior Seminar (1)

Major Restricted Electives
Upper Division Electives
Choose a minimum of 9 credits of upper division electives from either BIOL or CHEM courses. These electives must be approved by the Biochemistry Advisor. Courses used in the core cannot count as electives.

BIOL 300 - BIOL 499
CHEM 300 - CHEM 499

Other Graduation Requirements
Choose at least 2 additional upper division credits to meet graduation requirements.

Required for Bachelor of Arts (BA) degree ONLY: Language (8 credits)

Required Minor: None.

BIOCHEMISTRY BS

Required General Education
BIOL 105 General Biology I (4)
CHEM 201 General Chemistry I (5)

Required for Biology (BS) degree ONLY:

MATH courses (choose 7-8 credits)
Choose 2 of the following courses. Note that GE-4 requires 1 course so the remaining credits may be considered restricted elective credits.
MATH 121 Calculus I (4)
MATH 122 Calculus II (4)
STAT 154 Elementary Statistics (3)

Major Common Core
BIOL 106 General Biology II (4)
BIOL 211 Genetics (4)
BIOL 270 Microbiology (4)
BIOL 479 Molecular Biology (4)
CHEM 202 General Chemistry II (5)
CHEM 305 Analytical Chemistry (4)
CHEM 322 Organic Chemistry I (4)
CHEM 324 Organic Chemistry II (3)
CHEM 325 Organic Chemistry II Laboratory (1)
CHEM 340 Quantitative Skills for Chemistry and Biochemistry I (1)
CHEM 341 Quantitative Skills for Chemistry and Biochemistry II (1)
CHEM 440 Physical Chemistry I (3)
CHEM 450 Physical Chemistry Laboratory I (1)
CHEM 460 Biochemistry I (3)
CHEM 461 Biochemistry II (3)
CHEM 465 Biochemical Techniques I (1)
CHEM 466W Biochemical Techniques II (2)
CHEM 474 Chromatography (2)
CHEM 494 Biochemistry Capstone Experience (1)
(2 credits of CHEM 498 are required for the major core)
CHEM 498 Undergraduate Research (1-6)

Major Restricted Electives
Upper Division Electives
Choose a minimum of 7 credits from upper division Biology and Chemistry courses with approval from a Biochemistry advisor. Courses used in the core cannot count as electives.

BIOL 300 - BIOL 499
CHEM 300 - CHEM 499

PHYS
(choose 8 credits from either the Principles of Physics sequence or the General Physics courses noted below)
PHYS 211 Principles of Physics I (4)
PHYS 212 Principles of Physics II (4)
PHYS 221 General Physics I (4)
PHYS 223 General Physics III (3)
PHYS 233 General Physics III Laboratory (1)

Required Minor: None.

BIOLGY BS AND MINOR

Biology

College of Science, Engineering & Technology
Department of Biological Sciences
242 Trafton Science Center S • 507-389-2786
Website: www.cset.mnsu.edu/biology/

Chair: Penny Knoblich

Faculty: Lois Anderson, Michael Bentley, Rachel Cohen, Bradley Cook, Shannon Fisher, Geoff Goellner, Marilyn Hart, John D. Krenz, Bethann Lavoie, Alison Mahoney, Gregg Marg, Steven Mercurio, Beth Proctor, Christopher Ruhland, Timothy Secott, David Sharlin, Robert Sorensen, Daniel Toma, Dorothy Wrigley, Brittany Smith

The Department of Biological Sciences offers programs for students preparing for careers in education, laboratory and field research, biotechnology, environmental sciences, clinical laboratory sciences, cytotechnology, food science technology and pre-professional programs including pre-medicine, and pre-veterinary medicine.

The biology major offers a core program intended to develop a common back-ground in biology and additional upper level courses designed to provide specialized options. Students typically take a broad based general biology major or an emphasis in one of the following: general biology, cytotechnology, ecology, biomedical sciences, microbiology, plant science, toxicology, or zoology. Programs in biotechnology, environmental sciences, food science technology and science teaching are also offered.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
Admission to Major granted by the department. Admission requirements are 32 earned semester hours including BIOL 105, BIOL 106, BIOL 211, and CHEM 201 with a grade of “C” or better, completed General Education Goal Area 4 (Mathematics); completed General Education Goal Area 1, Part A (English Composition); and a minimum cumulative GPA of 2.2, with a cumulative GPA in Biology courses of 2.0. For Life Science Teaching majors, the combined GPA for BIOL 105, BIOL 106, BIOL 211, and CHEM 201 must be 2.4 or better.

Residency requirement for the Major. At least 50% of courses 300 level and up that are required for the major must be taken at Minnesota State University, Mankato.
Graduation with a Biology Major requires a minimum cumulative GPA of 2.0, and a minimum cumulative GPA in Biology courses of 2.0.

P/N Grading Policy. All courses leading to a major or a minor in biology must be taken for letter grades. Any exception to this policy must be approved by the chairperson of the department.

Refer to the College regarding required advising for students on academic probation.

GPA Policy: In programs where not specifically noted, a minimum GPA of 2.0 must be maintained in biological sciences. “A minimum GPA of 2.5 in the sciences and a ‘C’ or better in all science courses is required for graduation with a BS Life Science Teaching degree.

Several biology scholarships are available for entering first year students and currently enrolled Minnesota State Mankato students who meet the requirements. Application deadline is March 31 of each year.

The Department of Biological Sciences offers a well-balanced summer school program. For details concerning the courses being offered consult the summer catalog.

---

**BIOLOGY BS**

Degree completion = 120 credits

Students may elect to complete the general non-specialized biology major or select one of the alternative specialized options or emphases.

**Required General Education**

**Required Minor: None.**

---

**Major Emphasis: Biomedical Sciences**

The purpose of this option is to prepare the student for a career in biomedicine. The option fulfills the science course requirements for most medical, osteopathic, dental, and chiropractic schools as well as the science course requirements for graduate education in biomedicine. If you are interested in applying for a specific medical school, please contact that school for their specific requirements. All emphases require BIOL 105, 106, 211, CHEM 201, and ENG 271W.

**Emphasis Required General Education** (choose 4 credits)

<table>

**Required Minor: None.**
A cytotechnologist is an allied health professional and is involved in the microscopic study of cells for evidence of disease and cancer. Cytotechnologists are trained to accurately identify precancerous, malignant, and infectious conditions using cytological techniques. The "Pap test" (an evaluation of cells from the uterine cervix) is the best known test in this field. The four-year curriculum consists of three years spent at the university completing the required courses and the fourth year is a 32 credit internship spent in professional education. Agencies participating in the cytotechnology program include, but are not limited to: Mayo School of Health Sciences in Rochester, MN. Admission into the fourth year hospital clinical internship is competitive. Therefore, admission to the program does not ensure placement into the fourth year internship. The BS degree is awarded by the university after successful completion of the internship year. Graduates are then eligible to take the certifying examination. Cytotechnologists are employed in hospital laboratories, universities, and private laboratories. Adjunct faculty at the clinical sites include: Kara Hansing, CT (ASCP). Students accepted into the clinical internship will be responsible for: Proof of Medical / Hospitalization / Health Insurance; Health Physical Exam; Tuberculosis (TB) testing; and Proof of Immunization which may include the following: Hepatitis B, Measles, Mumps, Rubella, Tetanus, Chickenpox (Varicella), and Influenza. Students may also be required to submit to Drug Screen Testing. Internship sites are required by law to do Background Checks on all students admitted to their cytotechnology programs. All emphases require BIOL 105, 106, 211, CHEM 201, and ENG 271W.

**Major Emphasis: Cytotechnology**

**Emphasis Required General Education** (choose 4 credits)
- MATH 112 College Algebra (4)
- MATH 115 Precalculus Mathematics (4)
- MATH 121 Calculus I (4)

**Emphasis Required Support Courses** (choose 13 credits)
Choose from the following to total at least 13 additional credits in Chemistry.
- CHEM 202 General Chemistry II (5)
- CHEM 305 Analytical Chemistry (4)
- CHEM 322 Organic Chemistry I (4)
- CHEM 323 Supplemental Organic Functional Group Chemistry (1)
- CHEM 324 Organic Chemistry II (3)
- CHEM 325 Organic Chemistry II Lab (1)
- CHEM 360 Principles of Biochemistry (4)

**Emphasis Core Courses** (choose 16 Credits)
- BIOL 229 Antibody Production (4)
- BIOL 270 Microbiology (4)
- BIOL 320 Cell Biology (4)
- BIOL 330 Principles of Human Physiology (4)

**Emphasis Restricted Electives** (choose 3 - 4 credits)
- BIOL 424 Developmental Biology (3)
- BIOL 430 Hematology/Introduction to Immunology (4)
- BIOL 435 Histology (4)
- BIOL 479 Molecular Biology (4)

**Professional Education** (choose 32 credits)
- BIOL 493 Cytotechnology/Cytogenetics Clinical Internship 1 (1-12)
- BIOL 494 Cytotechnology/Cytogenetics Clinical Internship 2 (1-12)
- BIOL 495 Cytotechnology/Cytogenetics Clinical Internship 3 (1-12)
- BIOL 496 Cytotechnology/Cytogenetics Clinical Internship 4 (1-12)

**Major Emphasis: Ecology**

Ecology is the study of relationships between organisms and their environment. The option consists of fundamental courses in biology and related sciences, mid-level study in genetics, evolution, and statistics, and an array of upper-division electives that emphasize fieldwork, data analysis, and writing. Many students collaborate with faculty in their research or conduct independent research projects. Career titles available with this option include ecologist, naturalist, wildlife biologist, natural resource manager, fish biologist, marine biologist, conservation training or graduate school. For more information about the option and the ecology faculty, select "ecology" at the department page (see www.mnsu.edu/dept/biology). All emphases require BIOL 105, 106, 211, CHEM 201, and ENG 271W.

**Emphasis Required General Education** (choose 17 credits)
- BIOL 215 General Ecology (4)
- BIOL 301 Evolution (2)
- BIOL 408 Vertebrate Ecology (4)
- BIOL 443 Plant Ecology (4)
- HTH 475 Biostatistics (3)

**Chemistry Requirement** (choose 5 credits)
- CHEM 111 Chemistry of Life Processes (5)
- CHEM 202 General Chemistry II (5)

**Emphasis Required General Education courses:**
- PHYS 211 Principles of Physics I (4)

**Math**
- Choose 3-4 credits from the following:
  - MATH 113 Trigonometry (3)
  - MATH 115 Precalculus Mathematics (4)

**Emphasis Restricted Electives:** Choose courses to total 40 credits in biology. Courses other than those listed are allowed with consent of your advisor. A limit of 4 total credits is allowed from BIOL 492, BIOL 497, and BIOL 499 combined.
- BIOL 230 Cell Biology (4)
- BIOL 404 Wetlands (4)
- BIOL 405 Fisheries Biology (3)
- BIOL 409 Advanced Field Ecology (4)
- BIOL 410 Global Change Biology (3)
- BIOL 412 Soil Ecology (4)
- BIOL 431 Comparative Animal Physiology (3)
- BIOL 432 Lake Ecology (4)
- BIOL 436 Animal Behavior (4)
- BIOL 441 Plant Physiology (4)
- BIOL 442 Flora of Minnesota (4)
- BIOL 460 Introduction to Toxicology (3)
- BIOL 472 Microbial Ecology and Bioremediation (4)
- BIOL 479 Human Anatomy (4)
- BIOL 492 Honors Research (1-3)
- BIOL 497 Internship I (1-12)
- BIOL 499 Individual Study (1-4)

**Required Minor:** None.

**Major Emphasis: Microbiology**

Microorganisms impact every area of life. The option exposes students to a variety of topics in microbiology and teaches numerous skills needed to work with microorganisms. Training in microbiology prepares students for employment in industry (ex. Quality assurance, vaccine production) and government (ex. laboratory technicians). Currently, employment opportunities abound in applied areas of microbiology, such as biological products/ pharmaceuticals, food processing, environmental assessment. It also prepares a student for continuing education in microbiology, immunology, and cell and molecular biology. Students may elect to work on research projects with faculty who work in the areas of food microbiology, immunology, microbial genetics, and molecular biology. All emphases require BIOL 105, 106, 211, CHEM 201, and ENG 271W.

**Math Requirement** (choose 3 - 4 credits)
- MATH 112 College Algebra (4)
- MATH 113 Trigonometry (3)
- MATH 115 Precalculus Mathematics (4)
- MATH 121 Calculus I (4)

**Emphasis Common Core** (choose 18 credits)
- BIOL 270 Microbiology (4)
- CHEM 202 General Chemistry II (5)
- CHEM 305 Analytical Chemistry (4)
- CHEM 322 Organic Chemistry I (4)
- CHEM 323 Supplemental Organic Functional Group Chemistry (1)
**Emphasis Restricted Electives** (choose 4 - 5 credits)
- BIOL 476 Microbial Physiology and Genetics [5]
- CHEM 460 Biochemistry I [3]
- CHEM 465 Biochemical Techniques I [1]

**Emphasis Unrestricted Electives** (choose 25 credits)
- BIOL 476, CHEM 360, CHEM 460, and CHEM 465 can satisfy this category if they are not used in the Emphasis Restricted Electives.
- BIOL 420 Diagnostic Parasitology [3]
- BIOL 452 Biological Instrumentation [3]
- BIOL 472 Microbial Ecology and Bioremediation [4]
- BIOL 474 Immunology [4]
- BIOL 475 Medical Microbiology [4]
- BIOL 476 Microbial Physiology and Genetics [5]
- BIOL 478 Food Microbiology and Sanitation [4]
- BIOL 479 Molecular Biology [4]
- BIOL 497 Internship I [1-12]
- BIOL 499 Individual Study [1-4]

**Recommended General Electives** (choose 0 - 7 credits)
- HLTH 475 Biostatistics [3]
- MATH 121 Calculus I [4]

**Required Minor:** None.

**Major Emphasis: Plant Science**

The Plant Science option includes the study of cells, genetics, anatomy, physiology, taxonomy, and ecology of terrestrial and aquatic vascular plants, mosses, algae, and fungi. The option emphasizes plant structure and function, diversity, evolutionary and anatomical adaptations and interactions between plants and their environment. An option in plant sciences prepares undergraduate students for careers in education, biotechnology, field biology, pharmaceutical companies and government agencies. In addition, the option prepares students for Master’s and Doctoral degrees in Plant Science. All emphases require BIOL 105, 106, 211, CHEM 201, and ENG 271W.

**Physics Requirement** (choose 4 credits)
- PHYS 211 Principles of Physics I [4]

**Math Requirement** (choose 3 - 4 credits)
- MATH 113 Trigonometry [3]
- MATH 115 Precalculus Mathematics [4]

**Emphasis Common Core** (choose 23 credits)
- BIOL 217 Plant Science [4]
- BIOL 441 Plant Physiology [4]
- BIOL 442 Flora of Minnesota [4]
- BIOL 443 Plant Ecology [4]
- HLTH 475 Biostatistics [3]

**Emphasis Restricted Electives**

**Chemistry Requirement**
- CHEM 111 Chemistry of Life Processes [5]
- CHEM 202 General Chemistry II [5]

**Emphasis Unrestricted Electives** - Choose at least 8 credits from the following list of electives. At least two of the courses must have laboratory components. A MAXIMUM of 4 credits may be selected from BIOL 492, BIOL 497, and BIOL 499 combined.
- BIOL 301 Evolution [2]
- BIOL 320 Cell Biology [4]
- BIOL 404 Wetlands [4]
- BIOL 410 Global Change Biology [3]
- BIOL 432 Lake Ecology [4]
- BIOL 451 Plant Biotechnology [4]
- BIOL 460 Introduction to Toxicology [3]
- BIOL 479 Molecular Biology [4]
- BIOL 492 Honors Research [1-3]
- BIOL 497 Internship I [1-12]
- BIOL 499 Individual Study [1-4]

**Recommended Support Courses**
- IT 100 Introduction to Computing and Applications [4]
- MATH 121 Calculus I [4]

**Required Minor:** None.

**Major Emphasis: Zoology**

Zoology is a major branch of the biological sciences that involves the study of animals. Study in this area focuses on organismal diversity, animal structures and functions, genetics, development, evolution, behavior, and ecological interactions. Occupations that may be available to graduate include: Animal Husbandry, Museum/Zoo Guide, Animal Laboratory Technician, Animal Trainer, Pest Control Technician, Museum Curator, Entomologist, Environmental Consultant, Field Researcher, Science Writer, Physician, Veterinarian, Wildlife Rehabilitator, Zoo Keeper, and Zoologist. Advanced training in professional or graduate schools is required in many of these areas and acceptance for advanced training is competitive. Success in this career field typically requires: a thorough knowledge of general biology, the ability to work and relate with animals, proficiency in reading and writing and the ability to collect and analyze data, and an interest in problem solving and decision making. All emphases require BIOL 105, 106, 211, CHEM 201, and ENG 271W.

**Emphasis Core Courses** (choose 22 credits)
- BIOL 301 Evolution [2]
- BIOL 316 Animal Diversity [3]
- BIOL 424 Developmental Biology [3]
- BIOL 431 Comparative Animal Physiology [3]
- HLTH 475 Biostatistics [3]
Emphasis Restricted Electives (choose 6 - 7 credits)
BIOL 420 Diagnostic Parasitology [3]
BIOL 421 Entomology [3]
BIOL 436 Animal Behavior [4]
BIOL 438 General Endocrinology [3]

Emphasis Unrestricted Electives (choose 6 credits)
Other courses may apply with advisor's consent. A MAXIMUM of four credits may be used from BIOL 422, BIOL 497, and BIOL 499 combined
BIOL 320 Cell Biology [4]
BIOL 324 Neurobiology [3]
BIOL 403 Conservation Biology [3]
BIOL 409 Advanced Field Ecology [4]
BIOL 410 Global Change Biology [3]
BIOL 412 Soil Ecology [4]
BIOL 420 Diagnostic Parasitology [3]
BIOL 435 Histology [4]
BIOL 438 General Endocrinology [3]
BIOL 460 Introduction to Toxicology [3]
BIOL 472 Microbial Ecology and Bioremediation [4]
BIOL 479 Molecular Biology [4]
BIOL 492 Honors Research [1-3]
BIOL 497 Internship [1-12]
BIOL 499 Individual Study [1-4]

Emphasis Required Support Courses
Chemistry (choose one)
CHEM 111 Chemistry of Life Processes [5]
CHEM 202 General Chemistry II [5]

Recommended Support Courses
IT 100 Introduction to Computing and Applications [4]
MATH 121 Calculus I [4]

Emphasis Required General Education Courses
Physics (choose 4 credits)
PHYS 211 Principles of Physics I [4]
Math (choose 3 - 4 credits)
MATH 113 Trigonometry [3]
MATH 115 Precalculus Mathematics [4]
MATH 121 Calculus I [4]

Required Minor: None

BIOLOGY CONTINUED

BIOL 101 (2-4) Biological Perspectives
Students focus on specific biological perspectives, including environmental science, biology of women, biotechnology, human heredity, etc. May be repeated for credit under different subtitles.
Fall, Spring

BIOL 102 (3) Biology of Women
An introduction to biological topics of special interest to women with emphasis on anatomic and physiologic changes over the course of a woman's lifetime. Designed for students not majoring in science. Presents fundamental biologic concepts within this specialized context and provides opportunity to collect, evaluate, and analyze data.
Fall, Spring
GE-3

BIOL 103W (3) Introduction to Biotechnology
An introductory course designed for students not majoring in science. Focuses on basic biological principles as applied to biotechnology. Includes basic natural science principles, scientific problem solving, and human and social aspects of biotechnology. Lecture, laboratory, and small group discussions.
Fall

BIOL 105 (4) General Biology I
Study of biological processes at the suborganismal level including cell chemistry, metabolism, reproduction, genetics, and complex tissue physiology. Laboratory and discussion sessions stress problem solving and experimental design.
Fall, Spring
GE-3

BIOL 105W (4) General Biology I
Study of biological processes at the suborganismal level including cell chemistry, metabolism, reproduction, genetics, and complex tissue physiology. Laboratory and discussion sessions stress problem solving and experimental design.
Fall, Spring
GE-3

BIOL 106 (4) General Biology II
Study of biological processes at the organismal level including a survey of life forms (viruses, bacteria, protists, fungi, plants, and animals), their evolution, and ecology. Laboratory and discussion sessions stress problem solving and experimental design.
Prerequisite: BIOL 105
Fall, Spring

BIOL 175 (1) Orientation to Clinical Laboratory Science
An introduction to the health care profession with special emphasis on clinical laboratory personnel. Course includes presentations by professionals in some of the major health care fields, especially medical technology. Includes lectures, field observations.
Spring

BIOL 211 (4) Genetics
Introduction to genetic analysis. Topics covered include those both classical and modern genetics: population genetics, molecular genetics, genetic manipulation of organisms and selection. Central to this course will be the primacy of the trait as the object of genetics and the development/refinement of the concept of the gene. Lab included.
Prerequisite: BIOL 105, BIOL 106, and MATH 112
Fall, Spring, Summer

BIOL 215 (4) General Ecology
Principles of the study of relationships between organisms and the environment. Topics include flow of energy and materials, organism-level interactions, growth and evolution of populations, and community ecology. Field trips to prairie, lake, stream, and forest communities, training in data collection and analysis, use of equipment, and report writing. Lab included.
Prerequisite: BIOL 105 and BIOL 106 or consent
Fall

BIOL 217 (4) Plant Science
Biology of plants including unique features of plant cells, life histories, metabolism, anatomy, physiology, and ecology. The course emphasizes plants' remarkable adaptations to their environments, their diversity, and the vital roles they play in ecological interactions. For biology and environmental science majors and minors. Lab included.
Prerequisite: BIOL 105 and BIOL 106 or consent
Spring
BIOL 220 (4) Human Anatomy
Systems approach to the structure of the human body. The course is designed for students majoring in biology or health related programs. Lab included.
Fall, Spring

BIOL 270 (4) Microbiology
An introduction to the general principles and methods used in the study of microorganisms. Lab included.
Prerequisite: One BIOL course and one semester of chemistry from among CHEM 104, CHEM 106, CHEM 111, or CHEM 201
Fall, Spring, Summer

BIOL 283 (1) MAX Scholar Seminar
This class provides MAX scholars with an opportunity to explore a set of topics related to achieving success in academic, professional and personal realms. Speakers will include faculty, graduate students, visiting researchers and industry members as well as student participants. NOTE: Credit does not apply to any major.
Prerequisite: Recipient of a MAX scholarship or instructor consent.
Fall, Spring

BIOL 301 (2) Evolution
Evolution is a unifying theory of biology. Students are provided the history of evolutionary thought and the Darwinian revolution, evidence for evolution, mechanics of evolution, and an array of special topics such as speciation, molecular evolution, conservation, and extinction. Readings will include book chapters and journal articles. Lecture/discussion.
Prerequisite: BIOL 105, BIOL 106, BIOL 211
Spring

BIOL 310 (4) Basics of Human Physiology
Principles of functions of human cells, organs, and systems with an emphasis on organ/system interactions. Designed for majors who do not require a strong medical research emphasis. Includes an active learning laboratory to facilitate learning the complex lecture material.
Prerequisite: BIOL 220, CHEM 104 or CHEM 106 or CHEM 111 or CHEM 201
Fall, Spring, Summer

BIOL 316 (3) Animal Diversity
A comprehensive phylogenetic survey of both invertebrate and vertebrate animals. Emphasis on evolutionary relationships among phyla, the evolution of organ systems, animal organization and function, animal adaptations, and zoogeographical considerations. Research and inquiry of animal unity and diversity will include using the Internet. Lab included.
Prerequisite: BIOL 105 and BIOL 106
Fall

BIOL 320 (4) Cell Biology
An examination of eukaryotic cellular structure, organization and physiology. Lab included.
Prerequisite: BIOL 105 and BIOL 106, BIOL 211
Fall

BIOL 324 (3) Neurobiology
Basic anatomy and physiology of the nervous system. The course is designed for students majoring in biology, psychology or health related programs.
Prerequisite: BIOL 220
Fall

BIOL 330 (4) Principles of Human Physiology
Principles of functions of human cells, organs, and systems with an emphasis on organ/system interactions. This course is designed for students majoring in biology, chemistry, or related sciences, and medically-related areas. Includes a laboratory with a research and medical emphasis.
Prerequisite: BIOL 220, CHEM 104 or CHEM 106 or CHEM 111 or CHEM 201
Fall, Spring, Summer

BIOL 380 (3) Blood Banking/Urinalysis
Basic understanding of the principles of immunohematology applied to the area of blood blanking including major blood group systems, principles for antigen/antibody detection and identification, donor blood collection, transfusion evaluation, theory of renal function in health and disease, specimen collection, handling, and processing, and components of routine urinalysis.
Spring

BIOL 402 (4) Stream Ecology
The structure and function of stream ecosystems are presented with emphasis on adaptations of organisms to stream life and connections between stream organisms, the aquatic environment, and the surrounding watershed. Includes lab, field work, and team projects.
Prerequisite: BIOL 105, BIOL 106, BIOL 215 or consent
Summer

BIOL 403 (3) Conservation Biology
Applications of principles from ecology, genetics, behavior, demography, economics, philosophy, and other fields to the conservation and sustainable use of natural populations of plants and animals. Lectures and discussions address topics such as habitat fragmentation, parks and reserves, genetic diversity, population viability, and extinction.
Prerequisite: BIOL 215 or consent
Spring

BIOL 404 (4) Wetlands
To provide students the values and functions of wetlands and to use wetlands as an example of the relationship of ecology to management, and the impact that classification systems have politically. Lab [fieldwork] included.
Prerequisite: BIOL 105, BIOL 106, BIOL 215, or consent
Spring

BIOL 405 (3) Fisheries Biology
An introduction to fish biology and fisheries management, diversity, form and function in the aquatic environment, functional physiology, evolution and speciation, identification and use of keys, ecology, and management topics.
Prerequisite: BIOL 105, BIOL 106, BIOL 215, or consent of instructor
Fall

BIOL 408 (4) Vertebrate Ecology
A field course in the ecology of birds, mammals, amphibians, reptiles, and fishes. Students are trained in sampling techniques such as mark-and-recapture, population size estimation and monitoring, and species identification of live and preserved specimens. Lectures encompass evolution and adaptation, origins, energetics, mating systems, morphology, geographical distributions, and population-level phenomena. Lecture and Laboratory.
Prerequisite: BIOL 105, BIOL 106, BIOL 215 or consent
Fall

BIOL 409 (4) Advanced Field Ecology
A field course focused on the function and dynamics of various North American ecosystems. Emphases will be on natural history, critical thought, and experimental design. Students will be trained in a variety of soil, plant, and animal sampling techniques. Depending on enrollment, there may be additional costs (e.g., camping fees) for the course.
Prerequisite: BIOL 105, BIOL 106, BIOL 215 or consent
Summer (On Demand)

BIOL 410 (3) Global Change Biology
This class examines the effects of natural and human-induced changes in climate on terrestrial and marine ecosystems. The course focuses on the science behind global change issues that have biological, social, and economic implications.
Prerequisite: BIOL 105, BIOL 106, BIOL 215 or consent
Fall

BIOL 412 (4) Soil Ecology
Soil ecology will focus on the genesis and classification of soils, the physical properties of soil as they relate to habitat formation, niches, interactions that exist among soil organisms, human impact on soil systems relative to population pressures and management practices. Lab included.
Prerequisite: BIOL 105, BIOL 106, BIOL 215, or consent
Spring

BIOL 417 (3) Biology of Aging and Chronic Diseases
Emphasis is placed on the biomedical aspects of aging and chronic disease. The course is designed for students majoring in biology, gerontology programs, or other health related programs.
Prerequisite: BIOL 100 or BIOL 105
Fall, Spring

BIOL 419 (2-3) Special Topics in Instrumentation
Instruction in specialized biological instrumentation.
Prerequisite: BIOL 105 and BIOL 106
Fall
Biology 420 (3) Diagnostic Parasitology
Clinically important parasites. Protozoans, Flukes, Tapeworms, Roundworms, Ticks, Mites and Insects. Designed for Medical Technology, Pre-Med, Pre-Vet and Biology majors. Identification, clinical disease, epidemiology and ecology are covered. Lab included. Prerequisite: BIOL 100 or BIOL 105, BIOL 106 recommended. Spring

Biology 421 (3) Entomology
Morphological, physiological, medical, and economic significance of insects. Prerequisite: TO 105 and BIOL 106 or consent. Fall

Biology 424 (3) Developmental Biology
Understanding the process of cell differentiation and development. These principles are then applied to the descriptive study of human embryology including the basis of congenital malformations. Prerequisite: BIOL 100 or BIOL 105. Fall

Biology 425 (1) Development Biology Lab
Biology 425 is an optional 1-credit laboratory in addition to Developmental Biology, Biology 424. In the laboratory component, students will be exposed to modern techniques used to examine developmental processes in several key model systems. Laboratory exercises consist of experiments designed to demonstrate fundamental concepts in development and to familiarize students with experimental approaches utilized in studying developmental biology and embryology. Fall

Biology 430 (4) Hematology/Introduction to Immunology
Collection, examination, evaluation, morphology, function and diseases of blood cells. Hemostasis/coagulation of blood. Immunology theory is presented. Lab included. Spring

Biology 431 (3) Comparative Animal Physiology
A comparison of adaptation mechanisms, from cell to organ-system, used by animals in response to “changes in” environmental conditions such as oxygen, carbon dioxide, food availability, temperature, water, solutes, pressure and buoyancy. Prerequisite: BIOL 105, BIOL 106 or consent. Spring

Biology 432 (4) Lake Ecology
This course is an introduction to the physical, chemical, and biological characteristics and interactions of inland freshwater lakes. Labs will emphasize field work, including data collection from five local lakes, analysis, and discussion. Fall

Biology 433 (3) Cardiovascular Physiology
This course is a functional study of the heart and circulatory system. Fall

Biology 435 (4) Histology
Study of types, arrangements and special adaptations of human tissues. Lab included. Prerequisite: BIOL 220. Spring

Biology 436 (4) Animal Behavior
An exploration of behavioral strategy, communication, learning, and social systems of animals, with emphases placed on the causes, evolution, ecological implications, and function of behavior at the individual and population level. Lab included. Prerequisite: BIOL 105, BIOL 106, BIOL 215. Spring

Biology 438 (3) General Endocrinology
This course provides the basis for understanding hormones and the mechanisms of their actions in both the normal and pathological states. Sample topics to be included are diabetes, osteoporosis, hormones of reproduction and current social and medical issues related to the course. Prerequisite: BIOL 100 or BIOL 105. Spring

Biology 441 (4) Plant Physiology
Plant functions such as water relations, mineral nutrition, translocation, metabolism, photosynthesis, photosynthesis, fat and protein metabolisms, respiration, growth and development, phytohormones, reproduction and environmental physiology. Lab included. Prerequisite: BIOL 103, BIOL 106, BIOL 217; one semester organic chemistry recommended. Spring

Biology 442 (4) Flora of Minnesota
Field identification of plants with emphasis on local flora. History, systematic, techniques, plant biogeography, methods of plant collection, preservation, preparation of herbarium specimens are covered. Lab and field trips included. Fall

Biology 443 (4) Plant Ecology
Expands upon general principles of ecology to focus on the factors that regulate the distribution and abundance of plants, analysis of plant populations, and dynamics of plant communities. Lecture and lab (fieldwork) included. Prerequisite: BIOL 105, BIOL 106, BIOL 215 or consent. BIOL 217 strongly recommended. Fall

Biology 451 (4) Plant Biotechnology
Lecture/laboratory course that presents an integrated view of plant biology, crop science, and current issues in biotechnology. Course focuses on issues of global concern such as sustainable food production, biofuels, genetically modified crops, molecular pharming, and tissue culture. Prerequisite: BIOL 105, BIOL 106. Fall

Biology 452 (3) Biological Instrumentation
The principle and operation of instruments and their application to biological research. Types of instrumentation examined include spectroscopic, chromatographic, electroanalytic, radiographic, and imaging. Laboratory Information Management systems (LIMS) will also be examined. Emphasis is placed on GUP, GMP, and ISO 9000 practices. Prerequisite: BIOL 105, BIOL 106, or consent. Spring

Biology 453 (4) Biological Engineering Analysis I
The application of engineering principles and skills as applied to fermentation and to biological product recovery. Prerequisite: BIOL 270 and one semester each of calculus, physics, and organic chemistry, taken concurrently with BIOL 456. Fall

Biology 454 (4) Biological Engineering Analysis II
Continuation of Biological Engineering Analysis I. The application of engineering principles and skills as applied to fermentation and to biological product recovery. Prerequisite: BIOL 453, taken currently with BIOL 457. Spring

Biology 456 (3) Biotechnology Project/Laboratory I
Practical laboratory experience in biotechnology through the selection and development of a research project. Students are expected to spend an average of 12 hours per week on the project. Prerequisite: Concurrent enrollment in BIOL 453. Fall

Biology 457 (3) Biotechnology Project/Laboratory II
Continuation of Biotechnology Project/Laboratory I. Practical laboratory experience in biotechnology through the selection and development of a research project. Students are expected to spend an average of 12 hours per week on the project. Prerequisite: BIOL 456, taken concurrently with BIOL 454. Spring

Biology 460 (3) Introduction to Toxicology
A lecture course covering basic principles of toxicity evaluation in living organisms, mechanisms of responses to chemicals or physical agents within an overview of practical medical, environmental and science policy implications. Presentation of comparisons of specific organ and tissue reactions to toxins in a variety of species follow these introductory concepts. Prerequisite: BIOL 105, BIOL 106, and 1 year of General Chemistry. Fall

Biology 461 (4) Environmental Toxicology
A lecture/laboratory course that focuses on anthropogenic and natural toxicants, mathematical modeling of the dispersion of chemical and physical agents in the environment, effects on species and ecosystems with a special section on aquatic risk assessment. The laboratory includes techniques in environmental toxicology and a genuine research project. Prerequisite: BIOL 460. Spring
BIOL 462 (1) Toxicology Seminar
A seminar course that involves critical evaluation of published studies in toxicology, student presentations of a selected published manuscript and requires students to write a paper on one aspect of the course's topic area that semester. Topic areas vary each time the course is offered.
Prerequisite: BIOL 105, BIOL 106, and General Chemistry
ALT-Fall

BIOL 464 (3) Methods of Applied Toxicology
A lecture/laboratory course focusing on the steps necessary to start a research project from project definition through methods testing and evaluation, and a final report that includes a project flow chart. Third year students will have senior and/or graduate mentors.
Prerequisite: BIOL 105, BIOL 106, and General Chemistry
ALT-Fall

BIOL 465 (3) Applied Toxicology Project
A lecture/laboratory course where students perform all aspects of their own designed research topic in toxicology while critically evaluating the progress of other projects as well. Students will be expected to keep timelines or develop modified timelines as necessary. The inverted triangle approach of project design will be examined and then included in all designs.
Prerequisite: BIOL 464
ALT-S

BIOL 466 (3) Principles of Pharmacology
A lecture course that examines mechanisms of drug action, physiological responses and adverse reactions from sensitivities or allergies through overdose.
Prerequisite: BIOL 105, BIOL 106, and 1 year of General Chemistry
ALT-Spring

BIOL 467 (3) Industrial Hygiene
A lecture course that examines Minnesota State Mankato, as your own work place to develop reports on a selected group of chemicals and physical hazards of the workplace. Evaluation methods and solutions to existing problems are developed with concise reporting skills.
Prerequisite: BIOL 105, BIOL 106, and 1 year of General Chemistry
ALT-Fall

BIOL 472 (4) Microbial Ecology and Bioremediation
Role of microorganisms in soil, air, water, sewage processes as well as methods of measurement and detection. Special emphasis on the role of microorganisms in bioremediation. Lab included.
Prerequisite: BIOL 105, BIOL 106, and BIOL 270
Fall

BIOL 474 (4) Immunology
Fundamental principles of humoral and cell mediated immunity and the application of these principles. Current experimental work in the different areas of immunology will be discussed. Lab included.
Prerequisite: BIOL 105, BIOL 106, and BIOL 270
Fall

BIOL 475 (4) Medical Microbiology
This course will cover bacterial, fungal, and viral human pathogens: what diseases they cause, how they cause disease, and how humans defend against and prevent these diseases. In the laboratory the student will isolate and identify pathogenic microorganisms using microbiological, biochemical, and immunological techniques.
Prerequisite: BIOL 270
Fall

BIOL 476 (5) Microbial Physiology and Genetics
This course presents the physiology and genetics of microorganisms emphasizing those aspects unique to bacteria and archaia. Topics include: energy production, biosynthesis of small molecules and DNA, RNA, and proteins; the formation of cell walls and membranes; microbial differentiation and behavior; and the genetic and biochemical regulation of these processes. Lab included.
Prerequisite: BIOL 105, BIOL 106, BIOL 270
Spring

BIOL 478 (4) Food Microbiology and Sanitation
The role microbes play in production and spoilage of food products, as prepared for mass market. Topics include foodborne pathogens, epidemiology and control, essential principles in sanitation including Hazard Analysis/Critical Control Points and ISO 9000 requirements. Lab included.
Prerequisite: BIOL 105, BIOL 106 and BIOL 270
Spring

BIOL 479 (4) Molecular Biology
This course will cover both eukaryotic and prokaryotic molecular biology including: DNA and RNA structure, transcription, regulation of gene expression, RNA processing, protein synthesis, DNA replication, mutagenesis and repair, recombination, and insertion elements. A number of important techniques used in recombinant DNA technology will be discussed and practiced.
Prerequisite: BIOL 105, BIOL 106, BIOL 211
Spring

BIOL 480 (3) Biological Laboratory Experiences for Elementary Teachers
Provides experience with a wide variety of biological laboratory exercises to prepare prospective elementary teachers. Emphasis is on building knowledge, skills, and confidence. The course will cover major biological concepts and environmental education through classroom-ready examples selected to illustrate each concept.
Fall, Spring

BIOL 481 (1) Lab Supervision and Maintenance
Experience in maintaining and supervising laboratories. For individuals desiring additional experience with students in laboratory situations.
Fall, Spring

BIOL 483 (1) MAX Scholar Seminar
This class provides MAX scholars with an opportunity to explore a set of topics related to achieving success in academic, professional and personal realms. Speakers will include faculty, graduate students, visiting researchers and industry members as well as student participants. Students will be required to participate in mentoring of lower division MAX scholarship recipients and provide written and oral presentations of various topics during the semester.
Prerequisite: Recipient of a MAX scholarship or instructor consent.
Fall, Spring

BIOL 485 (4) Biology Teaching Methods and Materials
A basic science methods course designed to prepare prospective junior and senior high life science teachers. Course will cover science teaching methods and support materials as they apply to life science teaching situations.
Prerequisite: 16 credits BIOL
Fall

BIOL 486 (3) Field-Based Teaching Methods and Materials
A lecture/laboratory course that provides opportunity for prospective junior and senior high life science teachers to observe, practice, and refine their teaching skills. Students will work in a school setting and experience actual classroom.
Prerequisite: BIOL 485
AL-T-Spring

BIOL 489 (1-4) Workshop
A variable topic course designed for a selected topic in Biology. Workshops provide an intensive learning experience on a new topic in the Biological Sciences and/or hands-on experiences in a current area not covered by other course offerings. The course involves background reading, demonstrations, and laboratory or field experiences.
Fall, Spring

BIOL 491 (1-4) In-Service
Fall, Spring

BIOL 492 (1-3) Honors Research
Fall, Spring

BIOL 493 (1-12) Cytotechnology Clinical Internship I
The clinical internship and training includes lectures, demonstrations, laboratory sessions, and clinical practicum in the area of cytotechnology. Instructor permission required.
Fall, Spring

BIOL 494 (1-12) Cytotechnology Clinical Internship II
Continuation of Cytotechnology Clinical Internship I. The clinical internship and training includes lectures, demonstrations, laboratory sessions, and clinical practicum in the area of cytotechnology. Instructor Permission required.
Fall, Spring

BIOL 495 (1-12) Cytotechnology Clinical Internship III
Continuation of Cytotechnology Clinical Internship II. The clinical internship and training includes lectures, demonstrations, laboratory sessions, and clinical practicum in the area of cytotechnology. Instructor Permission required.
Fall, Spring
BIOL 496 (1-12) Cytotechnology Clinical Internship IV
Continuation of Cytotechnology Clinical Internship III. The clinical internship and training includes lectures, demonstrations, laboratory sessions, and clinical practicum in the area of cytotecnology. Instructor Permission required. Fall, Spring

BIOL 497 (1-12) Internship I
Experience in applied biology according to a prearranged training program for a minimum of five 40 hour weeks. Only four credits can be applied to the major. Prerequisite: Consent Fall, Spring

BIOL 498 (1-12) Internship II
Experience in applied biology according to a prearranged training program for a minimum of five 40 hour weeks. Only four credits can be applied to the major. Prerequisite: Consent Fall, Spring

BIOL 499 (1-4) Individual Study

BIOTECHNOLOGY BS

Biotechnology
College of Science, Engineering & Technology
Department of Biological Sciences
242 Trafton Science Center S • 507-389-5731
Website: www.cset.mnsu.edu/biology/
Director: Gregg Marg

Biotechnology is the application of recent developments in technology to manipulate the genetic and biochemical characteristics of an organism so that the organism or its metabolites can be economically produced for our benefit. In practice it requires the selection and genetic improvement of an organism for a specific purpose. Organisms may be used to synthesize a desirable product or degrade unwanted materials. The industrialization of this technology is dependent on the development of methods for scaling up processes developed in the laboratory.

Students interested in biotechnology could find careers in a wide variety of industrial applications. Examples of industries that use biotechnology are antibiotic and pharmaceutical; food; energy; agricultural pesticides; herbicides, fertilizers; growth chemicals and breeding programs; industrial chemicals, biocatalysts and diagnostics.

The biotechnologist works with research scientists on the development of processes in the laboratory and with engineers to transfer and scale up laboratory processes for large scale production required by industry. Because of the interdisciplinary nature of biotechnology, biotechnologists must have a strong background in the analytical and quantitative areas of science. In addition, the biotechnologist must be familiar with the theory and practice of genetic engineering and biochemical processes.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
Admission to Major is granted by the department. Admission requirements are 32 earned semester credit hours including BIOL 105 and BIOL 106, with a grade of a “C” or better in both BIOL 105 and BIOL 106, and a minimum cumulative GPA of 2.0.

BIOTECHNOLOGY BS
Degree completion = 120 credits

Required General Education
CHEM 201 General Chemistry I (5)
MATH 121 Calculus I (4)
PHYS 211 Principles of Physics I (4)

Prerequisites to the Major
BIOL 105 General Biology I (4)
BIOL 106 General Biology II (4)
BIOL 211 Genetics (4)

Major Common Core
BIOL 270 Microbiology (4)
BIOL 320 Cell Biology (4)
BIOL 452 Biological Instrumentation (3)
BIOL 453 Biological Engineering Analysis I (4)
BIOL 454 Biological Engineering Analysis II (4)
BIOL 474 Immunology (4)
BIOL 476 Microbial Physiology and Genetics (5)
BIOL 479 Molecular Biology (4)
CHEM 202 General Chemistry II (5)
CHEM 322 Organic Chemistry I (4)
CHEM 323 Supplemental Organic Functional Group Chemistry I (1)
CHEM 360 Principles of Biochemistry (4)
PHYS 212 Principles of Physics II (4)

Major Restricted Electives
For those students planning on graduate or professional school, CHEM 305 Analytical Chemistry and MATH 122 Calculus II are strongly recommended. BIOL 451 Plant Biotechnology is strongly recommended for a student who plans to work in the agricultural biotechnology.

Additional Math/Statistics (choose 3-4 credits)
MLTH 475 Biostatistics (3)
MATH 122 Calculus II (4)
STAT 154 Elementary Statistics (4)

Capstone Experience (choose 6 credits from the following)
Choose in consultation with your advisor.
BIOL 456 Biotechnology Project/Laboratory I (3)
BIOL 457 Biotechnology Project/Laboratory II (3)
BIOL 497 Internship I (1-12)
BIOL 498 Internship II (1-12)
BIOL 499 Individual Study (1-4)

Required Minor: None.

POLICIES/INFORMATION
P/N Grading Policy: All courses must be taken for letter grades. Any exception to this policy must be approved by the chairperson of the department.

Refer to the College regarding required advising for students on academic probation.

GPA Policy. A minimum GPA of 2.0 must be maintained in biological sciences. Several biology scholarships are available for entering first year students and currently enrolled Minnesota State Mankato students who meet the requirements.

The Department of Biological Sciences offers a well-balanced summer school program. For details concerning the courses being offered consult the summer catalog.
BUSINESS ADMINISTRATION MINOR

Business Administration

College of Business
150 Morris Hall • 507-389-2966
Coordinator: Miles Smayling, Ph.D.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Students who are business minors, non-business majors or those who are not seeking a four year degree may take up to 24 credits in the College of Business. However, prerequisites are enforced.

GPA Policy. Students must earn a minimum grade point average of 2.0 (C*) on the total courses taken in the College of Business.

Residency. Transfer students pursuing a minor in the College of Business must complete at least 50% (one-half) of their minor coursework at Minnesota State Mankato.

Assessment Policy. The College of Business believes that the ongoing assessment of its programs makes a vital contribution to the quality of those programs and to student learning. Student participation is an important and expected part of the assessment process.

BUSINESS EDUCATION BS

Business Education

College of Education
313 Armstrong Hall • 507-389-5210
Carrie Chapman, Ph.D.

Students should contact the Office of the Dean of this College for additional information.

BUSINESS EDUCATION BS

The Business Education BS Teaching degree is a cooperative degree program. The majority of the business education courses are taught at Winona State University. The required general business core courses are taught at Minnesota State Mankato.

Other Graduation Requirements

See the SECONDARY EDUCATION section for admission requirements to Professional Education and a list of required professional education courses.

BUSINESS LAW MINOR

Business Law

College of Business
Department of Accounting and Business Law
150 Morris Hall • 507-389-2965
Chair: Paul Brennan, Ph.D.
Faculty: V. Luoma

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Students who are business minors, non-business majors or those who are not seeking a four year degree may take up to 24 credits in the College of Business.

GPA Policy. Students must earn a minimum grade point average of 2.0 (C*) on the total courses taken in the College of Business to meet graduation requirements.

Residency. Transfer students pursuing a minor in the College of Business must complete at least 50% (one-half) of their minor coursework at Minnesota State Mankato.

Assessment Policy. The College of Business believes that the ongoing assessment of its programs makes a vital contribution to the quality of those programs and to student learning. Student participation is an important and expected part of the assessment process.

BLAW 477 Negotiation and Conflict Resolution (3)
BLAW 483 Special Topics (1-3)

**COURSE DESCRIPTIONS**

**BUS 100 (3) Introduction to Business and Business Careers**
This course prepares students for success by exposing them to the requirements, expectation, resources and opportunities of the College of Business. Students will have business experiences and will develop professional skills. Variable

**BUS 295 (2) Professional Preparation for Business Careers**
This course is required for admission to the College of Business for all business majors. The purpose of the course is to provide students with an overview of the College of Business majors, allow students to create an academic plan for graduation, and develop professional skills needed for future job placement. Topics include cover letter and resume writing, interviewing skills, the process of networking, the internship program, etiquette skills, and requirements for graduation. Fall, Spring

**BUS 397 (3) IBE Practicum**
BUS 397 is an applied course that entails developing, launching, managing, and closing a business with the cohort of students enrolled in the class. Students write and present a business plan as they seek financing for their startup company. The business startup experience creates a real-world context in which students can practice the concepts introduced in MGMT 330, MKRT 310, and FINA 362. BUS 397 is part of the United Prairie Bank Integrated Business Experience, and students must enroll concurrently in BUS 397 and sections of FINA 362, MGMT 330, and MKRT 310 that are designated for IBE students. Prerequisite: Must be admitted to a major. Co-requisite: FINA 362, MGMT 330, MKRT 310. Fall, Spring

**BLAW 131 (3) Consumer Law & Ethics**
A survey of the law and ethics governing marriage, family, car ownership and insurance; civil rights (fair credit, fair housing, and equal employment opportunity); planning for illness and death; court procedures and alternative dispute resolution methods; jury service; the landlord-tenant relationship; and the rights of victims and people accused of crimes. Fall, Spring GE-9

**BLAW 200 (3) Legal, Political, and Regulatory Environment of Business**
The American court system; alternative dispute resolution; ethics and the social responsibility of business; the relationship between common law, statutory law, and regulatory law; constitutional, criminal, tort and contract law; product liability; agency and business associations. Prerequisite: ACCT 200, IT 101. Fall, Spring

**BLAW 371 (3) Computer and Technology Law**
An examination of major legal issues created by the invention of the personal computer and the internet. Intellectual property (copyrights, trademarks, patents); jurisdiction of courts over nonresident websites and computer users; freedom of speech; obscenity; defamation; privacy; computer crimes; encryption; emerging issues. Fall

**BLAW 398 (0) CPT: Co-Operative Experience**
Curricular Practical Training. Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information. Prerequisite: BLAW 200. At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply. Fall, Spring, Summer

**BLAW 450 (3) Contracts, Sales, and Professional Responsibility**
Fundamentals of contracts; the law of sales under the UCC; the legal liability of accountants to clients and third parties. Formation of contracts; statute of frauds and parol evidence rule; contract performance; remedies for breach of contract; scope of UCC Article Two; sales warranties. Prerequisite: BLAW 200
Fall, Spring

**BLAW 452 (3) Employment and Labor Law**
Federal employment discrimination laws; sexual harassment; first amendment rights; employee safety; workers’ compensation; privacy; wrongful termination; federal laws governing the right to organize and bargain collectively; emerging issues. Prerequisite: BLAW 200
Spring

**BLAW 453 (3) International Legal Environment of Business**
Legal aspects of United States global trade policies, regulation of imports, contracting in the global marketplace, international marketing concerns, structure of various international organizations and treaties. Legal aspects of international licensing and technology, transfers risks of nationalism and expropriation, international dispute resolution, comity, the Act of State, and sovereign immunity doctrines. Prerequisite: BLAW 200
Variable

**BLAW 455 (3) Legal Aspects of Banking and Finance**
Legal aspects of checks and promissory notes, forgery and the use of counterfeit currency. Discusses the Federal Reserve check collection process, electronic banking, the purchase and sale of commercial paper, debtor and creditor rights, securities regulation, fundamentals of collateral foreclosure, the federal bankruptcy code and insurance law. Prerequisite: BLAW 200
Variable

**BLAW 474 (3) Environmental Regulation and Land Use**
Legal aspects of land use planning, drainage, surface water rights and boundaries, mining and land reclamation, clean air, clean water, waste disposal, noise control and environmental permit processes. Discussion of legal aspects of Historic Landmark Preservation, National Environmental Policy, CERCLA, the Superfund, liability for environmental contamination and emerging environmental issues. Prerequisite: BLAW 200
Variable

**BLAW 476 (3) Construction and Design Law**
Legal responsibilities of architects, engineers and contractors in dealing with each other, the project’s owner, sureties and subcontractors. Special emphasis on performance problems, forms of business association, legal relationships with independent contractors, the AIA contract documents, mechanics liens, AAA Construction Arbitration Rules, dispute avoidance, claims management and collection strategies. Prerequisite: BLAW 200
Fall, Spring

**BLAW 477 (3) Negotiation and Conflict Resolution**
Negotiation theory and techniques, mediation theory and techniques, use of neutrals, limits of confidentiality and ethical duties. Rule 114 and laws governing arbitration and management of the arbitration process. Extensive use of cases and role play. Prerequisite: BLAW 200
Variable

**BLAW 483 (1-3) Special Topics**
Seminar topics may include women and the law, legal aspects of entrepreneurship, mergers and acquisitions, legal rights in computer software, investigating sexual harassment claims, copyright on the internet, immigration law, steps to become an IPO, privacy rights on computer networks, case studies in deregulation, legal aspects of leveraged buyouts, corporate takeover and ESOP’s, complying with NAFTA. Variable

**BLAW 497 (1-8) Internship**
Variable

**BLAW 498 (1-3) Internship**
Variable

**BLAW 499 (1-4) Individual Study**
Variable
# CHEMISTRY BA, BS AND MINOR

## Chemistry

**College of Science, Engineering and Technology**  
**Department of Chemistry & Geology**  
241 Ford Hall • 507-389-1963  
Chair: Mary Hadley

Faculty: Brian Groh, Michael J. Lusch, Rebecca Moen, Marie K. Pomije, Jeffrey R. Pribyl, Danielle Quirk Dorr, James Kite, Theresa Salerno, Lyudmyla Stackpool, Daniel Swart, John D. Thoenike, Trent Vorlicek

### Accreditation

American Chemical Society (ACS).

The department is recognized by the American Chemical Society (ACS) and offers a BS major that is approved by that organization. Anyone considering a chemistry major or chemistry minor should choose a departmental faculty member as an advisor and consult that advisor often throughout the course of study.

---

### Academic Map/Degree Plan at [www.mnsu.edu/programs/#All](http://www.mnsu.edu/programs/#All)

### POLICIES/INFORMATION

**Admission to Major.** Admission to a program is necessary before enrolling in 300- and 400-level courses. Admission is granted by the department. To be eligible for admission to the chemistry program, a student must have declared Chemistry or Chemistry Teaching as a first major, completed 32 credits including CHEM 201 and CHEM 202 and achieved a minimum GPA of 2.0. Students should also have an assigned chemistry advisor with whom they have discussed the program. Applications for admission to the chemistry program are available in the College Student Advising Center, 125 Trafton Science Center.

**P/N Grading Policy.** Courses leading to a major or minor in chemistry or biochemistry may not be taken on a P/N basis except where P/N grading is mandatory.

For students who choose to obtain a BS in Chemistry or a BA in Chemistry, CHEM 495 must be taken at Minnesota State Mankato. This course will not be substituted. This policy does not apply to students who chose to obtain a BS in Chemistry Teaching.

The first year of coursework for all chemistry majors should include two semesters of chemistry (CHEM 201, CHEM 202) and two semesters of mathematics (selection of courses depends on mathematics background). During the second year, the recommended courses include organic chemistry, advanced mathematics, physics and analytical chemistry. For BS chemistry majors, it is important that the calculus and physics sequences be completed by the end of the second year since they are prerequisites for physical chemistry. Physical chemistry and instrumental analysis should be taken during the third year. The advanced courses in chemistry and biochemistry can be taken in the junior and senior years. Participation in senior seminar is required of all majors. The coursework in mathematics and physics that is required for a major may be credited toward a major or minor in chemistry or physics. Mathematics background. Transfer students who are considering the Chemistry BS should note that before taking physical chemistry in the third junior year, students must successfully complete with a grade of “C” (2.0) or higher an analytical chemistry course in addition to appropriate mathematics and physics courses either here at Minnesota State Mankato or transferable to Minnesota State Mankato. Completion of an Associate’s degree may not meet the physical chemistry prerequisites and may add up to one year to the program of study.

### CHEMISTRY BA

**Degree completion = 120 credits**

CHEMISTRY CONTINUED

MATH 247 Linear Algebra I (4)
MATH 321 Ordinary Differential Equations (4)

Physics (choose 4 credits)
(choose either PHYS 212 or PHYS 223 and PHYS 233)
PHYS 212 Principles of Physics II (4)
PHYS 223 General Physics III (3)
PHYS 233 General Physics III Laboratory (1)

Major Unrestricted Electives
Choose 12 credits and at least 3 different courses from the 300-400 level CHEM courses other than CHEM 323, CHEM 479 and CHEM 482. No CHEM courses can be double-counted in the degree.

Required Minor: None.

CHEMISTRY MINOR

Minor Core
CHEM 201 General Chemistry I (5)
CHEM 202 General Chemistry II (5)
CHEM 305 Analytical Chemistry (4)
CHEM 322 Organic Chemistry I (4)
CHEM 324 Organic Chemistry II (3)

Minor Electives
Choose a minimum of 4 credits from the 300-400 level CHEM courses except CHEM 323, CHEM 479, CHEM 482, or CHEM 495. Core courses cannot count as electives. A minimum of 4 credits of chemistry courses must be taken at Minnesota State University Mankato for the minor.

CHEMISTRY TEACHING BS

Requirements for the Chemistry Teaching BS can be found in the SCIENCE TEACHING section of the catalog. For information, contact the chemistry education advisor, Jeffrey Pribyl.

COURSE DESCRIPTIONS

CHEM 100 (4) Chemistry in Society
This lecture and laboratory course investigates the world of chemistry, the nature of matter and our interactions with chemicals on a daily basis. This course is intended for non-science majors and is not a preparation for CHEM 111 or CHEM 201. Credit will not be given to students who have previously taken a chemistry course at or above CHEM 111 and received a passing grade.
Fall, Spring
GE-3

CHEM 104 (3) Introduction to Chemistry
This course is an introduction to general chemistry. It is a non-laboratory class designed to prepare students for CHEM 201 or to be utilized as a general education course. This course will address more mathematical relationships than CHEM 106. Credit will not be given to students who have previously taken a chemistry course at or above CHEM 111 and received a passing grade.
GE-3

CHEM 106 (3) Chemistry of Life Process Part I (General)
This course covers fundamental concepts required to understand the general chemistry of living organisms. This is a non-laboratory class. This chemistry course will not prepare students for any Chemistry course at or above the 200 level. Prerequisite: MATH 098. Students seeking enrolling in CHEM 106 must demonstrate readiness to succeed in the course through one of the following means: 1. ACT mathematics sub-score of 19 or higher, or 2. ACCUPLACER Elementary Algebra Test score of 75.5 or higher AND ACCUPLACER College-Level Math Test score of 49.50 or higher.
GE-3

CHEM 111 (5) Chemistry of Life Process Part II (Organic & Biochemistry)
This course is an introduction to organic chemistry and biological chemistry. The laboratory will reinforce lecture.
Prerequisite: CHEM 106 or high school chemistry
Fall, Spring
GE-2, GE-3

CHEM 131 (3) Forensic Science
This chemistry course explores the scientific methods used in criminal investigations. Course topics will include discussions of different kinds of evidence, how to select and analyze samples, and especially how to interpret results of scientific tests. Specific topics will include the analysis of DNA, drugs, accelerants and explosives, and other organic and inorganic compounds. Case studies will be used as examples throughout the course. There will also be discussions concerning the ethics analysis, and use of forensic data.
Variable
GE-3, GE-9

CHEM 134 (3) Mind Altering Substances
This course will explore the scientific, pharmacological, psychochemical and cultural aspects of psychoactive substances. The material is presented intuitively, with no mathematics. Course topics will include discussions of the major classes of pharmaceutical and psychoactive substances, basic neurochemistry, the role of psychoactive substances in medicine, the ritual use of psychoactive substances by traditional cultures, the FDA approval process, the significance and implications of drug testing, the controversy of drug-induced behavioral modification, national and global perspectives of substance abuse and the ethics of legalization.
Variable
GE-3

CHEM 135 (3) Science of Sport
An online course introducing the science related to sports issues including nutrition, movement, equipment selection, and healthy exercising/training.
Variable
GE-3

CHEM 191 (3) Chemistry Applications
An online course introducing the science related to sports issues including nutrition, movement, equipment selection, and healthy exercising/training.
Prerequisite: CHEM 191
Variable
GE-3

CHEM 201 (5) General Chemistry I
Introduction to the basic principles of chemistry including atomic and molecular structure, bonding, chemical reactions, stoichiometry, thermodynamics and states of matter. Laboratory will reinforce lecture concepts.
Prerequisite: "C" (2.0) or higher in MATH 112 or the equivalent; high school chemistry or "C" (2.0) or higher in CHEM 104.
Fall
GE-2, GE-3

CHEM 202 (5) General Chemistry II
Continuation of the basic principles of chemistry including properties of solutions, kinetics, acids and bases, equilibria, buffers, precipitation reactions, electron transfer reactions, electrochemistry, entropy and free energy. Laboratory will reinforce lecture concepts.
Prerequisite: "C" (2.0) or higher in CHEM 201
Fall
GE-2, GE-3

CHEM 299 (1-6) Individual Study

CHEM 305 (4) Analytical Chemistry
Introduction to the principles of chemical analysis, with emphasis on classical methods of analysis. Lectures will stress the theory of chemical measurements and sample handling. Laboratory exercises will provide students with opportunities to explore calibration methods, method development, and established procedures for volumetric and gravimetric analyses. Basic atomic spectroscopy is also presented.
Prerequisite: "C" (2.0) or higher in CHEM 202
Fall, Spring

CHEM 316 (3) Descriptive Inorganic Main Group Chemistry
This course is designed to survey descriptive main group chemistry and augment General Chemistry's introduction to solid state and nuclear chemistry.
Prerequisite: "C" (2.0) or higher in CHEM 202
Alt-Fall
CHEM 317 (3) Transition Metal Chemistry
This course is designed to address transition metal chemistry, introduce bonding theory, nomenclature, reactivity and mechanisms for transition metal compounds. It will also address and use examples from bioinorganic chemistry and catalysis.
Prerequisite: “C” (2.0) or higher in CHEM 202
All-Fall

CHEM 322 (4) Organic Chemistry I
Introduction to organic nomenclature, structure, bonding, chemical reactivity, organic acid-base reactions, mechanisms and stereochemistry. IR, MS, and NMR spectroscopy will be introduced. The chemistry of alkanes, alkyl halides, alkenes, alkynes, and alcohols will be covered. Laboratory illustrates synthetic techniques and the preparation and reactions of functional groups discussed during lecture.
Prerequisite: CHEM 202, “C” (2.0) or higher in CHEM 202.
Fall

CHEM 323 (1) Supplemental Organic Functional Group Chemistry
This course is a supplement to CHEM 322 and includes a brief coverage of functional groups and their chemistry not previously covered that are important in biochemistry. This course is intended only for students taking, or who have taken, only one semester of organic chemistry and who plan to take CHEM 360, Principles of Biochemistry.
Prerequisite: CHEM 322.
Co-requisite: CHEM 322.
Fall

CHEM 324 (3) Organic Chemistry II
This course is a continuation CHEM 322 and includes organic nomenclature, structure, bonding, chemical reactivity, organic acid-base reactions, and reaction mechanisms; the chemistry of ethers, aromatic and heterocyclic compounds, polyenes, ketones, aldehydes, amines, carboxylic acids and their derivatives, and alpha carbonyl compounds and synthetic transformations is covered.
Prerequisite: CHEM 322, “C” (2.0) or higher.
Spring

CHEM 325 (1) Organic Chemistry II Lab
Laboratory will highlight common techniques including recrystallization, melting point determination, simple and fractional distillation, extraction, gas and thin layer chromatography, and chemical and spectroscopic qualitative analysis. Single and multi-step syntheses illustrating aromatic and carbonyl chemistry will be performed.
Prerequisite: CHEM 324.
Co-requisite: CHEM 324.
Spring

CHEM 340 (1) Quantitative Skills for Chemistry and Biochemistry I
Students will use chemical and biochemical experimental case studies to learn how to analyze, interpret, and critically evaluate experimental data. Software tools will be used to perform linear least squares and other fitting procedures. Intended to be taken prior to, or concurrent with CHEM 341.
Prerequisite: CHEM 202, MATH 121 “C” (2.0) or higher in CHEM 202, MATH 121.
Spring

CHEM 341 (1) Quantitative Skills for Chemistry and Biochemistry II
Application of differential and integral calculus to chemical and biochemical problem-solving. Use of software tools to implement numerical methods for integration and approximation. Intended to be taken following completion of, or concurrent with CHEM 340.
Prerequisite: CHEM 202, MATH 121, PHYS 211 or PHYS 221 “C” (2.0) or higher in CHEM 202, MATH 121, PHYS 211 or PHYS 221) previously or concurrently.
Spring

CHEM 360 (4) Principles of Biochemistry
Analysis of the structure and metabolism of biologically important compounds. This intermediate-level course is designed for students in the medical technology, food science, chemistry education, chemistry and pre-professional health majors. The laboratory teaches basic biochemical techniques.
Prerequisite: Either CHEM 322 and CHEM 324 or CHEM 322 and CHEM 323. “C” (2.0) or higher in all prerequisites
Spring

CHEM 381W (2) Introduction to Research
Introduction to the use of chemical literature (in print and electronic media), current departmental faculty research interests, safe and ethical conduct of laboratory research, and proper recording of research results in laboratory notebooks. Students perform a literature search and write a proposal for an undergraduate research project.
Prerequisite: CHEM 322. “C” (2.0) or higher
Fall

CHEM 407 (3) Environmental Chemistry
The sources of various elements and chemical reactions between them in the atmosphere and hydrosphere are treated. Current research topics relevant to the field of environmental chemistry will also be addressed. Laboratory exercises will emphasize proper sampling technique and various analytical methods for quantifying environmentally important components.
Prerequisite: “C” (2.0) or higher in CHEM 305

CHEM 419 (2) Physical Inorganic Chemistry Foundations
This course is designed to emphasize the theoretical foundations of physical inorganic chemistry. Course topics include: bonding theory, quantum mechanics and periodic trends, symmetry and group theory.
Prerequisite: “C” (2.0) or higher in CHEM 322, MATH 121
All-Spring

CHEM 423 (4) Spectroscopic Determination of Structure
Spectroscopic techniques including nuclear magnetic resonance, infrared, and mass spectrometry for determining structural features of molecules will be covered. Spectroscopic methods emphasize interpretation of spectra, and also provide hands- on operation of the corresponding electronic instruments. The laboratory uses these techniques for the determination of the structures of a series of unknown compounds.
Prerequisite: CHEM 324, CHEM 325. “C” (2.0) or higher in all prerequisites
Spring

CHEM 424 (3) Advanced Organic Chemistry
Advanced synthetic organic reactions and their mechanisms. Laboratory will include examples of some of this chemistry, and techniques for reaction monitoring and product purification.
Prerequisite: CHEM 324. “C” (2.0) or higher
Spring-ODD

CHEM 434 (2) Industrial Chemistry
The synthesis and properties of organic macromolecules, especially industrially important polymers, and the chemistry of other industrially important chemical reactions and processes.
Prerequisite: CHEM 324. “C” (2.0) or higher
Spring- EVEN

CHEM 437 (4) Food Chemistry
This lecture laboratory course will cover the fundamental principles of food chemistry. Chemical and physical properties of major and minor food components will be discussed. The laboratory will involve both traditional wet chemical methods and more sophisticated instrumental analyses.
Prerequisite: CHEM 305, CHEM 322 “C” (2.0) or higher in all prerequisites

CHEM 440 (3) Physical Chemistry I
Detailed treatment of thermodynamics and chemical kinetics. Topics include equations of state, laws of thermodynamics, statistical thermodynamics, phase and reaction equilibrium, thermodynamics of solutions and electrolytes, transport properties, and reaction kinetics.
Prerequisite: CHEM 305, CHEM 340, CHEM 341, MATH 121 and PHYS 211 or PHYS 221. “C” (2.0) or higher in all prerequisites
Fall

CHEM 441 (3) Physical Chemistry II
Detailed treatment of quantum mechanics, spectroscopy, and statistical mechanics. Topics include the foundations of quantum mechanics, application of quantum mechanics to atomic and molecular structure, foundations of spectroscopic techniques and statistical mechanics.
Prerequisite: Must have a “C” (2.0) or higher in CHEM 440 and MATH 122, and a “C” (2.0) or higher in PHYS 212 or PHYS 223.
Spring

CHEM 450 (1) Physical Chemistry Laboratory I
Laboratory to accompany CHEM 440. An advanced treatment of measurement theory and data analysis precedes a series of thermodynamic and kinetic experiments designed to complement topics treated in lecture to help students’ independence and sophistication in planning, performing, and reporting experimental work.
Prerequisite: CHEM 440 previously or concurrently
Fall
CHEM 495 (1) Biochemistry Capstone Experience
This course is designed for the BS Biochemistry major or the BA Biochemistry major who chooses to do research. Requirements include submission of an undergraduate research grant, and after completion of the research, presentation of the results in poster format at a research conference such as the URC and as an oral presentation to peers. This capstone experience will also include the submission of a formal research paper. Students are required to attend capstone experience seminars for at least two semesters. Students should enroll for this course in their final semester. Prerequisite: CHEM 466, by permission only.

CHEM 496 (1-6) Internship
Variable

CHEM 497 (1-16) Internship
Variable

CHEM 498 (1-6) Undergraduate Research

CHEM 499 (1-6) Individual Study

CHINESE (MANDARIN) COURSES

Chinese (Mandarin)

College of Arts & Humanities
Department of World Languages & Cultures
227 Armstrong Hall • 507-389-2116
Website: www.mnsu.edu/languages

Chair: Gregory Taylor

Although Minnesota State Mankato does not offer a degree in Chinese, students may register for Chinese courses by contacting the Department of World Languages & Cultures.

CHIN 101 Elementary Mandarin I [5]
CHIN 102 Elementary Mandarin II [5]

COURSE DESCRIPTIONS

CHIN 101 (5) Elementary Mandarin I
Beginning Mandarin I is a practical introductory language course with simple, graded activities on essential daily topics. Students will begin to work orally & with the Chinese writing systems while developing early listening and reading skills. Fall

CHIN 102 (5) Elementary Mandarin II
Beginning Mandarin II is a practical introductory language course with simple, graded activities on essential daily topics. Students will continue to work orally & with the Chinese writing systems while developing early listening and reading skills. Spring
CIVIL ENGINEERING

CIVIL ENGINEERING BSCE

Civil Engineering

College of Science, Engineering and Technology
Department of Mechanical and Civil Engineering
205 Trafton Science Center E • 507-389-6383
Fax 507-389-5002
Website: ce.mnsu.edu

Chair: Patrick Tebbe
Adjunct Faculty: Dan Flatgard, David Hanson

Accreditation. The Civil Engineering program is accredited by the Engineering Accreditation Commission of ABET, www.ABET.org.

Civil Engineering, as defined by the American Society of Civil Engineers, is a profession in which a knowledge of the mathematical and physical sciences gained by study, experience, and practice is applied with judgment to develop ways to utilize, economically, the materials and forces of nature for the progressive well-being of humanity in creating, improving and protecting the environment; in providing facilities for community living, industry and transportation; and in providing structures for the use of humanity.

Civil engineers design and supervise the construction of roads, buildings, airports, tunnels, dams, bridges, water supply, water and wastewater treatment, and many other systems. Major specialties within civil engineering include: structural, geotechnical, water resources, transportation, environmental, and construction engineering.

Program Objectives. The Mission of the Civil Engineering Program at Minnesota State Mankato is to provide a broad-based education that will enable graduates to enter practice in the civil engineering profession, serving the needs of the State of Minnesota and the Nation.

Within 3-6 years of graduation, graduates of the civil engineering program at Minnesota State University, Mankato are expected to contribute to the profession and to society as a whole by achieving a combination of the following milestones:

1. Based on their strong technical foundation in civil engineering, they have advanced professionally to increased levels of responsibility have successfully transitioned into business or management, or have successfully completed an advanced degree.
2. They have become a registered professional engineer.
3. They have demonstrated an ability to communicate technical information through technical reports and/or proposals, development of plans and specifications, presentations to the public, published papers and articles, and/or conference presentations.
4. They have participated in continuing education or pursued additional industry certification.
5. They have participated in, or served as an officer of, a local, regional, or national professional engineering society, standards committee, or state/local board.

Program objectives are monitored by the constituencies (civil engineering profession through the program’s Industrial Advisory Board and employers, alumni, and students of the program).

Other important features of a civil engineering education at Minnesota State Mankato include:

- Senior students work together as a design team in a full academic year course incorporating multiple civil engineering disciplines in a comprehensive design project.
- Students work closely with engineers from design firms and government agencies, and with faculty and students from other engineering courses in the senior design project.
- Students take the Fundamentals of Engineering exam in their senior year — the first step towards professional registration.
- The faculty maintains ties to industry, thereby keeping current with new technologies, design methodologies, and the world of civil engineering practice — a valuable resource for students.

Preparation. Recommended high school preparation is one year each of precalculus, physics and chemistry. Computer skills such as word processing, spreadsheets, and presentations are also recommended. Without this background it may take longer than four years to earn the degree.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Program Admission. Admission to the Civil Engineering Program is granted by the department, and is necessary before enrolling in 300- and 400-level courses. Near the end of the sophomore year, students submit an application for admission to the civil engineering program. Applications to the program may be obtained from the Department of Mechanical and Civil Engineering or downloaded from the department website.

Before being admitted to upper division civil engineering courses, a student must complete a minimum of 43 credits, for grade, including the following core courses, applicable to the degree: calculus-based physics (mechanics), 4 credits; calculus and differential equations, 16 credits; introduction to problem solving and civil engineering design, 2 credits; engineering analysis (numerical methods and statistics), 3 credits; engineering mechanics (statics, dynamics, and mechanics of materials), 9 credits; chemistry with lab, 5 credits; and English composition, 4 credits.

To be admitted to the civil engineering program, a student must earn a grade of C+ (2.00) or better and a cumulative GPA of 2.50 in the courses listed above. All core course grades (including those for repeated courses) will be considered in the computation of the GPA for admission to the program. Provisional admission to the program for one semester may be granted in limited cases.

All admitted students are required to take a department-administered diagnostic test early in their junior year.

Transfer Students. The department makes a special effort to accommodate transfer students. Transfer students are encouraged to contact the department as soon as possible to facilitate a smooth transition. Generally, no transfer credits are allowed for upper division civil engineering courses. Transfer students must complete a minimum of 12 credits at Minnesota State Mankato prior to being considered for admission to the program.

Satisfactory Progress. Once admitted to the civil engineering program, a student must demonstrate satisfactory progress by maintaining a cumulative GPA of at least 2.30 in all upper-division engineering courses.

P/N Grading. P/N credit is not allowed for any course used to meet civil engineering degree requirements.

Probation. An admitted student who does not maintain satisfactory progress as defined above will be placed on program probationary status for a maximum of one semester. During the probationary period, the student must complete at least 8 credits, approved by the department, of upper division engineering courses for grade from the prescribed Civil Engineering curriculum. Students may not receive a degree without first conforming to the satisfactory progress criteria. A student who fails to meet satisfactory progress for a second semester (consecutive or non-consecutive) will not be allowed to continue in the program.

Appeals. A student may appeal any departmental decision in writing.

CIVIL ENGINEERING BSCE

Degree completion = 128 credits

Required General Education

Required Special General Education [23 credits]

The Bachelor of Science in Civil Engineering degree does not adhere to the standard general education program required by other majors. Rather, it requires a special distribution of communication, humanities, and social science courses. Courses may be chosen to satisfy the university cultural diversity requirement concurrently.

Required Humanities and Social Science Courses (minimum of 15 credits) To satisfy this requirement, the courses selected must provide both breadth and depth and should not be limited to a selection of unrelated introductory courses. Each student should discuss with his/her academic advisor on the selection of courses to meet this requirement early in their academic career. A current list of acceptable courses is posted in the department.
office and on the department web site. Specifically, the minimum requirements consist of at least 6 credits in the humanities area, and at least 6 credits in the social sciences area in addition to the Required General Education courses.

To provide the measure of depth to the course of study, at least 3 credits at the 300 level or above must be included in either the humanities of the social sciences requirement. At least one upper division course must follow a course in the same subject area as a course at the 100 or 200 level.

ENG 101 Composition (4)
ENG 271W Technical Communication (4)
ECON 201 Principles of Macroeconomics (3)
ECON 202 Principles of Microeconomics (3)

Prerequisites to the Major

Required Minor: None.

COURSE DESCRIPTIONS
CIVE 100 (1) Explorations in Engineering
This course offers an introduction to the various disciplines of engineering and their relationship to the principles of physics and mathematics. Students are prepared for academic success and the transition into an engineering program.
Fall
GE-12

CIVE 101 (2) Introduction to Engineering - Civil
To prepare the students for a career in engineering with some emphasis in civil; introduce the engineering fundamentals and the skills necessary to have a successful learning experience; and to prepare students for engineering education and profession through interactions with upperclass engineering students and practicing engineers.
Prerequisite: MATH 113 or MATH 115 or MATH 121
Fall

CIVE 145 (2) CAD for Civil Engineering
Basic computer applications for drafting and designing civil engineering projects. Structure and use of standard CAD software. Basic orthographic construction and projections, and development of different types of drawings - sections, plan and profile, and construction details.
Fall, Spring

CIVE 201 (2) Introduction to Problem Solving and Civil Engineering Design
Introduction to the design concepts of civil engineering projects including presentations, codes and standards, construction drawings, and public hearing; problem solving skills for civil engineering analysis and design including the use of appropriate computational tools and programming logic. Includes laboratory component.
Prerequisite: CIVE 101
Fall, Spring

CIVE 212 (3) Statics
Resultants of force systems, equilibrium, analysis of forces acting on structural elements, friction, second moments, virtual work.
Prerequisite: PHYS 221
Fall, Spring
CIVE 214 (3) Dynamics
Kinematics and kinetics of particles, systems of particles and rigid bodies, work energy, linear and angular impulse momentum, vibrations.
Prerequisite: CIVE 212 or ME 212
Fall, Spring

CIVE 222 (3) Mechanics of Materials
Load, deformation, stress, strain, stress-strain relationship, buckling, energy concepts, stress analysis of structural elements.
Prerequisite: CIVE 212 or ME 212
Fall, Spring

CIVE 235 (3) Properties of Civil Engineering Materials
Co-requisite: ME 223
Spring

CIVE 271 (2) Civil Engineering Measurements
Basic civil engineering measurements as relates to construction layout, including distances, angles, bearings, elevations, mapping, and positioning. Includes laboratory component.
Co-requisite: MATH 121
Fall

CIVE 293 (1) MAX Scholar Seminar
This class provides MAX scholars with an opportunity to explore a set of topics related to achieving success in academic, professional and personal realms. Speakers will include faculty, graduate students, visiting researchers and industry members as well as student participants. Students will be required to participate in mentoring of lower division MAX scholarship recipients and provide written and oral presentations of various topics during the semester. This course may be repeated and will not count towards graduation requirements.
Prerequisite: Recipient of a MAX scholarship or instructor consent.
Fall, Spring

CIVE 321 (3) Fluid Mechanics
Introduction to fluid properties, fluid statics, fluid flow, buoyancy, Bernoulli’s equation, the integral and differential approach to basic flow equations, similarity and dimensional analysis, viscous internal and external flows, and pumps.
Prerequisite: CIVE 214 or ME 214
Co-requisite: ME 241 or ME 299
Fall

CIVE 340 (3) Structural Analysis
Minimum design loads for buildings using ASCE 7 guidelines and load distribution. Analysis of determinate structural systems including the case of moving loads. Analysis of indeterminate structures using the flexibility and moment distribution methods. Use of software to enhance the analysis.
Prerequisite: CIVE 223 or ME 223
Fall

CIVE 350 (4) Hydraulics and Hydrology
Concept of hydraulics such as pipe flow and open channel flow. Hydrologic principles such as weather patterns; precipitation measurement and distribution, abstraction, and runoff, storm hydrograph and peak flow analysis. Design includes flood design, reservoir and channel routing. Includes significant design component.
Prerequisite: CIVE 321 or ME 321, ME 291
Spring

CIVE 360 (4) Geotechnical Engineering
Study of soil behaviors and their classifications; index properties. Applications of mechanics principles to soils as an engineering material, consolidation theory, compaction theory, effective stresses, shear strength, earth pressure and slope stability. Elements of foundation designs. Includes significant design component.
Prerequisite: CIVE 223 or ME 223
Co-requisite: CIVE 321 or ME 321
Spring

CIVE 370 (4) Transportation Engineering
Introduction to Transportation systems; land use and transportation interaction, planning, and traffic operations; transportation decision making using economic analysis. Introduction to design, construction, maintenance, and operation of various transportation modes. Includes significant design component.
Co-requisite: CIVE 271, ME 291

CIVE 370W (4) Transportation Engineering
Introduction to Transportation systems; land use and transportation interaction, planning, and traffic operations; transportation decision making using economic analysis. Introduction to design, construction, maintenance, and operation of various transportation modes. Includes significant design component.
Prerequisites: CIVE 145
Co-requisite: CIVE 271, ME 291
Fall

CIVE 380 (3) Environmental Engineering
Introduction of the fundamental chemical, biological and physical principles of environmental engineering for water and wastewater treatment and distribution systems, solid waste management, air pollution control, and the analysis of air quality, surface water, and ground water. Includes significant design component.
Prerequisite: CHEM 201, MATH 321
Fall

CIVE 398 (0) Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information.
Prerequisite: CIVE 201. At least 60 credits earned, in good standing; instructor permission; co-op contract; other prerequisites may also apply.
Fall, Spring, Summer

CIVE 401W (2) Civil Engineering Design I
Practical civil engineering design project with real world constraints. Focuses on the planning and formulation of a project, and the presentation of preliminary findings to the public. Includes significant design component.
Prerequisite: CIVE 340, CIVE 350, CIVE 360, CIVE 370
Co-requisite: CIVE 340
Fall

CIVE 402W (3) Civil Engineering Design II
Practical civil engineering design project with real world constraints. Focuses on the engineering analysis, design, and economic analysis of the project. Includes significant design component.
Prerequisite: CIVE 401
Spring

CIVE 432 (3) Properties of Concrete
Selected topics in the properties and design of concrete mixtures, cement chemistry, concrete durability, specialty concrete, construction, admixtures, and quality control. Includes laboratory and significant design components.
Prerequisite: ME 223
Variable

CIVE 435 (2) Civil Engineering Experimentation I
Provides students with hands-on experience in the testing of civil engineering materials including concrete, metals and structural systems. Includes laboratory component.
Prerequisite: CIVE 340 & CIVE 370
Fall

CIVE 436 (2) Civil Engineering Experimentation II
Provides students with hands-on experience in the testing of civil engineering materials including concrete, metals and structural systems. Includes laboratory component.
Prerequisite: CIVE 350, CIVE 360
Spring

CIVE 446 (3) Reinforced Concrete Design
Design of reinforced concrete beams, columns, slabs, and structural foundations according to ACI 318 Building Code requirements. Includes significant design component.
Prerequisite: CIVE 340
Alt-Spring

CIVE 447 (3) Prestressed Concrete Design
Prerequisite: CIVE 340
Spring
CIVE 448 (3) Steel Design
Behavior and properties of structural steel. Design of tension members, compression members, beams, and connections using the LRFD method. Use of the AISC Steel Construction Manual is required. Includes significant design component.
Prerequisite: CIVE 340
All Spring

CIVE 450 (3) Finite Element Method
Same as ME 450

CIVE 452 (3) Open Channel Flow
Analysis of open channel flow systems. Includes natural channels, designed channels, flow transitions, steady flow, unsteady flow, uniform flow, and non-uniform flow. Includes significant design component.
Prerequisite: CIVE 350
Variable

CIVE 454 (3) Hydraulic Structures
Analysis and design of water regulating structures. Includes dams, spillways, gates, dikes, levees, stilling basins, water distribution systems, and various simpler structures. Environmental impacts of hydraulic structures are discussed throughout the course. Includes significant design component.
Prerequisite: CIVE 350
Prerequisite: CIVE 223 or ME 223
Variable

CIVE 458 (3) Stormwater Management
Application of fluid mechanics and hydrology to the design of stormwater management facilities. Environmental impacts of stormwater management are discussed throughout the course. Includes significant design component.
Prerequisite: CIVE 350
Variable

CIVE 461 (3) Fundamentals of Pavement Design
Performance and design of rigid, flexible, and composite pavement structures with emphasis on modern pavement design procedures. Principles of pavement maintenance, rehabilitation, and pavement management systems. Materials characterization, tests, quality control, and life cycle cost analysis. Includes significant design component.
Prerequisite: CIVE 350
Co-requisite: CIVE 360
Variable

CIVE 465 (3) Foundation Design
Classification of foundations; applications of fundamental soil mechanics to design and analysis of soil-structure systems; design and computer application of shallow and deep foundations, piles and caissons, retaining structures. Introduction to rock mechanics. Includes significant design component.
Prerequisite: CIVE 360
Variable

CIVE 467 (3) Earth Structures
Design and construction of traditional embankments, including slope stability analysis; earth and rockfill dams, introduction to seepage analysis; excavations, earth retaining structures, and other geotechnical structures. Geotechnical software application in analysis and design. Includes significant design component.
Prerequisite: CIVE 360
Variable

CIVE 470 (3) Traffic Engineering
Elements of traffic engineering including road use, vehicle and roadway systems; traffic flow theory; traffic studies and data collections; traffic control devices; principles of intersecting signalization; capacity and level of service; analysis of freeways; rural highways and intersections using computer software for traffic operations and management. Includes significant design component.
Prerequisite: CIVE 370
Variable

CIVE 471 (3) Highway Planning and Design
Classification and design process of highways; development and use of design controls, criteria, and highway design elements; design of vertical and horizontal alignment, and establishment of sight distances; design of cross sections, intersections, and interchanges. Extensive use of CAD software. Includes significant design component.
Prerequisite: CIVE 145 and CIVE 370
Variable

CIVE 476 (3) Planning and Design of Airports
Development and design of airport facilities and the integration of multiple disciplines including runway orientation and capacity, terminal facilities, forecasting, planning, noise, airspace utilization, parking, lighting, and construction. Includes significant design component.
Prerequisite: CIVE 370
Variable

CIVE 481 (3) Water & Wastewater Treatment, Collection & Distribution
Overview of municipal water and wastewater treatment and distribution practices. Application of chemical, biological and physical principles to design and operation of water and wastewater treatment and distribution systems. Includes significant design component.
Prerequisite: CIVE 380
Variable

CIVE 482 (3) Utility Pipeline Inspection, Repair and Rehabilitation
Design and implementation of inspection plans, repairs and rehabilitation of sewer, storm drainage and drinking water supply pipelines. Consideration of performance, logistics and cost implications of all available methods. Includes significant design component.
Prerequisite: CIVE 380
Variable

CIVE 484 (3) Landfill and Hazardous Waste Engineering
This course will be taught as a classroom based course with a combination of lecture, individual and group projects, reading, homework, discussion, review, and examinations. The goal of the course is to develop competency in the design and implementation of landfill design and hazardous waste remediation, with understanding of both performance and cost implications to all choices.
Prerequisite: CIVE 380
Variable

CIVE 491 (1-4) In-Service
May be repeated for credit on each different topic.
Variable

CIVE 493 (1) MAX Scholar Seminar
This class provides MAX scholars with an opportunity to explore a set of topics related to achieving success in academic, professional and personal realms. Speakers will include faculty, graduate students, visiting researchers and industry members as well as student participants. Students will be required to participate in mentoring of lower division MAX scholarship recipients and provide written and oral presentations of various topics during the semester. This course may be repeated and will not count towards graduation requirements.
Prerequisite: Recipient of a MAX scholarship or instructor consent.
Fall, Spring

CIVE 494 (1) Global Experience in Engineering and Technology
This class provides students pursuing a minor in “Global Solutions in Engineering and Technology” with an opportunity to explore a set of topics related to achieving success in advance of and following an international experience (internship, study abroad, etc.). Speakers will include faculty, graduate students, visiting researchers and industry members as well as student participants. Returning students will be required to participate in mentoring of students preparing for their international experience and provide written and/or oral presentations of various topics during the semester. This course is required both before and after participation in the international experience [min. 2 cr.]

Cognitive Science Program Director: Richard Liebendorfer.

Biology Concentration Advisor: Geoffrey Goellner
Computer Science Concentration Advisor: Rebecca Bates
Psychology Concentration Advisor: Richard Liebendorfer

Cognitive Science Program Core Faculty: Dawn Albertson (Psychology), Bradley Anzsnov (Psychology), Rebecca Bates (Computer Science), Michael Bentley (Biology), Sun Yu (Philosophy), Richard Liebendorfer (Philosophy), Geoffrey Goellner (Biology), Daniel Toma (Biology), Karla Lassonde (Psychology), Moses Langley (Psychology), Guzionex Salvia (Computer Science).

Cognitive Science is an interdisciplinary inquiry concerned with understanding the nature and development of such intelligent capacities as perception, language, reasoning, learning and problem-solving, whether these capacities are realized in biological or artificial systems. Such inquiry is by its very nature interdisciplinary, integrating methodological, theoretical and practical foci of Biology, Computer Science, Philosophy and Psychology into a single course of study.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

The cognitive science major is a broad major and does not require that a student complete a minor in addition to the major. The major requires approximately 71-79 credits (depending on area of concentration) including prerequisites. As prerequisites for the major students must take CHEM 201, MATH 121, PSYC 201, OR STAT 354. Some of prerequisite requirements also fulfill General Education goal areas. Some of the concentrations have additional prerequisites (see course descriptions for more information). The program requirements below should be read carefully.

Each Cognitive Science major will concentrate in one of the four participating disciplines: Biology, Computer Science, Philosophy and Psychology. The concentration typically requires 24 credits of work. In addition to the concentration each student will take core courses from each of the other three participating disciplines. Each core will typically require 12 credits of course work, a total of 36 credits. A student need not do the core for her or his area of concentration since the core is already included in the concentration.

The structure of the major insures that students have a solid grounding in each of the four disciplines as well as a specific concentration in one area that draws on the interdisciplinary foundation. Graduates of the program will be prepared for a variety of post-baccalaureate options:

- They will be prepared for any of the careers open to graduates with degrees in one of the participating disciplines.
- They will be prepared for graduate study in traditional programs in Biology, Computer Science, Psychology or Philosophy.
- They will also be prepared for study in one of the many recently developed graduate Cognitive Science programs as well as graduate study in related programs such as cognition, brain, and behavior, cognitive neuroscience, biopsychology and human-computer interaction.

Those who choose to study the law, a path frequently chosen by philosophy majors, will be well suited for legal practice concerned with the variety of legal complexities associated with the development of new technology.

Admission to the major is granted by the Cognitive Science Program. Minimum admission requirements are:

- a minimum of 32 earned semester hours
- a minimum cumulative GPA of 2.5

Contact the Cognitive Science Program Director or the Program Advisors in one of the four participating departments.

Grading Policy: All coursework applied towards the major must be taken for a letter grade except for courses offered only as P/N. A minimum grade of “C” is required in all courses which are to be applied towards the major. In addition, a minimum grade of “C-” is required for all prerequisite courses where dictated by individual department policies. Grades of “D” are not accepted by the program for prerequisites to the major, major common core and major restricted elective courses.

Required General Education

CHEM 201 General Chemistry I (5)
MATH 121 Calculus I (4)

Prerequisites to the Major

PSYC 201 Statistics for Psychology (4)
STAT 354 Concepts of Probability & Statistics (4)

Major Common Core

(choose one emphasis and three core elective clusters)

Major Restricted Electives

(choose three of the core elective groups other than your major emphasis)

Core Elective: Biology (choose 11 credits)

BIOL 220 Human Anatomy (4)
BIOL 324 Neurobiology (3)
BIOL 330 Principles of Human Physiology (4)

Core Elective: Computer Science

CS 110 Computer Science I (4)
CS 111 Computer Science II (4)
CS 230 Introduction to Intelligent Systems (4)

Electives (choose 3-4 credits)

CS 315 Introduction to Cryptographic Methods (4)
CS 420 Artificial Intelligence (3)
IT 482 Human Computer Interaction (4)

Core Elective: Philosophy

PSYC 101W Philosophical Problem: The Mind-Body Problem (3)

Electives (choose 9 credits)

PHIL 410 Philosophy of Language (3)
PHIL 475 Philosophical Issues in Cognitive Science (3)
PHIL 480 Philosophy of Science (3)
PHIL 481 Philosophy of Biology (3)

Core Elective: Psychology

PSYC 325 Introduction to Cognitive Psychology (4)

Electives (choose 4 credits)

PSYC 413 Sensation & Perception (4)
PSYC 415 Human Memory (4)
PSYC 421 Behavior Neuroscience (4)

Major Emphasis: Biology

BIOL 105 General Biology I (4)
BIOL 106 General Biology II (4)
BIOL 220 Human Anatomy (4)
BIOL 324 Neurobiology (3)
BIOL 330 Principles of Human Physiology (4)

Major Emphasis: Computer Science

Internships. Internships are P/N option only.

Academic Probation Advising. Refer to the information listed in the College of Arts and Humanities section of the catalog.

Communication Studies minors may apply no more than 4 credits of CMST 498 and 4 credits of CMST 499 to fulfillment of the minor. Additional credits may be applied for graduation requirements. Communication Studies majors may apply no more than 8 credits of CMST 498 and 4 credits of CMST 499 to fulfillment of the major. Additional credits may be applied for graduation requirements. CMST 100 does not count toward major or minor requirements.

Course Repeat Policy: Students with a major/minor in Communication Studies may repeat any course in the department in an effort to improve grades. A student may repeat a specific course only once. In exceptional circumstances, a student may appeal to the department chair for a second repeat of a course. The official grade for the course, listings on a student’s transcript, and other matters related to course repeats will adhere to appropriate university policies.

---
The Communication Disorders Program provides a curriculum for a major in communication disorders, pre-professional preparation in speech-language pathology or audiology, and supportive coursework for majors from other departments with interests in human communication or its disorders.

The beginning courses concern the normal aspects of speech, language, and hearing—its nature and development, as well as introducing the student to the disorders of speech, language, and hearing. Advanced courses are devoted to specific disorders in terms of their nature and treatment. The undergraduate training culminates with supervised practicum experiences in which the student works with people who have communication disorders. The Communication Disorders program is accredited by the Council on Academic Accreditation of the American Speech-Language-Hearing Association.

The minor in Communication Disorders (16 credits) is designed to acquaint students with the nature of impaired human communication. One minor core course, one minor capstone course, and 12 credits of minor specialization are required. There is considerable flexibility in the “specialization” portion of the program. Therefore, students are required to meet with a Communication Disorders advisor to identify classes that are appropriate to their plan of study.

ACADEMIC MAP/DEGREE PLAN at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Students completing course requirements under previous catalogs are advised to consult the department chairperson for appropriate course substitutions.

The minimum level of professional preparation in communication disorders requires the master’s degree. The department does not recommend bachelor degree graduates for professional employment in the field.

Admission to Major is granted by the department upon completion of the courses CDIS 312, CDIS 322, CDIS 392, and CDIS 394, with a 3.0 grade point average. Students should seek admission to the program during their sophomore year or fall semester of their junior year and should work with an advisor in the department to plan a course of study. Permission to enroll in 400 level courses requires a 3.0 average in the following courses: CDIS 312, CDIS 322, CDIS 392, CDIS 394, in addition to the grade point requirement of 3.0, students may earn a final grade of “C” in no more than one course among the four. Any courses with a final grade of “C” or lower must be repeated and a grade of “B” or better must be earned to fulfill requirements for the Communication Disorders major.

Students planning to major in an area of study in the College of Allied Health and Nursing have an advisor assigned to them. Questions and concerns pertaining to advising and the assignment of advisors can be answered by the student relations coordinator. Contact the Dean’s office for contact information.

GPA Policy. A minimum GPA of 3.0 is required to enroll in practicum (CDIS 495). Refer to the College regarding required advising for students on academic probation.

P/N Grading Policy. All courses must be taken for letter grades by majors except those offered on a P/N only basis.

COMMUNICATION DISORDERS BA
Degree completion = 120 credits

General Education Courses
Students must take a total of 12 credits with at least one course in each of the following areas: Statistics, Biology, Physical Sciences (Physics or Chemistry), and Social/Behavioral Sciences.

Required for Major
CDIS 201 Observation of Human Communication (3)
CDIS 220 Basic Audiology (3)
CDIS 290 Introduction to Communication Disorders (3)
CDIS 312 Speech and Language Development (3)
CDIS 322 Speech and Hearing Science (3)
CDIS 392 Phonetics (3)
CDIS 394 Applied Anatomy and Physiology (3)
CDIS 402 Child Language Disorders (2)
CDIS 403 Child Language Disorders Lab (1)
CDIS 410 Neurological Bases of Speech (2)
CDIS 416 Voice and Resonance Disorders (3)
CDIS 421 Aural Rehabilitation (3)
CDIS 431 Orientation Lab (1)
CDIS 434 Orientation to Clinical Practicum (2)
CDIS 438 Speech Sound Disorders (3)
CDIS 444 Appraisal and Diagnosis (3)
CDIS 445 Grand Rounds - Foundation (1)
CDIS 446 Grand Rounds - Presentation (2)
CDIS 495 Clinical Practicum: Speech/Language Disorders (2)

Other Graduation Requirement
Required for Bachelor of Arts (BA) degree ONLY: Language (8 credits)

Required Minor: None
COMMUNICATION DISORDERS BS
Degree completion = 120 credits

General Education Courses
Students must take a total of 12 credits with at least one course in each of the following areas: Statistics, Biology, Physical Sciences (Physics or Chemistry), and Social/Behavioral Sciences.

Required for Major
CDIS 201 Observation of Human Communication (3)
CDIS 220 Basic Audiology (3)
CDIS 290 Introduction to Communication Disorders (3)
CDIS 312 Speech and Language Development (3)
CDIS 322 Speech and Hearing Science (3)
CDIS 432 Phonetics (3)
CDIS 394 Applied Anatomy and Physiology (3)
CDIS 402 Child Language Disorders (2)
CDIS 403 Child Language Disorders Lab (1)
CDIS 410 Neurological Bases of Speech (2)
CDIS 416 Voice and Resonance Disorders (3)
CDIS 421 Aural Rehabilitation (3)
CDIS 431 Orientation Lab (1)
CDIS 434 Orientation to Clinical Practicum (2)
CDIS 438 Speech Sound Disorders (3)
CDIS 444 Appraisal and Diagnosis (3)
CDIS 445 Grand Rounds - Foundation (1)
CDIS 446 Grand Rounds - Presentation (2)
CDIS 495 Clinical Practicum: Speech/Language Disorders (2)

COMMUNICATION DISORDERS MINOR
Students must complete both Minor Core and Minor Capstone courses and a minimum of 12 credits from Minor Specialization Courses.

Required for Minor
CDIS 290 Introduction to Communication Disorders (3)

Minor Specialization Courses (Select 12 credits minimum)
CDIS 201 Observation of Human Communication (3)
CDIS 220 Basic Audiology (Note: prerequisite is CDIS 322) (3)
CDIS 312 Speech and Language Development (3)
CDIS 322 Speech and Hearing Science (3)
CDIS 392 Phonetics (3)
CDIS 394 Applied Anatomy and Physiology (3)
CDIS 402 Child Language Disorders (2)
CDIS 403 Child Language Disorders Lab (1)
CDIS 416 Voice and Resonance Disorders (3)
CDIS 421 Aural Rehabilitation (3)
CDIS 432 Phonetics (3)
CDIS 444 Appraisal and Diagnosis (3)

Required for Minor Capstone Course
CDIS 445 Grand Rounds - Foundation (1)

COURSE DESCRIPTIONS
CDIS 201 (3) Observation of Human Communication
Procedures for observing, describing, analyzing behaviors associated with human communication. Open to non-majors.
Fall, Spring
GE-1B

CDIS 205 (3) Beginning Sign Language
The first in a sequence of courses which aim at the development of skills in the use of American Sign Language as a form of communication with persons who are hearing impaired or deaf.
Variable
GE-11

CDIS 206 (3) Intermediate Sign Language
The second in a sequence of courses which aim at the development of skills in the use of American Sign Language as a form of communication with persons who are hearing impaired or deaf.
Prerequisite: CDIS 205
Variable
GE-8

CDIS 207 (3) Advanced Sign Language I
The third in a sequence of courses which aim at the development of skills in the use of American Sign Language as a form of communication with persons who are hearing impaired or deaf.
Prerequisite: CDIS 206
Variable
GE-8

CDIS 208 (3) Advanced Sign Language II
Continuation of Advanced Sign Language I: expanded study of Sign Language with emphasis on conversation skills and storytelling, continued expansion of knowledge of Deaf Culture and Deaf Community.
Prerequisite: CDIS 207. Must have earned a grade of “A” or “B” in CDIS 207.
Variable
GE-8

CDIS 220 (3) Basic Audiology
Functional anatomy of the ear, common pathologies, and measurement of hearing and sound.
Prerequisite: CDIS 322
Spring

CDIS 230 (2) Speech/Language Foreign Students
Modification of oral communication and listening of speakers who are learning English as a foreign language. Individualized, clinical model is employed.
Variable
Diverse Cultures - Purple

CDIS 291 (1-3) Individual Study
Fall, Spring

CDIS 312 (3) Speech and Language Development
Acquisition and sequences of phonological, syntactical, morphological and semantic features of language across the lifespan. Theory and research.
Fall

CDIS 322 (3) Speech and Hearing Science
This course is designed to provide the students with a comprehensive knowledge base of the auditory and speech sciences as they relate to communication disorders. The major emphasis is on the characteristics of sound and sound transmission and the relationship to speech perception.
Fall

CDIS 392 (3) Phonetics
Using IPA to analyze and transcribe the sounds of English, emphasizing understanding the process involved to produce phonemes in normal, culturally different and disordered speech.
Fall

CDIS 394 (3) Applied Anatomy and Physiology
Anatomy and Physiology with specific focus on structure and function of speech, language, and hearing mechanisms. Specific systems include respiration, phonation, articulation, hearing, and neurology (Peripheral and Central).
Fall

CDIS 401 (3) Hearing Disorders
This course is designed to provide students with the knowledge base of various auditory and vestibular disorders. It will explore the effects of auditory dysfunction as it relates to communication, education and rehabilitation.
Fall

CDIS 402 (2) Child Language Disorders
Types and characteristics of language disorders in children.
Fall

CDIS 403 (1) Child Language Disorders Lab
Lab associated with CDIS 402. Practice in applying course content to the language of children.
Fall
CDIS 404 (3) Dimensions of Deafness
This course is designed to provide students with a knowledge base of Deaf culture. The many facets of the deaf/hard of hearing person’s life will be explored. The debate over cochlear implantation is discussed in great detail.
Spring

CDIS 408 (3) Seminar in Central Auditory Processing Disorders
Students will learn the definition of central auditory processing disorders (CAPD), as well as the controversies surrounding the diagnosis of the disorder. The neuroanatomy and physiology related to auditory processing will also be covered in order to understand the diversity involved in the diagnostic and management methods of CAPD. Students will learn the appropriate test batteries, the diagnostic team involved, the inclusion of a multidisciplinary team approach and treatment/management options for CAPD. This course would be beneficial to education majors, CDIS majors, and Educational Psychology.
Spring

CDIS 410 (2) Neurological Bases of Speech
An overview of neuroanatomy and neuroscience and relationships between neurosciences and speech, language, and hearing.
Fall

CDIS 416 (3) Voice and Resonance Disorders
Description, etiology, assessment and management of voice and resonance disorders.
Fall

CDIS 421 (3) Aural Rehabilitation
Habitat audiologi and the instruction of the hearing-impaired, including hearing aids, speech reading and auditory training.
Spring

CDIS 431 (1) Orientation Lab
Supervised observation of the diagnostic and remedial management of speech and language disorders.
Prerequisite: Concurrent enrollment in CDIS 434
Spring

CDIS 434 (2) Orientation to Clinical Practicum
Procedures and operation of the clinical program in communication disorders.
Prerequisite: Consent, concurrent enrollment in CDIS 431
Spring

CDIS 438 (3) Speech Sound Disorders
Description, etiology, assessment and management of speech sound problems.
Fall

CDIS 444 (3) Appraisal and Diagnosis
Tests, measures, procedures and processes for the evaluation and diagnosis of speech and language.
Spring

CDIS 445 (1) Grand Rounds-Foundation
Observation of clinical case studies.
Variable

CDIS 446 (2) Grand Rounds-Presentation
Presentation of clinical case studies.
Variable

CDIS 490 (1-4) Independent Study
Fall, Spring, Summer

CDIS 491 (1-6) In-service
Study of a specific disorder or aspects of communication disorders that are not provided in the current curriculum.

CDIS 495 (2) Clinical Practicum: Speech/Language Disorders
A practicum course designed to train the student to provide competent clinical services to persons with communication disorders. The student will develop skills to conduct diagnostic sessions, design and implement intervention plans and write clinical reports.
Prerequisite: 3 of the following: CDIS 402, CDIS 416, CDIS 438 (completion of or concurrent enrollment in CDIS 444). GPA of 2.8 in major courses.
Fall, Spring

COMMUNICATION STUDIES BA, BS AND MINOR

Communication Studies
College of Arts & Humanities,
Department of Communication Studies
230 Armstrong Hall • 507-389-2213
Website: www.mnsu.edu/cmst
Chair: David Engen

**Required Electives for Minor** (8 credits)

4 at the 8 elective credits must be in upper-level classes. CMST 100 does not count toward the minor.

CMST 103 through CMST 499 Communication Studies

**INTERDISCIPLINARY MINOR IN COMMUNICATIONS** (27 credits)

This interdisciplinary minor is for students who wish to enhance their communication skills for use in business and other professional settings. Students completing this minor will develop an understanding of contexts and rhetorical strategies for oral and written communication among professionals. Students will also develop their own ability to communicate through written texts, oral communication, and electronic formats. These skills are highly desirable by employers in a wide range of business, government, and nonprofit organizations. Students may major in any of the programs affiliated with this minor, but the courses taken for the minor will not count toward the major. Students must earn a “C” or better in English courses in order to apply them to the minor.

**Minor Electives**

Choose 11 credits from the following programs. At least one course must be at the 3/400 level.

CMST 225 Communicating With/Through Technology (4)
CMST 335 Communication & Community (4)
CMST 333 Advanced Public Communication (4)
CMST 445 Conflict Management (4)
ECON 201 Principles of Macroeconomics (3)
ECON 202 Principles of Microeconomics (3)
ENG 271 Visual Technical Communication (4)
ENG 473 Desktop Publishing (4)
ENG 474 Research and Writing Technical Reports (4)
ENG 475 Editing Technical Publications (4)
IT 100 Introduction to Computing and Applications (4)
RPLS 377 Public Relations (3)
RPLS 465 Event Management (3)
URBS 230 Community Leadership (3)
URBS 412 Public Information and Involvement (3)

**COURSE DESCRIPTIONS**

CMST 100 (3) Fundamentals of Communication
A course designed to improve a students understanding in communication, including the areas of interpersonal, nonverbal, listening, small group and public speaking.

GE-1B

CMST 101W (4) Interpersonal Communication
A course blending theory and practice to help individuals build effective relationships through improved communication.

W1, GE-2

CMST 102 (3) Public Speaking
A course in communication principles to develop skills in the analysis and presentation of speeches.

GE-1B

CMST 201 (2-4) Small Group Communication
Development of communication skills for working with others in small group situations.
CMST 202 (4) Nonverbal Communication
Investigation of the concepts and theories of nonverbal communication. Designed to assist students in increasing their awareness and understanding of their nonverbal communication and in analyzing and understanding the nonverbal communication of others.

CMST 203 (4) Intercultural Communication
The course explores communication with people from other cultures, why misunderstandings occur and how to build clearer and more productive cross-cultural relationships.

GE-7, GE-8

Diverse Cultures - Purple

CMST 215 (2) Effective Listening
This course is designed to provide students with skills of effective listening, and the ability to apply that knowledge in a variety of educational and professional settings.

CMST 220 (1-4) Forensics
Activity course involving participation in intercollegiate speech tournaments. Course can be repeated for credit.

CMST 225 (4) Communicating With/Through Technology
A course designed to help students learn effective communication using a variety of contemporary technologies. Students will be better equipped to use communication technologies to communicate personal, professional, and public messages. Variable

CMST 240 (1-4) Special Topics
Special interest courses devoted to specific topics within the field of communication studies. Topics vary, and course may be retaken for credit under different topic headings.

CMST 301 (4) Communication Studies: Approaches and Perspectives
Course is designed to provide the student with an understanding of the history, scholarly writing, and academic journals in the communication discipline, thus preparing the student for more advanced courses in the Department of Communication Studies. Fall, Spring, Summer On Demand

CMST 302 (4) Argumentation
An exploration of the field of argument, addressing structure, types and critical analysis. Students will learn to identify types of reasoning, argument fallacies and pseudo-reasoning. Students will apply concepts in the construction and refutation of argument positions.

Fall, Spring

CMST 306 (4) Communication Research
An introduction to the theory and practice of research in communication studies, including the critical evaluation of contemporary communication research.

CMST 310 (4) Performance of Literature
This course is designed to develop the skills to complete the artistic process of studying literature through performance and sharing that study with an audience.

GE-6, GE-11

CMST 312 (4) Professional Communication & Interviewing
Designed to help students improve oral communication skills in the workplace. The emphasis is on the preparation and presentation of public messages in formats commonly used in business and professional settings. Listening as an oral communication skill in the workplace will be explored, as will the role of intercultural communication in the workplace. Individual speeches, group presentations, and interviews are the major presentations.

GE-18

CMST 320 (1-4) Advanced Forensics
Activity course involving participation in intercollegiate forensics with primary emphasis on applying communication theories to forensic practice. Students may not enroll concurrently with CMST 220. Course may be repeated for an overall total of 4 credits.

Variable

CMST 321 (4) Argumentation and Debate
Development of skills in the analysis, application and evaluation of argumentative communication.

CMST 330 (4) Ethics and Free Speech
This course is divided into two sections. First, the class explores ethical parameters involved in communication from a variety of social and cultural perspectives. Second, the class investigates current standards and issues involving freedom of speech.

GE-9

CMST 333 (4) Advanced Public Communication
This is an advanced course in public presentation focused on improving presenta-
tional skills of speech delivery and language choice.

CMST 335 (4) Communication and Community
Students examine everyday communication practices (rituals, stories, symbols) analyzing what discursive practices turn individuals into a community. Students explore the meaning of community through experiential learning by experiencing and reflecting upon the way communication creates, maintains, transforms, and repairs community.

Variable

CMST 340 (1-4) Special Topics
Special interest courses devoted to specific topics within the field of communication studies. Topics vary, and course may be retaken for credit under different topic headings.

CMST 403 (4) Gender and Communication
This course is designed to develop an understanding of how gender and commu-
nication interact. Students learn the basic theories and principles of communication as it applies to gender and develop skills to enhance communication between and among gender groups.

Diverse Cultures - Purple

CMST 409 (4) Performance Studies
This course is an overview of key performance studies concepts, including cultural performance, of everyday life, theories of play, social influence, and identity performance. Students will develop and present performances as a means to understand theoretical concepts.

CMST 410 (1-4) Topics in Relational Communication
Special interest courses devoted to specific topics within relationship communication.

Fall (On Demand), Spring (On Demand), Summer (On Demand)

CMST 412 (4) Organizational Communication
This course is designed to develop an understanding of communication studies in the organizational context. The course will aid each individual in working more effectively within any type of organization through exposure to major theories and works in the area of organizational communication.

CMST 415 (1-4) Topics in Rhetoric and Culture
Special interest courses devoted to specific topics within the intersecting fields of rhetoric and culture. Topics vary, and course may be retaken for credit under different topic headings.

CMST 416 (1-4) Topics in American Public Address
Special interest courses devoted to specific topics within field of American Public Ad-

ress. Topics vary, and course may be retaken for credit under different topic headings.

CMST 420 (2) Methods: Teaching Communication Arts
This course fulfills secondary licensure requirements for Communication Arts and Literature. This course covers teaching methods and materials needed to develop units for speech communication courses in grades 5-12.

Variable

CMST 425 (2) Methods: Directing and Coaching Forensics
This course fulfills secondary licensure requirements for Communication Arts and Literature. The course covers methods and techniques in the development of competitive speech programs in grades 5-12.

Variable

CMST 435 (4) Forensics Pedagogy
A course designed to give students a theoretical understanding of competitive speech and debate.

Fall

CMST 440 (1-4) Special Topics
A course designed for students who have a general interest in communication studies. Content of each special topics course will be different. May be retaken for credit.

CMST 445 (4) Conflict Management
This theory and research-oriented course examines the relationship between com-
munication and conflict, and is designed to provide students with knowledge and skills in dealing with conflict situations.
CMST 485W (4) Senior Seminar
This is a required capstone course of all Communication Studies majors and involves the completion and presentation of a senior level research project. Teaching majors are excluded from this requirement.

CMST 490 (1-4) Workshop
Topics vary as announced in class schedules.

COMMUNITY HEALTH EDUCATION BS

Community Health Education
College of Allied Health & Nursing
Department of Health Science
213 Highland Center N • 507-389-1527
Website: www.mnsu.edu/dept/health/
Chair: Marlene K. Tappe
Faculty: Autumn Hamilton, Amy Hedman, Dawn Larsen, Jennifer Lonsdrey, Judith Luebbe, Marge Murray-Davis, Marlene Tappe, Thad Shunkwiler, Mark Windschitl, Joseph Visker

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Academic Integrity Policy
The Department of Health Science values and supports an environment conducive to learning as well as academic integrity. Therefore, students are expected to comply with Minnesota State Mankato student responsibilities and policies for academic integrity. Academic integrity includes: meeting one's responsibilities in an honest and forthright manner and avoiding acts of dishonesty, plagiarism, cheating, collusion, and other forms of academic misconduct. An act of dishonesty, cheating, collusion, and/or any other form of academic misconduct will result in a 0 on the final course grade (e.g., "A" to "B-"), and full letter grade deduction from the final course grade (e.g., "A-" to "B-"). An act of plagiarism will result in a 0 on the assessment and full letter grade deduction from the final course grade.

Internship Admissions:

• official approval of the site by the Internship Director. Note: Eligibility for selection at internship sites may be subject to terms and policies of the internship site (i.e. background checks, criminal history, etc.) and the Community Health Education Program.
• a minimum G.P.A. of 2.5;
• a "C" or better in all Major Common Core courses (except Human Anatomy);
• a minimum G.P.A. of 2.5;
• a "C" or better in HLTH 260: Introduction to Health Education.

Maximum Number of Credit Hours During the Community Health Education Internship. Students may take no more than 12 credits of coursework, including 9 credits of HLTH 496: Internship: Health Education, during the internship semester.

Background Check. Students involved in any field experience need to undergo a criminal background check prior to registering for HLTH 496 Internship: Health Education. Students are responsible for the fees associated with the background checks. This information is provided to health agencies and organizations for their determination of suitability for placement. The Department of Health Science coordinates the background check process.

Internship Pre-requisites. Pre-requisites for the Community Health Education internship (HLTH 496: Internship: Health Education) include:
• a "C" or better in all Major Common Core courses (except Human Anatomy);
• a minimum G.P.A. of 2.5;
• a meeting with the Director of the Community Health Education Internship Program one semester in advance of their anticipated internship semester;
• submission of required application materials by the designated due date;
• official approval of the site by the Internship Director. Note: Eligibility for selection at internship sites may be subject to terms and policies of the internship site (i.e. background checks, criminal history, etc.) and the Community Health Education Program; and
• completion of a criminal background check.

COMMUNITY HEALTH EDUCATION BS

Degree completion = 120 credits

Required General Education
CMST 102 Public Speaking (3)
HLTH 101 Health and the Environment (3)
HLTH 212 Consumer Health (3)
(choose 3 credits. Must complete one of the CHEM courses listed)
CHEM 104 Introduction to Chemistry (3)
CHEM 106 Introduction to Chemistry (for Allied Health) (3)
CHEM 111 Chemistry of Life Processes (5)
CHEM 201 General Chemistry I (5)

Prerequisites to the Major
Community Health Education Major admission requirements include completion of a minimum of 32 credit hours, a minimum cumulative G.P.A. of 2.5, a "C" or better in HLTH 101: Health and the Environment, and a "C" or better in HLTH 260: Introduction to Health Education.

Major Common Core (44 total credits)
BIOL 220 Human Anatomy (4)
BIOL 310 Basics of Human Physiology (4)
HLTH 260 Introduction to Health Education (3)
HLTH 361 Health Communication and Advocacy (4)
HLTH 380W Health Education Planning, Implementing, and Evaluating 1 (3)
HLTH 454 Chronic and Infectious Diseases (3)
HLTH 460 Introduction to Epidemiology (3)
HLTH 475 Biostatistics (3)
HLTH 480 Health Education Planning, Implementing and Evaluating 2 (3)
HLTH 482 Administration and Grant Writing in Health Education (4)
HLTH 495 Senior Seminar in Health Education (1)
HLTH 496 Internship: Health Education (1-9)

Major Unrestricted Electives
No course completed with a grade of "D" can be used to complete a departmental course, must be taken for a letter grade except for courses offered only as P/N.

Grade Policy. It is recommended that students who cannot maintain a GPA of 3.0 in required Information Science requires GPA Policy.

All coursework used to complete a departmental major or minor, including required courses, required supporting courses, and required General Education courses, must be taken for a letter grade except for courses offered only as P/N.

No course completed with a grade of "D" can be used to complete a departmental major or minor program, or to meet a departmental prerequisite.

Registration Hold Policy. The department will place a registration hold on any student who earns a "D" or "F" in any of its courses. The department will also place such a hold on any student who drops any of its courses after the first two weeks of the semester. A student with a registration hold cannot register for courses until the hold is released, which requires filling out an appeal form and taking it to the student’s advisor for discussion. Appeal forms are available from the departmental office. This hold policy does NOT apply to students who are taking 100-level IT courses.

Dual Major Policy. Students can earn at most one undergraduate major from this department.

Incomplete Policy. The department gives incomplete grades for only two conditions. The first condition is illness, which requires a doctor’s written recommendation. The second condition arises when a death in the student’s family has caused the student to be away from the campus for an extended period. The student must have a satisfactory grade ("C" or better) in the course at the time of the onset of the condition.

Internship Policy. The Department of Computer Information Science continuously strives for improvements in the academic program. Coursework, coupled with extensive laboratory experience, play an important part in the student’s educational program. However, application of the concepts discussed in class to on-the-job situations is equally important. As a result, the department requires an internship or capstone experience for all IT majors.

Required Minor: None

Required General Education

All of these courses (or comparable) are available at the 2-year schools. Some are required in various 2-year programs. (Corresponding MSU course in parentheses.) Students may have already completed these courses before entering MSU, thus the remaining credits to complete the 60 required credits must be completed with open electives.

CMST 102 Public Speaking (3)
ENG 101 Composition (4)
ENG 272W Business Communication (4)
MATH 112 College Algebra (4)
STAT 154 Elementary Statistics (3)

Major Common Core

22 credits total consisting of 4 classes (16 credits) specifically designed for tight integration with industry partners, plus 6 credits of internship (1 to 2 credits per semester; pass/no credit portfolio based on employer recommendation).

CMST 333 Advanced Public Communication (4)
IT 340 Introduction to Database Systems (4)
Computer Engineering

College of Science, Engineering & Technology
Department of Electrical and Computer Engineering and Technology
242 Trafton Science Center N • 507-389-5747
Website: www.cset.mnsu.edu/ecet
Email: ecet@mnsu.edu
Chair: Qun Zhang
Program Coordinator: Qun Zhang
Faculty: Gale Allen, Nannan He, Tom Hendrickson, Han-Way Huang, Muhammad Khalig, Julio Mandojana, Puteri Megat Hamari, Vincent Winstead, Xuanhui Wu, Qun Zhang

Computer Engineering (CE) encompasses the research, development, design, and operation of computers and computerized systems and their components. This program leads to a Bachelor of Science in Computer Engineering. The primary objective of the Computer Engineering program is to educate engineering professionals who possess sound design and analytical background coupled with a strong laboratory experience supporting Computer Engineering concepts. This means that the department prepares its graduates for:

1. Entry into the engineering work environment with well-developed design and laboratory skills.
2. Further study toward advanced degrees in engineering and other related disciplines.
3. Advancement into managerial ranks and/or entrepreneurial endeavors.

The educational objectives for our Bachelor of Science in Computer Engineering degree are to prepare our graduates to:

1. Function as responsible members of society with an awareness of the social, ethical, and economic ramifications of their work.
2. Become successful practitioners in engineering and other diverse careers.
3. Succeed in full time graduate and professional studies.
4. Pursue continuing and lifelong learning opportunities.
5. Pursue professional registration.
6. Provide foundational education that allows for personal growth and flexibility through their career.

Our metrics for determining success in meeting these objectives will include:

1. Assessment of societal, economic awareness, and ethical performance of our graduates by the graduate and employer.
2. Monitoring of the success of our graduates in the work force.
3. Monitoring of the success of our graduates in graduate and professional programs.
4. Assessment of continuing and lifelong learning by the graduate (and their employer as applicable).
5. Reviewing the number and success of our students completing professional registration to advance their careers.

In support of these objectives, the program provides a curriculum including the following components that will prepare students for excellent careers in Computer Engineering:

1. A strong background in the physical sciences, mathematics, including discrete math, and engineering sciences, including extensive hands-on laboratory instruction.
2. An integrated design component including instruction in basic practices and procedures, creativity, control, economics, and synthesis. The process begins with basic instruction during the first year and concludes with a capstone design project.
3. A choice of sub-disciplines in the senior level electives.
4. Opportunities for students to develop sensitivity to the social and humanistic implications of technology and motivate them to make worthwhile contributions to the profession and society, while upholding the highest standards of professional ethics.
5. A course in engineering economics to promote awareness of the economic aspects of engineering.
6. Preparation for continuing study and professional development.

During the senior year, as allowed by the state, students will be required to take the Fundamentals of Engineering (FE) examination or its equivalent as described in GPA Policy below.

The curriculum offers students the opportunity to emphasize a number of specialized areas including advanced digital systems, communications, digital signal processing, networking, and system design.

The recommended high school preparation is two years of algebra, one year of geometry, one-half year of trigonometry, one-half year of college algebra, and a year each of physics and chemistry plus a programming language. Without this background it may take students longer than four years to earn a degree. During the first two years students take science and mathematics courses common to all branches of engineering (pre-engineering), as well as supporting work in English, humanities, and social sciences. Second-year computer engineering students complete physics, mathematics, and 200-level engineering and computer science courses.

All international students wishing to have transfer credits granted from non-U.S. schools will be required to use the ECE evaluation service to be completed no later than first semester at Minnesota State Mankato.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
Admission to Major. Admission to the college is necessary before enrolling in 300- and 400-level courses. Minimum college requirements are:

- A minimum of 32 earned semester credit hours.
- A minimum cumulative GPA of 2.00 (“C”).

Please contact the department for application procedures.

During the spring semester of the sophomore year, students should submit an application form for admission to the Computer Engineering program. Admission to the program is selective and, following applications to the department, subject to approval from the department chair. The department makes a special effort to accommodate transfer students. Only students admitted to the program are permitted to enroll in upper-division electrical engineering courses. No transfer credits are allowed for upper-division engineering courses except by department chair review and approval.

Before being accepted into the program and admitted to 300-level engineering courses (typically in the fall semester), a student must complete the following courses including all necessary prerequisites:

- General Physics I and II (calculus-based) (8 credits)
- Calculus I, Calculus II and Differential Equations (12 credits)

Other Graduation Requirements

- A cumulative GPA of 2.5 for all science and math courses must have been achieved for program admission. Grades must be 1.65 (“C”) or better for courses to be accepted.
- GPA Policy. Students graduating with a degree in Computer Engineering must have:
  1. completed a minimum of 20 semester credit hours of upper division EE and CS courses at Minnesota State Mankato.
  2. have a cumulative GPA of 2.25 on all upper division EE and CS courses, and
  3. have completed their senior design sequence at Minnesota State Mankato.
  4. have taken the fundamentals of Engineering (FE) exam or its equivalent and achieved the desired competency level.
- GPA. A cumulative grade-point average of 2.5 for all science, math and engineering courses must have been maintained. Grades must be 1.65 “C” or better for course to be accepted. Minnesota State Mankato students should complete the pre-engineering courses listed under the major.
- Petition to evaluate transfer credits must occur no later than the first semester the student is enrolled in or declared a major housed in the Department of Electrical and Computer Engineering Technology.
- P/N Grading Policy. A student who majors in CE must elect the grade option for all required courses including courses offered by another department.

COURSE DESCRIPTIONS

Computer Science

CS 111 (4) Computer Science II
Continues the exploration of introductory Computer Science begun in CS 110. Focus is on developing basic knowledge of algorithms, programming skills and problem solving techniques. Topics include recursion, sorting, linked lists, stacks and queues.
Prerequisite: CS 110 or EE 107 MATH 113 or MATH 115 or MATH 121
Fall, Spring

CS 350 (3) Network Architectures
An introduction to data communications and networks. The field encompasses local area networks, wide area networks, and wireless communication. Topics include digital signals, transmission techniques, error detection and correction, OSI model, TCP/IP model, network topologies, network protocols, and communication hardware.
Prerequisite: CS 305 or EE 234
Spring

CS 460 (3) Operating Systems: Design & Implementation
This course studies historical and current concepts and implementations of computer operating systems. Basic operating systems topics include processes, interprocess communication, interprocess synchronization, deadlock, memory allocation, segmentation, paging, resource allocation, scheduling, file systems, storage, devices, protection, security, and privacy.
Prerequisite: CS 210 and CS 320
Spring

Electrical Engineering Courses

EE 100 (1) Explorations in Engineering
This course offers an introduction to the various disciplines of engineering and their relationship to the principles of physics and mathematics. Students are prepared for academic success and the transition into an engineering program.
Fall
GE-12
EE 106 (3) Introduction to Electrical/Computer Engineering I
This introductory course covers digital systems topics including binary numbers, logic gates, Boolean algebra, circuit simplification using Karnaugh maps, flip-flops, counters, shift registers and arithmetic circuits. Problem solving methods, study skills and professional development will be addressed throughout the course. Prerequisite: MATH 112
Fall

EE 107 (3) Introduction to Electrical/Computer Engineering II
The course presents algorithmic approaches to problem solving and computer program design using the C language. Student will explore Boolean expressions, implement programs using control structures, modular code and file input/output, and interface with external hardware using robots and sensors. Prerequisite: EE 106
Spring

EE 230 (3) Circuit Analysis I
This course is meant to develop Electrical Engineering Circuit Analysis skills in DC and AC circuits. It includes circuit laws and theorems, mesh and node analysis. Natural and step response of RL, RC, and RLC circuits. Prerequisite: Phys 222 or concurrent, MATH 321 or concurrent
Fall

EE 231 (3) Circuit Analysis II
Continuation of Circuit Analysis I to include special topics in circuit analysis. Prerequisite: EE 230 and EE 240, MATH 321, Phys 222
Spring

EE 234 (3) Microprocessor Engineering I
A course that teaches how to write computer assembly language programs, make subroutine calls, perform I/O operations, handle interrupts and resets, interface with a wide variety of peripheral chips to meet the requirements of applications. Prerequisite: EE 106, EE 107 Corequisite: EE 235
Fall

EE 235 (1) Microprocessor Engineering Laboratory I
Use of development boards and assembly language programming to handle interrupts, interface with parallel I/O ports, memory, and timers. Experiments will involve signal and frequency measurements, data conversions, and interface design. Prerequisite: EE 106, EE 107 Corequisite: EE 234
Fall

EE 240 (1) Evaluation of Circuits
Fall

EE 244 (2) Introduction to Digital Systems
Simple coding schemes. Boolean algebra fundamentals, elements of digital building blocks such as gates, flip-flops, shift registers, memories, etc.; basic engineering aspects of computer architecture.

EE 253 (3) Logic Circuits Lab
Laboratory support to complement EE 244. Use of laboratory instrumentation to measure characteristics of various logic circuits and digital subsystems. Experimental evaluation of digital logic devices and circuits including logic gates, flip-flops, and sequential machines. Prerequisite: EE 230 and concurrent with EE 244
Spring

EE 254 (1) Digital and Circuits Lab
Laboratory support for EE 231 and EE 244. Experimental evaluation of AC and transient circuits, digital logic devices including logic gates, flip-flops, and sequential machines. Prerequisite: EE 230, EE 240 and concurrently with EE 231 and EE 244
Spring

EE 281 (3) Digital System Design with Testability
Introduction to representing digital hardware using a hardware description language. Introduction to implementation technologies such as PAL’s, PLA’s, FPGA’s and Memories. Analysis, synthesis and design of sequential machines; synchronous, pulse mode, asynchronous and incompletely specified logic. Prerequisite: EE 106, EE 107
Variable

EE 282 (1) Digital System Design with Testability Lab
Laboratory support for EE 282 practical aspects of design and analysis of different types of sequential machines will be presented through laboratory experience. Corequisite: EE 281

EE 298 (1-4) Topics
Varied topics in Electrical and Computer Engineering. May be repeated as topics change. Prerequisite: to be determined by course topic

EE 303 (3) Introduction to Solid State Devices
Introduction to crystal structure, energy band theory, conduction and optical phenomena in semiconductors, metals and insulators. Study of equilibrium and nonequilibrium charge distribution, generation, injection, and recombination. Analysis and design of PN-junctions, (bipolar transistor, junction) and MOS field-effect transistors. Introduction to transferred electron devices and semiconductor diode laser. Prerequisite: Phys 222, and MATH 321
Fall

EE 304 (1) Lab: Introduction to Solid State Devices
Laboratory support for EE 303. Experiments include resistivity and sheet resistance measurements of semiconductor material, probing material, probing of IC chips, PN-junction IV and CV measurements, BJT testing to extract its parameters, MOSFET testing and evaluating its parameters, c-measurements of MOS structure, and familiarization with surface analysis tools.
Fall

EE 332 (3) Electronics I
Introduction to discrete and microelectronics circuits including analog and digital electronics. Device characteristics including diodes, BJTs, JFET’s, and MOSFET’s will be studied. DC bias circuits, small and large signal SPICE modeling and analysis and amplifier design and analysis will be discussed. Prerequisite: EE 231
Spring

EE 333 (3) Electronics II
The second course of the electronics sequence presenting concepts of feedback, oscillators, filters, amplifiers, operational amplifiers, hysteresis, bistability, and non-linear functional circuits. MOS and bipolar digital electronic circuits, memory, electronic noise, and power switching devices will be studied. Prerequisite: EE 332
Fall

EE 334 (3) Microprocessor Engineering II
A more advanced study of microprocessors and microcontrollers in embedded system design. Use of C language in programming, interrupt interfaces such as SPI, I2C, and CAN. External memory design and on-chip program memory protection are also studied.

EE 336 (1) Principles of Engineering Design I
Electrical and computer engineering project and program management and evaluation techniques will be studied. Emphasis will be placed on the use of appropriate tools for planning, evaluation, and reporting on electrical and computer engineering projects. Prerequisite: Junior Standing
Fall

EE 337 (1) Principles of Engineering Design II
Application of the design techniques in the engineering profession. Electrical engineering project and program management and evaluation including computer assisted tools for planning and reporting, design-to-specification techniques and economic constraints. Prerequisite:EE 336
Spring

EE 341 (3) Signals & Systems
Analysis of linear systems and signals in the time and frequency domain. Laplace and Fourier transforms. Z-transform and discrete Fourier transforms. Prerequisite: EE 230, MATH 321 and Phys 222
Fall
COMPUTER ENGINEERING CONTINUED

EE 342 (1) Electronics Laboratory
This lab is designed to accompany EE 332. The lab covers the experimental measurement and evaluation of diode, BJT, and MOS characteristics; various feedback topologies, oscillator and op-amp circuits; and rectifiers and filter circuits. Prerequisite: EE 231 and EE 332 taken concurrently. Fall

EE 344 (1) Design & Evaluation of Microprocessors
Laboratory support for EE 334. Use of development boards and C Programming language to handle I/O devices, interrupts, and all peripheral functions. Multiple functions such as timers, A/D converters, /O devices, interrupts, and serial modules will be used together to perform desired operations. Prerequisite: Concurrent with EE 334 Fall

EE 350 (3) Engineering Electromagnetics

EE 353 (3) Communications Systems Engineering

EE 358 (3) Control Systems
Theory and principles of linear feedback control systems. Analysis of linear control systems using conventional techniques like block diagrams, Bode plots, Nyquist plots and root-locus plots. Introduction to cascade compensation: proportional, derivative and integral compensation. State space models. Prerequisite: EE 341 Spring

EE 363 (1) Communication Systems Laboratory

EE 368 (1) Control Systems Laboratory
Laboratory support for EE 358. Experimental evaluation of basic control system concepts including transient response and steady state performance. Analog and digital computers. Prerequisite: EE 341 and concurrent with EE 358 Spring

EE 395 (3) Computer Hardware and Organization
High-level language constructs using a selected assembly language, design alternatives of computer processor datapath and control, memory hierarchy/management unit, use of HDL in describing and verifying combinational and sequential circuits. Design of computer processor and memory system. Prerequisite: EE 234, EE 235, EE 281 Spring

EE 398 (0) CPT Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information. Prerequisite: EE 235. At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply. Fall, Spring, Summer

EE 450 (3) Engineering Economics
Overview of accounting and finance and their interactions with engineering. Lectures include the development and analysis of financial statements, time value of money, decision making tools, cost of capital, depreciation, project analysis and payback, replacement analysis, and other engineering decision making tools. Prerequisite: Advanced standing in the program Fall

EE 453 (3) Advanced Communications Systems Engineering
Behavior of analog systems and digital systems in the presence of noise, principles of digital data transmission, baseband digital modulation, baseband demodulation/detection, bandpass modulation and demodulation of digital signals. Channel coding, modulation and coding trade-offs, spread spectrum techniques, probability and information theory. Prerequisite: EE 353 and EE 363 Fall

EE 463 (3) Advanced Digital System Design
Design of combinational and sequential systems and peripheral interfaces. Design techniques using MSI and LSI components in an algorithmic state machine; implementation will be stressed. Rigorous timing analysis transmission-line effects and metastability of digital systems will be studied. Prerequisite: EE 244

EE 467W (1) Principles of Engineering Design III
The design and organization of engineering projects. Project proposals, reporting, feasibility studies, and interpretation. Specification preparation, interpretation, and control. Issues involving creativity, project planning and control, and intellectual property rights. Students enrolled in this course must initiate and complete a design project in a small team format. Prerequisite: EE 337 and senior standing Fall

EE 471 (3) Advanced Control Systems
This course is a continuation of EE 358. Techniques for the analysis of continuous and discrete systems are developed. These techniques include pole placement, state estimation, and optimal control. Prerequisite: EE 358 and EE 368 Fall

EE 472 (3) Digital Signal Processing
Develop design and analysis techniques for discrete signals and systems via Z-transforms, Discrete Fourier Transforms, implementation of FIR and IIR filters. The various concepts will be introduced by the use of general and special purpose hardware and software for digital signal processing. Prerequisite: EE 341 Spring

EE 473 (3) Electrical Power Systems Analysis and Design
Power generation, transmission and distribution concepts, electrical grid modeling, transmission line modeling, electric network power flow and stability, fault tolerance and fault recovery, economic dispatch, synchronous machines, renewable energy sources and grid interfacing. Prerequisite: EE 231 or permission from instructor Variable

EE 474 (4) Power Electronics
This course is designed to provide students with knowledge of the design and analysis of static power conversion and control systems. The course will cover the electrical characteristics and properties of power semiconductor switching devices, converter power circuit topologies, and the control techniques used in the applications of power electronic systems. Laboratories consist of computer-based modeling and simulation exercises, as well as hands-on laboratory experiments on basic converter circuits and control schematics. Prerequisite: EE 333 Spring

EE 475 (3) Integrated Circuit Engineering
Introduction to theory and techniques of integrated circuit fabrication processes, oxidation, photolithography, etching, diffusion of impurities, ion implantation, epitaxy, metallization, material characterization techniques, and VLSI process integration, their design and simulation by SUPREM. Prerequisite: EE 303 and EE 332 Fall
EE 476 (3) Antennas, Propagation, & Microwave Engineering
Principles of electromagnetic radiation, antenna parameters, dipoles, antenna arrays, long wire antennas, Microwave antennas, Mechanisms of radiowave propagation, scattering by rain, sea water propagation, guided wave propagation, periodic structures, transmission lines, microwave/millimeter wave amplifiers and oscillators, MIC & MMIC technology.
Prerequisite: EE 350
Variable

EE 477W (1) Principles of Engineering Design IV
Completion of design projects and reports. Lectures on ethics, issues in contracting and liability, concurrent engineering, ergonomics and environmental issues, economics and manufacturability, reliability and product lifetimes. Lectures by faculty and practicing engineers.
Prerequisite: EE 467 and Senior Standing
Spring
VWI

EE 479 (3) Superconductive Devices
Prerequisite: EE 303

EE 480 (1) Integrated Circuit Fabrication Lab
Introduction to integrated circuit fabrication processes, device layout, mask design, and experiments related to wafer cleaning, etching, thermal oxidation, thermal diffusion, photolithography, and metallization. Fabrication of basic integrated circuit elements pn junction, resistors, MOS capacitors, BJF and MOSFET in integrated form. Use of analytic tools for in process characterization and simulation of the fabrication process by SUPREM.
Prerequisite: EE 475
Fall

EE 481 (1) VLSI Design Laboratory
This laboratory accompanies EE 484. The laboratory covers the basics of layout rules, chip floor planning, the structure of standard cells and hierarchical design, parasitic elements, routing, and loading. Students will learn to design and layout standard cells as well as how to use these cells to produce complex circuits. The laboratory culminates with the individual design and layout of a circuit.
Prerequisite: Concurrent with EE 484
Spring

EE 482 (3) Electromechanics
Electrical power and magnetic circuit concepts, switch-mode converters, mechanical electromechanical energy conversion, DC motor drives, feedback controllers, AC machines and space vectors, permanent magnet AC machines and drives, induction motors and speed control of induction motors, stepper motors.
Prerequisite: EE 230
Fall

EE 483 (3) VLSI Design
Prerequisite: EE 333
Spring

EE 487 (3) RF Systems Engineering
Prerequisite: EE 353 and EE 363
Variable

EE 489 (4) Real-time Embedded Systems
This course introduces students the recent advances in real-time embedded systems design. Topics cover real-time scheduling approaches such as clock-driven scheduling and static and dynamic priority driven scheduling, resource handling, timing analysis, inter-task communication and synchronization, real-time operating systems (RTOS), hard and soft real-time systems, distributed real-time systems, concepts and software tools involved in the modeling, design, analysis and verification of real-time systems.
Prerequisite: EE 107, EE 334, EE 395
Variable

EE 491 (1-4) In-Service

EE 494 (1) Global Experience in Engineering and Technology
This class provides students pursuing a minor in “Global Solutions in Engineering and Technology” with an opportunity to explore a set of topics related to achieving success in advance of and following an international experience (internship, study abroad, etc.). Speakers will include faculty, graduate students, visiting researchers and industry members as well as student participants. Returning students will be required to participate in mentoring of students preparing for their international experience and provide written and/or oral presentations of various topics during the semester. This course is required both before and after participation in the international experience (min. 2 cr.)
Variable

EE 495 (1-6) Internship

EE 498 (1-4) Topics
Varied topics in Electrical and Computer Engineering. May be repeated as topics change.
Prerequisite: to be determined by course topic

EE 499 (1-6) Individual Study

Computer Engineering Technology

College of Science, Engineering & Technology
Department of Electrical and Computer Engineering and Technology

Chair: Qun Zhang
Program Coordinator: Qun Zhang

Faculty: Gale Allen, Nannan He, Tom Hendrickson, Han-Way Huang, Muhammad Khalig, Julio Mandojana, Puteri Megat-Hamari, Vincent Winstead, Xuanhui Wu, Qun Zhang

Computer Engineering Technology is a technological field requiring the application of scientific and engineering knowledge and methods, combined with technical skills, in support of computer activities. A computer engineering technologist is a person who is knowledgeable in computer hardware and software theory and design and who can apply them to a variety of industrial and consumer problems. Computers, controls/automation, robotics, instrumentation, and communications are just a few fields open to computer engineering technologists.

The program strives to prepare students for successful entry into the technical workforce. This means that the curriculum prepares students to:
1. Apply knowledge of mathematics, science, and computer engineering to problems.
2. Design and construct experiments and analyze and interpret the resulting data.
3. Design systems, components, or processes to meet specified needs.
4. Function effectively in teams.
5. Identify, formulate, and solve problems in computer engineering technology.
6. Understand their professional and ethical responsibilities.
7. Communicate effectively.
Testing for course credit will be available via prior application made with the program coordinator. Students may not apply for credit by examination for an EET course in which they were previously enrolled at Minnesota State Mankato or for any EET course above EET 223.

**COMPUTER ENGINEERING TECHNOLOGY BS**  
Degree completion = 128 credits

### Required General Education

- **CMST 102** Public Speaking (3)  
- **ENG 101** Composition (4)

### Prerequisites to the Major

- **EET 113** DC Circuits (3)  
- **EET 114** AC Circuits (3)
- **EET 141** Integrated Computer Technology I (4)  
- **EET 142** Integrated Computer Technology II (4)  
- **EET 143** Integrated Computer Technology III (4)  
- **EET 221** Electronic CAD (3)  
- **EET 222** Electronics I (4)  
- **EET 223** Electronics II (4)  
- **EET 254** Microprocessors I (4)  
- **MATH 115** Pre-Calculus Mathematics (4)  
- **MATH 121** Calculus I (4)  
- **MATH 127** Calculus II for Engineering Technology: Integration (2)
- **PHYS 211** Principles of Physics I (4)
- **PHYS 212** Principles of Physics II (4)

### Major Common Core

- Three (3) credits of EET 497 may be used to satisfy major common core requirements.  
- **CHEM 104** Introduction to Chemistry (3)  
- **EET 310** Programming Tools (4)  
- **EET 341** Electronics Shop Practices (2)  
- **EET 430** Computer Networking I (4)  
- **EET 441** Embedded Systems (4)  
- **EET 456** Analog Communications (4)  
- **EET 461** Industrial Automation I (4)  
- **EET 462** Industrial Automation II (4)  
- **EET 484** Microprocessors II (4)  
- **EET 497** Internship (3)  
- **MATH 180** Mathematics for Computer Science (4)  
- **MET 427** Quality Management Systems (3)

### Major Restricted Electives

Choose a minimum of 6 credits from 300-level and 400-level courses with advisor's approval.

### Major Unrestricted Electives

(choose one of the following courses)

- **STAT 154** Elementary Statistics (3)  
- **STAT 354** Concepts of Probability and Statistics (4)

### Required Minor: None.

### COURSE DESCRIPTIONS

#### EET 112 (3) Elementary Electricity and Electronics

The basic elements of electricity and electronics are explored in an internet enabled, self-paced course. Laboratories make use of a Virtual Laboratory environment to provide experience with issues in wiring, power, circuits, and digital electronics.

Fall, Spring  
GE-3

#### EET 113 (3) DC Circuits

A study of DC electrical circuits, Kirchhoff's laws, series and parallel circuits, inductors, capacitors, circuit response to RL, RC, and RC circuits. Thévenin's equivalent circuit theorem, and other network analysis theorems. Use of dependent sources in DC circuits. Prerequisite: MATH 115, or concurrent.

Fall, Spring

#### EET 114 (3) AC Circuits

A study of AC circuits, power, phasors, series and parallel AC networks, and network analysis theorems. Ohm's Laws and Kirchhoff's Laws for AC circuits. Use of dependent sources in AC circuits. Prerequisite: EET 113  
Fall, Spring
EET 115 (3) Understanding Computers
A self-paced, interactive, multimedia course, for non-engineering students, exploring the basics of computer hardware. The course will cover concepts behind computer design and operation, including issues such as the need for RAM, hard drive, memory, ROM, etc.
Fall, Spring
GE-13

EET 116 (3) Communications-Past, Present & Future
This is an introductory course in the use of technology for communication. During the semester students will study the evolution of communications technology from early days to the present. This course will cover wireless, analog, and digital techniques including telephony, the Internet, and mobile formats. The student will study theory and principles involved in the different types of communications. Modern techniques in digital communications will be discussed and demonstrated through simulation. A consumer example of digital communication will be given.
Variable
GE-13

EET 117 (3) Introduction to Digital Electronics
Hands-on experiences in the use of digital integrated circuits and logic families. Students will study logic gates, number systems, flip-flops, latches, registers, computer arithmetic and memory. A self-paced format with an open laboratory format.
Variable
GE-3, GE-8

EET 125 (3) Perspective on Technology
Historical, cultural, ethical, philosophical, developmental, and creative aspects of engineering and technology as a discipline are explored. The course also examines concepts and events leading to important innovations of recent times; microwave ovens, FAX machines, personal computers, traffic signals, and video games.
Fall
GE-6, GE-8
Diverse Cultures - Purple

EET 141 (4) Integrated Computer Technology I
Digital circuit, logic, and C programming skills needed for electronic and computer engineering technology. Covers binary arithmetic, clock distribution, timing, TTL, CMOS, logic gates, Boolean algebra, multiplexer, counter, adder, logic simulation, C language elements, C programming techniques and use of digital test equipment. Students design and build an Arithmetic Logic Unit (ALU) from small-scale logic components and simulate each block in C.
Corequisite: EET 113
Fall

EET 142 (4) Integrated Computer Technology II
Continues building digital circuit, logic, and C programming skills needed for electronic and computer engineering technology. Covers comparators, decoding, encoding, multiplexers, flip-flops, Schmitt Trigger, C functions, arrays, variables, recursive functions, structures, and strings. Students design, build and test a microprocessor using TTL gates and simulate each block in C.
Prerequisite: EET 141
Spring

EET 143 (4) Integrated Computer Technology III
Sequencer circuits, clock timing, clock distribution, counter, LED display, shift register, transceiver, 555 timer, 555 oscillator, D/A converter, RAM, ROM, mass memory, synchronous logic, asynchronous logic, microprocessor interfacing, testability, and simulation.
Prerequisite: EET 142
Fall

EET 221 (3) Electronic CAD
Drafting Principles involving use of computer electronic CAD software in laying out block diagrams, schematic diagrams, production drawings, graphical presentation of data, and printed circuit board layout and construction.
Prerequisite: EET 113
Fall

EET 222 (4) Electronics I
An introduction to semiconductor theory and circuits; includes characteristics curves, biasing techniques and small signal analysis of FETs and MOSFETs, feedback concept, BJT and FETs frequency response.
Prerequisite: EET 113

EET 223 (4) Electronics II
An introduction to differential amplifier, linear and nonlinear operational amplifiers, power amplifiers, linear digital ICs, oscillators, power supplies, D/A, A/D conversion, four layered devices and their applications.
Prerequisite: EET 222
Corequisite: EET 114
Spring

EET 254 (4) Microprocessors I
A study of microcomputer hardware and software fundamentals, the instruction set and the addressing modes of a microprocessor/microcontroller, assembly programming, basic I/O concepts, parallel I/O methods, asynchronous serial I/O methods, synchronous serial I/O methods, A/D conversion, and timer applications.
Prerequisite: EET 113
Spring

EET 298 (1-4) Topics
Varied topics in Electronic and Computer Engineering Technology. May be repeated as topics change.
Prerequisite: to be determined by course topic

EET 310 (4) Programming Tools
Several programming tools and their use in creating electronic hardware systems are covered in this course. Creating special-purpose hardware using numerical analysis programs written in C. Creating hardware utilizing Visual applications written in C. Use of scripting languages in hardware applications. Using Excel for input/output functions.
Prerequisite: EET 143, EET 222 and EET 254

EET 315 (3) Programmable Instrumentation
Instrumentation system design and integration with sensors, actuators and other electronic indicator components. Programming in a block diagram environment and with embedded C to interface different hardware components.
Prerequisite: MATH 113 or MATH 115
Variable

EET 340 (4) Programmable Hardware Technology
Create working programmable hardware using FPGA, GAL and other logic technology. Use industry standard tools such as Verilog, Xilinx, Orcad and Multisim along with development kits and extension boards to implement programmable systems. Interface LED displays, switches and I/O devices with programmable logic to create processing systems. Evolution of programmable logic and analog circuits.
Prerequisite: EET 143
Spring

EET 341 (2) Electronic Shop Practices
An introduction to tools, equipment, materials, and techniques used in fabrication of electronic projects and printed circuit boards. Prerequisite: EET 142
Spring

EET 355 (3) Electrical Power Systems
Electrical power and magnetic circuit concepts, transformers, generators and motors (DC, synchronous, induction), special purpose motors, power-electronic motor drivers, prime movers/alternatives, generation, transmission/distribution, system stability/protection.
Prerequisite: PHYS 212
Fall

EET 393 (1-4) Practicum
Elective credit for approved experience in off-campus work related to EET major.
Prerequisite: Permission required.
Fall, Spring
EET 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information.
Prerequisite: EET 223. At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply.
Fall, Spring, Summer

EET 430 (4) Computer Networking I
An introduction to the basic foundations of computer networking. The course will encompass telecommunications, local area networks, wide area networks and wireless communication. Topics covered include OSI model, the TCP/IP MODEL, different network topologies and associated hardware, error detection and correction, protocols, and security.
Prerequisite: EET 143, EET 223, EET 254
Fall

EET 431 (4) Computer Networking II
Prerequisite: EET 430
Spring

EET 441 (4) Embedded Systems
Design and prototyping of embedded systems including both hardware and software components. A variety of hardware, software, sensors and displays will be used depending on the embedded system requirements. Issues related to hardware and software specifications will be studied as well as appropriate documentation standards.
Prerequisite: EET 143
Spring

EET 452 (3) Operational Amplifier Applications
Operational amplifier circuits utilized in filters, sensors, comparators, voltage regulators, device testing, measurement systems, multipliers, phase-locked loops, and A/D converters. Differential amplifier basics. Linear integrated circuit processing
Prerequisite: EET 223 and MATH 121
Fall

EET 455 (3) Power Electronics
Use of solid-state switching devices in the conversion and control of electrical energy for low power and high power applications such as switched-mode regulated DC power supplies, motor speed control, lighting control, uninterruptible power supplies and HVDC transmission.
Prerequisite: EET 143
Variable

EET 456 (4) Analog Communications
Communications principles and systems. Practical engineering aspects involved in modulation/demodulation, receivers, transmitters and filters. Also included are radiation and antennas, guided waves, microwaves, and microwave systems.
Prerequisite: EET 222
Spring

EET 458 (1) Advanced Instrumentation
Experiences with electronic equipment and instrumentation including maintenance, repair, calibration, safety and component identification.
Prerequisite: 25 hours of EET courses, or consent
Spring

EET 461 (4) Industrial Automation I
Automation components and subsystems involving sensors, transistors, logic, amplifiers, software, microprocessors, PLCs, actuators, encoders, stages, motors, controllers and drives. Students design, simulate, build, test and document automation systems for Capstone projects.
Prerequisite: EET 223 and EET 254
Fall

EET 462 (4) Industrial Automation II
Continues building skills in automation components and subsystems involving sensors, transistors, logic, amplifiers, software, microprocessors, PLCs, actuators, encoders, stages, motors, controllers and drives. Students design, simulate, build, test and document automation systems for Capstone projects.
Prerequisite: EET 461
Spring

EET 484 (4) Microprocessors II
A study of a high performance microprocessor architecture. Applications of a microprocessor for monitoring and controlling systems will be studied. Optimal utilization of a microprocessors resources will be stressed. PC programming in assembly and a high level language.
Prerequisite: EET 143
Fall

EET 486 (3) Digital Communications
Prerequisite: EET 142, EET 222
Variable

EET 487 (3) RF Systems Technology
Prerequisite: EET 223
Variable

EET 491 (1-4) In-Service

EET 492 (4) Integrated Circuit Technology
Semiconductor industry and overview of integrated circuit manufacturing, integrated circuit types, crystal growth and wafer manufacturing, physics of semiconductor materials, detail of major IC fabrication steps, process yield, semiconductor devices and integrated circuit formation, packaging, and semiconductor measurements, introduction to layout tools.
Prerequisite: EET 223
Spring

EET 494 (1) Global Experience in Engineering and Technology
This class provides students pursuing a minor in “Global Solutions in Engineering and Technology” with an opportunity to explore a set of topics related to achieving success in advance of and following an international experience (internship, study abroad, etc.). Speakers will include faculty, graduate students, visiting researchers and industry members as well as student participants. Returning students will be required to participate in mentoring of students preparing for their international experience and provide written and/or oral presentations of various topics during the semester. This course is required both before and after participation in the international experience (min. 2 cr.)
Variable

EET 497 (1-6) Internship
Should be taken at end of junior year. Permission required. Prerequisite: 40 hrs EET credits or written permission from program coordinator.
Fall, Spring

EET 498 (1-4) Topics
Varied topics in Electronic and Computer Engineering Technology. May be repeated as topics change.
Prerequisite: to be determined by course topic

EET 499 (1-4) Individual Study
Fall, Spring
Computer Information Technology

College of Science, Engineering & Technology
Department of Computer Information Science
273 Wissink Hall • 507-389-1412
Website: cset.mnsu.edu/cis
Chair: Mahbubur Syed
Faculty: Cyrus Azarbod, Lee Cornell, Jonathan Hardwick, Allan Hart, Sarah Kruse, Guaranex Salivia, Leon Tietz, Christophe Veltsos, Michael Wells

Computer Information Technology (CIT) in its broadest sense encompasses all aspects of computing technology. CIT, as an academic discipline, focuses on meeting the needs of users within an organizational and societal context through the selection, creation, application, integration, and administration of computing technologies. The aim is to provide CIT major graduates with the skills and knowledge to take on appropriate professional positions upon graduation and to grow into leadership positions or pursue research or graduate studies in the field. The CIT program also has six minors.

Academic Map/Degree Plan at www.mnsu.edu/programs/BSAll

POLICIES/INFORMATION

Admission to Major is granted by the department. Admission to the Major is required before the student is permitted to take 300- and 400-level courses. Requirements are:

- A minimum of 32 earned semester credits
- Completion of MATH 121 with a grade of “C” or better
- Completion of ENG 101 with a grade of “C” or better
- Completion of IT 210 with a grade of “D” or better and IT 214 with a grade of 2.0 or better (or in their equivalents)

GPA Policy. The completion of any major or minor in the Department of Computer Information Science requires both:

- a GPA of 2.5 or higher for all departmental courses (IT), or their substitutions, used to complete the major or minor, and
- a GPA of 2.0 or higher for all courses, or their substitutions, used to complete the major or minor. This includes all departmental courses, supporting courses, and General Education courses required for the major or minor.

It is recommended that students who cannot maintain a GPA of 3.0 in required 100 and 200 level courses see their advisor for a program review.

Grade Policy. All coursework used to complete a departmental major or minor, including required courses, required supporting courses, and required General Education courses, must be taken for a letter grade except for courses offered only as P/N.

No course completed with a grade of “D” can be used to complete a departmental major or minor program, or to meet a departmental prerequisite.

Registration Hold Policy. The department will place a registration hold on any student who earns a “D” or “F” in any of its courses. The department will also place such a hold on any student who drops any of its courses after the first two weeks of the semester. A student with a registration hold cannot register for courses until the hold is released, which requires filling out an appeal form and taking it to the student’s advisor for discussion. Appeal forms are available from the departmental office. This hold policy does not apply to students who are taking 100-level IT courses.

Dual Major Policy. Students can earn at most one undergraduate major from this department.

Incomplete Policy. The department gives incomplete grades for only two conditions.

1. The first condition is illness, which requires a doctor’s written recommendation. The second condition arises when a death in the student’s family has caused the student to be away from the campus for an extended period. The student must have a satisfactory grade (“C” or better) in the course at the time of the onset of the condition.

2. If the second condition arises, the student is released, which requires filling out an appeal form and taking it to the student’s advisor for discussion. Appeal forms are available from the departmental office.

Internship Policy. The Department of Computer Information Science continuously strives for improvements in the academic program. Coursework, coupled with extensive laboratory experience, play an important part in the student’s educational program. However, application of the concepts discussed in class to on-the-job situations is equally important. As a result, the department requires an internship or a capstone experience for all IT majors.

Excluded Courses Policy. IT 201, IT 296 do not count toward a major or minor in the department.

Residency Policy. Students must earn at least 50 percent of the credits required for a departmental major or minor at Minnesota State Mankato.

COMPUTER INFORMATION TECHNOLOGY BS

Degree completion = 120 credits

Required General Education

ENG 101 Composition (4)
IT 202W Computers in Society (4)
STAT 154 Elementary Statistics (3)

Minor: Choose one of the following MATH Courses (3-4 credits)
MATH 121 Calculus I (4)

Minor: Choose one of the following CMST Courses (3 credits)
CMST 100 Fundamentals of Communication (3)
CMST 102 Public Speaking (3)
CMST 212 Professional Communication and Interviewing (3)

Major Common Core

Three credits of IT 497 are required for the major. Additional credits may only be used to satisfy degree requirements.

ENG 271 Technical Communication (4)
IT 210 Fundamentals of Programming (4)
IT 214 Fundamentals of Software Development (4)
IT 310 Data Structures & Algorithms (4)
IT 320 Machine Structures and Operating Systems (4)
IT 340 Introduction to Database Systems (4)
IT 350 Information Security (4)
IT 360 Introduction to Data Communication and Networking (4)
IT 380 Systems Analysis & Design (4)
IT 440 Database Management Systems II (4)
IT 497 Internship (1-12)

Major Restricted Electives

Choose 12 credits from any courses listed in the bulletin with denomination IT 4xx.

Required Minor: Yes, Any (Computer Science excluded)

COMPUTER INFORMATION SCIENCE MINOR

Required for Minor
IT 210 Fundamentals of Programming (4)
IT 214 Fundamentals of Software Development (4)

choose three of the following courses
IT 483 Web Applications and User Interface Design (4)
IT 320 Machine Structures and Operating Systems (4)
IT 340 Introduction to Database Systems (4)
IT 350 Information Security (4)
IT 360 Introduction to Networking (4)
IT 380 Introduction to Software Engineering (4)

COMPUTER TECHNOLOGY MINOR

Required for Minor
IT 100 Introduction to Computing and Applications (4)
IT 202W Computers in Society (4)
IT 210 Fundamentals of Programming (4)

choose 8 credits (choose two of the following)
IT 214 Fundamentals of Software Development (4)
IT 340 Introduction to Database Systems (4)
IT 350 Information Security (4)
IT 360 Introduction to Networking (4)
IT 380 Systems Analysis and Design (4)
**DATABASE TECHNOLOGIES MINOR**

**Required for Minor**
- IT 210 Fundamentals of Programming (4)
- IT 214 Fundamentals of Software Development (4)
- IT 340 Introduction to Database Systems (4)
- Choose two of the following courses:
  - IT 440 Database Management Systems II (4)
  - IT 442 Database Security, Auditing, and Disaster Recovery (4)
  - IT 444 Data Mining and Warehousing (4)

**INTERNATIONAL TECHNOLOGY MINOR**

This minor is designed to allow the student to gain technology project experience in a cross-cultural and cross-disciplinary environment. The student will participate in the process of conceiving, designing and implementing technological solutions/products in this environment.

**Minor Core**

Study abroad to earn at least 12 credits. For international students, this must be in a country whose culture differs significantly from the student’s home country. The international program of study must be approved by both the student’s advisor and by the chair of the Computer Information Science Department. The 12 credits can be taken as IT 390 or as other courses as determined and approved by the student, advisor, and CIS chair.

**Elective**
- For Majors in CIS Department (choose 8 credits)
- When this minor accompanies a major from the Computer Information Science Department, choose 8 credits of 300- and 400-level IT courses. These courses must not be included among those used to complete the requirements for the major.

**IT 300 - IT 499**

For Majors from another department (choose 8 credits)

When this minor accompanies a major from another department, choose 8 credits of IT courses numbered 200 and above.

**NETWORKING AND INFORMATION SECURITY MINOR**

**Required for Minor**
- IT 210 Fundamentals of Programming (4)
- IT 214 Fundamentals of Software Development (4)
- IT 350 Information Security (4)
- IT 360 Introduction to Networking (4)
- Choose one of the following courses:
  - IT 450 Information Warfare (4)
  - IT 460 Network and Security Protocols (4)
  - IT 462 Network Administration and Programming (4)

**SOFTWARE DEVELOPMENT MINOR**

**Required for Minor**
- IT 210 Fundamentals of Programming (4)
- IT 214 Fundamentals of Software Development (4)
- IT 310 Data Structures and Algorithms (4)
- IT 380 Systems Analysis and Design (4)
- Choose one of the following courses:
  - IT 414 Advanced Object-Oriented Programming w/Design Patterns (4)
  - IT 480 Software Quality Assurance and Testing (4)
  - IT 484 Software Engineering (4)

**CERTIFICATE PROGRAMS**

Requirements for Certificate Programs in Computer Information Technology.

**Admission Requirements**

Knowledge of programming (equivalent of IT 210 and IT 214) or equivalent programming experience.

**Prerequisites Requirements**

For the Undergraduate Certificate Programs in IT, all of the Certificates’ prerequisite requirements can be met through Minnesota State Mankato coursework, transfers, substitutions and/or waivers, as may be appropriate.

**Completion Requirements**

Without exception, the twelve credits of coursework required for each certificate must all be completed in the Department of Computer Information Science at Minnesota State University, Mankato.
COURSE DESCRIPTIONS

IT 100 (4) Introduction to Computing and Applications
Basic foundations in computer concepts. Topics include: hardware, software, uses of technology in industry, and ethical, and social issues. Lab work covers various systems and applications software including word processing, email, the Internet, spreadsheets, databases, and presentation software. Fall, Spring
GE-9, GE-13

IT 101 (3) Introduction to Information Systems
Introduction to personal computers as productivity tools for business majors. Using Microsoft Office suite, students learn to be productive with document processing, spreadsheets, electronic presentations, and databases. Cannot be used toward any major or minor in Information Systems & Information Technology. Fall, Spring

IT 201 (2) Introduction to Assistive Technology
This course introduces students to assistive technology and its applicability to people with various disabilities. Hardware and software demonstrations with an emphasis placed on inexpensive and readily available solutions. Extensive use of the Internet will be employed to keep current with latest technology and to facilitate a continuing dialogue with instructor. Variable

IT 202W (4) Computers in Society
Students prepare written summaries and oral presentations related to the complex social and ethical issues associated with computers. Through thoughtful questions, informative readings, and the analysis of opposing viewpoints, participants gain insight into the complexity of technology-related issues in a world without clearly defined borders. Fall, Spring
WI, GE-9, GE-13

IT 210 (4) Fundamentals of Programming
This is the first course for students planning to major or minor in Information Systems or Information Technology. Programming in a high-level language, abstraction and problem-solving skills are emphasized. Prerequisite: MATH 115, MATH 121 or a Math placement score permitting placement in a course that requires any of these as a prerequisite. Fall, Spring

IT 214 (4) Fundamentals of Software Development
A continuation of IT 210. IT 214 introduces object-oriented concepts, programming techniques, lists, stacks, queues, and trees. Students are expected to produce larger applications, utilizing multiple compilation units. Prerequisite: A 3.0 or higher grade in IT 210 or in an approved substitute is required. MATH 121 IT 210 Fall, Spring

IT 296 (1-2) Introduction to Selected Topics
Special topics not covered in other 100- or 200-level courses. May be repeated for each new topic.

IT 310 (4) Data Structures & Algorithms
Study of trees, hashing, and graph algorithms. Analysis of algorithms, memory management, and proof techniques. Prerequisite: IT 214 Variable

IT 311 (4) Business Application Programming
Business application development using a non-object oriented programming language. Emphasis on principles of application programming such as control breaks, read a record/write a line, driver, shared subroutines, pass by reference, and sub-programming. File concepts emphasized include index-sequence file handling, CRUD, heap files, sorting, transaction, and master files. Programming concepts include input processing/output definitions, understanding requirements, structure charts, program documentation, and programming standards. Large group project is completed during semester. Prerequisite: IT 214 Spring

IT 320 (4) Machine Structures and Operating Systems
Introduction to computer hardware, Boolean logic, digital circuits, data representations, digital arithmetic, digital storage, performance metrics, pipelining, memory hierarchy, and I/O. Operating System concepts, interface, multi-tasking, threads, memory and file management, tools. Prerequisite: IT 214 Fall, Spring

IT 340 (4) Introduction to Database Systems
Introduction to database systems; entity relationship models, relational algebra, database design, data modeling, normalization, and conversion of business rules into relational model. Introduction to basic SQL including subqueries, joins, functions, sequences, triggers, views, and stored procedures. Prerequisite: IT 210, a 3.0 or higher grade in IT 210 or in an approved substitute is required. Fall, Spring

IT 350 (4) Information Security
Security concepts and mechanisms; security technologies; authentication mechanisms; mandatory and discretionary controls; cryptography and applications; threats; intrusion detection and prevention; regulations; vulnerability assessment; information assurance; forensics; anonymity and privacy issues; disaster recovery planning, legal issues and ethics. Prerequisite: a 3.0 or higher grade in IT 210 or in an approved substitute is required. Fall, Spring

IT 360 (4) Introduction to Networking
This course covers basic concepts related to computer networking. Topics addressed will include the OSI model, the Internet model, network management, network protocols and data security. Prerequisite: a 3.0 or higher grade in IT 210 or in an approved substitute is required. Fall, Spring

IT 380 (4) Systems Analysis and Design
This course explores both structured as well as object oriented systems analysis and design. Use of upper and lower CASE tools are employed in the analysis, design and implementation of a team oriented term project. Prerequisite: IT 214, IT 340 Fall, Spring

IT 390 (12) International Technology Experience
Study abroad for one semester to participate in a project-based technology/media-oriented program of study. The program of study must be one approved by the student’s advisor and the chair of this department. Prerequisite: Permission Fall, Spring

IT 398 (0) CPT, Co-Operative Experience
Curricular Practical Training Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve fulltime student status. Please contact an advisor in your program for complete information. Prerequisite: IT 380. At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply. Fall, Spring, Summer

IT 414 (4) Advanced Object-Oriented Programming with Design Patterns
This course provides students with a solid understanding of the principles, techniques and design patterns involved in advanced object-oriented programming. Successful students should have a distinct advantage in the marketplace. Prerequisite: IT 310, IT 380 Variable

IT 440 (4) Database Management Systems II
Extensive coverage of SQL, database programming, large scale data modeling, and database enhancement through reverse engineering. This course also covers theoretical concepts of query processing, and optimization, basic understanding of concurrency control and recovery, and database security and integrity in centralized/distributed environments. Team-oriented projects in a heterogeneous client server environment. Prerequisite: IT 380 Fall, Spring

IT 442 (4) Database Security, Auditing, and Disaster Recovery
Covers science and study of methods of protecting data, and designing disaster recovery strategy. Secure database design, data integrity, secure architectures, secure transaction processing, information flow controls, inference controls, and auditing. Security models for relational and object-oriented databases. Prerequisite: IT 350, IT 440 Variable
IT 444 (4) Data Mining and Warehousing
The course details data mining and warehousing. Emphasis is placed on data mining strategies, techniques and evaluation methods. Various data warehousing methods are covered. Students experiment with data mining and warehousing tools.
Prerequisite: IT 310, IT 440
Variable

IT 450 (4) Information Warfare
Covers information warfare principles and technologies. Information warfare concepts; Protocols, Authentication, and Encryption; Network attack techniques, methodologies, and tools; Network defense; Malware; trojans, worms, viruses, and malicious code; Electronic crimes and digital evidence.
Prerequisite: IT 350
Fall

IT 460 (4) Network and Security Protocols
Advanced coverage of data communication, networking and security protocols. Topics: transmission methods, error detection and recovery, flow control, routing, security issues and performance analysis of existing and emerging protocols for secure communication.
Prerequisite: IT 214, IT 360
Variable

IT 462 (4) Network, Security, Administration and Programming
Network and server systems administration: Domain administration; file system management; networked printers; user management; workstation configuration. Network programming assignments/projects in Layered Software Systems, HTTP Server, UDP (TFTP or DNS), CGI program, IPv6, RPC/SCTP.
Prerequisite: IT 310, IT 350, IT 460
Variable

IT 464 (4) Applications of Wireless and Mobile Networks
Existing and emerging mobile and wireless data networks with emphasis on digital data communications. Gain an understanding of the unique considerations that must be given to network protocols for wireless and mobile communication and their applications.
Prerequisite: IT 460
Variable

IT 465 (4) Mobile Device Application Programming
This course is designed to give students the skills required to write applications for mobile devices (smartphones and tablets). Topics to be covered include interacting with the UI, using an emulator/simulator, application lifecycle, moving from one screen to another, services, alarms, broadcast receivers, maps API, location based programs, gps, persistence, hardware sensors, and web applications.
Prerequisite: IT 310, IT 380
Variable

IT 480 (4) Software Quality Assurance and Testing
Topics include software quality assurance, software quality metrics, software configuration management, software verification and validation, reviews, inspections, and software process improvement models, functional and structural testing models.
Prerequisite: IT 310, IT 380
Fall, Spring

IT 482 (4) Human Computer Interaction
This course discusses concepts and techniques for design, development and evaluation of user interfaces. Students will learn the principles of interaction design, interaction styles, user-centered design, usability evaluation, input/output devices, design and analysis of controlled experiments and principles of perception and cognition used in building efficient and effective interfaces. Group project work.
Prerequisite: IT 380 or CS 230; STAT 154 or PSYC 201 and MATH 121
Fall

IT 483 (4) Web Applications and User Interface Design
HTTP Protocol; Web-markup languages; Client-side, Server-side programming; Web services; Emerging Technologies; Security, Standards & Bodies; Web interface design techniques; User-centered design; Visual development environments and development tools; Interface design effectiveness.
Prerequisite: IT 310, IT 380
Fall, Spring

IT 484 (4) Software Engineering
An introduction to all important aspects of software engineering. The emphasis is on principles of software engineering including project planning, requirements gathering, size and cost estimation, analysis, design, coding, testing, implementation, and maintenance. Group project work.
Prerequisite: IT 310, IT 380
Fall, Spring

IT 485 (4) Game Design and Development
This course is designed to give students the skills required to design and develop video games. The primary focus of the course is on mobile game development, game design principles and user-centered design methodologies. A play-centric approach to game design and development will be studied, discussed and applied in the production of a game demo.
Prerequisite: IT 310, IT 380
Spring: On Demand; Fall, Summer

IT 495 (1) Seminar in Information Technology
Provides Information Technology majors an opportunity, in a small group setting, to explore a topic not normally covered in the curriculum.
Prerequisite: Consent
Variable

IT 496 (1-4) Selected Topics in Information Technology
Special topics not covered in other courses. May be repeated for credit on each new topic.
Prerequisite: Consent
Variable

IT 497 (1-12) Internship
Provides students with opportunity to utilize their training in a real-world business environment working under the guidance and direction of a faculty. (At most 4 hours toward a major in this department.)
Prerequisite: Permanent admission to IT and consent
Fall, Spring, Summer

IT 498 (4) Information Technology Capstone
Develop high quality software application researching and applying fundamental software engineering techniques, several advanced development and test tools, human factors of interface design and a team approach, each student controlling only a part of the system.
Prerequisite: Senior Standing and consent
Fall, Spring

IT 499 (1-4) Individual Study
Problems on an individual basis.
Prerequisite: Consent
Fall, Spring

IT 585 (4) Game Design and Development
This course is designed to give students the skills required to design and develop video games. The primary focus of the course is on mobile game development, game design principles and user-centered design methodologies. A play-centric approach to game design and development will be studied, discussed and applied in the production of a game demo.
Prerequisite: IT 310, IT 380
Spring: On Demand; Fall, Summer
COMPUTER SCIENCE MINOR

The field of computer science spans a wide range of topics from theoretical and algorithmic foundations to cutting-edge development in computer hardware and software. A computer science minor prepares students to apply the tools and theory of computer science to whatever their major field of study. Applications in biology, physics, chemistry, engineering, cognitive science and the social sciences can benefit from a deeper understanding of computer science.

Policies/Information

GPA Policy. A GPA of 2.5 or higher in courses required for the minor is required for graduation with the minor.

Grading Policy. All coursework applied towards the minor must be taken for a letter grade except for course offered only as P/N. A minimum grade of “C-” is required in all courses which are to be applied towards a minor. In addition, a minimum grade of “C” is required for all prerequisite courses. Grades of “D” are not accepted by the department.

Incomplete Policy. An incomplete grade for a course will generally be given only under two conditions. The first condition is illness—a doctor’s written recommendation must be supplied. The second condition arises when a death in the student’s family has caused the student to be away from the campus for an extended period of time. The student must have a satisfactory grade (“C” or better) in the course at the time of the onset of the condition.

Residency. At least 50 percent of the computer science credits required for a minor from this department must be earned from the Computer Science program at Minnesota State Mankato when using transfer credits. Students receiving a computer science minor must take at least 15 credits of Computer Science courses, which may include CS 201W, CS 293, CS 493, and CS 495. These classes may allow a student to fulfill the residency requirement but do not meet other requirements of the minor.

COMPUTER SCIENCE MINOR

Minor Core

MATH 121 Calculus I (4)

(choose 1 option)

CS Option

CS 110 Computer Science I (4)
CS 111 Computer Science II (4)
CS 305 Algorithmic Structures (4)

EE/CE Option

EE 106 Introduction to Electrical/Computer Engineering I (3)
EE 107 Introduction to Electrical/Computer Engineering II (3)
CS 111 Computer Science II (4)
CS 305 Algorithmic Structures (4)

This option is recommended for students majoring in electrical or computer engineering.

Minor Electives (choose 6-7 credits)

(choose 2 classes from the following)

CS 230 Introduction to Intelligent Systems (4)
CS 350 Network Architectures (3)
CS 430 Artificial Intelligence (3)
CS 460 Operating Systems: Design and Implementation (3)

COURSE DESCRIPTIONS

CS 105 (3) Computer Science Foundations
This course provides fundamental conceptual, mathematical, and logical tools for students wishing to major in Computer Science. Topics include hardware concepts, number systems, computer arithmetic, counting, sets and functions, logic, simple induction, etc.
Co-requisite: Math 112
Fall

CS 110 (4) Computer Science I
Students will learn programming skills in object-oriented C++. Students will design algorithms and learn how to write, compile, run and debug programs that include selection and repetition structures, functions, and arrays. Study skills and professional development will be addressed.
Prerequisite: MATH 112 (College Algebra)
Fall, Spring

CS 111 (4) Computer Science II
Continues the exploration of introductory Computer Science begun in CS 110. Focus is on developing basic knowledge of algorithms, programming skills and problem solving techniques. Topics include recursion, sorting, linked lists, stacks and queues.
Prerequisite: CS 110 or EE 107 MATH 113 or MATH 115 or MATH 121
Fall, Spring

CS 171 (2) Introduction to C++ Programming
This course provides an introduction to programming using C++. Emphasis is on structured programming concepts, with a brief discussion of object-oriented programming. Control structures, expressions, input/output, arrays and functions.
Prerequisite: MATH 113 or MATH 115
Fall, Spring

CS 201W (4) Artificial Intelligence & Science Fiction
Course will explore the interplay between science fiction (1950s-present) and the development of artificial intelligence. Turing tests, agents, senses, problem solving, game playing, information retrieval, machine translation, robotics, and ethical issues.
Variable
WI, GE-6, GE-9

CS 209 (2) C++ for Java Programmers
C++ syntax for students who already know Java. Specific topics: data types, operators, functions, arrays, string operations, pointers, structures, classes, constructors, destructors, pointers as class members, static classes, “this” pointer, operator functions, data type conversions, inheritance, polymorphism, and dynamic binding.
Prerequisite: Consent
Variable

CS 210 (4) Data Structures
Investigates efficient data structuring techniques to support a variety of operations in different problem scenarios. Topics include binary trees, binary search trees, multiway search trees, hashing and hash tables, priority queues, and algorithm analysis for best, worst and average cases.
Prerequisite: CS 111 and MATH 121
Fall, Spring

CS 220 (3) Machine Structures and Programming
This course introduces students to assembly language programming and basic machine structures. Topics include number systems, basic central processing unit (CPU) organization, instruction formats, addressing modes and their use with a variety of data structures, and parameter passing techniques.
Prerequisite: CS 110 and EE 106
Fall, Spring

CS 221 (1) Machine Structures and Programming Lab
This laboratory course complements CS 220, offering students hands-on programming experience to reinforce assembly language programming concepts. Topics include number systems, instruction formats, addressing modes and their use, and parameter passing techniques including the use of a stack frame.
Co-requisite: CS 220
Fall, Spring

Chair: Rebecca Bates, Dean Kelley

Websites: cset.mnsu.edu/ie and cset.mnsu.edu/cs

104 2016-2017 Undergraduate Catalog www.mnsu.edu
CS 230 (4) Introduction to Intelligent Systems
Fundamentals of data mining and knowledge discovery. Methods include decision tree algorithms, association rule generators, neural networks, and web-based mining. Rule-based systems and intelligent agents are introduced. Students learn how to apply data mining tools to real-world problems. Prerequisite: CS 110 Fall

CS 271 (3) Introduction to Graphical Programming
An introduction to graphical programming environments. Topics include data and data types, repetition, selection, data acquisition, data dependency, efficiency, modular program construction, array processing, debugging, and visualization. Prerequisite: EET 113, MATH 121 Fall, Spring

CS 293 (1) MAX Scholar Seminar
This class provides MAX scholars with an opportunity to explore a set of topics related to achieving success in academic, professional and personal realms. Speakers will include faculty, graduate students, visiting researchers and industry members as well as student participants. Prerequisite: Recipient of a MAX scholarship or instructor consent Fall, Spring

CS 294 (1-3) Workshop
Workshop topics will be announced. Workshops on different topics may be taken for credit. Prerequisite: Consent of instructor Variable

CS 295 (1) Computer Science Seminar
Provides students interested in a computer science major or minor an opportunity to explore topics not normally covered in the curriculum. Speakers will include faculty, graduate students, undergraduate students admitted to the Computer Science major, visiting researchers and industry members. Fall, Spring

CS 296 (1-2) Introduction to Selected Topics
Special topics not covered in other 100 or 200-level courses. May be repeated for each new topic. Variable

CS 300 (4) Large-Scale Software Development
A team-based capstone experience for the mid-point of the CS program. Students are introduced to principles and methodologies of large-scale software development and engineering by working on a full life-cycle software project solving a substantial problem using multiple CS concepts. Prerequisite: CS 210 and CS 220 Spring

CS 305 (4) Algorithmic Structures
Study of the core algorithm design and analysis techniques of computer science and the data structures which support them with attention to the applicability to specific problem types and comparison metrics. Prerequisite: CS 111, MATH 121 Fall

CS 310 (3) Algorithm Analysis
Algorithm design and analysis is central to much of computer science. This course exposes students to fundamental algorithm design and analysis techniques. Topics include many of the basic topic areas of computer science: searching, sorting, numeric computation, data representation, communication. Prerequisite: CS 210 Fall

CS 315 (4) Introduction to Cryptographic Methods
An introduction to methods, algorithms, and tools of cryptography. We will study the algorithmic and mathematical aspects of cryptographic methods and protocols. We will experiment with how they can be used to solve particular data and communication security problems. Prerequisite: CS 305 or permission of instructor. Variable

CS 320 (3) Computer Architecture
This course presents historical and current concepts and implementations of computer organization. Topics include instruction set design, digital storage, performance metrics, processor datapath and control, pipelining, memory hierarchy, busses and I/O interfacing, and parallel processors. Prerequisite: CS 111 and CS 220, or EE 334 Spring

CS 330 (4) Introduction to Neural Computation
This course provides an introduction to the theory and practice of neural computation. The goal is to familiarize students with the major models, techniques, and problems of neural network computation and to provide hands-on experience using these things. Topics include neural network models, supervised and unsupervised learning, associative memory models, and data representation. Prerequisite: CS 290 Co-requisite: Permission of the Instructor Spring

CS 340 (3) Concepts of Database Management Systems
This course covers the fundamentals of database management focusing on the relational data model. Topics include database organization, file organization, query processing, concurrency control, recovery, data integrity, optimization and view implementation. Prerequisite: CS 210 and CS 320 Fall

CS 350 (3) Network Architectures
An introduction to data communications and networks. The field encompasses local area networks, wide area networks, and wireless communication. Topics include digital signals, transmission techniques, error detection and correction, OSI model, TCP/IP model, network topologies, network protocols, and communications hardware. Prerequisite: CS 305 or EE 234 Spring

CS 351 (1) Network Architectures Lab
A laboratory in conjunction with CS 350. Prerequisite: CS 305 or EE 234. Permission of instructor Co-requisite: CS 350 Fall

CS 360 (3) Systems Programming
This course focuses on machine level I/O and operating system file processing. Structure of system programs including assemblers, linkers, and object-oriented utilities and interfaces. Students will gain experience in writing utility programs and extensions to an operating system. Prerequisite: CS 111 or EE 107, and CS 320 Fall

CS 361 (3) Windows Programming
This course introduces the student to Windows programming in C++ using the Application Programming Interface. Windows programs are created in a visual development environment which includes editing and code generating facilities. Hands-on programming skills are developed in the lab. Prerequisite: CS 210 Variable

CS 365 (3) Graphics and Game Programming I
The course introduces the student to graphics and game programming. Graphics programming topics address modeling, rendering, and animation of vector-based components and bitmaps. Programs are created using a current graphics and game development environment. Prerequisite: CS 210, CS 220, MATH 121 Alt Fall

CS 370 (3) Concepts of Programming Languages
Fundamental concepts of programming languages, including principles of language design, language constructs, and comparison of major languages. Topics: formal methods of examining syntax and semantics of languages and lexical analysis of language components and constructs, and propositional and predicate calculii. Prerequisite: CS 210 Fall

CS 380 (3) Analysis and Design of Software Systems
Students are introduced to techniques used in analysis and design of software systems. Traditional techniques are reviewed and current methodologies for both object-oriented and procedural systems are studied. Standard notations used to document software requirements and designs are presented. Prerequisite: CS 300 Spring
COMPUTER SCIENCE CONTINUED

CS 400 (3) Software Design and Architecture
Current processes, methods and tools related to formal methods for modeling and designing software systems. Topics include software architectures, methodologies, model representations, component-based design, patterns, frameworks, CASE-based designs, and case studies.
Prerequisite: CS 300 and MATH 121
Variable

CS 410 (3) Formal Languages/Abstract Machines
This course studies the theoretical underpinnings of modern computer science, focusing on three main models of computation: DFA, PDA, and Turing Machines. Students determine model capabilities and limitations. What is and is not computable by each of them.
Prerequisite: CS 310 and MATH 375
Fall

CS 415 (3) High Performance Computing
High Performance Computing techniques used to address problems in computational science. Topics include application areas and basic concepts of parallel computing, hardware design of modern HPC platforms and parallel programming models, methods of measuring and characterizing serial and parallel performance.
Prerequisite: CS 310, CS 350, and MATH 247
Variable

CS 420 (3) Advanced Computer Architecture
This course addresses advanced topics in computer architecture including a major emphasis on measuring and improving computer performance. Topics include advances in pipelining and analysis and optimization of storage systems and networks, multiprocessor challenges and trends.
Prerequisite: CS 320 and MATH 375
Variable

CS 425 (3) Real-time and Embedded Systems
This course provides an overview of embedded and real-time systems including design principles, methodologies, design tools and problem solving techniques. Students design and build a realtime operation system with a microprocessor to host real-time service data processing using sensor/actuator devices.
Prerequisite: CS 210 and CS 320
Variable

CS 430 (3) Artificial Intelligence
Basic introductory concepts and a history of the field of Artificial Intelligence (AI) are covered. Emphasis is placed on the knowledge representation and reasoning strategies used for AI problem solving. Solutions are found using the LISP programming language.
Prerequisite: CS 230 or CS 305
Fall

CS 431 (3) Computational Linguistics
Computational linguistics topics covered include regular expressions, finite state automata, information theory, context free grammars, hidden Markov models and Viterbi algorithms. Students will work on problems within the field including parsing, machine translation, speech recognition, information extraction and parsing.
Prerequisite: CS 210 or CS 230
All-Fall

CS 433 (3) Data Mining and Machine Learning
A blend of computer science, information science, and statistics for storing, accessing, modeling, and understanding large data sets. Topics include fundamental data mining algorithms: decision trees, classification, regression, association rules, statistical models, neural networks, and support vector machines.
Prerequisite: CS 210 and STAT 354
All-Spring

CS 452 (3) Network Protocol Internals
As an advanced coverage of data communication, this course explores principles, protocols and performance evaluation techniques of advanced networking technologies. Topics include error detection and recovery, flow control, routing, data throughput, and performance analysis of existing and emerging Internet protocols.
Prerequisite: CS 350 and STAT 354
Variable

CS 454 (3) Mobile and Wireless Networks
Emerging mobile and wireless data networks technologies covered include standard wireless protocols (e.g., Bluetooth, IEEE 802.11, RFID, and WPAN), and development of mobile and wireless applications (e.g., J2ME, WML, Brew). Includes research, design, and implementation of a wireless, mobile application.
Prerequisite: CS 320 and CS 350
Variable

CS 455 (4) Computational Geometry
This course studies the problems, methods, and algorithms of computational geometry. We will focus on the core problems and categories of the discipline: static problems, geometric query problems, and dynamic problems. Some additional attention will be given to numerical geometric problems (e.g., parametric surfaces). Prerequisite: CS 305 and MATH 247 or permission of instructor.
Fall (Even), Spring (Odd Years)

CS 460 (3) Operating Systems: Design & Implementation
This course studies historical and current concepts and implementations of computer operating systems. Basic operating systems topics include processes, interprocess communication, interprocess synchronization, deadlock, memory allocation, segmentation, paging, resource allocation, scheduling, file systems, storage, devices, protection, security, and privacy.
Prerequisite: CS 305 or EE 395
Spring

CS 461 (1) Operating Systems Lab
A laboratory in conjunction with CS 460. Prerequisite: CS 305, EE 395. Permission of instructor Co-requisite: CS 460
Spring

CS 465 (3) Graphics and Game Programming II
The second of a two-course sequence on graphics and game programming. The course concentrates on 3D graphics including modeling, rendering, and animation for computer games and graphic simulations. Projects are created using a current graphics and game development environment.
Prerequisite: CS 365, MATH 375
Variable

CS 470 (3) Compilers
This course offers an introduction to specification and implementation of modern compilers. Topics include lexical scanning, parsing, type checking, code generation and translation, optimization, and compile-time and runtime support for modern programming languages. Students build a working compiler.
Prerequisite: CS 370
Variable

CS 480 (3) Advanced Programming Practices
This course covers advanced programming for general-purpose software development. Topics include tools and processes appropriate for employing object-oriented designs and programming within a significant software development environment and advanced data structures and algorithms, graphical user interfaces, and software development processes.
Prerequisite: CS 300 and CS 380
Variable

CS 481 (3) Software Engineering
Building upon the introduction provided in CS 300, provides a formal presentation of software engineering concepts. Additional topics include alternative design methods, software metrics, software project management, reuse and re-engineering.
Prerequisite: CS 300, CS 380 and MATH 121
Variable

CS 482 (3) Software Verification
Provides an introduction to software quality assurance with focus on software testing processes, methods, techniques and tools. Topics include formal verification and validation techniques, black box and white box testing, integration, regression, performance, stress, and acceptance testing of software.
Prerequisite: CS 300, CS 380 and MATH 354
Variable

CS 490W (4) Senior Capstone
Students gain experience working with a team to solve a substantial problem in the field of computer science using concepts that span several topic areas in computer science. Class time focuses primarily on project design and implementation.
Prerequisite: Senior standing and successful completion of all core requirements.
Spring

CS 493 (1) MAX Scholar Seminar
This course is for MAX scholars and covers topics related to achieving success in academic, professional and personal realms. Speakers will include faculty, graduate students, visiting researchers and industry members. Students will mentor lower division scholars and do presentations.
Prerequisite: Recipient of a MAX scholarship or instructor consent
Fall, Spring
## CONSTRUCTION MANAGEMENT BS

**Construction Management**

*College of Science, Engineering & Technology*

**Department of Construction Management**

*302 Wiecking Center • 507-389-6385*

**Website:** cset.mnsu.edu/cm

Accreditation. American Council of Construction Education (ACCE).

The Construction Management major prepares graduates for success in the rapidly-changing construction industry. Course work emphasizes management with an additional focus on technology and systems specific to the construction industry. Typical entry-level positions include field manager, assistant superintendent, project engineer, scheduler, assistant estimator, project cost controller and safety director.

### Academic Map/Degree Plan at [www.mnsu.edu/programs/#All](http://www.mnsu.edu/programs/#All)

### POLICIES/INFORMATION

**Admission to Major** is granted by the College of Science, Engineering and Technology. Admission requirements are:

- A minimum of 32 earned semester credit hours
- Overall GPA of "C" 2.0
- Completion of CM 111 "C" (2.0)
- Completion of ENG 101, grade of "C" (2.0) or above
- Completion of MATH 112 & MATH 113 or MATH 115, grade of "C" (2.0) or above
- Completion of CM 297

Contact the CSET Advising Center for application procedures.

**GPA Policy.** A minimum grade of "C" (2.0) is required in all courses listed in the Construction Management BS Degree.

**P/N Grading Policy.** All courses in the major must be taken for letter grade except where P/N is the only option.

---

### COURSE DESCRIPTIONS

**CM 108 (1) Construction Work Experience**

Construction Work Experience must precede the internship program. The work may be direct application of technical or craft training or beginning exposure to managerial operations. The credit may be waived for experience acquired prior to enrolling at Minnesota State University Mankato.

Fall, Spring, Summer
CM 111 (1) Introduction to Construction Management
Overview of academic preparation and career opportunities in the fields of Construction Management. Skills needed for estimating, scheduling, project management and field supervision will be previewed with an emphasis on future trends in the industry.
Fall, Spring

CM 120 (3) Construction Graphics
Emphasis on plan reading, basic sketching and drawing techniques, graphic vocabulary, detail hierarchies, scale, content, notes and specifications, reference conventions, and computer applications.
Fall, Spring

CM 130 (2) Construction Documents
Basic understanding of the plans and specifications for construction projects. Emphasis on interpretation of bidding and contractual documents, conditions of the contract, plans/working drawings, and applications of existing and new technology preparing students for the future.
Fall, Spring

CM 210 (3) Construction Materials and Methods I
Understand how construction affects professional industry and society, present state of the profession and its future. Learn about the various materials used in construction—the composition, properties, standard designations, sizes, gradations and testing techniques. Understand changes in technology of building construction materials. Prerequisite: CM 111, CM 120, CM 130, IT 101
Fall, Spring

CM 220 (3) Construction Materials and Methods II
Fundamentals of building construction and their applications in construction systems and utilities. Application of the principles of building science to construction sites; relationship between technology and innovations in methods, sustainable building practices and "green" building requirements. Prerequisite: CM 210
Fall, Spring

CM 222 (3) Introduction to Statics and Mechanics of Materials
Course introduces the design theory and applied principles of force equilibrium, stress and strain, shear, bending moments, force diagrams, deformations of beams, and stress/strain analysis. Prerequisite: PHY 101, MATH 113 or MATH 115 or MATH 121
Fall, Spring

CM 271 (2) Civil Engineering Measurements
Basic civil engineering measurements as relates to construction layout, including distances, angles, bearings, elevations, mapping and positioning. Prerequisite: MATH 113 or MATH 115 or MATH 121
Fall, Spring

CM 297 (1) Construction Professional Practice
Principles of professional conduct, ethical codes and best practices are applied to the development of a portfolio and presentation. Students will sit for interviews, set career goals, and begin building a professional network. Prerequisite: CM 108, CM 210
Fall, Spring

CM 300 (3) Construction Safety
Principles and practices of construction safety, health, and loss control. Emphasis is on hazard recognition, control procedures and management systems for measuring and evaluating loss control performance in the construction industry. Prerequisite: CM 210
Fall, Spring

CM 310 (3) Estimating I
This course covers types of estimates and their uses, the basics of quantity take-off, labor and equipment productivity and basic computer applications. Prerequisite: MATH 113 or MATH 115 or MATH 121
Fall, Spring

CM 330 (3) Planning and Scheduling
Understanding project planning, scheduling and control models with emphasis on the critical path methods. Introductions to the techniques used in the industry utilizing commercial software on personal computers, highlighting the importance of analysis of schedules; considering and understanding schedule alternatives will be stressed. Prerequisite: ENG 271W, CM 220
Fall, Spring

CM 340 (3) Construction Project Management
This course examines the project management framework, including key terminology, project management context, and project management processes. Topics include project management knowledge areas, life cycles, and organizational designs. Different project delivery methods will be discussed and the roles of project stakeholders will be identified and analyzed. Prerequisite: CM 220, CM 222, CM 297
Fall, Spring

CM 350 (3) Mechanical and Electrical Systems for Construction
Design concepts of plumbing, HVAC, and electrical and control systems are analyzed for attributes that affect the design and construction processes and the performance of completed structures. Prerequisite: CM 220
Fall, Spring

CM 380 (3) Construction Equipment Management
This course provides understanding of the different building and civil construction equipment’s functions, analysis of equipment costs, production, methods of equipment selection and safety requirements including heavy equipment. Reading and understanding highway construction plans. Prerequisite: CM 220, CM 300
Fall, Spring

CM 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: The Co-Operative Experience is a zero-credit, full-time practical training experience. Please contact an advisor in the Construction Management program for details.
Fall, Spring, Summer

CM 410 (3) Estimating II
This course covers types of estimates and their uses, pricing and price databases, labor and equipment productivity, proposal presentations, computer applications in estimating and research in sustainable construction. Prerequisite: CM 310, CM 330
Fall, Spring

CM 450 (3) Construction Capstone Project
The course will involve the students in a Capstone Project in teams representing a construction company. This is a project where students will integrate the coursework concept of the core program through research, application and presentation. Prerequisite: CM 340, CM 410
Fall, Spring

CM 492 (3) Construction Management Seminar
A seminar course that involves a critical evaluation of an area in the construction management discipline and/or industry. Topics vary from year to year. Students are usually required to make a presentation to the class. Prerequisite: Senior Standing or instructor permission
Fall, Spring

CM 497 (1-12) Internship
Prerequisite: CM 300, CM 310, CM 330
Fall, Spring, Summer

CM 499 (1-4) Individual Study
An in-depth study on a topic of particular interest to the student. Project must be approved by project supervisor and department chairperson.
CORRECTIONS BS AND MINOR

Corrections

College of Social & Behavioral Sciences
Department of Sociology & Corrections
113 Armstrong Hall • 507-389-1561
Website: http://sbs.mnsu.edu/soccorr

Chair: Luis Posas
Faculty: Barbara Carson, Jeffrey Dennis, James Robertson, Pedro Thomas, Sherrise Truesdale-Moore, William Wagner

The Corrections major is designed to prepare students for entry level professional work in corrections. The major is built upon a foundation of general education, sociological and criminological concepts, and a commitment to understanding and transforming corrections practice. The major achieves its objectives through the melding of academic learning with experiential education. This program is further expected to promote, within corrections and to the community at large, a commitment to the principles of social justice, respect, tolerance, dignity and worth of all persons.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Admission to Major: Students enrolling in 300-400 level courses must be admitted to the program. Admission is granted by the Department. Minimum university admission requirements are:
- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.00.

Residency Requirements
Excluding CORR 106 and SOC 101, all majors must complete 42 of the required 48 credits within the Department of Sociology and Corrections at Minnesota State Mankato.
Transfer courses that will not be accepted are Field Practice, Capstone and Experiential courses such as CORR 200, CORR 355, CORR 442, and CORR 449.

Normally the department will not accept transfer courses at the 200-level for our upper level courses, except on a case-by-case basis.

Excluding CORR 106, all students minor in corrections must complete 12 of the required 18 credit hours within the Department of Sociology and Corrections at Minnesota State Mankato.

GPA Policy: A minimum grade of “C” is required for all courses counting towards the Corrections major.

Combined BS, BA/MS, MA Program:
Undergraduate students in our Sociology and Corrections programs interested in pursuing a master’s degree in either of these two fields may be granted permission to double count up to 12 credits for both the undergraduate and the graduate program. To apply for this option, students must have completed their sophomore year, have and maintain a GPA of at least 3.0, and declare their intent to complete the graduate program following the completion of the baccalaureate degree. If accepted, students must obtain special permission to register for double counted courses and will receive graduate student credit when the undergraduate degree has been conferred and they have been fully admitted into one of our graduate programs. Please contact the Department Graduate Coordinator for detailed information.

CORR 300-400 Level
CORR 300-400 Level
CORR 300-400 Level
CORR 300-400 Level

COURSE DESCRIPTIONS

CORR 106 (3) Introduction to Criminal Justice Systems
Examines the making of criminal law, the evolution of policing, the adjudication of persons accused of criminal law violations, and the punishment of adult offenders.
Fall, Spring
GE-5, GE-6
Diverse Cultures - Purple

CORR 200 (3) Foundations and Orientation to Corrections
Introduction to academic concepts and issues in corrections, with emphasis on student professional development. The course includes a 50-hour service learning component to be completed outside of class. Corrections majors should take this course as early as possible.
Prerequisite: CORR 106 and SOC 101
Fall, Spring

CORR 255 (3) Juvenile Delinquency
A critical consideration of definitions of juvenile delinquency, emphasis on micro and macro level of struggle in which delinquent behavior takes place, critique of current theories on delinquency, and the juvenile justice response to delinquency.
Fall, Spring
GE-5, GE-6

www.mnsu.edu 2016-2017 Undergraduate Catalog 109
CORR 291 (4) Exploratory Studies
May be used to explore areas of interest not covered in regular courses. A maximum of three hours applicable toward a major or minor in the department with consent of an advisor.
Prerequisite: Consent
Fall, Spring

CORR 350 (3) JOLT: Joint Opportunities to Learn and Thrive
JOLT is a collaborative effort between the University and several probation offices. Students will mentor delinquents in the community and be mentored by local probation officers. This is a year-long commitment.
Prerequisite: CORR 200
Fall

CORR 355 (3) JOLT: Joint Opportunity to Learn and Thrive, Part II
JOLT II is a second semester continuation of CORR 350. Can only enroll after completing CORR 350.
Prerequisite: CORR 350
Spring

CORR 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information.
Prerequisite: At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply.
Fall, Spring, Summer

CORR 417 (3) Program Administration
Implications of Sociological Knowledge for the administration of Human Services programs. Theoretical and practical aspects of administration with the Social Service systems.
Prerequisite: SOC 101
Spring

CORR 441 (3) Social Deviance
Sociological perspective on social deviance; overview of theoretical approaches; emphasis on symbolic interactionism; issues of social control; research examples and policy implications.
Prerequisite: SOC 101
Fall, Spring

CORR 442 (3) Criminology
A critical consideration of myths concerning crime, perspectives on crime and their assumptions, current criminology theory, and construction of alternative explanations related to crime.
Prerequisite: SOC 101
Fall, Spring

CORR 443 (3) Penology
Addresses the justifications and the historical development of punishment, the legal and policy issues concerning capital punishment, and the use of incarceration as a response to crime.
Prerequisite: CORR 106 and CORR 200
Fall, Spring

CORR 444 (3) Women in the Criminal Justice System
This course focuses on the experiences of women in the criminal justice system—as victims, offenders, and professionals. Women’s involvement in this system (whether they were a defendant, an attorney, an inmate, a correctional officer or a crime victim) has often been overlooked or devalued. The goal of this course is to bring the special needs and contributions of women in the criminal justice system into sharper focus.
Fall
Diverse Cultures - Purple

CORR 447 (3) Community Corrections
Addresses theoretical roots, historical developments, and current practices of probation, parole, and other community corrections programs. Special attention is given to innovative, future approaches to community corrections.
Prerequisite: SOC 101 and CORR 106
Fall, Spring

CORR 447W (3) Community Corrections
Addresses theoretical roots, historical developments, and current practices of probation, parole, and other community corrections programs. Special attention is given to innovative, future approaches to community corrections.
Prerequisite: SOC 101 and CORR 106
Fall, Spring

CORR 448 (3) Correctional Law
Examines the rights of inmates, probationers, and parolees.
Prerequisite: CORR 106 and CORR 200
Fall, Spring

CORR 449 (3) Correctional Counseling
Principles and methods of individual and group counseling with juvenile and adult offenders; development of interpersonal helping skills, negotiation, and mediation skills.
Fall, Spring

CORR 452 (3) Victimology
Overview of characteristics of victims, victim offender relationships, societal victimization, victim’s rights and services, and restorative justice.
Prerequisite: SOC 101 and CORR 106
Fall

CORR 459 (3) Issues in Corrections
A critical examination of current issues in the correctional field.
Spring

CORR 465 (3) Law & Chemical Dependency
Addresses aspects of criminal and civil law pertinent to substance abuse.
Fall

CORR 471 (3) New Directions in Correctional Policy: Transforming Practice
A comprehensive historical and cross-cultural study of social policy analysis, the transforming role correctional policy formation plays in correctional practice, and the process of policy change and the mechanisms leaders can employ to encourage effective and ethical social policy.
Summer

CORR 485 (2-6) Selected Topics
Topics vary as announced in class schedule. May be retaken for credit if topic varies.
Prerequisite: SOC 101
Variable

CORR 491 (1-6) In-Service
Topics vary as arranged by students and instructor. May be retaken for credit.
Variable

CORR 492 (1) Honors Reading
For Honors students only.
Variable

CORR 496 (10) Field Practicum: Corrections
Full time experience in a corrections agency with an emphasis on the development of skills. For Corrections majors only. Required for major. Formal application required.
Prerequisite: Consent
Fall, Spring

CORR 497 (2) Capstone Seminar
Capstone is an evaluative course which allows students to document their learning and provide an assessment of their personal learning and the effectiveness of the Corrections Program. To be taken concurrently with CORR 496.
Prerequisite: Completion of all other required CORR courses.
Fall, Spring

CORR 498 (1-12) Internship: Corrections
The internship in Corrections is designed to provide opportunities to apply classroom learning, to practice and enhance skills, to experience professional socialization, and to explore a career. It also serves as a vehicle for the student to become more aware of personal strengths and to identify areas in which further growth is needed.
Prerequisite: Consent
Fall, Spring

CORR 499 (1-6) Individual Study
A maximum of six credits is applicable toward a single major in the department; three credits toward a minor.
Prerequisite: Consent
CRITICAL THINKING

COUNSELING AND STUDENT PERSONNEL COURSES

Counseling and Student Personnel
College of Education
Department of Counseling and Student Personnel
107 Armstrong Hall • 507-389-2423
Fax: 507-389-5074
Website: www.coled.mnsu.edu/departments/csp

Chair: Dr. Jacqueline Lewis

The mission of Department of Counseling and Student Personnel (CSP) is to prepare professional practitioners at the graduate level who will serve in a variety of helping settings including elementary and secondary schools, colleges and universities, mental health and other community agencies, business and industry, and marriage and family counseling settings. In addition to the preparation of graduate students in the helping professions, the Department of Counseling and Student Personnel offers courses and other experiences designed to assist the undergraduate student in development of critical thinking skills, decision-making skills, and interpersonal helping skills. Please contact the department chair or visit the website for more information.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

COURSE DESCRIPTIONS

CSP 110 (3) Decision Making for Career and Life
The purpose of this course is to help students develop critical thinking, problem solving and decision making skills necessary to manage the challenges they face now (choice of major) and in the future (career choice and balancing work and life roles). Meets General Education requirements for critical thinking.
Fall, Spring
GE-2

CSP 115 (3) Introduction to Ethics
This course introduces the principles, methods, issues, and theories of ethics. Students will be provided with the tools to analyze ethical arguments and apply them to a variety of situations.
Fall, Spring
GE-2

CSP 471 (3) Interpersonal Helping Skills
Provides the developing helping professional with an introduction to basic helping skills: attending, listening, responding to content and affect, probing, and providing feedback. The course is experiential in nature and includes small group interaction, videotaping, and role-playing simulations.
Spring, Summer

CSP 473 (3) Counseling the Chemically Dependent Family
Understanding the impact of chemical dependency on the family. Family counseling skills and relapse prevention strategies will also be included.
Prerequisite: CSP 471
Spring

CSP 491 (1-4) In-service

CSP 499 (1-4) Individual Study

Critical Thinking Minor
College of Arts & Humanities
Department of Philosophy
227 Armstrong Hall • 507-389-2012

Chair: Brandon Cooke

Faculty: Brandon Cooke, John Humphrey, Richard Liebendorfer, Joshua Preiss, Julie Wulpmeyer, Sun Yu

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

CRITICAL THINKING MINOR

Critical thinking skill is the ability to construct, evaluate and explain our thoughts and our views of the world in a logical and rational manner. This skill assists us to analyze, understand, and respond to others’ thoughts correctly and efficiently. The Critical Thinking Minor is intended for students interested in the critical, analytical and philosophical dimensions of business, social science, natural science, arts, humanities or history. The program provides them with the training in critical and philosophical thinking skills so as to enable each of them to play an active role in a wide variety of academic, professional or commercial workplaces.

Core (choose 3 credits)
PHIL 110 Logic and Critical Thinking (3)
PHIL 112 Logic of Scientific Method (3)

Elective
Students must take one course (3 Credits) from any courses that the Department of Philosophy offers.
In addition, students must take four courses (12 Credits) from one of the following five areas. (Substitution may be made for the following requirements with permission of the chair or the undergraduate advisor of the Philosophy Department.)

AREA 1: For those interested in the critical, analytical and philosophical dimensions of natural science
(choose 12 credits from the following)
PHIL 101W Philosophical Problem: The Mind-Body Problem (3)
PHIL 420 Epistemology (3)
PHIL 430 Metaphysics (3)
PHIL 474 Philosophy of the Mind (3)
PHIL 475 Philosophical Issues in Cognitive Science (3)
PHIL 476 Philosophy of Perception (3)
PHIL 480 Philosophy of Science (3)
PHIL 481 Philosophy of Biology (3)

AREA 2: For those interested in the critical, analytical and philosophical dimensions of the humanities
(choose 12 credits from the following list). At least 9 credits must be upper division (300-400 level).
PHIL 115W Philosophy of Race, Class and Gender (3)
PHIL 120W Introduction to Ethics (3)
PHIL 205W Culture, Identity, and Diversity (3)
PHIL 358W Topics in Asian Philosophy (3)
PHIL 361 Philosophy of Religion (3)
PHIL 445 Feminist Philosophy (3)
PHIL 455 Existentialism & Phenomenology (3)
PHIL 460 Philosophy of the Arts (3)
PHIL 465 Philosophy of Film (3)
PHIL 476 Philosophy of Perception (3)
PHIL 482 Philosophy of Social Science (3)

AREA 3: For those interested in the critical, analytical and philosophical dimensions of social science
(choose 12 credits from the following list). At least 9 credits must be upper division (300-400 level).
PHIL 115W Philosophy of Race, Class and Gender (3)

www.mnsu.edu 2016-2017 Undergraduate Catalog 111
**DAKOTA COURSES**

**Dakota**

*College of Arts & Humanities*
*Department of World Languages & Cultures*
*227 Armstrong Hall • 507-389-2116*
*Website: www.mnsu.edu/languages*

Chair: Gregory Taylor

Although Minnesota State Mankato does not offer a degree in Dakota, students may register for Dakota courses by contacting the Department of World Languages & Cultures.

- **DAK 101** Elementary Dakota I (4)
- **DAK 102** Elementary Dakota I (4)
- **DAK 201** Intermediate Dakota I (4)
- **DAK 202** Intermediate Dakota II (4)

**DANCE BFA, BA, BS AND MINOR**

The Minnesota State Mankato Dance Program offers students degree options that are grounded in the liberal arts tradition. Students learn about the depth and breadth of dance as they practice their art form in multiple arenas. The curriculum is designed to balance students' artistic experiences with practical applications to better prepare them to enter the dance world upon graduation. Students receive a comprehensive education that readies them for a lifetime in dance, including: teaching, performing, bodywork, choreographing, dance therapy, writing, dance technology, and dance production. Through an audition and adjudication process, students have many opportunities to present their choreographic work and/or perform in four concerts each year. Students can also audition to perform in musical theatre productions. Whatever their chosen path in dance, students emerge from the Minnesota State Mankato Dance Program with multiple skills, and the ability to think critically and act globally as emerging dance artists.

**COURSE DESCRIPTIONS**

**DAK 101 (4) Elementary Dakota I**
An introduction, within a cultural context, to the basic skills of listening, speaking, reading and writing in the Dakota language.
*Fall*  
**GE-8**

**DAK 102 (4) Elementary Dakota I**
An introduction, within a cultural context, to the basic skills of listening, speaking, reading and writing in the Dakota language.
*Spring*  
**GE-8**

**DAK 201 (4) Intermediate Dakota I**
Grammar review, oral practice, written composition, and development of reading and listening skills within a cultural context.
*Fall*  
**GE-8**

**DAK 202 (4) Intermediate Dakota II**
Grammar review, oral practice, written composition, and development of reading and listening skills within a cultural context.
*Spring*

COURSE DESCRIPTIONS

DANC 120 (3) Introduction to Dance
A survey of dance in all its vibrant forms intended to develop student understanding and appreciation for the significant role dance plays in world cultures.
Spring
GE-6, GE-8

DANC 120W (3) Introduction to Dance
A survey of dance in all its vibrant forms intended to develop student understanding and appreciation for the significant role dance plays in world cultures.
Spring
WI, GE-6, GE-8

DANC 123 (2) Jazz Dance I
Fundamentals of jazz technique, including knowledge and application of terminology. May be repeated.
Spring
GE-11

DANC 125 (2) Afro-Caribbean Dance Forms
ALT-Fall

DANC 126 (2) Ballet I
Fundamentals of ballet technique, including knowledge and application of terminology. May be repeated.
Fall

DANC 127 (2) Tap Dance I
Fundamentals of tap dance technique utilized in musical theatre. May be repeated.
Fall

DANC 128 (2) Contemporary Dance I
Fundamentals of modern dance technique, including an improvisatory component. May be repeated.
Fall, ALT-Spring

DANC 129 (1-2) Dance Activities
Performing in a mainstage dance production. May be repeated.
Prerequisite: Consent
Fall, Spring

DANC 223 (2) Jazz Dance II
Expanding knowledge and skill of jazz dance technique with more direct application to musical theatre and concert dance, as well as focus on emerging performance skills. May be repeated.
Prerequisite: DANC 123 or consent
Fall, ALT-Spring

DANC 225 (3) Worlds of Dance
Cross-cultural survey of dance from around the world with emphasis on historical, social, and cultural dimensions. Includes Western concert dance as one among many other forms.
Prerequisite: DANC 125, DANC 126 or DANC 128
ALT-Spring
GE-8, GE-11

Diverse Cultures - Purple

DANC 226 (2) Ballet II
Expanding knowledge and skill of ballet technique with increasing development of centerfloor and across-the-floor variations, as well as emerging performance skills. May be repeated.
Prerequisite: DANC 126 or consent
Fall, Spring

DANC 227 (2) Tap Dance II
Expanding knowledge and skill of tap technique in musical theatre, as well as focus on emerging performance skills. May be repeated.
Prerequisite: DANC 127 or consent
ALT-Spring

DANC 228 (2) Contemporary Dance II
Expanding knowledge and skill of modern dance technique including floor work, elevations, inversions, and emerging performance skills. May be repeated.
Prerequisite: DANC 128 or consent
Fall, Spring

DANC 229 (1) Kinetic Learning in the Classroom
Acquiring a fundamental understanding of dance/movement elements and skills, and applying these concepts to the pre-school through elementary school curriculum.
Prerequisite: Consent
Fall, Spring

DANC 295 (1-4) Touring Dance
This course is designed for dance students to perform as part of a touring dance production. May be repeated.
Prerequisite: Consent

DANC 320 (2) Dance Somatics
Study and practice of specific techniques to improve dancers' performance, health, and teaching.
Prerequisite: DANC 126, DANC 128 or consent
Spring

DANC 321 (2) Dance Composition I
The study of dance making, dance accompaniment, and dance criticism through the creation of dance works.
Prerequisite: DANC 128, DANC 228, DANC 322
ALT-Fall, ALT-Spring

DANC 322 (2) Dance Improvisation
Exploration of a variety of improvisational techniques for beginning Dance Majors and Minors. May be repeated.
Prerequisite: DANC 128
ALT-Fall, ALT-Spring

DANC 323 (2) Jazz Dance III
Increasing difficulty of jazz dance technique though complexity of combinations, multiple turns, and more developed performance skills as applied to musical theatre or concert dance. May be repeated.
Prerequisite: DANC 223 or consent
ALT-Spring

DANC 324 (3) Methods and Materials for Teaching Dance
This course is first in a two-part series of courses required for the K-12 Dance Education license. It examines the theory and practice of dance education and applies this knowledge to simulated teaching and to selected clinical settings.
Prerequisite: DANC 226, DANC 228, DANC 321, DANC 322
Fall

DANC 325 (2) Movement Analysis: Labanotation
Study of Laban-based systems and principles including Labanotation, EffortShape, and Space Harmony.
Prerequisite: DANC 226, DANC 228
On Demand
DANCE 326 (2) Ballet III
Increasing difficulty of ballet technique with more complex combinations, multiple
turns, point work, and greater emphasis on performance skills. May be repeated.
Prerequisite: DANC 226 or consent
Alt-Spring

DANCE 327 (2) Tap Dance III
Increasing complexity of tap technique for musical theatre with greater emphasis
on performance skills. May be repeated.
Prerequisite: DANC 126, DANC 223
Alt-Spring

DANCE 328 (2) Contemporary Dance III
Increasing complexity of modern dance technique including floor work, partnering,
elevation, inversions, and performance skills. May be repeated.
Prerequisite: DANC 228 or consent
Fall, Spring

DANCE 329 (1) Dance Practicum
Individualized teaching, performance, or choreographic experiences occurring on,
or off-campus. May be repeated.
Prerequisite: Consent
Fall, Spring

DANCE 332 (1) Dance Partnering
Expanding knowledge and skill in dance partnering, with the emphasis on styles
used in performance of concert dance. May be repeated.
Prerequisite: DANC 322 or consent
Fall (On Demand), Spring (On Demand)

DANCE 333 (1) Dance Partnering for Theatre
Expanding knowledge and skill in dance partnering, with the emphasis on styles
used in performance of theatre and musical theatre. May be repeated.
Fall (On Demand), Spring (On Demand)

DANCE 421 (2) Dance Composition II
Continuation of the principles and techniques of choreography with an emphasis
on group forms.
Prerequisite: DANC 321
Alt-Fall

DANCE 424 (3) Dance Pedagogy
This course is the second in a two-part series of courses required for the K-12 Dance
Education license. The focus of the course is on lesson planning, assessment, and
teaching in a variety of K-12 settings.
Prerequisite: DANC 324
Spring

DANCE 427 (3) Topics in Dance
Rotation of a variety of topics in dance. May be repeated.
Prerequisite: DANC 226, DANC 228
Fall, Spring

DANCE 428 (1) Dance Repertory
Repetory experience in performance of the choreography by a variety of dance
artists. May be repeated.
Prerequisite: DANC 126, DANC 128 or consent
Fall, Spring

DANCE 429 (1) Senior Dance Project
Capstone experience for all dance majors. Individually paced and directed, this
project can be choreographic, performance, or written.
Prerequisite: Completion of all dance major requirements.
Fall, Spring

DANCE 430 (1) Choreographic Project I
Course will advance individual student’s compositional skills through her/his solo
and group projects in an self-paced manner.
Prerequisite: DANC 421
Variable

DANCE 431 (1) Choreographic Project II
Course will further advance individual student’s compositional skills through her/
his solo and group projects in an self-paced manner.
Prerequisite: DANC 430, consent
Variable

DANCE 484 (3) Dance History
Investigation of concert dance history from diverse perspectives. Along with western
European contributions, the legacies and traditions associated with the African
diaspora, North American indigenous populations, vernacular and folk forms will
also will be included. Sociopolitical ideologies of race, class, and gender will
apply to this historical examination.
Prerequisite: DANC 120, DANC 225, DANC 226, DANC 228, DANC 321
Alt-Fall
WI

DANCE 484W (3) Dance History
Investigation of concert dance history from diverse perspectives. Along with western
European contributions, the legacies and traditions associated with the African
diaspora, North American indigenous populations, vernacular and folk forms will
also will be included. Sociopolitical ideologies of race, class, and gender will
apply to this historical examination.
Prerequisite: DANC 120, DANC 225, DANC 226, DANC 228, DANC 321
Alt-Fall

DANCE 497 (1-8) Dance Internship
This course is designed to provide dance students additional dance experiences
through work beyond the campus environment.
Prerequisite: consent
Fall, Spring

DANCE 499 (1-3) Individual Study
This course is designed to provide student with specialized study in dance.
Prerequisite: consent
Fall, Spring

DANCE K-12 EDUCATION BS

Dance K-12 Education BS
College of Arts & Humanities
Department of Theatre and Dance
201 Earley Center for Performing Arts • 507-389-2118
Fax: 507-389-2922
Website: www.mnsudance.com
Director: Julie Kerr-Berry, Ed.D.

The Minnesota State Mankato Dance Program offers students degree options that are
grounded in the liberal arts tradition. Students learn about the depth and breadth of
dance as they practice their art form in multiple arenas. The curriculum is designed to
balance students’ artistic experiences with practical applications to better prepare them
to enter the dance world upon graduation. Students receive a comprehensive education
that readies them for a lifetime in dance, including teaching, performing, bodywork,
choreographing, dance therapy, writing, dance technology, and dance production.
Through an audition and adjudication process, students have many opportunities to
present their choreographic work and/or perform in four concerts each year. Students
can also audition to perform in musical theatre productions. Whatever their chosen path
in dance, students emerge from the Minnesota State Mankato Dance Program with
multiple skills, and the ability to think critically and act globally as emerging dance artists.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
GPA Policy. A grade of “C” or better must be earned for major or minor credit.
P/N Grading Policy. Required courses must be taken for a grade.
DENTAL HYGIENE BS

Dental Hygiene
College of Allied Health & Nursing
Department of Dental Hygiene
3 Morris Hall • 507-389-1313
Dental Clinic • 507-389-2147
Email: msudentalclinic@mnsu.edu
Dept. Website: http://ahn.mnsu.edu/dental
Chair: Lisa Fleck
Faculty: Terri Brown, Brigette Cooper, Julie Dittrich, Lynnette Engeswick, Lisa Fleck, Trisha Krenik-Matejecik, Angela Monson, Mary Roy

Accreditation. The Dental Program is accredited by the Commission on Dental Accreditation (CODA).

The dental hygiene curriculum is designed to provide opportunities for the student to develop a sound clinical and theoretical foundation for the practice of dental hygiene. The graduate is prepared to fulfill the dental hygiene roles as clinician, change agent, educator, researcher and consumer advocate as put forth by the American Dental Hygienists’ Association.

The program is accredited by the American Dental Association’s Commission on Dental Accreditation, and meets the American Dental Association’s Commission on Dental Accreditation Standards for Dental Hygiene. A Bachelor of Science degree is earned upon completion of the program.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Admission to Program. Application for admission to the Dental Hygiene program is a separate process in addition to being admitted to the University. It is highly recommended to meet with a Dental Hygiene advisor to formulate a plan of study as soon as possible. Requirements for application for admission to the dental hygiene program include:

1. Completion of at least 36 semester credits.
2. A minimum career grade-point average of 2.9.
3. Successful completion of prerequisites of CMST 100 or CMST 102, ENG 101, PSYC 101, SOC 150 or SOC 101, BIOL 220, STAT 154 or SOC 202, DHYG 100, DHYG 219 or DHYG 225 and two of these three courses: BIOL 270, BIOL 330, CHEM 106 or CHEM 111.

Transfer students are exempt from the application requirements to complete DHYG 219 or DHYG 225 prior to applying to the program. However, both DHYG 219 and DHYG 225 must be completed prior to starting the program in the fall. Transfer students accepted into the fall DHYG class and first attending Minnesota State University in the fall to start the DHYG program will have DHYG 100 waived.

A maximum of two science courses can be repeated (each once) in order for the application to be accepted.

Required science courses for Dental Hygiene with a “W” listed next to them on the transcript will be counted as a science attempt on the Dental Hygiene application.

The application form may be obtained from the Dental Hygiene Department website aahn.mnsu.edu/dental/program/. The number of students admitted to the Dental Hygiene major is limited to 20 students each fall semester. Applicants are accepted primarily based on academic achievement in prerequisite courses with an emphasis placed on the science prerequisites.

P/N Grading Policy. All courses required for Dental Hygiene must be taken for a letter grade and a letter grade of “C” or higher must be achieved. A grade of “D” or “F” in a Dental Hygiene course will result in academic suspension from the program. Completion of didactic course numbers DHYG 326 forward requires successful completion of previous Dental Hygiene courses obtaining a “C” or better in order to continue in the Dental Hygiene program. Students must achieve a “C” or higher in DHYG 219 and DHYG 225. A grade of “D” or “F” in either of these courses will result in academic suspension from the program and the student’s position in the fall class will go to another individual on the waiting list.

Costs. A student in the dental hygiene program should be prepared to spend about $375 each semester for books and supplies. At the beginning of the program students will purchase scrub and lab coats ($0–$300). Students are responsible for purchasing two kits of instruments and supplies during the program. The first kit fee of $3,125 is attached to DHYG 313 in the fall of the junior year. The second kit fee of $1,700 is attached to DHYG 331 in the spring of the junior year. Upon acceptance to the program a deposit of $500 towards the first kit fee is required.

Dental hygienists are at risk for exposure to blood borne pathogens (BBP). Accepted students are highly encouraged to be vaccinated against Hepatitis B and will also to
have their blood tested following any exposures to BBP through needle sticks, cuts or splashes that occur at the Minnesota State Mankato Dental Clinic or any off-site clinical sites. Currently the vaccine series costs approximately $150. Accepted students are required to have a Mantoux test prior to starting the fall semester.

KEY:
- Must be completed prior to applying to Dental Hygiene Program
* Must be completed prior to starting Dental Hygiene Program
^ Two of these three courses must be successfully completed (“C” or above) prior to applying to the Dental Hygiene Program.
# One of these two courses must be completed prior to applying to the program and the other must be completed prior to starting the program.

Required Minor: None

DENTAL HYGIENE BS DEGREE COMPLETION OPTION

Students who have graduated with an A.S. or A.A.S. degree in Dental Hygiene from an accredited program are eligible to apply to the B.S. Degree Completion option. Courses within this program are 100% online, offered on a 2-year rotating schedule.

Requirements for admission to the Dental Hygiene BS Degree Completion option are:
1. Successful completion of a Program in Dental Hygiene accredited by the ADA Commission on Dental Accreditation.
2. License to practice dental hygiene (or eligible for licensure).
3. CPR level C certification
4. Completion of HBV series.
5. A minimum grade point average of 2.0

The Dental Hygiene BS degree completion option is considered a broad major and does not require a minor. Each student will develop an individual plan of study with the Degree Completion Coordinator to meet the general education and upper division requirements. Contact Julie Dittrich at julie.dittrich@mnsu.edu for more information.

Required for Major
DHYG 441 Advanced Dental Hygiene Practice (3)
DHYG 442 Current Issues in Dental Hygiene (3)
DHYG 443 Technology in Oral Health (3)
DHYG 444W Principles of Oral Health Promotion (3)
DHYG 445 Educational Methods in Dental Hygiene (3)
DHYG 451 Dental Hygiene Care Planning (3)
DHYG 452 Decision Making in Periodontology (3)
DHYG 453 Research Methods in Dental Hygiene (3)
DHYG 454 Oral Health Promotion Practice (3)
DHYG 455 Educational Practice in Dental Hygiene (3)
DHYG 456 Oral Medicine and Treatment Planning (2)

COURSE DESCRIPTIONS

DHYG 100 (1) Perspectives in Dental Hygiene
This course will give the student an introduction to Dental Hygiene as a profession and career. Exploration of dental hygiene practice and an overview of the dental hygiene curriculum and conceptual framework will be covered.
Fall, Spring

DHYG 219 (2) Head and Neck Anatomy and Histology
Head and Neck Anatomy is the study of the hard and soft tissues of the head and neck including bones, muscles, nerves, blood supply, glands and how they function. Oral Histology is the study of cells and cell layers which compose basic tissues, oral mucosa, gingival and dentogingival tissues, ecfacial structures, enamel, dentin and pulp.
Prerequisite: BIOI 220
Variable

DHYG 223 (3) Pharmacology
Pharmacology is the study of drugs used in dentistry or medicine for the treatment, prevention and diagnosis of disease.
Prerequisite: BIOI 220, CHEM 106 or CHEM 111
Fall, Spring, Summer (On Demand)

DHYG 225 (2) Oral Anatomy
This course includes the study of the permanent, mixed and primary dentitions including each individual tooth's morphology, function and occlusion.
Prerequisite: BIOI 220
Variable

DHYG 311 (3) Preclinical Orientation
This course includes an introduction to dental terminology and clinical aspects of dental hygiene treatment including care and use of equipment/instruments, infection control and preparation of patient records.
Prerequisite: Admission into Dental Hygiene Program and Dental Terminology packet
Fall
DHYG 313 (Clinical Skills Development)
This course will teach the operative techniques needed to perform prophylactic procedures and health education through laboratory/clinical practice.
Prerequisite: Admission to Dental Hygiene Program
Fall, Variable

DHYG 321 (Radiography I)
This course includes production of dental radiographs, physics of x-radiation, biologic effects, interpretation, processing, mounting, and laboratory practice on mannequins and patients. Special attention is given to infection control, safety precautions, and patient selection.
Prerequisite: Admission to Dental Hygiene Program
Fall

DHYG 322 (Biomaterials I)
This course is the first of two courses that studies the fundamental elements, purposes and uses of dental materials in the modern dental office. In addition it will give the dental hygiene student a fundamental understanding and skill level of basic dental assisting techniques utilized in the dental office.
Prerequisite: Admission to Dental Hygiene Program
Fall

DHYG 326 (Biomaterials II)
This course is the second of two courses that studies the fundamental elements, purposes and uses of the materials used in the modern dental office. The student will develop laboratory or clinical competency in functions using dental materials that are legal duties for Minnesota dental hygienists.
Spring

DHYG 327 (Periodontology I)
This course will include a study of supporting tooth structures, identification, classification, etiology, progression and treatment of periodontal diseases.
Fall

DHYG 328 (Radiography Interpretation)
This course will study the normal anatomical features from intracranial and extracranial radiographs. Students will then use this knowledge to interpret what is seen on radiographs to discern normal from abnormal. Interpretation of dental caries, periodontal disease and pathology are among the topics this course will cover.
Spring

DHYG 329 (Oral Embryology and Pathology)
Oral Embryology encompasses development of human body from conception through birth, with a focus on development of the face and hard and soft tissues of the oral cavity. Oral Pathology addresses the causes and mechanisms of disease with special emphasis on common oral lesions and neoplasms, stressing their etiology and clinical manifestations.
Spring

DHYG 331 (Clinical Dental Hygiene I)
This course provides an opportunity for dental hygiene students to develop their roles as educators, clinicians, consumer advocates, change agents, researchers, and administrators in a clinical setting.
Spring, Variable

DHYG 332 (Clinical Seminar I)
This course is designed to reinforce topics covered in DHYG 311 through the use of advanced case studies. Emphasis will be placed on evidence-based decision making. Also designed to collaborate with clinic needs as identified in DHYG 331.
Spring

DHYG 333 (Clinical Dental Hygiene II)
This course offers the student continued practice of dental hygiene treatment procedures in the Minnesota State Mankato Dental Clinic. Summer, Variable

DHYG 334 (Dental Computer Software Management)
This course is designed to equip the dental hygiene students with the skills necessary to manage a dental computer software program. A focus on networking, dental resource codes and insurance protocol will also be covered.
Spring

DHYG 336 (Cultural Awareness through the Lens of Health)
This course offers the student continued practice of dental hygiene treatment procedures in the Minnesota State Mankato Dental Clinic. It includes several mandatory off-campus experiences.
Spring

DHYG 420 (Anesthesia)
This course is designed to be a study of the fundamental elements, purposes, and uses of local anesthesia for the dental hygienist.
Spring

DHYG 421 (Clinical Dental Hygiene II)
This course offers the student continued practice of dental hygiene treatment procedures in the Minnesota State Mankato Dental Clinic. It includes several mandatory off-campus experiences.
Fall

DHYG 422 (Clinical Seminar II)
This course focuses on clinical procedures, educational techniques and legal and ethical issues as they apply to the patient-dental hygiene provider relationship.
Fall

DHYG 424 (Nitrous Oxide Sedation)
The course is designed to be a study of the fundamental elements, purposes and uses of nitrous oxide sedation in the practice of dental hygiene. This course meets the educational criteria established by the Minnesota Board of Dentistry.
Fall

DHYG 425 (Community Dental Health)
This course introduces second year dental hygiene students to the disciplines and basic principles of community dental health, epidemiologic methods and biostatistical measurement analysis. Preventive oral health measures and program development is included to provide a background for the practical application of dental public health methods to the community.
Fall

DHYG 425W (Community Dental Health)
This course introduces second year dental hygiene students to the disciplines and basic principles of community dental health, epidemiologic methods and biostatistical measurement analysis. Preventive oral health measures and program development is included to provide a background for the practical application of dental public health methods to the community. This course is an upper division writing intensive course for the traditional dental hygiene program.
Fall

DHYG 426 (Dental Hygiene Jurisprudence and Ethics)
This course focuses on legal and ethical issues as applied to the patient-dental hygiene provider relationship.
Fall

DHYG 427 (Periodontology II)
Didactic and clinical study of etiology, diagnosis, preventive and therapeutic procedures involved with periodontal disease.
Spring

DHYG 428 (Technology in Dentistry)
This course is designed to prepare the dental hygiene student in the use of new technologies in the modern dental office. Students will learn to integrate these new technologies into the teledentistry model.
Fall

DHYG 431 (Clinical Dental Hygiene III)
This course offers the student continued practice of dental hygiene treatment procedures in the Minnesota State Mankato Dental Clinic. It includes several mandatory off-campus experiences.
Fall, Variable
DHYG 432 (2) Clinical Seminar III
This course focuses on the development of a personal sense of responsibility for the well-being and development of one's workplace from an employee perspective.
Spring

DHYG 435 (2) Community Practicum
This course focuses on the role of dental hygiene practitioners in promoting optimal oral health at the individual level and in the community.
Fall

DHYG 437 (2) Dental Mgmt. of the Medically Compromised Patient
The course is designed to provide the dental hygiene practitioner with a survey of common medical disorders that may be encountered in a dental practice. The medical problems are organized to provide a brief overview of the basic disease process, etiology, incidence, prevalence, behavior characteristics, medications and oral manifestations commonly presented by the dental patients. As a result of the accumulation of evidence based research, the dental hygiene practitioner will be provided with an understanding of the disease, recognize the severity of the common medical disorders and make a dental management decision providing the patient with the highest possible level of oral health.
Fall

DHYG 438 (1) Advanced Community Practice I
The first of two clinical courses designed to utilize the assessment, planning, implementation and evaluation process in a community based setting. This course will address efforts to reduce incidence and severity of oral diseases resulting in improved access to community oral health in complex cases.
Fall

DHYG 439 (1) Advanced Community Practice II
This is the second of two clinical courses designed to utilize the assessment, planning, implementation, and evaluation and revising process in a community based setting. This course will address efforts to reduce incidence and severity of oral diseases resulting in improved access to community oral health in complex cases.
Spring

DHYG 440 (4) Restorative Functions
This course meets the requirements of the Minnesota Board of Dentistry for dental hygienists and assistants to legally perform new expanded duties including the placement, contouring and adjustment of amalgam, glass ionomer and composite restorations and the placement and adjustment of stainless steel crowns.
Spring

DHYG 441 (3) Advanced Dental Hygiene Practice
Identify clinical skills and knowledge needed to improve effectiveness as a dental hygienist. Areas addressed: ultrasonic implementation using multiple types of devices, risk factor analysis, comprehensive treatment planning, Periscope (endoscope), carbidex/diamond files, advanced instrumentation techniques, patient management, case presentation.
Spring, Summer (On Demand)

DHYG 442 (3) Current Issues in Dental Hygiene
Topics included but not limited to: advanced practice models to expand oral health services, including restorative procedures; counseling regarding smoking cessation; recent medical advances in the field of dentistry and legal and policy issues currently impacting dental hygiene.
Fall, Summer (On Demand)

DHYG 443 (3) Technology in Oral Health
Assessment, planning, implementation and evaluation of the impact of emerging dental technology. Topics include dental practice software management, digital radiography, intra-oral cameras, patient education software, lasers in dentistry, and internet information sources for both practitioners and patients.
Fall (On Demand), Spring

DHYG 444W (3) Principles of Oral Health Promotion
Leadership preparation in the delivery of oral health care in the public health model. Emphasis will be placed on defining oral health problems and solutions, community planning, implementation and evaluation based on the oral health objectives of Healthy People 2010.
Fall, Spring (On Demand)

DHYG 445 (3) Educational Methods in Dental Hygiene
Examines educational methods needed for effective dental hygiene instruction. Topics addressed within this course will include learner and context analysis, performance objectives, assessment instruments, instructional strategies, formative and summative evaluations. Emphasis will be placed on competency based instruction.
Fall, Spring (On Demand)

DHYG 447 (3) Dental Health Study Abroad in Belize
The purpose of this course is to introduce students to first hand experience in providing dental hygiene services through a study abroad opportunity. This course centers on an international week long service learning project to San Pedro, Belize. Most of our time and effort will be spent providing dental hygiene treatment for children attending Holy Cross Anglican School. This course will also address ethics, cultural issues, standard of care issues, as well as challenges in delivering dental hygiene care in a third world country.
Spring
Diverse Cultures - Gold

DHYG 451 (3) Dental Hygiene Care Planning
This course is designed to facilitate critical thinking skills related to drugs used in dental practice. Provides an overview of basic disease processes, epidemiology, pathophysiology, and accepted medical therapies utilizing human needs model to formulate a dental hygiene care plan.
Fall, Spring (On Demand)

DHYG 452 (3) Decision Making in Periodontology
Combines the sciences and knowledge in the discipline of dental hygiene that permits synthesis and application of periodontal treatment techniques. Surgical and aggressive management of medically compromised periodontal patients will be addressed in this course.
Fall, Spring (On Demand)

DHYG 453 (3) Research Methods in Dental Hygiene
Provides student awareness of the American Dental Hygienists' Research Agenda and prepares students on the methodology of research. Includes strengths and limitations of quantitative and qualitative research methods while developing methodological skills and proficiencies related to research.
Fall (On Demand), Spring

DHYG 454 (3) Oral Health Promotion Practice
Demonstration of oral health delivery in community based clinics embracing oral health promotion efforts as a methodology. Increasing demand for care, dental services and prevention resulting in reduction of oral diseases and improved community oral health.
Prequsite: DHYG 444
Fall (On Demand), Spring

DHYG 455 (3) Educational Practice in Dental Hygiene
Applications from Principles of Educational Methods to support the role of dental hygiene educator in didactic and clinical instruction. Active participation in course design, delivery and evaluation in classroom, online or clinical format with emphasis on competency based instruction.
Prequsite: DHYG 445
Fall (On Demand), Spring

DHYG 456 (2) Oral Medicine and Treatment Planning
This course is designed to facilitate critical thinking skills related to drugs used in dentistry and medicine with emphasis placed on the impact of the dental hygiene diagnosis.
Spring, Summer (On Demand)

DHYG 499 (1-6) Individual Study
DEVELOPMENTAL ADAPTED PHYSICAL EDUCATION, TEACHING MINOR (DAPE)

Developmental Adapted Physical Education, Teaching Minor (DAPE)

College of Allied Health & Nursing

Department of Human Performance
1400 Highland Center • 507-389-6313
Website: www.mnsu.edu/dept/colahn/hp.html

Chair: Lynnette M. Engeswick
Faculty: Sue Tarr

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

Most school districts in Minnesota now require physical education teachers to have licensure in Developmental Adapted Physical Education (DAPE) to obtain or retain their teaching positions. In addition to DAPE licensure to teach students with disabilities, a DAPE minor makes prospective teachers better equipped to teach students of all abilities in general physical education classes. Applicant for DAPE licensure must be a Health & Physical Education Teacher Education Major as DAPE licensure is an add-on license to the K-12 Health and Physical Education teaching license. Students in related disciplines who foresee teaching students and individuals with disabilities may pursue the DAPE minor, however, pursuant to Minnesota teacher licensure requirements, only physical education education majors can be granted the DAPE teaching licensure. Prospective teachers will be eligible for DAPE licensure in the State of Minnesota when all competencies have been met. See this link for more information: http://ahn.mnsu.edu/hp/undergraduate/dape.html.

All courses in the minor must be taken for grade with the exception of HP 493 (Internship in DAPE) which must be taken as P/NC. HP 493 may be taken concurrently with student teaching with prior approval. Cooperating teacher for HP 493 must be a licensed DAPE teacher.

Candidates must pass the Minnesota Teacher Licensure Exam (MTLE) in Special Education: Core Skills to receive DAPE license.

Admission to Minor is granted by the department concurrent with or following admission to physical education major. Minimum department admissions requirements are:
- a minimum of 32 earned semester credit hours
- a minimum cumulative GPA of 2.5 or above

DEVELOPMENTAL ADAPTED PHYSICAL EDUCATION, TEACHING MINOR (DAPE)

Required for Minor
- HP 411 Developmental Adapted Physical Education (3)
- HP 412 Assessment in Adapted Physical Education (3)
- HP 413 Lifespan Motor Development (2)
- HP 423 Teaching Strategies in Secondary Developmental Adapted Physical Education (3)
- HP 445 Teaching Students with Cognitive & Emotional/Behavioral Disabilities (3)
- HP 471 Consulting Techniques in Developmental Adapted Physical Education (3)
- HP 493 Internship in Developmental Adapted Physical Education (1)

Required Support Course for Minor
- SPED 405 Individuals with Exceptional Needs (3)

COURSE DESCRIPTIONS

LOCATED UNDER HUMAN PERFORMANCE (HP) COURSE DESCRIPTIONS

EARTH SCIENCE BA, BS CERTIFICATE AND MINOR

Earth Science

College of Social & Behavioral Sciences
Department of Geography
206 Morris Hall • 507-389-2617
Website: http://sbs.mnsu.edu/earthscience/

Director: Phillip Larson
Geology Emphasis Coordinator: Bryce Hoppie

Faculty: Paul Eskridge, Steven Kipp, Donald A. Friend, Steven Losh, Chad Wittkop, Forrest Wilkerson, Ginger Schmid, Thomas R. Brown, Martin Mitchell

The Earth Science program focuses study on the Earth’s interrelated natural systems of the atmosphere, biosphere, geosphere, hydrosphere, cryosphere and Earth’s place in the cosmos. Earth Science provides the scientific basis for understanding the interactions of chemical, physical and biological processes at all spatial and temporal scales on our planet - ranging from microscopic to planetary and on timescales from the immediate to billions of years. The impact of Earth systems and humans on one another are of paramount societal importance and are a focus of Earth Science studies.

The Earth Science program provides two major pathways of study: Earth Science (BA or BS) or Earth Science-Geology Emphasis (BA or BS). Students can also elect to pursue a Certificate in Geomorphology and Earth Surface Processes and/or a minor in Earth Science. A minor in Geology is also available, described under “Geology” and an associated interdisciplinary certificate in “Geoarcheology” is described under “Anthropology.” For secondary teacher licensure, see the “Science Teaching” program and major.

EARTH SCIENCE BA and BS
Degree completion = 120 credits

POLICIES/INFORMATION

 Admission to Major is granted by the department. Minimum university admission requirements are:
- a minimum cumulative GPA of 2.00 (“C”).
- a minimum of 32 earned semester credit hours.

Contact the department for application procedures.

GPA Policy. A GPA of 2.0 or higher in a major or minor is required for graduation.

Refer to the College regarding required advising for students on academic probation.

P/N Grading Policy. All courses in earth science must be taken for a letter grade.

Major Common Core
- AST 201 101 Introduction to Astronomy (3)
- AST 202 102 Introduction to the Planets (3)
- BIOI 200 100 Our Natural World (4)
- CHEM 201 201 General Chemistry I [5]
- GEOG 101 201 Introductory Physical Geography (3)
- GEOG 217 217 Weather [3]
- GEOG 215 315 Geomorphology (3)
- GEOG 210 410 Climatic Environments (3)
- GEOG 211 121 Physical Geology (4)
- GEOG 212 122 Earth History [4]
- GEOG 213 201 Elements of Mineralogy [4]
- PHYS 211 211 Principles of Physics I [4]

Major Restricted Electives (choose 6 credits)
- AST 125 125 Observational Astronomy (3)
- BIOL 432 432 Lake Ecology [4]
- GEOG 313 313 Natural Disasters (3)
- GEOG 370 370 Cartographic Techniques (4)
GEOG 373 Introduction to Geographic Information Systems (4)
GEOG 411 Soils Geomorphology (3)
GEOG 412 Advanced Weather (4)
GEOG 414 Biogeography (3)
GEOG 415 Earth Surface Processes (4)
GEOG 416 Fluvial Geomorphology and Hydrology (4)
GEOG 420 Conservation of Natural Resources (3)
GEOG 440 Field Studies (1-4)
GEOG 471 Digital Field Mapping with GPS (4)
GEOG 474 Introduction to Remote Sensing (4)
GEOG 480 Seminar (1-4)
GEOL 320W Sedimentology and Stratigraphy (4)
GEOL 330 Structural Geology (4)
GEOL 350 Environmental Geology (4)
GEOL 370 Geotectonics (2)
GEOL 450 Hydrogeology (3)

Required for Bachelor of Arts (BA) degree ONLY: Language (8 credits)

Minor Required: None.

EARTH SCIENCE GEOLOGY EMPHASIS BA and BS
Required for Bachelor of Arts [BA degree ONLY: Language (8 credits)]

Geology is the study of the Earth, its materials, and its processes. It concerns itself with solving basic scientific problems and utilizing knowledge of the Earth for the benefit of humankind. Its concerns include but are not limited to water production and quality, resource exploration and production, engineering of structures large and small, and the history of life on Earth and the search for life on other planets.

Major Common Core
CHEM 201 General Chemistry I (5)
GEOL 121 Physical Geology (4)
GEOL 122 Earth History (4)
GEOL 201 Elements of Mineralogy (4)
GEOL 302 Petrology (4)
GEOL 320 Sedimentology and Stratigraphy (4)
GEOL 330 Structural Geology (4)
MATH 121 Calculus I (4)
PHYS 211 Principles of Physics I (4)

Major Restricted Electives (choose 6-8 credits)
GEOG 315 Geomorphology (3)
GEOG 373 Introduction to Geographic Information Systems (4)
GEOG 420 Conservation of Natural Resources (3)
GEOG 471 Digital Field Mapping with GPS (4)
GEOG 474 Introduction to Remote Sensing (4)

(choose 4-10 credits)
GEOG 440 Geology Field Camp (4-8)
GEOG 497 Internship (1-10)
GEOG 499 Individual Study (1-5)

(choose 7-8 credits)
GEOL 350 Environmental Geology (4)
GEOL 401 Field Studies (1-3)
GEOL 430 Petroleum and Ore Deposit Geology (3)
GEOL 450 Hydrogeology (3)

Other Graduation Requirements
Successful completion of Research Experience for Undergraduates (REU) can be substituted for GEOL 499 as the capstone experience subject to Department approval.

Minor Required: None.

EARTH SCIENCE BS TEACHING (5-12)
Requirements for the Earth Science, Teaching major can be found in the SCIENCE TEACHING section of this catalog.

Other Graduation Requirements
See the SECONDARY EDUCATION section for admission requirements to Professional Education and a list of required professional education courses.

EARTH SCIENCE MINOR

Required General Education for Minor
AST 101 Introduction to Astronomy (3)
BIOL 100 Our Natural World (4)
CHEM 100 Chemistry in Society (4)
GEOG 101 Introductory Physical Geography (4)
PHYS 100 Cultural Physics (3)

Required for Minor
GEOL 121 Physical Geology (4)
GEOL 122 Earth History (4)
GEOG 217 Weather (4)
GEOG 315 Geomorphology (3)

Required Electives for Minor
(choose one from the following)
GEOG 410 Climatic Environments (3)
GEOG 420 Conservation of Natural Resources (3)

GEOMORPHOLOGY AND EARTH SURFACE PROCESSES CERTIFICATE
Geomorphology is the study of the form and character of the Earth’s surface. Earth Surface Processes shape and transform our planet’s landscape. Students will develop a broad theoretical understanding and learn to apply specific analytical skill to the field of Geomorphology through a multidisciplinary curriculum in Geography, Geology and Anthropology.

Major Common Core
Take either GEOG 315 or GEOG 415 and GEOG 410
GEOG 315 Geomorphology (3)
GEOG 415 Earth Surface Processes (4)
GEOG 410 Climatic Environments (3)

Major Restricted Electives (choose one from the following)
GEOG 411 Soils Geomorphology (3)
GEOG 416 Fluvial Geomorphology and Hydrology (4)

Major Unrestricted Electives
At least six credits must be taken. Choose courses from two of the three listed departments. GEOG 411 and GEOG 416 can be taken as an unrestricted elective if they were not taken as a restricted elective.
ANTH 331 Environmental Anthropology (3)
GEOG 411 Soils Geomorphology (3)
GEOG 416 Fluvial Geomorphology and Hydrology (4)
GEOG 440 Field Studies (1-4)
GEOL 201 Elements of Mineralogy (4)
GEOL 320W Sedimentology and Stratigraphy (4)
ECONOMICS

ECONOMICS BA, BS AND MINOR

Economics

College of Social & Behavioral Sciences, Department of Economics
150 Morris Hall • 507-389-2969
Website: www.mnsu.edu/dept/economics

Chair: Phillip Miller

Faculty: Kwang IL Choe, Ashok Chowdhury, Atrayee Ghosh Roy, Saleheen Khan, Ishuan Li, Phillip Miller, Ved Sharma, Robert Simonson, Michael Spencer, Kwang Woo Park

Economics aims to provide the student with the basic materials and tools of analysis used to understand our present economic system, and to organize data for decision-making purposes in both short and long-range planning. It is designed to help those contemplating business or other careers as well as those who are preparing to teach in the social studies.

POLICIES/INFORMATION

Admission to Major. Students enrolling in 300-400 level courses must be admitted to the program. Admission is granted by the department. Minimum university admission requirements are:
- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.00 ("C").
Contact the department for application procedures.

P/N Grading Policy. Up to six credit hours of electives in the major may be taken as P/N grading. ECON 481 and ECON 498 must be taken as P/N grading.

GPA Policy. A minimum cumulative grade point average of 2.0 is required for all courses taken in the required economics core courses and required economics electives for the economics BS or BA major.

Center for Economic Education - Dr. Ashok Chowdhury, Director. The Center for Economic Education seeks to improve the teaching of economics in elementary and secondary schools. Working in close cooperation with the Minnesota Council on Economic Education and the National Council on Economic Education, the center provides teacher instruction, research, library lending and other services to area schools.

ECONOMICS BA

Degree completion = 120 credits

Major Common Core
Required Economics Core Courses
(26 credits)
ECON 201 Principles of Macroeconomics (3)
ECON 202 Principles of Microeconomics (3)

COURSE DESCRIPTIONS

ECON 100 (3) An Introduction to the U.S. Economy
Brief description of the operation of the US economic system illustrated by a discussion of current economic policies, issues, and problems. No credit toward a major, minor, or area with economics as a core, or if credit has been earned in ECON 201 and/or ECON 202, or equivalent.
Fall, Spring
GE-5

ECON 103W (3) The Economics of Women’s Issues and Public Policy in the United States
This course will examine the gendered nature of public policy using standard microeconomic tools. It examines the impact of public policy on employment discrimination, reproductive rights, and sexual orientation.
Variable
VI, GE-2, GE-5
Diverse Cultures - Purple

ECON 199 (1) CLEP Economics

ECON 201 (3) Principles of Macroeconomics
Emphasis on forces influencing employment and inflation. Current problems of the economy are stressed along with tools government has to cope with them.
Fall, Spring
GE-5

ECON 202 (3) Principles of Microeconomics
Examines decision making by the individual firm, the determination of prices and wages, and current problems facing business firms.
Fall, Spring
GE-5

ECON 207 (4) Business Statistics
Basic statistical methods including measures of central tendency and dispersion, probability distributions, sampling, problems of estimation and hypothesis testing in the case of one and two sample means and proportions. Chi-Square, one-way analysis of variance, simple regression and correlation analysis, and brief introduction to multiple regression analysis. Use of computer statistical packages required. Prerequisite: MATH 112 or equivalent.
Fall, Spring
GE-2, GE-4

ECON 301 (3) Quantitative Methods in Economics
This course will introduce the student to the use of mathematics in economic analysis. Topics include optimization methods, comparative statics, and linear algebra. Prerequisite: ECON 201, ECON 202, ECON 207, MATH 112 or equivalent.
Fall, Spring

ECON 305 (3) Money and Banking
A descriptive and analytical study of the basic principles of money, banking, and finance as they are related to business and public policy. Prerequisite: ECON 201 and ECON 202.
Fall, Spring
ECON 314W (3) Current Economic Issues
Elementary economic background and analysis of housing, medical care, inflation, unemployment dilemma, pollution, poverty and affluence, balance between public and private sectors, transportation, urban problems, and other issues will be covered in this course.
Fall
WI, GE-5, GE-8

ECON 320W (3) Gender Issues and Economic Globalization
This course will provide tools for analyzing the effects of economic globalization on employment, distribution of income, economic development and socio-economic issues from a gender perspective.
Prerequisite: ECON 201 or ECON 202
Spring (On Demand), Summer (On Demand)

ECON 355 (3) Intermediate Microeconomics
A survey of imperfect competition, multiple-product firms, multiple-plant firms, and interest theory, designed to develop a system of economic thought.
Prerequisite: ECON 201, ECON 202 and ECON 301
Fall, Spring

ECON 356 (3) Intermediate Macroeconomics
Study of factors determining aggregate level of production, employment, inflation, and implications of monetary and fiscal policies.
Prerequisite: ECON 201, ECON 202 and ECON 301
Fall, Spring

ECON 403 (3) Labor Economics
Employment, wages, and economic security. The structure and impact of labor organizations and labor legislation.
Prerequisite: ECON 201 and ECON 202

ECON 405 (3) Central Banking
A detailed examination of the Federal Reserve System and monetary policy. The topics will include a history of the Federal Reserve and its monetary tools and strategies: Monetarism, the demand for money, the money supply process, and the impact of financial deregulation on federal policy.
Prerequisite: ECON 305
Spring

ECON 406 (3) Economics of Unions
Students examine the economics of unions, including the history of union activity, the development and impact of labor laws on labor markets, the economics of strikes and alternative dispute resolution systems, and the impact of unions on wages and price levels.
Prerequisite: ECON 201 and ECON 202

ECON 411 (3) Urban Economics
Economic forces which account for the development of cities and application of principles to some of the major problems of the modern urban community.
Prerequisite: ECON 201 and ECON 202

ECON 412 (3) Resource and Environmental Economics
Concepts and techniques for evaluating the alternative uses, management and development of natural resources.
Prerequisite: ECON 201 and ECON 202
Fall

ECON 416 (3) Sports Economics
This course examines the economics of professional and collegiate sports and sports institutions. Students examine the market for sports competitions, the labor market for player talent, and the role government plays in the business of sports.
Prerequisite: ECON 202
Spring

ECON 420 (3) International Economics
The economic rationale for interregional trade: emphasis on current problems.
Prerequisite: ECON 201 and ECON 202
Fall, Spring

ECON 429 (3) Economic Education
Fundamental ideas and structure of economics with emphasis on the application of such ideas in the K-12 school curriculum.
Variable

ECON 440 (3) Public Finance
Public expenditures, taxes and other revenues, debts and financial administration at federal, state, and local levels.
Prerequisite: ECON 201 and ECON 202
Fall

ECON 450 (3) Economic Development
Economic underdevelopment and the relationships between mature economies and developing nations.
Prerequisite: ECON 201 and ECON 202

ECON 462 (3) Econometrics
The study of methods and techniques for building econometric models with the goal of forecasting and measurement of the economic relationships by integrating economic theory and statistics in it.
Prerequisite: ECON 201, ECON 202, and ECON 207

ECON 463 (3) Applied Econometrics of Financial Markets
This course is designed to cover basic tools in time series analysis and to equip students with quantitative skills to analyze the financial market.
Prerequisite: ECON 207
Fall

ECON 472 (3) Industrial Organization
This course is an introduction to non-competitive markets using economic models and game theory.
Prerequisite: ECON 201, ECON 202 and ECON 207
Spring

ECON 480 (1-3) Seminar in Economics
Prerequisite: ECON 201 and ECON 202
Variable

ECON 481 (1-3) Readings in Economics
Fall, Spring

ECON 485W (4) Seminar In Applied Econometrics
Students learn how to conduct research projects in economics and related fields by using modern econometric tools and undertake a semester-long research assignment.
Prerequisite: ECON 355, ECON 356, ECON 301, and ECON 462. In addition a student must get a minimum of a "C" grade in each prerequisite.
Fall, Spring, Summer (On Demand)

ECON 491 (1-3) In-Service

ECON 498 (1-3) Internship
Prerequisite: ECON 201 and ECON 202
Fall, Spring

ECON 499 (1-3) Individual Study
Prerequisite: ECON 201 and ECON 202
Fall, Spring
Admission to the college is necessary before enrolling in

1. Function as responsible members of society with an awareness of the social, political, economic and environmental aspects of technology and society, while upholding the highest standards of professional ethics.
2. Further study toward advanced degrees in engineering and other related disciplines.
3. Advancement into managerial ranks and/or entrepreneurial endeavors.
4. Opportunities for students to develop sensitivity to the social and humanistic implications of technology and motivate them to make worthwhile contributions to the profession and society, while upholding the highest standards of professional ethics.
5. Courses in business and economics to promote awareness of management and the economic aspects of engineering.
6. Preparation for continuing study and professional development.

The Electrical Engineering degree curriculum includes the following components:

1. A strong background in the physical sciences, mathematics, and the engineering sciences including extensive hands-on laboratory instruction.
2. An integrated design component including instruction in basic practices and procedures, creativity, control, economics, and synthesis. The process begins with basic instruction during the first year and concludes with a capstone design project.
3. A choice of several sub-disciplines in their senior level elective offerings (power, digital systems, controls, signal processing, communications, microelectronics design and fabrication).
4. Opportunities for students to develop sensitivity to the social and humanistic implications of technology and motivate them to make worthwhile contributions to the profession and society, while upholding the highest standards of professional ethics.
5. Courses in business and economics to promote awareness of management and the economic aspects of engineering.
6. Preparation for continuing study and professional development.

The curriculum offers students the opportunity to emphasize a number of specialized areas including power, digital systems, controls, signal processing, communications, microelectronics design and fabrication. During the senior year, students must take the first step toward registration as a professional engineer by taking the Fundamentals of Engineering (FE) examination as described in the GPA Policy below.

Minnesota State Mankato offers a 3+2 program with regional Liberal Arts colleges. Contact the department for more information.

Recommended high school preparation is mathematics up to and including at least pre-calculus and a year each of physics and chemistry. Without this background it may take longer than four years to earn the degree. In the first two years, students take science and mathematics courses common to all branches of engineering (pre-engineering) as well as supporting work in English, humanities and social sciences, and the foundational electrical engineering courses in the curriculum. Second-year electrical engineering students complete remaining physics, mathematics and 200-level engineering science courses prior to starting the upper level core coursework.

All international students wishing to have transfer credits granted from non-U.S. schools will be required to use the ECE evaluation service to be completed no later than the first semester at Minnesota State University, Mankato.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Admission to Major. Admission to the college is necessary before enrolling in
ELECTRICAL ENGINEERING CONTINUED

300- and 400-level courses. Minimum college requirements are:
- A minimum of 32 earned semester credit hours.
- A minimum cumulative GPA of 2.00 (“C”).

Please contact the department for application procedures.

During the spring semester of the sophomore year, students should submit an application form for admission to the Electrical Engineering program. Admission to the program is selective and, following applications to the department, subject to approval from the department chair. The department makes a special effort to accommodate transfer students. Only students admitted to the program are permitted to enroll in upperdivision electrical engineering courses. No transfer credits are allowed for upperdivision engineering courses except by department chair review and approval.

Before being accepted into the program and admitted to 300-level engineering courses (typically in the fall semester), a student must complete the following courses including all necessary prerequisites:
- General Physics I and II (calculus-based) (8 credits)
- Calculus I, Calculus II and Differential Equations (12 credits)
- Introduction to Electrical/Computer Engineering I and II (6 credits)
- Circuit Analysis I and II (Including lab) (7 credits)
- English Composition (4 credits)
- Technical Communication (4 credits)
- Microprocessor course and lab (4 credits)

A cumulative GPA of 2.5 for all science and math courses must have been achieved for program admittance. Grades must be 1.65 (“C-”) or better for courses to be accepted.

GPA Policy. Students graduating with a degree in Electrical Engineering must have:
1. completed a minimum of 20 semester credit hours of upper division EE coursework;
2. have a cumulative GPA of 2.25 or higher in all upper division Minnesota State Mankato undergraduate coursework;
3. have completed their senior design sequence at Minnesota State Mankato;
4. have taken the FE exam and achieved the competency level set by the department.
5. Grades must be 1.65 (“C-”) or better for courses taken at Minnesota State Mankato to be accepted.

Petition to evaluate transfer credits must occur no later than the first semester the student is enrolled at Minnesota State Mankato.

All international students wishing to have transfer credits granted from non-U.S. schools will be required to use the ECE evaluation service to be completed no later than the first semester at Minnesota State Mankato.

P/N Grading Policy. A student who majors in EE must elect the grade option for all courses even if offered by another department.

ELECTRICAL ENGINEERING BSEE
Degree completion = 128 credits

Required General Education
CHEM 191 Chemistry for Engineers (3)
ENG 101 Composition (4)
ENG 271W Technical Communication (4)
MATH 121 Calculus I (4)
PHYS 221 General Physics I (4)
Economics Choose 3 Credits
ECON 201 Principles of Macroeconomics (3)
ECON 202 Principles of Microeconomics (3)

Prerequisites to the Major
EE 106 Introduction to Electrical/Computer Engineering I (3)
EE 107 Introduction to Electrical/Computer Engineering II (3)
EE 230 Circuit Analysis I (3)
EE 231 Circuit Analysis II (3)
EE 234 Microprocessor Engineering I (3)
EE 235 Microprocessor Engineering Laboratory I (1)
EE 240 Evaluation of Circuits (1)
MATH 122 Calculus II (4)
MATH 321 Ordinary Differential Equations (4)
PHYS 222 General Physics II (3)
PHYS 223 General Physics II Laboratory (1)

Major Common Core
EE 281 Digital System Design with Testability (3)
EE 282 Digital System Design with Testability Lab (1)
EE 303 Introduction to Solid State Devices (3)
EE 304 Lab: Introduction to Solid State Devices (1)
EE 332 Electronics I (3)
EE 333 Electronics II (3)
EE 336 Principles of Engineering Design I (1)
EE 337 Principles of Engineering Design II (1)

EE 484 VLSI Design (3)
EE 487 RF Systems Engineering (3)
EE 489 Real-time Embedded Systems (4)

Other Graduation Requirements
Choose seven (7) credits from Major Restricted Electives. Choose a minimum of twelve (12) credits from Humanities (6 credits) and Social Sciences (6 credits) courses. For a complete listing of approved Humanities and Social Science courses, please consult the department website. In general, graduation credit toward the Humanities requirement is not allowed for any course in subject areas such as communication studies, writing, art, music, or theatre that involve performance or practice of basic skills. At least three (3) credits of the courses selected to complete the above requirements must be 300-level or above. At least one 300-level course must follow a lower level course in the same subject area.

Analysis/Probability and Statistics
Choose 3 Credits
MATH 354 Concepts of Probability & Statistics (3)
ME 291 Engineering Analysis (3)

Business/Finance
Choose 3 Credits
BLAW 200 Legal, Political, and Regulatory Environment of Business (3)
FINA 362 Business Finance (3)
MGMT 330 Principles of Management (3)
MGMT 340 Human Resource Management (3)
MRKT 310 Principles of Marketing (3)

Required Minor: None.
No minor or other major accepted toward degree

COURSE DESCRIPTIONS

EE 100 (1) Explorations in Engineering
This course offers an introduction to the various disciplines of engineering and their relationship to the principles of physics and mathematics. Students are prepared for academic success and the transition into an engineering program.
Fall
GE-12
EE 281 (3) Digital System Design with Testability
The course presents algorithmic approaches to problem solving and computer program design using the C language. Student will explore Boolean expressions, implement programs using control structures, modular code and file input/output, and interface with external hardware using robots and sensors.
Prerequisite: EE 106
Corequisite: EE 282 or concurrent, MATH 321 or concurrent
Fall Spring

EE 282 (1) Digital System Design with Testability Lab
Laboratory support for EE 282 practical aspects of design and analysis of different types of sequential machines will be presented through laboratory experience.
Corequisite: EE 281

EE 298 (1-4) Topics
Varied topics in Electrical and Computer Engineering. May be repeated as topics change.
Prerequisite: to be determined by course topic

EE 303 (3) Introduction to Solid State Devices
Introduction to crystal structure, energy band theory, conduction and optical phenomenon in semiconductors, metals and insulators. Study of equilibrium and nonequilibrium charge distribution, generation, injection, and recombination. Analysis and design of PN junctions, (bipolar transistor, junction) and MOS field effect transistors. Introduction to transferred electron devices and semiconductor diode laser.
Prerequisite: PHYS 222, and MATH 321
Fall

EE 304 (1) Lab: Introduction to Solid State Devices
Laboratory support for EE 303. Experiments include resistance and sheet resistance measurements of semiconductor material, probing material, probing of IC chips, PN junction IV and CV measurements, BJTs testing to extract its parameters, MOSFET testing and evaluating its parameters, cv-measurements of MOS structure, and familiarization with surface analysis tools.
Fall

EE 332 (3) Electronics I
Introduction to discrete and microelectronics circuits including analog and digital electronics. Device characteristics including diodes, BJTs, JFETs, and MOSFETs will be studied. DC bias circuits, small and large signal SPICE modeling and analysis and amplifier design and analysis will be discussed.
Prerequisite: EE 231
Fall

EE 333 (3) Electronics II
The second course of the electronics sequence presenting concepts of feedback, oscillators, filters, amplifiers, operational amplifiers, hysteresis, bi-stability, and non-linear functional circuits. MOS and bipolar digital electronic circuits, memory, electronic noise, and power switching devices will be studied.
Prerequisite: EE 332
Spring

EE 334 (3) Microprocessor Engineering II
A more advanced study of microprocessors and microcontrollers in embedded system design. Use of C language in programming, interrupt interfaces such as SPI, I2C, and CAN. External memory design and on-chip program memory protection are also studied.
Fall

EE 336 (1) Principles of Engineering Design I
Electrical and computer engineering project and program management and evaluation techniques will be studied. Emphasis will be placed on the use of appropriate tools for planning, evaluation, and reporting on electrical and computer engineering projects.
Prerequisite: Junior Standing
Fall

EE 337 (1) Principles of Engineering Design II
Application of the design techniques in the engineering profession. Electrical engineering project and program management and evaluation including computer assisted tools for planning and reporting, design-to-specification techniques and economic constraints.
Prerequisite: EE 336
Spring

EE 341 (3) Signals & Systems
Analysis of linear systems and signals in the time and frequency domain. Laplace and Fourier transforms. Z-transform and discrete Fourier transforms.
Prerequisite: EE 230, MATH 321 and PrSyS 222
Fall
EE 342 (1) Electronics Laboratory
This lab is designed to accompany EE 332. The lab covers the experimental measurement and evaluation of diode, BJT, and MOS characteristics; various feedback topologies; oscillator and op-amp circuits; and rectifiers and filter circuits.
Prerequisite: EE 231 and EE 352 taken concurrently.
Fall

EE 344 (1) Microprocessor II Laboratory
Laboratory support for EE 334. Use of development boards and C Programming language to handle I/O devices, interrupts, and all peripheral functions. Multiple functions such as timers, A/D converters, I/O devices, interrupts, and serial modules will be used together to perform desired operations.
Prerequisite: Concurrent with EE 334
Fall

EE 350 (3) Engineering Electromagnetics
Prerequisite: EE 231, MATH 223, MATH 321 and PHYS 222
Spring

EE 353 (3) Communications Systems Engineering
Prerequisite: EE 341 & MATH 223
Spring

EE 358 (3) Control Systems
Prerequisite: EE 341
Spring

EE 363 (1) Communication Systems Laboratory
Prerequisite: Concurrent with EE 353
Spring

EE 368 (1) Control Systems Laboratory
Laboratory support for EE 358. Experimental evaluation of basic control system concepts including transient response and steady state performance. Analog and digital computers.
Prerequisite: EE 341 and concurrent with EE 358
Spring

EE 395 (3) Computer Hardware and Organization
High-level language constructs using a selected assembly language, design alternatives of computer processor datapath and control, memory hierarchy/management unit, use of HDL in describing and verifying combinational and sequential circuits. Design of Computer processor and memory system.
Prerequisite: EE 234, EE 235, EE 281
Spring

EE 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and an adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information.
Prerequisite: EE 235. At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply.
Fall, Spring, Summer

EE 450 (3) Engineering Economics
Overview of accounting and finance and their interactions with engineering. Lectures include development and analysis of financial statements, time value of money, decision making tools, cost of capital, depreciation, project analysis and payback, replacement analysis, and other engineering decision making tools.
Prerequisite: Advanced standing in the program
Fall

EE 453 (3) Advanced Communications Systems Engineering
Behavior of analog systems and digital systems in the presence of noise, principles of digital data transmission, baseband digital modulation, baseband demodulation/detection, bandpass modulation and demodulation of digital signals. Channel coding, modulation and coding trade-offs, spread spectrum techniques, probability and information theory.
Prerequisite: EE 353 and EE 363
Fall

EE 463 (3) Advanced Digital System Design
Design of combinational and sequential systems and peripheral interfaces. Design techniques using MSI and LSI components in an algorithmic state machine; implementation will be stressed. Rigorous timing analysis transmission-line effects and metastability of digital systems will be studied.
Prerequisite: EE 244

EE 467W (1) Principles of Engineering Design III
The design and organization of engineering projects. Project proposals, reporting, feasibility studies, and interpretation. Specification preparation, interpretation, and control. Issues involving creativity, project planning and control, and intellectual property rights. Students enrolled in this course must initiate and complete a design project in a small team format.
Prerequisite: EE 337 and senior standing
Fall

EE 470 (3) Wireless Networking
The features, data rate, frequency range, and operation of several wireless networking protocols such as Wi-Fi, Low Energy Bluetooth, Near Field Communication, Radio Frequency Identifier (RFID), Threads, and ZigBee that can be used to implement Internet of Things (IoT) are introduced. The electrical, functional, and procedural specifications of Wi-Fi are then examined in detail. The programming and data transfer using the hardware Wi-Fi kit are carried out to demonstrate the versatility of this protocol.
Prerequisite: EE 344
On Demand: Fall, Spring

EE 471 (3) Advanced Control Systems
This course is a continuation of EE 358. Techniques for the analysis of continuous and discrete systems are developed. These techniques include pole placement, state estimation, and optimal control.
Prerequisite: EE 358 and EE 368
Fall

EE 472 (3) Digital Signal Processing
Develop design and analysis techniques for discrete signals and systems via Z-transforms. Discrete Fourier Transforms, implementation of FIR and IIR filters. The various concepts will be introduced by the use of general and special purpose hardware and software for digital signal processing.
Prerequisite: EE 341
Spring

EE 473 (3) Electrical Power Systems Analysis and Design
Power generation, transmission and consumption concepts, electrical grid modeling, transmission line modeling, electric network power flow and stability, fault tolerance and fault recovery, economic dispatch, synchronous machines, renewable energy sources and grid interfacing.
Prerequisite: EE 231 or via permission from instructor Variable

EE 474 (4) Power Electronics
This course is designed to provide students with knowledge of the design and analysis of static power conversion and control systems. The course will cover the electrical characteristics and properties of power semiconductor switching devices, converter power circuit topologies, and the control techniques used in the applications of power electronic systems. Laboratories consist of computer-based modeling and simulation exercises, as well as hands-on laboratory experiments on basic converter circuits and control schemes.
Prerequisite: EE 333
Spring
EE 475 (3) Integrated Circuit Engineering
Introduction to theory and techniques of integrated circuit fabrication processes, oxidation, photolithography, etching, diffusion of impurities, ion implantation, epitaxy, metallization, material characterization techniques, and VLSI process integration, their design and simulation by SUPREM.
Prerequisite: EE 303 and EE 332
Fall

EE 476 (3) Antennas, Propagation, & Microwave Engineering
Principles of electromagnetic radiation, antenna parameters, dipoles, antenna arrays, long wire antennas, microwave antennas, mechanisms of radiowave propagation, scattering by rain, sea water propagation, guided wave propagation, periodic structures, transmission lines, microwave/millimeter wave amplifiers and oscillators, MIC & MMIC technology.
Prerequisite: EE 350
Variable

EE 477W (1) Principles of Engineering Design IV
Completion of design projects and reports. Lectures on ethics, issues in contracting and liability, concurrent engineering, ergonomics and environmental issues, economics and manufacturability, reliability and product lifetimes. Lectures by faculty and practicing engineers.
Prerequisite: EE 467 and Senior Standing
Spring
WI

EE 479 (3) Superconductive Devices
Magnetic and superconducting properties of materials, microscopic theory of superconductivity and tunneling phenomenon, Josephson and SQUID devices, survey of computer memories, memory cell and shift register, A/D converters and microwave amplifiers. Integrated circuit technology and high temperature superconductors.
Prerequisite: EE 303
Variable

EE 480 (1) Integrated Circuit Fabrication Lab
Introduction to integrated circuit fabrication processes, device layout, mask design, and experiments related to water cleaning, etching, thermal oxidation, thermal diffusion, photolithography, and metallization. Fabrication of basic integrated circuit elements pn junction, resistors, MOS capacitors, BJT and MOSFET in integrated form. Use of analytic tools for in process characterization and simulation of the fabrication process by SUPREM.
Prerequisite: Concurrent with EE 475
Fall

EE 481 (1) VLSI Design Laboratory
This laboratory accompanies EE 484. The laboratory covers the basics of layout rules, chip floor planning, the structure of standard cells and hierarchical design, parasitic elements, routing, and loading. Students will learn to design and layout standard cells as well as how to use these cells to produce complex circuits. The laboratory culminates with the individual design and layout of a circuit.
Prerequisite: Concurrent with EE 484
Spring

EE 482 (3) Electromechanics
Electrical power and magnetic circuit concepts, switch-mode converters, mechanical electromechanical energy conversion, DC motor drives, feedback controllers, AC machines and space vectors, permanent magnet AC machines and drives, induction motors and speed control of induction motors, stepper motors.
Prerequisite: EE 230
Fall

EE 484 (3) VLSI Design
Prerequisite: EE 333
Spring

EE 487 (3) RF Systems Engineering
Prerequisite: EE 353 and EE 363
Variable

EE 489 (4) Real-time Embedded Systems
This course introduces students the recent advances in real-time embedded systems design. Topics cover real-time scheduling approaches such as clock-driven scheduling and static and dynamic priority driven scheduling, resource handling, timing analysis, intertask communication and synchronization, real-time operating systems (RTOS), hard and soft real-time systems, distributed real-time systems, concepts and software tools involved in the modeling, design, analysis and verification of real-time systems.
Prerequisite: EE 107, EE 334, EE 395
Variable

EE 491 (1-4) In-Service
EE 494 (1) Global Experience in Engineering and Technology
This class provides students pursuing a minor in “Global Solutions in Engineering and Technology” with an opportunity to explore a set of topics related to achieving success in advance of and following an international experience (internship, study abroad, etc.). Speakers will include faculty, graduate students, visiting researchers and industry members as well as student participants. Returning students will be required to participate in mentoring of students preparing for their international experience and provide written and/or oral presentations of various topics during the semester. This course is required both before and after participation in the international experience (min. 2 cr.)
Variable

EE 497 (1-6) Internship
EE 498 (1) Topics
Varied topics in Electrical and Computer Engineering. May be repeated as topics change. Prerequisite: to be determined by course topic

EE 499 (1-6) Individual Study

Chair: Qun Zhang
Program Coordinator: Qun Zhang

Faculty: Gale Allen, Nannan He, Tom Hendrickson, Han-Way Huang, Muhammad Khalid, Julio Manojoana, Puteri MegatHamari, Vincent Winstead, Xuanhui Wu, Qun Zhang

Electronic Engineering Technology is a technological field requiring the application of scientific and engineering knowledge and methods, combined with technical skills, in support of engineering activities. An electronic engineering technologist is a person who is knowledgeable in electronics theory and design and who understands state-of-the-art practices in digital and analog circuits and systems. Computers, controls/automation, robotics, instrumentation, and communications are but a few fields open to engineering technologists.

Overall the program strives to prepare students for entry into the technical workforce with well-developed skills. In particular, the department strives to ensure that its graduates have an ability to:
1. Apply knowledge of science, mathematics, and engineering
2. Design, and conduct experiments as well as analyze and interpret data
3. Design a system, component, or process to meet specified needs
4. Function effectively in teams
5. Identify, formulate, and solve engineering problems
6. Have an understanding of professional and ethical responsibilities
7. Communicate effectively

The Educational Objectives for our Bachelors Degree in Electronic Engineering Technology program are:
1. Function as responsible members of society with an awareness of the social, ethical, and economic ramifications of their work.
2. Become successful practitioners in electronic engineering technology and other diverse careers.
3. Pursue continuing and life-long learning opportunities.
4. Provide necessary skills to advance technically and/or managerially.
5. Provide foundational education that allows for personal growth and flexibility through their career.

Our metrics for determining success in meeting these objectives will include:
1. Assessment of societal, economic awareness, and ethical performance of our graduates by the graduate and employer.
2. Monitoring of the success of our graduates in the work force.
3. Assessment of continuing and life-long learning by the graduate (and their employer as applicable).
4. Ongoing contact with graduates to determine career paths and challenges confronted.

P/N Grading Policy. A student who majors or minors in EET must elect the grade option for all required courses including general education courses listed by number even if offered by another department.

If the credits earned for composition, technical writing and communication studies courses equal less than 9 credits, either an advanced communication studies course or a course in English language literature must be selected as a general elective.

In addition to the transfer of credit policy described in this catalog for students transferring to Minnesota State Mankato from other schools, the electronic engineering technology program has additional policies:
1. All transfer student must take EET 221.
2. For courses taken at technical colleges/vocational technical schools and pertinent courses taken in the military the student may receive up to 8 credits upon review of course materials, grades and written approval by the program coordinator.

Petition to evaluate transfer credits must occur no later than the first semester the student is enrolled in or declared a major housed in the Department of Electrical and Computer Engineering and Technology.

All international students wishing to have transfer credits granted from non-U.S. schools will be required to use the ECE evaluation service to be completed no later than first semester at Minnesota State Mankato.

Testing for course credit will be available via prior application made with the program coordinator. Students may not apply for credit by examination for an EET course in which they were previously enrolled at Minnesota State Mankato or for any EET course above EET 223.

Grades must be 1.65 “C-” or better for courses taken at Minnesota State Mankato to be accepted.

ELECTRONIC ENGINEERING TECHNOLOGY BS

Degree completion = 128 credits

Students who do not have the required background for MATH 115 may have to take additional preparatory coursework as well. Consult with your major advisor to plan your general education and major requirements.

All students must complete a minimum of 12 semester credits of mathematics starting with Precalculus math and a minimum of 24 semester credits of combined mathematics and science courses.

Required General Education

Students in this degree program must complete 21 additional general education required hours to meet university general education and diverse cultures requirements.

ELECTRONIC ENGINEERING TECHNOLOGY BS, CERTIFICATE AND MINOR

Policies/Information

Admission to Major is granted by the department. Minimum program admission requirements are:
- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.00 (“C”).

Contact the department for application procedures.

Graduation Policy. Students graduating with a degree in Electronic Engineering Technology must have:
1) completed a minimum of 20 semester credit hours of upper division EET courses;
2) have a cumulative GPA of 2.0 or higher for all Minnesota State Mankato EET coursework; and
3) have completed their senior design sequence (EET 461 and EET 462) at Minnesota State Mankato.

ELECTRONIC ENGINEERING TECHNOLOGY BS

Degree completion = 128 credits

Students who do not have the required background for MATH 115 may have to take additional preparatory coursework as well. Consult with your major advisor to plan your general education and major requirements.

All students must complete a minimum of 12 semester credits of mathematics starting with Precalculus math and a minimum of 24 semester credits of combined mathematics and science courses.

Required General Education

Students in this degree program must complete 21 additional general education required hours to meet university general education and diverse cultures requirements.

CMST 102 Public Speaking [3]
ENG 101 Composition [4]

Prerequisites to the Major

EET 113 DC Circuits [3]
EET 114 AC Circuits [3]
EET 141 Integrated Computer Technology I [4]
EET 142 Integrated Computer Technology II [4]
EET 143 Integrated Computer Technology III [4]
EET 221 Electronic CAD [3]
EET 222 Electronics I [4]
EET 223 Electronics II [4]
EET 254 Microprocessors I [4]
MATH 115 Precalculus Mathematics [4]
MATH 121 Calculus I (4)
MATH 127 Calculus II for Engineering Technology: Integration (2)
PHYS 211 Principles of Physics I (4)
PHYS 212 Principles of Physics II (4)

Major Common Core
Three (3) credits of EET 497 may be used to satisfy common core requirements.
CHEM 104 Introduction to Chemistry (3)
EET 340 Programmable Hardware Technology (4)
EET 341 Electronic Shop Practices (2)
EET 355 Electrical Power Systems (3)
EET 452 Operational Amplifier Applications (3)
EET 456 Analog Communications (4)
EET 461 Industrial Automation I (4)
EET 462 Industrial Automation II (4)
EET 484 Microprocessors II (4)
EET 497 Internship (3)
MET 427 Quality Management Systems (3)

Major Restricted Electives
(choose a minimum of 6 credits from 300-level and 400-level courses with advisor’s approval)

Major Unrestricted Electives
(choose one of the following)
STAT 154 Elementary Statistics (3)
STAT 254 Concepts of Probability and Statistics (4)

Other Graduation Requirements
EE 450 Engineering Economics (3)

Required Minor: None.

RENEWABLE ENERGY CERTIFICATE PROGRAM

Renewable Energy certificate includes targeted courses in power systems, instrumentation and fluid power intended to supplement the contents of a technical Associate of Science (AS) degree or Technician program in Wind Turbine Technology or AS/BS degree in Renewable Energy. The certificate includes three courses for a total of nine credits.

Common Core
AET 334 Fluid Power (3)
EET 315 Programmable Instrumentation (3)
EET 355 Electrical Power Systems (3)

ELECTRONIC ENGINEERING TECHNOLOGY MINOR

Required for Minor
EET 112 Elementary Electricity and Electronics (3)
EET 113 DC Circuits (3)
EET 114 AC Circuits (3)
EET 222 Electronics I (4)

Required for Minor (Elective Options, 7-8 credits)
Digital Option
EET 254 Microprocessors I (4)
EET 141 Integrated Computer Technology I (4)
Electronics Option
EET 223 Electronics II (4)
EET 452 Operational Amplifier Applications (3)
EET 455 Power Electronics (3)
EET 492 Integrated Circuit Technology (4)
Networking Option
EET 254 Microprocessors I (4)
EET 430 Computer Networking I (4)
Communications Options
EET 223 Electronics II (4)
EET 456 Analog Communications (4)
Power Option
EET 223 Electronics II (4)
EET 355 Electrical Power Systems (3)

COURSE DESCRIPTIONS

EET 112 (3) Elementary Electricity and Electronics
The basic elements of electricity and electronics are explored in an internet enabled, self-paced course. Laboratories make use of a Virtual Laboratory environment to provide experience with issues in wiring, power, circuits, and digital electronics.
Fall, Spring
GE-3

EET 113 (3) DC Circuits
A study of DC electrical circuits, Kirchhoff’s laws, series and parallel circuits, inductors, capacitors, circuit response to RL, RC and RLC circuits. Thevenin’s equivalent circuit theorem, and other network analysis theorems. Use of dependent sources in DC circuits.
Prerequisite: MATH 115, or concurrent
Fall, Spring

EET 114 (3) AC Circuits
Prerequisite: EET 113
Fall, Spring

EET 115 (3) Understanding Computers
A self-paced, interactive, multi-media course, for nonengineering students, exploring the basics of computer hardware. The course will cover concepts behind computer design and operation, including issues such as the need for RAM, hard drive, memory, ROM, etc.
Fall, Spring
GE-13

EET 116 (3) Communications-Past, Present & Future
This is an introductory course in the use of technology for communication. During the semester students will study the evolution of communications technology from early days to the present. This course will cover wireless, analog, and digital techniques including telephony, the internet, and mobile formats. The student will study theory and principles involved in the different types of communications. Modern techniques in digital communications will be discussed and demonstrated through simulation. A consumer example of digital communication will be given.
Variable
GE-13

EET 117 (3) Introduction to Digital Electronics
Hands-on experiences in the use of digital integrated circuits and logic families. Students will study logic gates, number systems, flip-flops, latches, registers, computer arithmetic and memory. A self-paced format with an open laboratory format.
Variable

EET 118 (3) Electricity - Generation, Usage & Green Alternatives
This course covers the development and status of electrical power as a global resource. This includes usage, generation, and impact on societies through out the world. Finally, the course will examine the many renewable generation options.
Variable
GE-3, GE-8

EET 125 (3) Perspective on Technology
Historical, cultural, ethical, philosophical, developmental, and creative aspects of engineering and technology as a discipline are explored. The course also examines concepts and events leading to important innovations of recent times; microwave ovens, FAX machines, personal computers, traffic signals, and video games. Available for general education and cultural diversity offered as self-paced online format.
Fall
GE-6, GE-8
Diverse Cultures - Purple

EET 141 (4) Integrated Computer Technology I
This course covers digital circuit and logic needed for electronic and computer engineering technology. Covers binary arithmetic, timing analysis, TTL, CMOS, logic gates, Boolean algebra, multiplexers, counter, adder, comparator, logic simulation, flip-flops, registers, and use of digital test equipment. Students design and build a complex architecture from small-scale logic components.
Co-requisite: EET 113
Fall
EET 142 (4) Integrated Computer Technology II
The course introduces syntax and semantics of C programming language, and builds C programming skills needed for electronic and computer engineering technology. The course covers basic data types including arrays and strings, program flow control, pointers, functions and basic I/O utilities. Students will learn how to name the registers and bit fields in the registers and perform I/O programming that involves simple I/O devices such as LEDs, seven-segment displays, and DIP switches. Prerequisite: EET 141
Spring

EET 143 (4) Integrated Computer Technology III
Sequential circuits, logic timing, clock distribution, counter, LED display, shift register, transceiver, 555 timer, 555 oscillator, D/A converter, RAM, ROM, mass memory, synchronous logic, asynchronous logic, microprocessor interfacing, testability, and simulation. Prerequisite: EET 142
Fall

EET 221 (3) Electronic CAD
Drafting principles involving use of computer electronic CAD software in laying out block diagrams, schematic diagrams, production drawings, graphical presentation of data, and printed circuit board layout and construction. Prerequisite: EET 113
Fall

EET 222 (4) Electronics I
An introduction to semiconductor theory and circuits: includes characteristics curves, biasing techniques and small signal analysis of FETs and MOSFETs, feedback concept, BJT and FETS frequency response. Prerequisite: EET 113
Fall

EET 223 (4) Electronics II
An introduction to differential amplifier, linear and nonlinear operational amplifiers, power amplifiers, linear digital ICs, oscillators, power supplies, D/A, A/D conversion, four layered devices and their applications. Prerequisite: EET 222
Co-requisite: EET 114
Spring

EET 254 (4) Microprocessors I
A study of microcomputer hardware and software fundamentals, the instruction set and the addressing modes of a microprocessor/microcontroller, assembly programming, basic I/O concepts, parallel I/O methods, asynchronous serial I/O methods, synchronous serial I/O methods, A/D conversion, timer applications, and introduction to Internet of Things (IoT) and its impact to society. Prerequisite: EET 143
Spring

EET 298 (1-4) Topics
Varied topics in Electronic and Computer Engineering Technology. May be repeated as topics change. Prerequisite: to be determined by course topic
Fall, Spring

EET 310 (4) Programming Tools
Several programming tools and their use in creating electronic hardware systems are covered in this course. Creating special-purpose hardware using numerical analysis programs written in C. Creating hardware utilizing Visual applications written in C. Use of scripting languages in hardware applications. Using Excel for input/output functions. Prerequisite: EET 143, EET 222 and EET 254
Fall

EET 315 (3) Programmable Instrumentation
Instrumentation system design and integration with sensors, actuators and other electronic indicator components. Programming in a block diagram environment and with embedded C to interface different hardware components. Prerequisite: MATH 113 or MATH 115
Variable

EET 340 (4) Programmable Hardware Technology
Create working programmable hardware using FPGA, GAL and other logic technology. Use industry standard tools such as Verilog, Xilinx, Orcad and Multisim along with development kits and extension boards to implement programmable systems. Interface LED displays, switches and I/O devices with programmable logic to create processing systems. Evolution of programmable logic and analog circuits. Prerequisite: EET 143
Spring

EET 341 (2) Electronic Shop Practices
An introduction to tools, equipment, materials, and techniques used in fabrication of electronic projects and printed circuit boards. Prerequisite: EET 142
Spring

EET 355 (3) Electrical Power Systems
Electrical power and magnetic circuit concepts, transformers, generators and motors (DC, synchronous, induction), special purpose motors, power-electronic motor drivers, prime movers/alternatives, generation, transmission/distribution, system stability/protection. Prerequisite: PHYS 212
Fall

EET 393 (1-4) Practicum
Elective credit for approved experience in off-campus work related to EET major. Permission required. Prerequisite: EET 142
Fall, Spring

EET 398 (0) CPT: Co-Operative Experience
Cumulative Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Either the course covers basic computer networking topics or流氓. Fall, Spring

EET 430 (4) Computer Networking I
An introduction to the basic foundations of computer networking. The course will encompass telecommunications, local area networks, wide area networks and wireless communication. Topics covered include OSI model, the TCP/IP MODEL, different network topologies and associated hardware, error detection and correction, protocols, and security. Prerequisite: EET 223, EET 254
Fall

EET 431 (4) Computer Networking II
A continuation of EET 430. Router configurations advanced LAN topologies, network configurations, protocols, and switching designs. Network troubleshooting and threaded case studies. Prerequisite: EET 430
Spring

EET 441 (4) Embedded Systems
Design and prototyping of embedded systems including both hardware and software components. A variety of hardware, software, sensors and displays will be used depending on the embedded system requirements. Issues related to hardware and software specifications will be studied as well as appropriate documentation standards. Prerequisite: EET 143
Spring

EET 452 (3) Operational Amplifier Applications
Operational amplifier circuits utilized in filters, sensors, comparators, voltage regulators, device testing, measurement systems, multipliers, phase-locked loops, and A/D converters. Differential amplifier basics. Linear integrated circuit processing. Prerequisite: EET 223 and MATH 121
Fall

EET 455 (3) Power Electronics
Use of solid-state switching devices in the conversion and control of electrical energy for low power and high power applications such as switched-mode regulated DC power supplies, motor speed control, lighting control, uninterruptible power supplies and HVDC transmission. Prerequisite: EET 143
Variable

EET 456 (4) Analog Communications
Communications principles and systems. Practical engineering aspects involved in modulation-demodulation, receivers, transmitters and filters. Also included are radiation and antennas, guided waves, microwaves, and microwave systems. Prerequisite: EET 222
Spring
EET 458 (1) Advanced Instrumentation
Experiences with electronic equipment and instrumentation including maintenance, repair, calibration, safety and component identification.
Prerequisite: 25 hours of EET courses, or consent
Spring

EET 461 (4) Industrial Automation I
Automation components and subsystems involving sensors, transistors, logic, amplifiers, software, microprocessors, PICs, actuators, encoders, stages, motors, controllers, and drives. Students design, simulate, build, test and document automation systems for Capstone projects.
Prerequisite: EET 223 and EET 254
Fall

EET 462 [4] Industrial Automation II
Continues building skills in automation components and subsystems involving sensors, transistors, logic, amplifiers, software, microprocessors, PICs, actuators, encoders, stages, motors, controllers and drives. Students design, simulate, build, test and document automation systems for Capstone projects.
Prerequisite: EET 461
Spring

EET 484 (4) Microprocessors II
A study of a high performance microprocessor architecture. Applications of a microprocessor for monitoring and controlling systems will be studied. Optimal utilization of a microprocessors resources will be stressed. PC programming in assembly and a high level language.
Prerequisite: EET 143
Fall

EET 486 (3) Digital Communications
Prerequisite: EET 142, EET 222
Variable

EET 487 (3) RF Systems Technology
Prerequisite: EET 223
Variable

EET 491 (1-4) In-Service
EET 492 (4) Integrated Circuit Technology
Semiconductor industry and overview of integrated circuit manufacturing, integrated circuit types, crystal growth and wafer manufacturing, physics of semiconductor materials, detail of major IC fabrication steps, process yield, semiconductor devices and integrated circuit formation, packaging, and semiconductor measurements, introduction to layout tools.
Prerequisite: EET 223
Spring

EET 494 (1) Global Experience in Engineering and Technology
This class provides students pursuing a minor in "Global Solutions in Engineering and Technology" with an opportunity to explore a set of topics related to achieving success in advance of and following an international experience (Internship, study abroad, etc.). Speakers will include faculty, graduate students, visiting researchers and industry members as well as student participants. Returning students will be required to participate in mentoring of students preparing for their international experience and provide written and/or oral presentations of various topics during the semester. This course is required both before and after participation in the international experience (min. 2 cr.)
Variable

EET 497 [1-6] Internship
Should be taken at end of junior year. Permission required.
Prerequisite: 40 hrs EET credits or written permission from program coordinator.
Fall, Spring

EET 498 (1-4) Topics
Varied topics in Electronic and Computer Engineering Technology. May be repeated as topics change.
Prerequisite: to be determined by course topic
EET 499 (1-4) Individual Study
Fall, Spring

ELECTRONIC ENGINEERING TECHNOLOGY CONTINUED

Elementary Education

College of Education
Department of Educational Studies: Elementary and Early Childhood
328 Armstrong Hall • 507-389-1516

Chair: Karen Colum
Faculty: Peg Ballard, Beth Beschorner, Ronald Browne, Karl Matz, Lori Piohwski, Maureen Prerin, Steven Reuter, Elizabeth Sandell, Lisa Vasquez

Accreditation. Council for the Accreditation of Educator Preparation (CAEP) and Minnesota Board of Teaching (BOT)

The Elementary Education program strives to prepare elementary teacher candidates for twenty-first century schools. Students in the program develop knowledge, critical reflection, and culturally responsive teaching skills. Students complete program requirements designed to build knowledge of content during their first two years. During their final two years, students are admitted to a cohort for course work. The coursework centers on students acquiring knowledge, professional dispositions and professional skills. A key part of the Elementary Education program is progressively more extensive field experience, culminating in full-time student teaching.

Note: Requirements related to teaching majors are subject to change as new rules governing teacher licensure are adopted by the Board of Teaching.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Admission to the Major:
1. Completion of 30 credits.
2. Minimum grade of “B” in ENG 101 and CMST 100 or CMST 102.
3. Cumulative grade point average of 3.00 or better.

Admission to Professional Education:
1. Minimum grade of “B” (ENG 101, CMST 100 or CMST 102)
2. MATH 201, EEC 215 and EEC 222W
3. Cumulative GPA of 3.00 or higher
4. Completion of 40 credits
5. Completion of or registration for Basic Skills Examination
6. Completion of National Criminal Background Check
7. Proof of liability insurance

Admission to Blocks. Admission to Blocks is based upon an application process and is competitive based upon cumulative GPA. While in Blocks students will be monitored for:
1. Successful completion of coursework
2. Successful completion of field experiences
3. A cumulative GPA of 3.00 or higher
4. Evaluation of professional dispositions
5. Completion and validation of application materials one year prior to student teaching semester
6. Completion of National Criminal Background Check
ELEMENTARY EDUCATION CONTINUED

Admission to Student Teaching (119 Armstrong Hall)
Director of Office of Field and International Experience: Elizabeth Finkness, Ph.D.
Student teaching at Minnesota State Mankato is a results-oriented, performance based 16-week program requiring the demonstration of an acceptable level of teaching performance, classroom management, and preparation, enhancing the learning environment, teaching for student learning, and professionalism. Multiple methods of assessment are used and evidence collected to provide a view of the teacher candidate's skills and dispositions. These methods include direct observations of teaching activities by public school and university faculty, the use of video-taped lessons and activities for self-assessment, use of logs, participation in learning communities, and participation in activities reflective of the professional responsibilities of teachers.  The University recommends licensure to a state upon satisfactory completion of a licensure program. However, licensure does not occur automatically through graduation and the awarding of a diploma. Students need to make application for a Minnesota teaching license at the close of the term in which they graduate. The College of Education, 119 Armstrong Hall, coordinates the licensure process. In addition to meeting all program requirements, the Basic Skills examination in reading, writing, and mathematics needs to be successfully completed, as well as the Elementary Pedagogy and Content examinations. Minnesota State Law requires that all candidates applying for an initial license in this state be fingerprinted for national background checks. A conduct review statement will also need to be completed and signed. There is a $31 fee for the criminal background check. The fee for the issuance of a Minnesota teaching license is $57.

GPA Policy. All coursework listed in the elementary education degree requires a cumulative GPA of 3.00 and a grade of "C" or higher. Students must achieve at least a 3.00 GPA in Professional Education courses.

Admission to major and Professional Education is granted by the academic department.

ELEMENTARY EDUCATION BS, TEACHING

Degree completion = 120 credits

Required General Education
HIST 190-US History to 1877 is required of all Elementary Education majors beginning Fall 2014.
ART 100 Elements and Principles of Art (3)
CHEM 100 Chemistry in Society (4)
EEC 222W Human Relations in a Multicultural Society (3)

ENG 101 Composition (4)
GEOG 100 Elements of Geography (3)
GEOL 100 Our Geologic Environment (3)
HITH 240 Drug Education (3)
MATH 201 Elements of Mathematics I (3)
THEA 101 Acting for Everyone (3)

MATH 112 College Algebra (4)
MATH 181 Intuitive Calculus (3)
MATH 203 Elements of Math III (3)
STAT 154 Elementary Statistics (3)

FIELD EXPERIENCES. A major component of professional education coursework involves field experiences in area schools. These experiences are sequential in development, time commitment, and skills practice. Field experiences are required for EEC 215 and EEC 222W. During blocks students will have extensive field experience, Monday through Friday. Multiple methods of assessment are used to document competencies. These methods include direct observations of teaching activities by public school and University faculty, the use of videotaped lessons and activities for self-assessment, use of logs, participation in on-line activities, and participation in activities reflective of the professional responsibilities of teachers. The successful completion of each field experience is necessary for progression in the program. All field placements are initiated by the Office of Field Experience.

Background Checks. All field placements are initiated by the Office of Field Experience. Students involved in any field experience need to undergo a national criminal background check prior to admittance to professional education and prior to student teaching. Students are responsible for the fees associated with the background checks. This information is provided to districts for their determination of suitability for placement. The Office of Field Experience coordinates the background check process.

**COURSE DESCRIPTIONS**

**ELEMENTARY EDUCATION**

**EEC 092 (2) Reading Strategies**

This course is designed to assist students in the development of specific reading strategies necessary for success with the literacy demands of the university classroom and beyond.

Fall, Spring

**EEC 200 (3) Early Clinical Experience: Elementary School**

A first course for elementary education majors. Experience in elementary classrooms, understanding children as learners, levels of instruction, general methods, and the teaching role.

Fall, Spring

**EEC 205 (3) Service Learning: Society and the Environment**

Community-based field experience to increase understanding for elementary education teachers about today’s complex environmental challenges. Students examine the interrelatedness of human society and the natural environment through a service learning experience at an area public school.

GE-10

**EEC 210 (1-4) Seminar**

An early course for elementary education majors. Exploration of the career field, introduction to the role of standards in education, overview of general methodology for the elementary classroom.

Variable

**EEC 215 (4) Introduction to Educational Psychology and Instruction in the Elementary**

This course provides students opportunities to: 1. understand the theories and contributions of major educational psychologist and theorists; 2. develop and demonstrate skills in educational technologies; 3. develop context for the knowledge and skills described above through activities/field experience.

Fall, Spring

**EEC 220 (1-4) Field Study**

This experience is designed jointly between student, advisor and a classroom teacher for the student to gain insight into the workings of the elementary classroom.

Variable

**EEC 222W (3) Human Relations in a Multicultural Society**

Study of interpersonal skills, motivation and group skills. Applied to educational settings. Meets State of Minnesota human relations requirement for teacher licensure.

Fall, Spring

WI, GE-7, GE-11

Diverse Cultures - Gold

**EEC 225 (2) Technology Applications in Education**

Provides the necessary knowledge base and instructional applications for using technology in the classroom.

**EEC 230 (1-4) Individual Study**

An experience/project designed by the student and advisor to provide for further study of a topic or component within the realm of elementary education. Could be exploratory in nature.

Variable

**EEC 235 (1-4) Independent Study**

Student directed learning; project jointly determined between student and advisor.

Variable

**EEC 240 (1-4) Research**

An opportunity to truly research an area within elementary education to provide a more in depth understanding.

Variable

**EEC 250 (1-4) Internship**

An opportunity to work in an elementary classroom under the direction of the classroom teacher.

Variable

**EEC 300 (1-4) Seminar: Children’s Literature**

Introduction to children’s literature, both current and classic works. Exploration of authors, genres, and illustrations. Selection, evaluation, and use with K-6 children.

Variable

**EEC 301 (1-2) September School Experience**

**EEC 302 (1) Extended School Experience**

Individually designed field experience in an elementary education classroom. Variable credits for 30 hours of practical experience in consultation with academic advisor and cooperating classroom teachers.

**EEC 303 (1) Classroom Methods**

Presentation and experience of creative, active learning methods for teaching in the elementary education classroom.

**EEC 310 (1-4) Individual Studies: Health for Elementary Teachers**

The course is designed to prepare the elementary classroom teacher with methods and materials for teaching health.

Variable

**EEC 315 (1-4) Individual Study: Drug/Alcohol Education**

This is a course jointly designed by the student and advisor to address the State of Minnesota requirements concerning drug/alcohol education for licensure.

Variable

**EEC 316 (1-4) Field Study: Math for Elementary Students**

The purpose of this course is to prepare elementary level mathematics teachers to use appropriate content, materials, and methods in teaching.

Variable

**EEC 317 (1-4) Field Study: Math Grades 1-6**

This course is designed to provide students with the necessary math content for successful math instruction in the elementary classroom.

Variable

**EEC 318 (1-4) Field Studies: Math Grades 7-8**

This course is designed to provide math content to assist the middle school level math educator.

Variable
EEC 320 (3) Social Studies in Elementary School
Selection and organization of content, materials, activities, and procedures for the elementary classroom.
Prerequisite: Admission to Professional Education, EEC 333
Co-requisite: EEC 321, EEC 334, EEC 335, EEC 355
Fall, Spring

EEC 321 (1) Literacy Field Experience
Experiences in elementary classrooms.
Co-requisite: EEC 320, EEC 334, EEC 355
Fall, Spring

EEC 322 (3) Science/Health in the Elementary School
Designed to help future teachers understand the role of science education in the school curriculum and to become familiar with some of the trends, issues and problems associated with it.
Prerequisite: EEC 333
Co-requisite: EEC 323, EEC 324, EEC 407, EEC 421, EEC 444
Fall, Spring

EEC 323 (1) Block 2 Field Experience
Science/health/math experience in elementary classrooms.
Fall, Spring

EEC 324 (3) Teaching Elementary School Mathematics
To prepare elementary level mathematics teachers to use appropriate content, materials and methods in teaching.
Prerequisite: EEC 320, EEC 333
Co-requisite: EEC 322, EEC 323, EEC 407, EEC 421
Fall, Spring

EEC 325 (1) Classroom Management I
Basic methods and approaches for organizing the classroom for instruction and for addressing minor misbehaviors.
Fall, Spring

EEC 330 (1-4) Individual Study: Social Studies in the Elementary School
This course is designed to provide necessary methods and materials for use in the elementary classroom.
Prerequisite: Admission to Professional Education, EEC 333
Co-requisite: EEC 320, EEC 321, EEC 334, EEC 355
Fall, Spring

EEC 331 (1-4) Individual Study: History for Elementary Teachers
This course is designed to prepare the elementary classroom teacher with the necessary content to teach American History.
Variable

EEC 332 (2) Developmental Reading
Principles and organization of the reading program. Instructional materials and procedures. This course does not meet requirement for elementary education.
Fall

EEC 333 (2) Classroom Learning Theory
Focus on principles of psychology and techniques of learning—behavioristic, cognitive, and humanistic.
Fall, Spring

EEC 334 (4) Reading and Language Arts Methods
Curriculum and methods for teaching literacy in elementary schools, K-6.
Prerequisite: EEC 333
Co-requisite: EEC 320, EEC 321, EEC 355
Fall, Spring

EEC 336 (1-4) Individual Study: Geography for Elementary Teachers
This course is designed to prepare students with the necessary content knowledge to teach geography in the elementary classroom.
Variable

EEC 340 (1-4) Research: Science Elementary Teaching
This course is designed to prepare the elementary classroom teacher to use appropriate content, materials, and methods in teaching.
Variable

EEC 341 (1-4) Experiences in Biology for Elementary Teachers
This course is designed to provide students with a variety of experiences within the biological science realm to apply in the elementary classroom.
Prerequisite: BIOL 100
Variable

EEC 342 (2) Teaching Science, Technology and Social Studies in the Middle School
Project-based interdisciplinary instruction, infusing technology in middle school mathematics, social studies, and science classrooms.
Fall, Spring

EEC 343 (1-4) Experiences in Physics for Elementary Teachers
This course is designed to prepare the student with a variety of experiences within the physical science realm to apply in the elementary classroom.
Prerequisite: PHYS 101
Variable

EEC 350 (1-4) Internship: Trends/Issues in Education
An opportunity to explore in an extended manner many of the current trends and issues within the elementary school setting to gain a more in-depth understanding.
Variable

EEC 352 (2) Reading in the Middle School
Development and definition of literacy in the middle school.
Prerequisite: EEC 333
Variable

EEC 355 (3) Assessment in the Elementary School
Students will develop the knowledge they need to understand the difference between assessment and evaluation; what validity, reliability and bias mean; the uses, advantages and limitations of different types of assessments and how to interpret their results. Students will also design assessments and scoring instruments.
Prerequisite: EEC 333
Co-requisite: EEC 320, EEC 321, EEC 334, EEC 355
Fall, Spring

EEC 368 (4) Preprimary Methods and Materials
Instructional strategies, theories of curriculum and development, integrated curriculum for 3, 4, and 5 year olds.
Co-requisite: EEC 369
Fall, Spring

EEC 369 (1) Preprimary Field Experience
Clinical experience to accompany EEC 368.
Co-requisite: EEC 368
Fall, Spring

EEC 400 (1-4) Seminar: Music Fundamentals
To provide the background content necessary for the elementary classroom teacher.
Variable

EEC 401 (1-4) Seminar: Music Elementary Teaching
To provide the methods and materials necessary to teach music in the elementary classroom.

EEC 402 (3) Introduction to Teaching the LEP Student
For teachers of students whose dominant language is other than English.
Variable

EEC 405 (1-4) Individual Studies: Art for Elementary Teachers
This course is designed to provide necessary methods and materials for use in teaching art in the elementary classroom.
Variable

EEC 410 (3) Philosophy & Practices in the Middle School
The middle school concept, curriculum, and teaching methods.
Prerequisite: EEC 333
Fall, Spring

EEC 412 (3) Kindergarten Methods and Materials
Instructional strategies, theories of curriculum and development, integrated curriculum for kindergarten children.
Co-requisite: EEC 413 for early childhood education major only.
Fall, Spring
**EEC 413 (1) Kindergarten Methods and Materials: Lab**  
Clinical experience to accompany EEC 412.  
Corequisite: EEC 413 for early childhood education majors only.  
Fall  

**EEC 414 (2-4) Diagnosis and Corrective Instruction in Elementary Mathematics**  
Diagnostic teaching, evaluating deficiencies, skill analysis, use of case studies and tools of diagnosis.  
Prerequisite: EEC 324  
Variable  

**EEC 415 (1-4) Field Study: Physical Education for Elementary Teachers**  
This course is designed to prepare the elementary classroom teacher with methods and materials for teaching physical education.  
Variable  

**EEC 417 (3) Teaching Reading to ESL Students**  
This course presents the theoretical base for the reading process, strategies for vocabulary development, and methods for content area learning as applied to second language learners.  
Spring  

**EEC 418 (2) Elementary School Science Activities**  
Identification of appropriate science equipment, process skills, concepts and instructional attitudes for science in the elementary school.  
Prerequisite: EEC 322  
Variable  

**EEC 420 (3) Reading Difficulties**  
Foundation level of knowledge concerning the characteristics, causes, diagnosis and treatment of reading difficulties.  
Prerequisite: EEC 332 or EEC 334  
Variable  

**EEC 421 (4) Interventions in Literacy and Mathematics**  
Assessment (benchmarking, progress monitoring & diagnostic) and strategies for assisting struggling learners in reading and mathematics within the Response to Intervention (RTI) framework.  
Co-requisite: EEC 424 and ENG 491  
Fall, Spring  

**EEC 422W (4) Reading Fundamentals**  
This course explores young children’s (birth to age 8) development of emergent literacy skills related to reading, writing, visual representation, speaking, listening, and viewing. The role of parents and early childhood learning environments are included. Observation, assessment, and strategies to promote emergent literacy are discussed. The use of appropriate children’s literature is promoted.  
Fall, Spring  

**EEC 423 (1) Field Experience in Reading**  
A field experience focused on diagnosis and remediation of the struggling reader.  
Fall, Spring  

**EEC 424 (3) Special Education and Behavioral Needs in Elementary Education**  
Provides elementary education majors with information about special needs students in the regular classroom. Includes strategies for effectively teaching and managing behavior of these students.  
Fall, Spring  

**EEC 425 (1-4) Individual Study: Reading for Elementary**  
This course is designed to prepare the elementary classroom teacher with the methods and materials for teaching reading to the K-6 student.  
Variable  

**EEC 426 (1-4) Research: Utilizing Media for Teaching**  
This course is designed to prepare the elementary classroom teacher to use media effectively for instruction.  
Variable  

**EEC 428 (3) Teaching Reading and Writing in the Content Areas**  
Provides strategies for teaching reading and writing knowledge, attitudes and skills in the various teaching content areas.  
Fall  

**EEC 430 (2) The Elementary Classroom**  
Historical foundations, influencing factors, issues. Projects in curricular organization.  
Deals with educational values. Awareness of current elementary school issues.  
Prerequisite: Admission to Professional Education  
Variable  

**EEC 436 (3) Engineering for Elementary Teachers**  
This course provides hands-on experiences through which students learn the basics of engineering. Topics include the engineering design process, reverse engineering, and engineering fields/professions. The course focuses on the engineering strand of the K-6 Minnesota State Science Standards.  
Summer  

**EEC 443 (1) Primary Grade Mathematics and Science Lab**  
Clinical field experience to accompany EEC 442. Students will observe and teach primary grade children. Requires 30 contact hours in a primary grade classroom. Students will plan and implement developmentally appropriate activities/lessons related to math, science, and social studies.  
Co-requisite: EEC 440, EEC 441, EEC 442  
Fall  

**EEC 446 (3) Educational Technology-STEM**  
Elementary education teacher candidates will study the technology skills needed in order to become effective STEM teachers.  
Variable  

**EEC 450 (1-14) Internship: Elementary Student Teaching**  
Student teaching in the elementary school. Includes weekly seminar.  
Variable  

**EEC 451 (2) Middle School Experience**  
Middle school visitations, observations, participation; understanding characteristics of students.  
Variable  

**EEC 456 (1) Special Topics: STEM for Elementary Teachers**  
This course provides students with familiarity in regard to emerging topics of importance in elementary STEM education.  
Variable  

**EEC 467 (3) Integrating Science, Technology, Engineering, and Math for Elementary Teachers**  
In this pedagogy course, elementary teachers will learn to integrate the four disciplines of STEM: science, technology, engineering, and math.  
Prerequisite: EEC 436  
Variable  

**EEC 470 (1) Field Experience in Reading and STEM**  
Field experience focusing on the struggling reader and instruction in an integrated approach to teaching science, technology, engineering, and math (STEM).  
Fall, Spring  
Co-requisite: EEC 421, EEC 424, EEC 491  

**EEC 471 (6) Kindergarten Student Teaching and Seminar**  
Full responsibility of classroom with university supervision.  
Prerequisite: EEC 370 and EEC 473, and admission to student teaching  
Fall, Spring  

**EEC 472 (11) Student Teaching: Moderately/Severely Mentally Handicapped**  
Student teaching in special education. (TMH)  
Prerequisite: Special Ed. Methods  
Fall, Spring  

**EEC 473 (12) Student Teaching Elementary**  
Student teaching in the elementary school. Includes weekly seminar.  
Prerequisite: Methods Courses; admission to student teaching  
Co-requisite: EEC 466, EEC 494  
Fall, Spring  

**EEC 478 (5) Supplementary Student Teaching Elementary**  
Student teaching in the elementary school including weekly seminar for K-12 majors.  
Prerequisite: Admission to student teaching  
Co-requisite: EEC 476 and KSP 475  
Fall, Spring  

**EEC 479 (11) Student Teaching Mildly/Moderately Mentally Handicapped**  
Student teaching in special education. (EMH)  
Prerequisite: Admission to student teaching  
Fall, Spring  

**EEC 483 (2) Supervision of Student Teachers**  
Assist K-12 classroom teachers in developing their skills for supervising pre-service and student teachers.  
Variable
ENGLISH BFA, BA, BS, CERTIFICATE AND MINORS

English

College of Arts & Humanities
Department of English
230 Armstrong Hall • 507-389-2117
Fax: 389-5887
Website: www.english.mnsu.edu
Chair: Matthew Sewell

The Department of English prepares students to study, understand, and use the English language in order to:

- communicate through written composition
- comprehend and create written texts
- gain a critical and analytical understanding of texts
- prepare for careers in teaching, writing, editing, publishing, and other professions that value such knowledge and skills.

The department’s goals are:

1. offering quality undergraduate education in creative writing, English education, film, linguistics, literature, and technical communication;
2. offering general education and service courses that foster effective reading, writing, speaking, and critical thinking, that promote an understanding of literature and film, and that promote an appreciation for the variety of cultures within our country and throughout the world;
3. contributing to students’ education in writing and teaching by means of instruction in the effective use of communication technologies.

The department’s undergraduate programs prepare graduates for a wide variety of careers, including middle and high school English teaching, freelance writing, literary publishing and editing, and technical and professional writing, publishing, and editing. Some English majors choose to go on for master’s or doctoral degrees that will qualify them to teach at the college level. Others find careers in a wide range of fields in business, government, and nonprofit organizations. Still others find that their English degrees are ideal gateways into training for professions such as law.

Admission to Major is granted by the department. ENG 101: Composition must be completed before admission to the major.

GPA Policy. Candidates for the major degrees in the department must maintain a 2.5 grade-point average in all coursework in the major field, in addition to the 2.0 overall average required by the university for graduation. Students must earn a “C” or better for a course to apply to their major or minor.

P/N Grading Policy. Courses leading to a major or minor in English may not be taken on a P/N basis, except where P/N is mandatory.

Supporting Coursework. Since the different programs in English complement a wide range of different fields of study, English majors should consult regularly with their faculty advisors regarding choice of a minor and other elective courses beyond the major or minor. In consultation with faculty advisors, students may choose a second major instead of a minor.

English Majors and Minors. Students majoring in English may also elect one of the following minors: film studies, linguistics, and technical communication. However, a course used to meet the requirements of an English major, minor, or certificate cannot also be used to meet the requirements of another English major, minor, or certificate. Consequently, because the technical communications programs share so many required courses, students may elect only one of them: BA English Studies Technical Communications Emphasis, BS English Technical Communications Option, the Certificate in Technical Communications, or the Technical Communications Minor.

Residency Requirements. Students pursuing a major and/or minor in the Department of English must complete at least 50% (half) of the required credits for the major and/or minor at Minnesota State Mankato. Programs within the Department may establish more stringent residency requirements.

Credit for Prior Learning. Students pursuing a major and/or minor in the Department of English may receive no more than 33% (one-third) of the required credits for the major and/or minor through credit for prior learning. Programs within the Department may establish more stringent credit for prior learning requirements.

Independent Work. Students pursuing a major or minor in the Department of English may earn no more than 33% (one-third) of the required credits through supervised independent work such as independent studies or internships, not including capstone experiences. Programs within the Department may establish more stringent independent work requirements.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

ENGLISH BA Program Options
Degree completion = 120 credits

Required for Bachelor of Arts (BA) degree: Language (8 credits)
Choose Creative Writing, English Studies or Literature Option
1. Creative Writing Option
2. English Studies Option
3. Literature Option

1. CREATIVE WRITING BA OPTION

**Major Common Core**
- ENG 275W Introduction to Literary Studies [4]
- British Survey (choose 4 credits)
- ENG 320 British Literature to 1785 [4]
- ENG 321 British Literature: 1785 to Present [4]
- American Survey (choose 4 credits)
- ENG 327 American Literature to 1865 [4]
- ENG 328 American Literature: 1865 to Present [4]

**Major Authors** (choose 4 credits)
- ENG 403W Selected Authors [4]
- ENG 405 Shakespeare: Comedies and Histories [2]
- ENG 406 Shakespeare: Tragedies [2]
- ENG 449 Topics in Creative Writing Form and Technique (2-4)

**Theory and Criticism, or Linguistics** (choose 4 credits)
- ENG 381 Introduction to English Linguistics [4]
- FILM 416 Film Theory and Criticism [4]
- ENG 441 Literary Theory and Criticism [4]
- ENG 481 History of the English Language [4]
- ENG 482 Teaching English Pronunciation and Discourse [4]

**Major Emphasis: Required Creative Writing Courses**
- ENG 448 Contemporary Writers [4]
- ENG 340 Form and Technique in Prose [4]
- ENG 341 Form and Technique in Poetry [4]
- Genres (choose 12 credits)
  - Choose two in a primary genre (poetry or prose) and one in a secondary genre (poetry or prose)
  - ENG 342 Beginning Creative Nonfiction Workshop [4]
  - ENG 343 Beginning Fiction Workshop [4]
  - ENG 344 Beginning Poetry Workshop [4]
  - ENG 442 Advanced Creative Nonfiction Workshop [4]
  - ENG 443 Advanced Fiction Workshop [4]
  - ENG 444 Advanced Poetry Workshop [4]
  - ENG 446 Screenwriting Workshop [4]
  - ENG 494 English Workshop (selected sections, 1-6)

**Other Graduation Requirements - Language** (8 credits)

**Required Minor:** Yes. See faculty advisor.

2. ENGLISH STUDIES BA OPTION

**Major Common Core**
- 48 total credits required for this degree. If you select 4 credits in the Foundation Category, you must select 40 credits in the Content Areas Category.
- ENG 275W Introduction to Literary Studies [4]

**Major Restricted Electives**
- **FOUNDATION** (choose 4-8 credits total in the Foundation Category)
  - Creative Writing and Linguistics (choose 0-8 credits)
  - ENG 242W Introduction to Creative Writing [4]
  - ENG 381 Introduction to English Linguistics [4]
  - Technical Communication (choose 0-4 credits)

**CONTENT AREAS**
- Choose 36-40 credits total in the Content Areas Category (Literature Surveys, Content Area Electives, and General Electives).
- **Literature Surveys** (choose 8-12 credits)
  - ENG 320 British Literature to 1785 [4]
  - ENG 321 British Literature: 1785 to Present [4]
  - ENG 327 American Literature to 1865 [4]
  - ENG 328 American Literature: 1865 to the Present [4]
- **Selected Studies in World Literature** (choose 4 credits)

**Required Minor:** Yes. See faculty advisor.

3. ENGLISH LITERATURE BA OPTION

**Major Common Core**
- ENG 275W Introduction to Literary Studies [4]

**Major Restricted Electives**
- **Shakespeare** (choose 0-8 credits)
  - ENG 320 British Literature to 1785 [4]
  - ENG 321 British Literature: 1785 to Present [4]
  - ENG 327 American Literature to 1865 [4]
  - ENG 328 American Literature: 1865 to Present [4]
- **Theory** (choose 4 credits)
  - FILM 416 Film Theory and Criticism [4]
  - ENG 441 Literary Theory and Criticism [4]
  - ENG 481 History of the English Language [4]
  - ENG 482 Teaching English Pronunciation and Discourse [4]

**Other Graduation Requirements**
- **Required for Bachelor of Arts (BA) degree:** Language (8 credits)
- 48 total credits required for this degree.

**Required Minor:** None.

ENGLISH CONTINUED
ENG 327 American Literature to 1865 (4)
ENG 449 Topics in Creative Writing Form and Technique (2-4) (choose 4 credits)
ENG 381 Introduction to English Linguistics (4)
FILM 416 Film Theory and Criticism (4)
ENG 441 Literary Theory and Criticism (4)
ENG 481 History of the English Language (4)
ENG 482 Teaching English Pronunciation and Discourse (4)
ENG 485 Language and Culture in TESL (4) (choose 4 credits)
Must be literature, theory, or linguistics course
ENG 300- ENG 499 (choose 12 credits)
ENG 344 or ENG 444 cannot be double-counted
ENG 342 Beginning Creative Nonfiction Workshop (4)
ENG 343 Beginning Fiction Workshop (4)
ENG 344 Beginning Poetry Workshop (4)
ENG 442 Advanced Creative Nonfiction Workshop (4)
ENG 443 Advanced Fiction Workshop (4)
ENG 444 Advanced Poetry Workshop (4)
ENG 446 Screenwriting Workshop (4) (choose 4 credits)
ENG 344 or ENG 444 cannot be double-counted
ENG 344 Beginning Poetry Workshop (4)
ENG 444 Advanced Poetry Workshop (4)

Other Graduation Requirements
Required for Bachelor of Arts (BA) degree: Language (8 credits)

Required Minor: None.

ENGLISH BS PROGRAM OPTIONS
Degree completion = 120 credits

Choose Communication Arts and Literature or Technical Communication option.
1. Communication Arts and Literature Education
2. Technical Communication

1. COMMUNICATION ARTS AND LITERATURE EDUCATION BS

Required General Education
CMST 102 Public Speaking (3)
CMST 310 Performance of Literature (4)
HUTH 240 Drug Education (3)
KSP 220W Human Relations in a Multicultural Society (3)
MASS 110 Introduction to Mass Media (4)

Literature, Humanities, Film (choose 4 credits)
Choose one course in literature, humanities, or film from the following list.
ENG 110 Introduction to Literature (4)
ENG 112W Introduction to Poetry and Drama (4)
ENG 113W Introduction to Prose Literature (4)
ENG 118 Diverse Cultures in Literature and Film (4)
ENG 125 International Children’s Literature (4)
ENG 146 Introduction to Shakespeare (4)
ENG 211W Perspectives in Literature and Human Diversity (4)
ENG 212W Perspectives in World Literature (4)
ENG 213W Perspectives: Ethics and Civic Responsibility in Literature (4)
ENG 215 Topics in Literature (2-4)
ENG 242W Introduction To Creative Writing (4)

Any 100-200 Film course. Any 100-200 Humanities course.

Major Common Core
Only two credits of CMST 201 are required. Total Major Common Core credits: 38. Total Major Restricted Elective credits: 9. Total credits in program: 47.
CMST 101W Interpersonal Communication (4)
CMST 201 Small Group Communication (2-4)
CMST 215 Effective Listening (2)
CMST 420 Methods: Teaching Communication Arts (2)
CMST 425 Methods: Directing and Coaching Forensics (2)
ENG 275W Introduction to Literary Studies (4)
ENG 285 Practical Grammar (2)
ENG 327 American Literature to 1865 (4)

ENG 328 American Literature: 1865 to the Present (4)
ENG 361 Teaching Literature, Grades 5-12 (4)
ENG 362 Teaching English, Writing, Grades 5-12 (4)
ENG 381 Introduction to English Linguistics (4)

Major Restricted Electives
British Literature (choose 4 credits)
ENG 320 British Literature to 1785 (4)
ENG 321 British Literature: 1785-1900 (4)
World Literature (choose 2 credits)
Only two credits of world literature are required.
ENG 433W Selected Studies in World Literature (4)
ENG 435 The World Novel (2-4)
ENG 461 World Literature for Children and Young Adults (2-4)
Young Adult Literature (choose 3 credits)
Only three credits of young adult literature are required.
ENG 463 Adolescent Literature (3)
ENG 464 Teaching Literature in the Middle School (3)
Shakespeare (choose 2 credits)
ENG 405 Shakespeare: Comedies and Histories (2)
ENG 406 Shakespeare: Tragedies (2)

Other Graduation Requirements
See the Secondary 5-12 & K-12 Professional Education section of the bulletin for admission requirements for professional education and for a list of required professional education courses. Students will take two credits of general electives to meet the 120-credit degree requirement.

Required Minor: None.

2. TECHNICAL COMMUNICATION BS OPTION

Major Common Core
Required Introductory Course (choose 4 credits)
ENG 271W Technical Communication (4)
ENG 272W Business Communication (4)

Required Courses
ENG 474W Research and Writing Technical Reports (4)
ENG 475W Editing Technical Publications (4)
ENG 498W Internship (3-4)
Documentation (choose 4 credits)
ENG 476 Online Documentation (4)
ENG 477W Technical Documentation, Policies, and Procedures (4)

Major Restricted Electives (18-19 credits)
Major Common Core and Electives must total 37 credits.
ENG 462 Document Design (4)
ENG 466 Usability (4)
ENG 467 International Technical Communications (1-4)
ENG 469 Project Management in Technical Communication (4)
ENG 471 Visual Technical Communication (4)
ENG 472 Topics in Technical Communication (1-4)
ENG 473 Desktop Publishing (4)
ENG 474W Research and Writing Technical Reports (4)
ENG 476 Online Documentation (4)
ENG 477W Technical Documentation, Policies, and Procedures (4)
ENG 478 Technical and Scientific Literature (4)
ENG 479 Rhetorical Theory Applied to Technical Documents (4)
ENG 480 Proposals (4)
ENG 494 English Workshop (selected sections, 1-6)

Other Graduation Requirements. English Department policy does not permit double-counting of courses for any English major or minor.

Minor. Choose a technical minor from the list below: Automotive Engineering Technology, Civil Engineering, Electronic Engineering Technology, Manufacturing Engineering Technology, Biology, Chemistry, Community Health, Computer Information Science, Computer Technology, Environmental Science, Geography, Geology, Math, Physics, Psychology, or others with approval. Contact your advisor or the program director.

TECHNICAL COMMUNICATION CERTIFICATE
This certificate program prepares participants for careers in technical communication, emphasizing current industry practice in the researching, writing, editing, and publishing of print or online technical documents. Required coursework emphasizes the development of student skills in audience analysis, problem solving, and collaboration.
within the workplace as well as the production of text and graphics for print and online publication. Special topics courses focus on industry practice in standards and documentation, document design, web development, usability testing, international communication, and other topics of importance to technical communicators.

**Major Common Core**

- **ENG 471** Visual Technical Communication (4)
- **ENG 475** Editing Technical Publications (4)
- **ENG 476** Online Documentation (4)
- **ENG 477W** Technical Documentation, Policies, and Procedures (4)

**Major Restricted Electives (choose 12 credits)**

- **ENG 462** Document Design (4)
- **ENG 466** Usability (4)
- **ENG 469** Project Management in Technical Communications (4)
- **ENG 472** Topics in Technical Communication (1-4)
- **ENG 473** Desktop Publishing (4)
- **ENG 474W** Research and Writing Technical Reports (4)
- **ENG 476** Online Documentation (4)
- **ENG 477W** Technical Documentation, Policies, and Procedures (4)
- **ENG 480** Proposals (4)

**Other Graduation Requirements**

English Department policy does not permit double-counting of courses for any English major or minor.

---

**ENGLISH GENERAL MINOR**

**Required for Minor** (Core 12 credits)

- **ENG 275W** Introduction to Literary Studies (4)
- **ENG 320** British Literature to 1785 (4)
- **ENG 321** British Literature: 1785 to Present (4)
- **ENG 327** American Literature to 1865 (4)
- **ENG 328** American Literature: 1865 to Present (4)

**Required Electives for Minor** (8 credits)

Choose 8 credits from any 300 or 400-level English courses (except **ENG 325**, **ENG 362**, **ENG 463**, or **ENG 464**).

---

**ENGLISH CREATIVE WRITING MINOR**

**Core**

- **ENG 340** Form and Technique in Prose (4)
- **ENG 341** Form and Technique in Poetry (4)

**Writing Workshop**

Choose 8 credits (to count in this category, **ENG 449** must be offered as a workshop).

- **ENG 342** Beginning Creative Nonfiction Workshop (4)
- **ENG 343** Beginning Fiction Workshop (4)
- **ENG 344** Beginning Poetry Workshop (4)
- **ENG 442** Advanced Creative Nonfiction Workshop (4)
- **ENG 443** Advanced Fiction Workshop (4)
- **ENG 444** Advanced Poetry Workshop (4)
- **ENG 446** Screenwriting Workshop (4)
- **ENG 449** Topics in Creative Writing Form and Technique (2-4)

**Electives**

Other Creative Writing and Literature Courses

Choose 8 credits (to count in this category, **ENG 449** must be offered as a workshop).

Courses may not be double-counted in different categories. Courses must be at the 300/400 level.

- **ENG 316** Topics in Literature (1-4)
- **ENG 318** Multicultural Literature (2-4)
- **ENG 320** British Literature to 1785 (4)
- **ENG 321** British Literature: 1785-Present (4)
- **ENG 325** Children’s Literature (3)
- **ENG 327** American Literature to 1865 (4)
- **ENG 328** American Literature: 1865 to the Present (4)
- **ENG 340** Form and Technique in Prose (4)
- **ENG 341** Form and Technique in Poetry (4)
- **ENG 342** Beginning Creative Nonfiction Workshop (4)
- **ENG 343** Beginning Fiction Workshop (4)
- **ENG 344** Beginning Poetry Workshop (4)

**LINGUISTICS MINOR**

**Required for Minor** (choose 8-16 credits from the following)

- **ENG 381** Introduction to English Linguistics (4)
- **ENG 482** Teaching English Pronunciation and Discourse (4)
- **ENG 485** Language and Culture in TESL (4)
- **ENG 490** Special Studies (1-4)
- **ENG 495** Special Studies (1-4)

**Electives** (0-8 credits)

(choose up to 8 credits from the following courses)

- **CDIS 201** Observation of Human Communication (3)
- **CDIS 290** Introduction to Communication Disorders (3)
- **CDIS 312** Speech and Language Development (3)
- **CDIS 392** Phonetics (3)
- **CDIS 402** Child Language Disorders (2)
- **CDIS 403** Child Language Disorders Lab (1)
- **CDIS 438** Speech Sound Disorders (3)
- **CGER 445** Topics in German Linguistics (1-4)
- **FREN 323** French Phonetics & Applied Linguistics (2-4)
- **FREN 404** French Syntax (2-4)

- **SPAN 401** Topics in Linguistics (1-4)

**TEACHING ENGLISH AS A SECOND LANGUAGE, NON-LICENSE MINOR**

**Minor Core**

- **ENG 381** Introduction to English Linguistics (4)
- **ENG 482** Teaching English Pronunciation and Discourse (4)
- **ENG 484** Pedagogical Grammar & Academic English (4)
- **ENG 485** Language and Culture in TESL (4)
- **ENG 486** Theories of Teaching ESL (4)
- **ENG 487** Methods of Teaching ESL (4)

**TEACHING ENGLISH AS A SECOND LANGUAGE MINOR**

**Minor Core**

- **ENG 381** Introduction to English Linguistics (4)
- **ENG 482** Teaching English Pronunciation and Discourse (4)
- **ENG 484** Pedagogical Grammar & Academic English (4)
- **ENG 485** Language and Culture in TESL (4)
- **ENG 486** Theories of Teaching ESL (4)
- **ENG 487** Methods of Teaching ESL (4)
- **ENG 489** Policies and Programs in ESL (4)

A teaching licensure student must also complete the professional education requirements in order to get a K-12 teaching license. Please see the ESL licensure advisor for the appropriate licensure program.
**Required for Minor** (Required for a state of Minnesota teaching license, an additional 30 credits of professional education courses). See the SECONDARY 5-12 AND K-12 PROFESSIONAL EDUCATION section for admission requirements to Professional Education and a list of required professional education courses. This 30 credit requirement includes 11 credits of student teaching. Students must satisfactorily complete a student teaching component of full-day experiences for one academic semester, or its equivalent, including both elementary and secondary education levels with students of limited English proficiency.

**TECHNICAL COMMUNICATION MINOR**

**Minor Core**
- Required introductory course for minor (choose 4 credits)
  - ENG 271W Technical Communication (4)
  - ENG 272W Business Communication (4)
- Required advanced course for minor (choose 4 credits)
  - ENG 474W Research and Writing Technical Reports (4)
  - ENG 475 Editing Technical Publications (4)
  - ENG 476 Online Documentation (4)
  - ENG 477W Technical Documentation, Policies, and Procedures (4)

**Electives for Minor**
(Choose 8 credits, may not include the advanced course chosen above.)
- ENG 462 Document Design (4)
- ENG 463 Usability (4)
- ENG 469 Project Management in Technical Communication (4)
- ENG 471 Visual Technical Communication (4)
- ENG 472 Topics in Technical Communication (1-4)
- ENG 473 Desktop Publishing (4)
- ENG 474W Research and Writing Technical Reports (4)
- ENG 475 Editing Technical Publications (4)
- ENG 476 Online Documentation (4)
- ENG 477W Technical Documentation, Policies, and Procedures (4)
- ENG 478 Technical and Scientific Literature (4)
- ENG 479 Rhetorical Theory Applied to Technical Documents (4)
- ENG 480 Proposals (4)

**INTERDISCIPLINARY MINOR IN COMMUNICATIONS**

This interdisciplinary minor is for students who wish to enhance their communication skills for use in business and other professional settings. Students completing this minor will develop an understanding of contexts and rhetorical strategies for oral and written communication among professionals. Students will also develop their own ability to communicate through written texts, oral communication, and electronic formats. These skills are highly desired by employers in a wide range of business, government, and nonprofit organizations. Students may major in any of the programs affiliated with this minor, but the courses taken for the minor will not count toward the major. Students must earn a “C” or better in English courses in order to apply them to the minor.

**Minor Core**
- CMST 312 Professional Communication & Interviewing (4)
- CMST 412 Organizational Communication (4)
- ENG 271W Technical Communication (4)
- ENG 474 Research and Writing Technical Reports (4)

**Minor Electives**
Choose 11 credits from the following programs. At least one course must be at the 3/400 level.
- CMST 225 Communicating With/Through Technology (4)
- CMST 333 Communication & Community (4)
- CMST 445 Conflict Management (4)
- ECON 201 Principles of Macroeconomics (3)
- ECON 202 Principles of Microeconomics (3)
- ENG 301W Advanced Writing (4)
- ENG 454 Persuasive Writing on Public Issues (4)
- ENG 455 Advanced Writing Workshop (4)
- ENG 471 Visual Technical Communication (4)
- ENG 473 Desktop Publishing (4)
- ENG 474 Research and Writing Technical Reports (4)
- ENG 475 Editing Technical Publications (4)
- IT 100 Introduction to Computing and Applications (4)
- RPS 377 Public Relations (3)
- RPLS 465 Event Management (3)
- URBS 150 Sustainable Communities (3)
- URBS 230 Community Leadership (3)
- URBS 412 Public Information and Involvement (3)

**WRITING STUDIES MINOR**

**Minor Common Core**
- ENG 201W Intermediate Writing (4)
- ENG 301W Advanced Writing (4)

**Minor Electives**
(Choose 12 credits from the following courses)
- ENG 285 Practical Grammar (2)
- ENG 430 Independent Reading (1-4)
- ENG 442 Advanced Creative Nonfiction Workshop (4)
- ENG 453 Topics in Rhetoric and Composition (4)
- ENG 454 Persuasive Writing on Public Issues (4)
- ENG 455 Advanced Writing Workshop (4)

**COURSE DESCRIPTIONS**

**ENG 098 (2-4) Integrated Reading and Writing (P/N Only)**
This course offers instruction in, and practice with, critical reading and writing strategies. Credit does not apply toward graduation. P/N only.

**ENG 100 (4) Introduction to Composition**
A writing course that progresses from personal writing to writing about readings and the use of sources. Does not fulfill general education requirement 1A.

**ENG 101 (4) Composition**
This course helps students develop a flexible writing process, practice rhetorical awareness, read critically to support their writing, research effectively, represent others’ ideas in multiple ways, reflect on their writing practices, and polish their work.

**GE-1A**

**ENG 103 (4) Stretch Composition I**
This course helps students develop a flexible writing process, increase their rhetorical awareness, acquire critical reading skills to support their writing, represent others’ ideas in multiple ways, reflect on their writing development, and polish their work.

**Fall**

**ENG 104 (4) Stretch Composition II**
This course helps students gain greater facility with the writing process, expand their rhetorical awareness, research effectively, compose argument-driven texts, represent others’ ideas in multiple ways, reflect on their writing development, and polish their work.

**Spring**

**ENG 107 (1-4) English Writing for Academic Purposes**
This writing course focuses on the processes and products of writing for academic purposes in the American context, with particular interest in the structural variation among academic genres. This course is intended for non-native speakers of English. This course does not meet General Education requirements.

Prerequisite: TOEFL iBT score of 89 or above, or completed ESL 136 with a “C” or higher, or the equivalent.

On Demand: Fall, Spring, Summer

**ENG 110 (4) Introduction to Literature**
Study and analysis of elements of prose, poetry and drama in English from earlier periods through contemporary. Emphasizes critical reading of literature. May include such genres as short story, novel, memoir, nonfiction, biography, autobiography, poem, play, screenplay.

**GE-6**

**ENG 112W (4) Introduction to Poetry and Drama**
Study and analysis of elements of poetic and dramatic literature in English, including translations, from earlier periods through contemporary. Emphasizes critical reading of and writing about literature.

Prerequisite: ENG 101

**WI, GE-6**

**ENG 113W (4) Introduction to Prose Literature**
Study and analysis of prose literature in English from earlier periods through contemporary. Works will be chosen from the following forms: short stories, essays, novellas, novels, memoirs, autobiographies, and other long forms. Emphasizes critical reading of and writing about literature.

Prerequisite: ENG 101

**WI, GE-6**
ENGLISH CONTINUED

ENG 118 (4) Diverse Cultures in Literature and Film
Students in this course learn about diverse peoples and societies by reading and writing about novels, non-fiction, poetry, and/or films.
Variable
GE-6, GE-7
Diverse Cultures - Purple

ENG 125 (4) International Children’s Literature
The course purpose is to increase students’ knowledge of international children’s literature that is written in English or translated into English. Students will be introduced to individual books, authors, and methods of responding to literature. This course studies children’s literature set in countries such as Afghanistan, WWII Germany, and the Dominican Republic.
Variable
GE-6, GE-8
Diverse Cultures - Purple

ENG 146 (4) Introduction to Shakespeare
This course will introduce students to Shakespeare’s plays (histories, tragedies, and comedies) and sonnets. Students will read, analyze, and develop interpretations of these works, learning about Shakespeare’s language, historical situations, and world views.
Variable
GE-6, GE-8

ENG 201W (4) Intermediate Writing
Work on developing mastery of the rhetorical principles of planning, executing, and revising written texts. Emphasis on strengthening analytical writing, both expository and argumentative; valuable for writing on the job.
Prerequisite: ENG 101
WI, GE-2

ENG 211W (4) Perspectives in Literature and Human Diversity
Courses will explore various specialized topics in literature to increase understanding of literary contributions made by under-represented peoples, to develop critical thinking, reading, and writing skills, and to increase appreciation of the diversity of human experience. Typical courses include: Multicultural Literature, Women’s Literature. May be repeated as topics change.
Prerequisite: ENG 101
WI, GE-6, GE-7
Diverse Cultures - Purple

ENG 212W (4) Perspectives in World Literature
Courses will introduce students to works of literature from a variety of world cultures. Designed to increase knowledge of world cultures and appreciation and understanding of cultural differences in representation, and in seeing, believing, and being. Emphasizes critical thinking, reading, and writing. May be repeated with different topics.
Prerequisite: ENG 101
WI, GE-6, GE-8
Diverse Cultures - Purple

ENG 213W (4) Perspectives: Ethics and Civic Responsibility
Courses will focus on some characteristic ways in which literature addresses and explores the ethical dimensions of citizenship and the relationships between works and their cultural contexts. Emphasizes critical thinking, reading and writing. Typical courses include: War and Peace; Utopias and Dystopias. May be repeated as topics change.
Prerequisite: ENG 101
WI, GE-6, GE-9

ENG 215 (2-4) Topics in Literature
Course will explore specialized topics in literature, may be repeated under a different topic.
GE-6

ENG 219 (1) Visiting Writers Series
This course operates as an independent study of those writers visiting campus for the Good Thunder Reading Series.
WI

ENG 242W (4) Introduction To Creative Writing
An introduction to writing poetry and short prose. This course does not assume previous creative writing experience on the part of the student.
WI, GE-11

ENG 271W (4) Technical Communication
Introduction to learning the written and oral communication of technical information. Assignments include writing and presenting proposals, reports, and documentation. Emphasis on use of rhetorical analysis, computer applications, collaborative writing, and usability testing to complete technical communication tasks in the workplace.
Prerequisite: ENG 101
WI, GE-2, GE-13

ENG 272W (4) Business Communication
Introduction to business communications. Assignments include writing and presenting proposals, reports, and documentation typical to a business/industry setting. Emphasis on use of rhetorical analysis, software applications, collaboration, and usability testing to complete business communication tasks.
Fall, Spring
WI, GE-2, GE-13

ENG 275W (4) Introduction to Literary Studies
An introduction to literary genres and to the techniques of writing about literature.
Prerequisite: ENG 101
WI

ENG 285 (2) Practical Grammar
A review of traditional grammar designed to prepare students for advanced work in language and grammar. This course will run for a half-semester.

ENG 301W (4) Advanced Writing
Expressive expository and argumentative writing. For anyone interested in developing advanced rhetorical skills such as invention, arrangement, and style in discourse. Especially recommended for students who plan to write as part of their careers or pursue graduate study.
Prerequisite: ENG 101 and permission of instructor
WI, GE-2

ENG 307 (1-4) Special Topics in ESL
Special interest courses devoted to specific topics within the field of English as a Second Language. Topics vary, and the course may be re-taken for credit under different topic headings.
Variable

ENG 316 (1-4) Topics in Literature
Topic-oriented course in literature. May be repeated with change of topic.
Variable

ENG 318 (2-4) Multicultural Literature
Specific topics in multicultural literature with detailed study of a particular period, region, or group in the United States and their contributions to a diverse literature. Topics include African American Literature, American Indian Literature, Southern Writers of Color, and others. May be repeated as topics change.
Diverse Cultures - Purple

ENG 320 (4) British Literature to 1785
Representative works from British literature encompassing Beowulf through the Eighteenth Century.
Prerequisite: ENG 275W
Fall

ENG 321 (4) British Literature: 1785-Present
Representative works from British literature, the Romantic Period, to the present.
Prerequisite: ENG 275W
Spring

ENG 325 (3) Children’s Literature
Introduction to authors, genres, illustrations, and works of literature published for elementary age children. Current and classic works.

ENG 327 (4) American Literature to 1865
A survey of American Literature from its beginnings to the end of the Civil War.
Prerequisite: ENG 275W
Fall

ENG 328 (4) American Literature: 1865 to the Present
A survey of American Literature from the end of the Civil War to the present.
Prerequisite or Co-requisite: ENG 275W
Spring

ENG 340 (4) Form and Technique in Prose
Study of the technical underpinnings of fiction and nonfiction genres.
On Demand: Fall, Spring, Summer

ENG 341 (4) Form and Technique in Poetry
Study of the technical underpinnings of poetry.
On Demand: Fall, Spring, Summer

ENG 342 (4) Beginning Creative Nonfiction Workshop
Introduction to writing personal essays and literary journalism.
ENG 343 (4) Beginning Fiction Workshop
Introduction to writing short stories. On Demand

ENG 344 (4) Beginning Poetry Workshop
Introduction to writing poems. Variable

ENG 359 (4) Topics and Research
Topics and Research is a variable topics course giving students the opportunity to work closely with a professor to study a specific aspect of English and do research in a specialized area. Variable

ENG 361 (4) Teaching English: Literature, Grades 5-12
Theory, practice, and materials for teaching English language arts in middle school and high school, with particular attention to literature. Fall (On Demand), Spring (On Demand)

ENG 362 (4) Teaching English: Writing, Grades 5-12
Theory, practice and materials for teaching English language arts in middle school and high school, with particular attention to language and writing. Fall

ENG 381 (4) Introduction to English Linguistics
The English language considered structurally (phonology, morphology, syntax, semantics) and sociolinguistically (geographical and social dialects, gender issues, acquisition of first and second language, standard and nonstandard forms). Fall

ENG 402W (4) Gender in Literature
Selected topics course on literature about gender and gendered experiences. Diverse Cultures - Purple

ENG 403W (4) Selected Authors
Studies in selected authors. Specific authors change. May be repeated with content changes.

ENG 405 (2) Shakespeare: Comedies and Histories
A study of Shakespeare's comedies and histories. This course will run for a half-semester. Spring

ENG 406 (2) Shakespeare: Tragedies
A study of Shakespeare's tragedies. This course will run for a half-semester. Spring

ENG 410 (1-4) 21st Century Literature
Study of literature from the 21st century, with an emphasis on how these works reflect contemporary concerns. Prerequisite: ENG 275W Variable

ENG 425 (2-4) Topics in Children's Literature
Topics have included genres such as fantasy or historical fiction and thematic topics such as survival or journeys. May be repeated for credit when the topic changes. Fall

ENG 426 (2-4) Selected Periods
Selected periods of literary study. Variable

ENG 430 (1-4) Independent Reading
Extensive reading in an area for which the student has had basic preparation. Prerequisite: Consent

ENG 432 (2-4) Selected Studies in the Novel
Content changes. May be repeated.

ENG 433W (4) Selected Studies in World Literature
Topics on themes, issues, and developments in genres of the literatures of the world. Content changes. May be repeated. Fall Diverse Cultures - Purple

ENG 435 (2-4) The World Novel
A study of selected novels from a variety of time periods and cultures, including Eastern and Western Europe, Asia, Africa, and Latin America. Spring

ENG 436W (4) Native American Literature
This writing-intensive course surveys the earliest Native American literary works, from oral tradition and songs to contemporary works and authors, with a particular emphasis on tribal and cultural contexts that identify these works as Native American. Diverse Cultures - Purple

ENG 437W (2-4) Latina/o Literature
This course surveys the origins and development of Chicana/o and Latina/o literature, from oral narratives, early poetry, and narrative fiction and memoirs, through the Chicano Movement and the emergence of Chicana/o literature and drama. The course also examines contemporary Chicana/o and Latina/o narrative fiction, including issues related to immigration, the urban experience, Chicana/o and Latina/o subjectivity, and the reappropriation and reinterpretation of myths, legends, and cultural figures in transnational context. On Demand: Fall, Spring, Summer Diverse Cultures - Purple

ENG 438W (4) African American Literature
This writing-intensive course surveys the earliest African American literary works, including slave narratives, poetry, folklore, and oration, through 20th century movements such as the Jazz Age, Harlem Renaissance, and Black Arts Movement of the 1960s, to contemporary works and authors. Diverse Cultures - Purple

ENG 441 (4) Literary Theory and Criticism
Theories of literature and its production and use. Prerequisite: 6 semester credits in literature Variable

ENG 442 (4) Advanced Creative Nonfiction Workshop
Advanced workshop in writing personal essays and literary journalism. May be repeated. Prerequisite: ENG 340 or ENG 342 ALT-Fall

ENG 444 (4) Advanced Poetry Workshop
An advanced course in writing short stories and novels. May be repeated. Prerequisite: ENG 340 or ENG 343 ALT-Spring

ENG 445 (4) Advanced Critical Writing Workshop
An advanced course in writing critical essays. May be repeated. Prerequisite: Writing course or consent Variable

ENG 446 (4) Screenwriting Workshop
Introduction to writing for the screen. May be repeated. Prerequisite: Writing course or consent Spring

ENG 448 (4) Contemporary Writers
This course approaches works of fiction, poetry, and creative nonfiction from the past 30 years with a special focus on the craft issues that are central components of each work's success. English 448 is a required course for BA and BFA majors in creative writing. Spring Diverse Cultures - Purple

ENG 449 (2-4) Topics in Creative Writing Form and Technique
Topics in Creative Writing Form and Technique will be a variable-title course that explores special topics relating to the technical mastery of one or more creative genres, or the technical achievement of one or more practitioners. May be repeated with different topics. Fall, Spring, Summer

ENG 453 (4) Topics in Rhetoric and Composition
Topics in Rhetoric and Composition will be a variable title course that explores special topics relating to the theory, history, and practice of one or more areas within rhetoric and composition. Prerequisite: ENG 201W, ENG 301W Variable
ENGLISH CONTINUED

ENG 454 (4) Persuasive Writing on Public Issues
Advanced writing course emphasizing major contemporary public issues. Practice in and study of: the logic by which writers construct arguments; the various means that writers use to persuade an audience; the conventions of evidence, claims and arguments in persuasive discourses.
Prerequisite: ENG 201W, ENG 301W
Variable

ENG 455 (4) Advanced Writing Workshop
Advanced interdisciplinary writing emphasizes critical reading and thinking, argumentative writing, library research, and documentation of sources in an academic setting. Practice and study of selected rhetorics of inquiry employed in academic disciplines preparing students for different systems of writing.
Prerequisite: ENG 201W, ENG 301W
Variable

ENG 461 (2-4) World Literature for Children and Young Adults
Selected works of literature for students in grades 5-12 from a variety of countries and cultures.
On Demand: Fall, Spring, Summer

ENG 462 (4) Document Design
Addresses theories of design and teaches students design strategies in typography, graphics, tables, color, and information architecture that will subsequently be applied to documents.
Prerequisite: ENG 271W or ENG 272W
Variable

ENG 463 (3) Adolescent Literature
A survey of literature for students in grades 5-12, fiction and non-fiction, and methods of teaching this literature.
Fall

ENG 464 (3) Teaching Literature in the Middle School
Survey of books suitable for the middle school classroom, covering a variety of topics and genres.
Spring

ENG 466 (4) Usability
Introduces students to theories of usability and teaches students various methods to evaluate design for usability including heuristic evaluations, card-sorting, task-based evaluations, and fieldwork.
Prerequisite: ENG 271W or ENG 272W
Variable

ENG 467 (1-4) International Technical Communication
Students learn how to research and write technical information for multiple cultures, both locally and internationally.
Variable

ENG 469 (4) Project Management in Technical Communication
This course is designed to introduce students to technical project management. This introduction is achieved through participation in a simulated project management experience. Assignments include standard documentation associated with project management and reflective writing.
Prerequisite: ENG 271W
Fall, Spring

ENG 470 (1-4) Independent Writing
Writing in an area and of a type for which the student has demonstrated ability. May be repeated.
Prerequisite: Consent

ENG 471 (4) Visual Technical Communication
This course provides analysis and training focused on concepts and practices of visual design as they relate to technical and professional communication.

ENG 472 (1-4) Topics in Technical Communication
Overview of technical communication theory with emphasis on contemporary approaches. Hands-on workshop which implements the theories discussed.

ENG 473 (4) Desktop Publishing
Brief history of publishing and typography, conventions of desktop publishing, and hardware and software application tools for desktop publishing. Students need not have prior experience with DTP, but some word processing and microcomputer experience will be helpful.

ENG 474W (4) Research and Writing Technical Reports
Practice in writing various types of reports for a variety of purposes and audiences. Includes primary and secondary research methods, and data analysis of information to be used in reports.
Prerequisite: ENG 271W or ENG 272W
VI

ENG 475 (4) Editing Technical Publications
Editing the content, organization, format, style, and mechanics of documents; managing the production cycle of documents; and discovering and learning computer and software applications for technical editing tasks.
Spring

ENG 476 (4) Online Documentation
This course serves as an introduction to the conventions and strategies for publishing online documentation and for managing online documentation projects. Topics will include:
1. analyzing users and tasks;
2. designing and writing documents to be published online;
3. testing online documents; and
4. managing online documentation projects.

ENG 477W (4) Technical Documentation, Policies, and Procedures
Creating both online and print documentation for products, with emphasis on computer software and hardware documentation for users. Attention also to policies and procedures as written for a range of uses (e.g., employee handbooks, manufacturing processes, usability testing).
Fall

ENG 478 (4) Technical and Scientific Literature
Reading and analysis of stories, novels, poems, essays, and nonfiction accounts that deal with scientific and technological topics. Focus on the role of technology in communication forms and tools.
ALT-Fall

ENG 479 (4) Rhetorical Theory Applied to Technical Documents
Overview of prominent rhetorical theories, from classical to contemporary, which are applicable to technical communication. Practical application and implications of the theories emphasized. Additional attention given to current issues such as risk communication and ethics.
ALT-Spring

ENG 480 (4) Proposals
Practice in the development and production of proposals, focusing on the research, writing, and management of proposals by technical communicators.

ENG 481 (4) History of the English Language
The development of English from its origins as a dialect of Proto-Indo-European to its current form, with consideration of its social history as well as its formal development.

ENG 482 (4) Teaching English Pronunciation and Discourse
The English sound system and English discourse structures studied for the purpose of discovering how they can be taught to students of English as a second or foreign language.
Fall

ENG 484 (4) Pedagogical Grammar and Academic English
Investigation of English grammatical structures and the features of Academic English for the purposes of understanding their use and of teaching them to speakers of English As A Second Language.
Spring

ENG 485 (4) Language and Culture in TESL
A consideration of the cultural issues encountered by teachers of English as a second or foreign language in the US and abroad.
Spring
Diverse Cultures - Gold

ENG 486 (4) Theories of Teaching ESL
Introduction to theories of second language acquisition, focusing on some of the major theories in this field, including individual and sociocultural factors in language learning, as well as practical issues and applications of theory in a wide range of settings.
Fall
ENG 487 (4) Methods of Teaching ESL
Examines the integration of skills, including listening, speaking, reading, writing, and vocabulary use in a variety of contexts, e.g. K-12, adult, higher education, ESL, EFL.
Spring

ENG 489 (4) Policies and Programs in ESL
This course describes state and federal legislation affecting ESL; identification, assessment, placement, and tracking of English Language Learners in the K12 context; current models of ESL program delivery; and Minnesota State Standards and standardized testing.
Spring

ENG 490 (1-4) Topics in TESL
Topics in learning and teaching English as a Second/Foreign Language. May be repeated for credit.
Variable

ENG 491 (4) Teaching English Language Learners in the Mainstream Classroom
This course introduces education majors to teaching ELLs. Included in this course is an investigation of the attendant orthography, morphology, and syntax of English, and exposure to lesson planning, assessment, and differentiated instruction appropriate for ELLs in the mainstream classroom.
Fall, Spring

ENGLISH FOR MULTILINGUAL LEARNERS: INTENSIVE ENGLISH PROGRAM AND ENGLISH FOR ACADEMIC PURPOSES

English for Multilingual Learners:
Intensive English Program and English for Academic Purposes

College of Arts & Humanities
Department of English
230 Armstrong Hall • 507-389-2117
Chair: Matthew Sewell
Faculty: Nancy Drescher, Sarah Henderson Lee, Paolo Infante, Karen Lybeck, Glen Poupopi

Courses in English for English for Multilingual Learners: Intensive English Program and English for Academic Purposes are intended to help international students and other students who are non-native speakers of English. These courses are advanced level second language courses that prepare students to meet the language demands of academic study. Placement into these courses occurs at the beginning of each semester for newly admitted students, including students who have transferred to Minnesota State Mankato from other institutions. International students must register for and complete any required courses as determined by placement exams. Specific information regarding the testing and placement process may be secured from the office of the Department of English or the Kearney International Center.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
GPA Policy: A grade of “C” (2.0) or better must be earned in these courses.

COURSE DESCRIPTIONS

Intensive English Program

IEP 020 (1-6) Low-Intermediate Reading and Vocabulary
In this course, multilingual students in the Intensive English Program develop their reading comprehension and vocabulary at the low-intermediate level by reading a selective range of academic texts from a variety of genres and by applying a variety of reading and vocabulary-building strategies.
On Demand: Fall, Spring, Summer

IEP 021 (1-6) Low-Intermediate Writing
In this course, multilingual students in the Intensive English Program develop their writing skills at the low-intermediate level by writing paragraphs in a range of genres and by applying a variety of writing strategies.
On Demand: Fall, Spring, Summer

IEP 022 (1-6) Low-Intermediate Listening and Speaking
In this course, multilingual students in the Intensive English Program develop their listening and speaking skills at the low-intermediate level by listening to a selective range of academic lectures and other types of audio-visual texts, by participating in academic and social conversations, and by performing short oral presentations.
On Demand: Fall, Spring, Summer

IEP 023 (1-6) Low-Intermediate Grammar
In this course, multilingual students in the Intensive English Program develop their grammar skills at the low-intermediate level by understanding how written and spoken grammar is used in context and how to apply them in written and spoken contexts.
On Demand: Fall, Spring, Summer

IEP 030 (1-6) High-Intermediate Reading and Vocabulary
In this course, multilingual students in the Intensive English Program develop their reading comprehension and vocabulary at the high-intermediate level by reading an extensive range of academic texts from a variety of genres and by applying a variety of reading and vocabulary-building strategies.
On Demand: Fall, Spring, Summer

IEP 031 (1-6) High-Intermediate Writing
In this course, multilingual students in the Intensive English Program develop their writing skills at the high-intermediate level by writing paragraphs and short essays in a range of genres and by applying a variety of writing strategies.
On Demand: Fall, Spring, Summer

IEP 032 (1-6) High-Intermediate Listening and Speaking
In this course, multilingual students in the Intensive English Program develop their listening and speaking skills at the high-intermediate level by listening to an extensive range of academic lectures and other types of audio-visual texts, by participating in academic and social conversations, and by performing oral presentations.
On Demand: Fall, Spring, Summer

IEP 033 (1-6) High-Intermediate Grammar
In this course, multilingual students in the Intensive English Program develop their grammar skills at the high-intermediate level by understanding how written and spoken grammar is used in context and how to apply them in written and spoken contexts.
On Demand: Fall, Spring, Summer
ENTREPRENEURSHIP AND INNOVATION

IEP 099 (1-6) Integrated Language Skills
In this course, multilingual students in the Intensive English Program develop in all four skills of listening, speaking, reading, and writing skills at an advanced or intermediate level. These skills include listening to academic lectures and other forms of multimedia and audio-visual texts, taking notes, participating in small group discussions, interviewing, and practice giving oral presentations. The course will help prepare students for regular entrance to the university.
Fall, Spring

IEP 102 (4) Advanced Listening and Speaking Skills 1
This English language class, multilingual students in the intensive English program develop their listening and speaking skills at an advanced level. These skills include listening to academic lectures and other forms of multimedia and audio-visual texts, taking notes, participating in small group discussions, interviewing, and practice giving oral presentations. The course will help prepare students for regular entrance to the university.
Fall, Spring

IEP 103 (4) Advanced Listening and Speaking Skills 2
In this English language class, multilingual students in the intensive English program develop their listening and speaking skills at a more advanced level. These skills include listening to academic lectures and other forms of multimedia and audio-visual texts, taking notes, participating in small group discussions, interviewing, and practice giving oral presentations. The course will help prepare students for regular entrance to the university.
Fall, Spring

IEP 112 (4) Advanced Reading and Writing Skills 1
In this English language class, multilingual students in the comprehensive English program develop their reading and writing skills at an advanced level. These skills include reading academic texts from a variety of genres, using a variety of reading, writing, and vocabulary-building strategies; writing short essays; writing personal responses to literary texts; and building grammatical competence. The course will help prepare students for regular entrance to the university.
Fall, Spring

IEP 113 (4) Advanced Reading and Writing Skills 2
In this English language class, multilingual students in the intensive English program continue to develop their reading and writing skills at a more advanced level. These skills include reading academic texts from a variety of genres; using a variety of reading, writing, and vocabulary-building strategies; writing essay compositions including research essays; writing personal responses to literary texts; and building grammatical competence. The course will help prepare students for regular entrance to the university.
Fall, Spring

IEP 199 (1-6) Integrated Language Skills
In this course, multilingual students in the Intensive English Program develop all four skills of listening, speaking, reading, and writing skills at an advanced level. These skills include listening to academic lectures and other forms of multimedia and audio-visual texts, taking notes, participating in small group discussions, interviewing, and practice giving oral presentations. The course will help prepare students for regular entrance to the university.
Fall, Spring

English for Academic Purposes

EAP 125 (4) Introduction to Oral Communication for Multilingual Speakers
In this oral communication course, regularly admitted multilingual students develop their academic listening and speaking skills. These skills include listening to authentic academic lectures and taking notes, participating in small group discussions, study skills, and practice giving oral presentations.
Fall, Spring

EAP 136 (4) Introduction to Composition for Multilingual Writers
In this composition course, regularly admitted multilingual students develop their academic writing skills. These skills relate to essay structure and organization, genre and audience awareness, and language usage and grammar.
Fall, Spring

ENTREPRENEURSHIP AND INNOVATION MINOR

Entrepreneurship and Innovation
College of Business
150 Morris Hall • 507-389-2966

Coordinator: Miles Smayling, Ph.D.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Students who are business minors, non-business majors or those who are not seeking a four year degree may take up to 24 credits in the College of Business. However, prerequisites are enforced.

GPA Policy. Students must earn a minimum grade point average of 2.0 (“C”) on the total courses taken in the College of Business.

Residency. Transfer students pursuing a minor in the College of Business must complete at least 50% (one-half) of their minor coursework at Minnesota State Mankato.

Assessment Policy. The College of Business believes that the ongoing assessment of programs makes a vital contribution to the quality of those programs and to student learning. Student participation is an important and expected part of the assessment process.

The Entrepreneurship and Innovation Minor is designed to expose, engage and support students in thinking and experiencing the processes, challenges, and opportunities associated with the interdisciplinary and team-based nature of beginning a new venture.

Core
The core for the Entrepreneurship and Innovation Minor consists of the required Integrated Business Experience (IBE) (12 credits) and an additional two courses (6 credits) which include MGMT 332 Creativity and Innovation and MGMT 443 Entrepreneurship. The Entrepreneurship and Innovation course involves a major project that requires the development of a business plan related to the students major.

BUS 397 IBE Practicum (3)
FINA 362 Business Finance (3)
MGMT 330 Principles of Management (3)
MGMT 332 Creativity and Innovation (3)
MGMT 443 Entrepreneurship (3)
MRKT 310 Principles of Marketing (3)
Environmental Sciences

Environmental science is an applied science designed to study those factors that impact our environment. Major areas of environmental concern include, but are not limited to, water (surface and ground water), quality, air quality, and solid and hazardous waste issues. This program is designed to encourage students to use the resources of all the colleges of Minnesota State Mankato. The program is oriented toward developing the individual for leadership positions in industry, government, and public concern groups, as well as providing a foundation for individual community involvement as an informed citizen.

Academic Map/Degree Plan at [www.mnsu.edu/programs/#All](http://www.mnsu.edu/programs/#All)

Policies/Information
Admission to Major is granted by the department. Admission requirements are:
- 32 earned credit hours including BIOL 105 and BIOL 106 with a grade of "C" in both BIOL 105 and BIOL 106 plus a minimum cumulative GPA of 2.00.

P/N Grading Policy. All courses leading to a major or a minor in environmental sciences must be taken for letter grades.

Residency Requirement. At least 20 credits of 300-400 level courses required for the Environmental Science major must be taken at Minnesota State Mankato. Fourteen of these 20 credits must include ENVR 440 (3 credits), ENVR 450 (3 credits), ENVR 470 (3 credits) and 1 credit for ENVR 498 (internship) or ENVR 480 (Research).

GPA Policy. A minimum grade of "C" is required in all courses applied to the Environmental Sciences BS degree.

Several scholarships in the Department of Biological Sciences are available for entering first year students and currently enrolled Minnesota State Mankato students who meet the requirements. Application deadline is March 1 of each year.

Environmental Sciences BS

Degree completion = 120 credits

Minor Electives

ENVIRONMENTAL SCIENCES MINOR

Minor Core
ENVR 440 Environmental Regulations (3)
ENVR 450 Pollution and Control (3)*
ENVR 460 Analysis of Pollutants (4)
ENVR 470 Environmental Assessment (3)

*Requires 2 semesters of chemistry

Minor Electives
Select one of the following: CHEM 106 and CHEM 111 or CHEM 201 and CHEM 202

ENVIRONMENTAL SCIENCES CONTINUED

COURSE DESCRIPTIONS

ENVR 101 (4) Perspectives in Environmental Science
This course is designed to introduce students to the complex field of environmental science. Reading assignments, lectures, discussions and other class assignments will introduce students to the structure and functions of ecosystems, the concept of sustainability, issues in environmental protection with an emphasis on global commons, the interrelationships between environment, culture, government and economics and what individuals or groups can do to influence environmental policy/rules.
Fall, Spring
GE-8, GE-10

ENVR 440 (3) Environmental Regulations
This is a lecture course introducing students to major federal environmental laws and regulations. Discussions include the cause(s) that prompted the enactment of various environmental legislation as well as intent and implementation of the legislation. Both Federal and State of MN environmental statutes will be discussed.
Fall

ENVR 450 (3) Environmental Pollution & Control
This is a lecture course that introduces students to sources and controls for pollutants in air, water, and soils including hazardous waste. Chemical and biological mechanisms that are important in nature and used to control/treat various types of pollutants are emphasized. Strongly recommended that this course be taken immediately after completing 1 year of Chemistry.
Prerequisite: 1 year CHEM
Fall

ENVR 460 (4) Analysis of Pollutants
The purpose of this lecture/lab class is to introduce students to standard practices and procedures used in sampling and analysis of environmental matrices and to develop an environmental research project. Standard quality control/quality assurance procedures per EPA are emphasized.
Spring

ENVR 470 (3) Environmental Assessment
Introduces students to National Environmental Policy Act and requirements for Environmental Impact Statements and Environmental Assessment Worksheets. Phase I Environmental Assessment of land and buildings, an international perspective on environmental assessments, and economic and social impact assessment are discussed.
Prerequisite: ENVR 440
Spring

ENVR 480 (1-6) Senior Research
Participate in an independent research project with advisory support and with a focus on the student’s career objectives.
Fall, Spring

ENVR 483 (1-2) Environmental Science Seminar
A seminar course that involves a critical evaluation of an area in Environmental Science. Topics vary from year to year. Students are usually required to make a presentation to the class.
AFT

ENVR 491 (1-2) In-Service
Fall, Spring

ENVR 498 (1-6) Internship
Only three credits can be counted toward major. Experience in applied Environmental Sciences according to a prearranged training program.
Fall, Spring

ENVR 499 (1-6) Individual Study
Individual Research Project.
Fall, Spring
ETHICS

ETHICS MINOR

Ethics Minor
College of Arts & Humanities
Department of Philosophy
227 Armstrong Hall • 507-389-2012
Chair: Brandon Cooke
Faculty: Brandon Cooke, John Humphrey, Richard Liebendorfer, Joshua Preiss, Julie Wulpmeyer, Sun Yu

Ethics Minor

The Ethics Minor provides the opportunity to investigate theoretical and applied ethics in a rigorous and deep way. This minor will be of special interest to students planning careers in the professions, including business, medicine, law, and others. Students completing the minor will develop a deeper reflective understanding of ethical values, an awareness of the history of ethical thought, an enhanced sense of our shared human values, and the ability to understand and critically evaluate the complex ethical issues of our time.

Required Core

Group 1 Choose 3 Credits
PHIL 120W Introduction to Ethics (3)
PHIL 322W Ethical Theory (3)
(choose one from the following 3 credits)
PHIL 115W Philosophy of Race, Class and Gender (3)
PHIL 205W Culture, Identity, and Diversity (3)
PHIL 222W Medical Ethics (3)

Group 2 Choose 6 Credits
PHIL 224W Business Ethics (3)
PHIL 226W Environmental Ethics (3)
PHIL 240W Law, Justice & Society (3)
PHIL 317W Topics in Asian Philosophy (3)
PHIL 321W Social & Political Philosophy (3)
PHIL 323W Philosophy of Economics (3)

Group 3 Choose 3 Credits
PHIL 440 Philosophy of Law (3)
PHIL 445 Feminist Philosophy (3)
PHIL 455 Existentialism & Phenomenology (3)

Choose 3 Credits
This course does not also count toward the Group 1 or Group 2 requirements
PHIL 115W Philosophy of Race, Class and Gender (3)
PHIL 205W Culture, Identity, and Diversity (3)
PHIL 222W Medical Ethics (3)
PHIL 224W Business Ethics (3)
PHIL 226W Environmental Ethics (3)
PHIL 240W Law, Justice & Society (3)
PHIL 321W Social & Political Philosophy (3)
PHIL 323W Philosophy of Economics (3)

ETHNIC STUDIES BS AND MINOR

Ethnic Studies
College of Social & Behavioral Sciences
Department of Ethnic Studies
109 Morris Hall • 507-389-2798
Fax 507-389-6377
Website: www.mnsu.edu/dept/ethnic
Chair: Kebba Darboe
Faculty: Wayne Allen, Hanh Huy Phan

The Department of Ethnic Studies (ES), is an interdisciplinary program, academically committed to promoting multicultural and ethnic knowledge, skills and values both within and outside the United States and to preparing our students for effective participation in culturally diverse global communities. A major in ethnic studies gives students exposure to and understanding of those historical, economic, social and political forces which have contoured the cross-cultural and ethnic experience in and outside the United States. This program prepares students to identify social injustice issues (e.g., racism, discrimination, oppressing social conflict) effectively and also aims to provide students with multicultural/ethnic knowledge, multicultural/ethnic values and skills (e.g., cultural competency skills and other professional skills). The ES majors is academically strong and competitive on the market. ES majors must also meet the following requirements: 120 credits.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
Admission to Major: Students enrolling in 300-400 level courses must be admitted to the program. Admission to Major is granted by the department. Minimum University admission requirements are:
- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.00 ("C").
Contact the department for application procedures.

GPA Policy: 2.0 GPA.
P/N Grading Policy: No more than 1/4 of total undergraduate credits may be taken as P/N.

- ETHN 498 College Teaching Internship (1-6)

#### Major Unrestricted Electives

- Multicultural Courses: (choose at least 15 credits)
  - ANTH 240 Language and Culture (4)
  - GEOG 103 Introductory Cultural Geography (3)
  - HIST 434 East Asian History: 1800-1945 (4)
  - HIST 437 African History to 1800 (4)
  - HIST 442 History of Latin America (4)
  - HIST 477 Advanced African-American History (3)
  - MUSC 102 Pop Music USA: Jazz to Country Blues (3)
  - MUSC 103 Pop Music USA: R & B to MTV (3)
  - PHIL 115W Philosophy of Race, Class and Gender (3)
  - PHIL 205W Culture, Identity, and Diversity (3)
  - SOC 101 Introduction to Sociology (3)
  - THEA 285W Theatre of Diversity (3)

**MAJOR EMPHASIS: BUSINESS/CORPORATE**

- Students are encouraged to minor in Marketing, Human Resource Management or International Business (choose at least 15 credits)
- IBUS 380 Principles of International Business (3)
- MGMT 330 Principles of Management (3)
- MGMT 440 Human Resource Management (3)
- MGMT 445 Training & Development (3)
- MKT 100 Global Business Concepts (3)
- MKT 310 Principles of Marketing (3)
- PSYC 463 Survey of Industrial/Organizational Psychology (4)

**MAJOR EMPHASIS: INTERNATIONAL COMMUNITY AND HUMAN SERVICES**

- Students are encouraged to minor in International Relations or any foreign language (choose at least 15 credits)
- CMST 203 Intercultural Communication (4)
- ECN 450 Economic Development (3)
- ENG 101 Composition (4)
- ETHN 497 Internship (1-10)
- GEOG 341 World Regional Geography (3)
- GEOG 373 Introduction to Geographic Information Systems (4)
- GWS 220 Sex and Gender Worldwide (4)
- HIST 191 United States Since 1877 (4)
- IBUS 380 Principles of International Business (3)
- POL 106 Politics in the World Community (3)
- POL 431 International Relations (3)
- PSYC 358 Cultural Psychology (4)
- SOWK 255 Global Responses to Human Need (3)
- URBS 150 Sustainable Communities (3)

**MAJOR EMPHASIS: LOCAL COMMUNITY AND HUMAN SERVICES**

- Students are encouraged to minor in Psychology, Social Work, and Counseling/ Education (choose at least 15 credits)
- CSP 471 Interpersonal Helping Skills (3)
- ETHN 497 Internship (1-10)
- HTH 260 Introduction to Health Education (3)
- KSP 235 Human Development (3)
- PSYC 101 Introduction to Psychological Science (4)
- PSYC 358 Cultural Psychology (4)
- URBS 230W Community Leadership (3)

**MAJOR EMPHASIS: PUBLIC/GOVERNMENT**

- Students are encouraged to minor in Political Science, Law Enforcement or Urban Studies (choose at least 15 credits)
- CORR 485 Selected Topics (2-6)
- ECON 100 An Introduction to the U.S. Economy (3)
- ETHN 482 Civil Rights in the U.S. (3)
- ETHN 497 Internship (1-10)
- LAWE 234 Policing in a Diverse Society (3)
- POL 101 Introduction to Public Life (3)
- POL 111 United States Government (3)
- POL 260 Introduction to Public Administration (3)
- SOC 417 Program Administration (3)
- URBS 100 Introduction to the City (3)
- URBS 415 Urban Housing Policy (3)

**EXTENDED PROGRAM COURSES (SUBJECT TO AGREEMENT)**

One computer science course or quantitative/ statistical skills course (3)

Four multicultural electives are to be taken within or outside Department of Ethnic Studies but subject to the approval of ES advisors.*

* [Example of multicultural electives outside the ES Department may include but are not limited to: the curricula of social/behavioral sciences, arts/humanities, education or other academic areas—e.g., Anthropology (ANTH 240: Language and Culture), Gender and Women’s Studies (GWS 220: Perspectives on Women and Change or GWS 251: Coming Age: Gender and Culture), Geography (GEOG 103: Introductory Cultural Geography), History [one Advanced African American History—HIST 437 or HIST 477, or Asian History—HIST 442, Music (MUS 125 or MUS 126: Pop Music USA, Jazz or R&B), Philosophy (PHIL 115W: Race, Class and Gender; or PHIL 205W: Culture, Identity and Diversity), Sociology (SOC 446: Race, Culture and Ethnicity), Theatre (THEA 285W: Theatre of Diversity) All these are just examples subject to the approval of ES advisors.]

**Required Minor: Yes. Any.**

**ETHNIC STUDIES MINOR ONLINE**

(18 credits required)

This Online Ethnic Studies Minor Program requires a total of 18 credits—semester hours. Faculty teach courses via the Desire2Learn. The Desire2Learn (D2L) is Minnesota State Mankato’s web-based management system, which manages the delivery of the online courses. All registered students have immediate access to D2L via its link on the Minnesota State Mankato homepage. Upon completion, students can transfer the coursework to the baccalaureate degree at Minnesota State Mankato or other universities.

**Admission requirements:** Students must be admitted to a major at Minnesota State Mankato or other universities and must have a minimum cumulative GPA of 2.00 or higher.

**Prerequisites to the Minor Core**

(choose at least three credits from the following)

- ETHN 100 American Racial Minorities (3)
- ETHN 101 Introduction to Multicultural & Ethnic Studies (3)

**Minor Core**

**Writing Intensive**

(choose at least three credits from the following)

- ETHN 201W Perspectives on African Americans (3)
- ETHN 202W Perspectives on American Indians in Ethnic Studies (3)
- ETHN 203W Perspectives on Asian Americans (3)
- ETHN 204W Perspectives on Latinos/Hispanics (3)
- ETHN 220W Civil Rights in the U.S. (3)
ETHNIC STUDIES CONTINUED

Research Methods/Skills
(choose at least three credits from the following)
- ETHN 401 Applied Cultural Research (3)
- ETHN 402 Ethnic Research Method/Skills (3)
- Critical Thinking/Theoretical Course
(choose at least three credits from the following)
- ETHN 400 Cultural Pluralism (3)
- ETHN 410 Foundations of Oppression (3)

Major Restricted Electives
(choose at least six credits from the following)
- ETHN 150 Multicultural/Ethnic Experience (3)
- ETHN 200 Intercultural/Intercultural Dating/Marriage (3)
- ETHN 300 American Indian Leaders (3)
- ETHN 330 Immigration/Ethnicity (3)

- ETHN 440 Asian American Studies (3)
- ETHN 450 Latino/Hispanic Studies (3)
- ETHN 460 Urban Minority Problems (3)
- ETHN 470 Women of Color (3)
- ETHN 480 Social Justice in Ethnicity and Gender (3)
- ETHN 486 Racial and Ethnic Politics (3)

COURSE DESCRIPTIONS

ETHN 100 (3) American Racial Minorities
A study of American racial/ethnic minorities, especially the histories of Native Americans, African Americans, Hispanic Americans, and Asian Americans. Their roles and contributions to American society will be emphasized.
Fall, Spring
GE-5, GE-7
Diverse Cultures - Purple

ETHN 101 (3) Introduction to Multicultural & Ethnic Studies
This course introduces students to multicultural and ethnic knowledge and values in and outside the United States. Students are exposed to such issues as race, culture, ethnicity, dominance, immigration, stereotypes, discrimination, and intergroup relations through interdisciplinary approaches—anthropological, economic, historical, political, psychological, and sociological.
Fall, Spring
GE-5, GE-7
Diverse Cultures - Purple

ETHN 150 (3) Multicultural/Ethnic Experience
Students will participate in field trips, activities, and guest discussions that will enable them to interact with people ethnically/religion, lifestyle, etc.) different from the students, to understand their perspectives and to appreciate their unique experiences and/or contributions to the U.S. pluralistic society. Students are expected to learn actively in and outside the classroom by experiencing events or people from diverse cultural groups.
Fall
GE-7
Diverse Cultures - Gold

ETHN 200 (3) Intercultural/Intercultural Dating/Marriage
This course deals with the history of intercultural/interetnic and intergroup (sex, age, religion, etc.) dating and marriage in the U.S. It will explore dating patterns, mate selection theories and impacts on multiracial children in the area of identity and adjustment.
Variable
GE-7

ETHN 201W (3) Perspectives on African Americans
This course will explore the historical, social, political, and cultural experience of African Americans. It will also examine the contributions of African Americans to the growth and development of the United States.
WI, GE-5, GE-7
Diverse Cultures - Purple

ETHN 202W (3) Perspectives on American Indians in Ethnic Studies
This course is an examination of the historical and contemporary issues and forces affecting American Indian peoples.
WI, GE-5, GE-7

ETHN 203W (3) Perspectives on Asian Americans
Introduction to the history and cultures of the major Asian American ethnic groups with a comparative approach to their similarities and differences.
WI, GE-5, GE-7
Diverse Cultures - Purple

ETHN 204W (3) Perspectives on Latinos/Hispanics
A survey of the history and present status of Hispanics/Latinos in the United States from 1848. Emphasis will be on culture, history, and socio-political patterns.
WI, GE-5, GE-7
Diverse Cultures - Purple

ETHN 220W (3) Civil Rights in the U.S.
This course will focus on the struggle for civil rights by diverse groups in the United States. Emphasis will be on how these struggles have impacted their communities and cultural pluralism in the U.S.
Variable
WI, GE-5
Diverse Cultures - Purple

ETHN 295 (1-4) Selected Topics
The course is offered according to student demand and instructor availability/expertise. A variety of topics related to ethnic and cultural areas will provide curriculum enrichment on an ongoing, but irregular basis.
Variable

ETHN 296 (1-3) Workshop
Courses will employ changing topics from year to year and will deal with cogent issues of current interest to ethnic and minority communities.
Variable

ETHN 299 (1-3) Individual Study
Exploratory independent study and research. Areas of interest not addressed in regular courses are given priority. Maximum three credits toward the major; one credit toward the minor.
Prerequisite: Two other ETHN courses.
Fall, Spring

ETHN 300W(3) American Indian Leaders
The course surveys the social and cultural dimensions of traditional and contemporary American Indian leadership. This leadership is understood through a study of the lives, strategies, and words of American Indian leaders who played significant roles in the history of contact between Euro-American and indigenous North American peoples.
Prerequisite: Consent
Variable
WI

ETHN 330 (3) Immigration and Ethnicity
Examines the history, identity, conflict and ethnic relations related to immigration as explored from an Ethnic Studies perspective as well as from American and global perspectives.

ETHN 400 (3) Cultural Pluralism
This course will examine issues confronted in a multicultural society. It will study ethnic/minority groups not usually included in mainstream society, including their uniqueness and harmonious coexistence with other ethnic groups.
Fall, Spring

ETHN 401 (3) Applied Cultural Research
This course introduces concepts and methods of applying socio-cultural understanding to contemporary problems to bring about the empowerment of affected people. Case/future studies and other research methods in social sciences will be used to illustrate the impact and problems of cultural change with special attention to its affect on disadvantaged groups of people. Students will also design their own applied projects.
Prerequisite: ANTH 101, ANTH 230 or consent; ETHN 100, ETHN 101 or ETHN 150 or consent
Variable
Diverse Cultures - Gold

ETHN 402W (3) Ethnic Research Methods/Skills
This is a comprehensive course, which introduces students to qualitative, quantitative and evaluation research methods. It provides students with hands-on experience of collecting and analyzing data, from any given diverse ethnic community.
through participant observation and needs assessment.
Prerequisite: ETHN 100 or ETHN 101 or ETHN 150, or Consent
Variable
WI
Diverse Cultures - Purple

ETHN 403 (3) Chicana Feminisms
This course examines the different forms of Chicana Feminisms produced by Chicana scholars and activists. It demonstrates how Chicana Feminisms challenge social inequalities, and focuses on the construction of Chicana identities regarding the intersections of gender, race/ethnicity, sexuality and culture.
Diverse Cultures - Purple

ETHN 405 (3) Perspectives on New Immigrants
The purpose of this course is to examine the challenges and opportunities of the new immigrants, refugees, families, and specifically their children, in the United States.
Fall

ETHN 410 (3) Foundations of Oppression
Students will examine the forces which create and maintain prejudice, discrimination and racism within global perspectives. Special attention will be given to the work of Paulo Freire.
Prerequisite: ETHN 100 or ATHN 400
Fall
Diverse Cultures - Purple

ETHN 420 (3) African American Studies
This course will provide students with an in-depth examination of the issues affecting present-day Africans, and those of the Black Diaspora. Possible topics are fair representation in the media, education, cross-cultural interactions, economics, politics/law, and racial identity.
Prerequisite: ETHN 110 or ETHN 400 or consent
Variable

ETHN 430 (3) American Indian Studies
This course will provide multiple perspectives about the issues facing American Indian peoples today. Topics to be considered are education, health care, gender, land rights, religious freedom, cultural identity, natural resource management, law enforcement, economic development, self-determination, and mass media images.
Prerequisite: ETHN 400, or consent
Variable

ETHN 440 (3) Asian American Studies
Examination of current issues affecting the status of Asian Americans. The focus of this course will vary to reflect students’ interests in the area of politics, education, economics, social and/or cultural dealing with Asian Americans.
Prerequisite: ETHN 400, or consent
Variable
GE-S

ETHN 450 (3) Latino/Hispanic Studies
Thematic examination of major issues surrounding Latino/Hispanic communities in the United States. Emphasis will be on education, labor, politics, social welfare and migration.
Prerequisite: ETHN 400, or consent
Variable

ETHN 460 (3) Urban Minority Problems
This course is concerned with racial/ethnic minorities who live in large urban (inner city) areas. It is especially concerned with the roles that culture and discrimination play in the shaping of America’s ghettos, barrios, reservations, and Chinatowns.
Spring
Diverse Cultures - Purple

ETHN 470 (3) Women of Color
Examines the effects of sexism and racism on women of color and provides an understanding of the significant contributions they have made in their struggle against oppression.
Prerequisite: ETHN 400, or consent
Spring
Diverse Cultures - Purple

ETHN 480 (3) Social Justice in Ethnicity & Gender
Survey of institutional sexism and racism including their impact on U.S. society. Special attention will be given to their interconnectedness.
Prerequisite: ETHN 400 or consent
Variable

ETHN 482 (3) African American Civil Rights Movement
This course will take an interdisciplinary ethnic studies approach to examine the past, present and future implications of the African American civil rights movement on race relations in the United States.
Fall

ETHN 486 (3) Racial and Ethnic Politics
The course examines racial and ethnic minorities, and the mutual influences between these groups and the structures, procedures and issues of US politics. Major topics include: opinion on racial issues, the representation of minorities in elective and appointive offices, and the nature of value conflicts underlying contemporary racial issues, including affirmative action, immigration, welfare, language policies and Native American tribal issues.
Variable
Diverse Cultures - Purple

ETHN 490 (3) Racial/Ethnic Families in the U.S.
This course will examine the different definitions of “family” through time in the United States. It will focus on changes in the African, Native, Hispanic/Latino, and Asian-American families. It will consider and contrast differences and similarities among ethnic minority families as well as between them and white ethnic families.
Prerequisite: ETHN 400, or consent
Variable

ETHN 495 (3) Selected Topics
Multiple perspectives on the selected topic(s) will be addressed. Student scholars may contribute to the selection and/or refinement of the topic(s). Highly motivated seniors will join with graduate students in a graduate-type seminar.
Prerequisite: ETHN major
Variable

ETHN 496 (1-3) Workshop
Courses will employ changing topics from year to year and deal with cogent issues of current interest to one or more minority communities.
Variable

ETHN 497 (1-10) Internship
Supervised, scholarly experience to which the theories and methodologies of ethnic studies can be applied. Opportunities may be on-campus and/or off-campus, including work in other countries.
Prerequisite: ETHN major or minor
Fall, Spring

ETHN 498 (1-6) College Teaching Internship
Students assist a faculty member in teaching an ETHN 100 or ETHN 101.

ETHN 499 (1-3) Individual Study
Advanced independent study and research. Maximum of three credits toward the major; one credit toward the minor.
Prerequisite: 2 ETHN courses at 300/400 level
Fall, Spring
Exercise Science

Exercise Science

College of Allied Health & Nursing

Department of Human Performance
1400 Highland Center • 507-389-6313
Website: www.mnsu.edu/dept/colahn/hp.html

Chair: Lynnette M. Engeswick
Faculty: Jessica Albers, Suzannah Armentrout, Cindra Kamphoff, Kristen Konkol, Jon Lim, Theresa Mackey, Cherie Pettit, Robert Pettit, Vicki Schull, Patrick Sexton, Sue Tarr, Mary Visser,

The Exercise Science major is recognized by the National Strength and Conditioning Association for successfully meeting established educational criteria in strength and conditioning. It is a broad-based, science-oriented major that prepares students to create effective exercise prescriptions and to oversee exercise programs for normally healthy individuals. An Exercise Science major also prepares students for admission to graduate programs in Exercise Physiology, Cardiac Rehabilitation, Sports Psychology, and related areas. Students who have also completed the pre-physical or pre-occupational therapy concentrations in addition to this major have successfully gained admission to graduate programs in those areas.

Exercise science students are not required to complete a minor but may choose to obtain one to gain additional training or expertise.

Major Restricted Electives

Pre-Physical Therapy emphasis requires 3 credits. The General Exercise Science emphasis requires 6 credits. Electives may not be double counted for courses required in the emphases.

Required Minor: None.

Major Emphasis: General Exercise Science

The General Exercise Science emphasis requires a minimum of 3 credits of HP 496 which can be split across semesters. One credit = 50 hours. Students commonly use physical therapy observation hours to fulfill the internship requirement.
Required General Education

CHEM 111 Chemistry of Life Process Part II (Organic & Biochemistry) (5)
FCS 140 Introduction to Nutrition (3)
HLTH 210 First Aid & CPR (3)
MATH 112 College Algebra (4)

General Exercise Science Core

STAT 154 Elementary Statistics (3)

Pre-PT Capstone (choose 3-10 credits)
The Pre-Physical Therapy emphasis requires a minimum of 3 credits of HP 496 which can be split across semesters. One credit = 50 hours. Students commonly use physical therapy observation hours to fulfill the internship requirement.

HP 496 Internship (1-10)
The Dietetics Option* promotes growth among students wanting to become competent dietetics professionals by providing the highest practicable quality/advisory, academic, real-life and interactive opportunities while at Minnesota State Mankato and by developing confidence and competence to advance after graduation to Dietetics Internship, graduate programs and/or related employment.

A student who chooses to become a Registered Dietitian (RD) upon graduation from Minnesota State Mankato will also need to:

a. Meet published requirements to receive a Verification Form from the Dietetics Director.
b. Apply, be accepted, and complete a supervised practice program (Dietetic Internship).
c. Pass a national registration examination.

Minnesota State Mankato faculty are committed to positioning majors for successful transition from Minnesota State Mankato to Dietetic Internship and beyond. Regular and continuous advising is recommended to be successful.

Graduates are employed as RDs or non-RD nutritionists in health care, community, public health, and corporate fitness settings or as members of food management teams.

* The Dietetics Option, a Didactic Program in Dietetics (DPD) is accredited by the Accreditation Council for Education in Nutrition and Dietetics, the accrediting agency for the Academy of Nutrition and Dietetics. Academy of Nutrition and Dietetics 120 South Riverside Plaza, Suite 2000, Chicago, IL 60606. (800-877-1565) www.eatright.org/ACEND.

** Requirements for the Major **

- **Required General Education**
  - BIOL 270: Microbiology (4)
  - CHEM 106: Chemistry of Life Process Part I (General) (3)
  - ENG 101: Composition (4)
  - IT 100: Introduction to Computing and Applications (4)
  - MATH 112: College Algebra (4)
  - SOC 101: Introduction to Sociology (3)

- **Prerequisites to the Major**
  - BIOL 220: Human Anatomy (4)
  - BIOL 330: Principles of Human Physiology (4)
  - CHEM 111: Chemistry of Life Process Part II (Organic & Biochemistry) (5)
  - ENG 271W: Technical Communication (4)
  - HLTH 321: Medical Terminology (3)
  - HLTH 475: Biostatistics (3)
  - HLTH 477: Behavior Change Foundations and Strategies (3)
  - PSYC 101: Introduction to Psychological Science (4)

** Major Common Core **

- FCS 101: Introduction to Family Consumer Science (3)

** Major Emphasis: Dietetics **

- CHEM 497: Technical Communication (4)
- FCS 150: Food, Culture and You (3)
- FCS 242: Nutrition for Healthcare Professionals (3)
- FCS 252: Food Service Systems I (3)
- FCS 340: Food Science (4)
- FCS 342: Food Production Management (3)
- FCS 350: Food Service Systems II (3)
- FCS 420: Nutrition Assessment (3)
- FCS 440: Nutrition II (3)
- FCS 442: Medical Nutrition Therapy I (3)
- FCS 444: Experimental Food Science (3)
- FCS 446: Lifespan Nutrition (3)
- FCS 447: Food Policy (3)
- FCS 448: Medical Nutrition Therapy II (3)
- FCS 483: Adult and Technical Education in Family Consumer Science (3)
- FCS 492: Dietetics Seminar (2)
- FCS 497: Internship (1-6)

** Food and Nutrition Option **

This option prepares graduates for various careers in health promotion, wellness, food service, and/or nutrition, such as restaurant or school lunch management; research and development or quality assurance in the food industry; and/or in corporate food distribution, production, sales and service. A supervised internship during the major allows students to gain experience in a particular area of interest. While a minor is not required, it is strongly recommended in order to improve employment opportunities.

** Required General Education **

- CHEM 106: Chemistry of Life Process Part I (General) (3)
- CHEM 111: Chemistry of Life Process Part II (Organic & Biochemistry) (5)
- ENG 271W: Technical Communication (4)
- FCS 140: Introduction to Nutrition (3)

** Prerequisites to the Major **

- BIOL 220: Human Anatomy (4)
- BIOL 330: Principles of Human Physiology (4)
- HLTH 475: Biostatistics (3)
- HLTH 477: Behavior Change Foundations and Strategies (3)
- PSYC 101: Introduction to Psychological Science (4)

** Major Common Core **

- FCS 101: Introduction to Family Consumer Science (3)

Required Minor: None

FAMILY CONSUMER SCIENCE MINOR
The Department of Family Consumer Science offers a flexible minor consisting of 20 semester hours of approved FCS courses or other courses approved by advisor. Students may work with an FCS advisor to select the courses that will be most helpful. However, most students will benefit from a minor with one of three focus areas below.

FOOD AND NUTRITION EMPHASIS
Students majoring in Nursing, Human Performance, Dental Hygiene, Food Science Technology, Community Health, or other similar majors can benefit from a Food and Nutrition minor.

Required Courses (18 credits)
FCS 140 Introduction to Nutrition (3)
FCS 150 Food, Culture and You (3)
FCS 242 Nutrition for Healthcare Professionals (3)
FCS 420 Nutrition Assessment (3)
FCS 440 Nutrition II (3)
FCS 446 Lifespan Nutrition (3)

Required Minor Electives
(choose a minimum of 2 credits from any 300-400 level FCS courses)

CHILD DEVELOPMENT AND FAMILY STUDIES EMPHASIS
A minor with a focus in Child Development and Family Studies is useful to a variety of students going into professions related to health and human services, especially those who will work with children and families. Students may choose any combination of 20 credits from the list of courses below for a minor. Other courses may be chosen with advisor approval. A minor in this area can enable students to become Certified Family Life Educators through National Council on Family Relations.

Minor Electives (choose 20 credits)
FCS 100 Personal & Family Living (3)
FCS 101 Introduction to Family Consumer Science (3)
FCS 230 Child Care Psychology (3)
FCS 270 Family Housing (2)
FCS 275 Consumers in the Economy (3)
FCS 301 Lifespan Development (3)
FCS 303 Working With Families (3)
FCS 400 Culturally Diverse Family Systems (3)
FCS 401 Family Life Development (3)
FCS 402 Play and Child Development (3)
FCS 403 Parents and Peers and Adolescent Development (3)
FCS 408 Family Life Dynamics (3)
FCS 414W Family Policy and Ethics (3)
FCS 446 Lifespan Nutrition (3)
FCS 474 Community Resources and Family Support (3)
FCS 478 Family Finance (3)
FCS 482 Family Life Education (3)
FCS 483 Adult and Technical Education in Family Consumer Science (3)
FCS 488 Parenting Education (3)
FCS 496 Selected Topics: CDFS (2-3)
FCS 497 Internship (1-6)

HILTH 311 Family Life & Sex Education (3)

CONSUMER STUDIES EMPHASIS
Professionals in this business related area usually work with people in professions such as helping consumers get the best product or service for their money, advocating for a good availability of choices, resolving consumer complaints to achieve fair solutions, and helping consumers with a variety of money management issues.

Core Course
FCS 101 Introduction to Family Consumer Science (3)

Consumer Related Courses
FCS 376 Household Equipment (3)
FCS 275 Families in the Economy (3)
FCS 473 Consumer Protection (3)
FCS 474 Residential Mgmt. for Families and Special Needs People (4)
FCS 475 Family Policy (2)
FCS 478 Family Finance (2)
(Any courses one of the following)
FCS 140 Introduction to Nutrition (3)
FCS 120 Clothing and People (2)
FCS 270 Family Housing (2)
FCS 303 Working With Families (2)
FCS 483 Adult Education in Family Consumer Science (2)
FCS 496 Topics (2-3)
FCS 498 Internship (1-3)

Strongly Recommended Electives
MRKT 310 Principles of Marketing (3)
MRKT 316 Consumer Behavior (3)

COURSE DESCRIPTIONS

FCS 100 (3) Personal & Family Living
Emphasizes individual growth and interpersonal relationships within our diverse society. Focuses on issues such as interpersonal communication, conflict resolution, mate selection, marriage and family issues, family strengths, stress and crises, parenting decision-making and parent-child relationships, resource management, and personal and family financial issues.
Fall, Spring
GE-5

FCS 101 (3) Introduction to Family Consumer Science
An overview of the scope of family consumer sciences and the career potentials of the profession.
Fall, Spring

FCS 120 (2) Clothing and People
Relationship of clothing to people from cultural, social, psychological, economic and aesthetic perspectives.
Fall
Diverse Cultures - Purple

FCS 140 (3) Introduction to Nutrition
An introductory nutrition class which emphasizes the scientific method and natural science principles from biochemistry, physiology, chemistry, and other sciences to explain the relationships between food and its use by the human body for energy, regulation, structure, and optimal health.
Fall, Spring
GE-3 nonlab

FCS 150 (3) Food, Culture, and You
Introduces students to basic food preparation and culinary techniques. Students look at different cultures and the roles of individuals and nations in a global context using food habits as a model.
Fall, Spring

FCS 230 (3) Child Care Psychology
Principles of psychology applied to child rearing.
Diverse Cultures - Gold

FCS 242 (3) Nutrition for Healthcare Professionals
The science of six nutrition classes, including digestion through metabolism, and application of nutrition knowledge to clinical care, including weight control and common chronic conditions requiring nutrition therapy.
Prerequisite: BIOL 220, CHEM 106 or CHEM 111
Fall, Spring
FCS 252 (3) Food Service Systems I
Principles of food services operations related to menu planning, standardized recipes, production, and service in for profit and nonprofit settings. Includes the NRA ServSafe certification.
Fall

FCS 270 (2) Family Housing
Physical, psychological, social, and managerial aspects of housing. Reciprocal relationship between housing and people. Guidelines and basic principles in planning for individual and family needs.
Spring

FCS 275 (3) Consumers in the Economy
Economic decision making related to achieving maximum satisfaction from resources spent in the marketplace on housing, food, clothing, transportation, and other dimensions of the family. Basic information about the functions and responsibilities of the consumer, laws and agencies affecting consumer well-being and sources of help.
Fall

FCS 284 (3) Foundations of FCS Education
Nature and scope of Family and Consumer Sciences (FCS) education for grades 5-12. Principles and application of traditional, career/technical and critical science FCS Education perspectives studied. Presentation of varied FCS teaching methods and techniques.
Fall

FCS 301 (3) Lifespan Development
Study of the family from a historical perspective, in terms of the family system and the broader ecological system, in terms of stresses faced and coping responses. This course will address issues at each of four life stages: infancy and early childhood; the school years; transition from school to adult life; and the adult years.
Fall

FCS 303 (3) Working With Families
Study of the role of the family in the development of the young child. Provide teachers and care providers with knowledge and understanding of family systems and appropriate interactions with families. Students will participate in a service learning activity.
Fall, Spring

FCS 331 (4) Clothing Construction and Textiles
Introduction to principles and hands-on application of construction techniques for clothing and home furnishings. Emphasis on terminology, equipment, application and practice of sewing skills. Emphasis on consumer aspect of textiles and applications. Student projects will be aligned with sewing skills and experience.
Spring

FCS 340 (4) Food Science
Study of why, how, and when physical and chemical phenomena occur during the preparation of food and its products. Includes discussion and laboratory experience demonstrating how preparation methods affect food quality, composition, and nutritive value.
Prerequisite: FCS 150
Fall

FCS 342 (3) Food Production Management
Planning, preparing and serving meals with emphasis on effective management, nutritive needs, purchasing, and equipment. Includes quantity food service laboratory.
Prerequisite: FCS 252, FCS 340, FCS 350
Spring

FCS 350 (3) Food Service Systems II
Principles of food services management related to budgeting, food safety and operational sanitation, analysis and control of quality and quantity in institutional and public food service operations.
Prerequisite: FCS 252
Spring

FCS 360 (3) Romantic Relationships
This course is an in-depth examination and discussion of the many complex dynamics that make up romantic relationships. A diverse set of relationship topics are covered, including attachment, intimacy building and conflict diffusing strategies. Open discussion, critical thought, and application are encouraged via classroom and online opportunities.
Fall

FCS 400 (3) Culturally Diverse Family Systems
An analysis of culturally diverse family systems in America; emphasis on relationships within the family and with the larger community across the family life cycle.
Fall, Diverse Cultures - Purple

FCS 401 (3) Family Life Development
The course is a study of development through the family life cycle. Emphasis on developmental interaction and systems theory.
Spring

FCS 402 (3) Play and Child Development
An examination of the important role that play has in the cognitive, emotional, physical, and social development of the child from birth to adolescence.
Summer

FCS 403 (3) Parents and Peers and Adolescent Development
Examination of how adolescents’ development are affected by their relationships with their parents and with their peers.
Spring

FCS 414W (3) Family Policy and Ethics
An examination, analysis, and application of the impact of law, public policy, and ethical principles on family life.
Spring, WI

FCS 417 (3) Principles of Wellness Coaching
This course contains content associated with challenging entry-level certifications for wellness coaching. Health behavior change strategies are emphasized within the context of the health coaching theory, coaching relationship skills, wellbeing assessment, and goal setting.
Fall, Spring

FCS 420 (3) Nutrition Assessment
In-depth study and practice of nutrition assessment techniques including dietary histories, anthropometrics, physical signs and symptoms, and laboratory interpretation in various age groups and conditions. Students will use findings to determine nutritional needs and make nutritional diagnoses.
Prerequisite: FCS 242
Spring

FCS 439 (3) Nutrition for Physical Activity and Sport
Provides in-depth exploration of the dietary needs of physically active individuals across the lifespan. Its laboratory component will focus on performance and interpretation of assessments commonly used to determine dietary and physiological status.
Prerequisite: FCS 140 or FCS 242
Fall, Spring

FCS 440 (3) Nutrition II
An advanced nutrition course in human metabolism, emphasizing the function and interaction of nutrients in metabolic and physiologic processes. A grade of “C” must be attained in CHEM 111 and BIOL 330 before taking this course.
Prerequisite: BIOL 330, CHEM 111, FCS 242
Spring

FCS 442 (3) Medical Nutrition Therapy I
The role and influence of dietetics in society, nutritional assessment and care plans, dietetic principles applied to normal and malnourished states. Case-based approach.
Prerequisite: FCS 440, HLTH 321
Fall

FCS 444 (3) Experimental Food Science
Food quality, safety, formulation, processing, preservation, and biotechnology are explored. Original food science experiments are planned, executed, interpreted, and presented using appropriate scientific techniques.
Prerequisite: ENG 271W, FCS 340, HLTH 475
Spring

FCS 446 (3) Lifespan Nutrition
Study of nutritional needs of pregnancy, infancy, childhood, and adulthood. Experience in group dynamics in providing nutritional education to a target population.
Prerequisite: FCS 140 or FCS 242
Fall

FCS 447 (3) Food Policy
The development, establishment, and execution of personal, local, federal and global food issues are studied. A previous nutrition course is not required. Graduate students, with the instructor, will develop an additional project, relating the student’s major interest to food policy.
Summer
FCS 448 (3) Medical Nutrition Therapy II
The pathophysiological, nutrient assessment, planning and counseling aspects of biliary, surgical, endocrine, cardiovascular and renal conditions. Case-based approach.
Prerequisite: FCS 442
Spring

FCS 454 (3) Sensory Evaluation and Food Product Development
Principles of sensory evaluation and application of those principles and other food science by selecting, planning, conducting, and reporting on a food product development project.
Spring

FCS 473 (3) Consumer Protection
Emphasizes the analyses and assessment of the effectiveness of consumer protection efforts. Emphasis will be placed on government laws, regulations, and agencies at the federal, state and local levels.
Variable

FCS 474 (3) Community Resources and Family Support
The system approach to analyzing family situations to make decisions and correlate resources in the resolution of family managerial problems. Emphasis on the application of managerial skills to lifestyle situations: young families, older adults, special needs, singles, and low income.
Spring

FCS 478 (3) Family Finance
Introduce students to the how’s and why’s of family financial management to reduce mistakes made in successfully managing financial aspects of life. For non-business majors.
Variable

FCS 482 (3) Family Life Education
Analyze issues and concerns related to family life education. Investigate teaching strategies and methods of evaluation. Preparation of appropriate lesson plans.
Fall

FCS 483 (3) Adult and Technical Education in Family Consumer Science
Study of the philosophy, objectives, and implementation of adult and technical education for family consumer science professionals. Emphasis is placed on the knowledge and skills which are necessary for the process and preparation of delivering effective leader-led individual and group learning with concentration on methods, tools, and techniques employed in facilitating adult learning.
Fall, Spring

FCS 484 (4) Program Development in Family Consumer Science
Philosophy, scope, sequence, curriculum, evaluation and administration of family consumer science educational programs for youth of varied abilities, interests, and socioeconomics levels. 12 hour program clinical required.
Fall

FCS 487 (1-3) Topic: Family Consumer Science Education
Current issues and/or research findings to be announced as offered. May be repeated.
Variable

FCS 488 (3) Parenting Education
A systems perspective on parent-child relationship. This course covers parent-child issues during the stages of human development. It also focuses on special needs children and families, cross-cultural issues and family violence. Emphasis is on research and theory and parenting education strategies.
Fall

FCS 490 (1-3) Workshop
Workshop topics vary as announced in class schedule. May be repeated.
Variable

FCS 491 (1-4) In-Service
May be repeated on each new topic.
Variable

FCS 492 (2) Dietetics Seminar
Preparation for advancement in a career as a registered dietitian, including a first draft of the dietetic internship application.
Prerequisite: Graduation by the following May to December; FCS 497 or concurrent
Fall

FCS 494 (1-3) Family Life Education Practicum
A scheduled, supervised work assignment that includes preparation and delivery of family life education materials within a community/organizational/corporate setting.
Fall, Spring, Summer

FCS 495 (3-4) Intern: Early Child Family
A scheduled work assignment that will include on-site experiences with parents in early childhood family education.
Fall, Spring

FCS 496 (2-3) Selected Topics: CDFS
Topics announced as offered. May be repeated.

FCS 497 (1-6) Internship
A scheduled work assignment with supervision in private business, industry and government agency appropriate to each area of concentration.
Prerequisite: Consent
Fall, Spring

FCS 498 (1-6) Undergraduate Internship
A scheduled work assignment with supervision in private business, industry, and government agency appropriate to each area of concentration.
Prerequisite: Consent
Fall, Spring

FCS 499 (1-4) Individual Study
Arranged with the instructor.
Prerequisite: Consent
Fall, Spring
FAMILY CONSUMER SCIENCE EDUCATION

Family Consumer Science Education

College of Allied Health & Nursing
Department of Family Consumer Science
102 Wiecking Center • 507-389-2421
Website: http://ahn.mnsu.edu/fcs/

Chair: Heather Von Bank
Faculty: David Bissonnette, Joye Bond, Jill Conlon, Jae Min Lee, Daniel Moen

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Declaring an FCS Major. Students may declare an FCS major at any point in their academic program. Upon declaring an FCS major, an advisor is assigned. Full admission to the department and major requires:

- A minimum of 32 earned semester credit hours.
- A minimum cumulative GPA of 2.5. FCS Education majors need a minimum GPA of 2.75.

Contact the department for application procedures.

GPA Policy. All courses required for major or minor option must be at “C” level or higher.

Course Policy. For those options requiring FCS 440 (dietetics, food and nutrition major and minor); CHEM 111 and BIOL 330 must both be completed at “C” level or higher in order to receive permission to register.

P/N Policy. All FCS courses required for an option must be taken for a grade, except where P/N grading is mandatory.

FAMILY CONSUMER SCIENCE EDUCATION BS TEACHING

This option prepares men and women to teach family consumer science in grades 5-12 and for other education-related professions.

Required General Education (35 credits)

- FCS 100 Personal & Family Living (3)
- FCS 140 Introduction to Nutrition (3)
- HLTH 240 Drug Education (3)

Major Common Core

- FCS 101 Introduction to Family Consumer Science (3)
- FCS 100 Personal & Family Living (3)
- FCS 140 Introduction to Nutrition (3)
- HLTH 240 Drug Education (3)

Major Emphasis

- FCS 120 Clothing and People (2)
- FCS 150 Food, Culture and You (3)
- FCS 270 Family Housing (2)
- FCS 275 Consumers in the Economy (3)
- FCS 284 Foundations of FCS Education (3)
- FCS 301 Lifespan Development (3)
- FCS 331 Clothing Construction and Textiles (4)
- FCS 340 Food Science (4)
- FCS 400 Culturally Diverse Family Systems (3)
- FCS 414W Family Policy and Ethics (3)
- FCS 478 Family Finance (3)
- FCS 484 Program Development in Family Consumer Science (4)
- FCS 488 Parenting Education (3)

Other Graduation Requirements

See the SECONDARY EDUCATION section for admission requirements to Professional Education and a list of required professional education courses.

Required Minor: None

FILM AND MEDIA STUDIES BA AND MINOR

Film and Media Studies

College of Arts and Humanities
Department of English
230 Armstrong Hall • 507-389-2117

Program Director (Film Studies): Donna Casella 507-389-5260
Program Director (Media Studies): Amy Lauters 507-389-5523

Chair: Matthew Sewell (English)
Chair: Amy Lauters (Mass Media)

Faculty:
Film Studies: Donna Casella, Brandon Cooke, Najda Kramer, Steven Rybin, Matthew Sewell, Richard Terrill
Media Studies: Rachael Hanel, Amy Lauters, Chuck Lewis, Jane McConnell, Heather McIntosh, Ellen Mija, Mavis Richardson

The Film and Media Studies Major is an undergraduate liberal arts program in the College of Arts and Humanities that teaches students to look at all aspects of media including: technical, creative, aesthetic, historical, theoretical and cultural perspectives. The program prepares students for careers as communicators, innovative creators of film and other media texts, and competent professionals in such fields as news, public relations, film production and other-media related fields. The degree also prepares students for graduate work in film and media studies.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Admission to the Major is granted by the Program Directors. Please see one of the directors for information on admission procedures.

GPA Policy. Majors must earn a cumulative GPA of 2.5 or better in their major, in addition to the 2.0 overall GPA required by the University for graduation. A student must earn a “C” or better for a course to apply to their major; this includes the required general electives.

P/N Grading Policy. A course leading to a Film and Media Studies major may not be taken on a P/N basis, unless it is an Internship or an Independent Study not connected to the student’s Capstone Project.

Transfer Credit. The program accepts no more than 16 credits from other colleges and universities as transfer credits to be applied toward the major. They must be taken in courses that match or are the equivalent of courses that are offered in the
Other Graduation Requirements

Internships. In addition to the two-credit Internship Option for the Capstone Project, students may take additional internships up to a total of six internship credits. Opportunities for film and media studies internships exist on and off campus for majors who want to work in a professional setting.

Additional Requirement. Students may not use any course in this major to meet the requirements of any other degree in the Mass Media or English departments.

Student Advising. Students are encouraged to consult the Program Directors on a regular basis for advice about course selection and career planning. Please see the Program Director in the area that matches your career interests: Film or Media Studies.

FILM AND MEDIA STUDIES BA

Required General Education

These credits do not count towards the major.

- **FILM 114** Introduction to Film (4)
- **MASS 110** Introduction to Mass Media (4)

Major Common Core

- **FILM 210W** Film Genres (4)
- **FILM 329** Film History (4)
- **FILM 416** Film Theory and Criticism (4)
- **MASS 221W** Basic Writing for Mass Media (4)
- **MASS 411** Mass Media Ethics and Criticism (4)
- **MASS 412** Mass Media History (4)

Capstone (choose 2 credits)

The 2-credit Capstone Project may be an internship either in film production or a mass media field, or an individual study involving a creative portfolio (for example: short film, screenplay, multimedia web design) or a written critical paper of no less than 10 pages using the type of research and critical thinking expected in the student’s upper-division major classes. Students must consult one of the program directors about the design of their chosen project which typically is completed in their junior or senior year. Choose 2 credits of one of the following:

- **FILM 498** Internship (1-6)
- **FILM 499** Individual Study (1-4)
- **MASS 498** Mass Media Internship (2-4)
- **MASS 499** Individual Study in Mass Media (1-2)

Major Restricted Electives

Group A (choose 8 credits)

- **MASS 312** Mass Media Law (4)
- **MASS 325W** Media Reporting and Editing (4)
- **MASS 330W** Writing for Digital Multimedia (4)
- **MASS 334** Writing & Speaking for Broadcast (4)
- **MASS 436W** Specialized Writing (4)

Group B (choose 8 credits)

- **ENG 446** Screenwriting Workshop (4)
- **FILM 216W** Writing About Film (4)
- **FILM 217** Introduction to Film Production (4)
- **FILM 317** Advanced Film Production (4)

Group C (choose 4 credits)

- **MASS 233** Public Relations Principles (4)
- **MASS 260** Principles of Visual Mass Media (4)
- **MASS 351** Digital Imaging for Mass Media (4)
- **MASS 360** Digital Design for Mass Media (4)
- **MASS 434W** Public Relations Writing (4)

Group D (choose 4 credits)

Students taking Phil 465 must add 1 credit of Phil 499 (Individual Study) at the time they take this course in order to meet the 4 credit requirement for Group D.

- **FILM 214** Topics in Film (1-6)
- **FILM 334W** International Cinema (4)
- **FILM 493** Topics in Film Studies (1-4)
- **GER** Topics in German Cinema (4)
- **PHIL 460** Philosophy of Film (3)

Other Graduation Requirements - Language (8 credits)

- **FILM STUDIES MINOR**

**COURSES DESCRIPTIONS**

**FILM 110 (4) Film Appreciation**

Promotes appreciation and understanding of cinema through the study of film style, film history, film genres, and the cultural impact of films.
Variable GE-6

**FILM 114 (4) Introduction to Film**

Study and analysis of the elements basic to a critical understanding of film: story elements; visual design; cinematography and color; editing and special effects; functions of sound and music; styles of acting and directing; and functions of genre and social beliefs.
GE-6

**FILM 210W (4) Film Genres**

Study and analysis of the techniques, thematic conventions, and cultural and historical contexts of major film genres including the western, the musical, crime, melodrama, science fiction, and gangster. Films will include a mix of classic and contemporary examples.
Fall WI, GE-6

**FILM 214 (1-4) Topics in Film**

Courses will explore specialized topics in film. May be repeated as topics change.
GE-6

**FILM 216W (4) Writing About Film**

Studies analytical film language in several different film writing forms, including short-and long-form reviews, collaborative analysis, and formal critical essays. Emphasizes social and critical contexts needed for film analysis and practice of writing in these film forms.
Variable WI, GE-6

**FILM 217 (4) Introduction to Film Production**

Introduces fundamentals of film production: writing, producing, directing, lighting, shooting, and editing, through lecture, critiquing the work of other filmmakers, and hands on production. By the end of this course students will be ready to pursue their own film projects.
Fall, Spring GE-6, GE-11

**FILM 317 (4) Advanced Film Production**

Designed for students who have prior experience and want to make an experimental, narrative and/or documentary film. Students will move from screenplay/proposal to production and post production of short films. May be repeated.
Prerequisite: FILM 217 or permission of instructor
Fall, Spring

**FILM 329 (4) Film History**

The course is designed to give students a foundation in film history. The course focuses on major directors, genres, and periods in film history with an emphasis on social technological and critical context in order to provide an analytical framework that will support subsequent work.
FINANCE BS AND MINOR

Finance
College of Business
Department of Finance
150 Morris Hall • 507-389-1319
Website: cob.mnsu.edu/finc/
Chair: Roger Severns, Ph.D.
Faculty: Yilin Chen, Puneet Jaiprakash, Joseph Reising, Harold Thiewes, Stephen Wilcox

The objective of the department is to prepare students for entry-level positions in the field of finance. Five areas of emphasis are available within this major:

1. Corporate Finance
2. Financial Planning and Insurance
3. General Finance
4. Institutional Finance
5. Investment Analysis

The undergraduate finance program deals with the theory, organization and operations of the financial system from both the social and managerial perspectives. Students are expected to develop expertise in making organizational and personal judgments and decisions involving financial data. Additionally, students present their analyses in both written and oral form.

Students may select and complete one or more of the following emphases: Corporate Finance, Financial Planning and Insurance, General Finance, Investment Analysis, and Institutional Finance.

Accreditation. The finance program is accredited by the Association to Advance Collegiate Schools of Business (AACSB).

Policies/Information
Admission to a Major in the College of Business. Admission to a major in the College of Business typically occurs at the beginning of the student’s junior year. Once admitted, students may choose to pursue a degree in one or more of the following majors: Accounting, Finance, International Business, Management, or Marketing. Multiple criteria will be considered for admission to a major in the College of Business. Admission is competitive; meeting minimum requirements does not guarantee admission. Deadlines for application are: October 1 for Spring Semester and March 1 for Fall Semester.

Criteria Considered for Admission to the Finance Major
1. Cumulative (including Transfer) Grade Point Average; minimum 2.7
2. Credits and Courses; 33 completed credits of the 44 general education requirements.
3. Completion of the following courses: IT 101, MATH 130, ACCT 200, ACCT 210, BLAW 200, MGMT 200, BUS 295, ECON 201, ECON 202, ECON 207. Complete one of the following courses: PHIL 120W, PHIL 205W, PHIL 222W, PHIL 224W, PHIL 226W, PHIL 240W.

Academic Advising. Students will initially receive their advising from the professional advisors in the College of Business Student Center. When a student applies to the College of Business (which is done during BUS 295), he/she will be assigned a faculty advisor in the major area of study. Questions regarding the assignment of advisors can be answered in the College of Business Advising Center, 151 Morris Hall, 389-2963.

College of Business Policies. Students who are business minors, non-business majors or those who are not seeking a four-year degree may take up to 24 credits in the College of Business.

Students must be admitted to a major to take upper division (300-400) courses in the College of Business.

Residency. Transfer students must complete a minimum of 30 resident credits at the upper division (300-400) level in the College of Business at Minnesota State Mankato.

Transfer students pursuing a major or minor in the College of Business must complete at least 50% (one-half) of their major or minor coursework at Minnesota State Mankato.

No more than three of the required nine courses in a track may be transferred from another university and be applied toward the Finance degree, if a student is to be awarded a degree in Finance from Minnesota State Mankato.

GPA Policy. Students must earn a minimum grade point average of 2.0 (“C”) on the total courses taken in the College of Business and a 2.25 overall GPA to meet graduation requirements.

P/N Grading Policy. No more than one-fourth of a student’s major shall consist of P/N grades.

Assessment Policy. The College of Business believes that the ongoing assessment of its programs makes a vital contribution to the quality of those programs and to student learning. Student participation is an important and expected part of the assessment process.

Certified Financial Planner (CFP) examination requires students to take ACCT 400, FINA 458, FINA463, and FINA 466 in addition to completing the Finance core requirements and the required courses in the Financial Planning and Insurance area of emphasis.

Internships. Students are strongly encouraged to participate in one or more internship programs related to their field of study before graduation. Qualifying internships may receive academic credit counting towards a student’s major, but are not required to be taken for credit. To receive academic credit, students must be registered during the semester the internship takes place. Registration instructions and other business internship resources can be found at: http://cob.mnsu.edu/internship/irc.html.

Student Organizations. The Finance Club provides students with a direct link to professionals employed in finance positions. This is a professional and social club and all majors are welcome.

Delta Sigma Pi is a coeducational business fraternity organized to further the camaraderie of business students and professionals. Delta Sigma Pi provides members the opportunity to network with current business students and alumni throughout the United States.

The Council of Student Business Organizations (COSBO), which is comprised of the presidents of nine organizations and the college representative to the Student...
Courses and Electives

**Required General Education**

- **ECON 201** Principles of Macroeconomics (3)
- **ECON 202** Principles of Microeconomics (3)
- **MATH 130** Finite Mathematics and Introduction to Calculus (4)

Choose 3 credits from the following:

- PHIL 120W Introduction to Ethics (3)
- PHIL 205W Culture, Identity, and Diversity (3)
- PHIL 222W Medical Ethics (3)
- PHIL 224W Business Ethics (3)
- PHIL 226W Environmental Ethics (3)
- PHIL 240W Law, Justice & Society (3)

**Prerequisites to the Major**

- **ACCT 200** Financial Accounting (3)
- **ACCT 210** Managerial Accounting (3)
- **BLAW 200** Legal, Political and Regulatory Environmental of Business (3)
- **BUS 295** Professional Preparation for Business Careers (2)
- **ECON 207** Business Statistics (4)
- **IT 101** Introduction to Information Systems (3)
- **MGMT 200** Introduction to MIS (3)

**Major Common Core (Required of all College of Business Majors)**

- **FINA 362** Business Finance (3)
- **IBUS 380** Principles of International Business (3)
- **MGMT 330** Principles of Management (3)
- **MGMT 346** Production and Operations Management (3)
- **MGMT 481** Business Policy and Strategy (3)
- **MRKT 310** Principles of Marketing (3)

**Required Finance Major (Required of all Finance Majors)**

- **ACCT 200** Intermediate Financial Accounting I (3)
- **ACCT 210** Management Accounting I (3)
- **FINA 461** Advanced Corporate Finance (3)

Choose 3 credits from the following:

- **BUS 498** Internship (3)
- **FINA 460** Investments (3)
- **FINA 462** Strategic Financial Management (3)
- **FINA 464** Financial Institutions and Markets (3)
- **FINA 467** Insurance and Risk Management (3)

**Major Emphasis - CORPORATE FINANCE**

- **ACCT 300** Intermediate Financial Accounting I (3)
- **ACCT 310** Management Accounting I (3)
- **FINA 461** Advanced Corporate Finance (3)

Choose two of the following, at least one being FINA, for a total of at least 6 credits. Students who register for FINA 493 should register for 3 credits each time they register for the course.

- **ACCT 300** Intermediate Financial Accounting I (3)
- **ACCT 310** Management Accounting I (3)
- **ACCT 320** Accounting Information Systems (3)
- **ACCT 330** Individual Income Tax (3)
- **ACCT 410** Business Income Tax (3)
- **BUS 397** IBE Practicum (3)
- **ECON 463** Applied Econometrics of Financial Markets (3)
- **FINA 458** Estate Planning (3)

COURSE DESCRIPTIONS

BUS 100 (3) Introduction to Business and Business Careers
This course prepares students for success by exposing them to the requirements, expectations, resources and opportunities of the COB. Students will have business experiences and will develop professional skills.
Variable

BUS 397 (3) IBE Practicum
An applied course that entails developing, launching, managing, and closing a business with the cohort of students enrolled in the class. Students write and present a business plan as they seek financing for their startup company. The business startup experience creates a real-world context in which students can practice the concepts introduced in MGMT 330, MRKT 310, and FINA 362. BUS 397 is part of the United Prairie Bank Integrated Business Experience, and students must enroll concurrently in BUS 397 and sections of FINA 362, MGMT 330, and MRKT 310 that are designated for IBE students.
Prerequisite: Must be admitted to a major.
Corequisite: FINA 362, MGMT 330, MRKT 310
Fall, Spring

FINA 100 (3) Personal Financial Management
Fundamental concepts of managing cash flows: preparation of personal budget, personal debt management, financial goal establishment, savings and investments, insurance.
Variable

FINA 362 (3) Business Finance
An introduction to finance relating to problems, methods, and policies in financing business enterprise.
Prerequisite: ACCT 200, Jr. Standing
Fall, Spring

FINA 372 (3) Special Topics in Finance
Current topics of significance in Finance. May be repeated for credit.
Fall (On Demand), Spring (On Demand), Summer (On Demand)

FINA 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information.
Prerequisite: At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply.
Fall, Spring, Summer

FINA 458 (3) Estate Planning
Principles and techniques for estate planning. Examination of various retirement plans available, and the legal and tax environment impacting an estate’s portfolio.
Prerequisite: FINA 100 or FINA 362
Fall

FINA 459 (3) Personal Financial Planning
Fundamental concepts of personal financial management: insurance, budgeting, credit, savings, investments, retirement and estate planning, and consumer debt management.
Prerequisite: FINA 470, FINA 100 or FINA 362
Spring

FINA 460 (3) Investments
Formulation of investment policy of individuals and institutions, factors influencing the values of securities, and techniques of portfolio selection and management.
Prerequisite: FINA 362
Fall, Spring

FINA 461 (3) Advanced Corporate Finance
This course encompasses advanced principles and concepts concerning the nature and types of debt financing, the valuation and use of leases, the process and tools of risk management, the calculation and estimation of financial ratios, the financial planning and forecasting processes, and the understanding of working capital.
Prerequisite: FINA 362
Fall

FINA 462 (3) Strategic Financial Management
Applications of financial principles and analytical tools through the use of case studies and problems from local businesses.
Prerequisite: FINA 362
Fall, Spring

FINA 463 (3) Security Analysis
Tools and techniques to aid in individual and institutional portfolio management.
Prerequisite: FINA 362 and FINA 460
Spring

FINA 464 (3) Financial Institutions and Markets
Introduction to money and capital markets, instruments and institutions. Consideration of the management problems of financial institutions.
Prerequisite: FINA 362
Fall, Spring

FINA 466 (3) Employee Benefit Planning
Fundamental concepts of employee benefits in relation to pertinent legislation, modern management techniques, and financial constraints that affect the formulation and implementation of a benefit plan.
Prerequisite: FINA 100 or FINA 362
Spring

FINA 467 (3) Insurance and Risk Management
Examination of the fundamentals of the insurance industry; the risk management process, and commercial insurance exposures and policies including commercial property, general liability, and workers' compensation.
Fall, Spring

FINA 468 (3) Commercial Property/Liability Insurance
Principles and practices of risk management in the recognition and treatment of exposure to potential financial loss and with primary emphasis on property and liability insurance for individuals and families.
Prerequisite: FINA 467
Variable

FINA 469 (3) International Business Finance
Financing investments and working capital management problems in multi-national environments.
Prerequisite: FINA 362
Variable

FINA 470 (3) Personal Insurance
Examination of personal insurance exposures and policies including auto, health, home, and life.
Fall

FINA 476 (3) Real Estate Appraisal
Principles and techniques of real estate valuation. The market, cost and income methods for the basic structure of the course. A professional appraisal report is required.
Prerequisite: FINA 362
Variable
FINA 477 (3) Real Estate
Fundamental principles: valuation, brokerage, financing, law, property management, land descriptions and basic investment.
Prerequisite: FINA 100 or FINA 362
Variable

FINA 478 (3) Real Estate Investment
Property productivity analysis utilizing discount cash flow methodology, urban growth and taxation factors, and economic base analysis.
Prerequisite: FINA 362
Variable

FINA 479 (3) Executive Lectures
Guest lecturers and discussions with students by visiting senior executives of major companies coordinated by faculty. The course will include analysis of several individual companies. May be repeated.

FINA 480 (3) Options and Futures
Trading practices and procedures utilizing these contracts in hedging and risk management policies for business.
Prerequisite: FINA 362
Fall

FINA 482 (3) Commercial Bank Management
Prerequisite: FINA 362
Spring

FINA 491 (1-4) In-Service
Fall, Spring

FINA 492 (1-3) Study Tour
Study tours are led by Minnesota State University, Mankato faculty and provide students with opportunities to visit companies and attend lectures by renowned experts from key sectors of economy, government, and business.
Prerequisite: Permission Required
Variable

FINA 493 (1-6) Maverick Fund
Students are responsible for generating investment ideas consistent with the Maverick Fund Investment Policy Statement.
Prerequisite: FINA 362. Permission required. Students must apply to take this course and selected applicants will be granted permission to register. Application information and forms are available at http://cob.mnsu.edu/finc/.
Corequisite: FINA 460
Fall, Spring

FINA 497 (1-9) Internship
Supervised experience in business, industry, state or federal institutions.
Prerequisite: Permission Required
Fall, Spring

FINA 498 (3) Internship
Supervised experience in business, industry, state or federal institutions.
Prerequisite: Permission Required
Fall, Spring

FINA 499 (1-3) Individual Study
Prerequisite: Permission Required
Fall, Spring

First Year Experience
103 Preska Residence Community • 507-389-5498
Director: Nicole Stock

Food Science Technology
College of Science, Engineering & Technology
Department of Biological Sciences
242 Trafton Science Center S • 507-389-2786
Program Director: Dorothy Wrigley, Ph.D. (Biology)
Faculty: Joye Bond, (Family and Consumer Science); Mary Hadley, (Chemistry); Gregg Marg, (Biology); Dorothy Wrigley, (Biology).

Recent outbreaks of foodborne disease and concern for safe food products for consumers is driving the market for individuals with a degree in Food Science Technology. Graduates can expect to find employment within the food industry and testing laboratories or government laboratories. These positions require a diversified training in both foods and sciences, especially microbiology, nutrition, and chemistry. This undergraduate major is easily adapted for students wanting to continue into graduate education.

University admission requirements:
- a minimum of 32 earned semester credits hours
- a minimum cumulative GPA of 2.00

GPA Policy. A minimum GPA of 2.00 must be maintained in the major.

P/N Grading Policy. All courses in the major must be taken for grade.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Admission to major is granted by the Department of Biology and follows minimum
**FRENCH BA, BS AND MINOR**

**French**

College of Arts & Humanities  
Department of World Languages & Cultures  
227 Armstrong Hall • 507-389-2116  
Website: www.mnsu.edu/languages

Chair: Gregory Taylor  
Faculty: Evan Bibbee

Studying French provides insight into the literature and culture of France and other French-speaking countries. It also gives students a knowledge of language that enables them to travel and work abroad. To facilitate these goals, the department sponsors a summer program in France. Students choosing to take advantage of this study-abroad opportunity, or who acquire language experience on their own initiative, may receive credit if arrangements are made in advance.

**Communicate in Languages Other Than English**

**Standard 1.1:** Students engage in conversations, provide and obtain information, express feelings and emotions, and exchange opinions.

**Standard 1.2:** Students understand and interpret written and spoken language on a variety of topics.

**Standard 1.3:** Students present information, concepts, and ideas to an audience of listeners or readers on a variety of topics.

**Gain Knowledge and Understanding of Other Cultures**

**Standard 2.1:** Students demonstrate an understanding of the relationship between the practices and perspectives of the culture studied.

**Standard 2.2:** Students demonstrate an understanding of the relationship between the products and perspectives of the culture studied.

**Connect with Other Disciplines and Acquire Information**

**Standard 3.1:** Students reinforce and further their knowledge of other disciplines through the foreign language.

**Standard 3.2:** Students acquire information and recognize the distinctive viewpoints that are only available through the foreign language and its cultures.

**Develop Insight into the Nature of Language and Culture**

**Standard 4.1:** Students demonstrate understanding of the nature of language through comparisons of the languages studied and their own.

**Standard 4.2:** Students demonstrate understanding of the concept of culture through comparisons of the cultures studied and their own.

**Participate in Multilingual Communities at Home & Around the World**

**Standard 5.1:** Students use the language both within and beyond the school setting.

**Standard 5.2:** Students show evidence of becoming lifelong learners by using the language for personal enjoyment and enrichment.

**Academic Map/Degree Plan at www.mnsu.edu/programs/#All**

**Policies/Information**

Admission to Major is granted by the department. Minimum University admission requirements are:

- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.00 (“C”).

Contact the department for application procedures.

**GPA Policy.** A grade of “C-” or better must be earned for major or minor credit.

**P/N Grading Policy.** Work done for a major or minor must be done for a letter grade beyond the second-year level. A grade of P must be earned for major or minor credit in all work done on a P/N basis.

**Proficiency Policies.** Students who wish to receive credit by examination may take tests to have their proficiency evaluated. Students may not take a proficiency test for a course in which they are enrolled. The department reserves the right to deny admission to courses for those students whose faculty member determines to have mastered the material already.

**Fulfilling BA Language Requirement.** Students who wish to validate the BA Language requirement for previous study in French, German, Spanish, Swedish or Norwegian may do so by taking a credit by exam (see above section). Students do not meet the BA language requirement merely because they have taken two years of high school language.

**Residency Requirement.** Transfer credits will be applied only if they are the equivalent of work offered by the Department of World Languages & Cultures for the major or minor in that language. In addition, a minimum of work must be taken at Minnesota State Mankato as follows: Major: a minimum of three upper division courses other than Independent or Individual Study for a total of at least 8 credits. At least two of these courses must be at the 400 level. Minor: a minimum of two upper division courses other than Independent or Individual Study, for a total of at least six credits.

Courses required for a student’s specific baccalaureate degree should be chosen according to these general guidelines:

- **BA:** Emphasis on literature in upper-division courses; students will most likely pursue their education beyond the baccalaureate level.

- **BS:** Emphasis on the ability to communicate in the language; presupposes knowledge of culture and civilization; students frequently have career goals in other disciplines for which a language is either required or recommended.

- **BS French Education:** Emphasis on communication (four skills plus culture and language analysis).

**FRENCH BA**

Degree completion = 120 credits

**Prerequisites to Major**

- **Elementary French I (5)**  
- **Elementary French II (5)**  
- **Entry-Level Intermediate French (2-4)**

**Major Common Core**

**Language**

- **Composition (2-4)**
- **French Phonetics and Applied Linguistics (2-4)**
- **Introduction to French Literature (3)**

- FREN 427 Supervised French Study (1-6)
- FREN 428 Internship (1-6)
- FREN 499 Individual Study (1-4)

**FRENCH MINOR**

Required for Minor (Core, 24 credits)
Elementary French or other proof of skill is needed. Intermediate sequence counts toward the minor.
- FREN 302W Composition (2-4)
- FREN 323 French Phonetics and Applied Linguistics (2-4)
- FREN 350 Introduction to French Literature (3)
- FREN 366 Oral Communication (2-6)
- FREN 404 French Syntax (2-4)
- FREN 305 France Today (3-4)
- FREN 402 French Civilization (3-4)

**COURSE DESCRIPTIONS**

**FREN 101 (5) Elementary French I**
An introduction, within a cultural context, to the basic skills of listening, speaking, reading and writing.
GE-8

**FREN 102 (5) Elementary French II**
An introduction, within a cultural context, to the basic skills of listening, speaking, reading and writing.
Prerequisite: FREN 101 or equivalent
GE-8
FREN 201 (4) Intermediate French I
Grammar review, oral practice, written composition and development of reading and listening skills within a cultural context.
Prerequisite: One year university French or equivalent
GE-B

FREN 202 (4) Intermediate French II
Grammar review, oral practice, written composition and development of reading and listening skills within a cultural context.
Prerequisite: FREN 201 or equivalent
GE-B

FREN 214 (1-3) Paris et l’île de France
Visits to the major churches, cathedrals, castles, monuments, museums and neighborhoods in and around Paris.
Prerequisite: FREN 101, FREN 102, or equivalent

FREN 216 (1-4) Conversation
Practice in intermediate-level conversational skills.
Prerequisite: FREN 101, FREN 102, or equivalent

FREN 217 (1-3) Modern France
Introduction to contemporary French civilization.
Prerequisite: FREN 101, FREN 102, or equivalent

FREN 218 (1) On y va
Preparation for study in France.

FREN 261 (1-3) Conversation & Pronunciation
Systematic development of conversational idiom and vocabulary. Intensive work on pronunciation. May be taken by majors and minors up to three times.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 293 (1-6) Supervised Study in French-Speaking Countries
Topics will vary. Study for credit must be approved by the department prior to departure.
Prerequisite: FREN 101, FREN 102, or equivalent

FREN 301 (3) Third-Year Vocabulary Review
Systematic review of French vocabulary.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 302W (2-4) Composition
Review of grammar and vocabulary. Practice in descriptive, narrative, and expository prose.
Prerequisite: FREN 201, FREN 202, or equivalent
WI

FREN 304 (3) Third-Year Grammar Review
Systematic review of French grammar.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 305 (1-4) France Today
Social, political, and economic trends in contemporary France.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 314 (1-3) Paris et l’île de France
Visits to the major churches, cathedrals, castles, monuments, museums and neighborhoods in and around Paris.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 315 (1-3) Composition
Practice in descriptive and narrative prose. Acquisition of grammatical structures and vocabulary beyond the intermediate sequence.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 316 (1-4) Conversation
Practice in conversational skills.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 317 (1-3) Modern France
Introduction to contemporary French civilization.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 318 (1-4) Introduction to Business French
Introduction to basic concepts associated with French business practices.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 322 (1-3) Listening Comprehension and Pronunciation
Development of listening comprehension and pronunciation through the use of tapes, videos, films, compact discs, and other recorded materials.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 323 (2-4) French Phonetics & Applied Linguistics
A study of the sound system in French. Intensive oral practice.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 350 (3) Introduction to French Literature
A beginning literature course designed to teach students to read with understanding and critical ability.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 356 (1-6) Oral Communication
Intensive practice in advanced conversational skills. May be repeated for credit.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 393 (1-6) Supervised Study in French-Speaking Countries
Topics will vary. Study for credit must be approved by the department prior to departure.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 402 (3-4) French Civilization
Survey of historical, philosophical, literary and artistic development of France from the beginning to the present.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 404 (2-4) French Syntax
Systematic review of French grammar.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 405 (2-4) Business French I
Study of current vocabulary, terminology and practices used in the business world. Study of developments affecting the French business, industrial and agricultural communities.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 406 (2-4) Business French II
Study of France’s position in the European Economic Community and of the development of French business law with emphasis on the obligations and rights of business people, the classification and organization of the various types of companies, the emission of contracts and other documents.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 414 (1-3) Paris et l’île de France
Visits to the major churches, cathedrals, castles, monuments, museums and neighborhoods in and around Paris.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 416 (1-4) Conversation
Practice in advanced conversational skills.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 417 (1-3) Modern France
In-depth study of different aspects of contemporary French civilization.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 420 (1-4) French Seminar
In-depth study of an author, genre, movement, theme or period.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 432 (1-4) French Literature I
A study of the major authors, works and movements of two successive centuries of French literature.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 442 (1-4) French Literature II
A study of the major authors, works and movements of two successive centuries of French literature.
Prerequisite: FREN 201, FREN 202, or equivalent
FREN 452 (1-4) French Literature III
A study of the major authors, works and movements of two successive centuries of French literature.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 492 (1-4) Individual Study
Topics will vary.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 494 (1-4) Supervised French Study
Topics will vary. Study for credit must be approved by the department prior to departure.
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 497 (1-6) Internship
Prerequisite: FREN 201, FREN 202, or equivalent

FREN 499 (1-4) Individual Study
Prerequisite: FREN 201, FREN 202, or equivalent

POLICIES/INFORMATION
Admission to Major is granted by the department. Minimum University admission requirements are:
- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.00 (“C”).
Contact the department for application procedures.

GPA Policy. A grade of “C” or better must be earned for major or minor credit.

P/N Grading Policy. Work done for a major or minor must be done for a letter grade beyond the second-year level. A grade of P must be earned for major or minor credit in all work done on a P/N basis.

Proficiency Policies. Students who wish to receive credit by examination may take tests to have their proficiency evaluated. Students may not take a proficiency test for a course in which they are enrolled. The department reserves the right to deny admission to courses for those students whom a faculty member determines to have mastered the material already.

Fulfilling BA Language Requirement. Students who wish to validate the BA Language requirement for previous study in French, German, Spanish, Swedish or Norwegian may do so by taking a credit by exam (see above section). Students do not meet the BA language requirement merely because they have taken two years of high school language.

Residency Requirement. Transfer credits will be applied only if they are the equivalent of work offered by the Department of World Languages & Cultures for the major or minor in that language. In addition, a minimum of work must be taken at Minnesota State Mankato as follows: Major: a minimum of three upper division courses other than Independent or Individual Study, for a total of at least 8 credits. At least two of these courses must be at the 400 level. Minor: a minimum of two upper division courses other than Independent or Individual Study, for a total of at least six credits.

Courses not required for a student’s specific baccalaureate degree should be chosen according to these general guidelines:
- BA: Emphasis on literature in upper-division courses; students will most likely pursue their education beyond the baccalaureate level.
- BS: Emphasis on the ability to communicate in the language; presupposes knowledge of culture and civilization; students frequently have career goals in other disciplines for which a language is either required or recommended.

- BS French Education: Emphasis on communication (four skills plus culture and language analysis).

FRENCH BS, TEACHING
Degree completion = 120 credits

Prerequisites to Major Elementary French (choose 2-10 credits)
FREN 101 Elementary French I (5)
FREN 102 Elementary French II (5)
FREN 200 Entry-Level Intermediate French (2-4)

Major Common Core
Language (choose 11-21 credits)
FREN 302W Composition (2-4)
FREN 323 French Phonetics and Applied Linguistics (2-4)
FREN 350 Introduction to French Literature (3)
FREN 366 Oral Communication (2-6)
FREN 404 French Syntax (2-4)

Literature (choose 4-15 credits)
FREN 420 French Seminar (1-3)
FREN 432 French Literature I (3-4)
FREN 442 French Literature II (3-4)
FREN 452 French Literature III (3-4)

Civilization (choose 3-4 credits)
FREN 305 France Today (3-4)
FREN 402 French Civilization (3-4)

Methods (choose 8 credits)
WLC 460 Methods of Teaching Modern Language (3)
Gender and Women's Studies

College of Social & Behavioral Sciences
Department of Gender and Women's Studies
109 Morris Hall • 507-389-2077
Website: http://sbs.mnsu.edu/women/

Chair: Shannon J. Miller
Faculty: Maria Bevacqua, Laura Harrison, Ana Perez

The Department of Gender and Women's Studies familiarizes students with interdisciplinary feminist perspectives through coursework, internships, research, and activism. Students learn to examine the historical, social, psychological, political, economic, and cultural dimensions of gender, while gaining a more complex understanding of the construction of gender and its intersection with other categories of difference, power, and inequality. By understanding how interlocking systems of oppression function locally and internationally, students will be better situated to apply their critical thinking skills as they work toward social justice in a global society.

The department supports a variety of opportunities for personal and professional development, including a student club and honor society, community and teaching in internships, workshops and conferences, and cultural events. Students are encouraged to take leadership roles in the development of special programs and to become actively involved with community and campus-based activist groups, applying feminist theory to the practice of empowering women and creating social change.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
Admission to Major is granted by the department. Admission requirements are:
- a minimum of 32 earned semester credit hours.

- Major Common Core
  GWS 110 Introduction to Gender (4)
  GWS 220 Sex and Gender Worldwide (4)
  GWS 310 Feminist Thought (4)
  GWS 330 Feminist Research and Action (4)
  GWS 340 Undergraduate Seminar (4)

- Major Restricted Electives
  (choose a minimum of 12 credits from the following)
  AIS 240 American Indian Women (3)
  AIS 240W American Indian Women (3)
  ANTH 432 Kinship, Marriage and Family (3)
  ANTH 433 Anthropology of Gender (3)
  ART 419 Gender in Art (3)
  BIOL 102 Biology of Women (3)
  CORR 444 Women in the Criminal Justice System (3)
  ENG 402 Gender in Literature (2-4)
  ETHN 470 Women of Color (3)
  GWS 120 Violence and Gender (4)
  GWS 120W Violence and Gender (4)
  GWS 225 Introduction to Lesbian, Gay, Bisexual, and Transgender Studies (4)
  GWS 225W Introduction to Lesbian, Gay, Bisexual, and Transgender Studies (4)

- Other Graduation Requirements
  See the SECONDARY EDUCATION section for admission requirements to Professional Education and a list of required professional education courses.

- Required Minor: None.

### Required Minor: Yes. Any.
SEXUALITY STUDIES MINOR

The Sexuality Studies minor is an interdisciplinary course of study designed to complement any major. The objective of the curriculum is to develop a critical framework for understanding social justice by examining how sexual practices, expressions, identities, and representations are shaped by social, anthropological, historical, psychological, legal, sociological, and political contexts. Under the coordination of the Department of Gender and Women’s Studies, the minor focuses on issues of social ethics and sexuality, including the impact of factors cultural inequality upon sexual well-being and sexual health.

Minor Core
- GWS 225 Introduction to Lesbian, Gay, Bisexual, and Transgender Studies (4)
- GWS 230 Gender, Race, and Popular Culture (4)
- GWS 455 Politics of Sexuality (3)
- PSYC 205 Psychology of Sexual Health (3)
- SOC 209 Sociology of Human Sexualities (3)

[Choose one of the following courses]
- GWS 251W (4) Coming of Age: Gender and Culture
- GWS 225W (4) Intro. to Lesbian, Gay, Bisexual and Transgender Studies

COURSE DESCRIPTIONS

GWS 110 (4) Introduction to Gender
This course familiarizes students with the field of Gender and Women’s Studies. It focuses on major questions and approaches to understanding gender alongside race, class, and sexuality, among other identity categories.
Fall, Spring, Summer
GE-5, GE-7
Diverse Culture - Purple

GWS 110W (4) Introduction to Gender
This course familiarizes students with the field of Gender and Women’s Studies. It focuses on major questions and approaches to understanding gender alongside race, class, and sexuality, among other identity categories.
Fall, Spring, Summer
WI, GE-5, GE-7
Diverse Culture - Purple

GWS 120 (4) Violence and Gender
We will examine the gendered systemic, and institutional nature of violence. We will seek to understand and prevent gender-based violence: sexual assault and harassment, intimate partner abuse, and hate crimes. We will think critically about gender, oppression, and privilege.
Fall, Spring, Summer
GE-9
Diverse Cultures - Purple

GWS 120W (4) Violence and Gender
We will examine the gendered systemic, and institutional nature of violence. We will seek to understand and prevent gender-based violence: sexual assault and harassment, intimate partner abuse, and hate crimes. We will think critically about gender, oppression, and privilege.
Fall, Spring, Summer
WI, GE-9
Diverse Cultures - Purple

GWS 220 (4) Sex and Gender Worldwide
This course will examine women’s lives and activism, past and present, throughout the world. We will explore and evaluate individual and collective efforts to achieve social justice in the context of interlocking systems of oppression.
Fall, Spring, Summer
GE-8, GE-9
Diverse Cultures - Purple

GWS 220W (4) Sex and Gender Worldwide
This course will examine women’s lives and activism, past and present, throughout the world. We will explore and evaluate individual and collective efforts to achieve social justice in the context of interlocking systems of oppression.
Fall, Spring, Summer
WI, GE-8, GE-9
Diverse Cultures - Purple

GWS 225 (4) Intro. to Lesbian, Gay, Bisexual and Transgender Studies
An introduction to the study of lesbian, gay, bisexual and transgender communities and identities, including challenges to homophobia and heterosexism. We will explore social and historical constructions of LGBT identities as they vary across ethnic, class, and gender lines.
Fall, Spring
GE-5, GE-7
Diverse Cultures - Gold

GWS 225W (4) Intro. to Lesbian, Gay, Bisexual and Transgender Studies
An introduction to the study of lesbian, gay, bisexual and transgender communities and identities, including challenges to homophobia and heterosexism. We will explore social and historical constructions of LGBT identities as they vary across ethnic, class, and gender lines.
Fall, Spring
WI, GE-5, GE-7
Diverse Cultures - Gold

GWS 230 (4) Gender, Race, and Popular Culture
Explores how popular culture shapes and mirrors our understandings of gender and sexuality and their intersections with race and class. Critically examines representations of gender and race in popular culture forms such as film, television, music, books, and the internet.
On Demand
GE-2, GE-6
Diverse Cultures - Purple

GWS 230W (4) Gender, Race, and Popular Culture
Explores how popular culture shapes and mirrors our understandings of gender and sexuality and their intersections with race and class. Critically examines representations of gender and race in popular culture forms such as film, television, music, books, and the internet.
Fall, Spring
WI, GE-6, GE-7
Diverse Cultures - Purple

GWS 251 (4) Coming of Age: Gender and Culture
This course explores the gendered coming-of-age experience in different time periods and cultures. Students will learn and apply tools from women’s studies to analyze the impact of gender, race, class, and sexuality on childhood, adolescence and adulthood.
Fall, Spring
GE-6, GE-7
Diverse Cultures - Purple

GWS 251W (4) Coming of Age: Gender and Culture
This course explores the gendered coming-of-age experience in different time periods and cultures. Students will learn and apply tools from gender and women’s studies to analyze the impact of gender, race, class, and sexuality on childhood, adolescence and adulthood.
Fall, Spring
WI, GE-6, GE-7
Diverse Cultures - Purple

GWS 260 (1-4) Selected Topics
Offered according to student demand and instructor availability/expertise, topics courses provide curriculum enrichment on an ongoing basis. Variable

GWS 265 (1) Women and Spirituality
Workshops bring together people of diverse spiritual traditions and create an atmosphere where ideas about traditions and spiritual growth can be shared.
Fall

GWS 277 (1-6) Individual Study
Concentrated study and research in areas of student’s special interests/expertise under supervision of a faculty member. Prerequisite: Women’s Studies major/minor
Fall, Spring

GWS 290 (1-4) Workshop
Topics to be announced. May be retaken for credit. Variable

GWS 310 (4) Feminist Thought
This course will introduce you to major theories of feminism as well as key issues in contemporary feminist thought. Students will have an opportunity to advance their own feminist thinking through engagement with a diversity of theoretical perspectives on gender.
Fall

GWS 330 (4) Feminist Research and Action
This course examines fundamentals of feminist research and the relationship between theory and practice. Students will engage philosophical and methodological questions about the production of knowledge, learn concrete research skills, and complete individual research/action projects.
Spring
GWS 330W (4) Feminist Research and Action
This course examines fundamentals of feminist research and the relationship between theory and practice. Students will engage philosophical and methodological questions about the production of knowledge, learn concrete research skills, and complete individual research/action projects.
Spring
WI

GWS 340 (4) Undergraduate Seminar
Advanced topics in women’s and gender studies.
Prerequisite: GWS 110 or GWS 220 or consent
Spring

GWS 440 (3) Feminist Pedagogy
We explore key philosophical and methodological issues in feminist teaching with an emphasis on application of the material.

GWS 455 (3) Politics of Sexuality
This course explores the interconnections between sex, gender, and sexuality, with special attention to how institutions and communities shape experience and identity.

GWS 460 (1-4) Selected Topics
Offered according to student demand and instructor availability/expertise, topics courses provide curriculum enrichment on an ongoing basis.
Variable

GEOGRAPHY AND GEOGRAPHY PROFESSIONAL BA, BS, CERTIFICATE AND MINOR

Geography

College of Social & Behavioral Sciences
Department of Geography
206 Morris Hall • 507-389-2617
Website: http://sbs.mnsu.edu/geography/
Chair: Donald A. Friend
Faculty: Woo Jang, Phillip Larson, Jose Javier Lopez, Cynthia A. Miller, Martin D. Mitchell, Rama Mohapatra, Ginger Schmid, Forrest Wilkerson, Fei Yuan

Geography is both a social and natural science that studies the interactions between people and their environment. Geography is home to cutting edge geospatial technologies (GIS – Geographic Information Systems, GPS - Global Positioning Systems and Satellite Remote Sensing) that provide students with skills in very high demand in the work force. Geography examines the distribution of all physical and cultural phenomena across the face of the Earth. Physical geography studies landforms, climate, and biotic distributions along with natural resources and the processes governing their location and use. Cultural geography explores the characteristics of human societies including religion, economy, migration, and government and how these vary across space and through time. The Department of Geography offers a full suite of courses covering the cultural, physical, regional, and geospatial branches of geography at the undergraduate and graduate levels. The majors, minor and Certificate in Geographic Information Science (GISc) offered by the Department provide background and training that enable students to enter careers in the public or private sectors as well as prepare them for graduate study.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Admission to Major. Students enrolling in 300-400 level courses must be admitted to the program. Admission to major is granted by the department. Minimum university admission requirements are:
- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.00 (“C”).
Contact the department for application procedures.

GPA Policy. A GPA of 2.0 or higher in a major or minor in geography is required for graduation. Refer to the College regarding required advising for students on academic probation.

Pass/No Credit Policy. P/N grading will be accepted in the major only for GEOG 401, and GEOG 497 and GEOG 409 at instructor discretion. All other courses must be taken for letter grades. All courses for the minor must be taken for letter grades.

Degree completion = 120 credits

Major Common Core
GEOG 101 Introductory Physical Geography (3)
GEOG 103 Introductory Cultural Geography (3)
GEOG 340 United States (3)
GEOG 370 Cartographic Techniques (4)

COMBINED BS GEOGRAPHY AND MA URBAN PLANNING
LEADING TO ACCELERATED COMPLETION OF MASTER'S DEGREE

Geography and Urban Studies share an arrangement for an accelerated Bachelor's/Master's degree program. Undergraduate students in Geography with a GPA of at least 3.0 can apply to the accelerated program prior to or during their junior year. If accepted, they petition to take up to 12 credits at the graduate level, and those courses are then included in both their undergraduate program and in the Master's of Urban Planning program. Contact either department for specific information.

COURSE DESCRIPTIONS

GEOG 100 (3) Elements of Geography
An introduction to Geography and its themes of study. The course will familiarize students with where places are located in the world together with their cultural and physical features. Students will be tasked to think critically and diversely about various cultures and features of the modern world.
Fall, Spring
GE-8, GE-10
Diverse Cultures - Purple

GEOG 101 (3) Introductory Physical Geography
Survey of the processes and features of the earth's physical environment, earth-sun relationships, weather, climate, natural vegetation, soil, and landforms. Examines their interrelations and spatial distribution using North America and world-wide examples. Some coverage of human-environmental relations.
Fall, Spring
GE-3, GE-10

GEOG 103 (3) Introductory Cultural Geography
Cultural aspects of interactions between people and their environment focusing on spatial patterns of population, agriculture, politics, language, religion, industrialization, and urbanization. Emphasis is placed on the processes that create the cultural landscape and on management of land and natural resources.
Fall, Spring
GE-2, GE-8
Diverse Cultures - Purple

GEOG 201W (3) Landscapes and Places
Introduction to the concepts of landscape and place in a variety of geographical writings. Emphasizes works with strong regional overtones. The interaction between the physical and cultural environments is paramount. Field observation and integrating imagery into original student writings is also addressed.
WI, GE-10

GEOG 217 (4) Weather
An examination of the processes involved in weather formation. Students will be introduced to weather map analysis, simple forecasting and observational techniques, and weather instruments.
Fall, Spring

GEOG 299 (1-3) Individual Study
An assignment that is tailored to individual needs of a student. The instructor and the student arrange the type of project for the student, such as a term paper, readings, mapping, field investigation, or computer cartography.
Prerequisite: Consent
Fall, Spring

GEOG 313 (3) Natural Disasters
An examination of the underlying causes of natural disasters occurring over the globe. Focus will be primarily upon weather and climate related disasters. Students will also be exposed to concepts of plate tectonics and how these affect the distribution of earthquakes and volcanism over the planet.
Variable

GEOG 315 (3) Geomorphology
Covers elements of the structure of the earth and the variety of landforms found on the earth's surface, with emphasis upon the processes, both past and present, that act upon the surface to create the landforms now visible. Local field trips.
Fall

GEOG 340 (3) United States
An introduction to Geography and its themes of study. The course will familiarize students with where places are located in the world together with their cultural and physical features. Students will be tasked to think critically and diversely about various cultures and features of the modern world.
Fall, Spring

GEOG 341 (3) World Regional Geography
Differences and similarities in the cultural and natural environments by the world’s major regions. Useful survey of world geography for educators and international relations students.
Fall, Spring
Diverse Cultures - Purple

GEOG 342 (3) Geography of Minnesota
An introductory survey of Minnesota's landscapes and cultures of the United States.
Fall

GEOG 349 Survey of the processes and features of the earth's physical environment, earth-sun relationships, weather, climate, natural vegetation, soil, and landforms. Examines their interrelations and spatial distribution using North America and world-wide examples. Some coverage of human-environmental relations.
Fall, Spring
GE-3, GE-10

GEOG 352 (3) GIS for Crime Analysis
This is a hands-on, exercise-based GIS for Law Enforcement course analyzing the contemporary realities of the spatial and geographic aspects of crime. Students acquire practical tools necessary to conduct effective mapping and spatial analyses of crime using GIS software. Lab activities are designed to benefit those working with public safety and emergency response systems.
Fall (Odd Years)

GEOG 370 (4) Cartographic Techniques
The lecture material addresses map projections, technology changes in production, basic analysis and depiction of quantitative point, line and areal data. Also, the evaluation of maps and the history of cartography from a European, Oriental, and American Indian perspective is discussed. All maps are drawn using computer assistance.
Fall, Spring

GEOG 373 (4) Introduction to Geographic Information Systems
The course will be an introduction to the analysis of spatial data using the concept of a geographic information system (GIS). Content of the course will be, to a great extent, based on the NCGIA core curriculum with assignments tailored to the data and software available within the department such as ArcGIS.
Fall, Spring

GEOG 401 (1) Colloquium
Overview of geographic work, interests, and research by guest speakers.
Fall

GEOG 409 (1-4) Selected Topics
The instructor will develop a specific course on a geographic topic, such as soils, landforms, water resources, energy, housing, population geography, or some other topic for the class.
Fall, Spring

GEOG 410 (3) Climatic Environments
The characteristics of particular climates and understanding the factors that control their spatial distribution.
Pre: GEOG 101, or consent
Fall
GEOG 411 (3) Soils Geomorphology
This course examines soils and their role in interpreting the history of landform development. Soils chronicle the environment in which they have formed, and reflect the environment they currently support. Understanding their formation and subsequent distribution is essential to good management practices. Applications include the analysis of soil data bases and assimilation of field derived soil profile data. Fall, Spring (On Demand), Summer (On Demand)

GEOG 412 (4) Advanced Weather
Meteorological principles and theory are applied to the analysis and interpretation of weather data in order to better understand the structure and evolution of synoptic-scale weather systems. Basic knowledge of mathematics will be assumed. Prerequisite: GEOG 217
Alt-Fall

GEOG 414 (3) Biogeography
Analyzes the distribution and concentration of plants and animals throughout the world. Emphasis is placed on the role of evolution, tectonics, and physical barriers to the distribution and migration of species. Special emphasis is placed on the role of humans in the modern redistribution of species. Fall

GEOG 415 (4) Earth Surface Processes
This course examines the natural processes that operate on our planet and shape the landscape presently. This will be done through a focus on applied exercises, measurements and direct/indirect observations. Through applied projects students will have an understanding of how these processes interact within a variety of Earth Systems. Fall (On Demand), Spring (On Demand), Summer

GEOG 416 (4) Fluvial Geomorphology and Hydrology
An in-depth investigation into fluvial systems including sediment transport, sediment budget analysis, channel geometry/morphology, drainage basin analysis, geomorphic evolution of fluvial landscapes, hydrology (i.e., runoff generation and channel formation, storm hydrograph and flood analysis, discharge measurements) of fluvial systems, and effects of anthropogenic modification and use of fluvial systems. Fall, Spring (On Demand)

GEOG 420 (3) Conservation of Natural Resources
Survey of natural resources emphasizing energy, minerals, soils, fisheries, and water resources. Also addresses timber, wetlands, and wildlife on public and private lands. Spring

GEOG 425 (3) Economic Geography
Examines national and international economic geographical order and trade activities. Topics include economic development, competition, international trade, and impacts on the environment and people.

GEOG 435 (3) Urban Geography
Hypotheses and generalization related to urban functions, structure, land use, distribution, growth, and sometimes decline. Emphasis will be mostly on the United States' urban places. Fall

GEOG 436 (3) Rural Geography
Introduction to theoretical frameworks for analyzing processes of economic, environmental, and social change in rural regions. Includes basic and advanced geographical principles and techniques for studying non-urban areas. Designed to equip students with the knowledge and skills necessary for carrying out research projects on rural environments. Spring

GEOG 437 (3) Political Geography
Spatial problems and structure of governments, focusing on countries of the world and their geographic internal order. Covers such topics as boundary problems, strategic locations, and geopolitical explanations of international and internal relations and conflicts. Spring

GEOG 438 (3) Social Geography
Concepts and theories concerning global and national social problems and the significance of geographic analytic methods for social research. Study of factors related to variations in regional standards of living. Fall

GEOG 439 (4) Transportation Modeling & GIS
Four major sets of ideas will be covered: Introduction to Spatial Organization, Network Analysis, Allocation Methods, and Urban Transportation. The emphasis is on these approaches to understanding the geography of transport by description, explanation, and normative or optimal methods. Fall

GEOG 440 (1-4) Field Studies
Various excursions to study physical and cultural landscapes inside and outside of Minnesota. Variable

GEOG 445 (3) Latin America
Regional geography covering the ecological and human environment of Middle and South America, including the Caribbean. Students can pick specific topics to study in detail. The geographic relations between the USA and Latin America are also covered. Fall

GEOG 446 (3) Canada
Students will develop a knowledge of the environmental, cultural, historical, and economic geographies of Canada. Readings of bestselling fiction and scholarly works written by Canadians will provide a Canadian perspective on the nation's past, present, and future. Alt-Fall

GEOG 450 (3) Europe
Cultural, environmental, and economic background of Europe west of Russia and Ukraine. Following a general geographic survey, the course will cover major regions and countries. Spring

GEOG 454 (3) Russian Realm
Survey of the area of Russia and her neighbors. Examines regional patterns of the physical environment, natural resources, population distribution, cities, and economic activity. Relates people to the land. Variable

GEOG 456 (3) Africa
A survey of the physical and cultural resources and economic development of the continent with emphasis on current issues. Topics discussed will focus on Africa south of the Sahara. Variable

GEOG 458 (3) Geography of East Asia
Examines the physical and human environments of eastern Asia, mainly China, Korea and Japan. The class will be assisted by visual sources and hands-on use of primary documents. Variable

GEOG 464 (4) Teaching Earth Science
An applied course tailored to meet practical needs of a teacher, related to curriculum development and earth science lab equipment and supplies. Variable

GEOG 471 (4) Digital Field Mapping with GPS
This course covers the basic strategies for field mapping using data acquired from global positioning systems (GPS). Prerequisite: GEOG 373 or equivalent Fall

GEOG 473 (4) Intermediate GIS
Comprehensive examination of computer-assisted systems for manipulation and analysis of spatially-referenced data, including data structure and organization, input and output problems, data management, and strategies for analytical work. Prerequisite: GEOG 373 Spring

GEOG 474 (4) Introduction to Remote Sensing
This is an introductory course on theories and techniques of remote sensing. Focus will be placed on providing students with a general overview of the application of remote sensing to practical problems, and hands-on experience for image processing and analysis. Fall
GEOG 475 (4) Applied Remote Sensing & GIS
This course provides students the opportunity to develop further knowledge of remote sensing. Emphasis will be placed on introducing advanced theories and techniques for digital image processing and helping students obtain independent research skills using remote sensing data.
Prerequisite: GEOG 373, GEOG 474
Spring

GEOG 476 (3) Spatial Statistics
Descriptive statistics, probability, hypothesis testing, introduction to non-parametric statistics, correlation, introduction to regression analysis, spatial statistics, and principles of data representation in graphs and tables.
Spring

GEOG 477 (1-3) Topics in Techniques
This offering will include a variety of selected technical topics in geography, including but not necessarily limited to manual cartographic drafting and negative scribing, photomechanical techniques in production cartography, aerial photo interpretation, and advanced coverage of digital analysis of satellite-derived remote sensor data and global positioning systems.
Prerequisite: Consent
Variable

GEOG 478 (3) Spatial Analysis with GIS
Introduction to theoretical frameworks for spatial analysis and geographic quantitative methods. Includes basic and advanced geographic principles and techniques for studying spatial patterns. Designed to equip students with the skills necessary to carry out research projects that demand advanced statistics.

GEOG 479 (1-4) GIS Practicum
This offering will include supervised project work in raster-based and/or vector-based GIS, using problems and data drawn from local or regional agencies or other professional-level organizations with whom the Geography Department maintains a relationship. Students must have completed one of the prerequisite courses, or professional-level experience.
Prerequisite: GEOG 373 or GEOG 473, or consent
Variable

GEOG 480 (1-4) Seminar
Topics vary in physical, cultural, economic, political, and historical geography, as well as environmental conservation and geographic techniques.
Prerequisite: GEOG 373
Variable

GEOG 491 (1-4) Senior Paper
Fall, Spring

GEOG 497 (1-4) Senior Paper
Fall, Spring

GEOG 499 (1-3) Individual Study
An assignment that is tailored to individual needs of a student. An arrangement is made that the student works on a project (term paper, readings, mapping, field investigation, GIS, or related topics).
Prerequisite: Consent
On Demand

GEOLOGY MINOR

Geology
College of Science, Engineering and Technology
Department Chemistry & Geology
241 Ford Hall • 507-389-1963
Website: cset.mnsu.edu/chemgeol/programs/geol/
Chair: Mary Hadley
Faculty: Bryce Hoppie, Steven Losh, Chad Wittkop

Geology is the study of the earth. It concerns itself with the materials that constitute the earth, their disposition and structure, the processes at work on and within the earth, and both the physical and biological history of the earth.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

GEOL 121 Physical Geology
GEOL 201 Elements of Mineralogy

Required Electives for Major
(choose a minimum of 6 credits from the following)
GEOL 303 Structural Geology (4)
GEOL 355 Environmental Geology (4)
GEOL 370 Geotectonics (2)
GEOL 401 Field Studies (1-3)
GEOL 450 Hydrogeology (3)
GEOL 499 Individual Study (1-5)

COURSE DESCRIPTIONS

GEOL 100 (3-4) Our Geologic Environment
Earthquakes, volcanic eruptions, and flooding are three examples of naturally recurring events on the Earth that ultimately influence all of our lives. This course introduces the physical features and processes of the Earth that control these events. The course has a laboratory component.
Spring
GE-3, GE-10

GEOL 108 (3) Oceans of the World
An introduction to the world’s oceans: how they work, what they contain, how they impact everything on Earth, and how humans impact them.
Fall, Spring
GE-3, GE-10

GEOL 121 (4) Physical Geology
Physical geology is the study of how the earth works. From mountain building to soil erosion, this course provides an introduction to all the main areas of geologic study. Lecture discussions and laboratory exercises are designed for students seeking a major or minor in one of the natural sciences.
Fall
GE-3, GE-10

GEOL 122 (4) Earth History
An examination of the development and evolution of life on earth. In addition to reviewing the range of life forms and global climates existing on earth during various times in its geologic past, we will also look at how global industrialization could lead to the earth’s next period of mass extinction. Weekly laboratory assignments illustrate principles discussed in lectures.
Spring
GE-3

GEOL 201 (4) Elements of Mineralogy
Examination of the elemental composition and crystal structure of various common minerals. Laboratory time is spent practicing techniques of identifying crystals and minerals. The importance and occurrence of many economic minerals is also covered thoroughly in this course.
Prerequisite: GEOL 100 or GEOL 121
Fall
GEOL 302 (4) Petrology
Study of the compositions and origins of igneous, sedimentary, and metamorphic rocks in a plate tectonic context. Topics include mineral optics and geochemistry. Lab portion of course emphasizes identification and study of rocks.
Prerequisite: GEOL 201
Spring

GEOL 305 (2) Earth Science for Elementary Educators
An integrated, multidisciplinary study of the Earth and the solar system. The course establishes basic concepts of astronomy, physical geography, and geology to give students a thorough understanding of the Earth and its place in the solar system. Learning outcomes partially fulfill licensure requirements for elementary educators. This course is focused on content.
Prerequisite: BIOL 100, PHYS 101
Fall, Spring

GEOL 310 (3) Earth and Space Systems
An integrated, multidisciplinary study of the Earth and the solar system. The course builds on basic concepts of astronomy, chemistry, and geology to give students an enhanced understanding of the nature and relationship among the forces that control the Earth’s evolution. Learning outcomes partially fulfill licensure requirements for secondary science educators.
Prerequisite: AST 101, CHEM 201, GEOL 121
Fall

GEOL 320W (4) Sedimentology and Stratigraphy
Focused studies of the origins and processes of transportation, deposition, burial, and diagenesis of sedimentary materials. Lab assignments focus on sedimentary material identification and analysis. Field trips required.
Prerequisite: GEOL 121
Fall

GEOL 330 (4) Structural Geology
Study of processes and results of rock deformation at scales ranging from microscopic to plate tectonic, and at conditions ranging from the Earth’s surface to the deep interior.
Prerequisite: GEOL 121
Fall

GEOL 335 (4) Environmental Geology
The application of geologic data and principles to problems created by human occupancy and use of the physical environment. Lecture and laboratory topics include soil classification and conservation, hazardous waste site evaluation and remediation, and living with geologic hazards.
Prerequisite: GEOL 121
Fall

GEOL 350 (4) Petroleum and Ore Deposit Geology
Comprehensive survey of ore deposit and petroleum geology, including exploration and production technologies. Course emphasizes projects using industry data.
Prerequisite: GEOL 121, GEOL 201, GEOL 122
Corequisite: GEOL 320W, GEOL 302, GEOL 330
Variable

GEOL 351 (2) Engineering Geology
This course focuses on the application of geologic data and principles created by human occupancy and use of the physical environment. This course meets concurrently with GEOL 350 Environmental Geology through the last eight weeks of the semester. It is intended for civil engineering students who previously completed Geotechnical Engineering, CIVE 360.
Prerequisite: GEOL 121, CIVE 360, or instructor permission
Fall, Spring

GEOL 370 (2) Geotectonics
Expanded discussions of several topics introduced in Physical Geology and Structural Geology. Topics include plate tectonics, deep earth structure, seismicity, mountain building, and continental growth.
Prerequisite: GEOL 121 and GEOL 330
Variable

GEOL 401 (1-3) Field Studies
This course is devoted to the study and practice of geological field investigations. Students will first learn basic field investigative methods. Students will then be appropriately versed in the geological history and importance of a region selected for in-depth study. Finally, students will participate in a field trip to a regional site of geologic importance over an extended weekend (4-6 days). Potential study sites may include Minnesota’s North Shore and Iron Range, the Badlands and Black Hills of South Dakota, the Ozarks, or the Rocky Mountains.
Prerequisite: GEOL 100 or GEOL 121 and GEOL 122
Variable

GEOL 410 (3) Glacial Geology
Study of the origin, composition, texture, morphology, and stratigraphy of glacial deposits. Topics include the geologic record of glaciation, techniques used to reconstruct histories of glaciation, glacial depositional systems, provenance of glacial sediments, influence of glaciation on soil texture, and interpretation of glacial geologic maps. Emphasis will be placed on description and interpretation of glacial features in southern Minnesota. Field trips required.
Prerequisite: GEOL 121
On Demand: Fall, Spring, Summer

GEOL 420W (4) Hydrogeology
This course introduces physical and chemical studies of hydrogeology. The main areas of discussion will include the physical and chemical attributes of aquifers, movement of ground-water and solute through soils and rocks, and reactions between earth materials and pollutants in ground-water systems. The class includes extensive use of MODFLOW and MT3D, the two most commonly used groundwater modeling programs currently available.
Prerequisite: CHEM 201, GEOL 121
Variable

GEOL 440 (4-8) Geology Field Camp
Geologic field mapping and interpretation in diverse settings. Course is offered by universities throughout the U.S. and elsewhere.
Prerequisite: GEOL 121, GEOL 122, GEOL 201, GEOL 320W, GEOL 330
Summer

GEOL 450 (3) Teaching Earth Sciences
Material and methods of earth science study directed toward future teachers of students in junior high and high schools.
Prerequisite: GEOL 121, GEOG 217 or instructor permission
Variable

GEOL 490 (1-4) Workshop

GEOL 499 (1-5) Individual Study
German

College of Arts & Humanities
Department of World Languages & Cultures
227 Armstrong Hall • 507-389-2116
Website: www.mnsu.edu/languages
Chair: Gregory Taylor
Faculty: Nadja Kramer

In our changing global environment, communication is the key to understanding other peoples and cultures. The German program prepares its students to thrive as global citizens in a diverse world. Students in German language education acquire language proficiency and cultural competence that provide insight into the culture, literature, and history of German-speaking countries and enables them to travel, study, and work in areas where the target language is used.

At the end of their program, students will meet the National Standards for Foreign Language Learning:

Communicate in Languages Other Than English
Standard 1.1: Students engage in conversations, provide and obtain information, express feelings and emotions, and exchange opinions.
Standard 1.2: Students understand and interpret written and spoken language on a variety of topics.
Standard 1.3: Students present information, concepts, and ideas to an audience of listeners or readers on a variety of topics.

Gain Knowledge and Understanding of Other Cultures
Standard 2.1: Students demonstrate an understanding of the relationship between the practices and perspectives of the culture studied.
Standard 2.2: Students demonstrate an understanding of the relationship between the products and perspectives of the culture studied.

Connect with Other Disciplines and Acquire Information
Standard 3.1: Students reinforce and further their knowledge of other disciplines through the foreign language.
Standard 3.2: Students acquire information and recognize the distinctive viewpoints that are only available through the foreign language and its cultures.

Develop Insight into the Nature of Language and Culture

Standard 5.1: Students use the language both within and beyond the school setting.
Standard 5.2: Students show evidence of becoming lifelong learners by using the language for personal enjoyment and enrichment.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Admission to Major is granted by the department. Minimum university admission requirements are:
- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.00 ("C").

A minimum GPA of 2.5 is required in all German courses. Contact the department for application procedures.

GPA Policy. A grade of "C" or better must be earned for major or minor credit.

P/N Grading Policy. Work done for a major or minor must be done for a letter grade above the second-year level. A grade of "P" must be earned for major or minor credit in all work done on a P/N basis.

Proficiency Policies. Students with high school language experience may take the CLEP test for a maximum of 12 credits. Students who wish to receive credit by examination may take tests to evaluate their proficiency. Students may not take a proficiency test for a course in which they are enrolled. The department reserves the right to deny admission to courses for those students whom a faculty member determines to have mastered the material already.

Fulfilling BA Language Requirement. Students who wish to validate the BA language requirement for previous study in French, German, Spanish, Swedish or Norwegian may do so by taking a language competency exam under the rules for credit by exam (see above section). Students do not meet the BA language requirements merely because they have taken two years of high school language.

Residency Requirement. Transfer credits will be applied only if they are the equivalent of work offered by the Department of World Languages & Cultures for the major or minor in that language. In addition, a minimum of work must be taken at Minnesota State Mankato as follows. Major: a minimum of eight credits upper division courses other than Independent or Individual Study. At least one of these courses must be at the 400 level. Minor: a minimum of one upper division course other than Independent or Individual Study, for a total of at least four credits.

Courses not required for a student’s specific baccalaureate degree should be chosen according to these general guidelines:
- BA: Emphasis on literature in upper-division courses; students will most likely pursue their education beyond the baccalaureate level.
- BS: Emphasis on the ability to communicate in the language; presupposes knowledge of culture and civilization; students frequently have career goals in other disciplines for which a language is either required or recommended.
- BS German Education: Emphasis on communication (four skills plus culture and language analysis).

GERMAN BA, BS AND MINOR

GERMAN BA

Degree completion = 120 credits

Prerequisites to the Major
GER 101 Elementary German I (4)
GER 102 Elementary German II (4)

Major Common Core (24 credits)
GER 340 Topics in Language (1-4)
GER 341 Composition and Conversation (4)
GER 342 Selected Readings (1-4)
GER 343 German Civilization (1-4)
GER 441 Conversation and Composition (4)
GER 442 German Literature (1-4)

Major Unrestricted Electives (12 credits)
GER 150W The German-speaking Countries: An Interdisciplinary Introduction (4)
GER 201 Intermediate German I (4)
GER 202 Intermediate German II (4)
GER 293 Supervised Foreign Study: Intermediate (1-4)
GER 299 Individual Study (1-4)
GER 340 Topics in Language (1-4)
GER 393 Supervised Foreign Study (1-6)
GER 443 Topics in German Studies (1-4)
GER 445 Topics in German Linguistics (1-4)
GER 460 Topics in German Cinema (4)
GER 490 Senior Capstone Project (1-4)
GER 493 Supervised Foreign Study (1-6)
GER 497 Internship (1-6)
GER 499 Individual Study (1-4)

Other Graduation Requirements

Required for Bachelor of Arts (BA) degree ONLY: language (8 credits)

Required Minor: Yes. Any.

GERMAN BS

Degree completion = 120 credits

Prerequisites to the Major
GER 101 Elementary German I (4)
GER 102 Elementary German II (4)

Major Common Core (24 credits)
GER 340 Topics in Language (1-4)
GER 341 Composition and Conversation (4)
### GERMAN MINOR

**Required for Minor:** Elementary German or other proof of skill is needed. The intermediate sequence counts toward the minor.

**Required for Minor (choose 8-16 credits)**
- At least 14 credits at the upper-division level are required for the minor. Eight of the upper division credits must be in skills courses selected from the list below.

**GER 101 (4) Elementary German I**
Introduction to German for students with little or no language experience.
GE-B

**GER 102 (4) Elementary German II**
Prerequisite: GER 101 or equivalent
GE-B

**GER 201 Intermediate German I (4)**
A review of German structure and its application to reading, conversation, and composition.
Prerequisite: GER 102 or equivalent
GE-B

**GER 202 Intermediate German II (4)**
Prerequisite: GER 201 or equivalent
GE-B

**Major Restricted Electives (12 credits)**
- GER 340 Topics in Language (1-4)
- GER 341 Composition and Conversation (4)
- GER 342 Selected Readings (1-4)
- GER 343 German Civilization (1-4)
- GER 393 Supervised Foreign Study: Intermediate (1-4)
- GER 399 Individual Study (1-4)
- GER 443 Topics in German Linguistics (1-4)
- GER 445 Topics in German Literature (1-4)
- GER 460 Topics in German Cinema (4)
- GER 490 Senior Capstone Project (1-4)
- GER 493 Supervised Foreign Study (1-6)
- GER 497 Internship (1-6)
- GER 499 Individual Study (1-4)

**GERMAN MINOR**

**Required for Minor:** Elementary German or other proof of skill is needed. The intermediate sequence counts toward the minor.

**Required for Minor (choose 8-16 credits)**
- At least 14 credits at the upper-division level are required for the minor. Eight of the upper division credits must be in skills courses selected from the list below.

**GER 101 (4) Elementary German I**
Introduction to German for students with little or no language experience.
GE-B

**GER 102 (4) Elementary German II**
Prerequisite: GER 101 or equivalent
GE-B

**GER 201 Intermediate German I (4)**
A review of German structure and its application to reading, conversation, and composition.
Prerequisite: GER 102 or equivalent
GE-B

**GER 202 Intermediate German II (4)**
Prerequisite: GER 201 or equivalent
GE-B

**GER 293 Supervised Foreign Study: Intermediate**
Prerequisite: GER 102 or equivalent

**GER 499 Individual Study (1-4)**
Prerequisite: Experience appropriate for level of project

**GER 340 Topics in Language**
Topics will vary and course may be repeated for credit. Language topics include pronunciation and intonation, advanced grammar, etc. The focus is on an advanced oral or written communication.
Prerequisite: Two years of university level German or equivalent

**GER 441 (4) Conversation and Composition**
Intensive practice in speaking and writing for students who have completed the intermediate sequence or equivalent.
Prerequisite: Completion of GER 202 or equivalent

**GER 442 (1-4) German Literature**
Topics vary and course may be repeated if a different topic/genre is the focus.
Major writers from German speaking countries. Genres include novel, poetry, theatre, short story, etc.
Prerequisite: Completion of readings GER 302 or equivalent

**GER 443 (1-4) Topics in German Studies**
The course deals with the complex cultural traditions and political histories of German-speaking countries in Central Europe, such as the metropolis Berlin, the Holocaust, minority voices. Topics vary and the course may be repeated if a different topic is the focus.
Fall, Spring

**GER 444 (1-4) Topics in German Linguistics**
Topics may vary. Course may be repeated for credit. Discussion and analysis of German phonetics and syntax and historical linguistics, for example.
Prerequisite: Completion of at least one 300 level German course.

**GER 445 (1-4) Topics in German Literature**
Topics vary. Course may be repeated for credit. Discussion and analysis of Major writers from German speaking countries. Genres include novel, poetry, theatre, short story, etc.
Prerequisite: Completion of readings GER 302 or equivalent

**GER 446 (4) Topics in German Civilization**
The course explores 20th and 21st century German film in historical, social, cultural contexts and events. Topics may be a survey, or concentration on Weimar Cinema, New German Cinema, East German cinema, transnational cinema. Topics vary.
Prerequisite: Completion of at least one 300 level German course.

**GER 447 (1-4) Topics in German Language**
Topics vary. Course may be repeated for credit. Discussion and analysis of German phonetics and syntax and historical linguistics, for example.
Prerequisite: Completion of at least one 300 level German course.

**GER 449 Senior Capstone Project**
An individual project by German majors or minors that demonstrates the ability to focus on a specific topic or question in-depth in the field of German culture and literature studies. Approval required by a designated advisor in the German program.
Prerequisite: GER 340, GER 341, GER 342, GER 343, GER 441. Student has to be admitted as a German major or minor and of senior standing.
On Demand

**GER 493 (1-6) Supervised Foreign Study**
Study for credit must be arranged by contract prior to departure.
Prerequisite: Intermediate Sequence

**GER 497 (1-6) Internship**
Prerequisite: Experience appropriate for level of credit

**GER 499 (1-4) Individual Study**
Prerequisite: As appropriate for level of project
German Teaching

College of Arts & Humanities
Department of World Languages & Cultures
227 Armstrong Hall • 507-389-2116
Website: www.mnsu.edu/languages

Chair: Gregory Taylor
Faculty: Nadja Kramer

In our changing global environment, communication is the key to understanding other peoples and cultures. The German program prepares its students to thrive as global citizens in a diverse world. Students in German language education acquire language proficiency and cultural competence that provide insight into the culture, literature, and history of German-speaking countries and enables them to travel, study, and work in areas where the target language is used.

At the end of their program, students will meet the National Standards for Foreign Language Learning.

Communicate in Languages Other Than English
Standard 1.1: Students engage in conversations, provide and obtain information, express feelings and emotions, and exchange opinions.
Standard 1.2: Students understand and interpret written and spoken language on a variety of topics.
Standard 1.3: Students present information, concepts, and ideas to an audience of listeners or readers on a variety of topics.

Gain Knowledge and Understanding of Other Cultures
Standard 2.1: Students demonstrate an understanding of the relationship between the practices and perspectives of the culture studied.
Standard 2.2: Students demonstrate an understanding of the relationship between the products and perspectives of the culture studied.

Connect with Other Disciplines and Acquire Information
Standard 3.1: Students reinforce and further their knowledge of other disciplines through the foreign language.
Standard 3.2: Students acquire information and recognize the distinctive viewpoints that are only available through the foreign language and its cultures.

Develop Insight into the Nature of Language and Culture
Standard 4.1: Students demonstrate understanding of the nature of language through comparisons of the language studied and their own.
Standard 4.2: Students demonstrate understanding of the concept of culture through comparisons of the cultures studied and their own.

Participate in Multilingual Communities at Home & Around the World
Standard 5.1: Students use the language both within and beyond the school setting.
Standard 5.2: Students show evidence of becoming life-long learners by using the language for personal enjoyment and enrichment.

Required for Major. Students must “demonstrate intermediate-high level speaking proficiency” as defined in the ACTFL Proficiency Guidelines established by the American Council on the Teaching of Foreign Languages or equivalent. Contact the department for details. Also required for the major are first-hand experiences with the target cultures.

Other Graduation Requirements
See the SECONDARY EDUCATION section for admission requirements to Professional Education and a list of required professional education courses.

Required Minor: None.

COURSE DESCRIPTIONS SEE GERMAN
Global Solutions in Engineering Technology

College of Science, Engineering and Technology
Advising Center
131 Trafton Science Center North • 507-389-1521
Website: www.cset.mnsu.edu

Locations: Mankato Campus, Mesabi Range Community and Technical College, Normandale, and 7700 France

Global experiences are difficult to fit into a traditional engineering program because of credit expectations and sequential course offerings. This minor in the context of engineering experiences and with a focus on cultural learning will create a pathway for students to develop cultural and language skills desired by our regional employers. Through the resulting minor, graduates will be produced with an expanded set of skills to address global problem solving in engineering and technology.

Policies: This minor includes several components. First, 16 credits of coursework from a wide range of courses offered through many programs on campus will be required in order for the student to gain a better understanding of global issues and practices. Two courses must be taken from a short list (Tier 1) of potential classes from either of the following two groups; “Culture and Communication” and “Trade and Technology.” In addition to these Tier 1 courses, several additional courses must be taken from Tier 2 options in the following groups; “Culture and Communication”, “Language”, and “Trade and Technology.” Students must take between 4 and 8 credits from the “Language” group, with the remaining credits to be taken in any combination from the remaining groups.

In addition to the course requirements given above, the students will participate in an international experience of an approved type (i.e., study abroad, international internship/co-op, Engineers Without Borders projects, etc.) The students will work with program leadership in ascertaining whether the proposed experience meets the expectations of the minor.

Lastly, in preparation for and upon completion of this international experience, the student will participate twice (2 at 1 credit) in the “Global Experience in Engineering and Technology” course developed in conjunction with the minor. This seminar course will include material to prepare the students for the international experience, development of goals/objectives for the international experience, an opportunity for returning students to mentor students preparing for a similar experience, etc.

Admission Standards: Admission to this minor and the associated engineering and engineering technology courses will require admission to the Engineering or Engineering Technology program in which the student is pursuing a baccalaureate degree. Admission to this minor and the associated engineering and engineering technology courses will require admission to the Engineering or Engineering Technology program in which the student is pursuing a baccalaureate degree.

Core
Minor Core - Tier 1 Courses
Select at least two courses from either group “Culture and Communication” or “Trade and Technology”, minimum 6 credits

Tier 1 Course Options - Culture and Communication Core
CMST 203 Intercultural Communication (4)
GEOG 103 Introductory Cultural Geography (3)
HIST 170 Ancient World Civilization to 1500 (4)
HIST 170W Ancient World Civilization to 1500 (4)
HIST 171 World Civilization, 1500-Present (4)
HIST 171W World Civilization, 1500-Present (4)
HIST 180 European History to 1648 (4)
HIST 180W European History to 1648 (4)
HIST 181 European History: 1648 to the Present (4)
HIST 181W European History: 1648 to the Present (4)
PHIL 205W Culture, Identity, and Diversity (3)

Tier 1 Course Options - Trade and Technology Core
ECON 420 International Economics (3)
IBUS 380 Principles of International Business (3)
MRKT 100 Foundations of Business Concepts (3)

Program-specific Core
Take one of the following courses twice, once before and a second time after the required international experience (2 credits required).
CIVE 494 Global Experience in Engineering and Technology (1)
EE 494 Global Experience in Engineering and Technology (1)
EET 494 Global Experience in Engineering and Technology (1)
ENGR 494 Global Experience in Engineering and Technology (1)
ME 494 Global Experience in Engineering and Technology (1)

Elective
Minor Electives - Tier 2 Courses
Select from the following courses (0-6 credits).
IBUS 419 International Business Seminar (3)
IBUS 428 International Marketing (3)
IBUS 448 International Business Management (3)
IBUS 469 Fair Trade Study Abroad in Belize (3)
RIPS 475 Public Land Use Policies (3)

Tier 2 Course Options - Trade and Technology Electives
Select from the following courses (0-6 credits).
IBUS 101 Elementary French I (5)
IBUS 102 Elementary French II (5)
IBUS 201 Intermediate French I (4)
IBUS 202 Intermediate French II (4)
GER 101 Elementary German I (4)
GER 102 Elementary German II (4)
GER 201 Intermediate German I (4)
GER 202 Intermediate German II (4)

POLICIES/INFORMATION

Students planning to major in the College of Allied Health and Nursing have an advisor from their area of interest assigned to them. Questions and concerns pertaining to advising and the assignment of advisors can be answered by Shirley Murray, Student Relations Coordinator, 507-389-5194 or Tana Lamm, Student Advisor, 507-389-2755, with offices located in 124 Myers Field House.

HEALTH AND PHYSICAL EDUCATION BS

Degree completion = 120 credits

The Health (5-12) and Physical Education (K-12) teaching program meets national and state standards for the preparation of school health educators and physical educators. This program prepares future teachers for what they should know and be able to do in order to help their students develop health-related knowledge and skill to engage in healthy behaviors including lifelong physical activity. This major is a joint program offered by the Departments of Health Science and Human Performance that meets Minnesota Board of Teaching (BOT) requirements for licensure in both Health Education and Physical Education.

Program Information. This major has two General Education waivers: 40 credits of General Education, and 2) BIO 220: Human Anatomy and BIO 310: Human Physiology to meet Goal area 3 lab requirement.

Students must earn a C or better in all required general education (except Chemistry) and required courses (except Human Anatomy) in the Health and Physical Education major. Students must also maintain a G.P.A. of 2.5 or better in the major (required general education and required courses). A G.P.A. of 2.5 in the major is also required for graduation in Health and Physical Education.

Admission Requirements.

Health and Physical Education major admission requirements include:

• completion of a minimum of 32 credit hours,
• a minimum cumulative G.P.A. of 2.5,
• and a C or better in ENGL 101, and
• a C or better in general education MATH.

Professional Education admission requirements include:

• completion of a minimum of 32 credit hours,
• a minimum cumulative G.P.A. of 2.5,
• evidence of registration for MATLE Basic Skills Exam,
• enrollment in or completion of KSP 220W,
• a C or better in ENGL 101, and
• a C or better in general education MATH.

Required General Education
22 credit hours
CHEM 106 Introduction to Chemistry (for Allied Health) (3)
FCS 140 Introduction to Nutrition (3)
HLTH 101 Health and the Environment (3)
HLTH 240 Drug Education (3)
HP 182 Aquatic Skills (1)
HP 291 Concepts of Fitness (2)
KSP 220W Human Relations in a Multicultural Society (3)
PSYC 101 Introduction to Psychological Science (4)

Prerequisites to the Major
8 credit hours
Biol 220 Human Anatomy (4)
Biol 310 Basics of Human Physiology (4)

Major Common Core
45 credit hours
HLTH 210 First Aid & CPR (3)
HLTH 311 Family Life & Sex Education (3)
HLTH 320 School Health Education (3)
HLTH 410 Current Health Issues (3)
HLTH 451 Emotional Health and Stress (3)
HLTH 454 Chronic and Infectious Diseases (3)
HP 202 Introduction to Teaching PE and Health (1)
HP 203 Fundamentals of Indoor and Outdoor Team Sports (2)
HP 204 Fundamentals of Individual and Dual Sports (2)
HP 205 Fundamentals of Rhythm and Dance (2)
HP 348 Structural Kinesiology and Biomechanics (3)
HP 356 Methods of Elementary Physical Education (3)

The Department of Health Science offers undergraduate majors in Alcohol and Drug Studies (B.S.), Community Health Education (B.S.), and School Health Education (B.S.) as well as a major in Health and Physical Education in collaboration with the Department of Human Performance. (See individually listed programs within Table of Contents.) The department also offers undergraduate minors in Alcohol and Drug Studies and Health Science. At the graduate level the Department of Health Science offers Baccalaureate programs in Public Health Education (100% online) and School Health Education (online-plus) as well as advanced degree programs in Community Health Education (M.S.) (online-plus) and School Health Education (M.S.) (online-plus).

Policies/Information

Admission Requirements. Please see the admission requirements specific to each of the undergraduate programs offered by the Department of Health Science.

Academic Requirements

Grade Policy. The Department of Health Science requires students in Alcohol and Drug Studies, to earn a “C” or better in all required general education, required, and elective courses in the major. Students in Community Health Education, Health and Physical Education, and School Health Education are required to earn a “C” or better in all required general education (except Chemistry), required major courses (except Human Anatomy), and elective courses in these majors. The department also requires students in the Alcohol and Drug Studies and Health Science minors to earn a “C” or better in all core and elective courses in the minors.

Minimum G.P.A. Policy. The Department of Health Science requires students in Alcohol and Drug Studies, Community Health Education, Health and Physical Education, and School Health Education to maintain a G.P.A. of 2.5 or better in the major (required general education, required, and elective courses in a major). A G.P.A. of 2.5 in the major is required for graduation in Alcohol and Drug Studies, Community Health Education, Health and Physical Education, and School Health Education.

P/N Grading Policy. All required general education, required, and elective courses must be taken for grade except HLTH 495, HLTH 496, and HLTH 497.

Academic Integrity Policy

The Department of Health Science values and supports an environment conducive to learning as well as academic integrity. Therefore, students are expected to comply with Minnesota State Mankato student responsibilities and policies for academic integrity. Academic integrity includes meeting one’s responsibilities in an honest and forthright manner and avoiding acts of dishonesty, plagiarism, cheating, collusion, and other forms of academic misconduct. An act of dishonesty, cheating, collusion, and/or any other form of academic misconduct will result in a 0 on the assessment and a full letter grade deduction from the final course grade (e.g., “A” to “B”). An act of plagiarism will result in a 0 on the assessment or assessments and the student will be required to meet with the chair of the Department of Health Science and receive remediation related to plagiarism. Two acts of dishonesty, cheating, collusion, and/or any other form of academic misconduct and/or an act of plagiarism after remediation will result in a final course grade of “F”. Evidence related to any act of academic misconduct will be submitted to the Chairperson of the Department of Health Science. Two acts of academic misconduct or a repeated act of plagiarism after remediation in any Health Science course or courses will result in discontinuance from, or eligibility to enroll in, the academic programs offered by the Department of Health Science. Additionally, evidence related to academic misconduct will be submitted, as appropriate, to the Office of Academic Affairs and/or the College of Education. Please note: Policy reflects minimum departmental standards. Individual instructors may impose more severe sanctions for an act of academic dishonesty within their courses.

HEALTH SCIENCE MINOR

Minor Core
HLTH 101 Health and the Environment (3)
HLTH 260 Introduction to Health Education (3)

In addition to the Core, choose one 3 credit 200-level course:
(choose 3 credits)
HLTH 210 First Aid & CPR (3)
HLTH 211 Human Sexuality in a World of Diversity (3)
HLTH 212 Consumer Health (3)
HLTH 225 Introduction to Alcohol and Drug Studies (3)
HLTH 240 Drug Education (3)

Electives
In addition to the Core, choose 12 credits from the following list of 300 and 400 level courses:
HLTH 311 Family Life & Sex Education (3)
HLTH 315 Holistic Health and Wellness (3)
HLTH 321 Medical Terminology (3)
HLTH 400 Women’s Health (3)
HLTH 410 Current Health Issues (3)
HLTH 417 Principles of Wellness Coaching (3)
HLTH 440 Teaching First Aid and CPR (2)
HLTH 441 Death Education (3)
HLTH 450 Environmental Health (3)
HLTH 451 Emotional Health and Stress (3)
HLTH 454 Chronic and Infectious Diseases (3)
HLTH 455 Health and Aging (3)
HLTH 459 Critical Topics in Health (1-3)
HLTH 460 Introduction to Epidemiology (3)
HLTH 465 Health Care Delivery in the United States (3)
HLTH 466 Global Health (3)
HLTH 467 Public Health Law (3)
HLTH 475 Biostatistics (3)
HLTH 477 Behavior Change Foundations and Strategies (3)
HLTH 488 Worksite Health Promotion (3)
HLTH 491 Directed Research in Health Science (1-6)
HEALTH SCIENCE COURSE DESCRIPTIONS

Health Science

College of Allied Health & Nursing

Department of Health Science
213 Highland Center N • 507-389-1527
Website: www.mnsu.edu/dep/health/

Chair: Marlene K. Tappe
Faculty: Autumn Hamilton, Amy Hedman, Dawn Larsen, Jennifer Londgren, Judith Luebbe, Wangle Murray-Davis, Marlene Tappe, Thad Shunkwiler, Mark Windschill, Joseph Visker

Academic Integrity Policy

The Department of Health Science offers undergraduate majors in Alcohol and Drug Studies (B.S.), Community Health Education (B.S.), and School Health Education (B.S.) as well as a major in Health and Physical Education in collaboration with the Department of Human Performance. (See individually listed programs within Table of Contents.) The department also offers undergraduate minors in Alcohol and Drug Studies and Health Science. At the graduate level the Department of Health Science offers Post-Baccalaureate programs in Public Health Education (100% online) and School Health Education (online-plus) as well as advanced degree programs in Community Health Education (M.S.) (online-plus) and School Health Education (M.S.) (online-plus).

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Admission Requirements: Please see the admission requirements specific to each of the undergraduate programs offered by the Department of Health Science.

Academic Requirements

Grade Policy: The Department of Health Science requires students in Alcohol and Drug Studies, to earn a “C” or better in all required general education, required, and elective courses in the major. Students in Community Health Education, Health and Physical Education, and School Health Education are required to earn a “C” or better in all required general education (except Chemistry), required major courses (except Human Anatomy), and elective courses in these majors. The department also requires students in the Alcohol and Drug Studies and Health Science minors to earn a “C” or better in all core and elective courses in the minors.

Minimum G.P.A. Policy: The Department of Health Science requires students in Alcohol and Drug Studies, Community Health Education, Health and Physical Education, and School Health Education to maintain a G.P.A. of 2.5 or better in the major (required general education, required, and elective courses in a major). A G.P.A. of 2.5 in the major is required for graduation in Alcohol and Drug Studies, Community Health Education, Health Education, and Physical Education, and School Health Education.

P/N Grading Policy: All required general education, required, and elective courses must be taken for grade except HLTH 495, HLTH 496, and HLTH 497.

Academic Integrity Policy

The Department of Health Science values and supports an environment conducive to learning as well as academic integrity. Therefore, students are expected to comply with Minnesota State Mankato student responsibilities and policies for academic integrity. Academic integrity includes meeting one’s responsibilities in an honest and forthright manner and avoiding acts of dishonesty, plagiarism, cheating, collusion, and other forms of academic misconduct. An act of dishonesty, cheating, collusion, and/or any other form of academic misconduct will result in a “F”. Evidence related to any act of academic misconduct will be submitted to the Chairperson of the Department of Health Science. Two acts of academic misconduct or a repeated act of plagiarism after remediation in any Health Science course or courses will result in discontinuance from, or eligibility to enroll in, the academic programs offered by the Department of Health Science. Additionally, evidence related to academic misconduct will be submitted, as appropriate, to the Office of Academic Affairs and/or the College of Education. Please note: Policy reflects minimum departmental standards. Individual instructors may impose more severe sanctions for an act of academic dishonesty within their courses.

COURSE DESCRIPTIONS

HLTH 101 (3) Health and the Environment
This course is designed to introduce the wellness concept, encouraging development of physical, mental, social and environmental health of the individual. The course ultimately fosters decision-making through a variety of instructional strategies.
Fall, Spring, Summer
GE-10

HLTH 210 (3) First Aid & CPR
Provides the knowledge and skills necessary in an emergency to help sustain life, reduce pain, and minimize the consequences of injury or sudden illness. Includes First Aid certification for the non-professional and all aspects of CPR for the non-professional and professional.
Fall, Spring, Summer
GE-11

HLTH 211 (3) Human Sexuality in a World of Diversity
This course is an overview of Human Sexuality with special emphasis on how sexuality relates to marginalized populations. This course requires a supervised field trip.
Variable
GE-7
Diverse Cultures - Gold

HLTH 212 (3) Consumer Health
This is course designed to examine health products, services, and information from the consumer’s perspective. Emphasis will be placed on those factors that influence and ultimately determine which products, services, and information sources that you will either accept or reject.
Fall, Spring, Summer
GE-2

HLTH 215 (1) First Responder/CPR Recertification
This course is for people currently certified (or expired within the last month) in ARC CPR/AED. This course is also for people currently certified (or expired within the last year) in ARC Emergency Response or as a First Responder.

HLTH 225 (3) Introduction to Alcohol and Drug Studies
This course provides information on a variety of topics related to chemical use, abuse and dependency. Students will be exposed to chemical dependency counseling, assessment and intervention techniques. Different drug classifications will be discussed in detail. Counselor core functions and ethics will be discussed also.
Fall, Spring, Summer

HLTH 240 (3) Drug Education
Addresses drugs and drug use from psychological, behavioral, pharmacological, historical, legal and clinical perspectives - while examining the effects of drug use on personal health and social functioning.
Fall, Spring, Summer
GE-5

HLTH 260 (3) Introduction to Health Education
Introduction to Health Education is required of all Health Science majors and minors. This is the foundation class for the professional preparation of health educators. The course explores the knowledge, skills, and competencies of health educators in various settings.
Prerequisite: HLTH 101
Corequisite: HLTH 101
Fall, Spring, Summer

HEALTH SCIENCE (HLTH) COURSE DESCRIPTIONS

HEALTH SCIENCE COURSE DESCRIPTIONS

HEALTH SCIENCE COURSE DESCRIPTIONS
HLTH 311 (3) Family Life & Sex Education
Explores biological, physiological, and sociological perspectives of human sexuality. The course examines personal and family relationships and addresses family life and sex education teaching methods for school and community settings.
Fall, Spring, Summer

HLTH 315 (3) Holistic Health and Wellness
This course presents a study of the essential nature and characteristics of total health. The course explores dimensions of mental, physical, social, and spiritual wellbeing. Various approaches to holistic health and wellness are considered.
Variable

HLTH 320 (3) School Health Education
This course provides School Health teaching majors the knowledge, skills, and dispositions they will need to be a part of a coordinated school health program team and teach comprehensive school health education in middle/junior and senior high schools.
Spring

HLTH 321 (3) Medical Terminology
For health care personnel, emphasis on spelling, pronunciation and meaning.
Fall, Spring, Summer

HLTH 361 (4) Health Communication and Advocacy
Health Communication and Advocacy focuses upon the development of communication and advocacy skills for the health educator. Identifying credible sources, communicating public health information, health media campaigns, health advocacy, written and verbal communication skills emphasized.
Prerequisite: HLTH 260
Fall, Spring

HLTH 380W (3) Health Education Planning, Implementing & Evaluating
This course requires students to plan a health promotion and health education program. Skills include assessing needs, determining objectives, identifying measurement and intervention strategies, and developing an evaluation plan.
Prerequisite: HLTH 260, HLTH 361
Corequisite: HLTH 361
Fall, Spring

HLTH 400 (3) Women's Health
This course explores current issues, controversies and concerns affecting women's health. Relationships between social, cultural, psychological, environmental and physical factors of women's health status are examined.
Variable

HLTH 406 (3) Ethics and Professionalism for Addiction Professionals
The focus of this course is on the foundations of ethics and professionalism for addiction professionals. The course will cover professional and ethical codes as well as topics related to continued development as a professional.
Prerequisite: HLTH 225
Spring

HLTH 407 (3) Pharmacology for Alcohol and Drug Professionals
This course provides information on characteristic and classifying information, pharmacology, pharmacokinetics, pharmacodynamics, behavioral effects, and pharmacotherapy options for drugs of abuse. The course will focus on the application of topics in alcohol and drug professional settings.
Prerequisite: HLTH 225
Fall

HLTH 408 (3) Theories and Methods for Addictions Professionals
This course explores counseling theories and strategies and how they can be applied to clients in alcohol and drug treatment programs. The course also provides an overview of primary functions of addictions professionals and methods to deliver effective services.
Prerequisite: HLTH 225
Fall

HLTH 410 (3) Current Health Issues
An in-depth review of significant health concerns and controversies in health science using critical thinking as the framework for critiquing the issues.
Fall, Spring

Diverse Cultures - Purple

HLTH 417 (3) Principles of Wellness Coaching
This course contains content associated with achieving entry-level certifications for wellness coaching. Health behavior change strategies are emphasized within the context of the health coaching theory, coaching relationship skills, wellness assessment, and goal setting.
Fall, Spring

HLTH 420 (3) Health Teaching Methods
This course provides School Health teaching majors the knowledge and skills they will need to be a part of a coordinated school health program team and teach comprehensive school health education in middle/junior and senior high schools.
Prerequisite: HLTH 320
Fall

HLTH 420W (3) Health Teaching Methods
This course provides School Health teaching majors the knowledge and skills they will need to be a part of a coordinated school health program team and teach comprehensive school health education in middle/junior and senior high schools.
Prerequisite: KSP 330
Fall, Spring

HLTH 440 (2) Teaching First Aid and CPR
American Red Cross instructor certification for Community First Aid and Safety courses. Includes review of course contents, preparation in teaching principles, methods, strategies, course materials and their use, clerical duties, and teaching experience.
Prerequisite: HLTH 210
Summer

HLTH 441 (3) Death Education
Explores the relationship of death concerns to the process of meaningful living. Uses a variety of learning strategies to examine death attitudes, values and related behaviors.
Variable

HLTH 449 (3) Clinical Health Education
Course is designed for health educators preparing for employment in a medical/health care setting and includes an overview of hospital-clinic based educational program. Patient interviewing and counseling skills are presented for professional and paraprofessional health care personnel. Course emphasis is on developing and preparing a teaching module in patient education.
Prerequisite: HLTH 454
Variable

HLTH 450 (3) Environmental Health
To promote identification and analysis of environmental influences upon health status. Health concerns related to residential, occupational, and other environments are explored. Problems pertaining to air, water, solid waste, housing, land use, toxic waste, and sanitation are addressed.
Fall

HLTH 451 (3) Emotional Health and Stress
Emphasis is on recognition of, and enhancing awareness about, how stress affects human health and performance. Stress management techniques such as relaxation, effective communication, cognitive-behavioral approaches, eating behaviors, regular exercise, and time management are explored.
Fall, Summer

HLTH 454 (3) Chronic and Infectious Diseases
The purpose of this course is to develop the knowledge and understanding of the causes, symptoms and methods of controlling and preventing chronic and infectious diseases. Primary and secondary prevention strategies will be identified. Emphasis will be placed on those behaviors that foster and those that hinder wellbeing.
Prerequisite: BIOL 220, BIOL 310
Fall, Spring

HLTH 455 (3) Health and Aging
This course investigates the physical and mental health concerns of the aging process. Explores specific health problems confronting older persons, and examines preventive health behaviors and health maintenance practices.
Spring, Summer
HLTH 458 (3) Assessment and Diagnosis of Substance Use Disorders
This course is designed to provide students with practical knowledge and application techniques in assessing an individual with a chemical use/dependency problem. Various assessment techniques will be presented and discussed as to appropriate utilization. This course meets the criteria or Rule 25 training in Chemical Dependency Assessment.
Prerequisite: HLTH 225
Fall, Spring

HLTH 459 (1-3) Critical Topics in Health
An in-depth study of specific topics of current interest in the Health Science discipline.
Variable

HLTH 460 (3) Introduction to Epidemiology
Examines the philosophy and rationale of current epidemiological practice. Requires the application of epidemiological techniques to selected health concerns. Explores the interaction of agent, host and environment with the emphasis on application of principles of prevention.
Fall, Spring

HLTH 461 (3) Health Care Delivery in the United States
An examination of the system of delivery of health care in the United States from a historical, social, political, and economic perspective.
Variable

HLTH 462 (3) Global Health
This course focuses on the determinants of health, the concept of culture, and the interaction of health issues, culture, and health status. Linkages between health and development are addressed and research methods instrumental for identifying relationships between culture and health are discussed. The course examines diverse strategies for measuring health and explores how public health efforts (domestic and global) benefit from understanding and working with cultural processes. Emphasis is placed on the burden of disease, risk factors, populations most affected by different disease burdens, and key measures to address the burden of disease in cost-effective ways.
Fall (On-Demand), Spring (On-Demand)
Diverse Cultures - Purple

HLTH 463 (3) Public Health Law
An examination of the judicial system and the development, enactment and enforcement of laws as they relate to the public's health.
Variable

HLTH 464 (3) Co-Occurring Disorders
The focus of this course is an assessment and treatment of persons with coexisting mental disorders as well as chemical dependency.
Prerequisite: HLTH 225
Fall

HLTH 465 (3) Biostatistics
Introduction to statistical analysis as applied to the health sciences. Examines concepts and methods of statistical procedures applied to health problems and issues.
Prerequisite: MATH 110, STAT 154, Or any other mathematics course higher than MATH 110.
Fall, Spring

HLTH 466 (3) Behavior Change Foundations and Strategies
Behavior Change Foundations and Strategies (3 semester credits) is a course that focuses upon the complexity of health behavior change and the skills necessary for a health promotion professional to assess, plan, and evaluate behavior change interventions for individuals and communities. Health behavior change theories and strategies will be discussed. Topics covered in class will include: behavior modification, goal setting, self-management, coping skills, and social support. Emphasis will also be given to the impact of policy and environmental influences on behavior.
Fall, Spring

HLTH 467 (3) Health Education Planning, Implementing & Evaluating 2
This course includes health program evaluation and research, with emphasis on evaluation models and approaches, qualitative and quantitative methods, process and summative evaluation, logic models, and dissemination of results.
Prerequisite: HLTH 380W
Fall, Spring

HLTH 480 (3) Health Education Planning, Implementing & Evaluating 2
This course includes health program evaluation and research, with emphasis on evaluation models and approaches, qualitative and quantitative methods, process and summative evaluation, logic models, and dissemination of results.
Prerequisite: HLTH 380W
Fall, Spring

HLTH 488 (3) Worksite Health Promotion
The course examines approaches to promote health and prevent disease and injury, and explores other health-related issues at the workplace. Assessment, planning, implementation and evaluation strategies are addressed. Model programs are reviewed and analyzed.
Spring, Summer

HLTH 490 (1-4) Workshop
Intensive educational experience on selected topics related to skill development, content update, or material development. Typically offered in a concentrated format.
Variable

HLTH 491 (1-6) Directed Research in Health Science
Supervise individual research or investigation in Health Science under guidance of a faculty mentor. Culminating research project with paper and/or presentation required.
On-Demand

HLTH 492 (4) Administration and Grant Writing in Health Education
Focuses on entry-level competencies related to the administration and management of health education programs. These include obtaining acceptance and support for programs, leadership, managing human resources, facilitating partnerships in support of health education, grant writing, and training individuals involved in the implementation of health education.
Prerequisite: HLTH 380W
Fall, Spring

HLTH 493 (1) Senior Seminar in Health Education
A seminar for students preparing for a career in Health Education. Emphasis on reviewing coursework, identifying and securing an internship site, and exploring employment opportunities within community organizations, public health agencies, work sites, health care facilities, and educational settings for health education
Prerequisite: HLTH 380W
Corequisite: HLTH 380W
Fall

HLTH 494 (3) Internship: Health Education
A concentrated preprofessional work experience for those students preparing for a career in community health. Student must schedule placement one semester in advance.
Prerequisite: BIOL 220, BIOL 310, HLTH 260, HLTH 361, HLTH 380W, HLTH 454, HLTH 460, HLTH 475, HLTH 480, HLTH 482, HLTH 495
Fall, Spring

HLTH 495 (1) Senior Seminar in Health Education
A seminar for students preparing for a career in Health Education. Emphasis on reviewing coursework, identifying and securing an internship site, and exploring employment opportunities within community organizations, public health agencies, work sites, health care facilities, and educational settings for health education.
Prerequisite: HLTH 380W
Corequisite: HLTH 380W
Fall

HLTH 496 (1-9) Internship: Health Education
A concentrated preprofessional work experience for those students preparing for a career in community health. Student must schedule placement one semester in advance.
Prerequisite: BIOL 220, BIOL 310, HLTH 260, HLTH 361, HLTH 380W, HLTH 454, HLTH 460, HLTH 475, HLTH 480, HLTH 482, HLTH 495
Fall, Spring

HLTH 497 (1-12) Internship: Alcohol and Drug Studies
A concentrated preprofessional experience for those preparing for a career in chemical dependency counseling. All course work must be completed prior to placement. Student must schedule placement one semester in advance.
Prerequisite: Completion of all Alcohol and Drug Studies required core courses.
Fall, Spring

HLTH 498 (1-6) Individual Study
An in-depth study on a topic of particular interest to the student and project supervisor.
Fall, Spring

HISTORY BA, BS
HISTORY

HISTORY BA, BS AND MINOR

History

College of Social & Behavioral Sciences
Department of History
110B Armstrong Hall • 507-389-1618
Website: www.mnsu.edu/history/

Chair: Matthew Loayza

Faculty: Melodie J. Andrews, Angela Jill Cooley, Christopher R. Corley, Kathleen L. Gorman, Jameel Haque, Lori Ann Lahlum, Matthew Loayza, Chad McCutcheon, Agnes Odinga, Tao Peng

The study of history is the attempt to understand and interpret past human societies. It provides both the joy and anguish of contemplating collective experiences, and presents insights that could produce a better future for the human race. History also opens a panorama of enormous variety in human experiences, values, and customs, which provide enjoyment and from which society can also learn wisdom, mutual respect, and tolerance.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Admission to Major. Admission to major is granted by the department. Minimum university admission requirements are:
- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.00 ("C")

Contact the department for application procedures.

GPA Policy. A minimum cumulative grade-point average of 2.0 is required in the major.

Pass/No Credit Policy. Undergraduate history courses may be taken either for P/N or letter grading except HIST 490 (workshops), HIST 497 (1-12 credits), and HIST 499 (1-3 credits), which are available only on P/N grading. However, majors and minors in history and majors in social studies (history core) must take all history courses, other than those enumerated, for a letter grade. No more than one-fourth of the credits in a history major or minor may be taken as P/N.

Transfer Policy. Transfer students should come to the Department of History to have their transfer credits reviewed prior to registration for classes.

Residency Requirement. All transfer students majoring in history are required to take at least 9 semester credits at the Minnesota State Mankato Department of History. All transfer students minoring in history are required to take at least 6 semester credits at the Minnesota State Mankato Department of History.

In order to provide broad preparation for graduate study, history majors of superior ability may read for honors in three different areas [see HIST 390 (1) • HIST 392 (1)]. To be eligible, a student must have completed at least 14 credits of history courses and have earned a grade-point average of 3.5 in history. The student may enroll for one honors course a semester. Honors credit may be counted for the history major and social studies (history core). Students who successfully complete these three courses with a grade-point average of 3.5 for all history courses (and who have met the other degree requirements) will be eligible for graduation "with distinction in history." Students interested in teaching history should see the Social Studies section for information on the major in Social Studies with a History Concentration BS, Teaching.

HISTORY BA

Degree completion = 120 credits

**Upper Division Courses and Distribution Requirement** (choose 20 credits)

At least one 300-400 level course must be taken from each of the following areas:

- United States, Europe, Category III (Africa, Asia, Latin America, or Middle East)
- World History
- European History
- World History
- American History

**Minor Requirements.**

- A minor in history consists of 18 semester hours with a minimum of 9 semester hours at the 300-400 level.
- Students may not take both HIST 180 and HIST 180W for credit.
- Students may not take both HIST 171 and HIST 171W for credit.
- A survey of European civilization to 1500. Same content as HIST 180, except this course satisfies the writing intensive, WI. Students may not take both HIST 171 and HIST 171W for credit.

**Course Descriptions**

**HIST 155 (3) History of the Family in America**

This course is designed to provide an overview and analysis of the historical experiences of the family in the United States from earliest settlement to the present in order to aid students in understanding the contemporary situation of the family in American society.

- Variable
- GE-5, GE-7
- Diverse Cultures - Purple

**HIST 170 (4) Ancient World Civilization to 1500**

A history of the physical, political, cultural, social, and economic foundations of world civilizations to 1500.

- Fall, Spring
- GE-5, GE-8

**HIST 170W (4) Ancient World Civilization to 1500**

A history of the physical, political, cultural, social, and economic foundations of world civilizations to 1500. Same content as HIST 170, except this course satisfies WI, Writing Intensive. Students may not take both HIST 170 and HIST 170W for credit.

- Variable
- WI, GE-5, GE-8

**HIST 171 (4) World Civilization, 1500-Present**

Review of major changes in World Civilizations since 1500.

- Fall, Spring
- GE-5, GE-8
- Diverse Cultures - Purple

**HIST 171W (4) World Civilization, 1500-Present**

Review of major changes in World Civilization since 1500. Same content as HIST 171, except this course satisfies the writing intensive, WI. Students may not take both HIST 171 and HIST 171W for credit.

- Variable
- WI, GE-5, GE-8

**HIST 180 (4) European History to 1648**

A survey of European civilization from Egypt to the end of the Thirty Years War.

- Fall, Spring
- GE-5, GE-9

**HIST 180W (4) European History to 1648**

A survey of European civilization from Egypt to the end of the Thirty Years War. Same content as HIST 180, except this course satisfies the writing intensive, WI. Students may not take both HIST 180 and HIST 180W for credit.

- Variable
- WI, GE-5, GE-9

**HIST 181 (4) European History: 1648 to the Present**

A survey of European history from the end of the Thirty Years War to the present.

- Fall, Spring
- GE-5, GE-8

**HIST 181W (4) European History: 1648 to the Present**

Survey of European history from the end of the Thirty Years War to the present. Same content as HIST 181, except this course satisfies the writing intensive, WI. Students may not take both HIST 181 and HIST 181W for credit.

- Fall, Spring
- WI, GE-5, GE-8

</tbody>
</table>
HIST 434 (4) East Asian History: 1800-1945
A comparative history of the Chinese and Japanese nations from the 19th century to 1945.
Variable

HIST 435 (4) East Asian History: 1945 - The Present
A comparative history of the rise of the Chinese and Japanese nations from 1945 to the present.
Variable
Diverse Cultures - Purple

HIST 436 (4) History of East Asian Relations with the United States
History of relations of major East Asian countries with the United States from the late 18th century to the present.
Variable

HIST 437 (4) African History to 1800
Investigation of historical developments across the African continent from prehistory through the eighteenth century. Topics will include ancient empires of West Africa, the Swahili coast, the spread of Islam, the trans-Atlantic slave trade and the formation of South Africa's multiracial society.
Variable
Diverse Cultures - Purple

HIST 438 (4) Modern Africa
Investigation of historical developments in Sub-Saharan Africa during the nineteenth and twentieth centuries. Topics will include trade with Europe and America, European colonization and African resistance, life in colonial Africa, independence movements, South Africa's apartheid state and the Rwanda genocide.
Variable
Diverse Cultures - Purple

HIST 442 (4) History of Latin America
Review of Latin American history from Ancient American Civilizations to the present.
Variable

HIST 452 (4) Minnesota History
This course will examine Minnesota's social, political, and economic development from the earliest human habitation to the present.
Variable

HIST 454 (4) Early America to 1763
This course will examine America's political, social, economic, and cultural development from the earliest settlement of the continent by indigenous peoples to 1763, when provincial Americans began to demand more than token equality in the British Empire.
Variable
Diverse Cultures - Purple

HIST 455 (4) Revolutionary & Early National America 1763-1820
This course will examine the social, economic, ideological, political, diplomatic, and military experiences of the United States between 1763 and 1820, in order to understand the creation of the American political nation and the culture which developed within it.
Variable
Diverse Cultures - Purple

HIST 458 (4) U.S. History 1820-1861
This course will discuss the social, economic, and political issues from the rise of Jackson through the beginning of the Civil War. Major issues to be covered include: Jacksonian Democracy, Industrialization, Reform, Westward Expansion, Slavery, and the 1850's.
Variable
Diverse Cultures - Purple

HIST 459 (4) U.S. History 1861-1900
This course will explore the immediate causes and consequences of the Civil War as well as the rise of an industrial/urban United States. Major issues to be covered include: causes of the Civil War, the war itself, Reconstruction, the Gilded Age, and Populism.
Variable
Diverse Cultures - Purple

HIST 462 (4) U.S. History, 1900-1945
Reform/domestic themes and U.S. foreign policies during the Progressive Era, the “Roaring 20’s,” the Great Depression and the New Deal, and the two world wars.
Variable
Diverse Cultures - Purple

HIST 463 (4) U.S. History, 1945-Present
Social, political and foreign affairs since World War II.
Variable

HIST 465 (4) History of U.S. Foreign Relations, 1775-1900
This course will explore the economic, strategic, and ideological factors shaping American foreign policy from 1775 to 1900. Students will examine how U.S. policy makers defined their goals and how their assumptions led the United States to pursue territorial and commercial expansion.
Variable

HIST 466 (4) History of U.S. Foreign Relations in the Twentieth Century
An examination of the major factors influencing U.S. diplomacy since 1900. Students will examine how influential policy makers defined their diplomatic goals, and how both domestic and external factors have contributed to America's reaction to wars and revolutions around the world.
Variable
Diverse Cultures - Purple

HIST 468 (4) U.S. Constitutional History to 1896
This course examines U.S. constitutional history from its English foundations to 1896. Students will read and analyze court decisions and discuss how legal history reflects American society, culture, politics, and economics during this period.
Variable

HIST 470 (4) American Frontier
Occupation of the area between the Mississippi and the Pacific from Spanish exploration to the late 19th century.
Variable
Diverse Cultures - Purple

HIST 471 (4) 20th Century American West
This course looks at the social, political, and economic developments that transformed the 20th Century American West.
Variable
Diverse Cultures - Purple

HIST 476 (4) Comparative Slavery and Emancipation
This course will discuss slavery and emancipation in the Atlantic World (Africa, Latin America, and the United States). Students will discover how slavery and emancipation differed in various regions and over time.
Variable
Diverse Cultures - Purple

HIST 477 (3) Advanced African-American History
A course which deals with the main themes in African-American history and their interpretations.
Variable

HIST 478 (4) America in Vietnam
This course will examine the Vietnam War. Students will discover how and why the U.S. became involved in Vietnam, examine the specific problems faced by American diplomats and military officials, and how the war affected American society.
Variable
Diverse Cultures - Purple

HIST 481W (4) Civil Rights in the Twentieth Century
This course will examine the Civil Rights Movement, broadly defined, from 1945 to the present, but focusing on the period from 1945 to 1970. We will also explore the way in which African Americans and their white supporters mobilized for equality in the face of massive white resistance and seeming federal indifference.
Variable

HIST 483 (4) American Social and Cultural History
Topics in intellectual history or popular and traditional culture.
Variable

HIST 484 (4) American Labor History
An examination of the history of labor and the emergence of social welfare within the context of the modernization of western society and the diversity of the United States.
Variable
HISTORY CONTINUED

HIST 485 (4) History of American Immigration and Ethnicity
A historical study of the immigration and ethnic experience in America. Includes an examination of political, social, and economic changes that resulted in population movements to the U.S. and of the development of immigration laws in response to the arrival of "outsiders." Attention is given to the rise of anti-immigrant movements at various times in American history. Variable.

HIST 486 (4) American Environmental History
This course will examine the interaction between humans and the American environment from pre-Columbus to the present. Variable.

HIST 487 (4) United States Women's History
This course is designed to provide a survey and analysis of the historical experiences of women in the United States from earliest settlement by indigenous peoples to the present in order to aid students in understanding the contemporary situation of women in American society. Variable.

HIST 488 (4) Disasters in American History
Discussion of disasters in US history from colonial times to the present. Contemporary descriptions of the events will be reviewed as will the changing response of both the public and the government to these events. Variable.

HIST 490 (1-4) Workshops
Specific titles to be announced in departmental course descriptions. P/N only. Variable.

HIST 495W (4) Senior Seminar
This seminar course will include a discussion of the history of the discipline of history, an introduction to research methodologies, and the nature of historical writing. Each student will write a research paper as part of the course. Required for history majors. Fall, Spring.

HIST 497 (1-12) Internship
Practical work experience in an historical agency. P/N only Variable.

HIST 499 (1-3) Individual Study
Advanced independent study and research. P/N only. Variable.

HONORS PROGRAM

Honors Program
College of Graduate Studies and Research
265 Morris Hall: 507-389-5191
Website: www.mnsu.edu/honors
Director: Anne Dahlman
Assistant Director: Giovanna Walters

Honors Program Faculty: Kellian Clink (Library Services); Christopher Corley (History); Kristen Cvancara (Communication Studies); Anne Dahlman (Honors); Julie Kerr-Berry (Theatre and Dance); Rosemary Krawczyk (Psychology); Teresa Kruizenga (Educational Studies: K12 and Secondary Programs); Justine Martin (Library Services); Martin Mitchell (Geography); Giovanna Walters (Honors)

Mission Statement: The mission of the Honors Program at Minnesota State Mankato is to encourage future leaders, researchers, and global citizens by providing high ability and motivated students with exceptional learning opportunities, mentoring relationships, and a community of scholars that foster their development as future leaders in a global society.

Program Overview: The Honors Program is dedicated to the development of three main competencies: leadership, research, and global citizenship. Students can choose between two honors designations. Students who enroll in a 14-credit Honors Program that includes 6 credits of Honors General Education courses and 8 honors credits will graduate with the designation: Honors Program Graduate with Distinction. Students who participate in an abbreviated 8-credit honors curriculum will graduate with the designation: Honors Program Graduate. As students move into courses within their major, they further develop their honors competencies through advanced honors seminars and individualized plans of study. Throughout their time at the University, students will participate in co-curricular activities which complement their plan of study. At the culmination of all coursework, seniors are required to demonstrate acquisitions of the leadership, research, and global citizenship competencies through a successful presentation and defense of an honors portfolio in HONR 475: Honors Portfolio.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
Admission to the Honors Program: The Honors Director, in consultation with the Honors Council, grants admission to the Honors Program. No predetermined test score or class rank guarantees or precludes admission. The selection committee considers the applicant’s demonstrated academic excellence and inquisitiveness. Contact the Honors Program Director for application forms and procedures.

GPA Policy: Students must maintain a minimum overall 3.3 GPA to register for honors courses.

Pass/No Credit Policy. All of the Honors courses (including honors sections of general education courses and honors seminars) must be taken for a letter grade, except for HONR 475, which is only taken as pass/no credit.

Transfer Policy: Transfer students should contact the Honors Program Director to have their transfer credits reviewed when they submit the application for admission. The Honors Program Graduate with Distinction track requires a core program of 14 credit hours. The Honors Program Graduate track requires 8 credit hours.

Required Courses (2 credits)
FYEX 100 First Year Seminar (1) OR
HONR 201 Introduction to Honors (1)
HONR 475 Honors Portfolio (1)

Required Honors Sections of General Education Courses* (6 credits)
Students must take at least 6 credits of designated Honors sections of General Education courses. Upon permission of the Director, students can substitute up to 6 credits of Honors General Education courses by taking upper-level credits beyond the 7 required credits.

Required Honors Seminars (6 credits)
Students must complete a total of 6 credit hours of HONR 401. Course may be repeated for credit for each new topic. Students can substitute up to 3 credits of HONR 401 with HONR 450, HONR 455, or HONR 499.

HONR 401 Honors Seminar (1-3)
* For students who pursue the Honors Program Graduate with Distinction track

Language Requirement: In addition to their coursework, all students will demonstrate competency in a second language according to the American Council on the Teaching of Foreign Languages "Intermediate Mid" level (for students continuing a language studied in high school) or "Intermediate Low" (for students studying a new language). Competency can be demonstrated through course completion or via examination.

COURSE DESCRIPTIONS

HONR 201 (1) Introduction to Honors
This course is required for students who transfer into the Honors program or who join without taking the FYEX course. This course provides an orientation to the mission and core competencies of the Honors Program. Students will analyze and categorize leadership, research, and global citizenship themes, identify appropriate learning goals, and develop an eportfolio for their use in the Honors Program.
HUM 490 Senior Capstone Project (4)
HUM 450W Humanities Seminar (4)
HUM 380 Topics in Humanities (4)
HUM 350 Reading in Humanities (1-4)

Major Common Core
- HUM 281W Human Diversity and Humanities Traditions (4)
- HUM 280W Humanities Traditions (4)
- HUM 250W Perspectives in Humanities (4)
- HUM 156 Global Humanities II (4)
- HUM 155 Global Humanities I (4)
- HUM 151 Western Humanities II: Renaissance through the Present (4)

English as a second language (ESL) Requirement:
- HUM 101W Introduction to Humanities (4)
- HUM 150 Western Humanities I: Beginning through the Renaissance (4)
- HUM 151 Western Humanities II: Renaissance through the Present (4)
- HUM 155 Global Humanities I (4)
- HUM 156 Global Humanities II (4)
- HUM 250W Perspectives in Humanities (4)
- HUM 280W Humanities Traditions (4)
- HUM 281W Human Diversity and Humanities Traditions (4)
- HUM 498 Internship (1-4)

Required Minor.
- Any.

Other Graduation Requirements:
- Required for Bachelor of Arts (BA) degree ONLY: Language (8 credits)
- Required Minor, Any.

HUMANITIES MINOR

Required for Minor (20 credits)
- (choose 1 course in each of the following categories for a total of 4 credits)

Policies/Information:
- Admission to Major is granted by the department. Minimum university admission requirements are:
  - a minimum of 32 earned semester credit hours.
  - a minimum cumulative GPA of 2.00 ("C").
- Contact the program for application procedures.
- GPA Policy: Candidates for a major in Humanities must maintain a 2.5 grade-point average in the major.
- P/N Grading Policy: Humanities core courses taken for a major or minor in Humanities may not be taken on a P/N basis.

Academic Map/Degree Plan at www.mnsu.edu/programs/Humanities

The Humanities Program offers an interdisciplinary approach to examine the common issues, ideas, and themes that run throughout different cultures and throughout human history. The program uncovers the creative side of the human spirit and crosses the boundaries of the shared human experience—where dreams meet reality, art meets science, and technology meets nature.

By studying literature, arts, history, science, architecture, and philosophical and religious traditions from ancient to contemporary times, students are able to understand their connections to each other and to the world.

A Humanities degree provides the essential tools that employers are looking for today: communication, creativity, collaboration, critical thinking, and global awareness. The major and minor offered by the Humanities Programs help students to become deep thinkers, connection makers, and problem solvers. Students will improve their writing skills and expand their critical thinking skills, as well as sharpen their understanding of different human perspectives.

One way to meet Honors Program requirements is through Service-Learning. Students will develop meaningful Service-Learning activities which will involve an action and reflection dynamic. May be taken as traditional course or individually in consultation with the Honors Program Director.

HONR 250 (1-6) Honors Practicum
Honors students may engage in significant learning experiences outside of the traditional classroom setting. A practicum typically begins with student interest that turns into an educational activity. Practicums will be individually determined in consultation with the Honors Program Director.

HONR 401 (1-4) Honors Seminar
Seminars are offered by University faculty from a wide variety of disciplines. In addition, interdisciplinary seminars can be offered.

HONR 450 (1-6) Honors Service Learning

One way to meet Honors Program requirements is through Service-Learning. Students will develop meaningful Service-Learning activities which will involve an action and reflection dynamic. May be taken as traditional course or individually in consultation with the Honors Program Director.

HONR 455 (1-6) Honors Practicum
Honors students may engage in significant learning experiences outside of the traditional classroom setting. A practicum typically begins with student interest that turns into an educational activity. Practicums will be individually determined in consultation with the Honors Program Director.

HONR 475 (1) Honors Portfolio
This required course allows the student to articulate where and how he or she has met the Honors Program Learning Outcomes.

HONR 499 (1-6) Individual Study
To be arranged with Honors Program Director.

COURSE DESCRIPTIONS

HUM 101W (4) Introduction to Humanities and the Search for Meaning
An introduction to humanities and its themes of study, including an exploration of
the diversity of world cultures and multiple forms of creativity and expression, and
aspects of interactions among peoples across the world. Students will think
critically about and increase their understanding of diverse human perspectives
and global relationships.
Variable
WI, GE-6, GE-8

HUM 150 (4) Western Humanities I: Beginnings through the Renaissance
An introduction to the interdisciplinary study of the Western Humanities, from ancient
times through the Renaissance. Artistic, philosophical and religious forms of cultural
expression are considered within their social and historical contexts.
ALT-Fall
GE-6

HUM 151 (4) Western Humanities II: Renaissance through the Present
An introduction to the interdisciplinary study of the Western Humanities, from the
Renaissance to the present. Artistic, philosophical and religious forms of cultural
expression are considered within their social and historical contexts.
ALT-Spring
GE-6

HUM 155 (4) Global Humanities I
An introduction to the interdisciplinary study of the humanities, as expressed through the
cultures and traditions of the Middle East, North Africa, South Asia, and East Asia. Artistic, philosophical and religious forms of cultural expression are considered within their social and historical contexts.
ALT-Fall
GE-6, GE-8

HUM 156 (4) Global Humanities II
An introduction to the interdisciplinary study of the humanities, as expressed through the
cultures and traditions of sub-Saharan Africa, Latin America, and the Pacific region. Artistic, philosophical and religious forms of cultural expression are considered within their social and historical contexts.
ALT-Spring
GE-6, GE-8

HUM 250 (2-4) Perspectives in Humanities
Explores the critical analysis of written, visual and/or musical texts; considers these
texts from a variety of cultural and historical contexts; and analyzes issues that
engage basic questions of human existence, for individuals and societies. May be repeated when topic changes.
Variable
GE-6

HUM 250W (4) Perspectives in Humanities
Explores the critical analysis of written, visual and/or musical texts; considers these
texts from a variety of cultural and historical contexts; and analyzes issues that
engage basic questions of human existence, for individuals and societies. May be repeated when topic changes.
Variable
WI, GE-6

HUM 280 (2-4) Humanities Traditions
Historical or cultural periods, beliefs, or movements within the larger Western
traditions of Europe and America and the expressions of these traditions through the
visual, literary and performing arts and other forms. May be repeated when topic changes.
Variable
GE-6

HUM 280W (4) Humanities Traditions
Historical or cultural periods, beliefs, or movements within the larger Western
traditions of Europe and America and the expressions of these traditions through the
visual, literary and performing arts and other forms. May be repeated when topic changes.
Variable
WI, GE-6

HUM 281W (4) Human Diversity and Humanities Traditions
Cultural and artistic traditions of groups that have experienced discrimination or exclusion in U.S. society and how these groups express themselves through the visual, literary and performing arts and other forms. May be repeated when topic changes.
Variable
WI, GE-6, GE-7

HUM 282W (4) Global Perspectives and Humanities Traditions
Historical or cultural periods, beliefs, or movements of one or more groups outside Europe and America and the expressions of these traditions through the visual, literary and performing arts and other forms. May be repeated when topic changes.
Variable
WI, GE-6, GE-8

Diverse Cultures - Purple

HUM 282W (4) Global Perspectives and Humanities Traditions
Historical or cultural periods, beliefs, or movements of one or more groups outside Europe and America and the expressions of these traditions through the visual, literary and performing arts and other forms. May be repeated when topic changes.
Variable
WI, GE-6, GE-8

Diverse Cultures - Purple

HUM 350 (1-4) Reading for Humanities
Independent reading in the Humanities. Three options: 1) selected readings in Classical Humanities; 2) selected readings in Environmental Humanities; and 3) student-selected readings in Humanities. Requires permission of Humanities Program Director.

HUM 380 (4) Topics in Humanities
Topics in Humanities will be a variable-title course that explores special topics in common issues, ideas, and themes that run throughout different cultures and throughout human history. May be repeated with different topics.

HUM 450W (4) Humanities Seminar
Intensive study of a topic related to the Humanities. Topics have included the
Baroque Era, Modernism and the Arts, and Culture and Critical Theory.
Prerequisite: HUM 282W
Fall (On-Demand), Spring (On-Demand)

HUM 490 (4) Senior Capstone Project
An individual project by Humanities Majors that will demonstrate an ability to use interdisciplinary methods to draw together different areas of study in focusing on a specific topic, problem or concern. Requires approval of the Humanities Director or designated advisor.
Prerequisite: Admission to college as Humanities Major

HUM 498 (1-4) Humanities Internship
An applied work and learning experience in the field of interdisciplinary Humanities.
Prerequisite: HUM 282W, advanced standing in Humanities and consent of instructor.
On-Demand

HUM 499 (1-4) Individual Study
Interdisciplinary study in an area for which the student has basic preparation.
Prerequisite: Approval of faculty.
HUMAN PERFORMANCE COURSE DESCRIPTIONS

HUMAN PERFORMANCE (HP) COURSE DESCRIPTIONS

Human Performance

College of Allied Health & Nursing

Department of Human Performance
1400 Highland Center • 507-389-6313
Website: www.mnsu.edu/dept/colahn/HP.html

Chair: Lynnette Engeswick

Admission to Major is granted by the department. Minimum university ad
Admission requirements are:
- A minimum of 32 earned semester credit hours.
- A minimum cumulative GPA of 2.5 (“C”) or above.
Students are encouraged to consult with appropriate advisors for additional departmental requirements.

POLICIES/INFORMATION
Candidates of the Health and Physical Education teaching degree and
DAPE minor in the department must have a cumulative grade point average of 2.5 or above to be admitted to the Department of Human Performance and Professional Education. A grade of “C” or better is required in all courses in the major and minor. Candidates may not take any course in the major and minor from the department as independent studies.

Students in the School Health and Physical Education program are required to complete 40 credits of General Education courses in 11 Goal Areas for graduation. Students planning to major in the College of Allied Health and Nursing have an advisor from their area of interest assigned to them. Questions and concerns pertaining to advising and the assignment of advisors can be answered by Shirley Murray, student relations coordinator, 124 Myers Field House, 507-389-6315.

COURSE DESCRIPTIONS

HP 101 (1) Adapted Exercise
For students with disabilities who will benefit from a guided program of individualized exercise.
Fall, Spring
GE-11

HP 102 (1) Individualized Exercise
This course provides small group personal training sessions (e.g., 1 to 4) ideal for sedentary students looking to begin a physical activity program in a non-competitive supportive environment. With the assistance of exercise science students enrolled in HP 486, participants will enhance their physical fitness and overall wellness.
Fall, Spring
GE-11

HP 103 (1) Fitness for Living
Concepts and development of lifelong healthy exercise and nutritional habits.
Fall, Spring
GE-11

HP 104 (1) Adult Fitness
This course is designed to provide specific information and strategies to allow adults to develop or maintain lifelong healthy exercise habits that impact physical fitness in one or more of the following areas: cardiovascular and muscular endurance, muscular strength, flexibility, and body composition.
On Demand
GE-11

HP 105 (1) Beginner and Advanced Beginner Swimming
Introduction to basic swimming skills; basic rescue and water safety skills and techniques; stroke instruction in front crawl, back crawl, elementary backstroke, breaststroke, and sidestroke.
Fall
GE-11

HP 107 (1) Orienteering
This course is designed to introduce the student to the basics of orienteering and land navigation. Through 15 weeks of classes and instruction, the student will be able to understand the basic principles of navigation. The class will be 50% classroom instruction and 50% outdoor activity.
On-Demand

HP 114 (1) Billiards and Bowling
Theory and practice of billiards or bowling.
Fall, Spring
GE-11

HP 117 (1) Aerobic Conditioning
Theory and practice of aerobic conditioning.
Fall, Spring
GE-11

HP 130 (1) Self-Defense for Women
Includes street fighting techniques and personal safety tips.
Fall, Spring
GE-11

HP 138 (1) Beginning Horsemanship
Basic skills of horseback riding-western and English.
Fall, Spring
GE-11

HP 139 (1) Winter Survival
The winter survival (WS) seminar is designed to provide student with an introduction to winter survival techniques applicable to severe and varying weather conditions. Classroom lecture and outdoor hands-on training is utilized to accomplish course objectives. Winter survival is pass/fail.
On-Demand
GE-11

HP 140 (2) Introduction to Athletic Training
Orientation to the profession of athletic training. Designed for students majoring in athletic training.
Fall, Spring

HP 141 (2) Introduction to Sport Management
This course is designed to introduce students to the vast array of fields within the sport management industry and the different job opportunities that are available as well as basic knowledge and skill sets needed to be a sport manager.
Fall, Spring

HP 143 (1) Aqua Exercise
Development of cardiovascular fitness, strength, flexibility, and endurance through a variety of exercise formats in the water. Swimming ability not a prerequisite.
Fall, Spring
GE-11

HP 145 (1) Aquatic Conditioning and Water Polo
Introduction to conditioning techniques for aquatic activities (swimming, triathlon, water polo, etc.). Development of cardiovascular fitness, flexibility, and endurance. Individual/team skills and techniques of water polo. Prerequisite: Swim 500 yards without stopping.
On-Demand
GE-11

HP 146 (1) Intercollegiate Bowling
Prerequisite: Bowling experience/averages.
On-Demand
GE-11

HP 147 (1) Intercollegiate Cross Country
Open for credit to those on the intercollegiate team. Prerequisite: Selection for team.
Fall
GE-11
**HP 148 (1) Intercollegiate Softball**
Open for credit only for those students who make the Minnesota State Mankato team and who complete the requirements.
Prerequisite: Selection for team
Spring
GE-11

**HP 149 (1) Intercollegiate Volleyball**
Open for credit only for those students who make the Minnesota State Mankato team and who complete the requirements.
Prerequisite: Selection for team
Fall
GE-11

**HP 150 (1) Intercollegiate Wrestling**
Open for credit to those who make the wrestling team and complete the requirements.
Prerequisite: Selection for team
Spring
GE-11

**HP 152 (1) Intercollegiate Track and Field**
Open for credit to those who make the team and complete the requirements.
Prerequisite: Selection for team
Spring
GE-11

**HP 153 (1) Intercollegiate Swimming**
Open for credit only for those students who make the Minnesota State Mankato team and who complete the requirements.
Prerequisite: Selection for team
Spring
GE-11

**HP 154 (1) Intercollegiate Football**
Open for credit only for those students who make the Minnesota State Mankato team and who complete the requirements.
Prerequisite: Selection for team
Fall
GE-11

**HP 155 (1) Intercollegiate Basketball**
Must be on intercollegiate roster.
Prerequisite: Selection for team
Spring
GE-11

**HP 156 (1) Intercollegiate Baseball**
Class for only students on the intercollegiate baseball team. Need permission to register.
Prerequisite: Selection for team
Spring
GE-11

**HP 157 (1) Intercollegiate Golf**
Open for credit to those who make the team and complete the requirements.
Prerequisite: Selection for team
Spring
GE-11

**HP 158 (1) Intercollegiate Tennis**
Open for credit to those who make the team and complete the requirements.
Prerequisite: Selection for team
Spring
GE-11

**HP 159 (1) Intercollegiate Hockey**
This course is admission by permission only. The course is limited to male students who are members of the Minnesota State Mankato intercollegiate hockey team.
Prerequisite: Selection for team
Spring
GE-11

**HP 160 (2) Introduction to Human Performance Studies**
Introduction to physical education and exercise science. Majors, minors, and concentrations in the field. To acquaint physical education majors and minors with an overview of the physical education and exercise science profession.
Fall, Spring

**HP 161 (1) Intercollegiate Soccer**
Participation in NCAA II soccer.
Prerequisite: Selection for team
Fall
GE-11

**HP 166 (1) Team Game Skills**
Flag/Touch Football, Softball (fast and slow pitch), Soccer, Speedball, Ultimate, Volleyball, Basketball, Team handball.
Fall, Spring
GE-11

**HP 174 (1) Individual Dual Activities**
Participation and increase skill knowledge through activity in track and field or gymnastics.
Fall, Spring
GE-11

**HP 175 (1) Fitness Activities**
Participation and increase skill knowledge through activity in body building, physical conditioning, and aerobics.
Fall, Spring
GE-11

**HP 176 (1) Lifetime Activities I**
Acquaint student with the basic skills, strategy and rules of badminton, tennis, or racquetball.
Fall, Spring
GE-11

**HP 177 (1) Lifetime Activities II**
Basic skills and knowledge of terminology, rules, and strategy in archery or golf.
Fall, Spring
GE-11

**HP 178 (1) Social, Folk and Square Dance Techniques**
Techniques of traditional folk dance, square dance and fundamentals of a variety of social dances.
Fall, Spring
GE-11

**HP 179 (1) Winter Activities**
Skiing, cross-country skiing, ice skating, or snowboarding.
Spring
GE-11

**HP 180 (1) Introduction to Handball**
Acquaint student with basic skills, and rules of handball.
Fall, Spring
GE-11

**HP 181 (1) Advanced Handball**
Acquaint student with advanced skills, strategies, and rules of handball.
Fall, Spring
GE-11

**HP 182 (1) Aquatic Skills**
Overview of aquatic skills and activities. Basic techniques and practical experience in teaching aquatic skills and activities.
Prerequisite: Human Performance major or Aquatic emphasis. Ability to swim front crawl, back crawl, elementary backstroke, breaststroke, sidestroke. Developing teaching skills and curriculum.
Fall, Spring
GE-11

**HP 190 (1) Sport Activities**
Variable content based on demand.
Prerequisite: Varies depending on activity
Fall, Spring
GE-11

**HP 201 (3) Introduction to Teaching Physical Education**
Introduction to physical education for teaching majors. An overview of history, physical education teaching profession, and opportunities and challenges in teaching.
Fall
HP 202 (1) Introduction to Teaching PE and Health
Introduction to physical education and health teaching majors. An overview of history, physical education and health teaching profession, and opportunities and challenges in teaching. Spring

HP 203 (2) Fundamentals of Indoor and Outdoor Team Sports
This class is intended for students in Physical Education to learn the fundamentals of teaching indoor and outdoor team sports. Students will use current teaching models to learn and evaluate age appropriate teaching progressions and assessment techniques. Students will become proficient in both performing and teaching specific skills related to team sport (flag football, basketball, volleyball, soccer, ultimate Frisbee, team handball). Fall
On-Demand

HP 204 (2) Fundamentals of Individual and Dual Sports
This class is intended for students in Physical Education to learn the fundamentals of teaching individual and dual sports. Students will use current teaching models to learn and evaluate age appropriate teaching progressions and assessment techniques. Students will become proficient in performance and analysis of fundamental movements and skills in individual and dual sports (bowling, golf, tennis, pickle ball, badminton) and leisure activities (disc golf, bocce ball). On-Demand

HP 205 (2) Fundamentals of Rhythm and Dance
This class is intended for students in Physical Education to learn the fundamentals of teaching rhythm and dance. Students will use current teaching models to learn and evaluate age appropriate teaching progressions and assessment techniques. Students will become proficient in performance and analysis of fundamental movements and skills in rhythmic activities and dance (folk, square, line, and social). On-Demand

HP 210 (2) Global Aspects of Sport
On-Demand

HP 241 (1) Sailing
Students must furnish Coast Guard approved wearable life preserver. Beginning and intermediate sailing techniques. Sailboat racing. Prerequisite: Swimming ability GE-11

HP 242 (1) Canoeing
Paddling skills and safety/rescue techniques. Beginning white water skills. Students must provide their own personal flotation devices. Prerequisite: Swimming ability GE-11

HP 245 (1) Intermediate Swimming

HP 248 (1) Stroke Analysis
Stroke technique and theory in front crawl, back crawl, elementary backstroke, breaststroke, sidestroke, butterfly. Individual stroke analysis/video taping. Development of cardiovascular fitness, strength, flexibility, and endurance. Prerequisite: Ability to swim strokes. GE-11

HP 250 (2) Lifeguard Training
Explanations, demonstrations, practice, and review of skills required of lifeguards. Red Cross certification. Prerequisite: Swim 500 yards. Front crawl, breaststroke, elementary backstroke, sidestroke. On-Demand GE-11

HP 252 (2) Officiating Theory
The course is designed to give an overview of approximately five sports. Emphasis is placed on the philosophy behind sport officiating. Discussion involves how to get started, organization helpful to officials, learning materials, stipends to be earned, types of equipment and cost. On-Demand GE-11

HP 255 (3) Development Movement
Designed to prepare teacher candidates to recognize, understand, apply, and analyze the skill theme approach to elementary children's physical education curriculum. Emphasis will be based on movement concepts, skill themes, rhythms and dance, and generic levels of skill proficiency. Spring

HP 257 (2) Water Safety Instructor (WSI)
American Red Cross requirements for Water Safety Instructor (WSI) certification. Practical experiences included. Prerequisite: Swim 500 yards. Front crawl, back crawl, elementary backstroke, breaststroke, sidestroke. On-Demand GE-11

HP 265 (2) Orientation to PT, OT, and AT
Orientation to existing and emerging careers in the allied health professions such as occupational therapy, physical therapy, and athletic training. Strategies for gaining admission to allied health graduate studies programs will be emphasized. Fall, Spring

HP 266 (2) Teaching Dance in Physical Education
Methods and materials for teaching creative dance/movement and dance technique to children K-12. Includes practicum experiences with varied age groups. On-Demand

HP 290 (3) Psycho-Social Aspects of Sport
Examine sport from a social-psychological perspective. To identify and discuss ways in which societal values affect the character of sport and the people involved. Prerequisite: SOC 101 Fall, Spring

HP 291 (2) Concepts of Fitness
Adult fitness, from theory to practice. Fall, Spring GE-11

HP 301 (1) Swimming Theory
Methods, procedures, and philosophy of coaching competitive swimming. Prerequisite: Competitive swimming experience. GE-11

HP 302 (1) Wrestling Theory
Methods and procedures used in coaching. Prerequisite: Wrestling experience or wrestling class. On-Demand

HP 303 (1) Volleyball Theory
Methods and procedures used in coaching volleyball. Prerequisite: Volleyball experience or consent. On-Demand

HP 304 (1) Track & Field Theory
Methods and procedures used in coaching. On-Demand

HP 305 (1) Baseball Theory
Methods and procedures used in coaching baseball. On-Demand

HP 306 (1) Football Theory
Course designed to teach the various techniques and philosophies of the game of football for prospective coaches. Open enrollment male or female. Fall

HP 308 (1) Hockey Coaching Theory
The course is designed for those interested in coaching hockey at the youth and high school level. On-Demand

HP 309 (1) Basketball Coaching Theory
Methods and procedures used in coaching. Fall, Spring
HP 310 (1) Softball Theory  
Methods and procedures used in coaching.  
Prerequisite: Softball experience or consent.  
On-Demand

HP 311 (1) Cross Country Theory  
Methods and procedures used in coaching.  
On-Demand

HP 316 (1) Tennis Theory  
Methods and procedures used in coaching.  
On-Demand

HP 317 (1) Golf Coaching Theory  
Methods and procedures used in coaching.  
On-Demand

HP 318 (1) Soccer Theory  
Methods and procedures used in coaching.  
On-Demand

HP 320 (3) Foundations of Motor Learning  
Analysis variables which affect the learning, performance, and retention of motor skills.  
Prerequisite: PSYC 101  
Fall, Spring

HP 323 (2) Elementary Physical Education Methods  
Methods and materials for teaching physical education in the elementary school.  
Fall, Spring

HP 325 (3) Sport Ethics and Professional Development  
This course will enable students to gain a deeper understanding of the moral reasoning processes of sport management professionals. Students will develop the knowledge, skills, and abilities to apply moral reasoning in dealing with ethical dilemmas in sport management.  
Fall

HP 340 (2) Prevention and Care  
Basic recognition, prevention, and care of injuries/illnesses suffered by athletes and other physically active individuals. Designed for coaching, physical education, and sports medicine minor students.  
Prerequisite: BIOL 220, HITH 210  
Fall, Spring

HP 341 (3) Athletic Training Techniques  
Recognition, prevention, and care of injuries/illnesses incurred by athletes and other physically active individuals. Also, the proper selection, care, fitting, and maintenance of protective equipment and braces are emphasized. Designed for athletic training students.  
Prerequisite: Consent and BIOL 220, HP 140  
Spring

HP 342 (3) Evaluation Techniques I  
Principles of the etiology, pathology, assessment, recognition, and management of lower body injuries/illnesses suffered by athletes and physically active individuals. Designed for athletic training students.  
Prerequisite: Consent and HP 341  
Fall

HP 343 (3) Evaluation Techniques II  
Principles of the etiology, pathology, assessment, recognition, and management of upper body injuries/illnesses suffered by athletes and physically active individuals. Designed for athletic training students.  
Prerequisite: Consent, HP 341, HP 342  
Spring

HP 344 (2) Aquatic Organization and Administration  
Development of skills necessary to organize and administer aquatic programs (seasonal and yearly).  
Prerequisite: Lifeguard Training/WSI or consent.  
On-Demand

HP 346 (2) Evaluation Techniques I Clinical  
The study and application of clinical assessment techniques used to evaluate lower body injuries incurred by physically active populations. The required clinical experience component will provide the student with the opportunity to apply these skills in the clinical environment.  
Prerequisite: HP 341 and HP 342 concurrent  
Fall

HP 347 (2) Evaluation Techniques II Clinical  
The study and application of clinical assessment techniques used to evaluate upper body injuries incurred by physically active populations. The required clinical experience component will provide the student with the opportunity to apply these skills in the clinical environment.  
Prerequisite: HP 341, HP 342, and HP 343 concurrent  
Spring

HP 348 (3) Structural Kinesiology and Biomechanics  
A study of the structural and biomechanical functions of the muscular system during physical activity, sport, and exercise.  
Prerequisite: BIOL 220  
Fall, Spring

HP 354 (1) Coaches Physiology  
The purpose of this course is to acquaint the student with the basic information regarding the physiological response of the human body to acute and chronic exercise. All material presented will be approached from a practical perspective with an emphasis on application for coaches.  
On-Demand

HP 356 (3) Methods of Elementary Physical Education  
Designed to prepare teacher candidates to recognize, understand, apply, and analyze the skill theme approach to elementary children's physical education curriculum. The emphasis will be based on movement concepts, skill themes, rhythms and dance, and generic levels of skill proficiency.  
Spring

HP 358 (3) Foundations of Sport Management  
Physiological base for testing process, interpretation of results and the conditioning process as used with the athlete. Methodologies of nutritional assessment and the integration of sound nutritional principles in an athletic environment.  
Fall

HP 371 (2) Scientific Principles of Sport  
This course is designed to acquaint the coaching licensure student with the basic principles of structural kinesiology and biomechanics.  
Prerequisite: BIOL 220, PHYS 101  
On-Demand

HP 372 (3) Exercise Science for Coaches  
The purpose of this course is to acquaint the student with an understanding of basic scientific principles essential to working successfully with athletes as a coach.  
Summer

HP 386 (4) Methods of Middle & Secondary Physical Education  
Designed for teacher candidates to analyze, apply, and evaluate developmentally appropriate content development skills, develop lesson plans, and peer teach. Teacher candidates will apply the standards of effective practice in teaching middle and secondary level students in physical education.  
Prerequisite: HP 201, HP 255, HP 266, all Performance Courses.  
Spring

HP 387 (4) Methods of Secondary Physical Education  
This course is designed for teacher candidates to apply, analyze, and evaluate developmentally appropriate content skills, develop lesson plans, and peer teaching. Teacher candidates will apply the standards of effective practice in teaching K-12 level students in physical education.  
Prerequisite: KSP 330  
Corequisite: KSP 330  
Fall

HP 392 (3) Group Exercise Instruction  
The student will gain knowledge and skills that will allow them to take and pass a reputable group exercise instruction certification, develop/instruct a wide variety of group exercise formats and monitor and modify the exercise of participants in group exercise. Variable
HP 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information.
Prerequisite: HP 140 or HP 141 or HP 160 or HP 201. At least 60 credits earned in good standing; instructor permission; coop contract; Prerequisites may vary by program: HP 140 [AT], HP 141 [SM], HP 160 [ES], HP 201 [PE/HITH].
Fall, Spring, Summer

HP 403 (3) Research Methods & Statistics in Exercise Science
Provides an introduction to measurement and evaluation commonly used in physical education and exercise science. This encompasses the administration of skills and performance tests, interpretation of results, basic statistical analysis, and grading/evaluating performance.
Prerequisite: HP 290, HP 414
Fall, Spring

HP 403W (3) Research Methods & Statistics in Exercise Science
Provides an introduction to measurement and evaluation commonly used in physical education and exercise science. This encompasses the administration of skills and performance tests, interpretation of results, basic statistical analysis, and grading/evaluating performance.
Prerequisite: HP 290, HP 414
WI
Fall, Spring

HP 405 (3) Adapted Physical Activity
Course is designed for pre-professionals who will be working in adapted physical activity outside the school setting. The course is for students with physical education majors in the Exercise Science, Sport Management, and Athletic Training tracks, and students with majors from other departments who are interested in adapted physical activity for adult populations.
Fall

HP 411 (3) Developmental Adapted Physical Education
Legal and theoretical bases for teaching physical education to students with disabilities. First course in DAPE sequence.
Fall, Spring

HP 412 (3) Assessment in Adapted Physical Education
Evaluation of motor skills and fitness of students with disabilities.
Prerequisite: HP 411
Summer

HP 413 (2) Lifespan Motor Development
Study of lifespan motor development from prenatal through adulthood, including information on delayed development and the normal pattern of skill acquisition.
Fall

HP 414 (3) Physiology of Exercise
Introductory study of the effects of both acute and chronic exercise on structure and function of the human body across the life span.
Prerequisite: BIOL 330. BIOL 230 or BIOL 310 may be substituted for BIOL 330.
Fall, Spring

HP 415 (2) Advanced Sports Medicine
This course is designed for individuals interested in advanced study in the field of sports medicine. The course will provide advanced study or orthopaedic assessment techniques, application of therapeutic exercise and modalities, and rehabilitation techniques.
Prerequisite: BIOL 220, HITH 210, HP 340
Spring, Summer

HP 417 (3) Principles of Wellness Coaching
This course contains content associated with achieving entry-level certifications for wellness coaching. Health behavior change strategies are emphasized within the context of the health coaching theory, coaching relationship skills, well-being assessment, and goal setting.
Fall, Spring

HP 418 (3) Intercultural Competence for Allied Health Professionals
Studying abroad is a transformative experience that has the power to challenge our thinking and our perspective on the world. This experiential course will help you become a global citizen, develop intercultural competence, and enhance your abilities to work in health-related fields with diverse clients and patients. Specifically, we will be participating in intercultural activities before the study abroad and several cultural immersion activities while abroad (e.g., participating in a traditional cultural ceremony).
Spring

HP 419 (2) Teaching Dance to Individuals with Exceptional Needs
Adaptation of dance materials to facilitate learning of individuals with special needs through simulated and hands-on teaching experiences.
OnDemand

HP 423 (3) Teaching Strategies in Secondary Developmental Adapted Physical Education
Develop teaching strategies, curricular programming, and adaptations/modifications for students with disabilities in secondary physical education settings. Application of these strategies in fieldwork experiences with students with disabilities in physical education/DAPE settings.
Prerequisite: HP 411
Summer

HP 424 (4) Methods of Elementary Physical Education
Designed for teacher candidates to analyze, apply, and evaluate developmentally appropriate content development skills, and develop lesson plans to teach elementary physical education.
Prerequisite: HP 201, HP 255, HP 266, HP 386, All HP Performance Fall

HP 432 (2) Elementary Teaching Field Experience
A field experience for teacher candidates to develop lesson plans and teach physical education to elementary students onsite prior to student teaching.
Fall, Spring

HP 435 (3) Planning Sport Facilities
This course provides students with information on the planning, development, and administration of sport facilities (i.e., physical education, athletics, recreation, fitness/wellness centers, etc.).
Spring, Summer

HP 437 (3) Sport Media, Sponsorship & Sales
An in-depth study of sport management theories, policies, objectives, and strategies applied to sport marketing through the functions and areas of sport sponsorship, sales, and media.
Fall, Summer

HP 439 (3) Nutrition for Physical Activity and Sport
Provides in-depth exploration of the dietary needs of physically active individuals across the lifespan. Its laboratory component will focus on performance and interpretation of assessments commonly used to determine dietary and physiological status.
Fall, Spring

HP 440 (3) Medical Aspects of Athletic Training
Advanced study of general medical concepts related to injuries/illnesses incurred by athletes and physically active individuals. The course also includes concepts of medical pathology and pharmacology. Designed for athletic training students.
Prerequisite: Consent and HP 341, HP 348
Fall

HP 441 (2) Organize & Administer
Planning, organizing, controlling, resource allocation, communication, marketing, public relations, and legal aspects of physical education and sport.
Fall, Spring

HP 442 (3) Therapeutic Modalities in Athletic Training
Theory and application of the use of therapeutic modalities in the treatment of injury/illnesses suffered by athletes and physically active individuals. This course also includes the principles of tissue healing, pain, and pain control. Designed for athletic training students.
Prerequisite: Consent and HP 341, HP 342
Fall

HP 444 (3) Rehabilitation Techniques
Principles of rehabilitation and reconditioning of injuries/illnesses incurred by athletes and physically active individuals. This course also includes strategies to safely and expeditiously return patients/customers to functional activity.
Prerequisite: HP 342 and concurrent HP 343
Spring
HP 445 (3) Teaching Students with Cognitive & Emotional/Behavioral Disabilities
Theory, strategies and best practices for teaching physical education to students with cognitive disabilities (including mental retardation, autism, and multiple disabilities accompanying mental retardation) and emotional/behavioral disorders.
Prerequisite: HP 414
Fall, Spring

HP 477 (3) Behavior Change Foundations and Strategies
Behavior Change Foundations and Strategies (3 semester credits) is a course that focuses upon the complexity of health behavior change and the skills necessary for a health promotion professional to assess, plan, and evaluate behavior change interventions for individuals and communities. Health behavior change theories and strategies will be discussed. Topics covered in class will include: behavior modification, goal setting, self-management, coping skills, and social support. Emphasis will also be given to the impact of policy and environmental influences on behavior.
Prerequisite: HP 290, HP 414
Fall, Spring

HP 448 (3) Applied Sport Business
This course is designed to provide a rigorous, comprehensive hands-on learning experience for students majoring in Sport Management. This more closely supervised field experience requires a rigorous time and energy commitment from students.
Variable

HP 451 (3) Principles of Coaching
Basic understanding of the theoretical and practical applications of the sport sciences areas of physical education related to coaching. Current issues and topics addressing the principles and problems of the prospective interscholastic coach.
Fall, Summer

HP 456 (2) Athletic Testing and Conditioning
Field testing, exercise instruction, and the periodization technique of exercise prescription for athletes and physically active individuals. Includes scientific strategies for enhancing strength, power, and endurance performance along with computer-aided program design.
Prerequisite: HP 414
Fall, Spring

HP 459 (3) Financial Aspects of Sport
This course is designed to provide knowledge and understanding of the principles of economics, budgeting, and finance as they apply to the sport business industry.
Prerequisite: ACCT 200 or consent of instructor
Spring

HP 462 (3) Sports Administration
This course provides student with fundamental theoretical and practical knowledge in management principles and techniques. Philosophy, leadership, communications, public relations, marketing, ethical and legal issues, finances and facilities are also studied.
Fall, Spring

HP 463 (3) Seminar in Sport Management
This course is designed to provide students with opportunities to apply the knowledge and skills obtained from sport management courses in order to solve problems that a sport manager is likely to encounter.
Spring, Summer

HP 464 (3) Analysis of Sport Data
The introduction of basic principles and procedures of measurement skills used by sport manager in applying and analyzing sport related data such as sport marketing, operational, or financial data in a sport organizational setting.
Spring

HP 465 (3) Legal Aspects of Physical Education and Sport
To provide legal and safety aspects in physical activity. Legal liability, civil rights, and contract law are emphasized.
Fall, Spring

HP 466 (3) Graded Exercise Testing and Exercise Prescription
An introduction to basic graded exercise tests and exercise prescription commonly used in clinical as well as health/wellness appraisal settings.
Prerequisite: HP 414
Fall, Spring

HP 466W (3) Graded Exercise Testing and Exercise Prescription
An introduction to basic graded exercise tests and exercise prescription commonly used in clinical as well as health/wellness appraisal settings.
Prerequisite: HP 414 and HP 467 or equivalent
Fall, Spring
Integrated Engineering

Department of Integrated Engineering
College of Science, Engineering & Technology

Chair: Dean Kelley
Faculty: Rebecca Bates, Mohammad Fanaei, Leslie Flemming, Dean Kelley,
Elizabeth Pluskwik, Robert Sleezer, Jacob Swanson

Affiliated Iron Range Faculty: Ronald Ulseth (Co-Director), Andy Liljeve

The Integrated Engineering major is offered through a novel engineering education program, unique to Minnesota State Mankato. Iron Range Engineering is offered in the Iron Range region of northeast Minnesota (Virginia, MN) and Twin Cities Engineering is offered in the Twin Cities metro area (Bloomington, MN). These programs focus on the 3rd and 4th year of the undergraduate engineering program. Students transfer into the Bachelor of Science in Engineering program after two years of pre-engineering work elsewhere.

Students learn traditional engineering knowledge and skills in a project-based learning environment. The Iron Range Engineering (IRE) educational model is a project-based learning model in which students work with industry and others on real-life design projects with a focus on producing graduates with integrated technical/professional knowledge and competencies. Learning is done in the context of the design projects.

The IRE educational model emphasizes innovation, creativity, design, experimental techniques, modeling techniques with an ultimate goal of regional economic development. The Integrated Engineering program allows students to tailor their education to focus on a variety of engineering fields or to create a multidisciplinary experience. Successful completion of the program culminates in the Bachelor of Science in Engineering.

Graduates of the Minnesota State Mankato Integrated Engineering Program will achieve at least 2 of the following program educational objectives, but will be capable of achieving all within one to four years of graduation:

• Designing, implementing and integrating thermal, electrical, mechanical and computer-controlled systems, components, and processes that will serve the region, the nation, and the world;
• Continuing their education through technical or professional graduate programs, professional licensure, or certifications, and the wide variety of other types of lifelong learning;
• Creating, developing, leading, and managing in a wide range of enterprises that result in sustainable and enhanced economic regional development through their disciplinary expertise;
• Demonstrating actions such as community service, professional ethics, professional responsibility and mentoring future engineers.

Academic Map/ Degree Plan at www.mnsu.edu/programs/#all

POLICIES/INFORMATION
MINIMUM INTEGRATED ENGINEERING PROGRAM ENTRY REQUIREMENTS
Entry Requirements. A minimum of 49 semester credit hours including the following courses and credits must be completed before the student enters the engineering curriculum in the Fall of the junior year in full standing:

• Calculus and Differential Equations (16 credits)
• General Physics (calculus-based) (8 credits)
• Additional math and science courses, including chemistry, (8 credits)
• Intro engineering courses including programming or introduction to engineer-
ing, statics, dynamics and lab-based electric circuits (13 credits)
• English Composition (4 credits)

All courses and credits shown above must be completed before full enrollment in 300-level engineering courses, unless special permission is granted by the department chair. All of the above courses must be taken for “grade”. It is not acceptable for the student to take any of these courses on a pass/no credit basis. A grade of “C” or better must be achieved in each course. Students may be admitted provisionally while these requirements are being satisfied.

Application to Program. To be considered for admission, the student must have a cumulative GPA of 2.5 for all science, math, and engineering courses. Admission to the Integrated Engineering Program is selective and subject to the approval of the Integrated Engineering Program faculty. Admission to the Integrated Engineering Program also requires the completion of the application found at the following website: http://cset.mnsu.edu/ie/apply.html.
Each application will be evaluated individually and the decision of Integrated Engineering program faculty will be final. Failure to submit an application by stated deadline could result in the student being denied admission to the program. If a student is denied admission to the Integrated Engineering Program, he/she can reapply to the program in admission in subsequent years.

A. Minnesota State Mankato students

This application form (http://cset.mnsu.edu/ie/apply.html) is submitted to the Integrated Engineering Program along with a copy of the student’s Minnesota State Mankato transcript and any transfer evaluations. Pre-engineering students at Minnesota State Mankato are not guaranteed admission to the program.

B. Transfer Students

Transfer students must submit an application to Minnesota State Mankato and follow all transfer policies. Students may be able to complete the required pre-engineering curriculum at another college or university and have these courses and credits transferred to Minnesota State Mankato, when applying for admission to the Integrated Engineering Program.

GPA Policy. GPA Policy: Students graduating with a B.S. in Engineering degree must have:
1. A cumulative GPA of 2.5 or higher.
2. Grades of 1.67 (“C-”) or better for courses taken at Minnesota State Mankato to be accepted.

P/N Grading Policy. P/N credit will not be applied to any course used to meet the degree requirements.

All students must follow all Minnesota State Mankato policies.

INTEGRATED ENGINEERING BSE
Degree completion = 128 credits

Required General Education

- Students who complete the Minnesota Transfer Curriculum will satisfy the Composition [ENG 101] and Communications requirements.
- ENG 101 Composition [4]
- MATH 121 Calculus I [4]
- PHYS 221 General Physics I [4]
- Economics Course: Choose 3 Credits.
- ECON 201 Principles of Macroeconomics [3]
- ECON 202 Principles of Microeconomics [3]
- Communications: Choose 3 - 4 Credits.
- CMST 102 Public Speaking [3]
- CHEM 191 Chemistry for Engineers [3]
- CHEM 201 General Chemistry I [5]

Prerequisites to the Major

ENGR 110 can be replaced by either an introduction to engineering course or a programming course similar to CS 110. Circuit Analysis should be accompanied by a lab. Students need a total of 32 Math and Science credits comprised of courses from General Education and prerequisites to the major.
- EE 230 Circuit Analysis I [3]
- EE 240 Evaluation of Circuits [1]
- ENGR 110 Introduction to Project-based Engineering [3]
- MATH 222 Calculus II [4]
- MATH 223 Calculus III [4]
- MATH 231 Ordinary Differential Equations [4]
- ME 212 Statics [3]
- ME 214 Dynamics [3]
- PHYS 222 General Physics II [3]
- PHYS 232 General Physics III Laboratory [1]

CHOOSE 1 CLUSTER:

- Physics
  - PHYS 223 General Physics III [3]
  - PHYS 233 General Physics III Laboratory [1]

- Chemistry
  - CHEM 202 General Chemistry II [5]
  - BIOL 105 General Biology I [4]
  - BIOL 106 General Biology II [4]

Major Common Core

- ENGR 320 2 credits of ENGR 420 and 4 credits of ENGR 492
- ENGR 301 Design I [3]
- ENGR 302 Design II [3]
- ENGR 311 Professionalism I [3]
- ENGR 312 Professionalism II [3]
- ENGR 320 Engineering Core Competencies [12]
- ENGR 370 Mechanical Core Competencies [16]
- ENGR 371 Electrical Core Competencies [16]
- ENGR 401 Capstone Design I [3]
- ENGR 411 Professionalism III [3]
- ENGR 412 Professionalism IV [3]
- ENGR 420 Advanced Engineering Core Competencies [12]
- ENGR 492 Seminar [1]

Thesis or Capstone Design (Choose 3 Credits)

- ENGR 402 Capstone Design II [3]
- ENGR 498 Senior Thesis [3]

Major Restricted Electives

Choose 6-7 credits of approved Arts and Humanities courses and choose 6-7 credits of Social Science courses for a total of 13 credits. The Depth Requirement can be fulfilled by a sequence of courses in the same department (such as HIST 180 and HIST 181 or PHI 101 and PHI 321W). A list of approved courses can be found on the program website. Students should also meet the University’s diverse cultures requirement. Students who complete the Minnesota Transfer Curriculum will satisfy the Major Restricted Electives requirement.

Major Unrestricted Electives

Choose one group from the following.

Broad Focus (Choose 16 Credits)

- ENGR 355 Elective Technical Competency [12]
- ENGR 455 Advanced Technical Competency [18]
- ENGR 470 Mechanical Advanced Competency [12]
- ENGR 471 Electrical Advanced Competency [12]

Mechanical Focus (Choose 16 Credits)

- ENGR 355 Elective Technical Competency [12]
- ENGR 455 Advanced Technical Competency [18]
- ENGR 470 Mechanical Advanced Competency [12]
- ENGR 471 Electrical Advanced Competency [12]

Electrical Focus (Choose 16 Credits)

- ENGR 355 Elective Technical Competency [12]
- ENGR 455 Advanced Technical Competency [18]
- ENGR 470 Mechanical Advanced Competency [12]
- ENGR 471 Electrical Advanced Competency [12]

Other Focus Areas (Choose 16 Credits)

- ENGR 355 Elective Technical Competency [12]
- ENGR 455 Advanced Technical Competency [18]
- ENGR 470 Mechanical Advanced Competency [12]
- ENGR 471 Electrical Advanced Competency [12]

THREE INTERGRATED ENGINEERING CONTINUED
an engineering design team. Students will work with a team on an industry-sponsored project and complete 8 credits of technical competency coursework. In this context, they will develop their awareness of engineering technology and design processes while developing professional skills that can be carried forward into a career working with engineers in industry, complementing the expertise developed in their major. Students should have junior/senior standing in their major and must apply for admission. The application form can be found at http://cset.mnsu.edu/ie/minor.html.

Policy: This minor is not available for Integrated Engineering majors.

GPA Policy: Students earning a minor in Technical Integration & Design must have:
1. A cumulative GPA of 2.5 or higher in minor courses.
2. Grades of 1.67 (“C”) or better for individual minor courses.

P/N Grading Policy. P/N credit will not be applied to any course used to meet the certificate requirements.

Standards. Students must complete the application process for the minor, indicating relevant course experience, completing the essays, and presenting a learning plan. Students must have a 2.5 or higher GPA and be a junior or senior in their major. Admission to the minor is selective and subject to the approval of the Integrated Engineering faculty.

Core
ENGR 300 Introduction to Engineering Design for Non-Majors (4)
ENGR 311W Professionalism I (3)
ENGR 492 Seminar (1)

Statistics & Modeling/Programming
Choose 2 Credits
ENGR 320 Engineering Core Competencies (1-2)

Engineering Economics & Entrepreneurship
Choose 2 Credits
ENGR 420 Advanced Engineering Core Competencies (1-2)

Elective
Choose 4 credits from the following.
ENGR 355 Elective Technical Competency (1-2)

COURSE DESCRIPTIONS
ENGR 110 (3) Introduction to Project-based Engineering
Introduction of the engineering design process, professional skills necessary for the modern engineer, learning strategies needed for academic success, and overview of engineering applications relevant to society. Students will use engineering tools to complete an engineering team project.
Fall, Spring

ENGR 293 (1) MAX Scholar Seminar
This class provides MAX scholars with an opportunity to explore a set of topics related to achieving success in academic, professional and personal realms. Speakers will include faculty, graduate students, visiting researchers and industry professionals as well as student participants.
Prerequisite: Recipient of a MAX scholarship or instructor consent
Fall, Spring

ENGR 299 (3) Bridge to Project-based Engineering
An introductory project-based learning experience in engineering designed to prepare students for upperdivision project-based work. Students will be exposed to teamwork, self-regulated learning, and the design process as they participate in the design and implementation of an engineering project.
Prerequisite: Admission to Integrated Engineering major or consent.
On Demand: Fall, Spring, Summer

ENGR 300 (4) Introduction to Engineering Design for Non-Majors
Students working towards a minor in the Department of Integrated Engineering will participate in and reflect on the engineering design process, the professional aspects of working on an engineering team, and the intersection of engineering projects and their major. Design activities include such things as scoping, modeling, experimentation, analysis, modern tools, design reviews, multi-disciplinary systems view, creativity, safety, business plans, and global/societal/environmental impacts.
Prerequisite: Students must be admitted to the minor program in the Department of Integrated Engineering.
Co-requisites: ENGR 311W
On Demand: Fall, Spring, Summer

ENGR 301 (3) Design I
Students learn and practice the essential elements of engineering design through industry project implementation: scoping, modeling, experimentation, analysis, modern tools, design reviews, multi-disciplinary systems view, creativity, safety, business plans, global/societal/environmental impacts.
Fall, Spring

ENGR 302 (3) Design II
Students further learn and practice the elements of engineering design through industry project implementation: scoping, modeling, experimentation, analysis, modern tools, design reviews, multi-disciplinary systems view, creativity, safety, business plans, global/societal/environmental impacts.
Prerequisite: ENGR 301
Fall, Spring

ENGR 311W (3) Professionalism I
Students learn and develop the elements of professionalism while operating in project teams interacting daily with clients from industry. Topics include leadership, metacognition, teamwork, written and oral communication, ethics, and professional and personal responsibility.
Fall, Spring

ENGR 312W (3) Professionalism II
Students further learn and develop the elements of professionalism while operating in project teams interacting daily with clients from industry. Topics include further examination of leadership, metacognition, teamwork, written and oral communication, ethics, and professional and personal responsibility.
Prerequisite: ENGR 311W
Fall, Spring

ENGR 320 (1-2) Engineering Core Competencies
Students gain breadth across all objectives and depth in the areas of engineering statistics and either programming or mathematical modeling.
Prerequisite: Admission to major, minor or certificate programs.
Fall, Spring

ENGR 355 (1-2) Elective Technical Competency
In-depth study of an engineering area related to an engineering project or foundation topic in a focus area such as biomedical, chemical, combustion, computer, electrical, engineering management, environmental, mechanical, process, renewable energy, structural, systems or transportation engineering.
Prerequisite: Admission to major, minor or certificate programs.
Fall, Spring

ENGR 370 (1-6) Mechanical Core Competencies
Students gain breadth across all objectives and depth in an area of: dynamic systems, manufacturing processes, material science, mechanics of materials, thermodynamics, fluid mechanics.
Prerequisite: Admission to program
Fall, Spring

ENGR 371 (1-6) Electrical Core Competencies
Students gain breadth across all objectives and depth in a focused area in these core competencies: instrumentation, AC circuits, signals and systems, electronics, digital logic, electric machines.
Prerequisite: Admission to program
Fall, Spring

ENGR 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information.
Prerequisite: MATH 223. At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply.
Fall, Spring, Summer

ENGR 401 (3) Capstone Design I
The first in a two-semester sequence of capstone design. Students build on the experience gained in ENGR 301/ENGR 302 to bring their implementation to that expected of contributing engineers in industry.
Prerequisite: ENGR 302, ENGR 312W. At least 14 credits earned in technical competencies.
Fall, Spring
The Interdisciplinary Studies baccalaureate major is designed to give highly-motivated, self-directed students an opportunity to work with the faculty to create their own program and earn an undergraduate degree. Interdisciplinary Studies is a liberal-education program designed for students who wish to major in an interdisciplinary area with coherency of design.

Admission to Major: Ammission will be granted to students who meet eligibility requirements and who complete a formal application to the Interdisciplinary Studies program. Eligibility requirements are as follows:

- Student must have a current, cumulative GPA of 2.0 or higher, according to the Minnesota State Mankato records.
- Student should apply after earning a minimum of 32 semester credits and before completing 80 semester credits, according to Minnesota State Mankato records. Students having more than 80 credits may still be considered for the Interdisciplinary Studies program if they are willing to meet all requirements of the program.

INTERDISCIPLINARY STUDIES BS

Interdisciplinary Studies

Director: Kristen Treinen

The Interdisciplinary Studies baccalaureate major is designed to give highly-motivated, self-directed students an opportunity to work with the faculty to create their own program and earn an undergraduate degree. Interdisciplinary Studies is a liberal-education program designed for students who wish to major in an interdisciplinary area with coherency of design.

Admission to Major: Admission will be granted to students who meet eligibility requirements and who complete a formal application to the Interdisciplinary Studies program. Eligibility requirements are as follows:

- Student must have a current, cumulative GPA of 2.0 or higher, according to the Minnesota State Mankato records.
- Student should apply after earning a minimum of 32 semester credits and before completing 80 semester credits, according to Minnesota State Mankato records. Students having more than 80 credits may still be considered for the Interdisciplinary Studies program if they are willing to meet all requirements of the program.

- After meeting with the Director of Interdisciplinary Studies, the student must submit a formal application on a form provided by the director.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Areas of Concentration. Students seeking the Interdisciplinary Studies degree will select three academic areas in which to concentrate their work. A faculty in each of the three areas of study should be selected to help them arrange and oversee their course work.

Continuation in Program. The following rules explain the requirements for a student to continue in the Interdisciplinary Studies program and to receive a university degree. The Interdisciplinary Studies major must:

- Maintain a minimum 2.5 GPA overall for the three areas of study.
- Every course counted in the three areas must have a "C" or better, unless "P/NC" is specified for a course.
- Complete all university’s graduation requirements.
- Complete a minimum of 15 credit hours in each of the three areas of study.
- Complete a capstone project synthesizing the areas of study in IDST 496.

Degree completion = 120 credits
INTERNATIONAL BUSINESS

International Business

College of Business
Department of Marketing & International Business
150 Morris Hall • 507-389-2967
Website: cob.mnsu.edu/mkbt/
Chair: Juan (Gloria) Meng, Ph.D.
Faculty: Turgut Guverenli, M. Annam Hashmi

The International Business program offers an integrated undergraduate degree. The objective of the program is to train and prepare students to compete and excel in today's increasingly interdependent global economy.

The International Business minor is designed to complement the student's major field of study and enhance his/her career opportunities. It is strongly recommended to students in business administration, marketing, management, aviation management, finance, accounting, computer science, language, political science, history, geography, and other related areas.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

Accreditation. The International Business program is accredited by the Association to Advance Collegiate Schools of Business (AACSB)

POLICIES/INFORMATION

Admission to a Major in the College of Business. Admission to a Major in the College of Business. Admission to a major in the College of Business typically occurs at the beginning of the student's junior year. Once admitted, students may choose to pursue a degree in one or more of the following majors: Accounting, Finance, International Business, Management, or Marketing. Multiple criteria will be considered for admission to a major in the College of Business. Admission is competitive; meeting minimum requirements does not guarantee admission. Deadlines for application are: October 1 for Spring Semester and March 1 for Fall Semester. Criteria considered for admission to the International Business Major

1. Cumulative (including Transfer) Grade Point Average: minimum 2.7.
2. Credits and Courses: 33 completed credits of the 44 general education requirements.
3. Completion of the following courses: IT 101, MATH 130, ACCT 200, ACCT 210, BLAW 200, MGMT 200, BUS 295, ECON 201, ECON 202, ECON 207. Complete one of the following courses: PHIL 120W, PHIL 205W, PHIL 222W, PHIL 224W, PHIL 226W, PHIL 228W, PHIL 250W.

Academic Advising. Students will initially receive their advising from the professional advisors in the College of Business Student Center. When a student applies to the College of Business (which is done during BUS 295), he/she will be assigned a faculty advisor in the major area of study. Questions regarding the assignment of advisors can be answered in the College of Business Advising Center, 151 Morris Hall, 389-2963.

College of Business Policies. Students who are business minors, non-business majors or those who are not seeking a four-year degree may take up to 24 credits in the College of Business.

Students must be admitted to a major to take upper division (300/400) courses in the College of Business.

Students must be admitted to the College of Business major to be granted a Bachelor of Science degree in any College of Business majors.

Residency. Transfer students must complete a minimum of 30 resident credits at the upper division (300/400) level in the College of Business at Minnesota State Mankato. Transfer students pursuing a major or minor in the College of Business must complete at least 50% (one-half) of their major or minor coursework at Minnesota State Mankato.

GPA Policy. Students must earn a minimum grade point average of 2.0 ("C") on the total courses taken in the College of Business and a 2.25 overall GPA to meet graduation requirements.

P/N Grading Policy. No more than one-fourth of a student's major shall consist of P/N grades.

Assessment Policy. The College of Business believes that the ongoing assessment of its programs makes a vital contribution to the quality of those programs and to student learning. Student Participation is an important and expected part of the assessment process.

Student Organizations. The International Business Organization operates on both a professional and personal level. IBO creates cultural awareness and provides interaction among students and international business professionals. IBO members participate in conferences, business tours, annual trips, meetings and social activities.

The Council of Student Business Organizations (COSBO) which is comprised of the presidents of nine organizations and the college representative to the Student Senate, works directly with the Dean's office in the coordination of activities of the various organizations and sponsors activities of their own.

Internships. Students are strongly encouraged to participate in one or more internship programs related to their field of study before graduation. Qualifying internships may receive academic credit counting towards a student's major, but are not required to be taken for credit. To receive academic credit, students must be registered during the semester the internship takes place. Registration instructions and other business internship resources can be found at: http://cob.mnsu.edu/internship/irc.html.

INTERNATIONAL BUSINESS BS AND MINOR

Students must be admitted to the College of Business major to be granted a Bachelor of Science degree in any College of Business majors.

Residency. Transfer students must complete a minimum of 30 resident credits at the upper division (300/400) level in the College of Business at Minnesota State Mankato. Transfer students pursuing a major or minor in the College of Business must complete at least 50% (one-half) of their major or minor coursework at Minnesota State Mankato.

GPA Policy. Students must earn a minimum grade point average of 2.0 ("C") on the total courses taken in the College of Business and a 2.25 overall GPA to meet graduation requirements.

P/N Grading Policy. No more than one-fourth of a student's major shall consist of P/N grades.

Assessment Policy. The College of Business believes that the ongoing assessment of its programs makes a vital contribution to the quality of those programs and to student learning. Student Participation is an important and expected part of the assessment process.

Student Organizations. The International Business Organization operates on both a professional and personal level. IBO creates cultural awareness and provides interaction among students and international business professionals. IBO members participate in conferences, business tours, annual trips, meetings and social activities.

The Council of Student Business Organizations (COSBO) which is comprised of the presidents of nine organizations and the college representative to the Student Senate, works directly with the Dean's office in the coordination of activities of the various organizations and sponsors activities of their own.

Internships. Students are strongly encouraged to participate in one or more internship programs related to their field of study before graduation. Qualifying internships may receive academic credit counting towards a student's major, but are not required to be taken for credit. To receive academic credit, students must be registered during the semester the internship takes place. Registration instructions and other business internship resources can be found at: http://cob.mnsu.edu/internship/irc.html.

MRKT 310 Principles of Marketing (3)
(Choose four courses (12 credits) from the following)
IBUS 419 International Business Seminar (3)
IBUS 428 International Marketing (3)
IBUS 448 International Business Management (3)
IBUS 469 International Business Finance (3)
IBUS 485 Export Administration (3)
IBUS 490 International Business Policy (3)
IBUS 491 In-Service (1-4)
IBUS 492 Study Tours (1-3)

COURSE DESCRIPTIONS

BUS 100 (3) Introduction to Business and Business Careers
This course prepares students for success by exposing them to the requirements, expectation, resources and opportunities of the College of Business. Students will have business experiences and will develop professional skills.
Variable

BUS 295 (2) Professional Preparation for Business Careers
This course is required for admission to the College of Business for all business majors. The purpose of the course is to provide students with an overview of COB majors, allow students to create an academic plan for graduation, and develop professional skills needed for future job placement. Topics include cover letter and resume writing, interviewing skills, the process of networking, the internship program, etiquette skills, and requirements for graduation.
Fall, Spring

BUS 397 (3) IBE Practicum
An applied course that entails developing, launching, managing, and closing a business with the cohort of students enrolled in the class. Students write and present a business plan as they seek financing for their startup company. The business startup experience creates a real-world context in which students can practice the concepts introduced in MGMT 330, MRKT 310, and FINA 362. BUS 397 is part of the United Prairie Bank Integrated Business Experience, and students must enroll concurrently in BUS 397 and sections of FINA 362, MGMT 330, and MRKT 310 that are designated for IBE students. Prerequisite: Must be admitted to a major.
Corequisite: FINA 362, MGMT 330, MRKT 310
Fall, Spring

IBUS 380 (3) Principles of International Business
International dimensions of business: global business environment (economic, cultural, legal, political) and international business functions (management, marketing, finance, exporting, importing). Prerequisite: Junior Standing
Fall, Spring

IBUS 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information. Prerequisite: At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply.
Fall, Spring, Summer

IBUS 419 (3) International Business Seminar
Topics on current developments in international business, technology, and legislation. Prerequisite: IBUS 380
Fall

IBUS 428 (3) International Marketing
Managerial approach to marketing decision making in multicultural market situations. Prerequisite: MRKT 310, IBUS 380
Fall

IBUS 448 (3) International Business Management
This course examines cross-cultural differences in business practices. Among the topics covered are the differences in management styles, multiculturalism, international negotiations, as well as international human resource issues, social responsibility and ethics in a global context, international labor relations, cultural synergy and multicultural teams. Prerequisite: IBUS 380
Fall

IBUS 469 (3) International Business Finance
International finance functions in a corporation include currency issues, investment, financial markets interacting, raising debt and equity, and export financing. Prerequisite: IBUS 380
Spring

IBUS 485 (3) Export Administration
Provides knowledge and documentary skills in managing and implementing the export operations of firms engaged in international trade. Prerequisite: IBUS 380
Spring
IBUS 490 (3) International Business Policy
A capstone course for students majoring in international business designed to analyze and integrate the various international business management decisions. Prerequisite: IBUS 428, IBUS 448, IBUS 469
Spring

IBUS 491 (1-4) In-Service
Topics will vary across various hands-on practical experiences. Prerequisite: Consent
Variable

IBUS 492 (1-3) Study Tours
Study tours are led by Minnesota State University, Mankato faculty and provide students with opportunities to visit companies and attend lectures by renowned experts from key sectors of economy, government, and business. Prerequisite: Consent
Variable

INTERNATIONAL RELATIONS BA AND MINOR

The International Relations Major consists of 42 credit hours plus a minimum of one year (8 credits) of a foreign language. (The 42 required credits may include experiential learning or study abroad, maximum of 15 credits. Students must always consult with their advisor for the final approval of all experiential learning/study abroad credits for the International Relations major.) The International Relations degree is designed to prepare students for employment in international organizations, governmental and charitable agencies in the international arena, and business and financial institutions with overseas interests, or to provide a broad liberal arts education.

Advisors: Abdalla Battah, Tom Inglot, Eiji Kawabata, Jackie Vieceli

Policies/Information

Admission to Major: Students seeking admission to the International Relations major must have a cumulative GPA of 2.5.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

INTERNATIONAL RELATIONS BA

Degree completion = 120 credits

Major Common Core
POL 231 World Politics (3)
POL 241 Introduction to Comparative Politics (3)
POL 431 International Relations (3)

Comparative Politics (choose 3 credits)
POL 435 Capitalism, Nationalism, and Democracy (3)
POL 439 Comparative Social Policy: The Welfare State in Europe and the Americas (3)
POL 440 Topics in Comparative Politics (1-4)
POL 441 Russia & Neighboring States Politics (3)
POL 442 South Asia: Politics & Policy (3)
POL 443 Middle East Politics (3)
POL 444 Latin American Politics (3)
POL 445 Asian Pacific Rim: Politics & Policy (3)
POL 446 African Politics (3)
POL 447 European Democracies (3)
POL 448 Political Development & Change (3)

Major Restricted Electives (choose 15 credits)

With the consent of an International Relations advisor, the student may utilize credits in foreign language above and beyond the 100 level, from the approved course list.

Employment opportunities with respect to this degree are highly dependent upon the area the student selects as a companion minor or second major. For possible second majors or minors and employment opportunities associated with each, the student is urged to consult with an advisor.

The International Relations major consists of a Major Common Core (12 credits), Major Electives (15 credits), a Major Emphasis (15 credits), and International Experiential Learning (6-15 credits).

No more than 6 credits taken for POL 491 (Internship) count toward the International Relations major.

No more than 6 credits taken toward completing the Political Science major or the Political Science minor can be counted toward the International Relations major.

P/N Grading Policy
With the exception of internship credits, which must be taken on a P/N basis, no more than one-fourth of the credits in the major may be taken as P/N. Internship credits will not be counted as part of the one-fourth limitation, but will be subtracted from the total hours required for the major or minor prior to the computation of the one-fourth limitation.

Minimum Credit Requirement
All students (including transfer students) majoring in International Relations must take a minimum of 15 credits of International Relations courses at Minnesota State Mankato before graduation with BA in International Relations.

Minimum Credit Requirement
All students (including transfer students) majoring in International Relations must take a minimum of 9 credits of International Relations courses at Minnesota State Mankato before graduation.

With the consent of an International Relations advisor, the student may utilize credits in foreign language above and beyond the 100 level, from the approved course list.

Employment opportunities with respect to this degree are highly dependent upon the area the student selects as a companion minor or second major. For possible second majors or minors and employment opportunities associated with each, the student is urged to consult with an advisor.

The International Relations major consists of a Major Common Core (12 credits), Major Electives (15 credits), a Major Emphasis (15 credits), and International Experiential Learning (6-15 credits).

No more than 6 credits taken for POL 491 (Internship) count toward the International Relations major.

No more than 6 credits taken toward completing the Political Science major or the Political Science minor can be counted toward the International Relations major.

P/N Grading Policy
With the exception of internship credits, which must be taken on a P/N basis, no more than one-fourth of the credits in the major may be taken as P/N. Internship credits will not be counted as part of the one-fourth limitation, but will be subtracted from the total hours required for the major or minor prior to the computation of the one-fourth limitation.

Minimum Credit Requirement
All students (including transfer students) majoring in International Relations must take a minimum of 15 credits of International Relations courses at Minnesota State Mankato before graduation with BA in International Relations.

Minimum Credit Requirement
All students (including transfer students) majoring in International Relations must take a minimum of 9 credits of International Relations courses at Minnesota State Mankato before graduation.

International Experiential Learning (6-15 credits)
The International Experiential Learning component consists of a minimum of 6 credits and a maximum of 15 credits. Whenever possible, students are encouraged to satisfy this requirement by undertaking study at a university abroad. However, under exceptional circumstances, a student may be allowed to satisfy the requirement through an approved internship.

In consultation with their academic advisors, students will design the international experiential learning component of their major. The proposed study abroad or internship must be approved in advance by the advisor and by other relevant university authorities prior to undertaking the courses or internships in question, and students must earn the equivalent of a grade of “C” or better for these credits to be counted toward the International Relations major.

The credits earned under this requirement may not be used to satisfy the major common core requirements, which must be fulfilled at Minnesota State Mankato. However, they may be used to satisfy the student’s chosen major concentration or as major elective credits. Note that the student may not use credits from foreign language courses to satisfy his or her major concentration or as major elective credits and that no more than 6 credits taken for POL 491 (Internship) count toward the International Relations major.

Officially registered international students are exempt from the study abroad requirement.

Other Graduation Requirements
1. Minor. Any. Students are advised to consult with their advisor on the choice of a minor.
2. Foreign Language. The student may satisfy language requirement by completing a college level foreign language sequence of two courses (8 semester credits) with grades of “C” or above, or by demonstrating equivalent proficiency in a foreign language. Examples of the latter include scoring 3 or higher on an Advanced Placement Exam in a foreign language and graduating with a “C” average or better from a high school where the main classroom instruction was in a language other than English. Language credits do not count toward the International Relations degree. Talk to your advisor for full details.

POL 300-400 Any comparative politics course (3)

Required Electives (6 credits)
Choose 6 credits of electives from the approved list of IR program courses at the 300 and 400 level only.
IRON RANGE ENGINEERING (SEE INTEGRATED ENGINEERING)

Iron Range Engineering (see Integrated Engineering)
Department of Integrated Engineering
College of Science, Engineering & Technology
141 Trafton Science Center N • 507-389-2744
Websites: cset.mnsu.edu/ie and www.ire.mnsu.edu
Chair: Dean Kelley
Faculty: Rebecca Bates, Mohammad Fanaei, Leslie Flemming, Elizabeth Pulskwik
Affiliated Iron Range Faculty: Ronald Ulseth (Co-Director), Andy Lillesve

Location: Mesabi Range Community & Technology College, 1001 West Chestnut Street, Virginia, MN

This program provides upper division engineering coursework. Lower-division coursework is typically completed at a community college. Itasca Community College in Grand Rapids, MN is the primary partner for this program. Admission requires an application to Minnesota State Mankato and the Iron Range Engineering program. For more information, please see the description at the Integrated Engineering major.

JAPANESE COURSES

Japanese
College of Arts & Humanities
Department of World Languages & Cultures
227 Armstrong Hall • 507-389-2116
Website: www.mnsu.edu/languages
Chair: Gregory Taylor

Although Minnesota State Mankato does not offer a degree in Japanese, students may register for Japanese courses offered at Gustavus Adolphus College for Minnesota State Mankato credit.

LATIN COURSES

Latin
College of Arts & Humanities
Department of World Languages & Cultures
227 Armstrong Hall • 507-389-2116
Website: www.mnsu.edu/languages
Chair: Gregory Taylor

Although Minnesota State Mankato does not offer a degree in Latin, students may register for Latin courses offered at Gustavus Adolphus College for Minnesota State Mankato credit.

LATIN AMERICAN STUDIES MINOR

Latin American Studies
College of Social & Behavioral Sciences
Department of History
110 Armstrong Hall • 507-389-1618
Coordinator: Chad McCutcheon
Faculty: Alfredo Duplat, James A. Grabowska, Kimberly E. Corrag, Adriana Gorjillo, Elizabeth Harima, Tomasz Inglot, Jose Lopez, Gregory Taylor, Enrique Torner

This interdisciplinary minor enables students from a variety of majors to focus on Latin America. This training is useful in many careers including international business, international relations, Spanish and social studies teaching, and the disciplines of the departments that contribute to the minor. When filing for graduation, Latin American studies minors should enter the code LATA in the column where minors are listed.

POLICIES/INFORMATION

GPA Policy: Minors must have a minimum GPA of 2.0 (“C”).

P/N Grading Policy: No more than one fourth of credits in minor may be taken P/N.
LAW ENFORCEMENT BA, BS AND MINOR

Law Enforcement

College of Social & Behavioral Sciences
Department of Government
109 Morris Hall • 507-389-2721
Website: www.mnsu.edu/psle

Director: Tamara Wilkins
Program Advisor: Gertrude Kunkel
Faculty: Bruce Biggs, Susan Burum, Colleen Clarke, Thorvald Dahlke, Carl Lafata, Patricia Nelson

The law enforcement program is designed for individuals seeking a professional career in criminal justice and law enforcement. It is open to in-service students who wish to improve their basic education, and to pre-service students who may be interested in pursuing a career in law enforcement.

In order to enter the police profession, applicants should be aware that height, visual and other physical and mental standards are set by law enforcement agencies. Students should be aware that some criminal convictions prevent licensure as a peace officer. Law enforcement students should consider these standards.

Academic Map/Degree Plan at www.mnsu.edu/programs/All

POLICIES/INFORMATION

Admission to Major. Option I is granted by the department. Admission to Option I requires satisfaction of departmental GPA and course prerequisites as well as POST Board documentation. Since these requirements are subject to change, students should contact the Government Department Office for current admission requirements. Both academic and physical agility standards are course requirements, for which passing grades are necessary to graduate Option I (pre-professional).

Admission to Major. Option II is granted by the department. Contact the department for application procedures.

GPA Policy. Students seeking to graduate with a bachelor's degree in law enforcement (either option) must have an earned 2.6 GPA in the major. They must also earn a grade of "C" or better in LAWE 131, LAWE 231, LAWE 232, LAWE 233, LAWE 234, and POL 111.

P/N Grading Policy. All law enforcement classes (both options and minor) except LAWE 492 must be taken for a grade.

Repeated Course Policy. Students majoring in law enforcement (either option) may not repeat a course more than once, and no more than three different LAWE classes (including those accepted as transfer credits) may be repeated within a five year period.

Minimum Courses Policy. All students (including transfer students) majoring in Law Enforcement (either option) must take a minimum of five (5) different LAWE classes at Minnesota State Mankato for a total of not less than fifteen (15) credit hours.

All students (including transfer students) seeking a minor in law enforcement must take a minimum of three (3) different LAWE classes at Minnesota State Mankato for a total of not less than nine (9) credit hours.

Minnesota Licensure. The student must successfully complete the Option I program and an integrated "skills" program, and meet other P.O.S.T. Board and Minnesota State Mankato requirements before being approved to take the P.O.S.T. Board licensure examination. This includes being certified in first aid and CPR (First Responder or EMT currently qualify). Only graduates of certified two and four year academic programs that also meet the requirements of the "skills" program providers may enter an integrated skills program. The licensure examination is administered by P.O.S.T. and covers those items included in the P.O.S.T. Board academic and skills learning objectives. Note: Since P.O.S.T. Board rules change from year to year we advise students to contact the program director for current rules regarding licensure.

### COURSE DESCRIPTIONS

**LAVE 131 (3) Introduction to Law Enforcement**
The course provides a survey of the institutions and processes of the criminal justice system with an emphasis on the role of law enforcement agencies in a free society. Political theories of justice are explored with theories of crime causation.
Fall, Spring

**LAVE 132 (3) Crime and Punishment**
An overview of conflicting theories in criminal justice and the tools to critically evaluate the theories and present the strengths and weaknesses of each in written, oral or other forms.
Variable
GE-5

**LAVE 231 (3) Criminal Law & Procedures**
The history and development of criminal law procedures and their application by law enforcement.
Prerequisite: LAVE 131
Fall, Spring

**LAVE 232 (3) Victims/Survivors: Police Response**
The purpose of this course is to develop in the student an insight into the dynamics of interpersonal violence, particularly sexual violence. The focus will be on developing effective law enforcement responses to the victims/survivors and the perpetrators.
Fall, Spring

---

212 2016-2017 Undergraduate Catalog www.mnsu.edu
LAWE 233 (3) Criminal Investigation
The history, legal aspects of investigation, the evolution of investigations and forensics, procedures of crime investigations, procurement and preservation of evidence and interviewing.
Fall, Spring

LAWE 234 (3) Policing in a Diverse Society
Historically, minority members have often faced disparate treatment in the criminal justice system. Because of physical, cultural and economic distinctions, this course is designed to provide students of law enforcement with the basic tools and skills needed to improve interpersonal communications with citizens, victims, suspects, and co-workers.
Fall, Spring; On Demand: Summer

LAWE 235 (3) Women in Law Enforcement
This course utilizes a broad multidisciplinary approach in examining the forces, theories, and popular beliefs that influenced the restriction and eventual acceptance of women in the policing profession. Included in this course are perspectives from the social, historical, biological, political, and social/psychological sciences.
Variable

LAWE 331 (3) Police Stress
This course will cover the sources of intrapersonal and interpersonal stress in the law enforcement profession. Students will be required to assess their vulnerability to these stressors and develop their own strategies and tactics for coping.
Fall, Spring

LAWE 332 (3) Police Juvenile Justice Procedure
This course focuses on the law enforcement approach to the juvenile justice system and how it has evolved in the United States. Theories of delinquency are reviewed. Minnesota Juvenile Code is emphasized.
Prerequisite: ENG 101, POL 111, LAWE 131, LAWE 231, LAWE 232, LAWE 233, LAWE 234
Fall, Spring

LAWE 332W (3) Police Juvenile Justice Procedure
This course focuses on the law enforcement approach to the juvenile justice system and how it has evolved in the United States. Theories of delinquency are reviewed.
Prerequisite: ENG 101, POL 111, LAWE 131, LAWE 231, LAWE 232, LAWE 233, LAWE 234
Fall, Spring WI

LAWE 333 (3) Criminal Forensics
Criminal forensics will include the history and development of the crime lab. Contemporary and historical cases will be discussed to provide the background and application of forensics. Also, discussion of crime lab examination of physical evidence and utilization of medico-legal specialists in investigations will be included in the course.
On Demand: Fall, Spring, Summer

LAWE 335 (3) Police and Community Relations
This course explores the theories and application of community policing. The student will be introduced to positive principles of interactions between the law enforcement officer and the citizens of their community, as well as decision making and problem solving models.
Fall, Spring; On Demand: Summer

LAWE 336 (3) Advanced Criminal Investigation
A survey of methods and techniques for the investigation of major crimes.
Prerequisite: LAWE 233
Variable

LAWE 337W (3) Police Writing
This course will cover the basic techniques of writing reports, memorandum, forms, and other documents used in the law enforcement profession. This is a writing-intensive course that will not only fulfill MIN POST Report Writing requirements, but will also require students to compose numerous additional documents and respond to writing feedback throughout the semester.
Fall, Spring; On Demand: Summer
WI

LAWE 343 (3) Law Enforcement Mindset I
The course covers crisis intervention from an officer safety perspective, communications, persuasion, problem solving and interpersonal relations. It starts with the fundamentals and builds skills in: working with emotionally distraught individuals, death notifications, suicide, dispute intervention, and interpersonal problem solving.
Fall, Spring

LAWE 343W (3) Law Enforcement Mindset I
This course covers crisis intervention from an officer safety perspective, communications, persuasion, problem solving and interpersonal relations. It starts with the fundamentals and builds skills in: working with emotionally distraught individuals, death notifications, suicide, dispute intervention, and interpersonal problem solving.
Fall, Spring WI

LAWE 393 (1-4) Issues in Law Enforcement
An examination of issues facing law enforcement today in constantly changing legal, social and cultural environments. Topics will vary and may be repeated for credit.
Prerequisite: LAWE 131 Variable

LAWE 430 (3) Law Enforcement Mindset II
This course integrates officer safety and street communications. The class includes elements of fitness, use and legalities of force, theory and structured communication. Themes and skills are then integrated into law enforcement scenarios.
Prerequisite: Admission to Option I
Fall, Spring; On Demand: Summer

LAWE 431 (3) Police Patrol: Theory/Practice
Provides students with specific procedures for handling various types of routine calls and situations and provides a base for handling those incidents which are not routine. Emphasizes critical thinking skills through discussion, assignments and evaluations.
Prerequisite: Admission to Option I
Fall, Spring

LAWE 432 (3) Minnesota Criminal Code
An extensive study of Chapter 609, Minnesota Criminal Code, and traffic law.
Prerequisite: Admission to Option I
Fall, Spring

LAWE 433 (3) Senior Seminar
This is the capstone course for LAWE Option 1 and will include such topics as P.O.S.T. License review, ethics and interviewing skills.
Prerequisite: Admission to Option I
Fall, Spring

LAWE 434 (3) Comparative Criminal Justice System
A comparison of criminal justice philosophies, structures, and procedures found in various countries around the world. Same as POL 449.
Variable

LAWE 435 (3) Jurisprudence
Philosophy and sources of law. Schools of legal philosophy and types of legal thinking. Emphasis is placed on Classical Natural Law, Analytical Legal Positivism, Legal Realism and Critical Legal Studies. Same as POL 452.
On Demand or variable

LAWE 436 (3) Civil Liberties
Review of selected United States Supreme Court decisions interpreting important freedoms contained in the Bill of Rights and the 14th Amendment. Focus is on the rationale which underlies decisions and its impact on American political/social processes. Provides an opportunity to exercise and develop individual analytical abilities through analysis of Court’s reasoning. Same as POL 454.
Variable

LAWE 437 (3) Judicial Process
An examination of the structure, jurisdiction and processes of federal and state courts. Emphasis is placed on selection of judges and justices and on the dynamics of judicial decision-making. Same as POL 475.
Variable

LAWE 438 (3) Terrorism & Political Violence
History, philosophy, techniques and countermeasures to terrorist and law intensity threats to public order. Both domestic and international terror. The blurring of the lines between low intensity conflict/terrorism and multinational high intensity crime. Same as POL 425.
Variable
Admission to a major in the Advance Collegiate Schools of Business (AACSB) Accreditation.

of the following emphases: general management or human resource management. Students may select and complete one or both

future professionals of the private and public sectors. The program provides the student with the aim of developing the technical, analytical and conceptual skills for study with the aim of developing the technical, analytical and conceptual skills for future professionals of the private and public sectors. Emphasis is placed on organizational functioning within changing socio-cultural, economic, legal and political environments. Students may select and complete one or both of the following emphases: general management or human resource management.

The primary objective of the Department of Management is to offer a program of study with the aim of developing the technical, analytical and conceptual skills for future professionals of the private and public sectors. The program provides the student with fundamental principles and practices of effective management. Emphasis is placed on organizational functioning within changing socio-cultural, economic, legal and political environments. Students may select and complete one or both of the following emphases: general management or human resource management.

Prerequisite: Must be accepted into a faculty led study abroad trip.

On Demand: Fall, Spring, Summer

LAWE 491 (1-5) Topics in Law Enforcement

This course explores topics in law enforcement beyond what is covered in the existing curriculum. Students study specialized topics of current importance in the field. Specific topics will change depending on the term and instructor. May be retaken with a change of topic.

Variable

LAWE 492 (1-8) Internship

Field placement with a law enforcement agency or related organization. Provides a learning experience in which the student can integrate and apply knowledge and theory derived from curriculum. P/N only.

Variable

LAWE 493 (1-3) Individual Study

Advanced study and research on topics not currently available in existing courses. May be repeated with a change of topic. Requires advisor and instructor approval of topic.

Variable

LAW ENFORCEMENT CONTINUED

LAWE 439 (3) Police Administration & Planning

An examination of emerging administrative and management concepts and the processes related to their implementation.

Variable

LAWE 441 (3) Federal Law Enforcement & Homeland Security

This course explores the history, development and current role of federal law enforcement in the United States. This course also explores the history, implementation, and role of Homeland Security, along with the integration of purpose, action, and enforcement between Homeland Security, federal law enforcement, and local law enforcement with a lens of legal, policy, and cooperation strategies at the federal, state, and local levels.

On Demand: Fall, Spring, Summer

LAWE 442 (3) Study Tour: Comparative Studies in Terrorism and Political Violence

This course complements the learning experience of traveling on a faculty led study abroad trip. The focus will be a comparison of terrorism, political violence, and counter-terrorism activities in the United States to the same activities in the visited countries based on readings, research, observation, and participation. Instructor permission is required to register for this course.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Students should complete the general education requirements for the BS degree, plus 16 credits of lower division electives for a total of 60 semester credits.

GPA Policy. A minimum GPA of 2.0 is required.

P/N Grading Policy. No more than one-fourth of the credits in the degree program may be taken P/N.

MANAGEMENT BS AND MINOR

Management

College of Business
Department of Management
150 Morris Hall • 507-389-2966
Website: www.cob.mnsu.edu/mgmt
Chair: Miles Smayling, Ph.D.

Faculty: Queen Booker, Kathy Dale, Marilyn Fox, Jon Kalinowski, John Kaliski, Rakesh Kawatra, Sung Kim, Chris Brown Mahoney, Howard Miller, Claudia Pragman, Buddhadev Roychoudhury, Paul Schumann, Dooyoung Shin, Cheryl Trahms

The primary objective of the Department of Management is to offer a program of study with the aim of developing the technical, analytical and conceptual skills for future professionals of the private and public sectors. The program provides the student with fundamental principles and practices of effective management. Emphasis is placed on organizational functioning within changing socio-cultural, economic, legal and political environments. Students may select and complete one or both of the following emphases: general management or human resource management.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

Accreditation. The Management program is accredited by the Association to Advance Collegiate Schools of Business (AACSB)

POLICIES/INFORMATION

Admission to a Major in the College of Business. Admission to a major in the College of Business typically occurs at the beginning of the student’s junior year. The student may choose to pursue a degree in one or more of the following COB majors: Accounting, Finance, International Business, Management, or Marketing. Multiple criteria will be considered for admission to a major in the College of Business. Admission is competitive; meeting minimum requirements does not guarantee admission. Deadlines for application are: October 1 for Spring Semester and March 1 for Fall Semester.

Criteria Considered for Admission to the Management Major

1. Cumulative (Including Transfer) Grade Point Average: minimum 2.7
2. Credits and Courses: 33 completed credits of the 44 general education requirements
3. Completion of the following courses: IT 101, MATH 130, ACCT 200, ACCT 210, BLAW 200, MGMT 200, BUS 295, ECON 201, ECON 202, AND ECON 207. Complete one of the following courses: PHIL 120W, PHIL 203W, PHIL 222W, PHIL 224W, PHIL 226W, or PHIL 240W.

Academic Advising. Students will initially receive their advising from the professional advisors in the College of Business Student Center. When a student applies to the College of Business (which is done during BUS 295), he/she will be assigned a faculty advisor in the major area of study. Questions regarding the assignment of advisors can be answered in the College of Business Advising Center, 151 Morris Hall, 389-2963.

College of Business Policies. Students who are business minors, non-business majors or those who are not seeking a four-year degree may take up to 24 credits in the College of Business.
Students must be admitted to a major to take upper division (300/400) courses in the College of Business.

Students must be admitted to the College of Business major to be granted a Bachelor of Science degree in any College of Business major.

**Residency.** Transfer students must complete a minimum of 30 resident credits at the upper division (300-400) level in the College of Business at Minnesota State Mankato. Transfer students pursuing a major or minor in the College of Business must complete at least 50% (one-half) of their major or minor coursework at Minnesota State Mankato.

**GPA Policy.** Students must earn a minimum grade point average of 2.0 (C) on the total courses taken in the College of Business and a 2.25 overall GPA to meet graduation requirements.

**P/N Grading Policy.** No more than one-fourth of a student’s major shall consist of P/N grades.

**Assessment Policy.** The College of Business believes that the ongoing assessment of its programs makes a vital contribution to the quality of those programs and to student learning. Student participation is an important and expected part of the assessment process.

**Internships.** Students are strongly encouraged to participate in one or more internship programs related to their field of study before graduation. Qualifying internships may receive academic credit towards a student’s major, but are not required to be taken for credit. To receive academic credit, students must be registered during the semester the internship takes place. Registration instructions and other business internship resources can be found at: http://cob.mnsu.edu/internship/rc.html.

**Student Organizations.** Delta Sigma Pi is a national coeducational business fraternity organized to further the camaraderie of business students and professionals. Delta Sigma Pi provides members the opportunity to network with current business students and alumni throughout the United States.

The Society for Human Resource Management at Minnesota State Mankato is an affiliated student chapter of the largest international professional organization for human resources. Students have the opportunity to network with human resources professionals, get insight from keynote speakers, receive helpful tips from a variety of workshops, and create connections with other students in a professional growing student organization. All majors are welcome.

The Enactus Team is a national, student organization within the College of Business that welcomes students from any major with an interest in Entrepreneurship and innovation. The Enactus Team is affiliated with the American Society for Business Education (ASBE). Students have the opportunity to network with human resources professionals, get insight from keynote speakers, receive helpful tips from a variety of workshops, and create connections with other students in a professional growing student organization. All majors are welcome.

The Council of Student Business Organizations (COSBO) which is comprised of the presidents of the student organizations and the college representative to the Student Senate, works directly with the Dean’s office in the coordination of activities of the various organizations and sponsors activities of their own.

ECON 201 Principles of Macroeconomics (3)
ECON 202 Principles of Microeconomics (3)
MATH 130 Finite Mathematics and Introductory Calculus (4)

Choose 3 credits from the following:

PHIL 120W Introduction to Ethics (3)
PHIL 205W Culture, Identity, and Diversity (3)
PHIL 222W Medical Ethics (3)
PHIL 224W Business Ethics (3)
PHIL 226W Environmental Ethics (3)
PHIL 240W Law, Justice & Society (3)

**Prerequisites to the Major**

ACCT 200 Financial Accounting (3)
ACCT 210 Managerial Accounting (3)
BLAW 200 Legal, Political, and Regulatory Environment of Business (3)
BUS 295 Professional Preparation for Business Careers (2)
ECON 207 Business Statistics (4)
IT 101 Introduction to Information Systems (3)
MGMT 200 Introduction to MIS (3)

**Major Common Core**

Required of all College of Business majors (choose 18 credits)

FINA 362 Business Finance (3)
IBUS 380 Principles of International Business (3)
MGMT 330 Principles of Management (3)
MGMT 346 Production & Operations Management (3)
MGMT 481 Business Policy & Strategy (3)
NRKT 310 Principles of Marketing (3)

**Major Emphasis: BUSINESS MANAGEMENT**

MGMT 340 Human Resource Management (3)
MGMT 380 Human Behavior in Organizations (3)
MGMT 444 Organizational Design, Development, and Change (3)
MGMT 459 Management Information Systems (3)
MGMT 472 Project Management (3)

**Electives**

(choose 9 credits at least three courses from the following)

ACCT 310 Management Accounting I (3)
BLAW 477 Negotiation and Conflict Resolution (3)
BUS 397 IBE Practicum (3)
MGMT 385 Introduction to Management Science (3)
MGMT 443 Entrepreneurship (3)
MGMT 447 Management Special Topics (3)
MGMT 449 Quality Management (3)
MGMT 473 Enterprise Resource Planning (ERP) (3)
MGMT 482 Business, Society, & Ethics (3)
MGMT 484 Leadership (3)
MGMT 497 Internship (3)

**Major Emphasis: HUMAN RESOURCE MANAGEMENT**

BLAW 452 Employment and Labor Law (3)
MGMT 340 Human Resource Management (3)
MGMT 380 Human Behavior in Organizations (3)
MGMT 441 Staffing (3)
MGMT 442 Compensation Management (3)
MGMT 445 Training & Development (3)
MGMT 486 Strategic Human Resource Management (3)

**Electives**

(choose at least 3 credits from the following)

ACCT 310 Management Accounting I (3)
BUS 397 IBE Practicum (3)
FINA 466 Employee Benefit Planning (3)
ECON 403 Labor Economics (3)
FINA 466 Employee Benefit Planning (3)
HLTH 488 Worksite Health Promotion (3)
MET 423 Ergonomics & Work Measurement (3)
MGMT 498 Internship (3)

**Required Minor: None.**

---

**HUMAN RESOURCE MANAGEMENT MINOR**

**Requirement for the Human Resource Management Minor:**

1. Students must be admitted to a major at Minnesota State Mankato, and
2. Students must have a cumulative GPA of 2.7 or higher when starting the Human Resources Management minor

**Required for Minor**

MGMT 330 Principles of Management (3)
MGMT 340 Human Resource Management (3)
MGMT 380 Human Behavior in Organizations (3)
MGMT 441 Staffing (3)
MGMT 442 Compensation Management (3)
MGMT 445 Training and Development (3)

**COURSE DESCRIPTIONS**

**BUS 100 (3) Introduction to Business and Business Careers**

This course prepares students for success by exposing them to the requirements, expectation, resources and opportunities of the College of Business. Students will have business experiences and will develop professional skills.

**Variable**
BUS 295 (2) Professional Preparation for Business Careers
This course is required for admission to the College of Business for all business majors. The purpose of the course is to provide students with an overview of College of Business majors, allow students to create an academic plan for graduation, and develop professional skills needed for future job placement. Topics include cover letter and resume writing, interviewing skills, the process of networking, the internship program, etiquette skills, and requirements for graduation.
Fall, Spring

BUS 397 (3) IBE Practicum
BUS 397 is an applied course that entails developing, launching, managing, and closing a business with the cohort of students enrolled in the class. Students write and present a business plan as they seek financing for their startup company. The business start-up experience creates a real-world context in which students can practice the concepts introduced in MGMT 330, MKT 310, and FINA 362. BUS 397 is part of the United Prairie Bank Integrated Business Experience, and students must enroll concurrently in BUS 397 and sections of FINA 362, MGMT 330, and MKT 310 that are designated for IBE students.
Prerequisite: Must be admitted to a major.
Co-requisite: FINA 362, MGMT 330, MKT 310
Fall, Spring

MGMT 200 (3) Introduction to MIS
This course explores information systems which assist management in planning, directing and controlling the activities of an organization. Primary emphasis is placed on analysis, design and implementation of systems which generate information for managerial purposes. This course includes the application of database management and spreadsheet processing systems.
Prerequisite: IT 101
Fall, Spring

MGMT 330 (3) Principles of Management
This course examines basic management concepts and principles, their historical development, and their application to modern organizations. Topics covered include planning, organizing, decision making, leadership, control, and organizational change. In addition, the course includes an introduction to business ethics and social responsibility, human resource management, organizational design and organizational behavior.
Prerequisite: COB Junior Standing
Fall, Spring

MGMT 332 (3) Creativity and Innovation
This course is designed to develop a student’s personal creativity and help a student identify the process of organizational innovation. The course is comprised of a combination of short lecture, in-class discussion of readings and videos, writing assignments, an elevator pitch and group activities.
Prerequisite: MGMT 330
Variable

MGMT 340 (3) Human Resource Management
This course examines the effective management of the human resources of organizations. Topics include analyzing jobs and writing job descriptions; recruiting and hiring of applicants; complying with employment law; managing promotions, quits, and layoffs; employee training and development; evaluating job performance; determining compensation; and managing human resources in a unionized environment.
Fall, Spring

MGMT 346 (3) Production & Operations Management
This course engages students in the study of the operations management function in manufacturing and service organizations. Students learn how to apply the basic analytical models to operation decisions involving topics such as scheduling, production technology, inventory management, quality assurance, just-in-time production, and others.
Prerequisite: ECON 207
Fall, Spring

MGMT 380 (3) Human Behavior in Organizations
Concepts, theories, and empirical research on organizational behavior are studied. Models and tools for diagnosing situations, individual behavior, group behavior, intergroup conflicts, supervisory problems and organizational change are analyzed.
Prerequisite: MGMT 330
Fall, Spring

MGMT 385 (3) Introduction to Management Science
This course introduces a scientific approach to modeling and solving managerial decision problems. It includes such topics as linear and integer programming, network models, simulation, and decision theory.
Variable

MGMT 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information.
Prerequisite: MGMT 201. At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply.
Fall, Spring, Summer

MGMT 441 (3) Staffing
Students learn how to hire the best talent available using sound professional methods. Students design and present legally defensible recruiting and screening techniques for jobs they have analyzed.
Prerequisite: MGMT 340
Fall, Spring

MGMT 442 (3) Compensation Management
The focus of this course is operating on effective, efficient, legal and responsible system for compensating one’s employees. Includes the workings of labor markets, analyzing jobs, finding the market value for jobs, designing a pay structure, appraising performance, setting individual pay, determining benefits, occupations requiring special pay programs.
Prerequisite: MGMT 340
Fall, Spring

MGMT 443 (3) Entrepreneurship
The course is an active learning course where students are immersed in the process of starting a new enterprise. In managing their entrepreneurial projects, students conceptualize and develop business plans that includes self assessment, industry and market analyses, a marketing plan, human resource management, and financial analyses and projections.
Variable

MGMT 444 (3) Organization Design, Development, and Change
This course provides an understanding of the processes that cause organizations to be structured in various forms. The impact on size, technology, strategy, culture, and environmental conditions on structure are examined. The internal processes of power, conflict, culture, and organizational transformation are also emphasized.
Prerequisite: MGMT 330
Fall, Spring

MGMT 445 (3) Training & Development
Students design and deliver training by assessing client needs, defining learning outcomes, choosing effective methods, training, and evaluating results.
Prerequisite: MGMT 340
Fall, Spring

MGMT 447 (3) Management: Special Topics
Special topics as requested by students.
Prerequisite: MGMT 330
Variable

MGMT 449 (3) Quality Management
This course covers essential topics in modern quality management within manufacturing and service organizations from a managerial perspective, including quality planning, culture, customer focus, leadership, vendor relations, the use of statistical quality control tools and software as well as behavioral issues in the improvement of processes and product/service quality.
Prerequisite: ECON 207 or equivalent
Variable

MGMT 458 (3) Corporate Information Systems
This course will provide conceptual frameworks and a practical guideline for understanding how information technologies can provide a competitive advantage, how to identify strategic information systems (SIS) opportunities and risks, how to manage organizational strategic information systems applications, and how to sustain such a competitive advantage in a global market.
Variable
MANAGEMENT INFORMATION SYSTEMS

**MGMT 459 (3) Management Information Systems**

This course is designed to prepare students to design and develop personal computer based information systems for management control and decision making using end-user software including spreadsheets and data base management systems. Students will design and develop several information systems as group projects.

Prerequisite: MGMT 200, MGMT 330

Fall, Spring

**MGMT 471 (3) Wireless Networks**

This course will cover topics such as: cellular systems, personal communication services, wireless LANs, SMR (specialized mobile radio), infrared and micro-wave-base communication services including geostationary satellites, IEOs, MEOS and specialized satellite services, VSAT systems, direct broadcasting, meteor burst communication systems, mobile (sea and land) based networks. Issues such as transmission methodologies (FDMA, TDMA, CDMA), routing LMDS, channel allocation, addressing and naming, locating mobile users, user authentication, privacy, security, bandwidth auctioning methods, and system expansion and transition over time.

Prerequisite: Senior in MIS

Variable

**MGMT 472 (3) Project Management**

Students will develop skills needed to initiate, plan, execute, control and close projects. The course will cover theories, techniques, group activities, and use of computer tools like Microsoft Project for managing projects.

**MGMT 473 (3) Enterprise Resource Planning (ERP)**

This course covers ERP software in general and how it helps integrate information used by an organization's many different functions and departments into a unified computing system. How to use an ERP system to improve the business functions of an organization by streamlining its operations will also be covered. Students will learn how to document business processes using different tools including EPC charts. In addition, the course also covers managerial issues associated with an ERP project and how to manage those issues.

Prerequisite: MGMT 200

Variable

**MGMT 476 (3) Decision Support System**

In the course of their decision activities, managers work with many pieces of knowledge and have to make informed decisions based on this knowledge. This course is designed to introduce students to the various decision making techniques and explore the techniques required for automating such activities among knowledge workers in an organization.

Prerequisite: MGMT 385

Variable

**MGMT 481 (3) Business Policy & Strategy**

An integrative course for COB majors. Its emphasis is on understanding the role of a general manager, which should include an operations and international component.

Prerequisite: MGMT 330, MGMT 346, MKRT 310, FINTA 362 and IBUS 380

Fall, Spring

**MGMT 482 (3) Business, Society & Ethics**

Students learn how to apply moral principles to analyze ethical dilemmas in business. Students also learn how to argue for or against government regulation of business.

Topics covered include bribery, anti-competitive business practices, pollution, product safety, marketing ethics, employee rights, sexual harassment, discrimination and affirmative action, conflicts of interest, and insider trading.

Variable

**MGMT 484 (3) Leadership**

The course provides a foundation for leadership development by offering theoretical background, practical information, and an opportunity for self-assessment that permits students to begin or continue the development of their leadership talent. The underlying theme upon which the course is based is that the ability to lead begins with reflection and self-awareness.

**MGMT 485 (3) Strategic Human Resource Management**

This capstone course examines how the strategic management of the human resources of an organization can enhance organizational success. The course investigates how to achieve strategic congruence between an organization’s strategy and HR management. Topics covered include the interrelationships among the HR disciplines, ethics, sustainability, social responsibility, the role of the HR professional, managing workforce changes, achieving competitive advantage through HR, HR performance metrics, and organizational effectiveness.

Prerequisite: MGMT 441, MGMT 442, MGMT 445

Fall, Spring

**MGMT 491 (1-3) In-Service**

Variable

**MGMT 492 (3) Internship**

Supervised experience in business, industry, state or federal institutions.

P/N only.

Prerequisite: COB Junior Standing and GPA of 2.7 or higher

Fall, Spring

**MGMT 498 (3) Internship**

Supervised experience in business, industry, state or federal institutions. Grade only.

Prerequisite: COB Junior Standing and GPA of 2.7 or higher

Fall, Spring

**MGMT 499 (1-4) Individual Study**

Fall, Spring

---

Management Information Systems

**College of Science, Engineering & Technology**

Department of Computer Information Science

273 Wissink Hall • 507-389-1412

Website: cset.mnsu.edu/cis

Chair: Mahbubur Syed

Faculty: Cyrus Azarbod, Lee Cornell, Jonathan Hardwick, Allan Hart, Sarah Kruse, Guaranex Salvia, Leon Tietz, Christophe Veltsos, Michael Wells

The Bachelor of Science in Management Information Systems provides students with in-depth knowledge of Information Technology concepts and applications, and prepares them to create innovative solutions for real-world problems. Students gain the ability to integrate hardware, software, and management skills to solve problems in a variety of IT areas.

The program’s mission is to ensure that each graduate is exceptionally well qualified to undertake a successful information systems career in industry, business, education, or government. In support of this mission, the program is designed so that:

- Each student will gain a sound foundation in computing basics, analysis and design, programming, testing, software development, security, database, and human-computer interaction.
- Each student will learn the theory and practice of information technology and develop skills to apply this knowledge to analyze and solve information system problems.
- Each student will develop analytical, critical thinking, and interpersonal skills applicable to real-world problem solving.
- Each student will acquire basic business concepts to assist them in career paths where they are interfacing with and developing solutions for business professionals.
- Each student will develop effective oral and written communication skills.
- Each student will appreciate the social and ethical issues in information systems.

[Academic Map/Degree Plan at www.mnsu.edu/programs/#All](http://www.mnsu.edu/programs/#All)

**POLICIES/INFORMATION**

Admission to Major: Admission to the Major is required before the student is permitted to take 300- and 400-level courses.
MANAGEMENT INFORMATION SYSTEMS CONTINUED

Requirements are:
- A minimum of 32 earned semester credits
- Completion of MATH 121 with a grade of “C” or better
- Completion of ENG 101 with a grade of “C” or better
- Completion of IT 210 with a grade of 3.0 or better and IT 214 with a grade of 2.0 or better (or in their equivalents).

GPA Policy. The completion of any major or minor in the Department of Computer Information Science requires both:
- a GPA of 2.5 or higher for all departmental courses, or their substitutions, used to complete the major or minor, and
- a GPA of 2.5 or higher for all courses, or their substitutions, used to complete the major or minor. This includes all departmental courses, supporting courses, and General Education courses required for the major or minor.

It is recommended that students who cannot maintain a GPA of 3.0 in required 100 and 200 level course see their advisor for a program review.

Grade Policy. All coursework used to complete a departmental major or minor, including required courses, required supporting courses, and required General Education courses, must be taken for a letter grade except for courses offered only as P/N.

No course completed with a grade of “D” can be used to complete a departmental major or minor program, or to meet a departmental prerequisite.

Registration Hold Policy. The department will place a registration hold on any student who earns a “D” or “F” in any of its courses. The department will also place such a hold on any student who drops any of its courses after the first two weeks of the semester. A student with a registration hold cannot register for courses until the hold is released, which requires filling out an appeal form and taking it to the student’s advisor for discussion. Appeal forms are available from the departmental office.

Dual Major Policy. Students can earn at most one undergraduate major from this department.

Incomplete Policy. The department gives incomplete grades for only two conditions. The first condition is illness, which requires a doctor’s written recommendation. The second condition arises when a death in the student’s family has caused the student to be away from the campus for an extended period. The student must have a satisfactory grade (“C” or better) in the course at the time of the onset of the condition.

Internship Policy. An internship is required for all majors.

Residency Policy. Students must earn at least 50 percent of the credits required for a major in Management Information Systems at Minnesota State Mankato.

Advising Policy. Every semester, before registering for courses, each student majoring in Management Information Systems must meet with his/her advisor to obtain permission for registration. This meeting ensures that all students are making satisfactory progress toward their degrees.

Portfolio Policy. Each student majoring in Management Information Systems is required to keep a portfolio of work done in all major courses, and to make this portfolio available to faculty for review. Keeping a portfolio gives the student ownership over his or her education and helps to personalize the educational experience. The portfolio also provides a valuable showcase of work accomplished when interviewing prospective employers or applying to graduate school.

MANAGEMENT INFORMATION SYSTEMS BS
Degree completion = 120 credits

Required General Education
CMST 100  Fundamentals of Communication (3)
ENG 101  Composition (4)

IT 202W Computers in Society (4)
MATH 121  Calculus I (4)
PHIL 224W  Business Ethics (3)
Communication Studies (Choose 3 - 4 Credits).
CMST 102  Public Speaking (3)
CMST 212  Professional Communication and Interviewing (4)

Major Common Core
ACCT 200  Financial Accounting (3)
ECON 207  Business Statistics (4)
ENG 271W Technical Communication (4)
IT 210  Fundamentals of Programming (4)
IT 214  Fundamentals of Software Development (4)
IT 310  Data Structures & Algorithms (4)
IT 311  Business Application Programming (4)
IT 340  Introduction to Database Systems (4)
IT 350  Information Security (4)
IT 380  Systems Analysis and Design (4)
IT 440  Database Management Systems II (4)
IT 497  Internship (1-12)

Three credits of IT 497 are required for the major. Additional credits will be used to satisfy overall degree requirements.

Major Restricted Electives
Students must complete the requirements for ONE of the two clusters.

Cluster 1: Integrated Business Experience (IBE) (15 credits)
IBE Curriculum (Choose 12 Credits)
Three credits of IT 499 must be taken concurrently with the IBE practicum to count towards this cluster. The four IBE courses are taken together in a single semester.

 theirs must be registered.

IT 202  Business Finance (3)
BLAW 371  Computer and Technology Law (3)
MGMT 346  Production & Operations Management (3)
MGMT 473  Enterprise Resource Planning (ERP) (3)

Cluster 2: General Business (15 credits)
Business Core (Choose 9 Credits)
FINA 362  Business Finance (3)
ACCT 210  Managerial Accounting (3)
BLAW 371  Computer and Technology Law (3)
MGMT 330  Principles of Management (3)
MGMT 330  Principles of Management (3)
MRKT 310  Principles of Marketing (3)

Cluster 2 Electives (Choose 6 Credits)
ACCT 210  Managerial Accounting (3)
MGMT 346  Production & Operations Management (3)
MGMT 473  Enterprise Resource Planning (ERP) (3)

Major Unrestricted Electives (Choose 12 Credits)
ENG 469  Project Management in Technical Communication (4)
Or any upperdivision course(s) between IT 300-IT 496 not already used in the Major Common Core or in the selected cluster. At least 8 credits must be at the 400 level.

Required Minor: None.

For IT course descriptions, please see Computer Information Technology.
Manufacturing Engineering Technology

College of Science, Engineering & Technology
Department of Automotive & Manufacturing Engineering Technology
205 Trafton Science Center E
Phone: 507.389.6283
Fax: 507.389.5002
Website: www.cset.mnsu.edu/met

Chair: Dr. Bruce E. Jones, Ph.D.
Faculty: Kuldeep Agarwal, Ph.D., Craig Evers, Ph.D., P.E., Shaheen Ahmed, Ph.D., Gary Mead, Ph.D., Harry Petersen, Ph.D., P.E., Winston Sealy, Ph.D.

Accreditation. The Manufacturing Engineering Technology program is accredited by the Engineering Technology Accreditation Commission of ABET, 415 N. Charles Street, Baltimore, MD 21201, 410.347.7700, www.ABET.org

The mission of the Manufacturing Engineering Technology (MET) degree program at Minnesota State Mankato, is to provide a broad-based education to enable graduates to enter a variety of globally competitive manufacturing careers to serve the needs of the citizens of Minnesota, and the world by:

- providing the highest quality education to prepare application-oriented graduates for career opportunities in both traditional and computer-automated manufacturing environments;
- encouraging and supporting faculty, and students to engage in scholarly activities and research that support effective and ethical transfer of technology;
- providing access to state of the art equipment, facilities, and methodologies, along with faculty expertise to benefit MET students; and
- engaging in partnerships with area industry and other constituencies to broaden access to the program for traditional and diverse populations, while supporting K-12 pipeline development.

Program Description. Manufacturing Engineering Technology (MET) degree program awards a Bachelor of Science degree (BS) to successful students through a four-year curriculum.

“Engineering Technology” is the profession in which knowledge of the applied mathematical and natural sciences gained by higher education, practical experience, and competence developed in a specific field, is devoted to application of engineering principles and the implementation of technological advances for the benefit of humanity through its focus on product improvement, manufacturing, and automation of technological processes and operational functions. - Engineering Technology Council of the American Society of Engineering Education (ASEE).

“Modern manufacturing activities have become exceedingly complex because of rapidly increasing technology and expanded environmental involvement. This, coupled with increasing social, political, and economic pressures, has increased the demand for highly skilled manufacturing technologists, engineers, and managers.” - Society of Manufacturing Engineers Fundamentals of Manufacturing 2005.

Students use major study areas of applied mathematics, engineering sciences and materials, product design, manufacturing processes, automated systems and controls, quality, manufacturing management and personal and professional effectiveness to perform in careers requiring the application of scientific and engineering knowledge and methods. Combined with technical skills in support of engineering activities, student careers often fit in the occupational spectrum between the craftsman and the engineer at the end of the spectrum closest to the engineer. Engineering technology is oriented less toward theory and more toward practical applications. [ASEE]

MANUFACTURING ENGINEERING TECHNOLOGY BS AND MINOR

Admission to the MET Major is granted by the Department of MET. Admission to the major is required to register for 300-level courses. Minimum requirements for acceptance into the MET major include a cumulative GPA of 2.0 or higher and the completion of the courses listed in the Prerequisites to the Major in the MET section of this bulletin with a grade of “C” (2.0) or higher.

GPA Policy. A minimum GPA of 2.0 is required.

P/N Grading Policy. No more than 1/4 of all undergraduate credits may be P/N, except those courses offered P/N only.

Residency. A minimum of 50 percent of the credits for a major or minor in Manufacturing Engineering Technology must be taken at Minnesota State Mankato.

Prerequisites and co-requisites must be observed unless written permission is obtained from the instructor and the Department of AMET. A flow chart of prerequisites is available in the Department Office.
The scheduling of all department courses is done annually, based on enrollment and staffing. To obtain a current class schedule, contact the Department.

MANUFACTURING ENGINEERING TECHNOLOGY MINOR

Required for Minor
MET 104 Introduction to Manufacturing Engineering Technology (1)  
MET 142 Introduction to Parametric Modeling (3)  
MET 275 Manufacturing Processes I (4)

Electives
(choose 8 additional credits of MET courses)

COURSE DESCRIPTIONS

MET 104 (1) Introduction to Manufacturing Engineering Technology
An overview of careers, technology and requirements for individuals interested in Manufacturing Engineering Technology. Hands-on experience is gained in a variety of new technologies. Careers in engineering and technology are examined along with professional organizations and ethics. The course is intended as a first step toward a career in manufacturing.
Fall

MET 142 (3) Introduction to Parametric Modeling
The course covers a process of developing and analyzing solid parametric models for mechanical applications. Course includes solving technical design problems based on real-world applications as well as creating technical documentation: working and assembly drawings.  
Fall, Spring

MET 144 (3) Product Development and Design
Analysis and application of key steps in the product realization process. External and internal factors affecting strategic product lifecycle management are emphasized along with the relationship of design to marketing and manufacturing activities and product development cost implications. Students work individually and in teams on competitive design projects assessing customer needs, product specifications, generation and selection of concepts, prototype development, test and product production planning. Concentrates on development of verbal, written and e-communication skills. Provides knowledge and practice in conducting effective project management.  
Fall, Spring

MET 177 (4) Materials Processing and Metallurgy
Fundamentals of machine technology and metallurgy. Theory and step-by-step procedures are used to provide instruction on how to turn materials into products. Students learn to perform machining on a lathe, mill, and drill press, and also inspect the products. Basics of metal processing, plastic molding, and other processes are discussed. Extra lab time is required.  
Prerequisite: MATH 113 or MATH 115 or higher  
Fall, Spring

MET 275 (4) Manufacturing Processes I
A study of the principles of manufacturing technologies and equipment used in the processing of an end product. Advanced manufacturing processes including casting, forging, sheet metal forming, material removal, and powder metals are discussed. Topics also include materials treatment, preparation, and design for manufacture. Extra lab time is required.  
Prerequisite: MET 177  
Fall

MET 323 (3) Statics
This course covers principles of statics, force equilibrium, analysis of structures, friction, centroid, centers of gravity, and moment of inertia.  
Prerequisite: PHYS 211 and MATH 121  
Fall, Spring

MET 324 (4) Strength of Materials and Dynamics
This course covers stress and strain, torsion, bending of beams, shearing stresses in beams, compound stresses, principal stresses, deflections of beams, columns, connections, and pressure vessels. Topics also include kinematics and kinetics of rigid bodies, work, energy and power.  
Prerequisite: MET 323  
Fall, Spring

MET 341 (3) Advanced Parametric Modeling
The course emphasizes the use of parametric modeling in design, analysis and manufacturing. Topics include component design, assembly, mechanism, animation, EFX and rapid prototyping using computer technology.  
Prerequisite: MET 142  
Fall, Spring

MET 347 (4) Manufacturing Automation
CNC programming, computer-aided manufacturing (CAM), flexible automations, machining centers, robotics, programmable logic controllers, tooling systems. Extra lab time is required.  
Prerequisite: EET 113, MET 277, MET 341  
Spring

MET 375 (4) Manufacturing Processes II
Advanced manufacturing processes including casting, forging, sheet metal forming, and powder metals are discussed. Topics also include materials treatment, preparation, and design for manufacture. Extra lab time is required.  
Prerequisite: MET 275  
Fall, Spring

MET 386 (3) Metrology for Engineering Technologist
Quality and its continuous improvement is supported by metrology, statistical process control, and geometric dimensioning and tolerancing. This course presents these topics and their integration into operations.  
Prerequisite: MATH 121, MET 341, STAT 154. Admission to AET/MET major.  
Fall
MANUFACTURING ENGINEERING TECHNOLOGY CONTINUED

MET 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information. Prerequisite: MET 104. At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply. Fall, Spring, Summer

MET 407 (3) Manufacturing Resource Planning and Control
Strategic plant resource management for global manufacturing. Approaches examine and practice continuous improvements to the value stream related to design integration, production scheduling, staffing, facilities planning, and material flow. Prerequisite: MET 347, PHYS 212 Fall, Spring, Summer

MET 423 (3) Ergonomics & Work Measurement
Investigates work design and automated and manual operations. Measurement, and development of design-based solutions for reduction of environmental stresses to the human body through worker-machine systems analysis are applied. Regulatory, legal, and ethical issues are reviewed in the context of global manufacturing applications. Prerequisite: STAT 154 Spring

MET 424 (2) Industrial Safety
Techniques of developing safety practices in an industrial environment. Topics include OSHA, current legislation, cost analysis, personal protection, employee selection, psychological aspects, product safety, hazard materials and catastrophe control. Prerequisite: STAT 154 Fall, Spring

MET 425 (3) Project and Value Management
Planning, management, and economic justification of projects are supported by computer tools for scheduling, staffing, and economic analysis. Prerequisite: STAT 154 Fall, Spring

MET 426 (3) Logistics and Transportation
Fundamentals of logistics and supply chain management: control of materials, WIP, finished goods, costs of logistics. Theory and step-by-step procedures are used to analyze logistic systems, material handling, packaging, and transportation, including global logistics. Prerequisite: MET 407 Spring

MET 427 (3) Quality Management Systems
This course is focused on quality assurance systems, management philosophies, methodology, function and impact of quality systems in manufacturing operations. Development and application of statistical process control tools. Prerequisite: STAT 154 Fall

MET 428 (3) Lean Manufacturing
Basics of Lean Manufacturing in industry, with emphasis on application of concepts. Students will learn the principles of Lean Manufacturing and how they can benefit a business. Prerequisite: MET 427 or similar quality control course Spring

MET 448 (3) Computer Integrated Manufacturing
This course covers the following topics: manufacturing systems integration techniques, Computer-Aided Design/Computer-Aided Manufacturing (CAD/CAM), Computer-Aided Process Planning (CAPP), Direct Numerical Control (DNC), Flexible Manufacturing Systems (FMS), Automated Storage and Retrieval Systems (ASRS), Automated Guided Vehicles (AGV) and Robotics. Prerequisite: MET 347, PHYS 212 Fall

MET 465 (2) Lab Experience
This course provides experience in management, organization, supervision, and maintenance in a laboratory environment. Enrollment is limited. Prerequisite: MET 375 Fall, Spring

MET 488 (2) Senior Design Project I
An examination of manufacturing design and research. Students refine their design proposal and begin their senior design projects. This course also prepares the student for MET 489, Senior Design Project II, where the design proposal, design project, and final report are completed. This course should be taken in the fall semester of the senior year. Prerequisite: ENG 271W, MET 277, MET 425, 10 AET or MET 300/400 level credits

MET 488W (2) Senior Design Project I
An examination of manufacturing design and research. Students refine their design proposal and begin their senior design projects. This course also prepares the student for MET 489, Senior Design Project II, where the design proposal, design project, and final report are completed. This course should be taken in the fall semester of the senior year. Prerequisite: ENG 271W, MET 277, MET 425, 10 AET or MET 300/400 level credits

MET 489 (2) Senior Design Project II
Completion of the capstone design project; a continuation of MET 488. Prerequisite: MET 488, Permission Required

MET 489W (2) Senior Design Project II
Completion of the capstone design project; a continuation of MET 488. Prerequisite: MET 488, Permission Required

MET 492 (1-4) Seminar: Manufacturing
Selected manufacturing topics. Prerequisite: Permission Required

MET 497 (1-10) Internship: Manufacturing
Manufacturing work experience in an area pertinent to the student’s objective. Consent of internship coordinator required prior to the beginning of employment and registration. Typically done between the junior and senior year. Prerequisite: 50% of major

MET 499 (1-4) Individual Study
Prerequisite: Permission Required
Marketing

College of Business
Department of Marketing and International Business
150 Morris Hall • 507-389-2967
Website: cob.mnsu.edu/mkt/

Chair: Juan (Gloria) Meng, Ph.D.
Kevin Elliott, Mark Hall, Jianwei Hou, Ann Kuzma, John R. Kuzma, Kathy Richie, Kristin Scott

It is the objective of the department to advance the understanding and practice of marketing and international business.

Faculty advance the discipline of marketing through research, writing, and involvement in professional associations. They improve the practice of marketing with a progressive curriculum for full- and part-time students. The region's business community and public institutions also are directly served with student and faculty consulting and research projects.

The marketing major prepares students for marketing positions in retail management, industrial sales, promotion, marketing research, or marketing management, and equips them with the comprehensive knowledge necessary to assume upper management positions in the marketing function.

Accreditation. The Marketing program is accredited by the Association to Advance Collegiate Schools of Business (AACSB)

POLICIES/INFORMATION

Admission to a Major in the College of Business. Admission to a major in the College of Business typically occurs at the beginning of the student's junior year. Once admitted, students may choose to pursue a degree in one or more of the following majors: Accounting, Finance, International Business, Management, or Marketing. Multiple criteria will be considered for admission to a major in the College of Business. Admission is competitive; meeting minimum requirements does not guarantee admission. Deadlines for application are: October 1 for Spring Semester and March 1 for Fall Semester.

Criteria Considered for Admission to the Marketing Major
1. Cumulative (including Transfer) Grade Point Average: minimum 2.7
2. Credits and Courses: 33 completed credits of the 44 general education requirements.
3. Completion of the following courses: IT 101, MATH 130, ACCT 200, ACCT 210, BLAW 200, MGMT 200, BUS 295, ECON 201, ECON 202, ECON 207. Complete one of the following courses: PHIL 120W, PHIL 205W, PHIL 222W, PHIL 224W, PHIL 226W, PHIL 240W

Requirements for the Marketing Minor
1. Students must be admitted to a major at Minnesota State Mankato, and
2. Students must have a cumulative GPA of 2.7 or higher when starting the Marketing minor.

Academic Advising. Students will initially receive their advising from the professional advisors in the College of Business Student Center. When a student applies to the College of Business (which is done during BUS 295), he/she will be assigned a faculty advisor in the major area of study. Questions regarding the assignment of advisors can be answered in the College of Business Advising Center, 151 Morris Hall, 389-2963.

College of Business Policies. Students who are business minors, non-business majors or those who are not seeking a four-year degree may take up to 24 credits in the College of Business.

Students must be admitted to a major to take upper division (300/400) courses in the College of Business.

Students must be admitted to the College of Business major to be granted a Bachelor of Science degree in any College of Business major.

Residency. Transfer students must complete a minimum of 30 resident credits at the upper division (300-400) level in the College of Business at Minnesota State Mankato.

Transfer students pursuing a major or minor in the College of Business must complete at least 50% (one-half) of their major or minor coursework at Minnesota State Mankato.

GPA Policy. Students must earn a minimum grade point average of 2.0 ("C") on the total courses taken in the College of Business and a 2.25 overall GPA to meet graduation requirements.

P/N Grading Policy. No more than one-fourth of a student’s major shall consist of P/N grades.

Assessment Policy. The College of Business believes that the ongoing assessment of its programs makes a vital contribution to the quality of those programs and to student learning. Student Participation is an important and expected part of the assessment process.

Internships. Students are strongly encouraged to participate in one or more internships programs related to their field of study before graduation. Qualifying internships may receive academic credit counting towards a student’s major, but are not required to be taken for credit. To receive academic credit, students must be registered during the semester the internship takes place. Registration instructions and other business internship resources can be found at: http://cob.mnsu.edu/internship/irc.html.

Student Organizations. The Marketing Club offers students opportunities to network with professionals in marketing-related fields, contribute to the community through service projects and meet other students. All majors are welcome.

Delta Sigma Pi is a coeducational business fraternity organized to further the camaraderie of business students and professionals. Delta Sigma Pi provides members the opportunity to network with current business students and alumni throughout the United States.

The Council of Student Business Organizations (COSBO) which is comprised of the presidents of nine organizations and the college representative to the Student Senate, works directly with the Dean's office in the coordination of activities of the various organizations and sponsors activities of their own.

MARKETING BS
Degree completion = 120 credits

Required General Education
ECON 201 Principles of Macroeconomics (3)
ECON 202 Principles of Microeconomics (3)
MATH 130 Finite Mathematics and Introductory Calculus (4)
(choose 3 credits from the following)
PHIL 120W Introduction to Ethics (3)
PHIL 205W Culture, Identity, and Diversity (3)
PHIL 222W Medical Ethics (3)
PHIL 224W Business Ethics (3)
PHIL 226W Environmental Ethics (3)
PHIL 240W Law, Justice & Society (3)

Prerequisites to the Major
ACCT 200 Financial Accounting (3)
ACCT 210 Managerial Accounting (3)
BLAW 200 Legal, Political, and Regulatory Environment of Business (3)
BUS 295 Professional Preparation for Business Careers (2)
ECON 207 Business Statistics (4)
IT 101 Introduction to Information Systems (3)
MGMT 200 Introduction to MIS (3)

Major Common Core
Required of all College of Business Majors
FINA 362 Business Finance (3)
IBUS 380 Principles of International Business (3)
MGMT 330 Principles of Management (3)
MGMT 346 Production & Operations Management (3)
MGMT 481 Business Policy & Strategy (3)
MRKT 310 Principles of Marketing (3)

Required for Marketing Major
MRKT 312 Professional Selling (3)
MRKT 316 Consumer Behavior (3)
MRKT 317 Product and Pricing Strategy (3)
MRKT 318 Integrated Marketing Communications (3)
BUS 397 (3) IBE Practicum
An applied course that entails developing, launching, managing, and closing a business with the cohort of students enrolled in the class. Students write and present a business plan as they seek financing for their startup company. The business startup experience creates a real-world context in which students can practice the concepts introduced in MGMT 330, MRKT 310, and FINA 362. BUS 397 is part of the United Prairie Bank Integrated Business Experience, and students must enroll concurrently in BUS 397 and sections of FINA 362, MGMT 330, and MRKT 310 that are designated for IBE students.
Prerequisite: Must be admitted to a major.
Co-requisite: FINA 362, MGMT 330, MRKT 310
Fall, Spring

MRKT 100 (3) Foundations of Business Concepts
Focuses on the basic business functions of Accounting, Finance, Management, and Marketing in global context.
Fall, Spring
GE-5

MRKT 310 (3) Principles of Marketing
This course provides a basic understanding of marketing concepts with emphasis on the pricing, promotion, and distribution of need satisfying products and services in domestic and international markets. The format of the course consists of lectures, case discussions, application exercises, projects, exams, and in-class group assignments.
Fall, Spring

MRKT 316 (3) Consumer Behavior
Students will learn about consumer decision styles, perceptions, group influences, family decision-making, lifestyles, shopping behaviors and international trends related to marketing strategies. The framework consists of individual or group projects, usually requiring some personal interviewing, exams, and reports.
Fall, Spring

MRKT 317 (3) Product and Pricing Strategy
The intention of the course is to explore in depth the concepts involved in new product development, the management of products through the product life cycle, and the development of pricing policies and strategies. The course involves a lecture/discussion format with occasional group activities, projects and exams.
Prerequisite: MRKT 310
Fall, Spring

MRKT 318 (3) Integrated Marketing Communications
Integrated Marketing Communications provide an understanding of the elements of the marketing communications mix — advertising, public relations, personal selling, sales promotion and corporate sponsorship — through traditional and digital media.
Prerequisite: MRKT 310
Fall, Spring

MRKT 324 (3) Marketing Research & Analysis
In this course, students will examine the role of research in decision making and the basics of scientific research, including the preparation of research proposals, design of data collection instruments, data analysis, interpretation, and reporting.
Prerequisite: MRKT 310, ECON 207
Fall, Spring

MRKT 339 (3) Distribution Strategy
Defines the role of marketing channels within the marketing system. Topics in this course examine important issues in marketing distribution systems.
Prerequisite: MRKT 310
Fall, Spring

MRKT 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information.
Prerequisite: At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply.
Fall, Spring, Summer
MRKT 312 (3) Professional Selling
The course is designed to provide basic human motivation theories, and develop persuasive communications strategies and applications necessary in the field of professional selling. The course takes a hands-on approach to professional selling techniques with the use of sales presentations, sales manuals, and exams. Prerequisite: MRKT 310
Fall, Spring

MRKT 413 (3) Business-to-Business Marketing
A broad examination of the techniques employed in business-to-business marketing. Topics include organizational buying, buyer-seller relationships and industrial marketing mix development. Prerequisite: MRKT 310
Variable

MRKT 415 (3) Retailing Management
The study of marketing at the retail level, including the organization, operations, methods, policies, and problems of retail establishments in satisfying consumers. Prerequisite: MRKT 310
Variable

MRKT 416 (3) Digital Marketing
This course is an examination of the role of digital technology, such as the Internet and social media platforms, in contemporary marketing strategy and its impact on business decision making and consumer behavior. Prerequisite: MRKT 310
Variable

MRKT 420 (3) Sales Management
This course involves studying the role of the general sales manager, the functions of sales management within overall marketing strategy, and the development of analytical decision skills necessary to plan, manage, and control the sales force. Prerequisite: MRKT 310
Variable

MRKT 428 (3) International Marketing
This course takes a managerial approach to analyzing marketing decision making in multinational market situations. Prerequisite: MRKT 310 and IBUS 380
Fall

MRKT 480 (3) Seminar
Topics covered are specialized topics not covered in other courses and will be announced. Prerequisite: MRKT 310
Variable

MRKT 490 (3) Marketing Management
This course should be the last marketing class taken, since it involves comprehensive marketing strategy development, integrating all dimensions of the marketing offering, and utilizing marketing information systems for top-level control and decision making. Prerequisite: MRKT 310, MRKT 316, MRKT 317, MRKT 318 and MRKT 339
Fall, Spring

MRKT 492 (1-3) Study Tour
Study tours are led by Minnesota State University, Mankato faculty and provide students with opportunities to visit companies and attend lectures by renowned experts from key sectors of economy, government, and business. Prerequisite: MRKT 310
Variable

MRKT 494 (3) Fair Trade Study Abroad in Belize
The curriculum focuses on Fair Trade, sustainability, and international business principles. Students will spend 9 days in Belize and learn about diverse populations, engage in a service learning project, and visit businesses who produce goods that are Fair Trade certified. Prerequisite: MRKT 310
Fall, Spring

MRKT 497 (1-9) Internship
Individual, supervised experience in a business firm or government agency. Taken for P/N only. Prerequisite: Consent
Fall, Spring

MRKT 498 (1-3) Internship
Individual, supervised experience in a business firm or government agency. Taken for P/N only. Prerequisite: Consent
Fall, Spring

MRKT 499 (1-4) Individual Study
Individual study of special topics. Prerequisite: Consent
Fall, Spring

Mass Media
College of Arts & Humanities
Department of Mass Media
136 Nelson Hall • 507-389-6417
Website: www.mnsu.edu/masscom
Chair: Amy Lauters
Faculty: Ellen Mija, Charles Lewis, Jane McConnell, Mavis Richardson, Heather McIntosh, Rachaal Hanel

The mission of the Department of Mass Media is to foster the public good by advancing socially responsible mass media through education, research and service. The department strives to prepare students for careers as ethical and responsible public communicators, innovative creators of media texts, and competent professionals in such fields as news, public relations, and other media-related fields.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
Admission to Major or Minor: All students seeking to enter the Mass Media program must present evidence of their satisfactory fulfillment of the following requirements. Students seeking entry into the department's major or minor must meet the following requirements. Students not meeting minimum requirements may petition the faculty in writing to seek admission.

No student entering the Mass Media program may take courses beyond MASS 110, POL 371, PSYC 101, SOC 150 and SOC 101.

Mass Media majors are required to take department courses that are Fair Trade certified.

The study of marketing at the retail level, including the organization, operations, methods, policies, and problems of retail establishments in satisfying consumers. Prerequisite: MRKT 310
Variable

MRKT 312 (3) Professional Selling
The course is designed to provide basic human motivation theories, and develop persuasive communications strategies and applications necessary in the field of professional selling. The course takes a hands-on approach to professional selling techniques with the use of sales presentations, sales manuals, and exams. Prerequisite: MRKT 310
Fall, Spring

MRKT 413 (3) Business-to-Business Marketing
A broad examination of the techniques employed in business-to-business marketing. Topics include organizational buying, buyer-seller relationships and industrial marketing mix development. Prerequisite: MRKT 310
Variable

MRKT 415 (3) Retailing Management
The study of marketing at the retail level, including the organization, operations, methods, policies, and problems of retail establishments in satisfying consumers. Prerequisite: MRKT 310
Variable

MRKT 416 (3) Digital Marketing
This course is an examination of the role of digital technology, such as the Internet and social media platforms, in contemporary marketing strategy and its impact on business decision making and consumer behavior. Prerequisite: MRKT 310
Variable

MRKT 420 (3) Sales Management
This course involves studying the role of the general sales manager, the functions of sales management within overall marketing strategy, and the development of analytical decision skills necessary to plan, manage, and control the sales force. Prerequisite: MRKT 310
Variable

MRKT 428 (3) International Marketing
This course takes a managerial approach to analyzing marketing decision making in multinational market situations. Prerequisite: MRKT 310 and IBUS 380
Fall

MRKT 480 (3) Seminar
Topics covered are specialized topics not covered in other courses and will be announced. Prerequisite: MRKT 310

Individual, supervised experience in a business firm or government agency. Taken for P/N only. Prerequisite: Consent
Fall, Spring

MRKT 499 (1-4) Individual Study
Individual study of special topics. Prerequisite: Consent
Fall, Spring

Mass Media BA, BS and Minor

To determine student's preparation for the major or minor, the department requires that students complete with a cumulative GPA of 3.0 or better these courses (or their equivalents): ENG 101 and MASS 110. Overall GPA will also be considered in determining admission status. Students not meeting minimum requirements may petition the faculty in writing to seek admission.

No student entering the Mass Media program may take courses beyond MASS 110, MASS 112, MASS 260 & MASS 412 unless he/she has met the stated requirements. Students seeking entry into the department's major or minor must present evidence of their satisfactory fulfillment of these requirements.

In preparation for undertaking a major in Mass Media, students should consider taking these courses (or their equivalents): ECON 100, GEOG 103, ETHN 100, POL 371, PSYC 101, SOC 150 and SOC 101.

GPA Policy: Majors must earn a cumulative GPA of 2.5 or better in all mass media coursework, in addition to the 2.0 overall GPA required by the University for graduation. Refer to the College of Arts and Humanities regarding required advising for students on academic probation.

P/N Grading Policy: Mass Media majors are required to take department courses for a letter grade, except for MASS 498, which must be taken P/N.

Transferring into Mass Media. Students considering transferring into the mass media program at Minnesota State Mankato need to be aware of department admission requirements, including prerequisite courses, GPA and diagnostic examination. They should contact the department as early as possible for information that will assure a smooth transfer. Failure to plan ahead may delay or preclude admission to the program.

COURSE DESCRIPTIONS

MASS 110 (4) Introduction to Mass Media
Nature, functions, responsibilities and effects of the media in contemporary society.
GE-9
Diverse Cultures: Purple

MASS 112 (2) Mass Media and Children
Course will examine the role of mass media in children’s lives. Media will be examined as educator, image-maker, entertainer and messenger of violence.
Summer

MASS 221 (4) Basic Writing for Mass Media
Basic techniques of gathering information and writing readable and accurate media stories.
Prerequisite: ENG 101, MASS 110
Fall, Spring

MASS 221W (4) Basic Writing for Mass Media
Basic techniques of gathering information and writing readable and accurate media stories.
Prerequisite: ENG 101, MASS 110
Fall, Spring

MASS 233 (4) Public Relations Principles
Survey of current practices and problems in the field of public relations. Emphasizes successful case histories and planning techniques.
Prerequisite: MASS 221
Variable

MASS 260 (4) Principles of Visual Mass Media
Exploration of the basic principles of visual media design, stressing the significance of images in a mass media society. Special focus on contextualizing historical and technological changes affecting image production for mass media.
Variable
GE-6, GE-7
Diverse Cultures - Purple

MASS 290 (1-3) Selected Topics in Mass Media
Selected topics in mass media
Prerequisite: MASS 221 or consent
Variable

MASS 312 (4) Mass Media Law
Principles of the First Amendment, libel, fair trial, privacy, access to news, pornography, and regulation of radio and television.
Prerequisite: MASS 221
Fall, Spring

MASS 325 (4) Media Reporting and Editing
Discussion of and practice in reporting about public affairs and social issues, plus examination of copy editing and headline writing for traditional and new media.
Prerequisite: MASS 221
Variable

MASS 325W (4) Media Reporting and Editing
Discussion of and practice in reporting about public affairs and social issues, plus examination of copy editing and headline writing for traditional and new media.
Prerequisite: MASS 221
Variable

MASS 330 (4) Writing for Digital Multimedia
Reporting, writing and packaging news for online audiences with an emphasis on multimedia platforms; includes evaluation of news sites and critical consideration of best practices, and economic, ethical and legal issues.
Prerequisite: MASS 221
Variable

MASS 330W (4) Writing for Digital Multimedia
Reporting, writing and packaging news for online audiences with an emphasis on multimedia platforms; includes evaluation of news sites and critical consideration of best practices, and economic, ethical and legal issues.
Prerequisite: MASS 221
Variable

MASS 411 (4) Mass Media Ethics and Criticism
Study, analysis and criticism of the mass media, their ethics and performance.
Prerequisite: MASS 221
Fall, Spring

MASS 412 (4) Mass Media History
Survey of the social, cultural, intellectual and technological development of advertising, public relations and print, broadcast and electronic journalism in the United States. Open to non-major/minors.
Prerequisite: MASS 221
Fall, Spring

MASS 414 (4) Mass Media Ethics and Criticism
Study, analysis and criticism of the mass media, their ethics and performance.
Prerequisite: MASS 221
Fall, Spring

MASS 499 Individual Study in Mass Media (1-2)
Admission to Major

POLICIES/INFORMATION

Actuarial Science Minor combines finance, statistics, and mathematics to analyze non-mathematics majors who desire a stronger background in mathematics. The mathematics minor is intended for students not planning to work in business, industry, or government. The B.A. Mathematics and B.S. Mathematics is designed for students not planning to teach mathematics at the middle and secondary levels. The B.A. Mathematics and B.S. Mathematics Teaching program is to prepare students to teach mathematics. Students intending to pursue this degree should complete the mathematics major in four years.

Unlike many other disciplines, mathematics is a very structured subject. Consequently, the curriculum consists of sequences of interrelated courses which must be taken in the appropriate order. The department expects that the well-prepared student will complete the mathematics major in four years.

The Department offers three mathematics majors and two minors. The primary focus of the B.A. Mathematics Teaching program is to prepare students to teach mathematics at the middle and secondary levels. The B.A. Mathematics and B.S. Mathematics programs are intended to prepare students for advanced study in mathematics or to work in business, industry, or government. The mathematics minor is intended for non-mathematics majors who desire a stronger background in mathematics. The Actuarial Science Minor combines finance, statistics, and mathematics to analyze risk and ensure financial security for individuals, corporations, and society at large.

Contact the College of Science, Engineering and Technology Student Relations Office for application procedures.

Accelerated Combined Degree (BS and MA/MS) Program. Students intending to complete their Bachelor's and Master's degree at Minnesota State Mankato may be granted permission to take classes that count toward their graduate program during their undergraduate studies. Admission to the program is conducted through the department. Upon being accepted, students will be assigned an advisor to aid in the design of an accelerated program of study (generally 5 years). Students must maintain a minimum 3.0 GPA overall and a 3.6 in major (as an undergraduate) to continue in the program. Please contact the Department Graduate Coordinator for detailed information.

Course Application Policy. Within each major or minor, no course may be applied to more than one requirement.

Residency Policy. At least 3 credits applied to the mathematics minor must be earned at Minnesota State Mankato.

GPA Policy. Mathematics majors or minors must earn a grade of "C" (2.0) or better in all courses taken for grade that are applied to the major or minor, respectively.

P/N Grading Policy. Not more than one-fourth of the credits in mathematics courses numbered MATH 121 or above can be taken under P/N and applied to a major or minor. All 300 and 400 level courses are offered for grade only with the exception of MATH 487, MATH 498, and MATH 499, which are available for both P/N and letter grade.

Credit by Examination. Credit by examination will not be approved for courses in which a student has already received a grade.

Credit Limitations. A student may accumulate a maximum of six credits from MATH 110 and the College Level Examination Program (CLEP). After completing MATH 122 with a grade of "C" or better, a student may not receive credit for MATH 110, MATH 112, MATH 113, MATH 115, or MATH 180 without the consent of the department. Since the following courses have some common content, credit is not allowed for both MATH 115 and either MATH 112 or MATH 113. A student may not receive credit for MATH 354 or STAT 354 after completing MATH 455 or STAT 455.

Policy: Students seeking enrollment in Math 112: College Algebra or Math 201: Elements of Mathematics must demonstrate readiness to succeed in the course through one of the following means:

1. ACT mathematics sub-score of 22 or higher, or
2. ACCUPLACER Intermediate Algebra Test score of 60 or higher.

Students not meeting one of these requirements are placed in Math 098: Intermediate Algebra.

Students seeking enrollment in courses beyond those listed above must demonstrate readiness to succeed in the course through one of the following means: ACT score,
SAT score, ACCUPLACER score(s), or satisfactory completion (i.e. grade of C or better) of prerequisite coursework, according to the chart below.

</tbody>
</table>

NOTE 1: Documented ACCUPLACER scores from any Minnesota State College and Universities (MnSCU) institution taken within two calendar years will be accepted.

NOTE 2: ACT scores and ACCUPLACER scores that are more than two years old will not be accepted for mathematics placement.

Procedures: Students may substitute for the above requirements based on documentation of:
1. equivalent or higher scores on standardized college admissions tests, such as SAT/quantitative scores, that report a separate mathematics sub-score within two calendar years;
2. successful completion of equivalent prior post-secondary education, such as course transfer evaluations or Cambridge International Examinations; or
3. enrollment exclusively in non-credit courses or programs.

Students requesting such substitutions should submit the documentation to the Chair of the Department of Mathematics and Statistics for evaluation. The evaluation will be based on nationally accepted concordances between the testing instruments and/or courses. The Chair of the Department of Mathematics and Statistics or designee should respond in writing to student requests within three weeks of receiving them.

Procedure for Waiver
1. Students not meeting the requirements for enrollment in Math 112, Math 201 or Stat 154 may request a waiver to this policy.
2. Written requests for waivers to the policy must be submitted to the Chair of the Department of Mathematics and Statistics, and should include evidence of alternate means of demonstrating readiness for college algebra including but not limited to:
   a. High school or recent post-secondary coursework which would indicate adequate preparation (transcripts or other records which include course titles, levels and grades are acceptable), or
   b. Verification of extenuating circumstances which may have affected performance on previous exams.
3. Requests for waivers should be submitted by the following deadlines:
   a. August 5th for fall semester enrollment,
   b. December 1st for spring semester enrollment, and
   c. May 1st for summer session enrollment.
4. The Chair of the Department of Mathematics and Statistics or designee should respond in writing to student requests within three weeks of receiving them.
5. Students whose initial requests are denied may submit a written appeal to the Dean of the College of Science, Engineering and Technology. The Dean should respond in writing, with a copy to the Chair of the Department of Mathematics and Statistics.
6. The Dean’s decision is the final step in the appeal process.

Policy Rationale: The purpose of the policy is to place students in a course that is developmentally appropriate to help ensure their long term success. Data suggests students not meeting these guidelines have a higher likelihood of having to repeat a course.

MATH BA
Degree completion = 120 credits

Required General Education
MATH 121 Calculus I [4]
MATH 290 Foundations of Mathematics [4]

Major Common Core
MATH 122 Calculus II [4]

**COURSE DESCRIPTIONS**

**MATH 094 (4) Essential Mathematics with Elementary Algebra**

Basic mathematics skills integrating the fundamental operations of whole numbers, integers, fractions, decimals, percents, ratio and proportion with the elementary algebra topics of linear equations and inequalities, graphs, exponents, polynomials and factoring. Credit does not apply toward graduation. P/N only.

**MATH 098 (4) Intermediate Algebra**

Topics covered include intermediate study of graphs, systems of linear equations, introduction to functions, linear and nonlinear inequalities, factoring, rational expressions and equations, radicals, and basic quadratic equations. Credit does not apply toward graduation. P/N only.

**MATH 110 (3) Perspectives in Mathematics**

A survey of mathematics and its relationship to society, showing its development and evolution to meet the needs of humankind.

Prerequisite: Three years high school algebra/geometry or MATH 098

**MATH 111 (4) College Algebra**

Concepts of algebra (real numbers, exponents, polynomials, rational expressions), equations and inequalities, functions and graphs, polynomial and rational functions, exponential and logarithmic functions, systems of equations and inequalities, matrices and determinants, conic sections, sequences and series, probability, and binomial theorem.

Prerequisite: Satisfy Placement Table in this section, or MATH 098 with grade of P.

**MATH 223 Calculus III (4)**

**MATH 247 Linear Algebra I (4)**

**MATH 316 Intermediate Analysis (3)**

**MATH 321 Ordinary Differential Equations (4)**

(see Residency Requirement)

Choose 0 - 12 Credit(s)

Choose a minimum of eleven (11) credits. At least seven (7) credits must be at the 400-level. Credits must be chosen from at least two categories.
MATH 113 (3) Trigonometry
Basic concepts of trigonometry as preparation for college level mathematics and science course work. Topics include concepts of algebra (real numbers, functions, graphs of functions, exponential and logarithmic functions), trigonometric functions, analytic trigonometry, applications of trigonometry, and analytic geometry.
Prerequisite: Satisfy Placement Table in this section, or MATH 112 with "C" (2.0) or better.
Fall, Spring, Summer
GE-4

MATH 115 (4) Precalculus Mathematics
This course will cover topics of precalculus mathematics. Topics covered will include functions, graph of functions, exponential and logarithmic functions, conic sections, systems of equations, and inequalities, matrices, trigonometric functions, circular functions, vectors and complex numbers, induction, series, and probability.
Prerequisite: Satisfy Placement Table in this section, or grade of P in MATH 098 and consent of the department chair.
Fall, Spring
GE-4

MATH 121 (4) Calculus I
Limits, continuity, the derivative and applications, transcendental functions, l’Hospital’s Rule, and development of the Riemann integral.
Prerequisite: Satisfy Placement Table in this section, MATH 115 or both MATH 112 and MATH 113 with "C" (2.0) or better.
Fall, Spring, Summer
GE-4

MATH 122 (4) Calculus II
Techniques of integration, applications of integration, improper integrals, numerical integration, the calculus of parametric curves, infinite series and sequences, and vectors in two and three dimensions.
Prerequisite: MATH 121 with "C" (2.0) or better or consent
Fall, Spring, Summer

MATH 127 (2) Calculus II for Engineering Technology: Integration
A continuation of the study of calculus from MATH 121 including transcendental functions, l’Hospital’s rule, techniques of integration, and vectors in two and three dimensions. Content is intended for students enrolled in any engineering technology program. Credit for both MATH 127 and MATH 122 is not allowed.
Prerequisite: MATH 121 with "C" (2.0) or better or consent
Fall

MATH 130 (4) Finite Mathematics and Introductory Calculus
This course develops concepts and skills in algebra and introductory calculus needed to model applications in business, economics, social sciences and life sciences, using polynomials, exponentials, logarithms, linear systems, linear programming, sequences, series, derivatives and integrals.
Prerequisite: Satisfy Placement Table in this section, or grade of "C" (2.0) or better in either MATH 112 or MATH 115.
Fall, Spring, Summer

MATH 170 (3) Introduction to Mathematical Software Programming
Students will learn the rudiments of algorithmic processes such as iteration and recursion and implement simple mathematical algorithms in a commonly used mathematical software package. Applications may include graphing, equation solving, numerical approximation, recurrence relations, and generation of mathematical objects such as sets, lists, permutations and trees.
Prerequisite: MATH 121
Fall (On Demand), Spring (On Demand)

MATH 180 (4) Mathematics for Computer Science
This course is an introduction to the mathematical concepts needed in computer science, including sets, logic, representations of numbers, counting techniques, discrete functions, matrices, trees and graphs, and algorithm analysis.
Prerequisite: MATH 112 or equivalent, with "C" (2.0) or better, or consent
Spring
GE-4

MATH 181 (3) Intuitive Calculus
This course presents the concepts of the differential and integral calculus from an intuitive (non-theoretical) point of view. The course emphasis is on the applications of the calculus. Credit for both MATH 181 and MATH 121 is not allowed.
Prerequisite: Satisfy Placement Table in this section, or MATH 112 with "C" (2.0) or better.
Fall
GE-4

MATH 201 (3) Elements of Mathematics I
Nature of mathematics from a problem solving approach using sets, relations, number systems through integers, rational numbers and discrete mathematics.
Prerequisite: Satisfy Placement Table in this section, or MATH 098 with grade of P.
Fall, Spring
GE-4

MATH 202 (3) Elements of Mathematics II
A continuation of MATH 201, including rational and real number systems, informal geometry and measurement, statistics, and probability.
Prerequisite: MATH 201, with "C" (2.0) or better or consent
Fall, Spring

MATH 203 (3) Elements of Math III
Transformational and Euclidean geometry, coordinate geometry and applications of discrete mathematics.
Prerequisite: MATH 202 with "C" (2.0) or better or consent
Spring

MATH 223 (4) Calculus III
Surfaces, vector-valued functions, partial differentiation, multiple integration, and vector calculus.
Prerequisite: MATH 122 with "C" (2.0) or better, or consent
Fall, Spring

MATH 247 (4) Linear Algebra I
Matrices, determinants, systems of linear equations, vector spaces, linear transformations, and characteristic value problems.
Prerequisite: MATH 122 with "C" (2.0) or better or consent
Fall, Spring, Summer

MATH 290 (4) Foundations of Mathematics
Logic, proof techniques, set theory, relations, functions, cardinality, operations, and an introduction to mathematical structures and number theory.
Prerequisite: MATH 122
Fall, Spring
GE-2

MATH 293 (1) MAX Scholar Seminar
This class provides MAX scholars with an opportunity to explore a set of topics related to achieving success in academic, professional and personal realms. Speakers will include faculty, graduate students, visiting researchers and industry members as well as student participants. Cannot be used towards a math major. Prerequisite: Recipient of a MAX scholarship or instructor consent.
Fall, Spring

MATH 316 (3) Intermediate Analysis
Limits, sequences, continuity, and differentiation of a real valued function of a real variable.
Prerequisite: MATH 223 and MATH 290 with "C" (2.0) or better or consent
Spring

MATH 321 (4) Ordinary Differential Equations
This course presents the theory, computations, and applications of first and second order differential equations and two-dimensional systems.
Prerequisite: MATH 122 with "C" (2.0) or better or consent
Fall, Spring, Summer

MATH 332 (4) College Geometry
Transformational and Euclidean geometry, coordinate geometry and applications of discrete mathematics.
Prerequisite: MATH 290 with "C" (2.0) or better or consent
Fall

MATH 354 (4) Concepts of Probability & Statistics
This is a calculus-based course covering introductory level topics of probability and statistics. It is designed to meet the needs of both the practitioner and the person who plans further in-depth study. Topics include probability, random variables and probability distributions, joint probability distributions, statistical inference (both estimation and hypothesis testing), analysis of variance, regression, and correlation. Same as STAT 354.
Prerequisite: MATH 122 with "C" (2.0) or better or consent
Fall, Spring, Summer
MATH 375 (4) Introduction to Discrete Mathematics
An introduction to the concepts fundamental to the analysis of algorithms and their realization. Topics will include combinatorics, generating functions, recurrence relations, graph theory, and networks. Prerequisite: MATH 247 and MATH 290 with grade of “C” (2.0) or higher. Fall, Spring

MATH 392 (4) Topology of Euclidean Spaces
Metric spaces, topology of metric spaces, continuity, compactness in metric spaces, and Euclidean n-space. Prerequisite: MATH 290 with “C” (2.0) or better or consent

MATH 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information. Prerequisite: At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply. Fall, Spring, Summer

MATH 402 (4) Introduction to Topology
An introduction to topological spaces and their fundamental properties such as compactness, connectedness, separation properties and countability properties. Continuous functions between topological spaces and common examples of topological spaces are also discussed. Prerequisite: MATH 290 with grade of “C” (2.0) or higher. On Demand: Spring

MATH 411 (4) Introduction to Complex Variables
Algebra and geometry of complex numbers, analytic functions, power series, Cauchy’s theorem and residue theorem. Prerequisite: MATH 223 and MATH 290 with “C” (2.0) or better or consent Spring (Odd Years)

MATH 417 (4) Real Analysis I
The topology of Euclidean spaces, norms, classical inequalities, local and global properties of continuous functions, preservation of compactness and connectedness, sequences in Euclidean space and sequences of functions. Prerequisite: MATH 223 and MATH 290 with “C” (2.0) or better or consent Fall

MATH 418 (3) Real Analysis II
A continuation of MATH 417. The course may include topics from metric spaces, Riemann-Stieltjes integration, differentiation in Euclidean space, sequences and series of functions, approximation theorems, implicit and inverse function theorems, equicontinuity, and mapping theorems. Prerequisite: MATH 417 with “C” (2.0) or better or consent On Demand: Spring

MATH 422 (4) Partial Differential Equations
This course presents the theory, computations, and applications of partial differential equations and Fourier series. Prerequisite: MATH 223 and MATH 321 with “C” (2.0) or better or consent Spring (Even Years)

MATH 425 (4) Mathematical Modeling
This course presents topics from mathematical analysis of both discrete and continuous models taken from problems in the natural sciences, economics and resource management. Prerequisite: MATH 223 and MATH 247 with “C” (2.0) or better or consent Spring (Odd Years)

MATH 428 (4) Linear Optimization Methods
Simplex method and its variants, duality, sensitivity analysis, interior-point methods, quadratic programming and linear complementarity problems. Applications such as classification problems and game theory with linear optimization software. Prerequisite: MATH 122, MATH 247 On Demand: Fall, Spring, Summer

MATH 435 (4) Modern Geometry
Geometry of spaces including Euclidean and non-Euclidean and applications of contemporary geometry. Prerequisite: MATH 332 with “C” (2.0) or better or consent Fall (On Demand), Spring (On Demand), Summer (On Demand)

MATH 442 (4) Theory of Numbers
Euclidean algorithm, primes, composites, number theoretic functions, congruencies, Diophantine equations, Euler and Fermat theorems, algebraic number fields. Prerequisite: MATH 345 with “C” (2.0) or better or consent Spring (Even Years)

MATH 446 (4) Abstract Algebra II
A continuation of MATH 345. The course will include topics from groups, rings, and fields. Prerequisite: MATH 345 with “C” (2.0) or better or consent Fall (On Demand), Spring (On Demand), Summer (On Demand)

MATH 447 (3) Linear Algebra II
An in-depth study of linear operators and their related spaces, dimension, rank, matrix representation of linear operators, special matrices, determinants, eigenvalues and eigenvectors. Prerequisite: MATH 345 with “C” (2.0) or better or consent Spring

MATH 455 (4) Theory of Statistics I
A mathematical approach to statistics with derivation of theoretical results and of basic techniques used in applications. Includes probability, continuous probability distributions, multivariate distributions, functions of random variables, central limit theorem and statistical inference. Same as STAT 455. Prerequisite: MATH 223 with “C” (2.0) or better or consent Fall

MATH 456 (4) Theory of Statistics II
A mathematical approach to statistics with derivation of theoretical results and of basic techniques used in applications, including sufficient statistics, additional statistical inference, theory of statistical tests, inferences about normal models and nonparametric methods. Same as STAT 456. Prerequisite: MATH 455 / STAT 455 with “C” (2.0) or better or consent Spring

MATH 460 (3) Actuarial Applications in Probability
This course applies probabilistic methods to problems encountered in actuarial science that prepares students for the Society of Actuaries Exam P/1. Prerequisite: (MATH 354, STATS 354, MATH 455 or STAT 455) and MATH 223 Fall (On Demand), Spring (On Demand), Summer (On Demand)

MATH 461 (4) Mathematical Theory of Interest
This course covers the theory of interest portion of Exam FM/2 of the Society of Actuaries. Topics include time value of money, measurement of interest, annuities certain, arithmetic and geometric annuities, amortization schedules and sinking fund, bonds and other securities, yield rates, and interest rate immunization. Prerequisite: MATH 223 Fall (On Demand), Spring (On Demand), Summer (On Demand)

MATH 470 (4) Numerical Analysis I
This course provides an introduction to techniques and analysis involved with solving mathematical problems using technology. Topics included are errors in computation, solutions of linear and nonlinear equations, numerical differentiation and integration, and interpolation. Prerequisite: MATH 122, MATH 247 with “C” (2.0) or better or consent Fall

MATH 471 (4) Numerical Analysis II
This course is a continuation of MATH 470. Topics included are the algebraic eigenvalue problem, least squares approximation, solutions of systems of nonlinear equations, numerical solutions of ordinary differential equations. Prerequisite: MATH 470 and MATH 223 with “C” (2.0) or better or consent On Demand: Spring

MATH 480 (3) History of Mathematics
The development of selected topics from before the Hellenistic time period to the late twentieth century. Familiarity with the content of HIST 180W is beneficial. Prerequisite: MATH 345 with “C” (2.0) or better or consent Spring (Odd Years)

MATH 483 (3) Advanced Viewpoint of 5-8 School Mathematics
Advanced viewpoint of mathematics content and learning theories, teaching strategies, reading strategies, assessments, and planning, teaching and reflecting on grades 5-8 mathematics. Field experiences in grades 5-8 mathematics classroom required. Prerequisite: MATH 290 with “C” (2.0) or better or consent Spring
### MATHEMATICS CONTINUED

**MATH 484 (3) Technology in 5-12 School Mathematics**
Numerical, verbal, symbolic and graphical representations of quantitative relationships, concatenations in written mathematics, problem solving, dynamic geometry, perspective drawing, parametric equations, geometric probability, transition matrices, statistics and calculus using technology.
Prerequisite: MATH 290 with "C" (2.0) or better or consent Fall

**MATH 485 (3) Teaching Secondary School Mathematics**
Learning theories, teaching strategies, assessments and planning, teaching and reflecting on secondary (grades 9-12) school mathematics. Field experiences in grades 9-12 mathematics classroom required.
Prerequisite: MATH 290 with "C" (2.0) or better or consent Fall

**MATH 487 (1) Teaching Experiences in Mathematics**
Provides a student the opportunity to gain expertise and experience in a special field under the supervision of a qualified person.
Prerequisite: Two of the following: MATH 316, MATH 321, MATH 345, MATH 375 and senior standing (or permission of the instructor). Course can also be taken independent study with permission of a cooperating faculty member. Fall

**MATH 490 (1-4) Workshop**
A short course devoted to a specific mathematical topic. May be repeated for credit on each new topic.

**MATH 491 (1-4) In-Service**
A course designed to upgrade the qualifications of persons on-the-job. May be repeated for credit on each new topic.

**MATH 492 (3) Mathematics Capstone Experience**
This course is designed to allow undergraduate students an opportunity to integrate their undergraduate mathematics experiences by engaging each student in working on a problem in applied or theoretical mathematics. Content will vary by semester. Because of the breadth of mathematics topics needed for successful completion of the course, students need to have senior standing.
Prerequisite: Two of the following: MATH 316, MATH 321, MATH 345, MATH 375 and senior standing (or permission of the instructor). Course can also be taken independent study with permission of a cooperating faculty member. On Demand: Fall

**MATH 492W (3) Mathematics Capstone Experience**
This course is designed to allow undergraduate students an opportunity to integrate their undergraduate mathematics experiences by engaging each student in working on a problem in applied or theoretical mathematics. Content will vary by semester. Because of the breadth of mathematics topics needed for successful completion of the course, students need to have senior standing.
Prerequisite: Two of the following: MATH 316, MATH 321, MATH 345, MATH 375 and senior standing (or permission of the instructor). Course can also be taken independent study with permission of a cooperating faculty member. Fall

**MATH 493 (1) MAX Scholar Seminar**
This class provides MAX scholars with an opportunity to explore a set of topics related to achieving success in academic, professional and personal realms. Speakers will include faculty, graduate students, visiting researchers and industry members as well as student participants. Students will be required to participate in mentoring of lower division MAX scholarship recipients and provide written and oral presentations of various topics during the semester.
Prerequisite: Recipient of a MAX scholarship or instructor consent Fall, Spring

**MATH 495 (1-4) Selected Topics**
A course in an area of mathematics not regularly offered. May be repeated for credit on each new topic.

**MATH 498 (1-12) Internship**
Provides a student the opportunity to gain expertise and experience in a special field under the supervision of a qualified person.

**MATH 499 (1-4) Individual Study**
Independent individual study under the guidance and direction of a faculty member in mathematics. Special arrangements must be made with an appropriate faculty member. May be repeated for credit on each new topic.

---

**MATHEMATICS TEACHING BS**

Mathematics in its purest form is an art concerned with ideas. The Department of Mathematics believes that an undergraduate major should be both an introduction to more advanced study and a survey of the many facets of mathematics. From the profound insights of Thales to the undecidability of Godel, from the intuitive to the rigorous, from the abstract to the applied, with a solid emphasis on both the discrete and the continuous cases, the department expects all majors to be engaged in a wide range of mathematical ideas.

Unlike many other disciplines, mathematics is a very structured subject. Consequently, the curriculum consists of sequences of interrelated courses which must be taken in the appropriate order. The department expects that the well prepared student will complete the mathematics major in four years.

The Department offers three mathematics majors and two minors. The primary focus of the B.S. Mathematics Teaching program is to prepare students to teach mathematics at the middle and secondary levels. The B.A. Mathematics and B.S. Mathematics programs are intended to prepare students for advanced study in mathematics or to work in business, industry, or government. The mathematics minor is intended for non-mathematics majors who desire a stronger background in mathematics. The Actuarial Science Minor combines finance, statistics, and mathematics to analyze risk and ensure financial security for individuals, corporations and society at large.

**Academic Map/Degree Plan at** [www.mnsu.edu/programs/#All](http://www.mnsu.edu/programs/#All)

**POLICIES/INFORMATION**

**Admission to Major** is required to enroll in 300 and 400 level courses. Admission is granted by the Department. Admission requirements are:
- A minimum of 32 earned semester credit hours and a 2.0 minimum cumulative GPA
- Completion of 8 credits of mathematics in courses numbered MATH 121 or higher
- A minimum 2.5 cumulative GPA in mathematics courses.

Contact the College of Science, Engineering and Technology Student Relations Office for application procedures.

**Accelerated Combined Degree (B.S and MA/MS) Program.** Students intending to complete their Bachelor’s and Master’s degree at Minnesota State Mankato may be granted permission to take classes that count toward their graduate program during their undergraduate studies. Admission to the program is conducted through the department. Upon being accepted, students will be assigned an advisor to aid in the design of an accelerated program of study (generally 5 years). Students must maintain a minimum 3.0 GPA overall and a 3.6 in major (as an undergraduate) to continue in the program. Please contact the Department Graduate Coordinator for detailed information.

**Course Application Policy.** Within each major or minor, no course may be applied to more than one requirement.

**Residency Policy.** At least 3 credits applied to the mathematics minor must be earned at Minnesota State Mankato.

**GPA Policy.** Mathematics majors or minors must earn a grade of "C" (2.0) or better in all courses taken for grade that are applied to the major or minor, respectively.
NOTE 2: ACT scores and ACCUPLACER scores that are more than two years old will not be accepted for mathematics placement.

Procedures: Students may substitute for the above requirements based on documentation of:
1. equivalent or higher scores on standardized college admissions tests, such as SAT quantitative scores, that report a separate mathematics sub-score within two calendar years;
2. successful completion of equivalent prior post-secondary education, such as course transfer evaluations or Cambridge International Examinations; or
3. enrollment exclusively in non-credit courses or programs.

Students requesting such substitutions should submit the documentation to the Chair of the Department of Mathematics and Statistics for evaluation. The evaluation will be based on nationally accepted concordances between the testing instruments and/or courses. The Chair of the Department of Mathematics and Statistics or designee should respond in writing to student requests within three weeks of receiving them.

Procedure for Waiver
1. Students not meeting the requirements for enrollment in Math 112, Math 201 or Stat 154 may request a waiver to this policy.
2. Written requests for waivers to the policy must be submitted to the Chair of the Department of Mathematics and Statistics, and should include evidence of alternate means of demonstrating readiness for college algebra including but not limited to:
   a. High school or recent post-secondary coursework which would indicate adequate preparation (transcripts or other records which include course titles, levels and grades are acceptable), or
   b. Verification of extenuating circumstances which may have affected performance on previous exams.
3. Requests for waivers should be submitted by the following deadlines:
   a. August 5th for fall semester enrollment,
   b. December 1st for spring semester enrollment, and
   c. May 1st for summer session enrollment.
4. The Chair of the Department of Mathematics and Statistics or designee should respond in writing to student requests within three weeks of receiving them.
5. Students whose initial requests are denied may submit a written appeal to the Dean of the College of Science, Engineering and Technology. The Dean should respond in writing, with a copy to the Chair of the Department of Mathematics and Statistics.
6. The Dean’s decision is the final step in the appeal process.

Policy Rationale: The purpose of the policy is to place students in a course that is developmentally appropriate to help ensure their long term success. Data suggests students not meeting these guidelines have a higher likelihood of having to repeat a course.

MATHEMATICS TEACHING

Required for General Education
- HLTH 240 Drug Education (3)
- MATH 121 Calculus I (4)

Major Common Core
- MATH 122 Calculus II (4)
- MATH 223 Calculus III (4)
- MATH 247 Linear Algebra I (4)
- MATH 290 Foundations of Mathematics (4)
- MATH 316 Intermediate Analysis (3)
- MATH 332 College Geometry (4)
- MATH 345 Abstract Algebra I (4)
- MATH 354 Concepts of Probability and Statistics (4)
- MATH 375 Introduction to Discrete Mathematics (4)
- MATH 483 Advanced Viewpoint of 5-8 School Mathematics (3)
- MATH 484 Technology in 5-12 School Mathematics (3)
- MATH 485 Teaching Secondary School Mathematics (3)
- MATH 492 Mathematics Capstone Experience (3) OR
- MATH 492W Mathematics Capstone Experience (3)

Other Graduation Requirements
See the SECONDARY EDUCATION section for admission requirements to Professional Education and a list of required professional education courses.

Required Minor: No.
The Mission of the Mechanical Engineering program at Minnesota State Mankato and the College of Science, Engineering, and Technology is to provide a broad-based education that will enable graduates to enter practice in the mechanical engineering profession, serving the interests of society. For example, mechanical engineers work with the design and function of machines, devices, and structures in the areas of manufacturing, processing, power generation, and transportation (air, land, sea, and space). As a result of a rapidly expanding technology in recent years, mechanical engineers have become more involved in computer-aided design; robotics; bioengineering; environmental engineering; solar, wind, and ocean energy sources; and space exploration. The breadth of the field provides the graduate with many possibilities for a satisfying career.

Typically, mechanical engineers are employed by the manufacturing, power, aerospace, automotive, computer hardware and software, and processing industries. Careers are also available in design and development organizations as well as in many federal and state agencies.

Program Objectives. The Mission of the Mechanical Engineering program at Minnesota State Mankato is to provide a broad-based education that will enable graduates to enter practice in the mechanical engineering profession, serving the needs of the State of Minnesota and the Nation.

Within 3-6 years of graduation, graduates of the mechanical engineering program at Minnesota State University, Mankato are expected to contribute to the profession and to society as a whole by achieving a combination of the following milestones.

1. Based on their strong technical foundation in mechanical engineering, they have advanced professionally to increased levels of responsibility, have successfully transitioned into business or management, or have successfully completed an advanced degree.
2. They have demonstrated an ability to communicate technical information through internal and external technical reports or proposals, patent applications, published papers and articles, or conference presentations.
3. They have participated in, or served as an officer of, a local, regional, or national professional engineering society, standards committee, or state/local board.
4. They have participated in continuing education or pursued additional industry certifications.
5. They have become a registered professional engineer.

The program mission and educational objectives are fully compatible with the mission of Minnesota State Mankato and the College of Science, Engineering, and Technology. Program objectives are monitored by the constituencies (mechanical engineering profession through the program’s Industrial Advisory Board and employers, alumni, students, and faculty of the program).

Other important features of the mechanical engineering program at Minnesota State Mankato include the following:

• Students are required to take the Fundamentals of Engineering exam in their senior year - a precursor to professional registration.
• Students are encouraged to work in engineering related areas for exposure to industrial practice. Internships are strongly recommended.
• Senior students must participate in a full academic year design experience working in a team similar to development teams in industry and government.

Industrial sponsored projects are offered when available.

Preparation. Recommended high school preparation is one year each of precalculus (or equivalent), physics and chemistry. Engineering drafting and a computer language are also recommended. Without this background it may take longer than four years to earn the degree.

Academic Map/Degree Plan at www.mnsu.edu/programs/BEAll

POLICIES/INFORMATION

Program Admission. Admission to the Mechanical Engineering Program is granted by the department, and is necessary before enrolling in 300- and 400-level courses. Near the end of the sophomore year, students must submit an application for admission to the mechanical engineering program. Applications to the program may be obtained from the Department of Mechanical and Civil Engineering or downloaded from the department homepage.

Before being admitted to upper division mechanical engineering courses, a student must complete a minimum of 48 credits, for grade, including the following courses applicable to the degree: General Physics (calculus based) 8 credits; Calculus and Differential Equations 16 credits; Introduction to Engineering 2 credits; Computer Graphics Communication 1 credit; Geometric Dimensioning and Tolerancing in Engineering Design 2 credits; Introduction to Problem Solving and Engineering Design 2 credits; Engineering Mechanics (Statics and Dynamics) 6 credits; Electrical Engineering (Circuits, including lab) 4 credits; Chemistry 3 credits; and English Composition 4 credits.

To be admitted to the mechanical engineering program, a student must earn a grade of “C” (2.00) or better and a cumulative GPA of 2.50 in the courses listed above. All core course grades [including those for repeated courses] will be considered in the computation of the GPA for admission to the program. Provisional admission to the program for one semester may be granted in limited cases.

All admitted students are required to take a department-administered diagnostic test early in their junior year.

Transfer Students. The department makes a special effort to accommodate transfer students. Transfer students are encouraged to contact the department as soon as possible to facilitate a smooth transition. Generally, no transfer credits are allowed for upper division mechanical engineering courses. Transfer students must complete a minimum of 12 credits at Minnesota State Mankato prior to being considered for full admission to the program.

Satisfactory Progress. Once admitted to the mechanical engineering program, a student must demonstrate satisfactory progress by maintaining a cumulative GPA of at least 2.30 in all upper division mechanical engineering courses as calculated by the Registrar.

P/N Grading Policy. P/N credit is not allowed for any course used to meet mechanical engineering degree requirements.

Probation Policy. An admitted student who does not maintain satisfactory progress as defined above will be placed on program probationary status for a maximum of one semester. During the probationary period, the student must complete at least 8 credits, approved by the department, of upper division engineering courses for grade from the prescribed Mechanical Engineering curriculum. Students may not receive a degree without first conforming to the satisfactory progress criteria. A student who fails to meet satisfactory progress for a second semester (consecutive or non-consecutive) will not be allowed to continue in the program.

Appeals. A student may appeal any departmental decision in writing. The department will consider such appeals individually.

MECHANICAL ENGINEERING BSME

Degree completion = 128 credits

Required General Education

Required Special General Education (23 credits)

The Bachelor of Science in Mechanical Engineering degree does not adhere to the standard general education program required by other majors. Rather, it requires a
special distribution of communication, humanities, and social science courses. Courses may be chosen to satisfy the university cultural diversity requirement concurrently.

Required Humanities and Social Science Courses (minimum of 16 credits)
To satisfy this requirement, the courses selected must provide both breadth and depth and not be limited to a selection of unrelated introductory courses. Each student should discuss with his/her mechanical engineering advisor the selection of courses to meet this requirement early in their academic career. A current list of acceptable courses is posted in the department office and on the department web site. Specifically, the minimum requirements consist of (a) three credits of microeconomics or macroeconomics, (b) at least 6 credits in the humanities area, and (c) at least 6 credits in the social science area; again, (a), (b), and (c) must total at least 16 credits.

To provide the measure of depth to the course of study, at least 3 credits at the 300-level or above must be included in the 16 credit requirement. At least one upper division course must follow a course in the same subject area as a course at the 100 or 200 level.

COURSE DESCRIPTIONS
ME 100 (1) Explorations in Engineering
This course offers an introduction to the various disciplines of engineering and their relationship to the principles of physics and mathematics. Students are prepared for academic success and the transition into an engineering program.
Fall GE-12

ME 101 (2) Introduction to Engineering - Mechanical
To prepare students for a career in engineering with emphasis on mechanical; introduce the engineering fundamentals and the skills necessary to have a successful learning experience; and to prepare students for engineering education and profession through interactions with upper-class engineering students and practitioners. Prerequisite: MATH 113 or MATH 115 or MATH 121

ME 102 (1) Introduction to Engineering II
A continuation of ME 101 covering historical and global perspectives, engineering discipline and functions, professional aspects of engineering, ethical aspects of engineering, creativity and innovation, basics of personal computers-word processing and spreadsheets, introduction to problem solving. Variable

ME 103 (1) Computer Graphics Communication
Standards of graphics communication. Orthographic projections, dimensioning, tolerancing, section views. Extensive use of modern software to create engineering drawings. Introduction to solid modeling of parts and assemblies. This course includes laboratory component.

ME 203 (2) Geometric Dimensioning and Tolerancing in Engineering Design
This course is intended to provide the students with an understanding of the principles and methodologies of geometric dimensioning and tolerancing. Topics include: Datums, Material condition symbols, Tolerances of Form and profile, Tolerances of orientation and runout, location tolerances, and Virtual condition. This course includes laboratory component. Prerequisite: ME 103, ME 201

ME 201 (2) Introduction to Problem Solving and Engineering Design
This course has two main parts. Part one covers problem solving and fundamentals of programming including data types, decision making, repetitive loops, and arrays. Engineering applications requiring programming are included. Part two covers engineering design philosophy and methodology, communication skills, and teamwork. A design project is also included. Prerequisite: ME 101 Co-requisite: ME 103, MATH 121 Fall, Spring

ME 206 (3) Materials Science

ME 212 (3) Statics
Results of force systems, equilibrium, analysis of forces acting on structural and machine elements, friction, second moments, virtual work. Prerequisite: PHYS 221 Fall, Spring

ME 214 (3) Dynamics
Kinematics and kinetics of particles, systems of particles and rigid bodies, work-energy, linear and angular impulse momentum, vibrations. Prerequisite: ME 212 Fall, Spring
ME 223 (3) Mechanics of Materials
Load deformation, stress, strain, stress-strain relationship, buckling, energy concepts, stress analysis of structural and machine elements.
Prerequisite: ME 212
Fall, Spring

ME 241 (3) Thermodynamics
Fundamental concepts of thermodynamics. Thermal properties of substances and state equations. Conservation of mass, first and second laws. Examples of applications to different engineering systems.
Prerequisite: PHYS 221
Fall

ME 291 (3) Engineering Analysis
Prerequisite: CIVE 201 or ME 201
Corequisite: MATH 321
Fall, Spring

ME 293 (1) MAX Scholar Seminar
This class provides MAX scholars with an opportunity to explore a set of topics related to achieving success in academic, professional, and personal realms. Speakers will include faculty, graduate students, visiting researchers, and industry members as well as student participants. Students will be required to participate in mentoring of lower division MAX scholarship recipients and provide written and oral presentations of various topics during the semester. This course may be repeated and will not count towards graduation requirements.
Prerequisite: Recipient of a MAX scholarship or instructor consent.
Fall, Spring

ME 299 (2) Thermal Analysis
Basic principles of thermodynamics, fluid mechanics, and heat transfer. First and second laws of thermodynamics and application to engineering systems and their design. Not for mechanical engineering majors.
Prerequisite: PHYS 221 with "C-" (1.67) or better
Spring

ME 321 (3) Fluid Mechanics
Introduction to fluid flow, fluid properties, fluid statics, the integral and differential approach to basic flow equations. Bernoulli's equation, similarity and dimensional analysis, viscous internal and external flows, one dimensional compressible flow.
Prerequisite: ME 214
Corequisite: ME 241 or ME 299
Fall

ME 324 (3) Heat Transfer
Prerequisite: ME 241, ME 321
Spring

ME 329 (3) Applied Thermodynamics
Energy analysis and design of thermodynamic systems including power and refrigeration cycles. Thermodynamic relations. Application of thermodynamics to mixtures and solutions. Psychrometrics. Introduction to chemical thermodynamics. Third law of thermodynamics. Includes significant design component.
Prerequisite: ME 241
Spring

ME 333 (3) Manufacturing Processes
Introduction to manufacturing, tribology, casting, bulk deformation, sheet metal forming, material removal, joining, polymers, powder metals, ceramics, automation, integrated systems. Design for manufacture. Includes significant design component.
Prerequisite: ME 206, ME 223
Spring

ME 336 (2) Mechanical Engineering Experimentation I
Experiments in Mechanical Engineering, load deformation, load failure, fatigue, impact, hardness. Introduction to traditional machining and material processing. This course includes laboratory.
Corequisite: ME 333
Spring

ME 341 (3) Linear Systems
Analysis of linear systems in the time and frequency domains. Physical systems modeled and analyzed using time domain techniques. Fourier and Laplace Transforms.
Prerequisite: ME 291
Fall

ME 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information.
Prerequisite: ME 201. At least 60 credits earned; in good standing; instructor permission; co-op contract; other Prerequisites may also apply.
Fall, Spring, Summer

ME 415 (3) Structural Analysis
Minimum design loads for buildings using ASCE 7 guidelines and load distribution. Analysis of determinate structural systems including the case of moving loads. Analysis of indeterminate structures using the flexibility and moment distribution methods. Use of software to enhance the analysis.
Prerequisite: ME 223
Fall

ME 416 (3) Thermal/Fluid Systems Design
The application of the principles of thermodynamics, fluid mechanics, and heat transfer to the design and analysis of selected energy systems of current interest, such as nuclear, solar, geothermal, and also conventional systems. Lecture and design projects.
Prerequisite: ME 324, ME 329
Variable

ME 417 (3) Design of Machine Elements
Application of principles of mechanics to the design of various machine elements such as gears, bearings, springs, rivets, welding. Stresses in mechanical elements. Design factors, fatigue, manufacturability. Lectures and design projects.
Prerequisite: ME 214, ME 223
Spring

ME 418 (3) Mechanical Systems Design
The application of mechanics to the design and analysis of motion and force transmitting systems. Optimum design. Includes significant design component.
Prerequisite: ME 417
Variable

ME 420 (3) Computer Aided Engineering
This course provides the students with sound understanding of both solid modeling techniques and finite element analysis. It covers the major features as well as feature manipulation techniques. It also provides a background in deriving, understanding and applying the stiffness matrices and finite element equations for various types of finite elements and systems. Static stress analyses, sensitivity studies and optimization studies are covered. Includes significant design component.
Prerequisite: ME 417, ME 324
Corequisite: Senior standing in ME.
Fall

ME 422 (3) Mechanics of Composite Materials
Introduce anisotropic mechanics theories, engineering application of various composite materials, mechanical behaviors and fabrication of composites, experimental and theoretical approach for composite designs, contemporary issues such as nano/microcomposites. Includes significant design component.
Prerequisite: ME 223

ME 424 (3) Analysis and Design of Heat Transfer Equipment
Analysis of heat and mass flow, design of heat exchangers and accompanying piping system. Methods of heat transfer enhancement, heat pipes. Includes significant design component.
Prerequisite: ME 324
Variable

ME 426 (3) Aerosol Theory and Technology
Introduction to the theory of aerosols and particulate systems. Properties, behavior, and physical principles of aerosols, including particle size statistics, Brownian motion and diffusion, and coagulation. Application in areas such as environmental systems, respiratory deposition, bioterrorism, and materials processing.
ME 428 (3) Design Project I
The first course in a two semester sequence that provides a complete design ex-
perience under professional guidance. The course covers: the product realization
process, financial analysis, quality, patents, ethics and case studies. The students
initiate a design project early in the semester to be completed in ME 438W.
Prerequisite: ME 324, ME 329, ME 333, ME 336, ME 341, ME 417
Fall

ME 429 (3) Energy Conversion
Methods of energy conversion. Topics may include hydroelectric, geothermal,
wind and solar power generation, as well as unconventional methods of energy
conversion. Term design problems.
Prerequisite: ME 324, ME 329
Variable

ME 436W (2) Mechanical Engineering Experimentation II
Experimental and analytical studies of phenomena and performance of fluid flow,
heat transfer, thermodynamics, refrigeration and mechanical power systems. This
course includes laboratory component. Extensive writing component.
Prerequisite: ME 291, ME 324, ME 329
Fall

ME 438W (3) Design Project II
The second course of a two semester sequence providing a complete design ex-
perience and introduction to professional practice. This course includes: completion
of the design project, design presentations, and the final design report. Students
will prepare for and complete the Fundamentals of Engineering exam.
Prerequisite: ME 428
Spring

ME 439 (3) Air Conditioning & Refrigeration
Refrigeration cycles and equipment, refrigerant properties, heating and cooling
loads, psychometric analysis of air conditioning. Distribution of air conditioning
medium and air quality as applied to design. Includes significant design component.
Prerequisite: ME 324, ME 329
Variable

ME 447 (3) Design of Machine Elements II
Application of principles of mechanics of materials and of material failure theories
to the design and analysis of shafts, journal bearings, helical, bevel and worm
gears, clutches, brakes, couplings, and flexible mechanical elements. Statistical
consideration.
Prerequisite: ME 417
Spring

ME 450 (3) Finite Element Method
Energy and residual methods, 2D and 3D problems in stress analysis. Application
of steady and transient heat flow, hydrodynamics, creeping flow. Includes significant
design component.
Prerequisite: ME 223 and ME 324 or instructor consent
Variable

ME 463 (3) Automatic Controls
Analysis of control systems using the methods of Evans, Nyquist and Bode. Improve-
ment of system performance by feedback compensation. Introduction to digital
control. Includes significant design component.
Prerequisite: ME 341
Fall

ME 464 (3) Mechatronics
Synergistic combination of mechanical engineering, electronics, controls and
programming in the design of mechatronic systems. Sensors, actuators and mi-
crocontrollers. Survey of the contemporary use of embedded microcontrollers in
mechanical systems, case studies. Includes significant design component.
Prerequisite: ME 417, ME 463
Spring

ME 466 (2) Mechanical Engineering Experimentation III
Experiments in vibrations: Motion measurement, force measurement, free vibration,
frequency response, impact response, noise, signal processing. Experiments in control:
system modelling and characterization in the time and frequency domains,
feedback and compensation, PID control, control of velocity and position. This
course includes laboratory. Extensive writing component.
Prerequisite: ME 463
Spring

ME 466W (2) Mechanical Engineering Experimentation III
Experiments in vibrations: Motion measurement, force measurement, free vibration,
frequency response, impact response, noise, signal processing. Experiments in control:
system modelling and characterization in the time and frequency domains,
feedback and compensation, PID control, control of velocity and position. This
course includes laboratory. Extensive writing component.
Prerequisite: ME 463
Spring

ME 491 (1-4) In-Service
Variable

ME 492 (1) Mechanical Engineering Seminar
To acquaint students with various engineering careers, various industries, and various
societal and ethical problems.
Prerequisite: Senior standing in Mechanical Engineering
Co-requisite: ME 428
Spring

ME 493 (1) MAX Scholar Seminar
This class provides MAX scholars with an opportunity to explore a set of topics
related to achieving success in academic, professional and personal realms.
Speakers will include faculty, graduate students, visiting researchers and industry
members as well as student participants. Students will be required to participate
in mentoring of lower division MAX scholarship recipients and provide written
and oral presentations of various topics during the semester. This course may be
repeated and will not count towards graduation requirements.
Prerequisite: Recipient of a MAX scholarship or instructor consent.
Fall, Spring

ME 494 (1) Global Experience in Engineering and Technology
This class provides students pursuing a minor in “Global Solutions in Engineering
and Technology” with an opportunity to explore a set of topics related to achieving
success in advance of and following an international experience (internship, study
abroad, etc.). Speakers will include faculty, graduate students, visiting researchers
and industry members as well as student participants. Returning students will be
required to participate in mentoring of students preparing for their international
experience and provide written and/or oral presentations of various topics during the
semester. This course is required both before and after participation in the
international experience (min. 2 cr.).
Variable

ME 497 (1-6) Internship
Variable

ME 499 (1-6) Individual Study
Variable

ME 540 (3) Introduction to Computational Fluid Dynamics
This course introduces the numerical methods used for solving partial differential
and integral equations of the type commonly occurring in fluid mechanics and heat
transfer. The course provides a background in geometry and mesh generation,
solution processes, and post-processing. Error control and numerical stability will
be discussed. Numerical solutions for selected problems in fluid mechanics and
heat transfer will be derived. Students will learn to use a commercial CFD software
package. Includes significant design component.
Prerequisite: ME 291; CIVE 321 or ME 321; ME 299 or ME 324
On Demand: Fall, Spring
Admission into the fourth year hospital clinical internship is competitive. Contact the department for application procedures.

MEDT 410 (1-10) Clinical Hematology I

Theory of blood cell formation; disease states; hemostasis, microscopic examination of blood/bone marrow films; practical experience with instruments and techniques which determine major hematologic and clotting parameters; quality control.
MILITARY SCIENCE AND LEADERSHIP MINOR / ARMY ROTC PROGRAM

Military Science and Leadership/Army ROTC

College of Education
Department of Military Science and Leadership/Reserve Officers’ Training Corps (Army ROTC)
316 Wiecking Center c 507-389-6226/6229
Website: http://ed.mnsu.edu/armyrotc

Chair: LTC Dennis Murphy
SFC James Delong, CPT Joe Sullivan, CPT Robert Stewart, CPT John Dart

The Military Science and Leadership Department offers a program enabling students/cadets to compete for a commission as an officer in the United States Army, Army Reserve, or Army National Guard. University credit is awarded for the courses in the program, however, the Military Science program is not an academic major. Students must complete an academic major in another area in addition to the Military Science requirements.

An academic minor in Military Science is available; however, the minor is limited to ROTC cadets who have contracted with the United States Army.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
GPA Policy. Students must earn a minimum GPA of 2.0 ("C") in the courses taken from the Military Science and Leadership department in order to meet graduation and/or commissioning requirements.

P/N Grading Policy. No classes offered by the Military Science and Leadership Department consist of P/N grades.

Leadership Laboratories. All contracted cadets are required to attend (1) two hour Leadership Laboratory each week. Specifics are outlined in each course syllabus. A weekend field training exercise is also conducted each semester.

Cadet Initial Entry Training (CIET). Contracted students need to attend CIET if they have never attended Basic Training. CIET is a four-week course at Fort Knox, Kentucky that students will attend after either their freshman year (4-year and 3-year Advanced Designee Scholarship recipients) or after their sophomore year (3 year and 2 year Advanced Designee Scholarship recipients). This course will cover many of the basic Soldier skills covered at Basic Training. Students who successfully complete the course are awarded the CIET completion ribbon.

Cadet Leader Course (CLC). During the summer between the junior and senior years, cadets attend a five week leadership course at Fort Knox, KY. Cadets receive a stipend for this training, travel, room, board, uniforms, and medical care are also included. Students experience leadership positions, lead other ROTC cadets through a number of challenging situations, build both stamina and self-confidence, and train in a number of areas to include land navigation, tactics, physical training, and drill and ceremony.

MILITARY SCIENCE MINOR

Required for Minor
CMST 102  Public Speaking (3)
HIST 478  American in Vietnam (4) OR
MSL 252  The Evolution of American Warfare (3)
MSL 210  Army Physical Fitness (1)
MSL 301  Training Management & the Warrior Function (3)
MSL 302  Applied Leadership in Small Unit Operations (3)
MSL 366  Cadet Leader Course (CIC) (3)
MSL 403  Application of Physical Conditioning (1)
MSL 401  The Army Officer (3)
MSL 402  Company Grade Leadership (3)
POL 111  United States Government (3)

The four-year Army ROTC curriculum develops the student’s leadership, managerial, and organizational abilities. Leadership skills acquired through ROTC and the practical application of skills provided in the program transfer easily to civilian career goals. ROTC graduates traditionally enter industrial and business career fields with a significant competitive edge.

The program consists of two parts: the basic course and the advanced course. The basic course usually occurs the first year and sophomore year and students incur no military obligation. After completing the basic course, students may enroll in the advanced course. In order to enroll, students must also execute a contract with the United States Army. Additionally, students with military basic training experience may receive advanced placement credit into the ROTC advanced course. The advanced course must be taken after students receive academic junior status. All cadets receive uniforms and the necessary text books for military science classes. Also, all contracted cadets will receive a living allowance of: $300 for MS I Cadets, $350 for MS II Cadets, $450 for MS III Cadets, and $500 for MS IV Cadets.

MILITARY SCIENCE/ARMY ROTC

4-YEAR PROGRAM

Required for Program
HIST 478  American in Vietnam (4) OR
MSL 252  The Evolution of American Warfare (3)
MSL 101  Intro to the Army & Critical Thinking (1)
MSL 102  Leadership & Decision Making (1)

MSL 401 (3) The Army Officer

MSL 402 (3) Company Grade Leadership

COURSE DESCRIPTIONS

MSL 101 (1) Intro to the Army & Critical Thinking
This course introduces Cadets to the personal challenges and competencies critical for effective leadership. Cadets learn about the professional development aspect of the Army career, gain an understanding of the importance of leadership, and the Army profession.
Fall

MSL 102 (1) Leadership & Decision Making
This course introduces Cadets to the personal challenges and competencies that are critical for adaptive leadership. Cadets learn about the personal development aspect of the Army career, gain an understanding of the importance of leadership, and the Army profession.
Fall

MSL 150 (1) Leadership Lab
This course is the associated leadership lab for the MSL classes. It is the hands-on portion where individual and collective military tasks are practiced and leadership lessons are applied. Students must be enrolled in ROTC to take this course.
Co-requisite: MSL 101, MSL 102, MSL 201, MSL 202, MSL 299, MSL 301, MSL 302, MSL 401, MSL 402, MSL 499
Fall, Spring

MSL 210 (1) Army Physical Fitness
This course offers hands-on experience in Army physical fitness. It is a physically demanding class. It is a comprehensive fitness program based on the latest military fitness techniques and principles. Students participate in and learn the components of an effective physical fitness program, with emphasis on the development of an individual fitness program and the role of exercise and fitness in one’s life. In addition, students will achieve the highest standards of physical fitness necessary for preparation for the Army Physical Fitness Test. This class is a prerequisite for MSL 403.
Fall, Spring

MSL 201 (2) Leadership & Decision Making
This course explores the dimensions of creative and innovative tactical leadership strategies and styles by examining team dynamics and two historical leadership theories that form the basis of the Army leadership framework. Aspects of personal motivation and team building are practiced planning, executing and assessing team exercises.
Fall

MSL 202 (2) Army Doctrine & Team Development
This course examines the challenges of leading teams in the complex operational environment. The course highlights dimensions of terrain analysis, patrolling, and operation orders. Further study of the theoretical basis of the Army Leadership Requirements Model explores the dynamics of adaptive leadership in the context of military operations. Cadets develop greater self-awareness as they assess their own leadership styles and practice communication and team building skills.
Spring

MSL 252 (3) The Evolution of American Warfare
This course provides an overview of American military history from the Revolutionary War to the present, with emphasis on the post World War I era. It examines the cause, conduct, consequences, and historical threads of military conflict.
GE-5

MSL 277 (3) Cadet Professional Development Training (CPDT)
This course is devoted to the study and practical application of the Army profession and Army leadership development through firsthand service within the real Army units on actual Army installations. Qualified cadets compete for selection to attend one of 23 separate Army courses. Note: selection is very competitive and each Army-sanctioned course is very rigorous. Once selected, cadets hone their leadership and individual skills during two to four weeks of training and education. Possible courses include Airborne school, Air Assault school, Cadet Initial Entry Training, and Cadet Troop Leader Training.
Prerequisite: Limited to cadets enrolled in Army ROTC.
Fall, Spring

MSL 299 (1-8) Individual Study
This independent study course requires prior coordination with instructor once registered. This course will focus on leader self-development projects and study, designed to develop leader competencies and attributes.
Fall, Spring

MSL 301 (3) Training Management & the Warfighting Function
This course will study, practice, and apply the fundamentals of Army Leadership, Officer, Army and its values, personal development, and small unit tactics at the platoon level. At the conclusion of this course, Cadets will be capable of planning, coordinating, navigating, motivating, and leading a squad and platoon in the execution of a mission during a classroom PE, a Leadership Lab, or during a Leader Training Exercise (LTX).
Fall

MSL 302 (3) Applied Leadership in Small Unit Operations
Continuation of MSL 301 course.
Spring Prerequisite: MSL 301

MSL 366 (3) Cadet Leader Course (CLC)
This course is a rigorous and demanding 32-day internship held at Fort Knox, KY and is designed to develop and evaluate leadership ability and determine preparedness to become a commissioned Army officer. Cadets train in physically and mentally challenging situations to include land navigation, tactics, physical training, and drill and ceremony.
Prerequisite: Limited to cadets contracted with the US Army.
Fall, Spring

MSL 401 (3) The Army Officer
This course is devoted to the study and practical application of the Army profession and Army leadership development through firsthand service within the real Army units on actual Army installations. Qualified cadets compete for selection to attend one of 23 separate Army courses. Note: selection is very competitive and each Army-sanctioned course is very rigorous. Once selected, cadets hone their leadership and individual skills during two to four weeks of training and education. Possible courses include Airborne school, Air Assault school, Cadet Initial Entry Training, and Cadet Troop Leader Training.
Prerequisite: Limited to cadets enrolled in Army ROTC.
Fall, Spring

MSL 402 (3) Company Grade Leadership
This course is a rigorous and demanding 32-day internship held at Fort Knox, KY and is designed to develop and evaluate leadership ability and determine preparedness to become a commissioned Army officer. Cadets train in physically and mentally challenging situations to include land navigation, tactics, physical training, and drill and ceremony.
Prerequisite: Limited to cadets contracted with the US Army.
Fall, Spring

MSL 403 (1) Application of Physical Conditioning
Students plan, organize and lead individual and team oriented physical conditioning activities. These activities are geared toward the physical development and instruction of underclassmen. All Cadets will take a physical fitness test prior to the end of the semester. Limited to ROTC cadets who executed an enlistment contract with the U.S. Army.
Prerequisite: MSL 210
Fall, Spring

MSL 401 (3) The Army Officer
This course is a rigorous and demanding 32-day internship held at Fort Knox, KY and is designed to develop and evaluate leadership ability and determine preparedness to become a commissioned Army officer. Cadets train in physically and mentally challenging situations to include land navigation, tactics, physical training, and drill and ceremony.
Prerequisite: Limited to cadets contracted with the US Army.
Fall, Spring

MSL 402 (3) Company Grade Leadership
This course is a rigorous and demanding 32-day internship held at Fort Knox, KY and is designed to develop and evaluate leadership ability and determine preparedness to become a commissioned Army officer. Cadets train in physically and mentally challenging situations to include land navigation, tactics, physical training, and drill and ceremony.
Prerequisite: Limited to cadets contracted with the US Army.
Fall, Spring

MSL 499 (1-8) Individual Study
This independent study course requires prior coordination with instructor once registered. This course will focus on leader self-development projects and study, designed to develop leader competencies and attributes.
Fall, Spring
MUSIC BA AND MINOR

Music

College of Arts & Humanities  
Department of Music  
202 Earley Center for Performing Arts • 507-389-2118  
Website: www.mnsu.edu/music/  
Email: music@mnsu.edu  
Chair: Doug Snapp  
Faculty: Gerard Alosio, Tonya Butler, David Dickau, Dale Haefner, David Gradberry, John Lindberg, Michael Olson, Joe Rodgers, Amy Roisum Foley, Stephanie Thorpe, Mike Thursby, David Viscoli

Accreditation. National Association of Schools of Music (NASM)

Music at Minnesota State Mankato

We are passionate about music and the people who make music happen. We work with each student individually to reach beyond expectation, creatively and academically, through hands-on experience in real life settings. Faculty, students, and ensembles are warm and welcoming to majors and non-majors alike.

Our Commitment:

We offer the education, experience, and personal attention you need to succeed in today’s professional marketplace.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Admission to the Major is granted by the department in a two-step process.

Step One: Be admitted to music studies. Every new and transfer student will:
(a) perform a successful audition in their primary instrument or voice;
(b) pass diagnostic tests in music fundamentals/theory and aural skills.

Step Two: To be admitted to any major in music, the student must have:
- Passing grades (C or higher) in all music courses
- Overall GPA 2.5 or higher
- Minimum of 32 credit hours earned
- Acceptable progress in applied music studies (lessons)
- Demonstrated active participation in ensembles
- Presented a portfolio for review by music faculty (including an autobiography, detailing background and career goals)
- Present a formal application for admission to a specific music major
- Participate in an interview with a small group of faculty

If a student does not meet one or more of these standards, he/she may be admitted provisionally to a music major for one semester while deficiencies are being addressed. In that semester, the student will be asked to resubmit his/her application. If any issues are unresolved, the student will be asked to choose another major.

Required for All Majors:
1. MUSC 100 Concert Attendance (0 credits) according to degree requirements
2. MUSP xxx Ensemble each semester in residence
3. MUSP xxx Private Lessons (1-3 credits) according to degree requirements

For details on these requirements see a Department of Music Advisor.

GPA Policy. Students must pass required courses under either a music major or the music minor with a grade of “C” or higher.

Students on academic probation must consult with the department chair.

P/N Grading Policy. No P/N grades are accepted for required music courses except where course is only offered P/N.

Transfer students who wish to major or minor in music will be evaluated by appropriate music faculty for proper placement in the music curriculum. These students must fulfill all graduation requirements of the Department of Music in both academic and performance areas.

Residency. Music majors must earn at least half of their music credits (including two semesters of private study) at Minnesota State Mankato.

Prospective music majors and minors must audition in their major performing area prior to registration.

All students taking private lessons will pay a fee for the lessons each semester.

Students interested in pursuing a major in music must contact the department for an advising appointment and audition.

Private lessons incorporate the study of multiple musical genres as the student develops independent creative entrepreneurial skills with an awareness of the audience. May be repeated. (auditions required – see Department of Music for information)

100-level: Study includes practice techniques; Exploration of the instrument; Application of technique; Healthy practices; Exploration of basic literature.

200-level: Preparation for gateway to upper level study (or capstone performance for minor); Explore and perform different musical styles and literature; Initiation of creative collaborative musicianship activities; Application of concepts from theory and aural skills; Expansion of performance techniques.

300-level: Initial preparations for capstone experience through performances and possible junior recital; Advanced techniques in pedagogy; Collaborative and independent musicianship developed; Introduction to entrepreneurial skills; Service or in-service activities.

400-level: Prepare for capstone experience; Demonstrate mastery of musicianship skills through performance, conducting, arranging, collaboration and/or other creative activities; Perform in multiple musical genres; Demonstrate awareness of social/historical context of music through a written and/or oral presentation; Demonstrate entrepreneurial skills.

Guidelines for Music Ensembles.

100-level: Students demonstrate awareness of their responsibilities to the ensemble and director and how their part integrates into the larger ensemble; participate effectively in various artistic, educational, recreational and other settings; and participate cooperatively in group artistic performances; Demonstrate growth in artistic, technical skills, collaborative competence and knowledge of repertory through regular ensemble experiences.

200-level: Students demonstrate basic leadership within the section; demonstrate mentorship to 100-level students; demonstrate initiative in developing as a soloist; participate effectively in various artistic, educational, recreational and other settings; participate cooperatively in group artistic performances; Demonstrate growth in artistic, technical skills, collaborative competence and knowledge of repertory through regular ensemble experiences.

300-level: Students demonstrate leadership within the section; demonstrate mentorship to 100- and 200-level students; demonstrate abilities as a soloist; participate effectively in various artistic, educational, recreational and other settings; participate cooperatively in group artistic performances; Demonstrate growth in artistic, technical skills, collaborative competence and knowledge of repertory through regular ensemble experiences.

400-level: Demonstrate leadership for the ensemble as a whole; Serve as soloist; Demonstrate ability to assist conductor as needed with sectional, rehearsals, chamber groups, etc.; Participate effectively in various artistic, educational, recreational and other settings; Participate cooperatively in group artistic performances; Demonstrate growth in artistic, technical skills, collaborative competence and knowledge of repertory through regular ensemble experiences.

COURSE DESCRIPTIONS

MUSC 100 (0) Concert Attendance
Required for all undergraduate music majors each semester in residence.
May be repeated. P/N only.

MUSC 101 (3) Introduction to Music
A general course in music appreciation. This course includes a study of styles at different periods, musical forms, and information about composers with emphasis on the elements of music and how these elements have evolved through history.
Fall, Spring

MUSC 102 (3) Pop Music USA: Jazz to Country to Blues
Popular music is a multi-billion dollar industry today. What is it, and where did it come from? Learn about the origins of jazz in the music of African-Americans, its growth from Dixieland through the Big Band era (with the contributions of performers like Louis Armstrong and Duke Ellington) to its influences on musical styles in the present day.
Fall, On Demand: Summer
GE-6, GE-7
Diverse Cultures - Purple

MUSC 103 (3) Pop Music USA: R & B to MTV
Rock music has fans in every country and in every culture. It really is a “universal” language, but it didn’t start that way. It began as Black Rhythm and Blues in the 40’s, and through to the present, minority groups have had a major influence on the music.
Spring: On Demand: Summer
GE-6, GE-7
Diverse Cultures - Purple

MUSC 105 (3) Fundamentals of Music
Notation, basic keyboard skills.

MUSC 111 (2) Music Theory 1
Part I of a four semester sequence in Music Theory focusing on written music notation skills including scales, tonality, key modes, intervals, transposition, chords, cadences, non-harmonic tones and melodic organization.

MUSC 112 (2) Music Theory 2
Part II of a four semester sequence in Music Theory focusing on written music notation skills including scales, tonality, key, modes, intervals, transposition, chords, cadences, non-harmonic tones and melodic organization.
Spring
Prerequisite: MUS 131

MUSC 115 (2) Musicianship 1
Part I of the four semester sequence focusing on sight-singing and ear training.
Fall
MUSC 116 (2) Musicianship 2
Part II of the four semester sequence focusing on sight-singing and ear training. Spring

MUSC 119 (1) Class Piano 1
Class instruction in keyboard. No experience with the keyboard is required. Functional skills, including technique, scales and chord progressions, solo playing, and ensemble playing are all incorporated. Assignments are made based upon the student's major and interests. Permission of Instructor required. Fall, Spring

MUSC 120 (3) Survey of American Popular Music
A survey of commercially successful popular music from roughly 1900 to the present—what was the music? Who were the artists? When was it first heard, and what were the factors that contributed to its success? Fall

GE-6

MUSC 121 (2) Foundations in Music Industry
A survey of career opportunities in Music Industry. Spring

MUSC 122 (3) Introduction to the Music Industry
This course is designed to provide an introduction of the organizational structures and current practices of the modern music industry with historical perspective for the music business and recording technology student.

MUSC 129 (2) Digital Music 1
An introductory course in musical creativity using technology, audio recording, and computer based music. Explore basic audio processing, routing, and live sound design, and creative projects that draw from experimental cinema, electroacoustics, EDM, and contemporary music. You don't have to be able to read music to take this class.

Fall

MUSC 190 (1) Seminar in Music Careers
This course will provide an overview of various music careers and will examine the attitudes and behaviors of successful professional musicians. Fall

MUSC 199 (0) Admission to Major Interview
Interview for admission to the music major. See your advisor for details. Fall, Spring

MUSC 209 (3) Music Travel Tour
Prepare for, and participate in, a musical tour. Destinations will vary with each offering, and may include international experiences. Prior to travel, class sessions will deal with the music and culture of the destination. There will be additional travel expenses associated with the class. On Demand: Fall, Spring, Summer

GE-6

MUSC 219 (1) Class Piano 2 and Proficiency
A continuation of MUS 119, Class Piano 1. Mastery of those skills (technique, scales and chord progressions, solo playing, and ensemble playing) are demonstrated over the semester. Prerequisite: MUSC 119 Fall, Spring

MUSC 212 (2) Music Theory 5
Part IV of a four semester sequence in Music Theory focusing on written music notation skills. Spring

MUSC 215 (1-2) Musicianship 3
Part III of the four semester sequence focusing on sight-singing and ear training. Fall

MUSC 216 (1) Musicianship 4
Part IV of the four semester sequence focusing on sight-singing and ear training. Spring

MUSC 217 (1) Jazz Pedagogy and Improvisation
Introduction to the basic concepts of jazz pedagogy/theory and improvisation used in teaching and playing jazz and contemporary music. Spring

MUSC 221 (1) Activity in Music Industry
This course will allow students to gain experience working in the Music Industry area. This course must be taken for two semesters to receive proper credit. Fall, Spring

MUSC 222 (2) Social Media in the Music Industry
This course will examine current and potential professional marketing uses of social media in the music industry, including fan-base communication/building, concert promotion, and sales of music and merchandise. Spring

MUSC 230 (3) Songwriting 1
Songwriting 1 is a course designed to explore the analytical structure of songs: from their conception to production. Students examine a variety of songs, and participate in songwriting, production, and analytical exercises. Prerequisite: MUSC 111, MUSC 112 Fall

MUSC 240 (2) Music Technology
Technology applications for the K-12 music educator. Fall

MUSC 245 (1) Brass Pedagogy and Techniques
Instrumental music education majors only. Emphasis on pedagogical methods and techniques of individual instruments. Even years. Fall

MUSC 246 (1) String Pedagogy and Techniques
Instrumental music education majors only. Emphasis on pedagogical methods and techniques of individual instruments. Odd years. Fall

MUSC 247 (1) Guitar Pedagogy and Techniques
The basics of establishing and maintaining a guitar ensemble or program in a school situation.
On Demand: Fall, Spring

MUSC 248 (1) Woodwind Pedagogy and Techniques
Instrumental music education majors only. Emphasis on pedagogical methods and techniques of individual instruments. Even years. Spring

MUSC 249 (1) Percussion Pedagogy and Techniques
Instrumental music education majors only. Emphasis on pedagogical methods and techniques of individual instruments. Odd years. Spring

MUSC 250 (1) Strumming and Drumming
This course is open to all students who would like to the opportunity learn and perform on guitar, ukulele and world percussion. No prior experience is required. Spring. On Demand: Fall, Summer

GE-6, GE-11

MUSC 261 (2) Introduction to Conducting
This course is a prerequisite for Choral Musicianship (MUS 401 / MUS 402) and Instrumental Musicianship (MUS 411 / MUS 412). The course will develop basic conducting technique, acquaint the student with appropriate terminology, develop interpretive skills and gesture vocabulary. Even Years. Spring

MUSC 299 (0) Upper Level Admission Assessment
Prior to admission to 300- and 400-level classes, students are assessed by a cohort of music faculty. The assessment includes a review of academic progress, and a presentation or performance before the music faculty. For more information, please see your academic advisor. Permission required. GE-13

MUSC 301 W (3) Music History 1
This writing-intensive course focuses on the repertory of Western Music from pre-history through 1800. It examines the ways that culture and patronage impacted music developments, and focuses on techniques appropriate to research, including finding, evaluating, and using sources. Prerequisite: ENG 101, MUS 131 WI, GE-2 Fall
This writing-intensive course focuses on the repertory of Western Music from 1800 to the present. It examines the ways that culture and patronage impacted music developments, and focuses on techniques appropriate to research, including finding, evaluating, and using sources. Prerequisite: ENG 101, MUS 131
Fall, Spring

Musical styles of western culture prior to 1800. There is a particular focus on developing the skills for teaching the content in K-12 teaching. Prerequisite: MUS 231, MUS 232, ENG 101
Fall

Musical styles of western culture after 1800. There is a particular focus on developing the skills for teaching the content in K-12 teaching. Prerequisite: MUS 231, MUS 232, ENG 101
Spring

This course explores the role of women composers, performers, educators and administrators in Western art music. On Demand: Fall, Spring GE-6

Prepare for, and participate in, a musical tour. Destinations will vary with each offering, and may include international experiences. Prior to travel, class sessions will deal with the music and culture of the destination. There will be additional travel expenses associated with the class. On Demand: Fall, Spring, Summer

In this course music majors will learn how to market themselves, create their own brand and lay the groundwork for their postcollege careers. The course will cover the basics of self-assessment, bio writing, resume building, networking, self-promotion, professional communications and presentations, eportfolios, social media and other strategies used by professional musicians.

MUSC 312 [1] Practicum in Music Industry
This course will allow students to gain experience in working in the Music Industry field in a supervisory or administrative role. This course must be taken for two semesters to receive proper credit. Fall, Spring

This course is designed to acquaint and give specific knowledge with regards to managing a concert production, working with promoters, finding artists, and creating and negotiating contracts. Fall

MUSC 316 [3] Songwriting 2
Songwriting II is a course that examines advanced aspects of songwriting composition and production. Topics include production-oriented songwriting analysis and composition and lead sheet design. Even Years: Spring
Prerequisite: MUSC 111, MUSC 112

MUSC 317 [3] Electronic Orchestration
Electronic Orchestration is a course that explores electronic sound design, synthesis, and production techniques. Even Years: Spring

Kindergarten and elementary grades. For elementary education majors only. Fall, Spring, Summer

Required of all music education majors. Techniques and methods leading to licensure to teach General Music K-5. Music majors only. On Demand: Fall, Spring

Required of all music education majors. Techniques and methods leading to licensure to teach General Music in grades 6-12. Music majors only. On Demand: Fall, Every Years: Spring

MUSC 353 [1] Diction for Singers
Applying the International Phonetic Alphabet to song texts in English, French, Italian, Spanish and German. On Demand: Fall, Every Years: Spring

An intensive examination of the music of Western Civilization from 1450-1600. On Demand: Fall, Spring

An intensive investigation of the music written from 1600-1750. On Demand: Fall, Spring, Summer

Music of the age of Haydn, Mozart, and Beethoven. On Demand: Fall, Spring

An intensive study of Romanticism in music. On Demand: Fall, Spring, Summer

Music since 1900. On Demand: Fall, Spring, Summer

MUSC 411 [3] Form and Analysis
Significant musical forms, past and present. Spring

MUSC 412 [3] Composition
An independent study in compositional techniques. Prerequisite: Consent
On Demand: Fall, Spring

Writing techniques for instrumental groups of various types. On Demand: Fall, Spring

MUSC 415 [2] Choral Arranging
Arranging music for choral ensembles. On Demand: Fall, Spring

MUSC 416 [3] Contrapuntal Techniques
Writing and analyzing 2-part, 3-part, and 4-part counterpoint. On Demand: Fall, Spring

MUSC 421 [3] Project Development in the Music Industry
Class and/or individual projects for music industry majors only. Fall

This course is designed to acquaint the student with the areas of promoting and marketing of themselves, someone else as a performer, and their company. Spring

This course is interdisciplinary in nature and designed to give students an overview of many aspects of the Music Industry including music publishing, copyright, public relations, audience development, financial management, fundraising, donor development, and grant writing. Spring

MUSC 426 [2] Legal Aspects of the Music Industry
This class will cover the legal systems, legal reasoning statutes and contracts that impact the music industry. Emphasis will be on copyright, publishing and recording agreements. Prerequisite: MUS 298
Spring

MUSC 428 [3] Music Licensing for Film, TV and Games
In an industry where record sales are on the decline, music publishing and licensing is on the rise. Student will learn the theory, process and practice of licensing music for films, television shows, commercials and video games using a variety of letters, forms and contracts. Prerequisite: MUSC 426, Mus 483
Spring
MUSC 430 (1) Music Industry Composition Seminar
Music Industry Composition Seminar is a composition class for advanced music industry and composition students. Topics include artistic critiques, song form analysis, and production topics.
Fall, Spring

MUSC 431(3) Film Scoring and Multimedia
Film Scoring and Multimedia is a course that examines historical trends in film scoring, from orchestral scores to electronic scoring. Students will be able to work with both audio and visual components, developing their own visual material, and create short electronic film scores using common electronic synthesis techniques.
Prerequisite: MUSC 111, MUSC 112
Odd Years: Spring

MUSC 451 (1) Vocal Literature
A survey of solo and small ensemble vocal literature through classical art song, musical theater and contemporary styles.
Even Years: Fall; On Demand: Spring

MUSC 452 (3) Vocal Pedagogy
Principles of applied voice instruction and application of healthy vocal techniques.
Odd Years: Fall; On Demand: Spring

MUSC 455 (1) Piano Pedagogy
Technical problems in relationship to different styles.
On Demand: Fall, Spring

MUSC 456 (3) Piano Literature
A survey of literature for the keyboard from the early baroque to the present.
On Demand: Fall, Spring

MUSC 465 (3) Choral Musicanship 1
Choral conducting and the administration of school choral programs.
Even Years: Fall

MUSC 466 (3) Choral Musicanship 2
A continuation of Choral Musicanship I.
Odd years: Spring

MUSC 471 (2) Instrument Literature & Pedagogy
Topics to be discussed are methods, literature, and teaching techniques for specific wind, percussion, and stringed instruments.
On Demand: Fall, Spring

MUSC 475 (3) Instrumental Musicanship 1
Instrumental conducting and the administration of school band and orchestra programs.
Even Years: Fall

MUSC 476 (3) Instrumental Musicanship 2
A continuation of Instrumental Musicanship I.

Step One: Be admitted to music studies.

Admission to the Major

POLICIES/INFORMATION

Every new and transfer student will:

- Participate in an interview with a small group of faculty
- Present a formal application for admission to a specific music major
- Demonstrate active participation in ensembles
- Acceptable progress in applied music studies (lessons)
- Minimum of 32 credit hours earned
- Overall GPA 2.5 or higher
- Passing grades (C or higher) in all music courses
- Presented a portfolio for review by music faculty (including an autobiography, detailing background and career goals)
- Participated in an interview with a small group of faculty

If a student does not meet one or more of these standards, he/she may be admitted provisionally to a music major for one semester while deficiencies are being addressed. In that semester, the student will be asked to resubmit his/her application. If any issues are unresolved, the student will be asked to choose another major.

Required for All Majors:
1. MUSC 100 Concert Attendance (0 credits) according to degree requirements
2. MUSP xxx Ensemble each semester in residence
3. MUSP xxx Private Lessons (1-3 credits) according to degree requirements

For details on these requirements see a Department of Music Advisor.

GPA Policy. Students must pass required courses under either a music major or the music minor with a grade of “C” or higher.

Students on academic probation must consult with the department chair.

P/N Grading Policy. No P/N grades are accepted for required music courses except where course is only offered P/N.

Transfer students who wish to major or minor in music will be evaluated by appro-
private music faculty for proper placement in the music curriculum. These students must fulfill all graduation requirements of the Department of Music in both academic and performance areas.

Residency. Music majors must earn at least half of their music credits (including two semesters of private study) at Minnesota State Mankato.

Prospective music majors and minors must audition in their major performing area prior to registration.

All students taking private lessons will pay a fee for the lessons each semester.

Students interested in pursuing a major in music must contact the department for an advising appointment and audition.

Private lessons incorporate the study of multiple musical genres as the student develops independent creative entrepreneurial skills with an awareness of the audience. May be repeated. (Auditions required – see Department of Music for information)

100-level: Study includes practice techniques; Exploration of the instrument; Application of technique; Healthy practices; Exploration of basic literature.

200-level: Preparation for gateway to upper level study (or capstone performance for minor); Explore and perform different musical styles and literature; Initiation of creative collaborative musicianship activities; Application of concepts from theory and aural skills; Expansion of performance techniques.

300-level: Initial preparations for capstone experience through performances and possible junior recital; Advanced techniques in pedagogy; Collaborative and independent musicianship developed; Introduction to entrepreneurial skills; Service or in-service activities.

400-level: Prepare for capstone experience; Demonstrate mastery of musicianship skills through performance, conducting, arranging, collaboration and/or other creative activities; Perform in multiple musical genres; Demonstrate awareness of social/historical context of music through a written and/or oral presentation; Demonstrate entrepreneurial skills.

Guidelines for Music Ensembles.

100-level: Students demonstrate awareness of their responsibilities to the ensemble and director and how their part integrates into the larger ensemble; participate cooperatively in group artistic performances; Demonstrate growth in artistic, technical skills, collaborative competence and knowledge of repertoire through regular ensemble experiences.

200-level: Students demonstrate basic leadership within the section; demonstrate mentorship to 100-level students; demonstrate abilities as a soloist; participate effectively in various artistic, educational, recreational and other settings; participate cooperatively in group artistic performances; Demonstrate growth in artistic, technical skills, collaborative competence and knowledge of repertoire through regular ensemble experiences.

300-level: Students demonstrate leadership within the section; demonstrate mentorship to 100 and 200-level students; demonstrate abilities as a soloist; participate effectively in various artistic, educational, recreational and other settings; participate cooperatively in group artistic performances; Demonstrate growth in artistic, technical skills, collaborative competence and knowledge of repertoire through regular ensemble experiences.

400-level: Demonstrate leadership for the ensemble as a whole; Serve as soloist; Demonstrate ability to assist conductor as needed with sectionals, rehearsals, chamber groups, etc.; Participate effectively in various artistic, educational, recreational and other settings; Participate cooperatively in group artistic performances; Demonstrate growth in artistic, technical skills, collaborative competence and knowledge of repertoire through regular ensemble experiences.

MUSIC EDUCATION BS

Degree completion = 136 credits

Required for Major (Options)

Students choose either Vocal/General Music (K-12) or Instrumental/General Music (K-12) as an area of specialization.

Other Graduation Requirements

See the SECONDARY EDUCATION section for admission requirements to Professional Education and a list of required professional education courses.

Required General Education

LETH 240 Drug Education (3)
KSP 220W Human Relations in a Multicultural Society (3)
MUSC 307 Music of the World (3)

Pop Music USA (choose 3 Credits)
MUSC 102 Pop Music USA: Jazz to Country to Blues (3)
MUSC 103 Pop Music USA: R & B to MTV (3)

Goal Area 1--Ensembles (choose 3 credits)
1st Year: Students under the Vocal/General K-12 emphasis should register for MUSP 101 or 102; Students pursuing the Instrumental/General K12 emphasis should register for MUSP 121, MUSP 122, MUSP 123, or MUSP 125.

MUSP 101 Concert Choir (1)
MUSP 102 University Chorale (1)
MUSP 121 Maverick Wind Ensemble (1)
MUSP 122 Maverick Symphonic Band (1)
MUSP 123 University Orchestra (1)
MUSP 125 Jazz Mavericks (1)

Prerequisites to the Major

Major Common Core

KSP 202 Technology Integration in the Classroom (2)
KSP 222 Introduction to the Learner and Learning (2)

College of Arts & Humanities
Department of Music
202 Earley Center for Performing Arts • 507-389-2118
Website: www.mnsu.edu/music/
Email: music@mnsu.edu

Chair: Doug Snapp

Faculty: Gerard Alosio, Tonya Butler, David Dickau, Dale Haefner, David Gadberry, John Lindberg, Michael Olson, Joe Rodgers, Amy Roism Foley, Stephanie Thorpe, Mike Thursby, David Viscali

Accreditation. National Association of Schools of Music (NASM)

Music at Minnesota State Mankato
We are passionate about music and the people who make music happen. We work with each student individually to reach beyond expectation, creatively and academically, through hands-on experience in real life settings. Faculty, students, and ensembles are warm and welcoming to majors and non-majors alike.

Our Commitment:
We offer the education, experience, and personal attention you need to succeed in today’s professional marketplace.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
Admission to the Major is granted by the department in a two-step process.

Step One: Be admitted to music studies. Every new and transfer student will:
(a) perform a successful audition in their primary instrument or voice;
(b) pass diagnostic tests in music fundamentals/theory and aural skills.

Step Two: To be admitted to any major in music, the student must have:
• Passing grades (C or higher) in all music courses
• Overall GPA 2.5 or higher
• Minimum of 32 credit hours earned
• Acceptable progress in applied music studies (lessons)
• Demonstrated active participation in ensembles
• Presented a portfolio for review by music faculty (including an autobiography, detailing background and career goals)

COURSE DESCRIPTIONS SEE MUSIC
• Present a formal application for admission to a specific music major
• Participate in an interview with a small group of faculty

If a student does not meet one or more of these standards, he/she may be admitted provisionally to a music major for one semester while deficiencies are being addressed. In that semester, the student will be asked to resubmit his/her application. If any issues are unresolved, the student will be asked to choose another major.

Required for All Majors:
1. MUSC 100 Concert Attendance (0 credits) according to degree requirements
2. MUSP xxx Ensemble each semester in residence
3. MUSP xxx Private Lessons (1-3 credits) according to degree requirements

For details on these requirements see a Department of Music Advisor.

GPA Policy. Students must pass required courses under either a music major or the music minor with a grade of "C" or higher.

Students on academic probation must consult with the department chair.

P/N Grading Policy. No P/N grades are accepted for required music courses except where course is only offered P/N.

Transfer students who wish to major or minor in music will be evaluated by appropriate music faculty for proper placement in the music curriculum. These students must fulfill all graduation requirements of the Department of Music in both academic and performance areas.

Residency. Music majors must earn at least half of their music credits (including two semesters of private study) at Minnesota State Mankato.

Prospective music majors and minors must audition in their major performing area prior to registration.

All student taking private lessons will pay a fee for the lessons each semester.

Students interested in pursuing a major in music must contact the department for an advising appointment and audition.

Private lessons incorporate the study of multiple musical genres as the student develops independent creative entrepreneurial skills with an awareness of the audience. May be repeated. (auditions required – see Department of Music for information).

100-level: Study includes practice techniques; Exploration of the instrument; Application of technique; Healthy practices; Exploration of basic literature.

200-level: Preparation for gateway to upper level study (or capstone performance for minor); Explore and perform different musical styles and literature; Initiation of creative collaborative musicianiship activities; Application of concepts from theory and aural skills; Expansion of performance techniques.

300-level: Initial preparations for capstone experience through performances and possible junior recital; Advanced techniques in pedagogy; Collaborative and independent musicianship developed; Introduction to entrepreneurial skills; Service or service activities.

400-level: Prepare for capstone experience; Demonstrate mastery of musicianship skills through performance, conducting, arranging, collaboration and/or other creative activities; Perform in multiple musical genres; Demonstrate awareness of social/historical context of music through a written and/or oral presentation; Demonstrate entrepreneurial skills.

Guidelines for Music Ensembles.

100-level: Students demonstrate awareness of their responsibilities to the ensemble and director and how their part integrates into the larger ensemble; participate effectively in various artistic, educational, recreational and other settings; and participate cooperatively in group artistic performances; Demonstrate growth in artistry, technical skills, collaborative competence and knowledge of repertory through regular ensemble experiences.

200-level: Students demonstrate basic competence in the section; demonstrate mentorship to 100-level students; demonstrate initiative in developing as a soloist; participate effectively in various artistic, education, recreational and other settings; participate cooperatively in group artistic performances; Demonstrate growth in artistry, technical skills, collaborative competence and knowledge of repertory through regular ensemble experiences.

300-level: Students demonstrate leadership within the section; demonstrate mentorship to 100- and 200-level students; demonstrate abilities as a soloist; participate effectively in various artistic, education, recreational and other settings; participate cooperatively in group artistic performances; Demonstrate growth in artistry, technical skills, collaborative competence and knowledge of repertory through regular ensemble experiences.

400-level: Demonstrate leadership for the ensemble as a whole; Serve as soloist; Demonstrate ability to assist conductor as needed with sections, rehearsals, chamber groups, etc.; Participate effectively in various artistic, education, recreational and other settings; Participate cooperatively in group artistic performances; Demonstrate growth in artistry, technical skills, collaborative competence and knowledge of repertory through regular ensemble experiences.

Nonprofit Leadership Certificate and Minor

This 18-credit certificate is specifically designed to respond to the employment needs and opportunities within one of the fastest growing sectors of the United States economy. The nonprofit leadership certificate is a multidisciplinary program for undergraduate students and nonprofit practitioners interested in gaining knowledge and skills for success and advancement in nonprofit leadership. The certificate is designed to address the following entry-level nonprofit competencies:

- Communication skills;
- Computer/technology literacy skills;
- Historical and philosophical foundations in nonprofit leadership;
- Nonprofit marketing;
- Public policy;
- Fundraising principles and practices;
- Human resource development and nonprofit management; and

Nonprofit Leadership

College of Social and Behavioral Science
113 Armstrong Hall • 507-389-1561

Program Coordinator: Keith Luebke, 507-389-5396

The undergraduate Nonprofit Leadership Certificate is a cooperative educational program between the College of Social and Behavioral Science and the College of Allied Health and Nursing. Within these two colleges five departments have a leadership role: Gender and Women’s Studies, Recreation, Parks and Leisure Services, Sociology and Corrections, Social Work, and the Urban and Regional Studies Institute.

COURSE DESCRIPTIONS SEE MUSIC

- SOC 417 Program Administration (3)
- URBS 230 Community Leadership (3)
- URBS 230W Community Leadership (3)

**Internship** (choose 3 credits with a nonprofit organization)
- ART 497 Internship (1-6)
- GWS 498 Internship: Community (1-8)
- RPLS 497 Internship (3)
- SOC 497 Internship: Sociology (1-12)
- SOVVK 497 Internship (1-10)
- URBS 497 Internship (1-12)

**Internship Experience**
The student desiring a certificate is required to successfully complete a three (3) credit internship in a qualifying nonprofit organization. The internship will be administered through one of the five sponsoring departments.

**NONPROFIT LEADERSHIP MINOR**

**Minor Common Core**
- NPL 273 Introduction to Nonprofit Sector (3)
- NPL 473 Advanced Workshop in Nonprofit Leadership (3)

**Electives**
Students choose one course from each of the three following categories and one additional course of their choice to complete the 21 credits requirement of this minor.

**Program Planning and Evaluation** (choose 3-6 credits)
- GWS 330 Feminist Research and Action (4)
- RPLS 376 Program Planning in Rec., Parks, and Leisure Services (3)
- SOC 466 Program Planning (3)
- SOVVK 469 Applied Social Work Research (3)
- URBS 413 Urban Program Evaluation (3)

**Program Administration** (choose 3-6 credits)
- ART 434 Arts Administration (3)
- RPLS 473 Administration of Leisure Time Programs (3)
- SOC 417 Program Administration (3)
- URBS 230 Community Leadership (3)
- URBS 230W Community Leadership (3)

**Financial Management and Development** (choose 3-6 credits)
- NPL 486 Fundraising for Nonprofits (3)
- NPL 488 Financial Management for Nonprofits (3)
- RPLS 465 Event Management (3)
- URBS 453 Grants Administration (3)

**Internship** (choose 3 credits)
- GWS 498 Internship: Community (1-8)
- RPLS 497 Internship (3)
- SOC 497 Internship: Sociology (1-12)
- SOVVK 497 Internship (1-10)
- URBS 497 Internship (1-12)

**COURSE DESCRIPTIONS**

**NPL 273 (3) Introduction to the Nonprofit Sector**
Designed as an introduction to the nonprofit sector, this course provides the foundation for students working toward a certificate in Nonprofit Leadership. This workshop addresses the historical and philosophical foundations in nonprofit leadership as well as exploring key leadership issues. GE-9

**NPL 473 (3) Advanced Workshop in Nonprofit Leadership**
Designed as the sequel to NPL 273, this course addresses managing operations, developing and managing financial services, and managing people. This course will include a Service-Learning component.

**NPL 486 (3) Fundraising for Nonprofits**
Designed as an overview to fundraising and development for nonprofit organizations, this course addresses the development of a fundraising plan and attracting donors. There will be an emphasis on organizational outreach using both traditional and new media.

**NPL 488 (3) Financial Management for Nonprofits**
Designed as an overview of financial management for nonprofit organizations, this course addresses the integration of mission-driven planning and financial management with an emphasis on tax exemption, accounting systems, financial statements, budgets, and regulatory reporting. Variable

Accreditation. The Basic Nursing Program and Family Nurse Practitioner program are approved by the Minnesota Board of Nursing. The nursing baccalaureate and master’s degrees are accredited by the Commission on Collegiate Nursing Education (CCNE). Inquiries can be made by contacting, CCNE, One Dupont Circle NW, Suite 530, Washington, DC 20036.

The nursing curricula are designed to provide opportunities for the student to develop a sound theoretical and clinical foundation for the practice of professional nursing. The graduate is prepared for a variety of roles in the community, including the responsibility for health promotion; prevention of disease; and caring for the individuals, families and society in the community, the hospital and the home. An understanding of people and how they adapt to the environment is essential to the provision of these health-care services.

Graduates of the Basic Nursing Program are prepared to take the National Council Licensure Examination—Registered Nurse. Successfully passing this exam permits nurse registration and licensure as school nurses in Minnesota.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION FOR MAJOR BASIC NURSING PROGRAM

Admission to Major, Basic Nursing Program. Application for admission to the School of Nursing is a separate process and in addition to being admitted to the University. Requirements for application to the nursing major are:

1. completion of at least 30 semester credits
2. a minimum career grade point average of 2.8 on a 4.0 scale
3. minimum grade of “C” in all required prerequisite and support courses

All prerequisite and support courses must be taken for a letter grade; P/N is not acceptable. A prenursing student may repeat a prerequisite class for admission to the School of Nursing once and only once for the purpose of improving a “C” or lower grade.

Students in the applicant pool are ranked according to a prenursing GPA figured using grades earned in English Composition, Introduction to Cultural Geography, Human Anatomy, Human Physiology, Chemistry of Life Processes, Courage, Caring, and Team Building, Elementary Statistics, and Human Development. All eight of these courses must be completed at the time of application.

Students are considered for admission into program based on GPA for the eight core prerequisite courses as well as composite score on the Evolve Reach Admission Assessment Exam. The Evolve Reach Admission Assessment Exam includes math, grammar, reading comprehension, vocabulary, anatomy & physiology, and chemistry and must be completed at the time of application.

Applicants must also successfully complete the following support courses prior to admission into the nursing program: Microbiology, Pathophysiology for Healthcare Professionals, Pharmacology for Healthcare Professionals, Relationship-based Care in Nursing Practice, Nutrition for Allied Health Professionals, and Psychology. A grade of “C” or better must be achieved in these courses for admission.

In addition to the above criteria, an interview may be required in the application process.

GPA Policy. A grade of “C” or better must be achieved in all prerequisite and support courses. Nursing courses are sequentially arranged and progression is based on successful completion of the prerequisite nursing course(s). All classroom courses are offered for grade only and all clinical courses are offered for P/N only. To continue in the nursing major, all students must achieve and maintain at least a “C” or “P” grade in each required nursing course. A grade of “D”, “F”, or NC in a nursing course is unacceptable, and the student must repeat the course to continue in the nursing major. In addition, it is required that each student maintain at least a “C” (2.0) average in all courses completed.

P/N Grading Policy. All of the pre-nursing and “major” courses must be taken for a letter grade; P/N is not acceptable. A grade of “C” must be achieved.

Transfer Students. It is often possible for students to complete the required pre-nursing curriculum at another college or university; however, they must check the courses and credits transferred to Minnesota State Mankato. Basic Nursing Program courses begin both fall and spring semesters.

Standardized Exams. All students enrolled in the School of Nursing will be required to take standardized achievement examinations at periodic intervals during their program. Exam results are used for student self-evaluation as well as program evaluation of learning outcomes.

Health. All nursing students are required to maintain a program of yearly health examinations and immunizations. Students will be advised of these requirements and must assume responsibility for meeting the health requirement before starting clinical experiences each year, beginning with the sophomore year.

Expenses. Each student is responsible for costs related to travel for nursing course experiences: student uniforms, health examinations, immunizations, and MANToux; health insurance, malpractice insurance coverage, and CPR certification. In the case of accidental exposure to blood and body fluids, students are responsible for testing and follow-up care costs.

GENERAL EDUCATION REQUIREMENTS FOR BASIC NURSING PROGRAM

Students in the Basic Nursing Program are required to complete 40 credits of General Education courses in 11 Goal Areas for graduation.

NURSING BS

Degree completion = 120 credits

RN BACCALAUREATE COMPLETION

Prerequisites to the Major
Transfer Credits: In accordance with the statewide MN Articulation Agreement, 30 semester nursing credits and 30 semester non-nursing credits are transferred for RNs.

Admission to RN Baccalaureate Completion Program. Requirements for admission to the RN Baccalaureate Completion Program are:
1. Proof of active unrestricted RN license
2. Completion of at least 30 college semester credits
3. A minimum career grade point average (GPA) of 2.8 on a 4.0 scale,
4. Minimum grade of “C” in all previous courses,
5. College Statistics Course.

Other requirements:
1. Completion of RN Baccalaureate Completion Program Application
2. Completion of Student Health Form
3. CPR certification
4. Health insurance coverage

Students must be admitted into the School of Nursing prior to taking any nursing courses. RNs accepted during the fall and spring semester. The application for RN Baccalaureate Completion Program admission may be obtained from the School of Nursing website at http://ahn.mnscu.edu/nursing.

Major Common Core
NURS 320 Critical Inquiry and Evidence-based Practice for RNs (4)
NURS 322 Family and Societal Nursing for RNs (4)
NURS 382 Provider of Care for RNs (4)
NURS 402 Psychosocial and Interprofessional Communication for RNs (4)
NURS 412 Leadership and Management Principles for RNs (4)
NURS 420 Informatics, Quality, and Safety in Nursing Practice for RNs (4)
NURS 482 Provider of Care II for RNs (6)

LPN OPTION
The LPN option for completing the BS Degree in Nursing is available only with a sufficient number of applications. Please call the School of Nursing for specific information.

Required Minor: None.

COURSE DESCRIPTIONS

NURS 101W (3) Courage, Caring, and Team Building
This experiential course will prepare students for effective participation in a variety of groups. Students can expect to experience various group member roles through structured activities within the Minnesota State Mankato culture and with diverse cultures. Students will learn about risk taking, trust building, cooperation/collaboration in groups and caring for self and others in the larger community. Variable: WI, GE-11

NURS 282 (3) Pathophysiology for Healthcare Professionals
A holistic perspective of pathophysiological processes and their impact on body systems and overall human functioning. Focuses on the risk factors, pathophysiology, and clinical manifestations of physiologic disease processes in humans. Prerequisite: BIOL 220, BIOL 330
Fall, Spring

NURS 284 (3) Pharmacology for Healthcare Professionals
Introduction to basic pharmacologic concepts with an emphasis on implications of drug therapy. Prerequisite: BIOL 220, BIOL 330, CHEM 111 Corequisite: BIOL 270
Fall, Spring

NURS 286 (3) Relationship-Based Care in Nursing Practice
Provides an introduction to the profession of nursing and explores relationship-based care in nursing practice. Provides an overview of concepts related to establishing caring and healing environments, developing therapeutic and professional relationships, and promoting patient and family-centered care.
Fall, Spring, Summer

NURS 300 (3) Transition into Professional Nursing Practice for RNs
Introduces fundamental professional nursing concepts: roles of professional nurse and the interprofessional team, nursing’s impact on the delivery of healthcare, and accountability for behaviors. Theoretical perspectives on professional nursing and the concepts of lifelong learning, professional development and self-renewal.
Variable

NURS 301 (3) Cultural Health Immersion: Study Abroad
This is a study abroad course that focuses on the healthcare system and health beliefs of a different culture/country. Students will have the opportunity to interact with professionals and community members to get a better understanding of their health beliefs, care system, the role of family in health etc.
Summer

NURS 320 (4) Critical Inquiry and Evidence-based Practice for RNs
Introduction to fundamental theories, concepts, evidence, and competencies pertaining to scientific inquiry, development of nursing knowledge, evidence-based and informed practice, and research utilization in nursing practice. Prerequisite: RN Licensure, completion of general education requirement.
Fall, Spring, Summer

NURS 333 (3) Professional Nursing
Introduces concepts fundamental to professional nursing: roles of professional nurse and interprofessional team members, regulatory guidelines, standards of practice, therapeutic communication, and cultural sensitivity. Theoretical perspectives on professional nursing and the concepts of persons, health and environment are introduced.
Fall, Spring

NURS 334 (4) Physiologic Integrity I
Focuses on global health concerns and related health promotion and prevention and early detection of alterations in physiological integrity. Includes didactic, simulation, and experiential learning components.
Fall, Spring

NURS 335 (3) Family and Societal Nursing Inquiry
Critical inquiry into the nursing care of family and society in the context of diverse cultures. Explores concepts related to family and society as clients, the family and societal health experience, and nursing strategies to foster family and societal care.
Fall, Spring

NURS 336 (5) Assessment and Nursing Procedures
A focus on assessment of the healthy family and the relationship of health assessment to prevention and early detection of disease, incorporating the processes of interviewing, history-taking, and physical assessment. A laboratory component integrating nursing skills and procedures is included.
Fall, Spring

NURS 342 (4) Gerontological Nursing for RNs
Examines society and aging, focusing on the political, social, economic, ethical and moral issues that have implications for an aging society and on the nurse’s role in assisting older adults in realizing their potential for continued growth and better health.
Fall, Spring, Summer

NURS 352 (3) Altered Human Functioning for RNs
Explores pathophysiology concepts to enhance the RN student’s understanding of illness and health. Identifies rational for clinical judgment and therapeutic intervention in disease conditions. Analyzes psychosocial and family concepts that emerge with pathophysiologic alterations.
Fall, Spring

NURS 362 (4) Family and Societal Nursing for RNs
Examination of family level approaches that promote health while exploring concepts of family as client, family health experience, and nurse–family relationships. Nursing strategies to enhance family level care during acute, chronic and critical illnesses are analyzed.
Prerequisite: RN Licensure
Fall, Spring, Summer
NURS 363 (2) Critical Inquiry in Nursing
Introduction to fundamental theories, concepts, evidence, and competencies pertaining to scientific inquiry, development of nursing knowledge, evidence-based and informed practice, and research utilization in nursing practice.
Fall, Spring

NURS 364 (4) Physiologic Integrity II
Focuses on nursing management of acute alterations in physiologic integrity. Includes didactic, simulation, and experiential learning components.
Prerequisite: NURS 333, NURS 334, NURS 335, NURS 336
Fall, Spring

NURS 365 (7) Nursing Care of Families in Transition I
Focuses on the critical inquiry of the physiological and psychosocial changes occurring with families during the childbirth/childrearing period. Includes didactic and experiential learning designed to promote family centered nursing care during the childbirth/childrearing period.
Prerequisite: NURS 333, NURS 334, NURS 335, NURS 336
Fall, Spring

NURS 366 (3) Quality, Safety, and Informatics in Nursing Practice
Focus on identification, implementation, and evaluation of patient/family quality and safety measures. Includes quality movement history and evolution, current quality of care issues, research and innovations, intervention strategies, and instruments; within an analysis of health care quality management system models.
Fall, Spring

NURS 382 (4) Provider of Care I for RNs
Explores the nurse's role in interacting with and providing care to families of diverse religious, ethnic and cultural backgrounds across the lifespan. Examines spirituality and the integration of complementary and alternative therapies with conventional practices to provide holistic care.
Prerequisite: RN Licensure
Fall, Spring

NURS 401 (3) Cultural Immersion in Nursing Practice for RNs
An experiential immersion into the healthcare needs of the client and family within another culture with a focus on nursing interventions to promote health. An intense induction into cultural humility will enhance awareness and promote an appreciation for global health.
Variable

NURS 402 (4) Psychosocial and Interprofessional Communication for RNs
Communication is an essential skill for professional RNs. This course will cover professional communication strategies, including patient and family interactions, dealing with mental health issues, effective interprofessional communication, and issues unique utilizing technology and information systems.
Prerequisite: RN Licensure
Fall, Spring, Summer

NURS 412 (4) Leadership and Management Principles for RNs
This course explores leadership and management principles and concepts necessary for the professional nurse to function effectively in a changing health care system incorporating collaborative strategies, technology, financial issues, and the complexity of care.
Prerequisite: RN Licensure
Fall, Spring, Summer

NURS 420 (4) Informatic, Quality, and Safety in Nursing Practice for RNs
Enhance the role of the nurse in the promotion of quality and safety and the use of national guidelines, technology, and informatics to create a culture of quality and safety, prevent and reduce medical errors, and support health care reimbursement.
Fall, Spring, Summer

NURS 428 (2) Nursing Elective
Several sections on various topics not included in the curriculum. Each section is a different course and expands on the nursing major courses. Examples of topics are ethical dimensions, laughter and wellness in nursing practice, dementia, rural nursing, cancer care, etc.
Prerequisite: As appropriate for each section.
Variable

NURS 433 (4) Community Oriented Nursing Inquiry
Think critically about the roles and responsibilities of the community oriented nurse in the context of disease prevention, health promotion, protection, maintenance, restoration, and surveillance. Examine foundational pillars of assurance, assessment, and policy development to support relationship based nursing care.
Prerequisite: NURS 363, NURS 364, NURS 365, NURS 366
Fall, Spring

NURS 434 (4) Physiologic Integrity III
Focuses on nursing management of chronic alterations in physiologic integrity. Includes didactic, simulation, and experiential learning components.
Prerequisite: NURS 363, NURS 364, NURS 365, NURS 366
Fall, Spring

NURS 435 (3) Nursing Care of Families in Transition II
Focuses on the critical inquiry of families' health and illness experiences. Includes didactic and experiential learning designed to promote family centered nursing care during transitions within child, teenage, adult and older adult family transitions.
Prerequisite: NURS 363, NURS 364, NURS 365, NURS 366
Fall, Spring

NURS 436 (5) Psychosocial Integrity
Emphasizes the function and responsibility of nursing in promoting and maintaining the psychosocial integrity of all people. Application of communication and caring through therapeutic relationship and evidence based nursing actions in the care and treatment of common clinical conditions.
Prerequisite: NURS 363, NURS 364, NURS 365, NURS 366, PSYC 101
Fall, Spring

NURS 452 (3) Advanced Health Assessment for RNs
This course offers theoretical and simulated clinical practice to develop advanced skills in obtaining a health history and physical assessment throughout the life span, inclusive of specific topics including culture, aging, and caring for the health care needs of individuals.
Fall, Spring

NURS 463 (3) Nursing Leadership and Management
Focuses on nursing leadership and management skills, organizational structure, care processes, health policy and regulatory processes, quality improvement, and patient/family and consumer advocacy.
Prerequisite: NURS 433, NURS 434, NURS 435, NURS 436
Fall, Spring

NURS 464 (3) Physiologic Integrity IV
Focuses on nursing management of multi-system alterations in physiologic integrity. Includes didactic, simulation, and experiential learning components.
Prerequisite: NURS 433, NURS 434, NURS 435, NURS 436
Fall, Spring

NURS 465 (2) Nursing Care of Families in Crisis
An examination of family dynamics during crisis and the role of the nurse in caring for families in crisis who are experiencing complex alterations in physiologic integrity.
Prerequisite: NURS 433, NURS 434, NURS 435, NURS 436
Fall, Spring

NURS 466 (4) Professional Role Integration
Focuses on experiential learning which promotes the integration of previous learning and the greater development of the roles of the baccalaureate generalist nurse as a provider of care, designer/manager/coordinator of care, and member of a profession.
Prerequisite: NURS 433, NURS 434, NURS 435, NURS 436
Co-requisite: NURS 463, NURS 464, NURS 465
Fall, Spring

NURS 472 (5) Provider of Care II
This capstone course focuses on the community as the client and integrates previously learned theory and principles of nursing.
Prerequisite: NURS 382
Spring

NURS 473 (4) Provider of Care II Clinical
Health promotion, disease prevention, and health education are operationalized as principal interventions within the context of community health.
Prerequisite: NURS 472 or concurrent
Spring
PHILOSOPHY BA, BS, CERTIFICATE AND MINORS

Philosophy

College of Arts & Humanities
Department of Philosophy
227 Armstrong Hall • 507-389-2012
Website: mnsu.edu/philosophy

Chair: Brandon Cooke

Faculty: Brandon Cooke, John Humphrey, Richard Liebendorfer, Craig Matarrese, Joshua Peiss, Bekka Williams, Julie Wulfemeyer, Sun Kyeong Yu

Our mission is to promote our students' development as independent and critical thinkers, and to guide their reflective engagement with fundamental questions about the nature of knowledge and reasoning, of ethical and aesthetic values, and of mind and world.

Students in our programs develop strong critical thinking, research, and communication skills, which are essential for success in any career. Those skills provide philosophy majors with the flexibility to adapt and grow as technologies and economic markets change. Our graduates have gone on to careers in higher education, medicine, law, information technology, business, non-profit leadership, publishing, and government.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Admission to Major is granted by the department. Minimum university admission requirements are:

- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.00 ("C").

Contact the department for application procedures.

GPA Policy: None.

P/N Grading Policy: the P/N grading system applies to all courses, but majors and minors may take 300- or 400-level PHIL courses for P/N credit only with the consent of the department.

Required Minor: One of Astronomy, Biology, Chemistry, Earth Science, Environmental Science, Geology, Mathematics, Physics, Psychology, Sociology, or Statistics

HONORS IN PHILOSOPHY

The Honors in Philosophy option provides an enriched experience to the most capable Philosophy majors. Students pursuing Honors in Philosophy work closely with a Philosophy faculty member to write a thesis in the final year of study. This option is aimed especially at students who plan on graduate or professional study.

Admission to Honors in Philosophy is granted by the department, and happens in the junior year, but no later than the beginning of the final year of study. Participation in the University Honors Program is not required. Admission requirements include a 3.0 cumulative GPA and 3.5 in all PHIL courses taken, with a minimum of 4 PHIL courses completed. In order to graduate with Honors in Philosophy, a student must meet the minimum requirements for graduation with University Honors (3.3 cumulative GPA or better), have a 3.5 or better in all PHIL courses, and complete all program requirements, including the Philosophy Honors Thesis.
Further details and policies on Honors in Philosophy and the Honors Thesis are available from the Department of Philosophy.

Honors in Philosophy (BA) requirements:
- Philosophy BA requirements, with 3 credits from the Major Unrestricted Electives list
- PHIL 495 Philosophy Honors Thesis I (3)
- PHIL 496 Philosophy Honors Thesis II (3)

Honors in Philosophy (BS) requirements:
- Philosophy BS requirements, with no credits from the Major Unrestricted Electives list
- PHIL 495 Philosophy Honors Thesis I (3)
- PHIL 496 Philosophy Honors Thesis II (3)

COURSE DESCRIPTIONS

PHIL 100W (3) Introduction to Philosophy
Introduction to the nature of philosophy and specific, basic problems.
Fall, Spring
WI, GE-6

PHIL 101W (3) Philosophical Problem: the Mind-Body Problem
This course considers historical and contemporary analyses of the mind in relation to the body and the connection of the mind-body problem to other issues concerning both religion and science.
Fall, Spring
WI, GE-6

PHIL 110 (3) Logic and Critical Thinking
Traditional syllogistic logic and an introduction to the elements of modern symbolic logic.
Fall, Spring
GE-2, GE-4

PHIL 112 (3) Logic of Scientific Method
Inductive logic, formation of hypotheses, scientific explanation, definition, classification, probability, analogy.
Variable
GE-2, GE-4

PHIL 115W (3) Philosophy of Race, Class and Gender
To what extent do the differences among races and between genders represent biological differences, and to what extent are they constructed by society? Is racism best conceptualized as an additional burden to sexism or as one different in kind?
Variable
WI, GE-6, GE-7

PHIL 120W (3) Introduction to Ethics
Discussion of theories of value and obligation.
Variable
WI, GE-6, GE-9

PHIL 122W (3) Introduction to Asian Philosophy
Survey of Asian philosophical traditions of Hinduism, Jainism, Buddhism, Confucianism, and Daoism.
GE-6, GE-8
Diverse Cultures - Purple

PHIL 205W (3) Culture, Identity, and Diversity
Discussion of the ways that a culture both creates human community and shapes self-identity. Exploration of similarities and differences between and interdependence among cultural traditions, and of vocabularies for assessing traditions.
Variable
WI, GE-6, GE-8

PHIL 222W (3) Medical Ethics
Ethical perspectives relevant to issues such as euthanasia, genetic engineering, organ transplantation, patients' rights, abortion, etc.
Variable
WI, GE-6, GE-9

PHIL 224W (3) Business Ethics
Introduction to ethical theories and concepts and their application to specific cases in the world of business.
Variable
WI, GE-6, GE-9

PHIL 226W (3) Environmental Ethics
Questions about human responsibilities to other animals and the environment gain urgency as environmental crises become more prevalent, and animal species continue to be eliminated. Learn about, critique, and apply the principles underlying evaluations of human environmental conduct.
Variable
WI, GE-9, GE-10

PHIL 240W (3) Law, Justice & Society
Consideration of the basic philosophical approaches to the idea of justice and how this idea relates to other fundamental ideas in political philosophy, ethics, and law.
Variable
WI, GE-6, GE-9

PHIL 311 (3) Symbolic Logic
Study of the elements of first order symbolic logic, i.e., the propositional calculus and the predicate calculus, and its applications to ordinary language and mathematics.
Spring
GE-2, GE-4

PHIL 321W (3) Social & Political Philosophy
Human rights and responsibilities in relation to the organization of society and government.
Variable
WI, GE-6, GE-9

PHIL 322W (3) Ethical Theory
Topics in normative, metaethical, and applied ethical theory.
WI, GE-6, GE-9

PHIL 323W (3) Philosophy of Economics
This course will introduce students to important texts in moral and social philosophy that provide the foundation for modern economics. In addition, we will discuss philosophical accounts of rationality, well being, and freedom and their relevance to economic analysis.
Variable
WI, GE-6, GE-9

PHIL 334W (3) History of Philosophy: Classical Philosophy
Philosophers of Ancient Greece, Rome and the early middle ages: The presocratics, Plato, Aristotle, Hellenistic and Roman philosophers, St. Augustine.
WI, GE-6

PHIL 336W (3) History of Philosophy: Renaissance and Modern Philosophy
Late Medieval Philosophy and its influence on the Renaissance, Descartes, Spinoza, Leibnitz and Continental Rationalism, Locke, Berkeley, Hume and British Empiricism, and Kant.
WI, GE-6

PHIL 337 (3) 19th Century Philosophy
Philosophers and philosophies of the 19th century.
Variable
GE-6

PHIL 338 (3) American Philosophy
Colonial times to the present.
Variable

PHIL 358W (3) Topics in Asian Philosophy
Critical discussion of the topics chosen from the Asian philosophical traditions of Hinduism, Buddhism, Confucianism, and Daoism.
Variable
WI, GE-6, GE-8
Diverse Cultures - Purple

PHIL 361 (3) Philosophy of Religion
Structure and logic of religious belief. Problems such as the existence of God, evil, immortality, miracles, and religious language.
Fall

PHIL 400 (3) The Philosophy of Immanuel Kant
This course will undertake a close reading and study of Immanuel Kant's Critique of Pure Reason and other texts.
Variable

PHIL 405 (3) The Philosophy of Ludwig Wittgenstein
A study of the philosophy of Ludwig Wittgenstein.
Variable
PHILOSOPHY CONTINUED

PHIL 410 (3) Philosophy of Language
Theories of meaning, speech acts and semantics, relation of language to the world. Variable

PHIL 420 (3) Epistemology
Theories of knowledge and justification, skeptical attacks on the possibility of knowledge, and anti-skeptical defenses. Variable

PHIL 430 (3) Metaphysics
An investigation of the most fundamental concepts of reality, including the nature of things, identity over time, modality, causation, free will, space and time, and universals and particulars. Variable

PHIL 437 (3) Contemporary Philosophy
Major philosophers and philosophies of the late 20th Century. Variable

PHIL 440 (3) Philosophy of Law
Discussion of philosophical issues in law by way of connecting legal problems to well-developed and traditional problems in philosophy, e.g., in ethics, political philosophy, and epistemology, and investigates the philosophical underpinnings of the development of law. The course takes an analytical approach to law (as opposed to historical sociological, political, or legalistic approaches) and devotes a substantial part of the semester to a major work on law written by a philosopher.

PHIL 445 (3) Feminist Philosophy
Study of philosophy done from a feminist perspective in areas such as metaphysics, epistemology or ethics. Fall

PHIL 450 (1-3) Special Topics
Intensive study of a single philosopher or topic. Variable

PHIL 455 (3) Existentialism & Phenomenology
In-depth analysis of major European existentialists such as Kierkegaard, Heidegger, and Sartre. Variable

PHIL 460 (3) Philosophy of the Arts
Aesthetic principles, theories, and the creative process. Theories of visual arts, music, literature, dance, etc. Spring

PHIL 465 (3) Philosophy of Film
This course investigates some of the central philosophical issues in our thinking about film, including questions about narrative, ontology, ethical criticism of film, the role of artistic intentions in interpretation, artistic medium, and the art/entertainment distinction. Spring

PHIL 474 (3) Philosophy of the Mind
The nature of consciousness, mind and body relations, freedom of action. Variable

PHIL 475 (3) Philosophical Issues in Cognitive Science
This course examines the conceptual and philosophical complexities of efforts to understand the mind in science. Topics include the differences and similarities between humans and other animals, the nature of psychological explanation, and reductive strategies for explaining consciousness, intentionality and language. Fall

PHIL 476 (3) Philosophy of Perception
Cognitive and epistemic issues surrounding sensory perception, including the nature of perception, its immediate objects, and its ability to deliver knowledge of the world. Variable

PHIL 477 (3) Animal Minds
Philosophical issues concerning the mental lives of non-human animals, with emphasis on consciousness, rationality, language, and implications for non-human animal ethics.

PHIL 480 (3) Philosophy of Science
Nature of explanations, causality, theoretical entities, and selected problems. Variable

PHIL 481 (3) Philosophy of Biology
The course examines conceptual and philosophical issues in biology, the nature and scope of biological explanation and conflicts between evolutionary and religious explanations for the origin of life.

PHIL 482 (3) Philosophy of Social Science
Examines the nature and methods of alternative strategies of theory construction in the social sciences and the metaphysical and epistemological assumptions and implications of such strategies. For example can people, their behavior and norms of rationality be understood in naturalist terms or must they be understood only in culturally local terms? Variable

PHIL 490 (1-6) Workshop
Special event of less than semester duration. Variable

PHIL 491 (1-6) In-Service
Variable

PHIL 495 (3) Philosophy Honors Thesis I
Restricted to Philosophy Honors students. Permission of department and instructor required.

PHIL 496 (1) Philosophy Honors Thesis II
Restricted to Philosophy Honors students. Permission of department and instructor required. Prerequisite: PHIL 495

PHIL 497 (1-6) Individual Study
Individual study of a philosopher or problem. Variable

PHILOSOPHY, POLITICS & ECONOMICS (PPE) BA AND BS

Philosophy, Politics & Economics (PPE)

College of Arts & Humanities
Department of Philosophy
227 Armstrong Hall • 507-389-2012

Director & Advisor for Philosophy: Craig Matarrese
Advisor for Political Science: Joe Kunkel
Advisor for Economics: Ved Sharma

The PPE major integrates the historical, methodological, theoretical, and practical foci of Philosophy, Political Science, and Economics to form a single course of study. The focus of the major is on the dynamic relationships between the economic, political, and legal systems of our society, relationships that require the analytical methods of all three disciplines to be understood fully. For example, the best way to understand our competitive market economy, certainly a fundamental institution of our society, is to explore its empirical, historical, political, and ethical dimensions. Indeed, if one considers the most influential historical figures in each of the three fields, e.g., John Locke, Adam Smith, David Hume, John Stuart Mill, G.W.F. Hegel, and Karl Marx, it is immediately clear that they recognized no rigid disciplinary boundaries between philosophy, political science, and economics, and that the strength of their views lies precisely in their grasp of the dynamic relationships between the systems that these disciplines study. Admittedly, the coherence of the major is expressed at a fairly abstract and analytical level; the content of the major can be broad and diverse, but all students who work through the major's curriculum will develop an appreciation of the complexity of our society’s central institutions and problems at the same time that they acquire the analytical facility to engage and critically evaluate them. Students in the major take a number of required core courses in Philosophy, Political Science, and Economics, (9 credits from each of the
three departments, a total of 27 credits). Majors must also choose which department they will focus in, their “concentration” (so specifically, one is “a PPE major with a concentration in Philosophy,” or “a PPE major with a concentration in Political Science,” etc.) Students then take 5 more upper-level courses in the concentration (15 credits), and two more upper-level courses from each of the other two departments (12 credits). Majors must also take a statistics course (3 credits), and a senior thesis or independent study course (3 credits). The total required number of credits then is 60, and 43 of them must be in upper-division courses. The PPE major, then, qualifies as a “broad major” that does not require a minor.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Admission to Major is granted by the Director of the PPE Program. Minimum university admission requirements are:

- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.0 (“C”).

Contact the director of the program for application procedures.

P/N Grading Policy. The P/N grading system applies to all courses, but majors and minors may take 300- or 400-level courses in philosophy for P/N credit only with the consent of the department.

PHILOSOPHY, POLITICS & ECONOMICS BA

Degree completion = 120 credits

Physics

College of Science, Engineering & Technology
Department of Physics & Astronomy
141 Trafton Science Center N • 507-389-5743
Website: cset.mnsu.edu/pa/

Chair: Thomas R. Brown

Faculty: Paul Eskridge, Analia Dall’Asen, Steven Kipp, Igor Kogoutiouk, Russell L Palma, Andrew D Roberts, Ha-Sheng Wu, Youwen Xu, Mark A Pickar

Physics is a science concerned with understanding the fundamental laws of nature. It explains physical phenomena in everyday life, such as motion, heat, electricity, magnetism and light. It studies the origin of the universe, the behavior of atoms and subatomic particles, and everything in between. Physics is the foundation of all fields of science and engineering.

The physics curriculum consists of sequences of interrelated courses that must be taken in the appropriate order. Mathematics is an important tool for physics. The courses taken by physics majors cover a variety of topics in classical and modern physics, and require significant preparations in mathematics. Well prepared students should complete the physics major in four years. The physics B.S. program prepares students for:
1. Further study in physics, engineering, or other fields for advanced degrees,
2. Entry into work in the public or private sectors,
3. Teaching physics in high schools if the B.S. in physics teaching degrees is earned.

Training in physics gives students strong abilities in critical thinking and problem solving, the two skills that are essential in any occupations.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Admission to the major is granted by the department. To be admitted to the major, a student must have a minimum of 32 earned credit hours and a minimum cumulative GPA of 2.00 (C).

Contact the College of Science, Engineering and Technology Advising Center for application procedures.

GPA policy. A minimum GPA of 2.0 in physics courses is required for graduation. P/N grading policy. All physics courses except PHYS 105 and PHYS 480 are open to P/N grading. However, a student majoring or minoring in physics must elect the grade option for all of the required courses except where P/N grading is mandatory.

A minimum of 25 percent of the required credits in physics must be taken at Minnesota State University, Mankato for both the major and the minor. Testing for credit by examination is available on a case-by-case basis as determined by the chairperson of the Physics and Astronomy department.

BS degree, Double major. Students majoring in physics often find a second major in mathematics to be an attractive option. If the BS degree in physics is combined with a BS degree in mathematics, then the following math courses are recommended: MATH 345, MATH 422, MATH 425, and MATH 447

PHYSICS BS

Degree completion = 120 credits

Students interested in physics preparation leading to professional opportunities or graduate study are encouraged to select this major.

Required General Education
MATH 121 Calculus I (4)
PHYS 221 General Physics I (4)

Major Common Core
CS 110 Computer Science I (4)
EE 230 Circuit Analysis I (3)
EE 240 Evaluation of Circuits I (1)
MATH 122 Calculus II (4)
MATH 223 Calculus III (4)
MATH 247 Linear Algebra I (4)
MATH 321 Ordinary Differential Equations (4)
PHYS 150 Explorations in Physics I(1)
PHYS 222 General Physics II (3)
PHYS 223 General Physics III (3)
PHYS 232 General Physics II Laboratory I(1)
PHYS 233 General Physics III Laboratory (1)
PHYS 335 Modern Physics I (3)
PHYS 336 Modern Physics II (3)
PHYS 441 Mechanics (4)
PHYS 447 Electricity & Magnetism I (3)
PHYS 448 Electricity & Magnetism II (3)
PHYS 457 Optics (3)
PHYS 461 Quantum Mechanics (4)
PHYS 465 Computer Applications in Physics (3)
PHYS 473 Statistical Physics (3)
PHYS 475W Advanced Laboratory (3)
PHYS 492 Seminar (1)

Major Unrestricted Electives
Required Electives (choose 4 credits)
AST 351 Telescope Operations (2)
AST 353 Photometry I (2)
AST 355 Astrometry I (2)
AST 357 Spectroscopy (2)
AST 420 Stellar Astrophysics (3)
AST 430 Galactic Structure (3)
EE 303 Introduction to Solid State Devices (3)
EE 304 Lab Introduction to Solid State Devices (1)
MATH 334 Concepts of Probability & Statistics (4)
MATH 411 Introduction to Complex Variables (4)
MATH 422 Partial Differential Equations (4)
MATH 470 Numerical Analysis I (4)
PHYS 417 Biophysics (2)
PHYS 453 Solid State Physics (3)
PHYS 493 Undergraduate Research (1-6)
PHYS 499 Individual Study (1-8)
STAT 354 Concepts of Probability & Statistics (4)

Required Minor: None.

PHYSICS MINOR

Required General Education
MATH 121 Calculus I (4)
PHYS 221 General Physics I (4)

Required Support Course
MATH 122 Calculus II (4)

Required for Minor
PHYS 222 General Physics II (3)
PHYS 223 General Physics III (3)
PHYS 335 Modern Physics I (3)
PHYS 336 Modern Physics II (3)
Required Elective (2-4 credits)
Choose a minimum of one course from the following courses:
PHYS 441 Mechanics (4)
PHYS 447 Electricity & Magnetism I (3)
PHYS 457 Optics (3)
PHYS 465 Computer Applications in Physics (3)
PHYS 473 Statistical Physics (3)
PHYS 475 Advanced Laboratory (3)

PHYSICS SCIENCE TEACHING BS
Degree completion = 120 credits

Other Graduation Requirements
See the SECONDARY EDUCATION section for admission requirements to Professional Education and a list of required professional education courses.

Required General Education (3 credits)

Recommended General Education (22-23 credits) Including MATH 121

Required General Science Core (31-33 credits)

Required for Major
MATH 122 Calculus II (4)
PHYS 335 Modern Physics I (3)
PHYS 336 Modern Physics II (3)
PHYS 381 Tutoring Physics (2)
PHYS 465 Computer Applications in Physics (3)
PHYS 482 Teaching Methods & Materials in Physical Science (4)
PHYS 493 Undergraduate Research (1-6) (2 credits required)

Electives (Minimum of 8 Credits)*
Students may use PHYS 221, PHYS 222, PHYS 223, PHYS 232 and PHYS 233 to fulfill their Physics Elective requirement only if PHYS 211 and PHYS 212 are completed successfully.

Alternatively, students with a strong interest in applying advanced mathematical skills to problems in physics are encouraged to choose a minimum of 8 credits* of higher level Physics or Mathematics as approved by the student's advisor to fulfill the Physics Elective requirement.

*This is reduced to 4 credits if PHYS 221, PHYS 222, PHYS 223, PHYS 232 and PHYS 233 have been taken in place of PHYS 211 and PHYS 212 in partial fulfillment of the General Science Core requirements.

Students intending to teach physics in states other than Minnesota are advised to select the BS Physics major and use elective credits to satisfy the professional education course requirements. For additional information confer with the science teaching advisor.

COURSE DESCRIPTIONS

PHYS 100 (3) Cultural Physics
Self-paced format, open laboratory component. Includes the history, philosophy and growth of science from myth to the present. Included are readings on Galileo, Newton, the Industrial Revolution, and the modern scientific revolution. The relationship of science to art, archaeology, politics, weapons, medicine, technology, research and development, and the universe are discussed. Lab included.
Fall, Spring
GE-3

PHYS 101 (3) Introductory Physics
A one semester course which covers the basic principles of physics on a conceptual level and with a minimal amount of math. The course provides an understanding of natural processes and their applications. Topics generally include mechanics, simple machines, atomic structure, heat, light and sound. Lecture and laboratory components.
Fall, Spring
GE-3

PHYS 102 (3) Physics in the World Around Us
A one semester course which covers the basic principles of physics on a conceptual level. The course provides an understanding of natural processes and their applications to technology (or how things work!), including the greenhouse effect and nuclear power. Lecture only.
Variable
GE-3

PHYS 105 (3) Time, Atomic Clocks, and Relativity
Self-paced format. Includes readings on time, telling time from sundials to atomic clocks; Albert Einstein (a biography of the primary developer of the Theory of Relativity); and the Theory of Relativity. All the readings are written to be understood by non-scientists.
Fall, Spring
GE-3

PHYS 150 (1) Explorations in Physics
This course offers an introduction to the field of physics, and prepares students for academic success in the program. Students will become familiar with current topics of physics research within the department and better understand the career paths available with a physics major.
Fall

PHYS 211 (4) Principles of Physics I
General background in physical concepts for those who do not plan advanced study in physics or engineering. Topics include mechanics, fluids, heat and thermodynamics. Lecture and laboratory.
Prerequisite: Either MATH 112 and MATH 113, or MATH 115; and high school physics or PHYS 101.
Fall, Spring
GE-2, GE-3

PHYS 212 (4) Principles of Physics II
Includes waves and sound, electricity and magnetism, light and optics, and topics in modern physics. Lecture and laboratory.
Prerequisite: PHYS 211
Fall, Spring

PHYS 221 (4) General Physics I
Designed for science and engineering students. Calculus-based physics. Covers elementary mechanics including kinematics, statics, equilibrium and dynamics of particles, work and energy, rotational motion, gravitation, and oscillation. Lecture and laboratory.
Prerequisite: MATH 121 with a “C” or better; and high school physics or PHYS 101.
Fall, Spring
GE-2, GE-3

PHYS 222 (3) General Physics II
Designed for science and engineering students. Calculus-based physics. Covers electrical charge and field, magnetic field and its sources; current and resistance; simple DC and AC circuits; and electromagnetic induction. Lecture only. (Associated laboratory course is PHYS 223.)
Prerequisite: MATH 122 with a “C” or better; and PHYS 221 with a “C” or better.
Fall, Spring

PHYS 223 (3) General Physics III
Designed for science and engineering students. Calculus-based physics. Covers fluids, thermodynamics, mechanical and sound waves, geometrical optics, physical optics, and modern physics. Lecture only. (Associated laboratory course is PHYS 223.)
Prerequisite: MATH 122 with a “C” or better; and PHYS 221 with a “C” or better.
Spring

PHYS 232 (1) General Physics II Laboratory
Designed for science and engineering students. Laboratory course accompanying PHYS 222. Experiments involving electric and magnetic fields, electric potential, electric and magnetic forces, and simple circuits. Laboratory only.
Prerequisite: PHYS 221 with a “C” or better; and PHYS 222 or concurrent.
Fall, Spring

PHYS 233 (1) General Physics III Laboratory
Designed for science and engineering students. Laboratory course accompanying PHYS 223. Experiments involving fluids, thermodynamics, mechanical waves, geometrical optics, and physical optics. Laboratory only.
Prerequisite: PHYS 221 with a “C” or better; and PHYS 223 or concurrent.
Spring

PHYS 335 (3) Modern Physics I
Prerequisite: MATH 122; PHYS 222 and concurrently with PHYS 223) or PHYS 212.
Spring
PHYS 336 (3) Modern Physics II
Topics include the basics of molecular structure and spectra, classical and quantum statistical physics, solid state physics, nuclear physics, and particle physics. The lab component will teach the operation of various radiation detectors, and use them to study the interaction of radiation with matter.
Prerequisite: PHYS 335
Fall

PHYS 381 (1-3) Tutoring Physics
Supervised experience as an instructional assistant. Must demonstrate ability in basic physics.
Prerequisite: Consent
Variable

PHYS 417 (2) Biophysics
This course bridges the gap between introductory physics and its application to the life and biomedical sciences. Topics include fluid flow, membrane transport, nerve conduction, imaging methods including MRI, CT, and nuclear imaging, radiotherapy, and health physics.
Prerequisite: MATH 121, PHYS 212 or PHYS 222
Variable

PHYS 441 (4) Mechanics
Rectilinear motion of a particle, general motion of a particle in three dimensions, Newtonian mechanics including harmonic oscillations, forced oscillations, central forces and orbital motion, collisions, noninertial reference systems, dynamics of a system of particles, rigid body motion, Lagrangian and Hamiltonian mechanics, normal coordinates.
Prerequisite: PHYS 222 or PHYS 223; and MATH 321 or consent.
Fall

PHYS 447 (3) Electricity & Magnetism I
Electrostatic fields, magnetostatic fields, steady currents, electromagnetic induction. Review of vector algebra.
Prerequisite: MATH 223 and MATH 321 and PHYS 222
Fall

PHYS 448 (3) Electricity & Magnetism II
Electromagnetic waves, propagation and radiation of waves, electrodynamics and relativity.
Prerequisite: PHYS 223 and PHYS 447
Spring

PHYS 453 (3) Solid State Physics
Atoms in crystals, wave in crystals, thermal vibrations of the crystal lattice, free electron model, band theory of solids, semiconductors and PN junctions, magnetism, and superconductivity.
Prerequisite: PHYS 335
Variable

PHYS 457 (3) Optics
Geometric optics, wave optics, properties of light and matter, optics of transformations, and quantum optics. Lecture and laboratory.
Prerequisite: MATH 122 and PHYS 223
Odd Spring

PHYS 461 (4) Quantum Mechanics
A systematic development of foundations of quantum mechanics. Observables, operators, state functions, expectation values. Matrix formulation of eigenvalue problems. The hydrogen atom, electron spin, angular momentum, and perturbation theory.
Prerequisite: PHYS 335, PHYS 441, MATH 247, MATH 321
Fall

PHYS 465 (3) Computer Applications in Physics
Numerical solutions of physics problems and computer simulations of physical systems. Lecture and laboratory.
Prerequisite: MATH 122, CS 110 and PHYS 222 or PHYS 223.
Fall

PHYS 473 (3) Statistical Physics
Fundamental principles of statistical physics, including theory of probability, kinetic theory of transport process, entropy, classical and quantum statistical ensembles, Bose and Fermi systems. Applications to thermodynamics and magnetic properties of solids.
Prerequisite: MATH 321 and PHYS 223
Fall/Spring

PHYS 475 (3) Advanced Laboratory
Experiments in modern physics, including solid-state physics and optics. Requires more independent work than introductory laboratories.
Prerequisite: PHYS 336 or consent
Spring

PHYS 475W (3) Advanced Laboratory
Experiments in modern physics, including solid-state physics and optics. Requires more independent work than introductory laboratories.
Prerequisite: PHYS 336 or consent
Spring

PHYS 480 (3) Lab Experiences in Physical Science
For prospective teachers in elementary schools. Topics include weather, weather forecasting and record keeping, simple machines, electricity, chemistry, sound, light, and others. May not count as a physics elective. Not available for P/N grading.
Fall, Spring

PHYS 482 (4) Teaching Methods and Materials in Physical Science
Current methods of teaching all physical sciences with emphasis on physics and chemistry. For students planning to teach at a middle school, secondary school, college, or a university.
Prerequisite: one year of chemistry and one year of physics, or consent
Spring

PHYS 490 (2-4) Workshop
A short course devoted to a specific topic in physics. May be repeated for credit on each new topic.
Variable

PHYS 491 (1-8) In-Service
A course designed to upgrade the qualifications of persons on-the-job.
Variable

PHYS 492 (1) Seminar
Students will attend research seminars presented by faculty in the department, or speakers from other institutions. Students also make and critique presentations made by themselves and other students. May be repeated for credit.
Prerequisite: Completed at least two upper division physics courses.
Spring

PHYS 493 (1-6) Undergraduate Research
Prerequisite: Consent
Variable

PHYS 495 (1-2) Selected Topics
A course in an area of physics not regularly offered. Topic and credit assigned by department each time offered.
Prerequisite: PHYS 335 and PHYS 336
Variable

PHYS 497 (1-16) Internship
Provides a student with the opportunity to gain expertise and experience in a special field under the supervision of a qualified person.
Prerequisite: Usually Sr. standing
Variable

PHYS 499 (1-8) Individual Study
Special arrangements must be made with an appropriate faculty member of the department office. May be repeated for credit on each new topic.
Prerequisite: Consent
Variable
Political Science

Policy and minor may be taken as P/N. Internship credits will not be counted as part of the program. The combination of a Political Science minor and Political Science major is not allowed. The combination of a Public Administration minor and Political Science major is not allowed.

Minimum Credit Requirement. All students (including transfer students) majoring in Political Science must take a minimum of 15 credits of Political Science courses at Minnesota State Mankato before graduation with BS in Political Science.

Minimum Credit Requirement. All students (including transfer students) majoring in Political Science must take a minimum of 12 credits of Political Science courses at Minnesota State Mankato before graduation with BA in Political Science.

Minimum Credit Requirement. All students (including transfer students) majoring in Political Science must take a minimum of 15 credits of Political Science courses at Minnesota State Mankato before graduation with BS in Political Science.

Minimum Credit Requirement. All students (including transfer students) majoring in Public Administration must take a minimum of 9 credits of Political Science courses at Minnesota State Mankato before graduation.

No more than six (6) credit hours of POL 491 (Internship) may be counted (as Unrestricted Elective credit) toward completing the Political Science major.

No more than six (6) credit hours taken toward completing the Political Science minor can be counted toward completing the International Relations major.

No more than the six (6) credit hours taken toward completing the International Relations major can be counted toward completing the Political Science major.

GPA Policy. Students must maintain an overall GPA of 2.0 in the Political Science major AND must earn a “C-“ or better for all courses in the Political Science major.

Pass/No Credit Policy. With the exception of internship credits, which must be taken on a P/N basis, no more than one-fourth of the credits in a political science major or minor may be taken as P/N. Internship credits will not be counted as part of the one-fourth limitation, but will be subtracted from the total hours required for the major or minor prior to the computation of the one-fourth limitation.

POLITICAL SCIENCE BA, BS AND MINORS

POLITICAL SCIENCE BA

Degree completion = 120 credits

Major Common Core

POL 111 United States Government (3)
POL 221 Introduction to Political Analysis (3)
POL 241 Introduction to Comparative Politics (3)

Major Restricted Electives

Choose Area 1, Area 2 or Area 3 as your concentration area. Within your chosen concentration area, complete at least 15 credit hours (concentration requirement: minimum 15 credit hours). Within the other two (non-concentration) areas, complete at least 3 credit hours each (distribution requirement: minimum 6 credit hours total).

Area 1: American Politics and Policy

POL 260 Introduction to Public Administration (3)
POL 321 Democracy and Citizenship (2)
POL 322 In-Service: Public Achievement (1-2)
POL 361 Public Budgeting (3)
POL 371 State & Local Government (3)

POL 476 Southern Politics (3)

Required Minor: Yes. Any.

POLITICAL SCIENCE MINOR

Required for Minor (18 credits)
Choose at least 18 credits, 12 credits at the 300-400 level.

POL Any Level POL Any Level POL 300-400

PUBLIC ADMINISTRATION MINOR

The study of Public Administration provides students with the skills needed to succeed in public-sector management. Skills include leadership and management, data and policy analysis, budgeting and finance, human resources as well as a working knowledge of public-sector governments and political environments.

Minor Core
(The following courses are required)

POL 111 United States Government (3)
POL 221 Introduction to Political Analysis (3)
POL 260 Introduction to Public Administration (3)
POL 371 State & Local Government (3)

Elective (6 credits)
Choose up to six credits from the courses listed below. At least three of the six credits must come from the Restricted Electives category.

Restricted Electives (choose 3-6 credits)
At least three of the six elective credits must come from these courses.

POL 361 Public Budgeting (3)
POL 451 Administrative Law (3)
POL 460 Topics in Public Policy/Administration (1-4)
POL 462 Collective Bargaining: Public Sector (3)
POL 463 Public Personnel Administration (3)

Unrestricted Electives (choose 0-3 credits)

POL 471 Public Opinion and Polling Methods (3)
POL 472 Urban Government (3)
POL 474 Executive Process (3)
POL 491 Internship (1-12)

COURSE DESCRIPTIONS

POL 100 (3) Introduction to Politics
Study of the nature of politics and government and their influence on society and human behavior.
Fall, Spring
GE-5

POL 101 (3) Introduction to Public Life
Combine study with action to remake yourself into a democratic citizen. Consider your beliefs, debate issues and learn political skills. Integrate these in practical public work on a real issue or project in a student group or community organization.
GE-9, GE-11

POL 103W (3) Thinking About Politics
This course is designed to help you to read, think and write critically about important concepts and issues in the study and practice of politics. It is intended to acquaint you with some of the great debates in political thought, increase your understanding of how political systems work and help you develop your research and writing skills.
WI, GE-2
POL 104 (3) Understanding the U.S. Constitution
Rejoin the political debates of 1787 to understand the US Constitution. Compare the founding document with amendments, later usage and Supreme Court interpretations. Examine controversies over the meaning of the Constitution using the methods of political philosophers, historians, and legal scholars. GE-5

POL 106 (3) Politics in the World Community
This introductory course examines key concepts and issues in contemporary world politics. It is a survey course covering topics including political culture, the political impact of economic globalization, the changing role of the state, nationality and ethnic identity, and issues of oppression and empowerment. GE-8

POL 111 (3) United States Government
Become informed enough to play your part in governing the United States. Start by learning about the Constitution, our rights and freedoms, how the national government works and the opportunities and challenges of citizen influence. Political Science methods, and the challenges of citizenship are emphasized. GE-5, GE-9

POL 201 (1-3) Issues in Politics
Various topics of current interest. Topics covered in the past include political corruption, contemporary ideologies, revolution, understanding the United States Constitution, political films. Course may be taken more than once for credit. Fall, Spring

POL 221 (3) Introduction to Political Analysis
Elementary analytical concepts and basic techniques for understanding and doing research in political science. Fall, Spring

POL 231 (3) World Politics
An introduction to the dynamics of interactions among sovereign states and other global actors. Fall, Spring

POL 234 (3) Model United Nations
The course is intended to prepare students to participate in the model UN. Students learn about issues before the UN and acquire a variety of communication and negotiating skills as they model the role of ambassadors. Variable GE-1B, GE-8

POL 241 (3) Introduction to Comparative Politics
This course is designed to acquaint undergraduates with the data and methods of comparative politics. Approaches to the study of comparative politics may include country studies, regional studies, global surveys focusing on specific policy areas or other issues, and general comparative theory. Fall, Spring

POL 260 (3) Introduction to Public Administration
A survey of the topics relative to administration in the public sector, including the history of public administration, organization theory, leadership and management, human resources management, budgeting and finance, policy analysis, program evaluation, and government regulation. Fall, Spring

POL 311 (3) Ancient & Medieval Political Philosophy
A survey of Western political philosophy from Plato through the Conciliar Movement. An examination of the origin and development of basic concepts defining the relationship between the person and the state: human nature, community, authority, power, legitimacy, obligation, accountability, government, liberty and personal responsibility. Fall

POL 312 (3) Early Modern Political Philosophy
A survey of Western political philosophy from Machiavelli through Edmund Burke. An examination of the development of ideas about government from the 15th Century through the 18th Century. Emphasis is placed on origins of political authority, purposes for which government exists, relationships between government authority and individual rights, civic virtue, republicanism and democracy. Spring

POL 313 (3) Modern Political Philosophy
A survey of Western political philosophy from Hegel through the postmodernist writers. An examination of 19th and 20th Century political philosophers emphasizing German transcendentalism, utilitarianism, economic determinism, state socialism, neoliberalism, communitarianism and postmodernity. Variable

POL 321 (3) Democracy and Citizenship
Students learn about active citizenship from readings and discussions on the theory and practice of democracy. Students should become more motivated to participate, feel a greater sense of empowerment, improve political skills, and better understand and appreciate democracy. Co-requisite: POL 222 Fall, Spring

POL 361 (3) Public Budgeting
An overview of the budgetary and fiscal processes of public budgeting, including the politics surrounding public budgeting and fiscal policy decisions. Variable

POL 371 (3) State & Local Government
Institutions, processes, intergovernmental relations, and politics of U.S. state and local governments. Fall, Spring

POL 391 (1-4) Colloquium
Topics will vary. Typically each session of this colloquium is lead by a different speaker. The emphasis is upon the exchange of views. A single instructor typically will coordinate the colloquium and be responsible for the administrative aspects of the course. Prerequisite: Consent of advisor Variable

POL 410 (1-4) Topics in Political Philosophy
This course explores topics in political philosophy beyond what is covered in the existing curriculum. Students study specialized topics of current importance in the field. Specific topics will change depending on the term and instructor. May be retaken with change of topic. Variable

POL 414 (3) Early United States Political Thought
Political thought in the United States from the colonial period to the Civil War. Puritan, American revolution, republicanism, debate over United States Constitution, Jacksonian Democracy, Thoreau, reformers and religious and secular utopias, women’s rights, state’s rights, abolitionism, slavery. Variable

POL 415 (3) Recent United States Political Thought
Political thought in United States from reconstruction to present. Controversies over industrial capitalism: Social Darwinism, Utopian Socialism, Populism, Socialism, Proselytism. Women’s Rights, suffrage movement and contemporary feminism, African American political thought: liberalism, conservatism. Variable

POL 416 (3) Nonwestern Political Philosophy
This course introduces students to the political philosophies of major thinkers from Asia, Africa and the Middle East. The course is designed to enhance students analytical and writing skills. Variable

POL 420 (3) Topics: Participation and Behavior
This course explores topics in political participation and behavior beyond what is covered in the existing curriculum. Students study specialized topics of current importance in the field. Specific topics will change depending on the term and instructor. May be retaken with change of topic.

POL 422 (3) Campaigns & Elections
Election in the United States at the federal, state and local levels. Election law, history, factors affecting elections, voting behavior, campaign finance, role of parties and groups, campaign strategy and tactics. Analysis of contemporary elections. Fall

POL 423 (3) Political Parties

POL 424 (3) Women & Politics
Politics impact on women: women’s impact on politics and governance, primary focus on United States but some comparative considerations. Variable
POL 425 (3) Terrorism & Political Violence
History, philosophy, techniques and countermeasures to terroristic and low intensity threats to public order. Both domestic and international terror. The blurring of the lines between low intensity conflict/terrorism and multinational high intensity crime. Same as LAVE 438
Variable

POL 426 (3) Racial and Ethnic Politics
Racial and ethnic minorities in U.S. politics. Public opinion on racial issues, minority representation, race (partisanship and voting behavior), and racial issues (affirmative action, school busing, immigration).

POL 427 (3) Political Psychology
Applications of psychological concepts to politics. Intergroup relations, stereotyping, political authoritarianism, presidential character and psychology, foreign policy, decision-making, political tolerance, and mass violence and genocide.

POL 430 (1-4) Topics in International Relations
This course explores topics in international relations beyond what is covered in the existing curriculum. Students study specialized topics of current importance in the field. Specific topics will change depending on the term and instructor. May be retaken with a change of topic.
Prerequisite: POL 231
Variable

POL 431 (3) International Relations
An advanced theoretical survey of the dynamics of politics and political change at the global level.
Prerequisite: POL 231
Spring

POL 432 (3) International Law
A study of the legal norms and institutions which influence international and transnational relations.
Prerequisite: POL 231
Variable

POL 433 (3) International Organization
Study of the function and process of the United Nations and other international organizations.
Prerequisite: POL 231
Spring

POL 434 (3) United States Foreign Policy
This course is a general overview of US foreign policy institutions, processes, and politics. U.S. foreign policy is examined in historical, global and domestic contexts.
Prerequisite: POL 231
Variable

POL 435 (3) Capitalism, Nationalism, and Democracy
This course explores the interaction of the three complex contemporary political and socioeconomic phenomena: the continuing expansion of global capitalism, the rise of nationalism(s), and the new wave of democratization around the world. The following topics are covered and discussed in class, with references to specific country and regional examples, (1) the impact of international economic institutions and democratization, (2) new forms of political participation in emerging democracies, (3) cultural and ethnic determinants of democratization, (4) problems of economic inequality in new democracies, (5) social and gender issues of democratic transitions, and (6) the relationship between democratic expansion and world peace. Course format will be lecture, discussion, student presentations and occasional films.
Prerequisite: POL 241

POL 436 (3) International Political Economy
Focusing on patterns, processes, and problems of international trade, monetary, technological, and investment relations, this course examines the roles played by key government organizations in managing conflict and cooperation among states.
Prerequisite: POL 231

POL 437 (3) International Conflict Resolution
This interdisciplinary proseminar focuses on conflict resolution in the international arena. We will discuss causes of conflict, examine approaches to the study of conflict resolution, and analyze the varieties of nonviolent strategies of conflict resolution, emphasizing third party mediation.
Prerequisite: POL 231

POL 438 (3) International Relations of East Asia
An overview of the international relations of East Asia, the course examines cooperation and conflict among major powers in the area: China, Japan and the United States. Topics include Japan’s pre-WWII expansionism, China’s political transformation and North Korea’s nuclear controversy.
Fall, Spring

This course offers a cross-national perspective on the politics of social policy and the welfare state in industrialized parts of the world, including North and South America and different regions of Europe. It also explores distinct national patterns of public policy solutions to the common contemporary problems of social security, poverty, and health care by paying close attention to both domestic factors and the forces of globalization that work to constrain government decisions. This multidimensional approach is designed to enable students to better understand how politics work in different ways to produce collective or social choices.
Prerequisite: POL 241

Variable

POL 440 (1-4) Topics in Comparative Politics
This course explores topics in comparative politics beyond what is covered in the existing curriculum. Students study specialized topics of current importance in the field. Specific topics will change depending on the term and instructor. May be retaken with a change of topic.
Prerequisite: POL 241
Variable

POL 441 (3) Russia & Neighboring States Politics
This course focuses on the Russian political system in relation to domestic social and economic environments and also on the role of Russia as a global actor. It examines the post communist transformation in Russia and other former Soviet republics.
Prerequisite: POL 241
Variable

POL 442 (3) South Asia: Politics & Policy
This course introduces students to the governments and politics of the South Asian countries. The historical and cultural context of politics are explored, as well as contemporary issues.
Prerequisite: POL 241
Variable

POL 443 (3) Middle East Politics
This class explores the dynamics that determine politics and effect change in the region. Using a comparative perspective for the major countries in the region, we examine such issues as Islam, nationalism, resources, regional conflicts, impact of the international system, and political development.
Prerequisite: POL 241
Fall

POL 444 (3) Latin American Politics
This course includes a detailed analysis of select countries and theoretical concerns in Latin American studies. Its general goal is to provide students with the knowledge of Latin American politics and societies in both regional and comparative contexts.
Prerequisite: POL 241
Variable

POL 445 (3) Asia Pacific Rim: Politics & Policy
Survey of the political processes, governmental institutions and policies of the countries of the Asian Pacific Rim, with special emphasis on China, Japan and the newly industrializing states of Southeast Asia.
Prerequisite: POL 241
Variable

POL 446 (3) African Politics
This course is designed to acquaint undergraduate and graduate students with key concepts and issues in the study of African politics. The historical and cultural context of politics is explored, as well as topics of current importance in the field.
Prerequisite: POL 241
Spring

POL 447 (3) European Democracies
This course discusses government institutions, political developments, and policy-making structures of contemporary Europe, including the former communist countries of East/Central Europe and the Balkans. It will also cover the ongoing process of European integration (European Union) and democratization of the former Soviet bloc countries. Some of the topics covered will include: elections, party systems, federalism and devolution, ethnic and minority policy, social policy, economic reforms, gender and politics, and cross-Atlantic relations with the US.
Prerequisite: POL 241
Variable
POL 448 (3) Political Development & Change
This course introduces students to key issues and concepts in the study of political and economic development. Both theoretical approaches and empirical data are presented. The course is also designed to enhance students' analytical and research skills.
Prerequisite: POL 241
Fall

POL 449 (3) Comparative Criminal Justice Systems
A comparison of criminal justice philosophies, structures, and procedures found in various countries around the world.
Same as LAWV 434
Variable

POL 450 (1-4) Topics in Public Law
This course explores topics in public law beyond what is covered in the existing curriculum. Students study specialized topics of current importance in the field. Specific topics will change depending on the term and instructor. May be retaken with a change of topic.
Variable

POL 451 (3) Administrative Law
Legal procedures by which state and federal administrative agencies exercise legislative, judicial and executive powers. Emphasis is placed on the constitutional position of administrative agencies, the rule making process, the power of agencies to decide rights and obligations concerning individual cases, and judicial control of administrative action.
Fall

POL 452 (3) Jurisprudence
Philosophy and sources of law. Schools of legal philosophy and types of legal thinking. Emphasis is placed on Classical Natural Law, Analytical Legal Positivism, Legal Realism and Critical Legal Studies. Same as LAWVE 435.
Fall

POL 453 (3) Constitutional Law
Review of selected U.S. Supreme Court decisions relating to the powers of the President, Congress and the Judiciary, as well as the division of power between the states and the federal government. Focus is on case briefing, underlying rationales, and the development of individual analytical abilities.
Variable

POL 454 (3) Civil Liberties
Review of selected U.S. Supreme Court decisions interpreting areas such as substantive due process, abortion, speech, press, religion, and equal protection. Focus is on the rationale which underlies decisions and the development of individual analytical abilities. Same as LAWVE 436.
Variable

POL 455 (3) American Legal Philosophy
This course examines major schools in American legal thought from the dawn of the 20th century to the present day. Our focus will lie with turn-of-the-century formalism, legal realism, the legal process school, law and economics, and critical legal studies. We will apply legal reasoning from these schools to selected controversial 20th-century Supreme Court cases on church-state issues, gay and lesbian rights, privacy rights, criminal defendants' rights and other issues as appropriate.

POL 460 (1-4) Topics in Public Policy/Administration
This course explores topics in public policy and public administration beyond what is covered in the existing curriculum. Students study specialized topics of current importance in the field. Specific topics will change depending on the term and instructor. May be retaken with a change of topic.
Variable

POL 461 (3) Environmental Politics
Politics of the natural environment (U.S. focus). Environmental and opposition values; roles of public opinion, Congress, presidency and courts in environmental policymaking. Policy areas include: air/water pollution, climate change, hazardous/nuclear waste, sustainable development, and common problems like overfishing.
Variable

POL 462 (3) Collective Bargaining: Public Sector
A broadly based introduction to the issues, processes, and techniques of public sector labor relations.
Variable

POL 463 (3) Public Personnel Administration
The development of public personnel management in federal, state and local governments; strategic planning and policy making, position management, staffing, performance management, workplace relations.
Fall

POL 464 (3) Aging: Policy Issues
The public policy process and issues as related to the generations, particularly to older Americans. Focuses on the policy context as well as the specific policies and programs.
Spring

POL 470 (1-4) Topics in Institutions & Process
This course explores topics in political institutions and process beyond what is covered in the existing curriculum. Students study specialized topics of current importance in the field. Specific topics will change depending on the term and instructor. May be retaken with a change of topic.
Variable

POL 471 (3) Public Opinion and Polling Methods
This course examines public opinion in American politics. Topics include the definition, nature and consequences of public opinion; political socialization; public opinion on selected issues; intergroup differences in public opinion, and public opinion polling methods.
Variable

POL 472 (3) Urban Government
Politics of cities and metropolitan areas. Impact of race, class, gender, immigrant status issues. Intergovernmental relations, how citizens can influence urban politics.
Variable

POL 473 (3) Legislative Process
United States Congress and state legislatures, with some cross-national comparisons. Legislative structure, powers; districting, elections, representation, constituency relations; committee system, parties, law-making process, rules and procedure, decision-making, relations with executives and courts. Reforms.
Spring

POL 474 (3) Executive Process
Examination of executive politics in United States at a federal and state level, with some cross-national comparisons. United States presidency and executive branch, governors and state executive branches, mayors, and other local executives.
Variable

POL 475 (3) Judicial Process
An examination of the structure, jurisdiction and processes of federal and state courts. Also studied are judicial decision-making, the selection of judges and justices. Same as LAWVE 437.
Variable

POL 476 (3) Southern Politics
The course examines politics in the American South. It examines the historical and cultural roots of Southern distinctiveness, traditionalistic political culture, racial conflicts, hostility toward organized labor, religious fundamentalism, tolerance of state violence, and social and moral conservatism. Major attention is paid to the realignment of white Southerners toward the Republican Party.
Variable

POL 480 (3) Topics in Political Methods
This course explores topics in political science research methods beyond what is covered in the existing curriculum. Students study specialized topics of current importance in the field. Specific topics will change depending on the term and instructor. May be retaken with a change of topic.
Variable

POL 490 (1-6) Workshop
Selected topics. May be repeated with change of topic.
Variable

POL 491 (1-12) Internship
Field placement with a governmental agency or related organization. Provides a learning experience in which the student can integrate and apply knowledge and theory derived from curriculum. P/N only.
Variable

POL 492 (1-5) Individual Study
Advanced study and research on topics not currently available in existing courses. May be repeated with a change of topic. Requires advisor and instructor approval of topic.
Variable

PSYCHOLOGY BA, BS AND MINOR

Psychology
College of Social & Behavioral Sciences
Department of Psychology
23 Armstrong Hall • 507-389-2724
Website: www.mnsu.edu/psych/
Chair: Andi Lassiter

Faculty: Dawn Albertson, Bradley Ansznov, Jeffrey Brown, Jeffrey Buchanan, Kristie Campana, Elizabeth Fillor, Kevin Filter, Daniel Houlihan, Rosemary Krawczyk, Moses Langlely, Karla Lasonde, Carlos Panahon, Lisa Perez, Shawn Petersen-Brown, Daniel Sachau, Sarah Silers, Eric Sprankle, Emily Stark

Psychology is the scientific study of the effects of individual, social, physiological, developmental, and environmental factors on thoughts, feelings and behavior. Psychology courses seek to teach students about the methods of psychological inquiry and the findings of psychological research.

Students study psychology because they wish to prepare for a professional careers as a psychologist or social scientist, because they are planning a career in which the understanding of human behavior is important, or simply because they wish to develop a greater understanding of themselves and others. The practice of psychology at the professional level requires a graduate degree beyond the bachelor’s degree.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
Admission to Major is granted by the department. Department admissions requirements are:
• a minimum of 32 earned semester credit hours.
• a minimum cumulative GPA of 2.7
• completion of PSYC 201 (Statistics) with a grade of “C-” or better.
Contact the department for application procedures.

Residency Requirement. All majors must complete 28 of the required 40 credits within the Department of Psychology at Minnesota State University, Mankato. The department will not accept transfer courses at the 200-level for our major restricted electives, except in a case by case basis.

GPA Policy. Any Psychology course in which a grade of less than “C-” (or P) is earned will not be counted toward a major or minor in psychology.

P/N Grading Policy. No more than 8 credits of the major or 4 credits of the minor may be taken for P/N credit. PSYC 291 is only available on a P/N basis.

Teaching Psychology. Students who intend to gain initial licensure to teach psychology in Minnesota schools need to meet the requirements of the social studies BS (teaching) program as described in the Social Studies section of this catalog.

PSYCHOLOGY BA
Degree completion = 120 credits

Prerequisites to the Major
PSYC 101 Introduction to Psychological Science (4)

Major Common Core
PSYC 201 Statistics for Psychology (4)
PSYC 211W Research Methods and Design (4)
PSYC 409 History and Systems (4)

Major Restricted Electives
(choose one course from each of the four areas)
Biological (choose 4 credits)
PSYC 321 Brain and Behavior (4)
PSYC 413 Sensation & Perception (4)
PSYC 420 Psychopharmacology (4)
PSYC 421 Behavior Neuroscience (4)
PSYC 425W Behavior Genetics (4)

Cognition (choose 4 credits)
PSYC 325 Introduction to Cognitive Psychology (4)
PSYC 414 Learning (4)
PSYC 415 Human Memory (4)

Developmental (choose 4 credits)
PSYC 343 Introduction to Developmental Psychology (4)
PSYC 433 Child Psychology (4)
PSYC 436 Adolescent Psychology (4)
PSYC 466 Psychology of Aging (4)

Psychology (choose 3-4 credits)
PSYC 340 Social Psychology (4)
PSYC 356 Personality Theories (3)
PSYC 358 Cultural Psychology (4)
PSYC 455 Abnormal Psychology (4)

Major Unrestricted Electives
Choose 12 - 13 Credit(s).
Choose from any psychology courses not previously used.

PSYC 102 - 499

Other Graduation Requirements
Choose 8 credit(s):
take one series
Language

Required Minor: Yes. Any.

PSYCHOLOGY BS
Degree completion = 120 credits

Prerequisites to the Major
PSYC 101 Introduction to Psychological Science (4)

Major Common Core
PSYC 201 Statistics for Psychology (4)
PSYC 211W Research Methods and Design (4)
PSYC 409 History and Systems (4)

PSYC 423 Cognitive Neuroscience (4)

Developmental (choose 3-4 credits)
PSYC 433 Child Psychology (4)
PSYC 436 Adolescent Psychology (4)
PSYC 343 Introduction to Developmental Psychology (4)
PSYC 466 Psychology of Aging (4)

Personality/Social (choose 3-4 credits)
PSYC 340 Social Psychology (4)
PSYC 356 Personality Theories (3)
PSYC 358 Cultural Psychology (4)
PSYC 455 Abnormal Psychology (4)

Major Unrestricted Electives
Choose 12 - 13 Credit(s).
Choose from any psychology courses not previously used.

PSYC 102 - 499
Required Minor: Yes. Any.

PSYCHOLOGY MINOR

Core
PSYC 101 Introduction to Psychological Science (4)

Elective
Choose 17 credits of elective courses in Psychology, including at least 8 upper-level credits (300- or 400-level).

COURSE DESCRIPTIONS

PSYC 101 (4) Introduction to Psychological Science
This course is designed to provide a thorough introduction to the broad spectrum of theories and applications that make up the field of psychology.
Fall, Spring
GE-5

PSYC 103W (3) Psychology Today
Introduces students to major issues in society that impact their lives, behaviors, and the way they think. Course requires student to critically address controversial and non-controversial issues through clear arguments, intensive writings, research and presentations.
Spring
WI, GE-2

PSYC 201 (4) Statistics for Psychology
1.) Learn the importance of statistics for understanding human behavior. 2.) Apply basic statistical concepts to questions about human behavior. 3.) Conduct basic statistical tests and make inferences about human behavior. 4.) Prepare students in the psychology major to take PSYC 211W-Research Methods and Design.
Prerequisite: MATH 112 or STAT 154
Fall, Spring

PSYC 202 (1) Careers in Psychology
Exploration of various degrees and types of careers available in psychology, and what psychologists do.
Fall, Spring

PSYC 205 (3) Psychology of Sexual Health
An overview of the psychological aspects of sexuality including the assessment and treatment of sexual disorders, gender development and identity, sexual orientation, behavioral effects on sexual health, and sexual offending and trauma.
Variable

PSYC 206 (4) The Human Mind
An overview of psychology from the cognitive perspective. What we know about the mental processes that underlie human activities and how we study them.

Spring
GE-3

PSYC 211W (4) Research Methods and Design
An introduction to the major components of research methodology in psychology. This is a writing intensive course and involves the processing, interpretation, and exposition of behavioral data.
Prerequisite: Must have a minimum total cumulative GPA of 2.70 or instructor permission to enroll; PSYC 201
Fall, Spring
WI

PSYC 230 (3) Child Care Psychology
This course is designed to develop an understanding of major variables that impact the psychological development of children. Emphasis will be placed on what parents and other care givers can do to maximize the healthy psychological development of their children.
Fall, Spring
Diverse Cultures - Gold

PSYC 240 (3) Personal Adjustment
Understanding oneself and increasing one's satisfaction in living.
Fall, Spring

PSYC 291 (1-4) Tutoring Psychology
Application of the principles of learning to the instruction of students.
Permission required. Prerequisite: PSYC 101
Fall, Spring

PSYC 303 (3) Introduction to Clinical Psychology
This course is designed for psychology majors who plan careers in professional psychology (clinical, school, etc.). The purpose of the course is to assist students in developing the skills necessary to compete for graduate school placement. It is advised that students complete this course during their sophomore or junior year.
Fall

PSYC 304 (2) Introduction to School Psychology
This course is designed to introduce students to school psychology. The course will broadly address prominent topics in the field as well as assist students in deciding on graduate school and career objectives.
Spring

PSYC 321 (4) Brain and Behavior
This course will introduce students to the relationship between the structure and function of the nervous system to the underlying biological processes of behavior.
Prerequisite: PSYC 201, PSYC 211W
Fall, Spring

PSYC 325 (4) Introduction to Cognitive Psychology
Explores the scientific study of human cognition and provides students with broad coverage of the mental processes used to acquire, process, and retain knowledge. Students will examine basic concepts and research findings in topics of human cognition such as perception, attention, memory, reading, and problem solving. Concepts in Cognitive Psychology will be related to everyday behaviors and experiences.
Prerequisite: PSYC 201 & PSYC 211W
Fall, Spring

PSYC 340 (4) Social Psychology
An exploration of theories and research related to the ways that the social environment affects people’s behavior.
Prerequisite: PSYC 101
Fall, Spring

PSYC 343 (4) Introduction to Developmental Psychology
This course examines changes in human behavior over the entire lifespan from conception to death. Topics cover developmental changes in physical, cognitive, and social domains. Traditional theories are integrated with current findings of developmental researchers.
Prerequisite: PSYC 101
On Demand: Fall, Spring, Summer
PSYC 356 (3) Personality Theories
Major theories of normal personality formation, organization, and structure. Prerequisite: 8 PSYC credits
Fall, Spring

PSYC 358 (4) Cultural Psychology
Cultural psychology is an interdisciplinary field that unites psychologists, anthropologists, linguists and philosophers to study how cultural meanings, practices and institutions influence and reflect individual human psychologies. Cultural influences on cognition, perception, emotion, motivation, moral reasoning, and well-being will be discussed with a view towards understanding divergent mentalities by drawing primarily from studies comparing Eastern and Western cultures, as well as some ethnic group companions within the United States. Students should come out of this course with an appreciation for the capacity for humans to create psychological diversity. Spring

PSYC 389 (3) Psychology and the Law
This course will introduce you to specific psychological theories and research that have been applied to the United States legal system. Course topics include eyewitness testimony and memory, false confessions, lie detection, gender and ethnicity, and jury processes, among others. Variable

PSYC 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and an adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information. Prerequisite: PSYC 101. At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply. Fall, Spring, Summer

PSYC 405 (4) Motivation
Major concepts of human motivation and emotion, presentation of learned cognitive and biological influences on sustained behavior. Prerequisite: PSYC 211W
Fall

PSYC 409 (4) History and Systems
Examination of the historical origins of the principal contemporary psychological theories. Fall, Spring

PSYC 413 (4) Sensation & Perception
How the senses respond to environmental stimuli and how the information they provide is organized into meaningful patterns that make up our experience of the physical world. The effects of maturation and learning in altering those patterns as also considered. Prerequisite: PSYC 211W
On Demand: Fall, Spring, Summer

PSYC 414 (4) Learning
This course provides a broad overview and analysis of the major theories of human and animal learning. Prerequisite: PSYC 101
Fall

PSYC 415 (4) Human Memory
This course covers experimental and behavioral studies of human memory including long- and short-term memory, memory for text, pictures, spatial information, and autobiographical events. Emphasis on real-world situations, including education, in which memory and learning play a role. Prerequisite: PSYC 211W
On Demand: Fall, Spring, Summer

PSYC 419 (4) Psychometric Theory
An overview of development, use, and validation of psychological tests. Topics include reliability and validity, test construction, item analysis, ethics, test administration and scoring, and computerized testing. Prerequisite: PSYC 211W
On Demand: Fall, Spring, Summer

PSYC 420 (4) Psychopharmacology
Biological foundations of the actions of psychoactive drugs. Neuroanatomy structure and function, neuropsychology, pharmacokinetics and pharmacodynamics will be covered in detail. Relevant classes of drugs will be highlighted with an eye toward their history, mechanisms of action, effects, and treatments. Prerequisite: PSYC 211W
Spring

PSYC 421 (4) Behavior Neuroscience
Biological basis of psychological processes and behavior. Neuroanatomy, neural function, and laboratory methods of investigation will be explored in relation to topics such as sleep, memory, language, intelligence and psychological disorders. Prerequisite: PSYC 201, and either PSYC 207 or PSYC 211
Fall, Spring

PSYC 423 (4) Cognitive Neuroscience
The goal of neuroscience is to understand the human mind. This goal is approached by revealing the brain processes involved in how we perceive, think, remember, and move. Brain development, communication, and plasticity at the neural level are all described. Prerequisite: PSYC 421
Spring

PSYC 425W (4) Behavior Genetics
This writing intensive course provides an overview of the application of genetics methods to the study of behavior. We will examine the basic concepts in genetics with an emphasis on behavioral phenotypes, evolution and evolutionary psychology and the genetics of the individual differences. Prerequisite: PSYC 211W
Variable

PSYC 430 (4) Advanced Topics in Biological Psychology
This course provides students with an overview of the fundamental principles and current research on selected topics in biological psychology through critical evaluation and discussion. Prerequisite: PSYC 201, PSYC 211W
Fall, Spring

PSYC 433 (4) Child Psychology
Physical, social, emotional, intellectual, and personality development from conception to preadolescence. Focus on interplay between maturation and experience. Prerequisite: PSYC 101
Fall, Spring

PSYC 435 (4) Developmental Psychopathology
This course is designed to provide a survey of psychopathology in children. It introduces selected topics and issues relating to the emotional, social, cognitive, and behavioral health of children. The course will address problems in infants to adolescents in the home, school, and community. Topics will include models of "normal" and abnormal development, environmental and dispositional factors relating to behavior, psychopathology, etiology, assessment, and diagnosis of major childhood emotional and behavioral disorders. Discussion of treatment of behavior disorders will be included. Prerequisite: PSYC 101
On Demand: Fall, Spring, Summer

PSYC 436 (4) Adolescent Psychology
This class covers the development of the individual from the age of 11 to 19 years of age. Discussion will include aspects of both normal and abnormal development. Fall, Spring

PSYC 442 (3) Group Psychology
Exploring factors affecting leadership and effective group processes through lectures and discussion of theories and findings and through experiential activities. Prerequisite: PSYC 101
Variable

PSYC 443 (3) Advanced Social Psychology
An in-depth examination of social psychological research in laboratory and field settings. Prerequisite: PSYC 211W, PSYC 340 or PSYC 358
WI

PSYC 450 (4) Advanced Cognitive Psychology
Advanced Cognitive Psychology introduces students to key research papers in the field of human cognition. Through reading, writing, and the study of experimental design, students will advance their understanding of cognitive psychology and develop their ability to critically review and evaluate research. Prerequisite: PSYC 325 or PSYC 414 or PSYC 415
Fall (On Demand), Spring (On Demand)
PSYC 455 (4) Abnormal Psychology
This course is designed to increase the student's awareness and understanding of abnormal psychology. Students will become familiar with clinical descriptions, course of onset, and treatment regimens specific to various disorders.
Prerequisite: 8 PSYC credits
Fall, Spring

PSYC 460W (3) Psychology of Women
A critical examination of current psychological approaches to the study of women's behavior and experience. The course will emphasize empirical ways of knowing and address psychological questions of central concern to women. Development of gender differences also will be explored.
Prerequisite: PSYC 101
Spring
WI
Diverse Cultures - Purple

PSYC 461 (3) Marketing Psychology
Analysis of product marketing and consumer purchasing strategies and their determinants.
Prerequisite: 8 PSYC credits
Fall

PSYC 463 (4) Survey of Industrial/Organizational Psychology
An examination of the psychological aspects of human behavior in the workplace. Topics include history of Industrial/Organizational psychology, job analysis, performance measurement, predictors of performance, making personnel decisions, training, satisfaction, social perception, motivation, communication, group process, leadership, and organizational culture.
Prerequisite: PSYC 201, PSYC 211W
On Demand: Fall, Spring, Summer

PSYC 466 (4) Psychology of Aging
Aging process and development during the adult years; psychology and physiological concerns of the aging individual, dealing with death.
Prerequisite: PSYC 101
Spring

PSYC 476 (4) Applied Behavior Analysis
This course provides an overview of the procedures and processes of behavior change in applied contexts. Topics include functional assessment, behavioral intervention planning, and specific applied behavioral analytic interventions with an emphasis on nonaversive options.
Prerequisite: PSYC 211W
Spring

PSYC 478 (4) Health Psychology
The interface of behavioral and medical science is explored. Research on environmental and learning factors in the etiology and treatment of physical disease and rehabilitation is examined. Specific topics include pain management, medical compliance, behavior disorders in nursing homes and on chronic illnesses.
Prerequisite: Three courses in PSYC
Spring

PSYC 485 (1-4) Topics in Applied Psychology
Specific topics depend on the instructor; all will focus on applications of psychology in current contexts and/or issues. May be retaken for credit.
Prerequisite: PSYC 101
On Demand: Fall and Spring

PSYC 489 (1-5) Advanced Topics
Application of psychology to topics of current interest. May be retaken for credit. Variable

PSYC 490 (1-3) Workshop
Topics to be announced. May be retaken for credit.
Fall, Spring

PSYC 491 (1) In-Service: Issues in Behavior Therapy
Current issues in Behavior Therapy are addressed. Students participate in off-campus didactic activities such as attendance at grand rounds at local hospitals, attendance at national, regional or local professional conferences, and augment learning with library research. Topics vary and students may repeat for credit.
Prerequisite: Consent. Academic and experience in human services strongly recommended.
Fall, Spring

PSYC 496 (2) Laboratory Research in Psychology
Individualized research experience with a faculty mentor in the psychology department. You will gain specific research experience as designed by a faculty mentor. To register for this course, you must first apply and be accepted to join a psychology faculty members' research team.
Prerequisite: PSYC 211W
Fall, Spring

PSYC 497 (1-8) Field Experience
A learning experience integrated with the student's course of study, to be developed with an advisor and the field experience coordinator. May be retaken for credit up to an 8 credit total for all enrollments. Available for P/N grading only.
Prerequisite: 9 credits of PSYC
Fall, Spring

PSYC 499 (1-4) Individual Study
Individualized learning under faculty supervision.
Fall, Spring

RECREATION, PARKS & LEISURE SERVICES BS AND MINOR

Recreation, Parks & Leisure Services
College of Allied Health & Nursing
Department of Recreation, Parks And Leisure Services
213 Highland North • 507-389-2127
Website: http://ahn.mnsu.edu/rpls/
Email: rec-park-leisure-services@mnsu.edu

Chair: Rachelle H. Fuller
Faculty: Brooke Burk, Robyn Ceuvorst, Kristi Montandon, James Wise, Rachelle H. Fuller

Accreditations. Council on Accreditation of Parks, Recreation, Tourism and Related Professions. (COAPRT)

This program prepares a graduate to become a professional leader, supervisor and/or administrator within the private for profit, private nonprofit, and the public sectors of the recreation and leisure service fields. The program includes preparation for youth programs, community education, municipal and leisure service programs; a broad variety of therapeutic recreation settings including hospitals, long-term care, advocacy organizations, consultant services; a wide variety of commercial recreation and tourism settings; nature and historical interpretation; private and public park systems including park ranger, research, educational outreach, planning, marketing, park operations; and military recreation.

The Department offers a professional core that is accredited by the Council on Accreditation of Parks, Recreation, Tourism, and Related Professions (COAPRT) with three career tracks: Leisure Planning and Management, Therapeutic Recreation, and Resource Management.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
To be admitted to the major, students need:
- A minimum of 32 semester credit hours
- A minimum cumulative GPA (Minnesota State Mankato and Transfer) of 2.5 or better
- Completion of IT 100 (Introduction to Computing and Applications)
- Completion of RPLS 272 (Introduction to Recreation, Parks and Leisure Services) with a "C" or better or departmental permission
- An advisor in the department
- Completion of an application for admission that includes an essay and an evaluation from the student’s RPLS 272 (Introduction to Recreation, Parks and Leisure Services) instructor.

Students who have earned fewer than 32 semester credits and/or have a minimum cumulative GPA less than 2.5 can declare as Pre-RPLS. This enables them to select...
an advisor. Once students meet the entrance requirements, as listed above, they must then apply for formal admittance to the major.

Majors and Pre-RPLS students must also earn a "C" or better in each RPLS class to remain in good standing in the major and be permitted to advance in the program.

To declare an RPLS minor students must have a minimum cumulative GPA of 2.5 or better. RPLS minors must receive a "C" or better in RPLS courses applied to the minor in order to fulfill minor requirements.

Practicum Policy. Each student must complete the practicum requirement. Students are required to enroll in RPLS 495 (9 credits) after completing all RPLS course work. Students must also meet the following requirements to be eligible to register for Practicum:

- Completion of all other required RPLS coursework with a "C" (2.0) or better in each RPLS class,
- A minimum cumulative GPA of 2.5 in the major,
- Completion of RPLS 302 (Pre-Practicum Seminar),
- Completion of RPLS 384 (Field Experience),
- Completion of an Application for Practicum one semester before the Practicum begins. The application must be approved by the student’s faculty advisor; and
- Permission to register from the student’s faculty advisor.

P/N Grading Policy. Recreation, Parks and Leisure Services majors and minors must take required courses for a letter grade with the exception that the field experience, pre-practicum seminar and practicum courses must be taken on a P/N basis. Nonmajors may elect RPLS courses for pass/no credit where this option is available.

Transfer Policy. Transfer students are required to complete a minimum of 40 semester credits of the major at Minnesota State Mankato.

RECREATION, PARKS & LEISURE SERVICES BS
Degree completion = 120 credits

Prerequisites to the Major
Students must earn a "C" or better in RPLS 272 prior to admission to the major. In special circumstances, the department may grant admission to students who have not first completed RPLS 272. However, all RPLS majors must complete RPLS 272 as a requirement for graduation.

COURSE DESCRIPTIONS
RPLS 272 (3) Introduction to Recreation, Parks & Leisure Services
A foundation course that introduces the student to the profession of leisure services. Emphasis is placed on recreation in the student’s life, the development of the profession, the community leisure service system and careers in recreation, parks and leisure services.
Fall, Spring
RPLS 274 (3) Therapeutic Recreation Services
This course is designed to be an overview of Therapeutic Recreation Services in a variety of human service settings with emphasis on the assessment, planning, implementation and evaluation of leisure and recreation programs performed by therapeutic recreation specialists serving persons with physical, mental, emotional or social limitations.
Spring
Diverse Cultures - Purple
RPLS 277 (3) Recreation Leadership
Through interactive classroom assignments, students develop expertise in planning, leading and evaluating a recreational experience. Foundations of leadership, group dynamics and motivation are also included.
Fall, Spring
RPLS 278 (3) Leisure and Lifestyle
This course addresses leisure wellness and incorporates leisure into life as a balancing force for healthy living. Leisure is studied in relation to: work, time and money management, stress management, healthy relationships, life choices and decisions, personal and community resources, career opportunities and in relation to current issues in politics and in the work place.
Fall, Spring
GE-11
RPLS 282 (3) Wildlife as a Recreational Resource
A broad survey course that is concerned with game and non-game wildlife species. Habitat is stressed throughout the course as a necessity for maintaining a species. Funding of wildlife programs and changing attitudes of the public are concerns throughout this course.
Fall, Spring
GE-10
RPLS 302 (2) Pre-Practicum Seminar
This course is designed to be taken two semesters before students complete their practicum. It will help students identify and secure a practicum. It will also help students establish reasonable expectations for a quality practicum experience.
Fall, Spring

RPLS 325 (3) Programming for Outdoor Settings
This course exposes the parks and recreation major to basic outdoor skills. The camping movement in America is discussed as well as professional planning strategies for outdoor recreation.
Fall

RPLS 350 (3) Methods of Interpretation in RPLS
Students will be introduced to various methods and skills used to design and deliver interpretive programs and materials to various audiences. Students will also apply the philosophies, concepts, theories and practical skills necessary for implementing effective interpretive programs.
Fall

RPLS 376 (3) Program Planning in Recreation, Parks, & Leisure Services
This course introduces students to basic management and planning techniques for outdoor recreation environments. Students will learn about and gain experience with assessment as it is practiced in various parks and recreation facilities.
Fall, Spring

RPLS 377 (3) Public Relations
Focuses on the total planning, implementation and techniques of effective public relations.
Fall, Spring

RPLS 378 (3) Commercial Recreation and Tourism
This course is a survey of commercial recreation and tourism that examines the basic types of commercial recreation and tourism providers, some basic trends in commercial recreation and the social, economic and environmental impacts of commercial recreation and tourism.
Fall

RPLS 379 (3) Management of Parks and Recreation Facilities
This course introduces students to basic management and planning techniques for a wide variety of indoor and outdoor recreation facilities.
Fall, Spring

RPLS 384 (1) Field Experience
Students are required to complete the Field Experience in order to be eligible to enroll in RPLS 495 Practicum. Students will contract with the advisor to complete 100 hours of volunteer or paid experience in a leisure services organization. Written permission required from the advisor.
Fall, Spring

RPLS 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and one adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information.
Prerequisite: At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply.
Fall, Spring, Summer

RPLS 440 (3) Therapeutic Recreation Assessment
Students will learn about and gain experience with assessment as it is practiced in therapeutic recreation settings. The course focuses on the basis of assessment, the four most frequently utilized information gathering techniques, and commonly used assessment instruments.
Prerequisite: RPLS 274
Fall

RPLS 447W (3) Therapeutic Recreation Process
This course details the Therapeutic Recreation process: assessment, planning, implementation and evaluation in relation to individual treatment programs in Therapeutic Recreation Service. Emphasis is on interpreting assessment data, writing measurable goals and objectives, implementing an actual program and documenting program results in terms currently used in human service settings.
Prerequisite: RPLS 274

REHABILITATION COUNSELING COURSES

Rehabilitation Counseling
College of Allied Health and Nursing
Department of Speech, Hearing & Rehabilitation Services
103 Armstrong Hall • 507-389-1414 • MRS/TTY: 800-627-3529
http:/ /ahn.mnsu.edu/rehabilitation/
Chair: Bonnie Berg
Faculty: Brian Kamnetz, Andrew Phemister

The Rehabilitation Counseling Program prepares graduate students to become fully competent, dedicated, and effective Rehabilitation Counselors, who embrace and practice the rehabilitation core values.

People with disabilities share all of the rights, privileges, and responsibilities enjoyed by all members of society and shall be treated as full and equal participants in society without regard to type or degree of disability.

When people with disabilities require or request assistance in order to achieve the rights, privileges, and responsibilities afforded by society, that assistance will be provided by a qualified, conscientious, and dedicated provider who promotes informed choice, empowerment, and the integrity of the individual.

In addition to being guided by the mission statement listed above, the Program has adopted and advocates for practices that follow the Code of Professional Ethics for Rehabilitation Counselors, adopted by the Commission on Rehabilitation Counselor Certification. Effective January 1, 2010. All Rehabilitation Counseling Program faculty and staff strive to conduct themselves in a manner that is consistent with this Code, while encouraging and educating students to do the same.

The Rehabilitation Counseling Program at Minnesota State University, Mankato has been offered at the Master's degree level since 1959, with its first graduate completing the program in 1960.

COURSE DESCRIPTIONS

REHB 110W (3) Sensitivity to Disability
Promotes an understanding of the impact of physical and mental disabilities on people in their daily lives through in-class contacts and exercises with and about persons with disabilities.
Fall, Spring
WI, GE-7
Diverse Cultures - Gold

REHB 499 (1-4) Individual Study

Although Minnesota State Mankato does not offer a degree in Russian, students may register for Russian courses offered at Gustavus Adolphus College for Minnesota State Mankato credit.

SCANDINAVIAN STUDIES BA AND MINOR

The Scandinavian Studies Program is an interdisciplinary program that combines acquisition of a Scandinavian language with study of the diversity and richness of the greater Nordic cultural region of Norway, Sweden, Denmark, Finland, and Iceland. With a major or minor in Scandinavian Studies, students become familiar with the heritage of Scandinavia from the Vikings to the modern day and learn more about the role of the Nordic nations in communications technology, environmental awareness, social equality, and international peace initiatives in the contemporary world. A Scandinavian Studies minor can enhance a traditional major and serve to provide a global focus to students' education, whether in engineering or health sciences, international relations or international...
The Scandinavian Studies Program involves a variety of Minnesota State Mankato departments and programs. Minnesota State Mankato also has study abroad options in Norway, Sweden, and Finland for Scandinavian Studies majors and minors. Additional courses, particularly for majors, may also be completed in language, literature, history, and peace studies at Gustavus Adolphus College in nearby St. Peter, Minnesota. Minnesota State Mankato students carrying 12 semester credits may pay Minnesota State Mankato tuition to take a course at Gustavus Adolphus College that is not offered at Minnesota State Mankato.

SCANDINAVIAN STUDIES MINOR
A minor in Scandinavian Studies requires 20 semester credits and can be completed at Minnesota State Mankato. The core of at least 8 credits in Norwegian or Swedish language is supplemented by a 1-credit “capstone” experience plus approved electives. This interdisciplinary minor can be combined with any major at Minnesota State Mankato. Because the minor is tailored to the individual interests, students should consult the Scandinavian Studies program director as well as the major advisor.

Required for Minor (11 credits)
Some elective courses concentrate exclusively on study of Scandinavia, while others have a strong component relating to the Nordic countries. Students taking these related courses for Scandinavian Studies credit should inform the instructor, and the students will be required to write a paper or complete a project on a Nordic topic. The department offers at least one topics course per semester. Individual study courses can also be arranged in several departments with faculty who have special interests in Scandinavia. Some elective courses may be taken at Gustavus Adolphus College with approval of the Minnesota State Mankato Director of Scandinavian Studies. You need to receive approval by the director of Scandinavian Studies before the beginning of the semester to ensure that you will be able to apply credit achieved in courses from affiliated programs (courses with a prefix other than "SCAN") toward a major or minor in Scandinavian Studies.

COURSE DESCRIPTIONS

SCAN 101 (4) Elementary Norwegian I
An introduction to the basic skills of listening, speaking, reading, and writing coupled with culture.
Fall
GE-8

SCAN 102 (4) Elementary Norwegian II
An introduction to the basic skills of listening, speaking, reading, and writing coupled with culture.
Prerequisite: SCAN 101
Spring
GE-8

SCAN 111 (4) Elementary Swedish I
An introduction to the basic skills of listening, speaking, reading, and writing, coupled with cultural notes.
Fall (On Demand), Spring (On Demand)
GE-8

SCAN 112 (4) Elementary Swedish II
An introduction to the basic skills of listening, speaking, reading, and writing, coupled with cultural notes.
Prerequisite: SCAN 111
Fall (On Demand), Spring (On Demand)
GE-8

SCAN 150W (4) The Nordic Countries: Interdisciplinary Introduction
This course offers an interdisciplinary introduction to the Nordic countries (Norway, Sweden, Denmark, Finland, Iceland, Greenland, Faroe Islands); it will provide an overview of their geography, history, culture, society and current political situation in comparison to the U.S.
Fall, Spring
WI, GE-6, GE-8
Diverse Cultures - Purple

SCAN 250 (1-4) Selected Topics
Special topics courses in Scandinavian Studies will deal with a variety of topics regarding the history, literature, art and culture of the Nordic countries. SCAN 250 courses are planned with the interests and needs of beginning students in mind; they offer broad introductions to the most important artifacts and discourses in the respective field. Writing assignments offer opportunities to learn to discuss adequately and critically central issues and theories. The course may be repeated for credit.
Fall, Spring

SCAN 251W (4) Scandinavian Cultures: The Sami
In this course, students will learn about the indigenous population of Scandinavia, the Sami. Students will investigate Sami traditions and cultural production along with the historical and contemporary sociopolitical standing of the Sami within the majority cultures of Scandinavia.
Variable
WI, GE-6, GE-8
Diverse Cultures: Purple

SCAN 292 (1-4) Intermediate Norwegian I
Development of reading and listening skills, oral and writing practice within a cultural context. To be arranged with instructor prior to registration.
Prerequisite: SCAN 102 or equivalent
Fall

SCAN 293 (1-4) Intermediate Norwegian II
Development of reading and listening skills, oral and writing practice within a cultural context. To be arranged with instructor prior to registration.
Prerequisite: SCAN 102 or equivalent
Spring

SCAN 294 (1-4) Intermediate Swedish II
Development of reading and listening skills, oral and writing practice within a cultural context. To be arranged with instructor prior to registration.
Prerequisite: SCAN 112 or equivalent

SCAN 295 (1-4) Intermediate Swedish I
Development of reading and listening skills, oral and writing practice within a cultural context. To be arranged with instructor prior to registration.
Prerequisite: SCAN 112 or equivalent

SCAN 299 (1-4) Individual Study
Variable

SCAN 350 (4) Vikings & Norse Mythology
This course is designed to provide an overview of the Viking Age and Norse mythology. Students will begin by learning about the sources that provide scholars with information about the Vikings, such as archeological finds, Icelandic sagas, place names, historical annals, and other written texts. Students will then explore the daily lives of the Vikings in their homelands, their religious beliefs, their expansion to other lands, and what led to the end of the Viking Age.
GE-6, GE-8
On Demand

SCAN 450 (1-4) Special Topics
Special topics courses in Scandinavian Studies will deal with a variety of topics within the respective field. Students will learn about the sources that provide scholars with information about the Vikings, such as archeological finds, Icelandic sagas, place names, historical annals, and other written texts. Students will then explore the daily lives of the Vikings in their homelands, their religious beliefs, their expansion to other lands, and what led to the end of the Viking Age.
GE-6, GE-8
On Demand

SCAN 451 (4) Scandinavian Crime Fiction
In this course, students will read about crime and deviance in Scandinavia and will develop an understanding of how a culture conceptualizes its ethico-political struggles through literature.
Variable
Diverse Cultures - Purple

SCAN 460 (4) Topics in Scandinavian Film
This course is designed to provide an overview of the Viking Age and Norse mythology. Students will begin by learning about the sources that provide scholars with information about the Vikings, such as archeological finds, Icelandic sagas, place names, historical annals, and other written texts. Students will then explore the daily lives of the Vikings in their homelands, their religious beliefs, their expansion to other lands, and what led to the end of the Viking Age.
GE-6, GE-8
On Demand

SCAN 490 (3) Major Project in Scandinavian Studies
Individual project demonstrating ability to synthesize experience in interdisciplinary major, drawing together different areas of study focusing on specific topic, problem or concern and demonstrating ability to use a Scandinavian language. Approval of the Scandinavian Studies program director required.
Prerequisite: Admission to college as Scandinavian Studies Major.

SCAN 492 (1) Minor Project in Scandinavian Studies
Individual project demonstrating ability to synthesize experience in interdisciplinary minor, drawing together different areas of study focusing on specific topic, problem or concern and demonstrating elementary use of a Scandinavian language. Approval of the Scandinavian Studies program director required. Must be taken P/N.

SCAN 499 (1-4) Individual Study
Advanced study of works by selected Swedish or Norwegian authors.
Prerequisite: SCAN 299 or SCAN 299
Variable
School Health Education

College of Allied Health & Nursing

Department of Health Science
213 Highland Center N • 507-389-1527
Website: www.mnsu.edu/dept/health/

Chair: Marlene K. Tappe
Faculty: Autumn Hamilton, Amy Hedman, Dawn Larsen, Jennifer Londgren, Judith Luebek, Marge Murray-Davis, Marlene Tappe, Thad Shunkwiler, Mark Windschitl, Joseph Visker

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

Admission Requirements.
The Department of Health Science offers undergraduate majors in Alcohol and Drug Studies (B.S.), Community Health Education (B.S.), and School Health Education (B.S.) as well as a major in Health and Physical Education in collaboration with the Department of Human Performance. The department also offers undergraduate minors in Alcohol and Drug Studies and Health Science. At the graduate level the Department of Health Science offers Post-Baccalaureate programs in Public Health Education (100% online) and School Health Education (online-plus) as well as advanced degree programs in Community Health Education (M.S.) (online-plus) and School Health Education (M.S.) (online-plus).

POLICIES/INFORMATION

Academic Integrity Policy
The Department of Health Science values and supports an environment conducive to learning as well as academic integrity. Therefore, students are expected to comply with Minnesota State Mankato student responsibilities and policies for academic integrity. Academic integrity includes meeting one’s responsibilities in an honest and forthright manner and avoiding acts of dishonesty, plagiarism, cheating, collusion, and other forms of academic misconduct. An act of dishonesty, cheating, collusion, and/or any other form of academic misconduct will result in a 0 on the assessment and a full letter grade deduction from the final course grade (e.g., “A” to “B-”). An act of plagiarism will result in a 0 on the assessment or assessments and the student will be required to meet with the chair of the Department of Health Science and receive remediation related to plagiarism. Two acts of dishonesty, cheating, collusion, and/or any other form of academic misconduct and/or an act of plagiarism after remediation will result in a final course grade of “F.” Evidence related to any act of academic misconduct will be submitted to the Chairperson of the Department of Health Science. Two acts of academic misconduct or a repeated act of plagiarism after remediation in any Health Science course or courses will result in discontinuance from, or eligibility to enroll in, the academic programs offered by the Department of Health Science. Additionally, evidence related to academic misconduct will be submitted, as appropriate, to the Office of Academic Affairs and/or the College of Education. Please note: Policy reflects minimum departmental standards. Individual instructors may impose more severe sanctions for an act of academic dishonesty within their courses.

School Health Education BS

Program Information. Students must earn a “C” or better in all required general education (except Chemistry) and required courses (except Human Anatomy) and elective courses in the School Health Education major. Students must also maintain a G.P.A. of 2.5 or better in the major (required general education, required, and elective courses). A G.P.A. of 2.5 in the major is also required for graduation in School Health Education.

SCHOOL HEALTH EDUCATION BS

Degree completion = 120 credits

The School Health Education (5-12) teaching program meets national and state standards for the preparation of school health educators. This program prepares future teachers for what they should know and be able to do in order to help their students develop health-related knowledge and skills to engage in healthy behaviors. This major meets Minnesota Board of Teaching (BOT) requirements for licensure in Health Education.

The State of Minnesota grants science teacher licensure for grades 5-8 general science, 9-12 Earth Science, 9-12 Life Science, and 9-12 Physics. Students earning a degree in Earth Science Teaching, Life Science Teaching or Physics Teaching from Minnesota State Mankato will qualify for two licenses (1) 5-8 general science and (2) 9-12 specialty. Students earning a degree in Chemistry Teaching will qualify only for the 9-12 Chemistry license.

Policies/Information
The Earth Science Teaching, Life Science Teaching, and Physics Teaching majors require the 31 credit general core. All science teaching majors require a science emphasis that ranges from 27-35 credits of science and science teaching methods courses. In addition, the student must complete a 30 credit professional education component and the 3 credit Drug Education course.

The University Science Teaching Program must meet specific competencies to meet professional accreditation and licensure requirements. To stay within the required degree limits of 120 credit hours, students are strongly advised to select courses within the 44 credit general education program that meet both teaching program and general education needs. It is important for the student to meet with his or her advisor to assist with program planning.

A minor is not required for any of the science teaching programs; however, to broaden one's teaching opportunities, double majors are encouraged. For further details, the student should check with one of the science teaching advisors for an overview of available opportunities.

GPA Policy. Students obtaining a degree in science teaching must maintain a minimum cumulative GPA of 2.50 in the sciences. Students who are not science teaching majors should consult an advisor concerning possible additional course requirements.

Life Science Teaching Policies. Admission to Major is granted by the department. Admission requirements are 32 earned semester hours including BIOL 105, BIOL 106, BIOL 211, and CHEM 201 with a grade of “C” or better; completed General Education Goal Area 4 (Mathematics); completed General Education Goal Area 1, Part A (English Composition); and a minimum cumulative GPA of 2.2. For Life Science Teaching majors, the combined GPA for BIOL 105, BIOL 106, BIOL 211, and CHEM 201 must be 2.4 or better.

A minimum GPA of 2.5 in the sciences and a “C” or better in all science courses is required for graduation with a BS Life Science Teaching degree.

P/N Grading Policy. Courses leading to a degree in science teaching may not be taken on a P/N basis except where P/N grading is mandatory.

The University Science Teaching Program must meet specific competencies to meet professional accreditation and licensure requirements. To stay within the required degree limits of 120 credit hours, students are strongly advised to select courses within the 44 credit general education program that meet both teaching program and general education needs. It is important for the student to meet with his or her advisor to assist with program planning.

A minor is not required for any of the science teaching programs; however, to broaden one’s teaching opportunities, double majors are encouraged. For further details, the student should check with one of the science teaching advisors for an overview of available opportunities.

GPA Policy. Students obtaining a degree in science teaching must maintain a minimum cumulative GPA of 2.50 in the sciences. Students who are not science teaching majors should consult an advisor concerning possible additional course requirements.

POLICIES/INFORMATION
Admission to Professional Education
Academic Advising Office
117 Armstrong Hall • 507-389-1215

All students working toward a 5-12 or K-12 teaching degree must be admitted to professional education prior to enrollment in Level 1 coursework. Application to professional education should be made when the following requirements have been met:
- a minimum of 32 earned semester credit hours
- a minimum 2.75 cumulative GPA
- evidence of registration for the Minnesota Teacher Licensure Examinations (MTLE) Basic Skills exam.
- enrollment or completion of KSP 220
- "C" grade in ENG 101
- "C" grade in General Education Math

A multifaceted Professional Education application exists. Students are required to attend orientation and application session. Please consult the Office of Academic Advising (117 Armstrong Hall) for deadlines.

SECONDARY 5-12 & K-12 PROFESSIONAL EDUCATION

Admission is competitive. Achievement at the 2.75 level and completion of all prerequisite courses qualifies students for the applicant pool but does not guarantee admission to the K12 and Secondary program.

Advising. Students are assigned an advisor in their content area (major). In addition the KSP department provides advising prior to registration each semester. For more information stop by 313 Armstrong Hall. Faculty in each level provide individual and group advising. Career counseling is integrated throughout all levels.

Field Experiences. A major component of professional education coursework involves field experiences in various settings. These experiences are gradual in expectation, time commitment, and skills practice throughout all four levels. Multiple methods of assessment are used and evidence collected to provide a view of the teacher candidates' knowledge, skills and dispositions. Successful completion of each field experience is necessary for progression into future levels and field activities (e.g., student teaching).

Many level 3 and Level 4 field experiences will be longterm placements. Long-term placements are two consecutive placements during the last two semesters, in one setting. Priority will be given to teacher candidates requesting placement in a long-term placement for their level 3 and student teaching placements. These placements will most likely take place in our Professional Development Schools.

Background Checks. All field placements are initiated by the Office of Field and International Experience. Students involved in any field experience need to undergo a national criminal background check prior to admittance to professional education. Students are responsible for the fees associated with the background checks. This information is provided to districts for their determination of suitability for placement. The Office of Field and International Experience coordinates the background check process.

Teacher Licensure. Please contact Gail Orcutt, Licensure Coordinator, in 118 Armstrong Hall for questions in regard to the licensure process. The University recommends licensure to a state upon students' completion of a licensure program. Licensure does not occur automatically through graduation and the awarding of a diploma. Students need to make application for a Minnesota teaching license at the close of the term in which they graduate. The College of Education, 118 Armstrong Hall, coordinates the licensure process. In addition to program requirements, students must successfully complete the Minnesota Teacher Licensure Examinations (MTLE) including the Basic Skills exam, the pedagogical exam, and the content specific exam(s) for licensure. Minnesota state law requires that all candidates applying for initial licensure in this state be fingerprinted for national background checks. A conduct review statement will also need to be completed and signed. There is a fee for the criminal background check. There is also a fee for the issuance of a State of Minnesota teaching license.

GPA Policy. Coursework in professional education requires a grade of “C” or better. A cumulative career GPA of 2.75 is required.

Admission to Major. Admission to major is granted by the academic department in which the student proposes to major. Earned grade of “C” or better in Goal Area 1 (ENG Comp) and Goal Area 4 (MATH).

P/N Grading Policy. Grades are required in all professional education coursework except courses that are offered on a P/N basis only.

Student Teaching. (119 Armstrong Hall)
Director of Office Field and International Experience: Elizabeth Finness, Ph.D.
Student teaching at Minnesota State Mankato is a results-oriented, performance-based 16-week program requiring the demonstration of an acceptable level of teaching performance in the areas of planning and preparation, enhancing the learning environment, teaching for student learning, and professionalism. Multiple methods of assessment are used and evidence collected to provide a view of the teacher candidate's knowledge, skills and dispositions. These methods include direct observations of teaching activities by public school and university faculty, the use of videotaped lessons and activities for self-assessment, use of logs, participation in learning communities, and participation in activities reflective of the professional responsibilities of teachers (e.g., parent conferences). The Director of the Office of Field and International Experience requests placements for all teacher candidates in partner districts, especially our Professional Development Schools. Teacher candidates should not contact schools regarding their placement.

Admission to the student teaching experience is contingent upon completion of:
1. Completion of all coursework in major and General Education requirements.
2. A cumulative grade point average of 2.75, grades of a “C” or better for all professional education coursework.
3. Admission into Professional Education.
4. Completion of all methods and professional education course work (except KSP 475).
5. Completion and validation of formal application materials one year prior to student teaching semester.
6. Attendance at all preliminary student teaching meeting(s).
7. Recommendation of advisor.
8. Approval of placement by school district administration, a mentor teacher, and Director of the Office of Field and International Experience.

Study abroad experiences may be available during student teaching. Selection is based on personal interview, faculty recommendation, and grade point average. Students develop interpersonal communication skills and dispositions for living in a global society. Students participating in study abroad opportunities will be required to complete course requirements in a shorter timeframe, thus longer-term placements for level 3 field experiences and student teaching will be highly recommended. Additional fees will be incurred with participation in student teaching abroad programs. Application material and specific deadline dates are available online at http://ed.mnsu.edu/field/studentteaching/applications.html.

LIBRARY MEDIA EDUCATION

Library Media Education courses offer instruction and experience in acquiring, administering, evaluating, producing, organizing and using print, audiovisual, and electronic media. Today's rapid expansion of information is characterized by a great variety of media through which knowledge is recorded and distributed. Now and in the future, libraries and information centers must deal with transfer of data and information in all formats. Educators must meet the information needs, ranging from recreational to research, of preschool children to adults. Please refer to the graduate catalog for information on the master's and specialist degree programs in Library Media Education which are designed to prepare professionals for careers in school library media programs.

COURSE DESCRIPTIONS

KSP 101 (5) Exploring and Applying Values
This course focuses on students' personal history, ethical views and values. Students will be asked to state and apply those views and values to current political and social issues. A service-learning experience is required for this class.
GE-9

KSP 105 (1) Library Orientation
A basic course to help students become familiar with the library of Minnesota State Mankato and the use of information resources.

KSP 106 (1) Education & Culture in the United States
Course gives students new to this country and to the U.S. higher education a broad overview of the U.S. educational system and provides a forum for discussion and comparison of customs and beliefs as they affect relationships among students and professors.
Prerequisite: International Student

KSP 200 (1) Critical Issues in Public Education Today
This course will engage students in an in-depth exploration of how the challenges and demands imposed by an ever-evolving diverse, legalistic, politically minded, and technologically driven society impact public education in America today. Students will research central issues and critically analyze to foster ethical and civil responsible decision making.
Fall, Spring, Summer
GE-2, GE-9
Diverse Cultures - Gold

KSP 202 (2) Technology Integration in the Classroom
Teacher candidates will develop skills to access information and integrate technology to improve learning for PK-12 students. Teacher candidates research, select, and evaluate information about diverse populations to design classroom applications using a wide variety of instructional technology.
Fall, Spring

KSP 205 (1) Library Orientation II
Specialized references sources, computer strategies, nationally available data banks, community resources. May apply toward general education.

KSP 220W (3) Human Relations in a Multicultural Society
Study of interpersonal skills, motivation, and group skills. Applied to educational settings. Requires 18 hours clinical service learning experience (out of class). Meets State of Minnesota human relations requirement for teacher licensure.
WI, GE-7, GE-11
Diverse Cultures - Gold

KSP 222 (2) Introduction to the Learner and Learning
Teacher candidates develop understanding of cognitive, language, personal and social development for implications on teaching in the inclusive classroom. Dispositions and skills will be developed for recognizing and accommodating exceptionality in student learning.
Fall, Spring
Co-requisite: KSP 220W, KSP 222

KSP 235 (3) Human Development
Designed for non-teacher education students, this is a general education course considering human development from a life span perspective.
GE-5

KSP 250 (3) Social Justice in School and Community
Analyzing justice as it relates to education and the criminal justice system. Emphasis is on comparing Retributive Systems with the newer Restorative Justice. Active learning methods in the classroom, schools and communities, including service-learning.
GE-9

KSP 251 (3) Coming of Age: Gender and Culture
Students will become aware of diverse experiences of coming of age and will reflect on their own experiences. Diversity of experiences presented will include race/ethnicity, gender, sexual orientation, religion, socio-economic class, ability/disability and nationality.
GE-6, GE-7

KSP 260 (3) Creating Global Awareness through Studying Abroad
A companion course for students studying abroad. Pre-departure preparation, in-country experiential learning and reflection and reentry debriefing will maximize the study abroad experience. Students develop critical thinking, interpersonal communication skills and dispositions for living in a global environment.
On Demand
GE-7, GE-8
Diverse Cultures - Gold

KSP 290 (1-2) Workshop
KSP 301 (2) Instructional Media Utilization
Instructional media used in the elementary classroom is demonstrated and used by the students. Resource selection and evaluation is stressed. Electronic media, computer-aided instruction, telecommunications, and standard classroom media applications are stressed.

KSP 320 (2) Special Student in the General Classroom
Provides general education majors with information and strategies including the special needs students in the regular classroom.

KSP 330 (5) Planning, Instruction, and Evaluation in the Classroom
The course is designed to guide K-12 and 5-12 teacher candidates through the design, implementation, and assessment of a standards-based curriculum. Candidates will analyze standards, create assessments, and design and deliver instruction in a field site. Fall, Spring

KSP 334 (3) Assessing the Post-Secondary Learner
Course content addresses formal and informal, standardized evaluation of learner achievement in the classroom and programmatic evaluation. Assigned projects will accommodate the student’s present/future professional career track.

KSP 404 (2) Curriculum Applications of Technology in Education
To prepare pre-service and in-service teachers to use technology in the elementary classroom. Applications to each content area will be considered. Graduate students will have additional course requirements.

KSP 407 (2) Teaching in a Multicultural Society
Adaptation of curriculum, classroom organization and teaching practices. Graduate students will have additional course requirements.

KSP 408 (3) Teaching to the K-12 ELL Student
Instructional media used in the elementary classroom is demonstrated and used by the students. Resource selection and evaluation is stressed. Electronic media, computer-aided instruction, telecommunications, and standard classroom media applications are stressed. Graduate students will have additional course requirements.

KSP 415 (2) Materials for Younger Children
Examination of print and audiovisual media for younger children birth to age seven. Identification selection sources to identify materials. Evaluation of resources, including but not limited to, research collections, discussion groups, and electronic periodicals. Graduate students will have additional course requirements.

KSP 417 (3) Materials for Children
Print, audiovisual and electronic media: their selection, evaluation, and use with children in grades K-6. Three credit section includes storytelling. Graduate students will have additional course requirements.

KSP 425 (2) Reading and Writing in the Secondary School
Concepts, objectives, procedures and reading in subject matter field. Graduate students will have additional course requirements.

KSP 440 (3) Creating Learning Environments to Engage Children, Families, and Community
Teacher candidates will further develop processes for creating and sustaining a classroom learning environment that enables success for all learners, including interacting with diverse families, school colleagues, and representatives from community agencies to support student engagement and learning. Fall, Spring

KSP 442 (3) Reading, Literacy, and Differentiated Instruction in Inclusive Classrooms
Teacher candidates will develop skills in differentiated instruction; reading and content-based literacy in inclusive classrooms. Teacher candidates will integrate prior knowledge of diverse learners, developmental models of learning, and curriculum and instruction into a comprehensive understanding of teaching. Fall, Spring

KSP 450 (3) Human Relations in a Multicultural Society
Study of interpersonal skills. Motivation, and group skills. Applied to educational settings. Required 18 hours clinical service learning experience (out-of-class). Meets State of Minnesota human relations requirement for teacher licensure. Graduate students will have additional course requirements.

KSP 451 (1-3) Cultural Diversity Internship
Opportunity for “hands-on” immersion experience in a culturally diverse setting. This may be faculty-led or self-designed by students with prior approval by the instructor. The experience will include: cultural orientation, site-based experience, debriefing and reflection.

KSP 460 (2-4) Practicum
Practical experience set up between faculty, student, and on-site supervisor.

KSP 461 (3) Service Learning: Theory and Practice
A focus on service-learning, planning, implementation, evaluation and celebration of service-learning as program, activity, class and integration into academic study.

KSP 464 (1) Professional Seminar
Content focus is on professional rights, responsibilities, and development; student rights and responsibilities; and legal issues regarding data privacy and confidentiality. Skills of professional development, inquiry, reflection, coaching, and collaboration will be developed, practiced, and monitored. Fall, Spring

KSP 465 (3) Filmmaking
Students will produce a short digital film incorporating the five phases and ten planning stages of filmmaking. The role independent film plays in a culturally diverse society will be illustrated and discussed. Examples of each genre will be examined.

KSP 475 (1) The Social Context of Learning
Explores the relationship of the school and community as well as the relationships and roles of the teacher, student, and the school. Knowledge of the social, historical, philosophical foundations of education, school law, finance and governance, ethics, democracy and multiculturalism is explored. Requires twelve hours of out-of-class clinical experience.

KSP 476 (11) K-12 Student Teaching
Student teaching in the K-12 schools including weekly seminar for K-12 majors. Prerequisite: Admission to student teaching.

KSP 477 (11) K-12 Student Teaching
Student teaching in the elementary school including weekly seminar for K-12 majors. Prerequisite: Admission to student teaching.

KSP 478 (5) Supplementary Student Teaching
Student teaching in the elementary school including weekly seminar for K-12 majors. Prerequisite: Admission to student teaching.

KSP 479 (3) Grant Writing and Program Funding
Procedures for designing research, writing proposals and requests for grants, contracts and funding from external resources, grant administration. Graduate students will have additional course requirements.

KSP 480 (1-3) Seminar
In depth study and narrow focus on an educational topic. Students do extended research outside of class and defend their research in class. Graduate students will have additional course requirements.

KSP 482 (3-6) Enrichment Experience Secondary
Student teaching projects determined jointly between student and advisor. Co-requisite: KSP 477 or KSP 476

KSP 483 (2) Supervision of Student Teaching
To assist K-12 classroom teachers in developing their skills for supervising pre-service and student teachers. Graduate students will have additional course requirements.

KSP 489 (1-3) Selected Topics
Specific focus on an educational topic that may be taught as a regular course such as Web Resources for the Classroom (usually a group requests a specific topic.) Graduate students will have additional course requirements.

KSP 490 (1-6) Workshop
Specific focus on an educational topic that is conducted for a special group. Graduate students will have additional course requirements.

KSP 491 (1-4) In-Service
Specific course designed to meet changing educational trends. Graduate students will have additional course requirements.

KSP 497 (1-8) Internship
On-the-job training. Work is jointly supervised by the academic unit and the cooperating institution.

KSP 499 (1-6) Individual Study
Student and faculty agree upon a specific unit of study. Student presents unit to faculty member for evaluation.
Social Studies

College of Social & Behavioral Sciences
Department of History
Social Studies Program
114 Armstrong Hall • 507.389.6306
Website: sbs.mnsu.edu/socialstudies
Coordinator: Matt Loayza

The social studies program is designed to prepare students to teach social studies in secondary schools. This challenging program draws upon faculty from nine areas (anthropology, economics, ethnic studies, gender and women’s studies, geography, history, political science, psychology, and sociology) and works with the College of Education to promote effective teaching practice for future and inservice teachers.

A non-teaching major in social studies is also offered, and provides the student an opportunity to create a program to meet her or his personal academic needs.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
Admission to Major is granted by the program. Minimum university admission requirements are:
- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.00 (“C”).

Contact the social studies coordinator for application procedures.

Admission to the Social Studies Program. Students enrolling in SOST 450 must be admitted to the social studies program, a process in addition to admission to the major. Admission to the social studies (teaching) program is limited. Preference for admission to the program is given to students who have a 3.0 GPA and who have had significant global, multicultural, civic, and community service experience. Students are encouraged to work closely with their advisor to prepare for admission to the social studies program.

GPA Policy. A grade of “C” or better is required in all courses in the major.

P/N Grading Policy. No more than 12 credits may be taken P/N.

Required Minor: None.

SOCIAL STUDIES BS
Degree completion = 120 credits

Major Restricted Electives
A minimum of 27 credits (of which 17 need to be upper division) must be taken on a widely distributed basis from the social sciences and history OUTSIDE the area of concentration and/or from the interdisciplinary programs of: Ethnic Studies, Gender & Women Studies, and Urban Studies.

Students are encouraged to take a mixture of courses that reflect a global and multicultural understanding:

- ANTH 100 - ANTH 499
- ECON 100 - ECON 499
- ETHN 100 - ETHN 499
- GEOG 100 - GEOG 499
- GWS 100 - GWS 499
- HIST 100 - HIST 499
- POL 100 - POL 499
- PSYC 100 - PSYC 499
- SOC 100 - SOC 499
- URBS 100 - URBS 499

Students should enroll in SOST 299, Individual Study in the subsequent semester to declaring the Social Studies non-teaching major. Students will work with the social studies coordinator to define personal learning goals and objectives and begin the development of a personal learning portfolio. In the senior year, the student will take SOST 499, Individual Study.

(choose 1-14 credits)
SOST 299 Individual Study (1-6)
SOST 499 Individual Study (1-8)

Major Emphasis: Area of Concentration
A minimum of 24 credits must be taken in ONE of the following areas (15 credits of the 24 credits must be upper division courses). Areas include: Anthropology, Economics, Ethnic Studies, Gender & Women Studies, Geography, History, Political Science, Psychology, Sociology.

(choose 24 credits)

Students taking the history option are required to take at least six credits from each of the following areas: Europe, Third World (i.e. Latin America, Middle East, Asia, and Africa) and United States

ANTH 100 - ANTH 499
ECON 100 - ECON 499
ETHN 100 - ETHN 499
GEOG 100 - GEOG 499
GWS 100 - GWS 499
HIST 100 - HIST 499
POL 100 - POL 499
PSYC 100 - PSYC 499
SOC 100 - SOC 499

COURSE DESCRIPTIONS

SOST 200 (2) Introduction to Social Studies Teaching
Acquaints students majoring in social studies (teaching) with the social studies major and fundamental ideas that will help students integrate what they are learning in social sciences and history within the context of secondary social studies classroom.

Fall, Spring

SOST 222 (1-4) Selected Topics
Designed to provide students the opportunity to explore a variety of topics related to social studies.

Fall, Spring

SOST 299 (1-6) Individual Study

SOST 450 (4) Teaching Social Studies Secondary School
Organization and presentation of social studies in secondary schools. Preparation of units for teaching purposes, examination of materials useful to the social studies teacher. Application of national and state standards to teaching social studies.

Prerequisite: Concurrently with KSP 440

Fall, Spring

SOST 485 (1-6) Topics
Designed to provide students the opportunity to explore a variety of topics related to social studies.

Fall, Spring

SOST 491 (1-6) In-Service
Designed to provide students the opportunity to integrate academic learning with professional practice.

SOST 499 (1-8) Individual Study

SOWK 446 Organizations and Community Practice (4)
SOWK 450 Integrative Seminar (2)
SOWK 455 Social Work Practicum (10)

Degree completion = 120 credits

This major is preparation for beginning-level generalist social work practice. The program is accredited for baccalaureate level education by the Council on Social Work Education. This major is also excellent preparation for graduate work in social work and related fields. This accredited major meets one of the requirements for social work licensure, which is required to practice social work in most settings in Minnesota.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

Policies/Information
Admission to Major. Students should request that they be assigned to a social work advisor as early as possible. Admission to the major is not necessary for enrollment in 100 and 200 level courses. Formal admission to the practice sequence (SOWK 441, SOWK 443, SOWK 446, SOWK 450 and SOWK 455) occurs during the student’s junior year. An application for admission is required. To be eligible for admission at that time, students must have a 2.8 GPA and a minimum grade of “C-” in all required courses.

GPA Policy. Formal admission to the Social Work major requires that applicants have achieved a 2.8 GPA in the required pre-major courses, including those taken in other departments, and a 2.8 cumulative GPA. A minimum grade of “C-” is required in Social Work and supporting courses. Under some circumstances exceptions are made based on evidence of explanatory factors, strong academic performance in recent semesters and good results in courses within the major. Once formally admitted, students are expected to demonstrate continued satisfactory academic performance by earning a minimum grade of “C-” in required courses. No formal additional requirements are applied to acceptance for the Social Work Practicum in the final semester of the program, other than successful completion of course requirements, including Junior Field Experience and practice sequence courses.

P/N Grading Policy. SOWK 450 and SOWK 455 (Social Work Practicum and Practicum Seminar, taken in the Senior Year), are offered only on a P/N basis. All other required major and pre-major courses must be taken for grade and must be passed with a minimum grade of “C-”.

Residency and Transfer Requirements. Transfer students are expected to complete a minimum of 30 credit hours at Minnesota State Mankato. Students who wish to transfer credits in Social Work from another university must have been honorably dismissed from the previous school(s). Students transferring Social Work credits must complete at least 24 credits from within the department.

Credit for classroom courses in Social Work taken at other institutions will be evaluated on an individual basis by the student’s faculty advisor or by the department chairperson. The student will be expected to present course syllabi including assignments and texts used. All transfer students must see a department advisor for guidance and transcript evaluation before attempting to register for upper division courses.

Social Work BSSW

Degree completion = 120 credits
SOCIAL WORK CONTINUED

Major Restricted Electives
(choose one course from the following)
- SOWK 415 Child-Family Welfare Services (3)
- SOWK 419 Social Work and Aging (3)
- SOWK 420 Women’s Issues in Social Work (3)
- SOWK 422 Social Work and Chemical Dependency (3)
- SOWK 425 Social Work in Health Care Setting (3)
- SOWK 427 Social Work and Domestic Violence (3)
- SOWK 430 Social Work in the School Setting (3)
- SOWK 432 Social Work and Disabilities (3)

Required Minor: None.

SOCIAL WELFARE MINOR

Required for Minor
- SOWK 180W Social Welfare Services (4)
- SOWK 212 Introduction to Social Work (4)
- SOWK 310 Human Behavior in the Social Environment (4)
- SOWK 410 Social Welfare Policy (4)

One additional course from the following:
- SOWK 255 Global Responses to Human Need (3)
- SOWK 415 Child-Family Welfare Services (3)
- SOWK 419 Social Work and Aging (3)
- SOWK 420 Women’s Issues in Social Work (3)

- SOWK 425 Social Work in Health Care Setting (3)
- SOWK 427 Social Work and Domestic Violence (3)
- SOWK 430 Social Work in the School Setting (3)
- SOWK 432 Social Work and Disabilities (3)

*SOWK 315 and SOWK 435 may be considered at part of the Social Welfare Minor with the approval of the Chair.

COURSE DESCRIPTIONS

SOWK 180W (4) Social Welfare Services
The objective of this course is to explore social welfare as a social institution. Consideration will be given to formal and informal efforts to meet common social needs. This course emphasizes social challenges facing American society and the program and policy prescriptions designed to minimize or eliminate these problems. Fall, Spring, Summer
WI, GE-5, GE-9

SOWK 212 (4) Introduction to Social Work
An introduction to social work as a profession including the history of the profession, professional behaviors, values and Codes of Ethics, fields of practice, roles and tasks, and core theories and social work skills required for generalist social work practice. Students will develop skills in critical thinking, professional communication and behaviors, demonstrate self-awareness as they prepare to work in a diverse society, and apply values, ethics, and theories through group-based projects. Students are provided with information about the BSSW curriculum. Fall, Spring

SOWK 255 (3) Global Responses to Human Need
This course exposes students to some of the major realities of life among the poor and socially deprived in all parts of the world, primarily developing countries. Students will confront conditions that impede development and keep people locked into poverty and despair, and will discuss how a person who sees her/himself as a global citizen can act in tangible ways to make that “citizenship” more meaningful. Fall, Spring
GE-5, GE-8
Diverse Cultures - Purple

SOWK 291 (1-3) Exploratory Studies
Under faculty mentorship, students can pursue subjects of individual interest related to social work and social welfare. Fall, Spring

SOWK 310 (4) Human Behavior in the Social Environment
Applies theoretical frameworks for assessing and organizing knowledge of human behavior and the social environment in conjunction with social systems, to understand individual, family, group, organizational, and community systems. Attention is paid to human diversity, discrimination, and oppression. Prerequisite: SOWK 180W, SOWK 212
Fall, Spring, Summer

SOWK 315 (4) Junior Field Experience
Beginning level supervised field experience with a social service agency. Students complete 120 hours of observation and agency service and attend a seminar which integrates the field experience and social work values, knowledge and practice skills. Application required during the semester before registration. Prerequisite: SOWK 180W, SOWK 212
Fall, Spring, Summer

SOWK 410 (4) Social Welfare Policy
Exploration of the interrelatedness of social services, social policy formulation and analysis, and generalist social work practice. Presentation of contemporary social issues and social welfare policies, the introduction of a framework for policy analysis, and an overview of policy, practice, advocacy and action skills. Critical analysis of issues and policy from a social work perspective, drawing from the values and ethics of the profession, and examination of how issues differentially impact groups within our diverse society. Prerequisite: SOWK 180W, SOWK 212, SOWK 310
Fall, Spring, Summer

SOWK 415 (3) Child-Family Welfare Services
Social services designed to facilitate child development and family functioning. Fall, Spring

SOWK 419 (3) Social Work and Aging
Service delivery issues and social work practice with older persons, their families and communities. Fall (On Demand), Spring (On Demand), Summer (On Demand)

SOWK 422 (3) Social Work and Chemical Dependency
This course is designed to provide upper level (junior and senior) undergraduate social work students with a comprehensive introduction to the epidemiology [scientific study of disease], etiology [causes of disease], history, policy, and treatment modalities of substance abuse from a person-in-environment and systems theory social work perspective. Fall (On Demand), Spring (On Demand), Summer (On Demand)

SOWK 425 (3) Social Work in Health Care Setting
Service delivery issues and skills for working in hospitals, nursing homes, and community programs. Fall (On Demand), Spring (On Demand), Summer (On Demand)

SOWK 427 (3) Social Work and Domestic Violence
The overall goal of this course is to enable students to understand the rationale for and application of a variety of intervention strategies for the prevention and intervention of domestic violence. Fall (On Demand), Spring (On Demand), Summer (On Demand)

SOWK 430 (3) Social Work in the School Setting
Service delivery issues, knowledge and skills for providing social services within school settings. Fall (On Demand), Spring (On Demand), Summer (On Demand)

SOWK 432 (3) Social Work and Disabilities
Course focuses on service delivery issues and skills, using a strengths-based, family systems, and empowerment approach for working with individuals with developmental and other disabilities and their families across the life span. Students hoping to do a practicum in a disability services setting should complete this course prior to beginning the practicum. Fall (On Demand), Spring (On Demand), Summer (On Demand)

SOWK 435 (4) Applied Social Work Research
Explores research issues and techniques, needs assessments, and program and practice evaluations. In addition, there is a lab designed to supplement class discussions and to assist students in understanding some of the technical details and specific skills associated with conducting research and writing a research proposal. The lab enhances skills in developing questionnaires, reviewing previous studies, using American Psychological Association (APA) citations and data analysis using SPSS. Prerequisite: ECON 207 or SOC 202 or STAT 154
Fall, Spring
SOWK 441 (4) Generalist Social Work Practice
Overview of generalist social work practice including assessment and intervention methodology and strategies; social work with diverse populations; ethical issues/dilemmas; importance of social work research. Application required during semester before registration.

SOWK 443 (4) Social Work Interviewing and Counseling Skills
Intervention skills for working with individuals, families, and groups. Prerequisite: SOWK 441 and permission. Fall, Spring

SOWK 446 (4) Organizations and Community Practice
This course prepares students for direct and indirect macro generalist social work practice in organizations and communities. Students will learn: 1) to recognize characteristics and assets of organizations and communities, 2) to identify and respond to changing community and organizational needs, and 3) strategies for planned change process in organizations and communities. Emphasis is placed on engaging, intervening and evaluating consumer services across mezzo and macro systems through the process of participating in task-oriented groups. Prerequisite: Admission to the major. Fall, Spring

SOWK 447 (3) Social Work Practice IV
This course prepares students with social work practice knowledge, skills, and values to address organizational issues while considering the needs of clients. Social justice, advocacy, ethics, generalist social work practice, and professional development will be examined within the organization. Prerequisite: SOWK 441, SOWK 443 & SOWK 445

SOWK 450 (2) Integrative Seminar
Integration of senior field practicum with academic content and concepts. Serves as the capstone experience. Taken with SOWK 455 and SOWK 447. Prerequisite: SOWK Foundation, Practice Sequence, and permission. Fall, Spring

SOWK 455 (10) Social Work Practicum
Culminating practicum experience with 32 hour per week placement in a social service setting with supervision provided by a degreed social worker. Taken with SOWK 450, SOWK 447. Prerequisite: SOWK Foundation, Practice Sequence, and permission. Fall, Spring

SOWK 485 (1-6) Selected Topics
Topics announced when offered. Variable. Fall, Spring

SOWK 490 (1-3) Workshop
Fall, Spring

SOWK 492 (1-3) Honors Reading
Fall, Spring

SOWK 495 (1-3) Social Work Honors Paper
This elective is for those students who desire to complete an advanced writing assignment in preparation for employment or graduate education.

SOWK 497 (1-10) Internship: Social Work
Additional field experience in approved social agency.

SOWK 499 (1-6) Individual Study
Under faculty mentorship, students may pursue in-depth library or field research on topics of their choice.

SOCIOLGY BA, BS AND MINOR

Sociology
College of Social & Behavioral Sciences
Department of Sociology & Corrections
113 Armstrong Hall • 307-389-1561
Website: http://sbs.mnsu.edu/soccorr
Chair: Luis Posas
Faculty: Afroza Anwar, Emily Boyd, Steve Buechler, Barbara Carson, Jeffery Dennis, Donald Ebel, Sarah Epplen, Catarina Fritz, Carol Glasser, Diane Graham, Vicki Hunter, Barbara Keating, Keith Luebke, Luis Posas, Paul Prew, James Robertson, Pedro Thomas, Sherriise Trueissdale-Moore, William Wagner, Dennis Waskul

Sociology is the scientific study of society and culture examining the patterns of human social behavior. The sociology program at Minnesota State University, Mankato is dedicated to the pursuit, transmission and application of sociological knowledge in order to understand and transform the social world. The pursuit of sociological knowledge involves scholarly inquiry by faculty and students. The transmission of sociological knowledge entails teaching and learning within and beyond the academy. The application of sociological knowledge translates the unique insights of sociological perspectives into our professional activities and daily lives. The sociology program at Minnesota State University, Mankato leads to careers in academic and applied settings including human services, government, business, nonprofit organizations and social action organizations.

The Sociology undergraduate major includes three options: Option I: General Sociology provides a liberal arts curriculum along with research skill development for students interested in a comprehensive education or preparation for graduate education. Option II: Applied Sociology prepares students for careers in a variety of applied settings. This applied program includes an internship. Option III: The Globalization Studies Emphasis provides students a global perspective to understand global processes and the role of the United States in an increasingly interconnected world.

Students planning to major in sociology should take SOC 200: Foundations of Sociology as soon as possible after being accepted into the major. Our program mission statement, program goals, career information and more are available on our website (http://sbs.mnsu.edu/soccorr).

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
Admission to Major is granted by the Department. Minimum University admission requirements are:

• a minimum cumulative GPA of 2.00.

P/N Grading Policy. Courses leading to a major or minor in sociology may not be taken on a P/N basis, except where P/N grading is mandatory.

Combined BS, BA/MS, MA Program: Undergraduate students in our Sociology and Corrections programs interested in pursuing a master’s degree in either of these two fields may be granted permission to double count up to 12 credits for both the undergraduate and the graduate program. To apply for this option, students must have completed their sophomore year, have and maintain a GPA of at least 3.0, and declare their intent to complete the graduate program following the completion of the baccalaureate degree. If accepted, students must obtain special permission to register for double counted courses and will receive graduate student credit when the undergraduate degree has been conferred and they have been fully admitted into one of our graduate programs. Please contact the Department Graduate Coordinator for detailed information.

Residency Requirements. Excluding SOC 101, all majors must complete 33 of the required 39 credit hours within this Department of Sociology and Corrections at Minnesota State Mankato. Transfer courses that will not be accepted are Internship, Capstone and Experiential learning courses such as GERO 200, SOC 200, and SOC 406. Normally the department will not accept transfer courses at the 200-level for our upper level courses, except on a case-by-case basis.

Excluding SOC 101, all students minoring in sociology must complete 12 of the required 18 credit hours within the Department of Sociology and Corrections at Minnesota State Mankato.

GPA Policy. A minimum grade of “C” is required for all courses counting towards the Sociology major.

COURSE DESCRIPTIONS

SOC 101 (3) Introduction to Sociology
Overview of the nature and characteristics of human societies; the structure and processes of social life; impact of social forces on individuals and groups; interdependence of society and the individual; emphasis on cultural diversity and globalization. Fall, Spring
GE-5, GE-8
Diverse Cultures - Purple

SOC 101W (3) Introduction to Sociology
Overview of the nature and characteristics of human societies; the structure and processes of social life; impact of social forces on individuals and groups; interdependence of society and the individual; emphasis on cultural diversity and globalization. This is a writing intensive course. Variable
WI, GE-5, GE-8
Diverse Cultures - Purple

SOC 150 (3) Social Problems
A critical description and analysis of selected social problems, with an emphasis on the sociological perspective, critical thinking, roots of group inequality, and exploration of solutions and alternatives to existing social problems. Fall, Spring
GE-5, GE-7
Diverse Cultures - Purple

SOC 200 (3) Foundations of Sociology
Elements of the sociological perspective; overview of theoretical and methodological orientations; sociological practice and application; initial development of student portfolio. Prerequisite: SOC 101 or SOC 101W
Fall, Spring
SOC 201 (3) Social Research I  
Fundamentals of research methods focusing on the research process and research design and including hypothesis testing, basic analysis and interpretation; students will develop and practice research skills.  
Prerequisite: SOC 101 or SOC 101W  
Fall, Spring

SOC 201W (3) Social Research I  
Fundamentals of research methods focusing on the research process and research design and including hypothesis testing, basic analysis and interpretation; students will develop and practice research skills.  
Prerequisite: SOC 101 or SOC 101W  
Fall, Spring

SOC 202 (3) Introductory Social Statistics  
Basic descriptive and inferential statistics used in the analysis of sociological data.  
Fall, Spring

SOC 208 (3) Courtship, Marriage & Family  
Courtship, marriage and family are studied as social and cultural phenomena. Focuses on the relationships between society, culture, social institutions, families and individuals especially as they are affected by social change.  
GE-5, GE-7

SOC 209 (3) Sociology of Human Sexualities  
Explores the social construction of sex and sexuality, including the organization of human bodies and activities into particular categories such as female and male or homosexual and heterosexual. How this is done in specific institutional settings like the law, media, and science is a primary focus. The effects of such practices and their associated meanings, as well as resistance to them, are also investigated.  
Fall, Spring

SOC 255 (3) Juvenile Delinquency  
A critical consideration of definitions of juvenile delinquency, emphasis on micro and macro level of struggle in which delinquent behavior takes place; critique of current theories on delinquency, and the juvenile justice response to delinquency.  
Prerequisite: SOC 101 or SOC 101W  
Fall, Spring

SOC 285 (3) Selected Topics in Sociology  
Topics vary as announced in class schedule. May be retaken for credit if topic varies.  
On Demand: Fall, Spring, Summer

SOC 285W (3) Selected Topics in Sociology  
Topics vary as announced in class schedule. May be retaken for credit if topic varies.  
On Demand: Fall, Spring, Summer

SOC 291 (1-3) Exploratory Studies  
May be used to explore areas of interest to students which are not covered in regular courses. A maximum of three hours applicable toward a major or minor in the department with consent of an advisor.  
Prerequisite: Consent  
Fall, Spring

SOC 307 (3) Sex & Gender in Contemporary Society  
Description and analysis of sex/gender systems, interpersonal power, language and communication, the role of gender in social institutions such as the family, work, and politics, and the role of social movements in creating change in gender relations.  
Prerequisite: SOC 101 or SOC 101W  
Fall, Spring

SOC 325 (3) Sociology of Popular Culture  
This course examines the sociological significance of popular culture and focuses on how popularized aspects of social life are produced, consumed and experienced by members of society. Includes discussion of celebrities, sports, music, television, movies, commercials and consumption practices.  
Prerequisite: SOC 101 or SOC 101W  
Variable

SOC 351 (3) Social Psychology  
The study of symbolic interaction as the basis of the mind, the self, and society.  
Prerequisite: SOC 101 or SOC 101W  
Fall, Spring

SOC 356 (3) Indigenous Peoples and Environmental Struggles  
Introduces students to the differences between indigenous and Western views of the environment. Analyzes the impact of invasion and encroachment on indigenous societies’ interactions with nature. Compares historical and contemporary environmental issues in indigenous societies.  
Variable  
GE-10

SOC 398 (0) CPT: Co-Operative Experience  
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information.  
Prerequisite: At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply.  
Fall, Spring, Summer

SOC 402 (3) Medical Sociology  
Introduces students to central topics in medical sociology including; social factors responsible for people’s health outcomes; social construction of health and illness; health inequalities; evolution of the social institution of medicine; and/or issues related to race/ethnicity, social class and gender.  
Fall

SOC 403 (3) Sociology of Mental Health  
This course brings a sociological perspective to the understanding of mental health and illness. Students review the history and the perception of mental illness in Western society, and critically examine how social factors influence the definition and the responses to mental disorders.  
Fall, Spring

SOC 404 (3) Sociology of Aging  
Social and psychological focus in later life. Problems and prospects of growing old in the United States.  
Prerequisite: SOC 101 or SOC 101W  
Fall

SOC 405 (3) Sociology of Death  
Study of the structure of human response to death, dying, and bereavement in their socio-cultural, interpersonal, and personal context. Formation of children’s perception of death, functions of the funeral, euthanasia, and suicide are among the topics to be discussed.  
Prerequisite: SOC 101 or SOC 101W  
Fall

SOC 407 (3) Population Dynamics  
The course will acquaint students with dynamic forces operating in the field of population and development. Includes an introduction to basic theories and techniques of population analysis, with coverage of global economic forces: fertility, mortality, and migration. The causes and consequences of over-population are discussed with special attention to resource depletion and food shortages.  
Prerequisite: SOC 101 or SOC 101W  
Variable

SOC 409 (3) Family Violence  
Various forms of family violence including dating violence, spouse abuse, and child abuse; social theory, empirical research and social policy on family violence; social context, responses and solutions.  
Fall

SOC 417 (3) Program Administration  
Implications of sociological knowledge for the administration of Human Services programs. Theoretical and practical aspects of administration within social service systems.  
Spring

SOC 420 (3) Identity Work in Women's Reentry Experiences  
Applies sociological theories of identity to the experience of women being released from prison. Taught at the women’s prison in Shakopee, Minnesota and integrates Minnesota State Mankato students with students drawn from the educational program located within the women’s prison in Shakopee.  
Fall, Spring
SOC 423 (3) Complex Organizations
Analysis of the development, structure, and functioning of social processes in large-scale, formal organizations.
Prerequisite: SOC 101, SOC 101W
Fall

SOC 425 (3) Social Movements
Survey of major sociological perspectives on social movements, including theoretical approaches and empirical research on the causes, processes, and outcomes of social movements.
Prerequisite: SOC 101 or SOC 101W
Spring

SOC 430 (3) Sociology of Globalization
Overview of the role of the United States in an increasingly globalized society with a focus on economic and political inequality, the class structure, the labor process, race and gender relations, the global dimensions of capitalism, and modern crisis tendencies.
Prerequisite: SOC 101 or SOC 101W
Variable
Diverse Cultures - Purple

SOC 441 (3) Social Deviance
Sociological perspectives on social deviance; overview of theoretical approaches; emphasis on symbolic interactionism; issues of social control, research examples and policy implications.
Prerequisite: SOC 101 or SOC 101W
Fall, Spring

SOC 442 (3) Criminology
A critical consideration of myths concerning crime, perspectives on crime and their assumptions, current criminology theory, and construction of alternative explanations related to crime.
Prerequisite: SOC 101 or SOC 101W
Fall, Spring

SOC 446 (3) Race, Culture & Ethnicity
Study of minority racial and cultural groups in U.S. society. An examination of how the lives of the members of these groups are affected by racism, prejudice, and discrimination.
Prerequisite: SOC 101 or SOC 101W
Fall, Spring
Diverse Cultures - Purple

SOC 451 (3) Law & Social Justice in Society
A critical look at the construction of the concepts of law and justice as it operates in the United States and an application of the principles of justice to community issues.
Prerequisite: SOC 101, SOC 101W and CORR 106
Variable

SOC 458 (3) Sociological Theory
An overview of sociological theory that surveys the classical tradition and emphasizes contemporary theories including functionalism, conflict theory, rational choice theory, and symbolic interactionism as well as recent trends in theoretical developments.
Prerequisite: SOC 101 or SOC 101W
Spring

SOC 460 (3) Environmental Sociology
Examines the sociological relationship between people and the environment including: ways various societies view the environment, social changes from ecological degradation, and solutions to environmental problems. Topics may include a sociological analysis of climate change, agriculture, and resource extraction.
Spring
Diverse Cultures - Purple

SOC 461 (3) Urban Sociology
A survey of sociological theory and research on the ecology, demography, and social organization of the urban community. Presents a sociological interpretation of the development of urban society and how the process of urbanization affects the basic societal institutions and individual behavior.
Prerequisite: SOC 101 or SOC 101W
Variable
Diverse Cultures - Purple

SOC 463 (3) Social Stratification
An overview of the causes, processes and consequences of social stratification in society. Includes an overview of classical statements about stratification and focuses on social inequalities rooted in social class structures, the organization of political power, and social hierarchies based on race and gender differences in society.
Prerequisite: SOC 101 or SOC 101W
Spring
Diverse Cultures - Purple

SOC 465 (3) Law & Chemical Dependency
Addresses aspects of criminal and civil law pertinent to substance abuse.
Fall

SOC 466 (3) Program Planning
Theoretical and practical aspects of the planning process within social service systems. Examines the social context of planning and the use of a sociological knowledge base for planning in Human Services.
Prerequisite: SOC 101 or SOC 101W
Spring

SOC 469 (3) Survey Research
Techniques of survey research, interview, and questionnaire construction, field administration, and sampling methodology.
Prerequisite: SOC 201
Fall

SOC 470 (3) Sociology of Parent-Child Interaction
Parent-child relationships in societal context; socialization theories; classic and contemporary research; parenting applications; current issues.
Spring

SOC 479 (3) Sociological Ethnography
Examination of ethnographic methodologies in sociology with emphasis on analytic, performance, and autoethnography. Exploration of ethics in ethnography, visual sociology, and firsthand experience in both crafting and presenting ethnographic works.
Prerequisite: SOC 101 or SOC 101W; SOC 201 or similar science research course with instructor permission.
Spring

SOC 480 (3) Qualitative Methods
Participant observation, focused interviews, and qualitative analysis; students actively participate in a field research project.
Prerequisite: SOC 101 or SOC 101W; SOC 201 or similar social science research course with instructor permission.
Fall

SOC 482 (3) Social Change
Analysis of social forces and processes involved in changing norms, values, and structures in traditional and modern societies. Examines both planned and unplanned change.
Prerequisite: SOC 101 or SOC 101W
Variable

SOC 483 (3) The Family and Society
Theory development and research findings about family systems with a special emphasis on societal influences (social, economic, political) on the changing family.
Variable

SOC 484 (3) Sociology of Religion
Analysis of the structures, functions, and origins of religion, its relationship to other social institutions, and its role in modern secular society. Examines processes of individual religiosity and explores current religious movements and trends.
Prerequisite: SOC 101 or SOC 101W
Variable

SOC 485 (2-6) Selected Topics
Topics vary as announced in class schedule. May be retaken for credit if topic varies.
Prerequisite: SOC 101 or SOC 101W
Variable

SOC 490 (1-3) Workshop
Workshop topics vary as announced in class schedule. May be retaken for credit.
Variable

SOC 491 (1-6) In-Service
Topics vary as arranged by students and instructor. May be retaken for credit.
Variable
SOCIOLGY CONTINUED

SOCIOLOGY CONTINUED

SOC 492 (1) Honors Reading
For Honors students only. Variable

SOC 493 (3) Applied Sociology
Focuses on ways sociological theories, perspectives, and methods can be applied to address human concerns, how sociologists make a better world. Students learn to use sociological methods and concepts (such as theories about social structure, social organization, and social movements) to identify, investigate, and implement solutions to problems of social organization, social process, and social change. Potential applications include issues encountered in various workplace and social situations including community agencies and organizations, government, business, health care, and other social institutions.
Prerequisite: SOC 201, Senior Standing, SOC 201 or equivalent with permission
Fall

SOC 495 (3) Senior Seminar
Reviews sociological competencies and their applications in a variety of professional settings. A faculty-supervised, student-designed capstone project will integrate sociological knowledge, theory and research. Students must have completed or be currently enrolled in all other required courses for the major.
Prerequisite: SOC 200, SOC 201, SOC 458
Fall, Spring

SOC 497 (1-12) Internship: Sociology
The internship in sociology is designed to provide opportunity to apply classroom learning, to practice and enhance skills, to experience professional socialization, and to explore a career. It also serves as a vehicle for the student to become more aware of personal strengths and identify areas in which further growth is needed.
Prerequisite: Consent
Fall, Spring

SOC 499 (1-6) Individual Study
A maximum of six credits is applicable toward a single major in the department; three credits toward a minor.
Prerequisite: Consent
Fall, Spring

SOCIOLGY GLOBALIZATION STUDIES BA AND BS

Sociology Globalization Studies
College of Social & Behavioral Sciences
Department of Sociology & Corrections
113 Armstrong Hall • 507-389-1561
Website: http://sbs.mnsu.edu/soccorr
Chair: Luis Posas
Faculty: Afrza Anwary, Emily Boyd, Steve Bucheler, Barbara Carson, Jeffery Dennis, Donald Ebel, Sarah Epple, Catarina Fritz, Carol Glasier, Diane Graham, Vicki Hunter, Barbara Keating, Keith Luebke, Luis Posas, Paul Prew, James Robertson, Pedro Thomas, Sherrise Truesdale-Moore, William Wagner, Dennis Waskul

Sociology is the scientific study of society and culture examining the patterns of human social behavior. The sociology program at Minnesota State University Mankato is dedicated to the pursuit, transmission and application of sociological knowledge in order to understand and transform the social world. The pursuit of sociological knowledge involves scholarly inquiry by faculty and students. The transmission of sociological knowledge entails teaching and learning within and beyond the academy. The application of sociological knowledge translates the unique insights of sociological perspectives into our professional activities and daily lives. The sociology program at Minnesota State University Mankato leads to careers in academic and applied settings including human services, government, business, nonprofit organizations and social action organizations.

The Sociology undergraduate major includes three options: Option I: General Sociology provides a liberal arts curriculum along with research skill development for students interested in a comprehensive education or preparation for graduate education.
Option II: Applied Sociology prepares students for careers in a variety of applied settings. This applied program includes an internship.
Option III: The Globalization Studies Emphasis provides students a global perspective to understand global social processes and the role of the United States in an increasingly interconnected world.

Students planning to major in sociology should take SOC 200: Foundations of Sociology as soon as possible after being accepted into the major. Our program mission statement, program goals, career information and more are available on our website (http://sbs.mnsu.edu/soccorr).

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
Admission to Major is granted by the Department. Minimum University admission requirements are:
- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.00.

P/N Grading Policy: Courses leading to a major or minor in sociology may not be taken on a P/N basis, except where P/N grading is mandatory.

Combined BS, BA/MS, MA Program: Undergraduate students in our Sociology and Corrections programs interested in pursuing a master's degree in either of these two fields may be granted permission to double count up to 12 credits for both the undergraduate and the graduate program. To apply for this option, students must have completed their sophomore year, have and maintain a GPA of at least 3.0, and declare their intent to complete the graduate program following the completion of the baccalaureate degree. If accepted, students must obtain special permission to register for double counted courses and will receive graduate student credit when the undergraduate degree has been conferred and they have been fully admitted into one of our graduate programs. Please contact the Department Graduate Coordinator for detailed information.

Residency Requirements. Excluding SOC 101, all majors must complete 33 of the required 39 credit hours within this Department of Sociology and Corrections at Minnesota State Mankato. Transfer courses that will not be accepted are Internship, Capstone and Experiential learning courses such as GERO 200, SOC 200, and SOC 406. Normally the department will not accept transfer courses at the 200-level for our upper level courses, except on a case-by-case basis.

Excluding SOC 101, all students minoring in sociology must complete 12 of the required 18 credit hours within the Department of Sociology and Corrections at Minnesota State Mankato.

GPA Policy. A minimum grade of "C" is required for all courses counting towards the Sociology major.

Students in the Spanish program acquire language proficiency and cultural competency that prepares them to work and travel where Spanish is spoken. Students at the end of their programs will meet the National Standards for Foreign Language Learning.

Communicate in Languages Other Than English
Standard 1.1: Students engage in conversations, provide and obtain information, express feelings and emotions, and exchange opinions.
Standard 1.2: Students understand and interpret written and spoken language on a variety of topics.
Standard 1.3: Students present information, concepts, and ideas to an audience of listeners or readers on a variety of topics.

Gain Knowledge and Understanding of Other Cultures
Standard 2.1: Students demonstrate an understanding of the relationship between the practices and perspectives of the culture studied.
Standard 2.2: Students demonstrate an understanding of the relationship between the products and perspectives of the culture studied.

Connect with Other Disciplines and Acquire Information
Standard 3.1: Students reinforce and further their knowledge of other disciplines through the foreign language.

Standard 3.2: Students acquire information and recognize the distinctive viewpoints that are only available through the foreign language and its cultures.

Develop Insight into the Nature of Language and Culture
Standard 4.1: Students demonstrate understanding of the nature of language through comparisons of the language studied and their own.
Standard 4.2: Students demonstrate understanding of the concept of culture through comparisons of the cultures studied and their own.

Participate in Multilingual Communities at Home & Around the World
Standard 5.1: Students use the language both within and beyond the school setting.
Standard 5.2: Students show evidence of becoming life-long learners by using the language for personal enjoyment and enrichment.

Please select a total of 18 credits of major restricted electives.

COURSE DESCRIPTIONS SEE SOCIOLOGY

SPANISH BA, BS AND MINOR

www.mnsu.edu 2016-2017 Undergraduate Catalog 305
tests to have their proficiency evaluated. Students may not take a proficiency test for a course in which they are enrolled. Students who have any previous Spanish experience must see a Spanish faculty member for placement advice before enrolling in a Spanish course. Contact the Department for details and see the department website for guidance.

Fulfilling BA Language Requirement. Students who wish to validate the BA language requirement for previous study in French, German, Spanish, Swedish or Norwegian may do so by taking credit by exam. Students do not meet the BA language requirement merely because they have taken two years of high school language.

Residency Requirement. Transfer credits will be applied only if they are the equivalent of work offered by the Department of World Languages & Cultures for the major or minor in that language. In addition, a minimum of work must be taken at Minnesota State Mankato as follows. Major: A minimum of three upper division courses other than SPAN 492 or SPAN 499, for a total of at least 8 credits. At least two of these courses must be at the 400 level. Minor: A minimum of two upper division courses other than SPAN 492 or SPAN 499, for a total of at least six credits.

Courses not required for a student's specific baccalaureate degree should be chosen according to these general guidelines:

- BA: Emphasis on literature in upper-division courses; students will most likely pursue their education beyond the baccalaureate level.
- BS: Emphasis on the ability to communicate in the language; presupposes knowledge of culture and civilization; students frequently have career goals in other disciplines for which a language is either required or recommended.

- BS Spanish Education: Emphasis is on meeting the National Standards for Foreign Language Learning and Minnesota Board of Teaching competencies.
- BS Spanish for the Professions: Emphasis is on the development of communicative competency, cultural competency and literacy to work in the 21st century workplace where Spanish is required.

SPANISH MINOR (24 credits)

Minor Core

Integrated Productive Skills I
Students must have sufficient language proficiency in Spanish before enrolling in this course. If students demonstrate an intermediate level of proficiency (or equivalent on ACTFL scale) or complete the equivalent of SPAN 201, they have the required productive skills for success in this course. Due to intensive writing in this course, students may want to complete 202 to build stronger productive skills before attempting 210W.
SPAN 210W Composition and Conversation [4]

Integrated Productive Skills II (choose 3-6 credits) Choose one course
SPAN 310 Conversation and Composition [1-4]
SPAN 393 Individual Study Abroad: Advanced Spanish I [1-6]
SPAN 394 Supervised Study Abroad: Advanced Spanish II [1-6]

Restricted Electives (choose 1 Cluster from the following)
Perspectives on Language and Linguistics (choose 3-6 credits)
SPAN 301 Topics in Language [1-4]
SPAN 493 Ind. Study Abroad: Topics in Language and Linguistics [1-6]

Perspectives on Literature (choose 3-6 credits)
SPAN 301 Topics in Language [1-4]
SPAN 493 Ind. Study Abroad: Topics in Language and Linguistics [1-6]

Minor Elective
Unrestricted Electives (On campus, online and overseas) (choose 8-14 credits)
Choose Spanish courses from the approved elective list according to proficiency level and student interest to meet the 24 credit requirement. Students may consult with Spanish faculty since some courses have overseas course equivalents and
may not be repeated for credit.

SPAN 201 Intermediate Spanish I (4)
An introduction to the basic language skills of listening, speaking, reading and writing; presentation of condensed cultural notes.
GE-B

SPAN 202 Intermediate Spanish II (4)
An introduction to the basic language skills of listening, speaking, reading and writing; presentation of condensed cultural notes.
Prerequisite: SPAN 101 or equivalent
GE-B

SPAN 193 (1-6) Individual Study Abroad: Elementary Spanish I
Introductory work toward proficiency in reading, writing, speaking and listening skills. Content varies. May be repeated for credit. Study for credit must be approved by the department prior to departure.

SPAN 194 (1-6) Individual Study Abroad: Elementary Spanish II
Introductory work toward proficiency in reading, writing, speaking and listening skills. Content varies. May be repeated for credit. Study for credit must be approved by the department prior to departure.

SPAN 201 (4) Intermediate Spanish I
A review of the fundamentals of grammar, practice in written and oral expression, development of listening and reading skills, brief cultural components.
Prerequisite: one year university level Spanish or equivalent
GE-B

SPAN 202 (4) Intermediate Spanish II
A review of the fundamentals of grammar, practice in written and oral expression, development of listening and reading skills, brief cultural components.
Prerequisite: one year university level Spanish or equivalent
GE-B

SPAN 210W (4) Composition and Conversation
Includes basic communication exchanges, common vocabulary and experiences. Emphasis is on improving written expression through compositions related to socio-cultural topics of the countries in which Spanish is the primary language.
WI, GE-B

SPAN 256 (1-6) Individual Study Abroad: Supervised Project
Topics will vary. May be repeated for credit.

SPAN 293 (1-6) Individual Study Abroad: Intermediate Spanish I
Development of reading, writing, speaking and listening skills at the intermediate level. Content varies. May be repeated for credit. Study for credit must be approved by the department prior to departure.
Prerequisite: One year university level Spanish or equivalent

SPAN 294 (1-6) Individual Study Abroad: Intermediate Spanish II
Development of reading, writing, speaking and listening skills at the intermediate level. Content varies. May be repeated for credit. Study for credit must be approved by the department prior to departure.
Prerequisite: One year university level Spanish or equivalent

SPAN 299 (1-4) Individual Study
Variable topics.

SPAN 301 (1-4) Topics in Language
Topics will vary and course may be repeated for credit. Language topics include pronunciation and intonation, advanced grammar, Spanish for the marketplace, etc. The focus is on advanced oral or written communication.
Prerequisite: Two years of university level Spanish or equivalent

SPAN 310 (1-4) Conversation and Composition
Emphasis on development of oral communication skills and improvement in writing.

SPAN 311W (4) Intensive Reading and Writing for Spanish Speakers
Develop writing and reading skills for academic and professional settings for students with intermediate/high oral language proficiency who would like to develop their critical reading skills and improve their writing for academic and professional purposes. Practice of orthography, stylistics, compositional elements characteristic of writing in Spanish for a variety of cultural settings, etc. and development of communicative competence for a Spanish-speaking audience based on multicultural readings.
Variable WI

SPAN 355 (1-4) Spanish Civilization
Major cultural and historical aspects of Spain from ancient times to the present.
Prerequisite: Two years university level Spanish or equivalent

SPAN 356 (1-4) Latin American Civilization
Major cultural and historical aspects of Latin America from pre-colonial times to the present.
Prerequisite: Two years university level Spanish or equivalent

SPAN 365 (1-4) Selected Readings
Discussion and analysis of major themes and movements based on selected readings from representative authors from the Spanish-speaking world.
Prerequisite: Two years university level Spanish or equivalent

SPAN 393 (1-6) Individual Study Abroad: Advanced Spanish I
Increase proficiency of reading, writing, speaking and listening skills. Content varies. May be repeated for credit. Study for credit must be approved by the department prior to departure.
Prerequisite: Two years university level Spanish or equivalent

SPAN 394 (1-6) Supervised Study Abroad: Advanced Spanish II
Emphasis is on reading, writing, speaking and listening skills. Content varies. May be repeated for credit. Study for credit must be approved by the department prior to departure.
Prerequisite: Two years university level Spanish or equivalent

SPAN 395 (1-6) Ind. Study Abroad: Readings in Hispanic Literature
An introduction to reading literature in Spanish. Discussion and analysis of representative works by major authors from the Spanish-speaking world.

SPAN 396 (1-6) Ind. Study Abroad: Readings in Hispanic Literature
An introduction to reading literature in Spanish. Discussion and analysis of representative works by major authors from the Spanish-speaking world.

SPAN 397 (1-6) Individual Study Abroad: Spanish for the Professions
Topics will vary. May be repeated for credit.

SPAN 401 (1-4) Topics in Linguistics
Topics may vary. Course may be repeated for credit. Language topics include pronunciation and intonation, advanced grammar, Spanish for the marketplace, etc. The focus is on advanced oral or written communication.
Prerequisite: Two years of university level Spanish or equivalent

SPAN 402 (1-4) Topics in Spanish Peninsular Literature
Topics vary. Spanish literature from Medieval to Modern Times. May be repeated for credit.
Prerequisite: Completion of 4 credits of 300 level or equivalent
Spanish for the Professions

Spanish for the Professions BS

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
Admission to Major is granted by the department. Minimum University admission requirements are:
- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.00 (“C”).

Contact the department for details and see the department website for guidance.

P/N Grading Policy. Work done for a major or minor must be done for a letter grade above the second-year level. A grade of "P" must be earned for major or minor credit in all work done on a P/N basis.

Proficiency Policies. Students who wish to receive credit by examination may take tests to have their proficiency evaluated. Students may not take a proficiency test for a course in which they are enrolled. Students who have any previous Spanish experience must see a Spanish faculty member for placement advice before enrolling in a Spanish course. Contact the Department for details and see the department website for guidance.

Fulfilling BA Language Requirement. Students who wish to validate the BA language requirement for previous study in French, German, Spanish, Swedish, or Norwegian may do so by taking a proficiency test for a major or minor credit in all work done on a P/N basis.

Fulfilling BA Language Requirement. Students who wish to validate the BA language requirement for previous study in French, German, Spanish, Swedish, or Norwegian may do so by taking a proficiency test for a major or minor credit in all work done on a P/N basis.

Residency Requirement. Transfer credits will be applied only if they are the equivalent of work offered by the Department of World Languages & Cultures for the major or minor in that language. In addition, a minimum of work must be taken at Minnesota State Mankato as follows. Major: A minimum of three upper division courses other than SPAN 492 or SPAN 499, for a total of at least 8 credits. At least two of these courses must be at the 400 level. Minor: A minimum of two upper division courses other than SPAN 492 or SPAN 499, for a total of at least 6 credits.

Courses not required for a student’s specific baccalaureate degree should be chosen according to these general guidelines:
- BA: Emphasis on literature in upper-division courses; students will most likely pursue their education beyond the baccalaureate level.
- BS: Emphasis on the ability to communicate in the language; presupposes knowledge of culture and civilization; students frequently have career goals in other disciplines
Students in the Spanish program acquire language proficiency and cultural competency and literacy to work in the 21st century workplace where Spanish is required.

SPANISH FOR THE PROFESSIONS BS
Degree completion = 120 credits

Spanish for the Professions is a degree that prepares students to work in a variety of careers where a high level of Spanish language and cultural competency associated with the Spanish speakers of the 21st century are required. The required coursework emphasizes the development of communicative competency, cultural competency and literacy (reading skills, translation of documents for the professions, etc.) to work in the 21st century workplace where Spanish is required. Required general education courses in a variety of areas (geography, ethnic studies, anthropology, philosophy, environmental studies, for example) and advanced courses in culture, civilization and history enhance the student’s understanding of the people, cultures, and environments where Spanish is used in the workplace (here in the US and in Spain, Mexico, the Caribbean and Central America and South America). Core competencies include demonstration of skills in written and oral communication and competencies in literacy and cultures. This program requires study abroad immersion in a Spanish-speaking country.

Required General Education
ANTH 240 Language and Culture (4)
CMST 203 Intercultural Communication (3)
CMST 212 Professional Communication and Interviewing (3)
ENVR 101 Perspectives in Environmental Science (4)
ETHN 150 Multi-Cultural/Ethnic Experience (3)
ETHN 204V Perspectives on Latinos/Hispanics (3)
GEOG 103 Introductory Cultural Geography (3)
Select two (choose 6-8 credits)
BLAW 131 Consumer Law & Ethics (3)
PHIL 224W Business Ethics (3)
PHIL 240W Law, Justice & Society (3)
PHIL 321W Social & Political Philosophy (3)

Prerequisites to the Major
Spanish language equivalency (choose 4-5 credits)
Students must have the equivalent proficiency level of 102 to enter the major. One language course 101-202 may be used in General Education. Students whose proficiency level exceeds the minimum required should complete an elective course in Spanish or course at the appropriate level in another language of their choice.

SPAN 101 Elementary Spanish I (4)
SPAN 102 Elementary Spanish II (4)
SPAN 193 Individual Study Abroad: Elementary Spanish I (1-6)

SPAN 396 Experiencing Diverse Cultures (1-3)
SPAN 407 Topics in Translation (1-4)
SPAN 498 Internship: Spanish for the Professions (1-4)

Cultural Competency (choose 7-8 credits)
HIST 442 History of Latin America (4)
SPAN 335 Spanish Civilization (1-4)
SPAN 356 Latin American Civilization (1-4)
SPAN 496 Ind. Study Abroad: Topics in Spanish American Culture (1-6)
SPAN 497 Ind. Study Abroad: Topics in Spanish Peninsular Culture (1-6)

Major Unrestricted Electives
English Electives (choose 8-11 credits)
SPAN 210W Composition & Conversation (4)
SPAN 355 Spanish Civilization (1-4)
SPAN 394 Supervised Study Abroad: Advanced Spanish I (1-6)
SPAN 396 Experiencing Diverse Cultures (1-3)
SPAN 407 Topics in Translation (1-4)
SPAN 498 Internship: Spanish for the Professions (1-4)

Required Minor. Yes. Any
Required Minor: Yes. Any
Recommended minors for Spanish for the Professions vary in credit length. The following minors fit within the 120 credit limit as they are 20 credits or less and pair well with this major: Corrections, Environmental Studies, Financial Planning, Human Resource Management, Marketing, Political Science, Social Welfare and Technical Communication. Other minors that exceed 20 credits would also be an appropriate pair for this major are: Business Administration, Community Health, French, German, International Relations, Nonprofit Leadership, Psychology, Scandinavian Studies, Social Welfare, Sports Medicine.

POLICIES/INFORMATION
Admission to Major is granted by the department. Minimum University admission requirements are:
- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.00 ("C").
Contact the department for application and placement procedures.

GPA Policy. A grade of "C-" or better must be earned for major or minor credit.

P/N Grading Policy. Work done for a major or minor must be done for a letter grade above the second-year level. A grade of "P" must be earned for major or minor credit in all work done on a P/N basis.

Proficiency Policies. Students who wish to receive credit by examination may take tests to have their proficiency evaluated. Students may not take a proficiency test for a course in which they are enrolled. Students who have any previous Spanish experience must see a Spanish faculty member for placement advice before enrolling in a Spanish course. Contact the Department for details and see the department website for guidance.

Fulfilling BA Language Requirement. Students who wish to validate the BA language requirement for previous study in French, German, Spanish, Swedish or Norwegian may do so by taking credit by exam. Students do not meet the BA language requirement merely because they have taken two years of high school language.

Residency Requirement. Transfer credits will be applied only if they are the equivalent of work offered by the Department of World Languages & Cultures for the major or minor in that language. In addition, a minimum of work must be taken at Minnesota State Mankato as follows: Major. A minimum of three upper division courses other than SPAN 492 or SPAN 499, for a total of at least 8 credits. At least two of these courses must be at the 400 level. Minor. A minimum of two upper division courses other than SPAN 492 or SPAN 499, for a total of at least six credits.

Courses not required for a student's specific baccalaureate degree should be chosen according to these general guidelines:
- BA: Emphasis on literature in upper-division courses; students will most likely pursue their education beyond the baccalaureate level.
- BS: Emphasis on the ability to communicate in the language; presupposes knowledge of culture and civilization; students frequently have career goals in other disciplines for which a language is either required or recommended.
- BS Spanish Education: Emphasis is on meeting the National Standards for Foreign Language Learning and Minnesota Board of Teaching competencies.
- BS Spanish for the Professions: Emphasis is on the development of communicative competency, cultural competency and literacy to work in the 21st century workplace where Spanish is required.

Required for the Major. Students must demonstrate "Intermediate-high level speaking proficiency" as defined in the ACTFL Proficiency Guidelines established by the American Council on the Teaching of Foreign Languages or equivalent.

Required for the Major. Firsthand experiences with the target cultures.

Other Graduation Requirements
See the SECONDARY EDUCATION section for admission requirements to Professional Education and a list of required professional education courses.

Required Minor: None.

Accreditations. Council for the Accreditation of Educator Preparation (CAEP).

The Department of Special Education serves the needs of undergraduate and graduate students at Minnesota State Mankato seeking to become licensed Special Educators in the state of Minnesota. The Special Education undergraduate program is designed to meet the licensure standards as determined by the Minnesota Board of Teaching. The five-semester program of study is typically begun in the second year after successful completion of General Education requirements. The Department employs a cohort model for the preparation of undergraduates, with all students from a given year considered members of the same cohort. Cohort students concurrently enroll in the same block of courses. All interested students are highly encouraged to contact the Coordinator for program information and guidance for admission procedures.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

Incoming and Transfer Student Orientation. Orientation makes a significant difference in a student’s success and persistence in college. All new and transfer students are required to meet the orientation program before registering for classes. The College of Education Student Relations Coordinator conducts the Academic Success session. This session includes explanation of general education and general education coursework required for program, cultural diversity requirements, academic performance, and assignment of program advisors. Students are accompanied to a registration lab to complete their upcoming term schedule.

Transfer Credit Evaluation. Evaluation of prior academic course work will be based on evidence presented through (a) transcripts, (b) course syllabi, (c) course description. Students have a right to appeal this decision.

Required General Education Course and Credits
CDIS 205 Beginning Sign Language (3 cr.) OR HLTH 210 First Aid and CPR
(Goal Area 11: Human Performance)
HLTH 240 Drug Education (3 cr.)
( Goal Area 5: History and the Social & Behavioral Sciences)
MATH 201 Elements of Mathematics I (3 cr.)
( Goal Area 4: Math & Logical Reasoning)

Admission to the Special Education Program
Undergraduate Major Coordinator: Sean Wachsmuth
In order to apply for the Special Education Academic and Behavioral Strategist (ABS) program:
Apply online at http://ed.mnsu.edu/sped/

Admission to Professional Education
Coordinator of Admission to Professional Education
Myimique Baear, Armstrong Hall 118

Mankato Program
Students working toward a teaching degree must be admitted to Professional Education during their first semester in the program to allow continued registration.
1. Minimum of 40 earned semester credits
2. Minimum of 2.75 cumulative GPA
3. Evidence of registration for the MTLE Basic Skills Exams
4. Completion of MATH 201, HLTH 240, and CDIS 205 or HLTH 210

Program Continuation. The Special Education Department will monitor block entrance and continuation in program. Students must maintain a 3.0 cumulative GPA in Program coursework.

Admission to Student Teaching. Student teaching at Minnesota State University, Mankato is a performance-based, 16-week program, requiring the demonstration of an acceptable level of performance in the areas of planning and preparation, classroom management, instruction, and professionalism. Multiple methods of assessment are used and evidence is collected to assess the student teacher’s skills and dispositions. These methods include direct observations of teaching activities by cooperating teachers and university faculty, the use of videotaped lessons and activities for self-assessment, participation in online activities, and participation in activities reflective of the professional responsibilities of teachers (e.g., parent conferences). The Office of Field and International Experience (OFIE) requests placements for all student teachers in partner districts. Application materials are available in 119 Armstrong Hall.

Admission to the student teaching experience is contingent upon completion of:
1. General Ed and Diverse Cultures program requirements.
2. a grade point average of 3.0, grades of “C” or better for all major coursework
3. admittance to Professional Education
4. all methods and professional education course work
5. formal application materials one year prior to student teaching semester (obtain specific dates from 119 Armstrong Hall)
6. attendance at all preliminary student teaching meeting(s)
7. submission of scores on the Basic Skills Exams
8. recommendation of advisor
9. approval of placement by school district administration and cooperating teacher, OFIE, and completion of Minnesota State University, Mankato and district-approved background checks.

Teacher Licensure Coordinator. Marisel Riquelme, 118 Armstrong Hall
The University recommends licensure upon satisfactory completion of a licensure program. Licensure does not occur automatically through graduation and the awarding of a diploma. Students need to apply for a Minnesota teaching license at the close of the term in which they graduate. The College of Education, 118 Armstrong Hall, coordinates the licensure process. In addition to meeting all program requirements, the Basic Skills exam(s) (e.g. ACT Plus Writing, MTLE, NES, SAT, GRE) need to be successfully completed along with the Pedagogy and Content examinations. Minnesota State Law requires that all individuals applying for initial licensure in this state be fingerprinted for national background checks. A conduct review statement will need to be completed and signed. There is a fee for the criminal background check and a fee for the issuance of a State of Minnesota teaching license.

Application for Graduation. No special departmental activities are required of students in this major for graduation. Students must follow the university procedure for application for graduation. See front section of this catalog for the steps in this process and the corresponding timelines.

Clinical Experiences. A major component of professional education coursework involves clinical experiences in schools. Multiple methods of assessment are used to document competencies. The successful completion of each clinical experience is necessary for progression in the program. All clinical placements are arranged by the Office of Field and International Experience.

Background Checks. Students involved in any clinical experience undergo a background check once per academic year to assess misdemeanor and felony conviction records maintained at the Minnesota Bureau of Criminal Apprehension. This information is provided to districts for their determination of suitability. The Office of Field and International Experience coordinates the background check process.

GPA Policy. All non-clinical courses that make up the program must be taken on a graded basis. Students must maintain a cumulative GPA of 3.0 and earn at least a “C” in all major coursework for program continuance.

SPECIAL EDUCATION: ACADEMIC AND BEHAVIORAL STRATEGIST BS
Degree completion = 120 credits

This program will prepare individuals to work as special education teachers for students with mild moderate disabilities and will prepare them for licensure as a Special Education: Academic and Behavioral Strategist teacher.
There are five structured and sequenced semesters in the Special Education ABS major program leading to the Bachelor of Science Degree. Each semester is made up of required courses that meet one or more Minnesota Board of Teaching requirements for (A) Standards of Effective Practice, (B) Core Teaching Skills for Special Educators, (C) and specific content requirements. The first semester courses are taken prior to admission to Professional Education. Continued enrollment in semesters 2 through 5 is contingent upon the academic status of the student.

SPED 413 Professional Growth and Development for Teachers of Diverse Learners (4)

SPED 414 Literary Methods for an Inclusive Classroom: Diverse Learners (4)

SPED 422 Strategies for Teaching Learners with Special Needs: Math and Science (4)

SPED 448 Behavior Management and Learning Environments for Diverse Learners (4)

SPED 458 Seminar: Student Teaching (4)

SPED 459 Student Teaching: Developmental Disabilities (8)

**COURSE DESCRIPTIONS**

**SPED 333 (4) Transition Plan/Secondary Methods for Students w/Mild Moderate Disabilities**

This course is designed to teach secondary assessment, instructional and transition planning methods needed by students in the undergraduate program of study in Special Education – Academic and Behavioral Strategist. The course focuses on strategies that promote choice and quality of life for young adults with mild to moderate disabilities.

**SPED 401 (4) IEP Writing and Professional Practice**

This course will introduce teacher candidates to different aspects of being a Special Educator, including writing Individualized Education Program plans, working collaboratively, addressing strategies for working with paraprofessionals, and developing an understanding of collaboration including co-teaching, and using technology in the classroom to assist student learning.

Spring

**SPED 404 (4) Instructional Decision Making**

This course provides the student learner with the knowledge and skills necessary to make effective data-based decisions within the instructional context. Students will gain training in and knowledge of instructional decision making at the individual and systems level.

Spring

**SPED 405 (3) Individuals with Exceptional Needs**

This course provides a rigorous overview to the education of children and youth who differ greatly from the average in physical, cognitive, emotional or social characteristics. It introduces the student to Minnesota’s Graduation Standards Rule in relation to the needs of children and youth who receive special education services.

Spring

**SPED 406 (4) Strategies for Teaching Learners with Special Needs: Reading and Writing**

This course teaches how to select and apply specific evidence-based reading and writing strategies for students with mild/moderate disabilities. Students will learn basic instructional principles behind validated instructional models and how to use these models in different instructional settings.

Fall

**SPED 407 (3) Positive Behavioral Interventions and Supports**

This course is designed to teach the principles of Positive Behavior Supports and Intervention planning. Students will learn how PBIS can be applied at the school, classroom, and individual levels. Students will apply learned information to identify successful interventions.

Spring

**SPED 408 (4) Individuals with Diverse and Exceptional Needs**

Designed to provide an introduction and overview of the characteristics and educational needs of children and youth with diverse and exceptional needs in the public school. The course introduces Minnesota Graduation Standards Rules in relationship to the needs of students with diverse and exceptional needs.

**SPED 409 (4) Learning and Human Development for Diverse Learners**

Introduces students to theories of learning and human development as they relate to regular and diverse learning populations. Students will acquire an understanding of the many factors that affect learning and human development and strategies that can be used to enhance learning for all learning populations.

Diverse Cultures - Gold

**SPED 410 (4) Assessment, Evaluation, and Individualized Planning for Diverse Learners**

Provides the student learner with the knowledge and skills to assess the individual needs of the student learner and to design an educational program based on the assessment information collected. Emphasis will be placed on providing the student with the opportunity to learn and administer a variety of norm-referenced and criterion-referenced test instruments and apply test results to developing individual education programs for a variety of learners with diverse educational needs.

**SPED 411 (4) Effective Strategies for the Inclusive Classroom**

Describes and demonstrates strategies that teachers can use to differentiate the curriculum to meet the needs of special learners in an inclusive classroom. Course will also examine the latest knowledge related to intelligence, creativity, holistic education and classroom differentiation.

**SPED 412 (4) Due Process, Planning & Design of the Individual Education Program**

This course provides students with the knowledge and skills to plan, develop, and implement the IEP for students with mild/moderate disabilities. In addition, students will develop an understanding of the alternative dispute processes in the state of Minnesota and learn the legal requirements of the IEP process and parental participation including a) how to operate the IEP process, b) conciliation process, c) participation in mediation, and d) due process as outlined in IDEA 2004. Legal issues and requirements will be discussed.

**SPED 413 (4) Professional Growth and Development for Teachers of Diverse Learners**

Introduces students to methods and strategies for personal and professional growth and development. As a result of taking this course, students will be able to a) engage in reflective inquiry for personal and professional growth, b) identify and demonstrate dispositions necessary for teaching special needs learners, c) understand the cultural, social, and other environmental effects on learning and human development, and d) use strategies for personal and professional growth.

**SPED 414 (4) Literary Methods for an Inclusive Classroom: Diverse Learners**

Provides an introduction to reading and language arts instruction for special needs and other students in an inclusive classroom. As a result of taking this course, students will be able to plan and implement effective literacy lessons and utilize a variety of differentiation strategies.

**SPED 422 (4) Strategies for Teaching Learners w/Special Needs: Math and Science**

This course provides instruction in the connections between critical content concepts, standards, research-based practices in mathematics and science, and students with mild-moderate disabilities for the purpose of developing goals and objectives in order to implement effective instruction.

Fall

**SPED 448W (4) Behavior Management and Learning Environments for Diverse Learners**

This course is designed to teach preservice special education teachers the basics of Applied Behavior Analysis as well as classroom management skills that foster positive interactions among students in pre-K through 12th grade. Students will learn to conduct behavioral assessments and report results through professional writing.

WI

**SPED 458 (4) Seminar: Student Teaching**

Focuses on competencies, strategies, issues and trends to prepare the student to teach persons with mild/moderate disabilities.

Corequisite: SPED 459
SPED 459 (8) Student Teaching: Mild and Moderate Disabilities
Focuses on documenting the university student’s ability to apply the knowledge and skills learned in coursework and teach youth with mild/moderate disabilities in the public school. The university student will assess students with mild/moderate disabilities, develop individual goals and objectives, design instructional units and lesson plans, implement instruction in the LRE, and evaluate the effectiveness of instructional interventions. Corequisite: SPED 458

SPED 490 (1-3) Workshop in Special Education
Authentic applications of special education knowledge.

SPED 491 (1-2) In-Service: Special Education
Teaching students with disabilities.

SPED 499 (1-3) Individual Study
Advanced independent study in a specified area.

SPORT MANAGEMENT BS

Sport Management

College of Allied Health and Nursing
Department of Human Performance
1400 Highland Center • 507-389-6313
Website: http://ahh.mnsu.edu/hp/undergraduate/sportmanagement.html
Chair: Lynnette Engeswick
Program Director: Suzannah Armentrout
Faculty: Suzannah Armentrout, Julia Dutove, Jon Lim, Vicki Schull

Mission Statement of the Sport Management Program: The sport management program at Minnesota State Mankato is committed to excellence in teaching, research and service in and for the sport industry.

Program Purpose. The Sport Management program is designed to provide professional preparation that develops competitive sport management leaders through a comprehensive education in both theory and its application in sports business. The Sport Management major offers students a broad base educational foundation to prepare them for a career in sport management through a comprehensive education in both theory and its application in sports business. The major prepares students with sport business concepts and develops skills and knowledge in the following areas: management, marketing, promotions, communication, legal preparation, public relations, consumer behavior, facilities, and finance.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION
Admission to Major. All sport management majors and potential sport management majors who plan on applying to the sport management program need to have sport management as their declared major.

Criteria Considered for Admission to the Sport Management Program
1. Completion of at least 30 semester credits.
2. Minimum career grade point average (GPA) of a 2.7 on a 4.0 scale.
3. Minimum grade of a “C” in all required prerequisite and support courses.

Please note: Meeting these minimum requirements does not guarantee admission to the major.

The following courses must be completed before applying:
ENG 101 English Composition (4)
PSYC 101 Introduction to Psychological Science (4)
ECON 201 Principles of Macroeconomics (3) OR ECON 202 Principles of Microeconomics (3)
CMST 102 Public Speaking (3) OR CMST 212 Professional Communication and Interviewing (3)
SOC 101 Introduction to Sociology (3)
MATH 112 College Algebra (4)

SPED 490 (1-3) Workshop in Special Education
Authentic applications of special education knowledge.

SPED 491 (1-2) In-Service: Special Education
Teaching students with disabilities.

SPED 499 (1-3) Individual Study
Advanced independent study in a specified area.

Required General Education
ENG 101 Composition (4)
MATH 112 College Algebra (4)
PSYC 101 Introduction to Psychological Science (4)
SOC 101 Introduction to Sociology (3)

(choose 3 credits)
ECON 201 Principles of Macroeconomics (3)
ECON 202 Principles of Microeconomics (3)

(choose 3 credits)
CMST 102 Public Speaking (3)
CMST 212 Professional Communication and Interviewing (4)

CMST 212 Professional Communication and Interviewing course changed to CMST 312 in fall 2016; CMST 100 or 102 is recommended.

Prerequisites to the Major
ACCT 217 Survey of Financial and Managerial Accounting (4)
Course discontinued in Fall 2016; ACCT 200 is recommended.

Major Common Core
Students must complete a minimum of 9 combined credits from HP 488 and HP 496.
HP 141 Introduction to Sport Management (2)
HP 290 Psychosocial Aspects of Sport (3)
HP 325 Sport Ethics and Professional Development (3)
HP 360 Foundations of Sport Management (3)
HP 435 Planning Sport Facilities (3)
HP 459 Financial Aspects of Sport (3)
HP 462 Sports Administration (3)
HP 465 Legal Aspects of Physical Education and Sport (3)
HP 468 Sport Marketing (3)
HP 469 Event Management in Sport (3)
HP 488 Applied Sport Business (3)
HP 496 Internship (1-10)

Major Restricted Electives (choose 6 credits)
HP 437 Sport Media, Sponsorship and Sales (3)
HP 463 Seminar in Sport Management (3)
HP 464 Analysis of Sport Data (3)
HP 475 International Sport Management (3)

Required Minor: Yes. See Advisor. Minor must be in one of the following areas: Accounting, Athletic Coaching, Business Law, Community and Corporate Fitness, Marketing, Economics, International Business, Financial Planning, and Human Resources Management. Other minors are accepted upon advisor’s approval.

COURSE DESCRIPTIONS
LOCATED UNDER HUMAN PERFORMANCE (HP) COURSE DESCRIPTIONS
**SPORT MEDICINE MINOR**

The Sports Medicine Minor at Minnesota State Mankato is intended for the non-athletic training major student who is interested in the broad field of Sports Medicine. It is intended for students in the following academic disciplines: exercise science, physical education, coaching, prephysical therapy, psychology, premedicine, chiropractic, nutrition, nursing, and preathletic training entry-level graduate education.

- **BIOL 220** Human Anatomy (4)
- **BIOL 330** Principles of Human Physiology (4)
- **HLTH 210** Advanced First Aid and CPR (3)
- **HP 291** Concepts of Fitness (2)
- **HP 340** Prevention and Care (2)
- **HP 415** Advanced Sports Medicine (2)

Note: This minor is not accredited by the Commission on Accreditation of Athletic Training Education (CAATE) and is not intended for Athletic Training Majors. The minor will not prepare students for the Athletic Training Board of Certification (BOC) examination.

**COURSE DESCRIPTIONS**

LOCATED UNDER HUMAN PERFORMANCE (HP) COURSE DESCRIPTIONS

---

**STATISTICS BS AND MINOR**

Statistics is the mathematical science of studying and learning from data. Statisticians acquire, organize, analyze, present and draw inferences from data. Inferences about a population are communicated with measures of likelihood. Statistical analysis is used in a variety of disciplines to communicate uncertainties for the purpose of making informed decisions. Applications of statistics are all around us such as in weather forecasting, surveys, quality control, market demand, causality, and effectiveness of treatments, to name only a few.

The Department offers a major and minor in statistics. The major provides a sufficient background in statistics, mathematics, and computer science to enable students to pursue a career in business, industry, or actuarial science as well as to pursue advanced study in statistics. The major is organized into 4 tracks to allow an emphasis in applied math, science, or biological science. A well-prepared student can expect to complete the major in four years. The minor gives students a basic core of statistics that would compliment majors in many areas by providing a thorough grounding in basic statistical principles, methods of data analysis, and a knowledge base to assist in understanding statistical procedures applied to a variety of disciplines.

**POLICIES/INFORMATION**

A student must be admitted to a major to be permitted to take 300- and 400-level courses. Admission is granted by the department. In addition to minimum university admission requirements of: a minimum of 32 earned semester credit hours and a minimum cumulative GPA of 2.00, students must complete 10 credits in mathematics and statistics counting towards the Major with a 2.5 GPA or higher.

Contact the College of Science, Engineering and Technology Student Relations Office for application procedures.

GPA Policy: Statistics major and minors must earn a grade of 2.00 (“C”) or better in all courses applied to the major or minor.

Course Application Policy: Within each major or minor, no course may be applied to more than one requirement.

P/N Grading Policy: All 300- and 400-level courses are offered for grade only with the exception of STAT 498 and STAT 499 which are available for both P/N and letter grade.

Credit by Examination: Credit by examination will not be approved for courses in which a student has already received a grade.

Credit Limitation: A student may not receive credit for STAT 354 or MATH 354 after completing MATH 455 or STAT 455.

Policy: Students seeking enrollment in Math 112: College Algebra or Math 201: Elements of Mathematics must demonstrate readiness to succeed in the course through one of the following means:

1. ACT mathematics sub-score of 22 or higher, or
2. ACCUPLACER Intermediate Algebra Test score of 60 or higher

Students not meeting one of these requirements are placed in Math 098: Intermediate Algebra.

Students seeking enrollment in courses beyond those listed above must demonstrate readiness to succeed in the course through one of the following means: ACT score, SAT score, ACCUPLACER score[s], or satisfactory completion (i.e. grade of C or better) of prerequisite coursework, according to the chart below.

---

**Academic Map/Degree Plan at www.mnsu.edu/programs/#All**
### Procedure for Waiver

1. Students not meeting the requirements for enrollment in Math 112, Math 201 or Stat 154 may request a waiver to this policy.

2. Written requests for waivers to the policy must be submitted to the Chair of the Department of Mathematics and Statistics, or designee, who should respond in writing to student requests within three weeks of receiving them.

3. Requests for waivers should be submitted by the following deadlines:
   - August 5th for fall semester enrollment,
   - December 1st for spring semester enrollment, and
   - May 1st for summer session enrollment.

4. The Chair of the Department of Mathematics and Statistics or designee should respond in writing to student requests within three weeks of receiving them.

5. Students whose initial requests are denied may submit a written appeal to the Dean of the College of Science, Engineering and Technology. The Dean should respond in writing, with a copy to the Chair of the Department of Mathematics and Statistics. The Dean’s decision is the final step in this appeal process.

Policy Rationale: The purpose of the policy is to place students in a course that is developmentally appropriate to help ensure their long term success. Data suggests students not meeting these guidelines have a higher likelihood of having to repeat a course.

### Statistics BS

Degree completion = 120 credits

COURSE DESCRIPTIONS

STAT 154 (4) Elementary Statistics
An introduction to statistical concepts and methods that is applicable to all disciplines. Topics include descriptive measures of data, probability and probability distributions, statistical inference, tests of hypotheses, confidence intervals, correlation, linear regression, and analysis of variance. The use of statistical software will be emphasized. Prerequisite: SAT math score of 500; MATH 102 or MATH 111; STAT 121 or instructor permission.

STAT 221 (3) Applied Probability and Statistics for Engineers
An introduction to statistics with emphasis on the applied probability models used in Science and Engineering. Topics covered include samples, probability, probability distributions, estimation, one and two samples hypotheses tests, correlation, simple and multiple linear regressions. Prerequisite: MATH 112 with grade of “C” (2.0) or better

STAT 354 (4) Concepts of Probability & Statistics
A calculus based introduction to probability and statistics. Topics include probability, random variables, probability distributions (discrete and continuous), joint probability distributions, statistical inference (both estimation and hypothesis testing), confidence intervals for distribution of parameters and their functions, sample size determinations, analysis of variance, regression, and correlation. This course meets the needs of the practitioner and the person who plans further study in statistics. Same as MATH 354.
Prerequisite: MATH 122 with C or better or consent Fall, Spring, Summer

STAT 356 (4) Introduction to Programming in SAS
Introduction to basic programming techniques: creating DATA and PROC statements, libraries, functions, programming syntax, and formats. Descriptive and Inferential statistics in SAS. Emphasis is placed on using these tools for statistical analyses. Working with arrays, loop and SAS macro.
Prerequisite: STAT 154 or instructor’s approval On Demand

STAT 398 (0) CPT: Co-Operative Experience
Curricular Practical Training: Co-Operative Experience is a zero-credit full-time practical training experience for one summer and on adjacent fall or spring term. Special rules apply to preserve full-time student status. Please contact an advisor in your program for complete information. Prerequisite: At least 60 credits earned; in good standing; instructor permission; co-op contract; other prerequisites may also apply. Fall, Spring, Summer

STAT 450 (3) Regression Analysis
Simple and multiple regression, correlation, analysis of variance and covariance. Prerequisite: MATH 254 / STAT 354 or STAT 455 with “C” (2.0) or better or consent Spring

STAT 451 (3) Experimental Designs
Completely randomized, block, fractional factorial, incomplete block, split-plot, Latin squares, expected mean squares, response surfaces, confounding, fixed effects and random effects models. Prerequisite: MATH 254 / STAT 354 or STAT 455 with “C” (2.0) or better or consent Spring (Even Years)

STAT 455 (4) Theory of Statistics I
A mathematical approach to statistics with derivation of theoretical results and of basic techniques used in applications. Includes probability, continuous probability distributions, multivariate distributions, functions of random variables, central limit theorem and statistical inference. Same as MATH 455.
Prerequisite: MATH 223 with “C” (2.0) or better or consent Fall

STAT 456 (4) Theory of Statistics II
A mathematical approach to statistics with derivation of theoretical results and of basic techniques used in applications, including sufficient statistics, additional statistical inference, theory of statistical tests, inferences about normal models and nonparametric methods. Same as MATH 456.
Prerequisite: MATH 455, STAT 455 with “C” (2.0) or better or consent Spring

STAT 457 (3) Sample Survey, Design and Analysis
Sampling distributions: means and variances. Bias, robustness and efficiency. Random sampling, systematic sampling methods including stratified random sampling, cluster sampling and two-stage sampling, ratio, regression, and population size estimation. Suitable statistical software is introduced, for example, MATLAB, R, SAS, etc.
Prerequisite: MATH 354, STAT 354 or STAT 154 with “C” (2.0) or better or consent Fall (Even Years)

STAT 458 (3) Categorical Data Analysis
Forms of multivariate analysis for discrete data, two dimensional tables, models of independence, log linear models, estimation of expected values, model selection, higher dimensional tables, logistic models and incompleteness. Logistic regression. Suitable statistical software is introduced, for example, MATLAB, R, SAS, etc.
Prerequisite: MATH 354, STAT 354 or STAT 154 with “C” (2.0) or better or consent Alt-Fall

STAT 459 (3) Nonparametric Methods
Derivation and usage of nonparametric statistical methods in univariate, bivariate, and multivariate data. Applications in count, score, and rank data, analysis of variance for ranked data. Nonparametric regression estimation. Suitable statistical software is introduced, for example, MATLAB, R, SAS, etc.
Prerequisite: MATH 354, STAT 354 or STAT 154 with “C” (2.0) or better or consent Alt-Spring

STAT 488 (1-3) Seminar
The study of a particular topic primarily based upon recent literature. May be repeated for credit on each new topic.

STAT 491 (1-4) In-Service
A course designed to upgrade the qualifications of persons on-the-job. May be repeated for credit on each new topic.

STAT 492 (3) Statistics Capstone Experience
This course is designed to allow undergraduate students an opportunity to integrate their statistics experiences by engaging each student in working on problems in applied or theoretical statistics. Prerequisite: STAT 457, STAT 458, STAT 459, STAT 450 (at least two of these) Spring

STAT 495 (1-4) Selected Topics
A course in an area of statistics not regularly offered. May be repeated for credit on each new topic.

STAT 496 (1-4) Internship
Provides a student the opportunity to gain expertise and experience in a special field under the supervision of a qualified person.

STAT 499 (1-4) Individual Study
Independent individual study under the guidance and direction of a faculty member. May be repeated for credit of each new topic.
## THEATRE ARTS BFA, BA, BS AND MINOR

**Theatre Arts**

College of Arts & Humanities  
Department of Theatre and Dance  
201 Earley Center for Performing Arts  
507-389-2118

Website: www.MSUTheatre.com  
Fax: 507-389-2922

Chair: Paul J. Hustoles

Faculty: George Grubb, Heather Hamilton, Julie Kerr-Berry, Amanda Dusilin, David McCaff, John Paul, Melissa Rosenberger, Catherine Schmeal-Swope, Stephen Smith, Dan Stark, Nick Wayne, Paul J Hustoles

The Department of Theatre and Dance is dedicated to two primary goals: to provide students with the highest caliber of training in theatre and dance that will allow them to create performances of any kind at any level, and to provide the southern Minnesota region with a multi-faceted, high quality theatrical and dance experience. These goals intertwine to provide entertainment and education to those on both sides of the curtain.

**THEATRE ARTS BFA, BA, BS AND MINOR**

Required General Education

- THEA 100 Introduction to Theatre (3)

Major Core

- THEA 110 Fundamentals of Acting (3)
- THEA 235 Fundamentals of Directing (3)
- THEA 381W Play Analysis (3)
- THEA 481 Theatre History I (3)
- THEA 482 Theatre History II (3)

Theatre Activity: Choose 5 credits from at least three different areas

- THEA 102 Theatre Activity: Acting (1-2)
- THEA 103 Theatre Activity: Management (1-2)
- THEA 105 Theatre Activity: Stagecraft (1-2)

BFA ACTING OPTION

Degree completion = 120 credits

Choose any 6 credits of studio dance, must have 3 credits of THEA 300; must have 4 credits of THEA 302; must have 3 credits of any approved Theatre elective.

- THEA 121 Movement for Theatre (1)
- THEA 210 Intermediate Acting (3)
- THEA 215 Audition Methods (2)
- THEA 252 Theatre Technology (3)
- THEA 265 Stage Makeup (2)
- THEA 300 Summer Stock (3)
- THEA 302 Practicum: Acting (1-2) (4 credits total)
- THEA 315 Careers in Theatre (1)
- THEA 410 Music Theatre Acting I (3)
- THEA 412 Theatre Speech I (2)
- THEA 413 Theatre Speech II (2)
- THEA 414 Stage Dialects I (2)
- THEA 415 Stage Dialects II (2)
- THEA 416 Acting Scene Studies (3)
- THEA 417 Acting Techniques (3)
- THEA 418 Acting Styles (3)
- THEA 419 Acting for Radio/TV (3)
- THEA 426 Stage Combat (2)

Required Minor: None.

BFA MUSICAL THEATRE OPTION

Degree completion = 120 credits

Must have 3 credits of THEA 300; must have 4 credits of THEA 302; must have 4 years of Private Voice for the Actor.

- DANC 223 Intermediate Jazz Dance (2)
- DANC 226 Intermediate Ballet (2)
- DANC 227 Intermediate Tap Dance (2)
- THEA 111 Private Voice for the Actor (0) [4 times]
- THEA 121 Movement for Theatre (1)
- THEA 210 Intermediate Acting (3)
- THEA 212 Music Skills for Theatre I (2)
- THEA 213 Music Skills for Theatre II (2)
- THEA 214 Singing for Actor (1)
- THEA 215 Audition Methods (2)
- THEA 252 Theatre Technology (3)
- THEA 265 Stage Makeup (2)
- THEA 300 Summer Stock (3)
- THEA 302 Practicum: Acting (1-2) (4 credits total)
- THEA 311 Private Voice for the Actor (0) [4 times]
- THEA 315 Careers in Theatre (1)
- THEA 410 Musical Theatre Acting I (3)
- THEA 411 Musical Theatre Acting II (3)
- THEA 413 Theatre Speech II (2)
- THEA 414 Stage Dialects I (2)
- THEA 415 Stage Dialects II (2)
- THEA 416 Acting Scene Studies (3)

(choose 3 credits)  
THEA 101 Acting for Everyone (3)  
THEA 110 Fundamentals of Acting (3)  

Theatre Activity (choose 5 credits)  
From at least three different areas  
THEA 102 Theatre Activity: Acting (1-2)  
THEA 103 Theatre Activity: Management (1-2)  
THEA 105 Theatre Activity: Stagecraft (1-2)  
THEA 107 Theatre Activity: Costume (1-2)  
THEA 108 Theatre Activity: Lighting (1-2)  
THEA 109 Theatre Activity: Sound (1-2)  
(choose 3 credits)  
THEA 481 Theatre History I (3)  
THEA 482 Theatre History II (3)  

Elective  
In addition, choose 3 credits of any Theatre course except THEA 100, or more than 5 Theatre Activity classes.  

COURSE DESCRIPTIONS  
THEA 100 (3) Introduction to Theatre  
Survey of theatre arts; lectures, with lab experience available.  
Note: Students may not take both THEA 115 and this class.  
Fall, Spring  
GE-6  
THEA 101 (3) Acting for Everyone  
Performance scenes and exercises for the beginner.  
Fall, Spring  
GE-6  
THEA 102 (1-2) Theatre Activity: Acting  
Acting in a mainstage or approved production. May be repeated.  
Prerequisite: Consent  
Fall, Spring  
GE-11  
THEA 103 (1-2) Theatre Activity: Management  
Work on stage or house management, or public relations. May be repeated.  
Prerequisite: Consent  
Fall, Spring  
GE-11  
THEA 104 (1-2) Theatre Activity: Dance Captain  
Serve as Dance Captain, to assist the Choreographer, for a mainstage or approved production. May be repeated.  
Prerequisite: Consent  
Fall, Spring  
GE-11  
THEA 105 (1-2) Theatre Activity: Stagecraft  
Work on stage crew in a mainstage production. May be repeated.  
Prerequisite: Consent  
Fall, Spring  
GE-11  
THEA 107 (1-2) Theatre Activity: Costume  
Work on costumes or wardrobe crew in a mainstage production. May be repeated.  
Prerequisite: Consent  
Fall, Spring  
GE-11  
THEA 108 (1-2) Theatre Activity: Lighting  
Work on lighting crew in a mainstage production. May be repeated.  
Prerequisite: Consent  
Fall, Spring  
GE-11  
THEA 109 (1-2) Theatre Activity: Sound  
Work on sound crew in a mainstage production. May be repeated.  
Prerequisite: Consent  
Fall, Spring  
GE-11  
THEA 110 (3) Fundamentals of Acting  
Performance scenes and acting exercises for the beginning theatre major.  
Prerequisite: Consent  
Fall  
THEA 111 (0) Private Voice for the Actor  
Private lessons in developing the actor’s singing voice. May be repeated.  
Prerequisite: Consent  
Fall, Spring  
THEA 115 (3) Experiencing Theatre  
This course examines the various components of the theatre utilizing cultural and historical perspectives. Students investigate basic principles of design, construction, acting, directing and playwriting. Every student obtains hands on experience in the theatre.  
GE-6, GE-11  
THEA 121 (1) Movement for Theatre  
Instructs the student through a series of movement exercises in body alignment, breathing, flexibility, strength and coordination.  
Prerequisite: Consent  
Fall  
THEA 210 (3) Intermediate Acting  
The process of character structuring through script analysis and scene work.  
Prerequisite: THEA 110 or consent  
Fall  
THEA 212 (2) Music Skills for Theatre I  
A group instruction course covering fundamental music theory and skills applicable to the theatre artist including the study of music notation, style, harmony and literature. Skills learned will include basic keyboarding, sight reading and sight singing music.  
Alt-Fall
THEATRE ARTS CONTINUED

THEA 213 (2) Music Skills for Theatre II
A continuation of Music Skills for Theatre I, this course will focus on recent developments in the American Musical Theatre while increasing skills learned in the previous class.
Alt-Spring
Prerequisite: THEA 212

THEA 214 (1) Singing for Actor
Study and exercise to prepare actors to sing for the musical theatre with the focus on technique and musicianship.
Prerequisite: Permission of Instructor

THEA 215 (2) Audition Methods
The development of a repertoire of audition pieces to increase the ability to perform with confidence on short notice.
Prerequisite: THEA 110 or consent

THEA 231 (1) Stage Management
Exploration of all aspects of theatrical stage management activities through specific theoretical and practical study.
Alt-Fall

THEA 235 (3) Fundamentals of Directing
Introduction to the theory and practice of directing for the theatre.
Prerequisite: THEA 100 and THEA 101 or THEA 110
Fall

THEA 240 (3) Basic Design
Introduction to the concepts, process, and practices of theatrical scenic, lighting, and costume design including script analysis and historical overviews.
Prerequisite: THEA 100
Spring

THEA 245 (3) Scene Painting I
Introductory course examining the basics of materials and techniques of scenic painting with a large amount of lab time for experimentation with technique.
Prerequisite: Consent

THEA 252 (3) Theatre Technology
Fundamental concepts of technical theatre, an overview of basic stagecraft, costuming, lighting, and sound in the contemporary theatre.
Prerequisite: THEA 100
Spring

THEA 255 (3) Stagecraft
Introduction to theory and practice of construction techniques used in the theatre.
Prerequisite: THEA 100
Alt-Fall

THEA 260 (3) Costume Construction
Theory and techniques in stage costume construction.
Prerequisite: THEA 100
Fall

THEA 262 (1) Dance Production: Costumes
Fundamental concepts of costume design and production for the Dance.
Alt-Spring

THEA 265 (2) Stage Makeup
Theory and practical laboratory work in stage makeup applications.
Prerequisite: Consent
Fall

THEA 266 (1) Makeup Module
Exposes K-12 teachers to a practical methodology of applying stage makeup.
Prerequisite: Consent
Fall

THEA 270 (3) Lighting Technology
The study of lighting technology and its effect on lighting design.
Prerequisite: THEA 100
Fall

THEA 272 (1) Dance Production: Lighting
Fundamental concepts of lighting design and production for the Dance.
Alt-Fall

THEA 275 (3) Sound Technology
The study of sound technology and its effect on sound design.
Prerequisite: THEA 100
Spring

THEA 276 (1) Dance Production: Sound
Fundamental concepts of sound design and production for the Dance.
Alt-Spring

THEA 285W (3) Theatre of Diversity
A survey of literature, artists and performances with specific regard to the theatre of diversity including, but not restricted to: Feminist Theatre, Gay and Lesbian Theatre, African-American Theatre, Asian American Theatre, Hispanic Theatre, etc.
Alt-Fall
WI, GE-6, GE-7
Diverse Cultures - Purple

THEA 291 (1-4) Individual Study
Prerequisite: Consent
Fall, Spring

THEA 295 (1-4) Touring Theatre
Work on the actual mounting and performance of a touring theatrical production.
Prerequisite: Consent
Spring

THEA 300 (1-4) Summer Stock
Technical work and/or acting in summer theatre productions. May be repeated.
Prerequisite: Consent
Summer

THEA 301 (1-2) Practicum: Directing
A considerable production responsibility which utilizes skills in script analysis, actor coaching, design coordination and general production management, or assistant directing for a mainstage production. May be repeated.
Prerequisite: Consent
Fall, Spring

THEA 302 (1-2) Practicum: Acting
A considerable production responsibility dealing with the preparation and performance of a major acting role. May be repeated.
Prerequisite: Consent
Fall, Spring

THEA 303 (1-2) Practicum: Theatre Management
Special assignments in stage management, house and/or concessions management, public relations or related areas. May be repeated.
Prerequisite: Consent
Fall, Spring

THEA 304 (1-2) Practicum: Scene Design
Preparation and execution of a major scene design assignment. Requires a design and construction schedule, preliminary and final design concepts, and necessary drafting details. May be repeated.
Prerequisite: Consent
Fall, Spring

THEA 305 (1-2) Practicum: Tech Theatre
A considerable production responsibility dealing with some technical aspects including technical drawings, budget management, or construction techniques. May be repeated.
Prerequisite: Consent
Fall, Spring

THEA 306 (1-2) Practicum: Costume Design
Full and assistant costume design assignments for theatre productions. May be repeated.
Prerequisite: Consent
Fall, Spring

THEA 307 (1-2) Practicum: Costume Construction
The construction of costumes for theatre productions. May be repeated.
Prerequisite: Consent
Fall, Spring
THEA 308 (1-2) Practicum: Light Design
Preparation and execution of a major lighting design assignment. Requires a design with appropriate schedules, supervision of hanging, focusing and cues. May be repeated. Prerequisite: Consent Fall, Spring

THEA 309 (1-2) Practicum: Sound
Preparation and execution of a major sound design assignment including all sound effects, reinforcement and amplification. May be repeated. Prerequisite: Consent Fall, Spring

THEA 311 (0) Private Voice for the Actor
Continuation of THEA 111. May be repeated. Prerequisite: THEA 111 Fall, Spring

THEA 315 (1) Careers in Theatre
Introduction to the various career opportunities directly in or appertaining to theatrical arts performance. Prerequisite: THEA 100 ALT-Fall

THEA 324 (3) Methods and Materials for Teaching Creative Dramatics
Exploration of teaching creative dramatics in the K-12 setting. Prerequisite: THEA 121 On Demand

THEA 381W (3) Play Analysis
The study and application of various analytical approaches to play texts in preparation for production. Prerequisite: THEA 100 Spring WI

THEA 400 (1) Portfolio Seminar
Exploring the techniques of building a working design/technology portfolio and resume. Prerequisite: Consent

THEA 410 (3) Musical Theatre Acting I
Introduction to musical theatre performance techniques for the American Musical Theatre actor. Prerequisite: THEA 210 or consent Spring

THEA 411 (3) Musical Theatre Acting II
Scene studies from the American Musical Theatre, as well as performance techniques for the singing actor. Prerequisite: THEA 210 and consent ALT-Fall

THEA 412 (2) Theatre Speech I
Study and exercises in vocal development emphasizing the demands of stage speech. Prerequisite: THEA 210 or consent Spring

THEA 413 (2) Theatre Speech II
Study and exercises in vocal development, including the study of the International Phonetic Alphabet. Prerequisite: THEA 210 or consent Fall

THEA 414 (2) Stage Dialects I
A study and practice of vocal dialects most often used in performance. Prerequisite: THEA 413 ALT-Spring

THEA 415 (2) Stage Dialects II
A continuation of Stage Dialects I. Prerequisite: THEA 413 ALT-Fall

THEA 416 (3) Acting Scene Studies
Advanced scene studies with a focus on analysis and the varied approaches to developing motivations. Prerequisite: THEA 210 or consent ALT-Spring

THEA 417 (3) Acting Techniques
The development of individual performance craft and advanced acting methodologies. Prerequisite: THEA 210 or consent ALT-Fall

THEA 417W (3) Acting Techniques
The development of individual performance craft and advanced acting methodologies. Prerequisite: THEA 210 or consent ALT-Fall WI

THEA 418 (3) Acting Styles
Advanced scene studies in classical and stylized dramatic literature. Prerequisite: THEA 210 or consent ALT-Spring

THEA 419 (3) Acting for Radio/TV
Development of performance craft for the media. Prerequisite: THEA 210 and consent ALT-Spring

THEA 424 (3) Theatre Pedagogy
Pedagogy of theatre in the K-12 setting. Emphasis will include national and state standards, assessment practices, lesson planning and curriculum development. Prerequisite: THEA 324 On Demand

THEA 425 (1 or 2) Styles of Motion
Specialized training in a variety of physical techniques. May be repeated. Prerequisite: Consent ALT-Spring

THEA 426 (2) Stage Combat
An exploration of basic skills involved in unarmed combat and a variety of historical weapons systems with primary emphasis on theatricality and safety. Prerequisite: Consent Fall

THEA 430 (3) Theatre Management
Exposes students to the functions of theatre managers through case studies, discussions, practical application and readings. Prerequisite: THEA 235 ALT-Spring

THEA 431 (1) K-12 Theatre Management
Exposes future teachers to a practical methodology of producing theatre in the K-12 setting. Co-requisite: THEA 424 On Demand

THEA 432 (1-2) Practicum: Choreography
Serve as Choreographer for a mainstage or approved production. May be repeated. Prerequisite: Consent for Choreographer for a mainstage or approved production. May be repeated. Prerequisite: Consent Fall, Spring

THEA 433 (1-2) Practicum: Musical Directing
Serve as Musical Director for a mainstage or approved production. May be repeated. Prerequisite: Consent Fall, Spring

THEA 434 (1-2) Practicum: Dramaturgy
Serve as Dramaturg for a mainstage or approved production. May be repeated. Prerequisite: Consent Fall, Spring

THEA 435 (3) Advanced Directing Methods
Advanced studies in script analysis, actor psychology and staging techniques culminating in performance projects with critical analysis. Prerequisite: THEA 235 and consent Spring
THEA 440 (3) Scene Design I
Development of techniques and skills in the creation of scenery.
Prerequisite: THEA 240 or consent
Fall

THEA 441 (3) Scene Design II
Refinement of model building and drawing skills in theatrical design.
Prerequisite: THEA 440
Spring

THEA 444 (3) Styles and Ornamentation
A visual appreciation of assorted cultures through the study of their architecture, decoration, furniture, utensils, etc.
Prerequisite: Consent
ALT-Spring

THEA 445 (3) Scene Painting II
Provides information on materials and techniques of scenic painting with a large amount of lab time for experimentation with technique.
Prerequisite: THEA 252 or consent
ALT-Fall

THEA 448 (3) Drawing & Rendering for the Theatre
Exploring compositional organization of the two-dimensional surface by experimenting with a variety of media, materials, forms, approaches and subjects as a means for theatrical communication.
Prerequisite: THEA 240
ALT-Spring

THEA 451 (3) Drafting for the Theatre
Enhances the advanced theatre student’s ability to show complex elements of a theatrical design in a clear manner using accepted theatrical drafting methods.
Prerequisite: Consent
ALT-Fall

THEA 455 (3) Technical Direction
Explores all facets of technical direction, construction techniques, and project management.
Prerequisite: THEA 255
ALT-Fall

THEA 456 (3) Advanced Technical Direction
Explores advanced facets of technical direction including entertainment engineering and technology currently in use in the field.
ALT-Fall
Prerequisite: THEA 455

THEA 460 (3) Costume Design I
Theory and techniques in costume design and execution.
Prerequisite: THEA 240 or consent
Fall

THEA 461 (3) Costume Design II
Advanced costume design theory and techniques.
Prerequisite: THEA 460
ALT-Spring

THEA 464 (3) Costume History
Survey of costume history from ancient Egypt to 1900.
Prerequisite: Consent
ALT-Spring

THEA 465 (3) Advanced Makeup
Practical application of advanced makeup techniques.
Prerequisite: THEA 265
ALT-Spring

THEA 470 (3) Lighting Design I
The study of lighting equipment, usage, techniques and stage lighting design.
Prerequisite: THEA 270
Spring

THEA 471 (3) Lighting Design II
Solving particular lighting design challenges.
Prerequisite: THEA 470
ALT-Fall

THEA 472 (3) Virtual Lighting
Computer realization for virtual lighting design to enhance practical production quality.
Prerequisite: THEA 470. Permission of Instructor
ALT-Fall

THEA 474 (3) Advanced Sound Technology: Digital Audio Systems
A study of the concepts behind digital audio and an exploration of their practical uses.
ALT-Fall
Prerequisite: THEA 275

THEA 475 (3) Sound Design I
Production and sound effects, electronic sound reinforcement of live performance, choice and operation of sound equipment, as well as basic music styles and terminology.
Prerequisite: consent
Fall

THEA 476 (3) Sound Design II
Integrated sound design to support and enhance theatrical production.
Prerequisite: THEA 475
ALT-Fall

THEA 481 (3) Theatre History I
Survey of theatrical history from its origins to 1700.
Prerequisite: THEA 100
ALT-Spring

THEA 482 (3) Theatre History II
Survey of theatrical history from 1700 to the present.
Prerequisite: THEA 100
ALT-Spring

THEA 483 (3) Musical Theatre History
Survey of the history of the American Musical Theatre from its origins to the present.
Prerequisite: THEA 100 and consent
ALT-Spring

THEA 485W (3) Theatre Dramaturgy
This class teaches how to access historical information and present it to directors, actors or designers in a way that will help them make informed and practical artistic choices.
Prerequisite: THEA 100 and consent
Fall
VI

THEA 487W (3) Playwriting
Writing the short and long play.
Prerequisite: THEA 100. Permission of instructor.
Alt-Spring
VI

THEA 490 (1-3) Topics in Theatre
Special topics not covered in other classes. May be repeated.
Prerequisite: THEA 100. Permission of Instructor
Variable

THEA 492 (1-3) Theatre Field Studies
Prerequisite: Consent

THEA 497 (1-8) Internship
Prerequisite: Consent

THEA 499 (1-3) Individual Study

URBAN AND REGIONAL STUDIES BS AND MINOR

Urban and Regional Studies
College of Social & Behavioral Sciences
Urban & Regional Studies Institute
106 Morris Hall • 507-389-1714
Website: www.mnsu.edu/ursi
Email: nathaniel.pasmore@mnsu.edu

Director: Miriam H. Porter
Faculty: Raymond Asomani-Boateng, Janet Cherrington-Cucore, Beth Heidelberg, Russell Fricano

The Urban and Regional Studies Institute is an interdisciplinary degree program oriented toward examining and understanding the broad range of problems and challenges associated with the nation’s cities and regional areas. There are many career opportunities in community development, urban/regional planning, local government, and local government management. Also, the major is excellent preparation for graduate work in the professional fields of planning, management, business, etc.

This national award-winning program includes class room, research and field experience. In addition to formal course work, students are encouraged to undertake independent study, become involved in community service projects, participate in field studies, and accept internships in local agencies. Students should contact the Urban and Regional Studies Institute for further information.

Admission to Major is granted by the department. Minimum university admission requirements are:

- a minimum of 32 earned semester credit hours.
- a minimum cumulative GPA of 2.00 (“C”).

Contact the department for application procedures.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

POLICIES/INFORMATION

P/N Grading Policy. The internship must be taken on a P/N basis. All other courses must be taken for grade.

URBAN AND REGIONAL STUDIES BS
Degree completion = 120 credits

Required for Major

URBS 200 Introduction to the City (3)
URBS 230 Community Leadership (3)
URBS 401 Foundations in Urban Management & Planning (3)
URBS 402 Urban Analysis (3)
URBS 404 Urban Analysis (3)
URBS 431 Urban Design Principles (3)
URBS 489 Capstone (3)

Required for Major (Electives, 12 credits)
Select 12 credits from URBS upper division courses, or see advisor for approval.

Required Minor: Yes. Any.

URBAN AND REGIONAL STUDIES MINOR

Minor Core

URBS 150 Sustainable Communities (3)
URBS 230 Community Leadership (3)
URBS 431 Urban Design Principles (3)

Minor Electives

Select 9 credits from URBS upper division courses, or see advisor for approval.

COURSE DESCRIPTIONS

URBS 100 (3) Introduction to the City
A fresh look at the city, with emphasis on the reasons why cities have grown and how people can make cities livable.
Fall, Spring
GE-5, GE-8

URBS 110 (3) The City: Design and Architecture
Appreciation of the city as the highest cultural achievement in design and architecture.
Fall, Spring
GE-6

URBS 150 (3) Sustainable Communities
This course will identify and analyze global social, economic, political and environmental problems impacting community viability and explore the full range of solutions to these problems. The course will view communities as complex, sustainable organisms and bring together the works of the great minds working on sustainability.
Fall, Spring
GE-5, GE-10

URBS 230 (3) Community Leadership
Introduction to community leadership—elected, professional, or voluntary—and the skills and values which support it.
GE-9, GE-11
URBS 230W (3) Community Leadership
Introduction to community leadership—elected, professional, or voluntary—and the skills and values which support it.
Fall, Spring
WI, GE-9, GE-11

URBS 260 (3) Community Development
Introduction to knowledge, values and skills required to strengthen and maintain the capacity of a local group (neighborhood, city or region) to provide for the resident's needs.

URBS 401 (3) Foundations in Urban Management & Planning
This course is a survey of the local community—the forces which shape it, the significance of a democratic public, and the professional practice of local government service.
Fall, Spring

URBS 402 (3) Urban Analysis
Introduction to skills and techniques used to form questions about urban affairs, to organize and analyze information to answer it, and to present the results of one's analysis in a professional format.
Spring

URBS 411 (3) Urban Policy & Strategic Analysis
Prepares students to analyze problems, identify alternative solutions and utilize techniques of analysis.

URBS 412 (3) Public Information and Involvement
This course, designed for students preparing for a professional career in local government or public service, focuses on media relations and building citizen involvement through public awareness projects.
Fall

URBS 413 (3) Urban Program Evaluation
Reviews processes and techniques related to evaluation of public programs.

URBS 415 (3) Urban Housing Policy
Public policy and programs that address issues of housing supply, quality, costs, and neighborhood revitalization.

URBS 417 (3) Urban Administrative Law
An overview of local government law and local governing powers. In addition, public issues in the legal context will be examined from a management and operational perspective.

URBS 431 (3) Urban Design Principles
A basic working knowledge and vocabulary of urban design concepts and techniques in an applied problem solving context.

URBS 433 (3) Urban Development
Theory and applications of principles of landscape architecture or urban design.

URBS 435 (3) Downtown Revitalization
Examines the problem of central business district deterioration and explores the changing patterns of economic and social mobility with primary focus upon the trends of downtown revitalization currently being employed by the public and private sectors.

URBS 437 (3) Urban Heritage Preservation
Preservation techniques, principles of structural evaluation, adaptive use potentials and options, economic consideration in preservation and the role of legislation.

URBS 438 (3) Historic Preservation: Policy and Field Methods
Historic Preservation: Policy and Field Methods introduces students to the rules and laws of structural historic preservation. The course will investigate the major policy documents, laws, agencies, survey methods, and examine how they are applied in local government preservation.
Spring

URBS 450 (3) The Urban Context
Advanced course to explore the interactions of space and social institutions in an urban context.

URBS 451 (3) Nonprofit Sector
Nature of the Third Sector, from a variety of perspectives, and implications for managing both internal and external relations of nonprofit organizations.

URBS 453 (3) Grants Administration
Raising resources for public and nonprofit organizations—from needs assessment through obtaining funding to managing the grant after it is awarded.

URBS 455 (3) Regional & County Development
Regional and county planning content and procedures, including basic research, land use planning, and implementation of regulations.

URBS 457 (3) Economic Development
A survey course covering the concepts, processes, tools and strategies of economic development in local communities. Emphasis is on the "why" and "how" of economic development.

URBS 461 (3) Environmental Planning
Examines and applies the fundamental concepts, techniques and mechanisms for environmental planning at the city, county, and sub-state regional levels.
Fall

URBS 471 (3) Urban Transportation
Examines transportation problems of, and solutions for large and medium sized cities. Special emphasis on reducing traffic congestion, improving management of transit systems, and linking transportation and land-use planning.

URBS 481 (1-3) Selected Topics:
Varying topics dealing with emerging trends and contemporary needs facing urban America.

URBS 483 (1-6) Workshop
Varying topics using applied techniques to address community issues.

URBS 485 (1-6) Community-Based Problem Solving
Problem solving in communities and direct involvement into specific areas of study of student interest.
Prerequisite: Consent
Fall, Spring

URBS 489 (3) Capstone Seminar
Assemble and evaluate information and opinions into a coherent position on what makes cities work, and prepare for entry into professional world of work in cities.
Spring

URBS 497 (1-12) Internship
Scheduled work assignments, varying in length and content, under the supervision of selected professional sponsors.
Prerequisite: Consent
Fall, Spring

URBS 499 (1-4) Individual Study
Independent study under supervision of an instructor with a research paper or report to be presented.
Prerequisite: Consent
Fall, Spring
World Languages & Cultures

College of Arts and Humanities
Department of World Languages & Cultures
227 Armstrong Hall • 507-389-2116
Website: www.mnsu.edu/languages
Chair: Gregory Taylor

Although English has become the leading commercial and diplomatic language of the twenty-first century, World Languages and Cultures study will be of increasing importance in the years ahead. As technology continues to conquer the obstacles of time and space, the outlook is for even greater travel, commerce, and cultural exchange between the Upper Midwest and the rest of the world.

Minnesota State Mankato does not offer a degree in World Languages & Cultures per se. Students may, however, pursue BA or BS degrees in French, German, Spanish, Spanish for the Professions or Scandinavian Studies or BS degrees in French, German, or Spanish Education. Chinese, Portuguese, Russian, Latin, and Japanese courses are offered but are not part of any specific academic program. Please see individual sections of this catalog for program details and course offerings in specific languages or contact the Office of the Registrar for information.

Academic Map/Degree Plan at www.mnsu.edu/programs/#All

COURSE DESCRIPTIONS

WLC 310 (4) Portuguese for Spanish Speakers
The course is designed to help advanced Spanish students identify similarities and differences between Spanish and Portuguese and begin development of Portuguese productive language skills and cultural competency through comparative practice. Prerequisite: SPAN 201W. Completion of one 300 level Spanish course or equivalent intermediate-midproficiency level of Spanish for admission to the course. See department for language proficiency evaluation information or instructor permission. Variable

WLC 398 (0) Co-Operative Training WLC
Curricular practical training for World Languages and Cultures is a full-time practical experience in a professional setting in which more than one language is used. The experience is designed to allow students to improve overall communicative proficiency in languages and address business practices associated with the student's academic field of expertise. The Co-Op experience covers a minimum of two consecutive academic terms and requires that students register for a minimum of two consecutive academic terms following the experience.

On Demand

WLC 460 (3) Methods of Teaching Modern Languages
Introduction to theory and practice of modern language teaching, including lessons in listening, speaking, reading, writing, vocabulary, and culture. Includes testing, program design, lesson planning, and use of technology. Prerequisite: Students must demonstrate sufficient language competence in the target language so as to be able to teach courses exclusively in the target language. See content faculty for evaluation.

Fall

WLC 461 (1) Applied Modern Language Teaching Methods
A field experience including placement in the secondary level school setting for students earning licensure in modern language teaching. Practicum students work with middle or high school students of French, German, or Spanish. Take concurrently with or following WLC 460.

WLC 462 (3) Foreign Languages in the Elementary School (FLES) Methods
Introduction to theory and practice of modern language teaching for children grades K-6, including oral language development, second language literacy development, content-based language instruction, and techniques for language immersion programs. Prerequisite: Students must demonstrate sufficient language competence in the target language so as to be able to teach courses exclusively in the target language. See content faculty for evaluation.

Spring

WLC 463 (1) Applied FLES Methods
A field experience including placement in the elementary level school setting for students earning licensure in modern language teaching. Practicum students work with elementary school students in French, German, or Spanish. Take concurrently with or following WLC 462.

WLC 465 (1-3) Workshop in Modern Language Education
Topics in modern language education. May be repeated for credit. Variable

WLC 499 (1-4) Individual Study
Special topics in language education. May be repeated for credit.

Fall, Spring

- Aviation BS, Certificates and Minors 59
- Aviation Management Emphasis, Aviation 60

### B
- Biochemistry BA and BS 63
- Biology BS and Minor 64
- Biology Emphasis, Cognitive Science 83
- Biomedical Sciences Emphasis, Biology 65
- Biotechnology BS 72
- Business Administration Minor 73
- Business/Corporate Emphasis, Ethnic Studies 151
- Business Education BS 73
- Business Law Minor 73

### C
- Campus Map Inside Back Cover
- Ceramics, Art BFA 40
- Chemistry 9-12 Teaching, Science Teaching 288
- Chemistry BA, BS and Minor 75
- Chemistry Science Teaching BS Program 288
- Child Development And Family Studies 155
- Child Development & Family Studies Emphasis, Family Consumer Science 156
- Chinese (Mandarin) Courses 78
- Choral/General Music (K12), Music Education 254
- Civil Engineering BSCE 79
- Cognitive Science BS 83
- Communication Arts and Literature Education BS 84
- Communication Disorders BA, BS and Minor 85
- Communication, Official Means of 7
- Communication Studies BA, BS and Minor 87
- Community Health Education BS 90
- Computer Application Development BAS 91
- Computer Engineering BSCE 92
- Computer Engineering Technology BS 96
- Computer Information Science Minor 100
- Computer Information Technology BS, Certificates and Minors 100
- Computer Science Emphasis, Cognitive Science 83
- Computer Science Minor 104
- Computer Technology Minor 100
- Construction Management BS 107
- Consumer Studies Emphasis, Family Consumer Science 157
- Corporate Finance Emphasis, Finance 163
- Corrections BS and Minor 109
- Counseling and Student Personnel Courses 111
- Course Designator and Numbering System 6
- Course Offerings Information 8
- Creative Writing BFA 139
- Credit Evaluation Form 21
- Critical Thinking Minor 111
- Cytotechnology Emphasis, Biology 66

### D
- Dakota Courses 112
- Dance BFA, BA, BS and Minor 112
- Dance Generalist Emphasis 113
- Dance K-12 Education BS 115
- DARS 8
- Database Technologies Certificate 101
- Database Technologies Minor 101
