Faculty: Maria Bevacqua, Laura Harrison, Ana Perez

The Department of Gender and Women's Studies familiarizes students with interdisciplinary feminist perspectives through coursework, internships, research, and activism. Students learn to examine the historical, social, psychological, political, economic, and cultural dimensions of gender, while gaining a more complex understanding of the construction of gender and its intersection with other categories of difference, power, and inequality. By understanding how interlocking systems of oppression function locally and internationally, students will be better situated to apply their critical thinking skills as they work toward social justice in a global society.

The department supports a variety of opportunities for personal and professional development, including a student club and honor society, community and teaching internships, workshops and conferences, and cultural events. Students are encouraged to take leadership roles in the development of special programs and to become actively involved with community and campus-based activist groups, applying feminist theory to the practice of empowering women and creating social change.

Accelerated Combined Degree (BA/BS and MA/MS). Students interested in receiving both their undergraduate and graduate degrees in GWS at MSU, may apply to the Department for admission into the Accelerated Graduate Program. Interested majors may apply upon the completion of 60 credits if they have a minimum GPA of 3.0. If accepted, students will work with an advisor to design an accelerated program in which up to 12 credits of 500-level courses can be applied to both their undergraduate and graduate programs. If accepted, students must maintain a minimum of 3.0 GPA overall and a 3.0 in the major to continue in the program. Interested students should contact the Department for more information.
