Month Cost
2008-09 Gold Permit Drawings

Drawing participants indicate 1st, 2nd, 3rd, and 4th choices on either their electronic or “hard copy” application. Those with high drawing numbers where all their choices are not available will automatically default to either Lot 7 (south side of campus) or Lot 16 (north side of campus), a location decision which can be negotiated or downgraded to a Purple Permit after the drawing results are published. Among your choices pick a large Gold permit area – don’t assume that you’ll get into one of the smaller highly contested Gold permit areas. As in the past, the Faculty/Staff Gold Drawing will be held first with remaining unused Gold permits set aside for the Student Gold Permit Drawing. For those who apply after the April 16 deadline, a late fee of $20 will be assessed if a leftover Gold permit stall is assigned.

Tuesday, April 1, 2008 through Wednesday, April 16, 2008 applications accepted.
2008-09 Gold Permit Drawing Friday, April 18, 2008.
Gold Permit Assignment Notification e-mailed to Gold Permit Applicants.

Please go to www.mnsu.edu/parking to fill out the online application.
