You are riding home from work when you notice your bike needs some adjusting. The bike shop is closed and out of your way, so now what? Fixit to the rescue!

The Fixit includes all the tools necessary to perform basic repairs and maintenance, from changing a flat to adjusting brakes and derailleurs. The tools and air pump are securely attached to the stand with stainless steel cables and tamper-proof fasteners. Hanging the bike from the hanger arms allows the pedals and wheels to spin freely while making adjustments. For help with repairs use the Quick Read (QR) code on the front of the Fixit to view detailed instructions on your smart phone.
