

APPLIED HEALTH SCIENCE

The Applied Health Science major is the only one of its kind in the Minnesota State University System. Students may choose one or more paths of coursework to support careers for health education specialists in applied health science, health education, and public health settings, and/or pursue a pre-professional emphasis in preparation for graduate programs in athletic training, healthcare administration, occupational therapy, public health, and other allied health professions.

PROGRAMS

DEGREES AND CERTIFICATES

- Bachelor of Science in Applied Health Science: Health Education and Promotion
- Bachelor of Science in Applied Health Science: Public Health
- Bachelor of Science in Applied Health Science: Pre-Athletic Training
- Bachelor of Science in Applied Health Science: Pre-Occupational Therapy
- Bachelor of Science in Applied Health Science: Pre-Healthcare Administration

ABOUT THE PROGRAM

The Applied Health Science major allows you to choose one of five emphases: Health Education and Promotion, Public Health, Pre-Athletic Training, Pre-Occupational Therapy, or Pre-Healthcare Administration. All students completing the program with at least a 'C' in all courses are eligible to become credentialed as a Certified Health Education Specialist (CHES®). The CHES® credential can provide an advantage for applicants for advanced degrees or careers, especially as many employers require or prefer this certification.
