

# Dropping/Withdrawing from a Class

Instructions and Information

Deciding whether or not to continue in a course is a tough decision. Many factors can affect enrollment including personal, family, and work life. This information guide will provide students with information on how to withdraw from a course and whether or not it is the right decision for them.

Students should discuss plans to withdraw from a course with their high school guidance counselor/teacher prior to withdrawing.

## Dropping vs. Withdrawing from a Class

**Dropping a class** means that the student has successfully removed the class from their schedule on e-services within the allocated window on e-services. Dropping a class is only allowed the first few days of class and will not appear on a student's transcript.

**Withdrawing from a class** means that a student is no longer in the course, but the course counts as "attempted" and a grade of "W" is given. A withdrawal is denoted as a "W" on a transcript but will not be calculated into the student's cumulative GPA. However, it does factor into a student's standing with regards to Academic Standing for Undergraduate Students Policy.
