This document is meant to assist you in determining how your transfer work has been utilized at MSU, Mankato. Every effort has been made to ensure its accuracy, based upon the University's transfer policies.

Transfer work is used in a student's major(s)/minor(s) based upon course equivalencies determined by the department/subject areas of the courses. Repeated course situations involving transfer work are also dealt with in the same manner. Both processes are handled using forms meant for each--Transfer Course Equivalency Form and Repeated Course Form. These forms are available at www.mnsu.edu/registrar under Forms. For more information, contact the student relations coordinator for the college of your major.

General Education is a requirement of all degree programs at MSU.

Bachelor and Associate degree programs, except those in Engineering, have a general education requirement consisting of: A minimum of 44 credits spread over 13 categories, with categories 1 through 11 being required. BA programs require a year of a foreign language in addition to these 44 credits.

The General Education requirements for BS Engineering degrees (Mechanical, Electrical, Civil, or Computer) are different from those of the other BS programs at MSU. Consult your MSU catalog for exact details.

Cultural Diversity is a requirement of all degree programs consisting of 6 credits designated as being culturally diverse. At least one course must be considered core and two different departments must be represented. Consult your MSU catalog for exact details.

Questions concerning the transfer process can be directed to the Evaluations Department of the Registrar's Office (389-6266) or by sending email to TRANSFER-EVALUATION@mnsu.edu.
