Kitchen/bathroom trash cans
Coat rack/tree (optional)

Packing **TIPS**

- Pack lightly and bring additional items later if you are able (such as winter clothing).
- Consolidate items to be unloaded into one vehicle to reduce the amount of cars in the unloading zone.
- There are no elevators, so pack small boxes that one person can carry instead of a few very heavy boxes that require 2-people to carry them.
- Coordinate with your roommate so you don't bring duplicates of items.
- Only bring what you absolutely need! When in doubt, leave it out.
- Put small items like school supplies or an alarm clock in your trash can when packing.
- Leave your clothes on the hangers and place them in a large trash bag with a hole cut in the top. They'll be easy to place in the car and easy to hang up when you arrive!
